This Proxy Statement and the proxies solicited hereby are being mailed to stockholders on August 28, 2013. The shares represented by the proxies timely received and properly executed pursuant to the solicitation made hereby and not revoked will be voted at the Meeting.

Meeting of Stockholders

The Meeting will be held at the Company s Atlanta office, located at 680 Douthit Ferry Road, Suite 201, Cartersville, Georgia 30120, on October 2, 2013 at 10:00 A.M. local time.

Purposes of the Meeting

The purposes of the Meeting are to vote upon: (1) (a) an advisory resolution on executive compensation and (b) an advisory resolution on the frequency of future advisory votes on executive compensation; (2) the granting of certain warrants to the following members of the Board of Directors of the Corporation: (a) George Schiele, (b) Salvatore Zizza and (c) Jean Firstenberg; (3) the approval of certain amendments to our amended and restated certificate of incorporation granting our board the discretion to (a) effect a reverse stock split by a ratio of up to 1-for-1,000, with the exact ratio to be determined by our Board of Directors in its sole discretion, followed by a forward stock split by a ratio of up to 50-for-1, with the exact ratio to be determined by our Board of Directors in its sole discretion, and (b) reduce the Company s authorized Common Stock; implementation of this proposal no. 3(b) is conditioned upon the approval of proposal no. 3(a); if proposal no. 3(a) is not approved, then proposal no. 3(b) will not be implemented; (4) the election of three directors to serve for a term of three years, or until their respective successors shall have been duly elected and qualified, namely (a) Jean Firstenberg, (b) Alan K. Greene, and (c) Alberto Shaio; (5) the ratification of the appointment of BDO USA, LLP, as the Corporation s independent registered public accounting firm for the fiscal year ending December 31, 2013; and (6) to transact such other business as may properly come before the Meeting or any adjournment of postponement thereof.

Record Date and Voting

The close of business on August 5, 2013 has been fixed as the record date (the Record Date) for the determination of the stockholders entitled to notice of and to vote at the Meeting. There were outstanding as of the close of business on August 5, 2013 and entitled to notice of and to vote at the Meeting, approximately 25,895,424 shares of Common Stock of the Corporation. Each outstanding share of Common Stock is entitled to one vote on all matters voted on at the Meeting.

Voting Required

Only stockholders of record of the Common Stock as of the close of business on the Record Date will be entitled to vote at the Meeting.

A majority of the voting power of all shares of the Common Stock outstanding must be present or represented by proxy at the Meeting to constitute a quorum. Abstentions and broker non-votes will be treated as shares present for the purpose of determining the presence of a quorum for the transaction of business at the Meeting. If a quorum is not present, the Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

On April 8, 2013 and on June 26, 2013, the Board of Directors of the Corporation unanimously adopted resolutions approving, declaring advisable and recommending to the Corporation's stockholders the adoption of each of the Proposals.

Proposal 1(a) requires the affirmative vote of a majority of the votes cast affirmatively or negatively of the Common Stock. The alternative selected under Proposal 1(b) will be based on the alternative which receives the most votes. Proposal Numbers 2(a), 2(b) and 2(c) require the affirmative vote of a majority of the votes cast affirmatively or negatively of the Common Stock. Proposal Numbers 3(a) and 3(b) require the affirmative vote of a majority of the outstanding shares of Common Stock; implementation of Proposal No. 3(b) is conditioned upon the approval of Proposal No. 3(a); if Proposal No. 3(a) is not approved, then Proposal No. 3(b) will not be implemented. Proposal Number 4 requires a plurality vote. Proposal Number 5 requires the affirmative vote of a majority of the votes cast affirmatively or negatively of the Common Stock.

Broker Non-Votes

If stockholders do not give their brokers instructions as to how to vote shares held in street name, the brokers have discretionary authority to vote those shares on routine matters, such as the ratification of the independent registered public accounting firm, but not on non-routine proposals, such as the election of directors. As a result, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers will be counted as present for the purpose of determining whether there is a quorum at the Meeting, will be treated as a vote AGAINST any Proposal requiring the affirmative vote of a percentage of outstanding stock or outstanding voting power and will have no effect for the purpose of determining whether our stockholders have approved a matter requiring a majority of votes cast affirmatively or negatively or a plurality vote.

How to Vote

You may own shares either (1) directly in your name, in which case you are the record holder of such shares, or (2) indirectly through a broker, bank or other nominee, in which case such nominee is the record holder. If your shares are registered directly in your name, we are sending these proxy materials directly to you. If the record holder of your shares is a nominee, you will receive proxy materials from such nominee. If you are a record holder, you may vote in person at the Meeting or by proxy. We recommend that you vote by proxy even if you plan to attend the Meeting. You can always change your vote at the Meeting. To vote by proxy, mark your proxy card, date and sign it, and return it as soon as possible in the postage-paid envelope provided. If your shares are held by a broker, bank or other nominee, such nominee will provide you with instructions that you must follow in order to have your shares voted. If you plan to attend the Meeting and vote in person, you will need to contact the broker, bank or other nominee to obtain evidence of your ownership of shares on August 5, 2013.

Proxies

A stockholder who shall sign and return a proxy in the form enclosed with this statement has the power to revoke it at any time before it is exercised by giving written notice of revocation or a proxy of later date, or by voting in person at the Meeting, each as more fully described in the following paragraph. Unless otherwise specified, the proxies in the accompanying form will be voted in favor of all of the proposals set forth in the Notice of Annual Meeting. In the discretion of the proxy holders, the proxies will also be voted for or against such other matters as may properly come before the Meeting. The Board of Directors is not aware that any other matters are to be presented for action at the Meeting.

Revoking a Proxy

A proxy may be revoked by delivery of a written statement to Continental Stock Transfer & Trust, Co., Attention: Proxy Department, via email at: proxy@continentalstock.com or via facsimile at: 212-509-5152. Such revocation must state that the proxy is revoked. A proxy may also be revoked by a subsequent proxy executed by the person executing the prior proxy and presented at the Meeting, or by voting in person at the Meeting.

Proxy Solicitation and Expenses

The Company will pay for the entire cost of soliciting proxies on its behalf. We will also reimburse brokerage firms, banks and other agents for the cost of forwarding the Company's proxy materials to beneficial owners. In addition, our directors and employees may solicit proxies in person, by mail, by telephone, via the internet, press releases or advertisements. Directors and employees will not be paid any additional compensation for soliciting proxies.

**PROPOSAL TO APPROVE (A) THE ADVISORY RESOLUTION
ON EXECUTIVE COMPENSATION AND (B) THE FREQUENCY OF CONDUCTING
FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

Proposal Nos. 1(a) and 1(b) (Items 1(a) and 1(b) on Proxy Card)

Proposal No. 1(a) Advisory Resolution on Executive Compensation

Background

The Board of Directors recognizes the significant interest of shareholders in executive compensation matters. Pursuant to recent amendments to Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act) (which were added by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act)), we are providing our shareholders with an opportunity to cast an advisory vote to approve the compensation of our named executive officers as disclosed in the Summary Compensation Table and other tables and the related narrative discussion, as well as in the Compensation Discussion and Analysis section of this Proxy Statement, in accordance with SEC rules. In connection therewith, the Company is requesting shareholders to approve the following non-binding advisory resolution at the 2013 Annual Meeting of Stockholders:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, as well as the Compensation Discussion and Analysis, set forth in this Proxy Statement, is hereby APPROVED, on an advisory basis, by the shareholders of the Company.

Summary and Recommendation

The Board of Directors recommends a vote FOR this resolution because it believes that the policies and practices of the Company with respect to executive compensation are effective in achieving the Company's goals of rewarding sustained financial and operating performance and leadership excellence, aligning the executives' long-term interests with those of the shareholders and motivating the executives to remain with the Company for long and productive careers. Our executive compensation program is designed to enable us to attract, motivate and retain executive talent, who are critical to our success. Our compensation philosophy and framework have resulted in compensation for our named executive officers that is commensurate with the Company's financial results. Our executive compensation program is designed to attract, motivate and retain executives and professionals of the highest level of quality and effectiveness. These programs focus on rewarding the types of performance that increase shareholder value, link executive compensation to the Company's long-term strategic objectives and align executive officers' interests with those of our shareholders. The Company believes that its executive compensation program satisfies these goals. Named executive officer compensation currently reflects amounts of cash consistent with periods of economic stress and lower earnings, and equity incentives aligning with our actions to stabilize the Company and to position it for a continued recovery.

We urge shareholders to review the 2012 Summary Compensation table and related compensation tables and narrative discussion set forth in this Proxy Statement, which provide detailed information on the Company's compensation of our named executive officers.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on the Company, its Board of Directors or its Compensation Committee. Although non-binding, the Company, its Board of Directors and its Compensation Committee will review and consider the voting results when evaluating our executive compensation program.

Proposal No. 1(b) Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation

Background

In Proposal No. 1(a) above, the Company is requesting shareholders to vote on an advisory resolution on executive compensation. Pursuant to recent amendments to Section 14A of the Securities Exchange Act of 1934 added by the Dodd-Frank Act, in this Proposal No. 1(b) the Company is asking shareholders to vote, on a non-binding advisory basis, on whether future advisory votes on executive compensation should occur every year, every two years or every three years. Shareholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Shareholders are not voting to approve or disapprove the Board's recommendation. This advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the Company, its Board of Directors or its Compensation Committee. Shareholders are not being asked to approve or disapprove of the Board's recommendation, but rather to indicate their own choice as among the frequency options.

Recommendation

The Board understands that there are different views as to what is an appropriate frequency for advisory votes on executive compensation. For the reasons described below, the Board of Directors is recommending that shareholders vote for holding the advisory vote on executive compensation of our named executive officers EVERY THREE YEARS pursuant to the following resolution:

RESOLVED, that an advisory shareholder vote to approve the compensation paid to the Company's named executive officers, as disclosed in the compensation tables and narrative discussion, as well as the Compensation Discussion and Analysis, set forth in this Proxy Statement, be submitted to the Company's shareholders every: (i) three years, (ii) two years or (iii) one year; with such frequency that receives the highest number of votes cast being the preferred advisory vote of shareholders.

The following describes the reasons for the Board's recommendations:

A triennial approach provides regular input by shareholders, while allowing shareholders to better judge our compensation program in relation to our long-term performance. This benefits our institutional and other shareholders, who have historically held our stock over the long-term.

Our executive compensation program is designed to operate over the long-term and to support long-term value creation. Equity awards provide significant leverage if our long-term growth objectives are achieved, while placing a significant portion of our executives' compensation at risk if our long-term objectives are not achieved.

A triennial vote will provide our Board of Directors and its Compensation Committee sufficient time to thoughtfully evaluate the results of the most recent advisory vote on executive compensation, discuss the implications of the vote with our shareholders and develop and implement any changes to our executive compensation program that may be appropriate in light of the vote. A triennial vote will also allow for these changes to our executive compensation program to be in place long enough for shareholders to see and evaluate the effectiveness of these changes.

The composition and level of compensation paid to executives in the market evolves over multiple years. A triennial approach will allow us to review evolving practices in the market to ensure our compensation program reflects best practices.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR:

- (1) APPROVAL OF THE ADVISORY RESOLUTION ON EXECUTIVE
COMPENSATION AS DESCRIBED IN THIS PROPOSAL 1(A) AND
(2) CONDUCTING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION EVERY THREE
YEARS AS DESCRIBED IN THIS PROPSAL 1(B).**

**IT IS INTENDED THAT PROXIES SOLICITED HEREBY WILL BE
VOTED FOR (A) THE APPROVAL OF THE ADVISORY RESOLUTION
ON EXECUTIVE COMPENSATION AND (B) CONDUCTING FUTURE
ADVISORY VOTES ON EXECUTIVE COMPENSATION EVERY THREE YEARS,
UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.**

PROPOSAL TO GRANT CERTAIN WARRANTS TO THE FOLLOWING MEMBERS OF THE BOARD OF DIRECTORS OF THE CORPORATION: (A) GEORGE SCHIELE, (B) SALVATORE ZIZZA AND (C) JEAN FIRSTENBERG

Proposal Nos. 2(a), 2(b) and 2(c) (Items 2(a), 2(b) and 2(c) on Proxy Card)

The Board of Directors is asking the Corporation's stockholders to approve the grant of warrants to purchase common shares of the Company to the following members of the Board of Directors of the Company: (a) George Schiele, (b) Salvatore Zizza and (c) Jean Firstenberg, in each case on the terms set forth below. A majority of the Board of Directors has approved, subject to stockholder approval, the granting of such warrants (the Warrants). The objectives of the Board in granting the Warrants is to provide compensation to Directors Schiele, Zizza and Firstenberg for future extraordinary services they each may perform for and/or on behalf of the Company.

Proposal No. 2(a) Grant of 500,000 Warrants to George Schiele

Director Schiele has agreed to continue providing the executive services beyond normal Board duties he has contributed to the Company since joining the Board in 2010, including finding and vetting senior management officers, and being available to help the Chief Executive Officer deal with operational and administrative issues as they arise and on his request. Going forward he has additionally agreed to continue the pursuit of and negotiations with the leads opened through his business and political connections for the development of state and local support of the Company in any future physical location and construction efforts. In consequence of his prior experience in the development and construction of manufacturing plants, he has also agreed to provide continuing oversight of any such potential project.

Proposal No. 2(b) Grant of 500,000 Warrants to Salvatore Zizza

Mr. Zizza anticipates being continuously called upon by management to help mitigate the various challenges that the Company is facing relating to, among other things, financing and raising capital, obtaining lines of credit with banking institutions, operating decisions relating to productivity, and assisting in the negotiation and resolution of ongoing litigation and strategy relating thereto. Mr. Zizza anticipates continuous conference calls and meetings well beyond the regularly scheduled board meetings until such time that the Company is sufficiently capitalized and profitable.

Proposal No. 2(c) Grant of 50,000 Warrants to Jean Firstenberg

Director Firstenberg has served on the board since 1989 and is the Company's longest serving director. Going forward, as the Company seeks the development of an LED lighting system tailored to the needs of film and television production entities, her extensive knowledge and connections to the moving image production community as the long-term President of the American Film Institute and her ongoing role as President Emeritus and Lifetime Director assure the Company of access at the most significant and respected levels of the image production community. In addition, Ms. Firstenberg will continue to navigate through her political connections for the development of any State of California, Los Angeles County or Los Angeles City efforts that might be optimal for the Company's third-party relationships.

The closing sale price of the Common Stock on the Over-the-Counter Bulletin Board (the OTCQB) on August 16, 2013 was \$0.19 per share. The closing sale price of the Company's Common Stock on the OTCQB on the date the Board of Directors approved the grant of the Warrants to Messrs. Schiele and Zizza was \$0.17, and to Ms. Firstenberg, was \$0.26.

Warrants Summary

The material provisions of the Warrants, as proposed to be adopted pursuant to this Proposal No. 2, are summarized below. This summary does not purport to be complete and is qualified in its entirety by reference to the full text of the Warrants attached as Appendix A to this Proxy Statement.

Duration and Vesting of the Warrants. The Warrants will be granted and effective on the date that the granting of the Warrants is approved by our stockholders and will terminate on the five-year anniversary thereof. The Warrants shall vest ratably over three years commencing on year after the grant date, vesting 33% each year.

Type of Warrants/Exercise Price. The Warrants will be non-cashless and shall have an exercise price of \$0.50 per warrant share of Common Stock purchased thereunder.

Dilution Provisions/Transferability. The Warrants shall contain mechanical dilution provisions only (i.e. stock splits, stock dividends, etc.) and shall not contain any economic dilution provisions (i.e. re-pricing or ratchet, etc.). The Warrants are not transferable. Once exercised, the shares underlying the Warrants are transferable in accordance with applicable securities laws.

Rights Upon Removal, Resignation or Expiration of Term as a Director of the Company. All terms not otherwise defined below are defined in Attachment A:

Termination for Reasons Other Than Cause, Death, Disability. If the continuous service as a Director of the Company (Continuous Service) of the holder of the Warrant (the Holder) is terminated for any reason other than Cause, death or disability, the Holder may exercise the vested portion of the Warrant, but only within such period of time ending on the earlier of: (a) the date three months following the termination of the Holder s Continuous Service or (b) the Termination Date of the Warrant.

Termination for Cause. If the Holder s Continuous Service is terminated by virtue of a formal removal of such Director by the shareholders of the Company (for Cause), the Warrant (whether vested or unvested) shall immediately terminate and cease to be exercisable. The expiration of such Director s term (and simultaneous failure for such Director to be re-elected) shall not constitute for Cause .

Termination Due to Disability. If the Holder s Continuous Service terminates as a result of the Holder s disability, the Participant may exercise the vested portion of the Warrant, but only within such period of time ending on the earlier of: (a) the date 12 months following the Holder s termination of Continuous Service or (b) the Termination Date of the Warrant.

Termination Due to Death. If the Holder s Continuous Service terminates as a result of the Holder s death, the vested portion of the Warrant may be exercised by the Holder s estate, by a person who acquired the right to exercise the Warrant by bequest or inheritance or by the person designated to exercise the Warrant upon the Holder s death, but only within the time period ending on the earlier of: (a) the date 12 months following the Holder s termination of Continuous Service or (b) the Termination Date of the Warrant.

Legal Limitations

The issuance of any shares upon exercise of the Warrants may be subject to the prior listing thereof on any exchange on which such shares are traded. The shares will be held by the recipient for investment unless the Corporation registers such shares under the Securities Act of 1933, as amended.

THE MAJORITY OF THE BOARD OF DIRECTORS RECOMMENDS

NO. 2(A), (2) THE GRANT OF WARRANTS TO SALVATORE ZIZZA, AS DESCRIBED IN THIS PROPOSAL NO. 2(B), AND THE GRANT OF WARRANTS TO JEAN FIRSTENBERG,

AS DESCRIBED IN THIS PROPOSAL NO. 2(C).

IT IS INTENDED THAT PROXIES SOLICITED HEREBY

WILL BE VOTED FOR (1) THE GRANT OF WARRANTS TO GEORGE SCHIELE,

AS DESCRIBED IN THIS PROPOSAL NO. 2(A), (2) THE GRANT OF WARRANTS TO SALVATORE ZIZZA, AS DESCRIBED IN THIS PROPOSAL NO. 2(B), AND THE

GRANT OF WARRANTS TO JEAN FIRSTENBERG, AS DESCRIBED IN THIS PROPOSAL NO. 2(C), UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.

PROPOSAL TO APPROVE AMENDMENTS TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION GRANTING OUR BOARD THE DISCRETION TO

(A) EFFECT A REVERSE STOCK SPLIT FOLLOWED BY A FORWARD STOCK SPLIT

AND (B) REDUCE THE COMPANY'S AUTHORIZED COMMON STOCK

Proposal Nos. 3(a) and 3(b) (Items 3(a) and 3(b) on Proxy Card)

IMPLEMENTATION OF PROPOSAL NO. 3(B) IS CONDITIONED UPON THE APPROVAL OF PROPOSAL NO. 3(A); IF PROPOSAL NO. 3(A) IS NOT APPROVED, THEN PROPOSAL NO. 3(B) WILL NOT BE IMPLEMENTED

Introduction

The Board of the Company has unanimously approved, subject to shareholder approval solicited hereby, proposals to amend the Company's Amended and Restated Certificate of Incorporation authorizing the Board, at its discretion, to amend the Amended and Restated Certificate of Incorporation to (a) effect a reverse stock split of all outstanding and treasury shares of our Common Stock by a ratio ranging between 1-for-500 and 1-for-1,000 such that all shareholders owning fewer shares of Common Stock than the amount necessary to receive at least one share of post-split Common Stock, based on the ratio chosen by the Board, will have such shares cancelled and converted into the right to receive a cash payment per pre-split share as described below under Payment for Fractional Shares (the Reverse Split), (b) effect, immediately following the Reverse Split, a forward stock split of all outstanding and treasury shares of the Company's Common Stock by a ratio ranging between 10-for-1 and 50-for-1 (the Forward Split, and together with the Reverse Split, the Reverse/Forward Split), and (c) reduce the authorized number of shares of Common Stock from 60,000,000 to 10,000,000 (the Reduction in Common Stock). Fractional shares would be treated as provided below and outstanding options and warrants to purchase Common Stock would be adjusted accordingly. The Reverse/Forward Split and Reduction in Common Stock would become effective upon the filing with the Secretary of State of the State of Delaware of the amendments to the Company's Amended and Restated Certificate of Incorporation. If the proposed amendments to our Amended and Restated Certificate of Incorporation are approved, our Board will have the sole discretion to elect, based on the ranges above, as it determines to be in the best interests of the Company and our stockholders, whether or not to effect the Reverse/Forward Split and Reduction in Common Stock and at which exchange ratios. Our Board may elect not to implement the Reverse/Forward Split and Reduction in Common Stock at its sole discretion, even if it is approved by our stockholders. If the Company implements the reverse stock split, the ratio chosen would not be reasonably likely to, or would not have the purposes of producing a going private effect or deregistering the Company as a reporting company.

Proposal No. 3(a) Proposed Reverse/Forward Split

Purposes for the Proposed Reverse/Forward Split

Trans-Lux Corporation's Common Stock currently trades in limited volume on the OTCQB. The Reverse/Forward Split would benefit the Company and our stockholders by reducing the Company's administrative burdens and costs in servicing shareholders who own relatively small numbers of shares of Common Stock by cashing out such smaller stockholders as described below under the heading entitled "Payment for Fractional Shares".

The Reverse/Forward Split is also intended to result in a price level for our Common Stock that will broaden institutional investor interest. We believe that a number of investment funds and other institutional investors are reluctant to invest, and in some cases may be prohibited from investing, in lower-priced stocks, and that brokerage firms are reluctant to recommend lower-priced stocks to their clients. By decreasing the number of our shares of Common Stock outstanding through the Reverse/Forward Split, we believe we may be able to raise our Common Stock price to a level where our Common Stock could be viewed more favorably by potential investors. Investors may also be dissuaded from purchasing lower-priced stocks because the brokerage commissions, as a percentage of the total transaction, tend to be higher for lower-priced stocks. A higher stock price could alleviate this concern. The combination of lower transaction costs and increased interest from institutional investors could have the effect of improving the trading liquidity of our Common Stock. Additionally, the Reverse/Forward Split will enable holders of smaller numbers of our shares of Common Stock to dispose of their investment without paying brokerage fees on the transactions.

The Company intends to effect the Forward Split immediately following the Reverse Split in order to bring the shareholders of our Common Stock remaining after the Reverse Split closer to the original position they held prior to the Reverse Split. The desired effects of the Forward Split are to attract investor attention, which could potentially result in an increase of the price of our Common Stock, thereby increasing the liquidity of our Common Stock to the benefit of all of our shareholders, and to increase the number of shares of our Common Stock that are issued and outstanding, which could potentially have an anti-dilutive effect to the benefit of our shareholders. Additionally, by effecting the Forward Split, the Company hopes to broaden its investor base and improve shareholder value.

The Board believes that stockholder approval of the proposal granting the Board discretion to set the actual exchange ratios within the described ranges, rather than stockholder approval of a specified exchange ratio, provides it with maximum flexibility to react to market conditions, including the liquidity and the likely effect on the market price of our Common Stock. If the Board elects to effect a Reverse/Forward Split utilizing one of the reverse exchange ratios and one of the forward exchange ratios, the Board will be deemed to have abandoned its authorization related to any other reverse exchange ratios or forward exchange ratios.

Our Board intends to implement the Reverse/Forward Split if it believes that this action is in the best interests of Trans-Lux Corporation and our stockholders. Such determination shall be based upon a variety of factors, including but not limited to, existing and expected marketability and liquidity of our Common Stock, prevailing market conditions and the likely effect on the market price of our Common Stock. If our Board ultimately determines to effect the Reverse/Forward Split, the Board will determine the exact ratios within the approved exchange ratios that it believes will result in the greatest marketability of our Common Stock based on prevailing market conditions. No further action on the part of our stockholders would be required to either effect or abandon the Reverse/Forward Split. Notwithstanding approval of any of the proposed exchange ratios by our stockholders, our Board may, in its sole discretion, determine to delay the effectiveness of the Reverse/Forward Split.

Principal Effects of the Reverse/Forward Split

If the shareholders approve the proposal to authorize the Board to implement the Reverse/Forward Split and the Board decides to implement the Reverse/Forward Split, then the Reverse/Forward Split would take effect on the date that we subsequently file the Certificates of Amendment to our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware, the forms of which are attached hereto as Attachment B and Attachment C, or on any later date that we may specify in such Certificates of Amendment (the Effective Date). The par value of our Common Stock at \$0.001 per share would remain unchanged.

Upon the Effective Date, any shareholder owning fewer shares than the number of shares or treasury shares of Common Stock for which the Reverse Split is executed (ranging between 500 and 1,000) (as determined in accordance with the applicable exchange ratio being applied and hereinafter referred to as the Minimum Number) will have the right to receive a cash payment per pre-split share, without interest and as described below under the heading entitled Payment for Fractional Shares (the Cash Out Price), in exchange for each share held immediately before the Reverse Split and will no longer be a shareholder of the Company (the Cashed Out Shareholders). Any shareholder (including any shareholder holding Common Stock in street name through a nominee (such as a bank or broker)), owning at least the Minimum Number shares held prior to the Reverse Split (the Continuing Shareholders) will hold one share of Common Stock for each multiple of the Minimum Number shares held immediately prior to the Reverse Split.

Immediately after the completion of the Reverse Split, we will effect at a ratio ranging between 10-for-1 and 50-for-1 a forward stock split, pursuant to which shareholders owning one or more shares or treasury shares of Common Stock immediately after the Reverse Split will immediately after the Forward Split hold a number of shares or treasury shares of Common Stock equal to the number of shares for which the Forward Split is executed (up to 50) multiplied by the post-Reverse Split shares held by such shareholder. Any Continuing Shareholder who otherwise would be entitled to receive a fractional share as a result of the Forward Split will be entitled to receive cash consideration in lieu of such fractional share in an amount equal to the Cash Out Price, as adjusted to take account for the Reverse Split, multiplied by such fractional share, as described below under the heading entitled Payment for Fractional Shares .

The proposed Reverse/Forward Split will likely affect the Continuing Shareholders proportionate equity interest in the Company. The Reverse/Forward Split will likely affect our shareholders equity (deficit) as it is reflected in our financial statements to indicate that the number of issued and outstanding shares of Common Stock has been reduced. The extent of any change in the Continuing Shareholders proportionate equity interest in the Company and our shareholders equity (deficit) will depend on the split ratios chosen by the Board. In addition, the conversion ratios and exercise prices, to the extent applicable, of the Company s outstanding stock options and warrants, will be proportionately adjusted upon the consummation of the Reverse/Forward Split. The \$0.001 per share par value of the Common Stock will not be affected by the proposed amendments.

Payment for Fractional Shares

If the shareholders approve the proposal to authorize the Board to implement the Reverse/Forward Split and the Board decides to implement the Reverse/Forward Split, shareholders will be notified on or after the Effective Date. The Company s transfer agent, Continental Stock Transfer & Trust Co., will act as the Company s exchange agent (the Exchange Agent) for shareholders in implementing the tender or exchange of their certificates.

As of the Effective Date, all Cashed Out Shareholders will have their stock certificate(s) cancelled without any further action. Those certificates will no longer represent an ownership interest in the Company, but will represent only the right to receive the Cash Out Price in lieu of the fractional shares to which a shareholder would otherwise be entitled. No certificates or scrip representing fractional share interests in the Common Stock will be issued, and no such fractional share interest would entitle the holder thereof to any rights as a shareholder of the Company. Certificates representing the shares owned by Cashed Out Shareholders subsequently presented for transfer will not be transferred on our books or records.

After the Effective Date, (a) all Cashed Out Shareholders will have an opportunity to exchange their stock certificate(s) for cash consideration in the amount of the Cash Out Price for each share held immediately prior to the Reverse Split in accordance with the terms of the next paragraph below, and (b) all Continuing Shareholders will have an opportunity to exchange their stock certificate(s) for a new stock certificate(s) that will bear a new CUSIP number and cash consideration in the amount of the Cash Out Price, as adjusted to take account for the Reverse Split, multiplied by any fractional shares resulting from the Forward Split, in accordance with the terms of the next paragraph below. The Exchange Agent will furnish shareholders with the necessary materials and instructions to effect the surrender and exchange promptly following the Effective Date. The letter of transmittal included in the materials will direct how old certificates are to be surrendered for new certificates and/or cash in lieu of fractional shares. Shareholders must complete and sign the letter of transmittal and return it with their stock certificate(s) to the Exchange Agent in accordance with the instructions set forth in the transmittal letter before they can receive their new stock certificate(s) for those shares and/or cash in lieu of fractional shares. The letter of transmittal will also contain instructions in the event that certificate(s) have been lost, destroyed or mutilated. Shareholders should not send their stock certificate(s) to the Exchange Agent until they have received a letter of transmittal and followed the instructions in the letter of transmittal.

No fractional shares of our Common Stock will be issued as a result of the implementation of the Reverse/Forward Split. Instead, the Exchange Agent will aggregate all fractional shares of Cashed Out Shareholders and any fractional shares of remaining stockholders after the Reverse/Forward Split and sell them as soon as practicable after the Effective Date at the then prevailing prices on the open market, on behalf of those stockholders who would otherwise be entitled to receive a fractional share. We expect that the Exchange Agent will conduct the sale in an orderly fashion at a reasonable pace and that it may take several days to sell all of the aggregated fractional shares of our Common Stock. After the Exchange Agent's completion of such sale, stockholders will receive a cash payment from the Exchange Agent in an amount equal to their respective pro rata shares of the total net proceeds of that sale.

SHAREHOLDERS WILL NOT RECEIVE CASH AND/OR CERTIFICATES FOR SHARES OF POST-REVERSE/FORWARD SPLIT COMMON STOCK UNLESS AND UNTIL THE CERTIFICATES REPRESENTING THEIR SHARES OF PRE-REVERSE/FORWARD SPLIT COMMON STOCK ARE SURRENDERED AND THEY PROVIDE SUCH EVIDENCE OF OWNERSHIP OF SUCH SHARES AS THE COMPANY OR THE EXCHANGE AGENT MAY REQUIRE. SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE. SHAREHOLDERS SHOULD NOT FORWARD THEIR CERTIFICATES TO THE EXCHANGE AGENT UNTIL THEY HAVE RECEIVED NOTICE FROM THE EXCHANGE AGENT PURSUANT TO THE LETTER OF TRANSMITTAL THAT THE REVERSE/FORWARD SPLIT HAS BECOME EFFECTIVE.

Beginning on the Effective Date, each certificate representing shares and treasury shares of the Company's pre-Reverse/Forward Split Common Stock will be deemed for all corporate purposes to evidence ownership of the appropriate number of shares of post-Reverse/Forward Split Common Stock and/or the right to receive a cash payment, as the case may be. No service charge or transaction cost shall be payable by shareholders in connection with the exchange of certificates, all costs of which will be borne and paid by the Company. Stockholders will not be entitled to receive interest for the period of time between the Effective Date and the date payment is made for their fractional share interest in our Common Stock. Shareholders should also be aware that, under the escheat laws of certain jurisdictions, sums due for fractional interests that are not timely claimed after the funds are made available may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to obtain the funds directly from the state to which they were paid.

Discretion of Board to Implement the Reverse/Forward Split

The Board has retained for itself the absolute authority to reject (and not implement) the Reverse/Forward Split (even after approval by the shareholders) if it subsequently determines that the Reverse/Forward Split, for any reason including but not limited to preserving the Company's net operating loss is not then in the Company's and its shareholders' best interests. Such reasons include any change in the nature of the Company's shareholdings prior to the Effective Date.

Certain Risks Associated with the Reverse/Forward Split

If the Reverse/Forward Split is implemented, the resulting per-share price may not attract institutional investors or investment funds and may not satisfy the investing guidelines of these investors, and consequently, the trading liquidity of our Common Stock may not improve. While we believe that a higher stock price may help generate investor interest in our Common Stock, the Reverse/Forward Split may not result in a stock price that will attract institutional investors or investment funds or satisfy the investing guidelines of institutional investors or investment funds. A decline in the market price of our Common Stock after the Reverse/Forward Split may result in a greater percentage decline than would occur in the absence of the Reverse/Forward Split. If the Reverse/Forward Split is implemented and the market price of our Common Stock declines, the percentage decline may be greater than would occur in the absence of the split. The market price of our Common Stock is also based on our performance and other factors, which are unrelated to the number of shares of Common Stock outstanding.

The Reverse/Forward Split may reduce the liquidity and increase the volatility of our stock. Following the Reverse/Forward Split, our outstanding shares will be reduced by an exchange ratio chosen by our Board, which may lead to reduced trading and a smaller number of market makers for our Common Stock. In addition, stocks trading at a 30-day average below \$5 generally may not be sold short. Following the Reverse/Forward Split, to the extent our per-share trading price is consistently above \$5, investors may short our stock. This may increase the volatility of our stock price.

Our total market capitalization immediately after the proposed Reverse/Forward Split may be lower than immediately prior to the proposed Reverse/Forward Split. There are numerous factors and contingencies that could affect our stock price following the proposed Reverse/Forward Split, including the status of the market for our Common Stock at the time, our reported results of operations in future periods, and general economic, market and industry conditions. Accordingly, the market price of our Common Stock may not be sustainable at the direct arithmetic result of the Reverse/Forward Split. If the market price of our Common Stock declines after the Reverse/Forward Split, our total market capitalization (the aggregate value of all of our outstanding Common Stock at the then existing market price) after the Reverse/Forward Split will be lower than before the Reverse/Forward Split.

The Reverse/Forward Split may result in some stockholders owning odd lots that may be more difficult to sell or require greater transaction costs per share to sell. The Reverse/Forward Split may result in some stockholders owning odd lots of less than 100 shares of our Common Stock on a post-split basis. Odd lots may be more difficult to sell, or require greater transaction costs per share to sell than shares in round lots of even multiples of 100 shares.

Potential Effects of the Proposed Reverse/Forward Split**Effects on Trans-Lux Corporation**

The immediate effect of a Reverse/Forward Split would be to reduce the number of shares of our outstanding Common Stock, and shares of Common Stock held in our treasury, and to increase the trading price of our Common Stock. However, as discussed above, the effect of the Reverse/Forward Split upon the market price of our Common Stock cannot be predicted, and the history of reverse/forward splits by companies (which have the effect of reducing the number of outstanding shares of the any such company's outstanding stock) shows that sometimes these reverse/forward splits improve stock performance and sometimes they do not. We cannot assure you that the trading price of our Common Stock after the Reverse/Forward Split will rise in proportion to the reduction in the number of shares of our Common Stock outstanding as a result of the Reverse/Forward Split. Also, we cannot assure you that a Reverse/Forward Split would lead to a sustained increase in the trading price of our Common Stock. The trading price of our Common Stock may change due to a variety of other factors, including our operating results, other factors related to our business and general market conditions.

The following table is an illustration only and reflects the approximate number of shares of our Common Stock that would be outstanding and held in treasury as a result of the Reverse/Forward Split being implemented, subject to equity incentive plans that are unreserved and available for future issuance, assuming implementation of a Reverse Split of 1-for-1,000 shares of Common Stock (the maximum reverse exchange ratio in the range to be authorized), followed immediately by a Forward Split of 50-for-1 (the maximum forward exchange ratio to be authorized). The table is based on 25,895,424 shares of our Common Stock outstanding as of August 5, 2013 without accounting for fractional shares which will be cashed out in the manner described above under the heading entitled "Payment for Fractional Shares".

	Common Stock Authorized	Reverse Split Ratio	Forward Split Ratio
	60,000,000	1-for-1,000	50-for-1
	Number of Shares Prior to Reverse/Forward Split	Number of Shares After Reverse Split	Number of Shares After Forward Split
Issued and Outstanding	25,895,424	25,729	1,286,450
Authorized, Reserved and Available for Future Issuance under our Equity Compensation Plans	5,020,000	5,020	251,000
Authorized, Reserved and Available for Future Issuance under Warrants	11,190,000	11,190	559,500
Authorized Unreserved and Available for Future Issuance	17,894,576	(1)	903,050(1)

(1) Amounts include shares of Common Stock held in our treasury.

Effects on Ownership by Individual Stockholders

If we implement the Reverse/Forward Split, the Reverse Split and Forward Split will take effect nearly simultaneously and in the same ratio for all outstanding shares and treasury shares of our Common Stock. The Reverse/Forward Split will affect all holders of shares and treasury shares of our Common Stock uniformly and will not affect any stockholder's percentage ownership interest in us, except to the extent that stockholders are Cashed Out Shareholders or will otherwise hold fractional shares following the Reverse/Forward Split. As described above under the heading entitled Payment for Fractional Shares, Cashed Out Shareholders and stockholders that would otherwise receive fractional shares following the Reverse/Forward Split will be entitled to a cash payment in lieu of such fractional shares held by such stockholders following the Reverse/Forward Split. The cash payments will reduce the number of post-Reverse/Forward Split holders of our Common Stock to the extent there are stockholders who would otherwise receive less than one share of Common Stock after the Reverse/Forward Split. In addition, the Reverse/Forward Split will not affect any remaining stockholder's proportionate voting power (subject to the treatment of fractional shares).

Options, Benefit Plans, Warrants and Other Securities

If the Reverse/Forward Split is implemented, outstanding and unexercised options, all warrants and other securities convertible into, or exercisable or exchangeable for, shares of the Company's Common Stock would be automatically converted into an economically equivalent option, warrant or other security to purchase shares of the Common Stock by decreasing the number of shares underlying the option, warrant or other security and increasing the exercise price appropriately.

Rights and Preferences of Shares of Common Stock

With the exception of the number of shares issued and outstanding, the rights and preferences of shareholders who continue to hold outstanding shares of the Company's Common Stock prior and subsequent to the Reverse/Forward Split would remain the same. Holders of the Company's Common Stock would continue to have no preemptive rights. Following the Reverse/Forward Split, each full share of the Company's Common Stock resulting from the Reverse/Forward Split will entitle the holder thereof to one vote per share and would otherwise be identical to the shares of the Company's Common Stock held by such holder immediately prior to the Reverse/Forward Split. Each share of our Common Stock issued pursuant to the Reverse/Forward Split would be fully paid and nonassessable.

Certain Federal Income Tax Consequences

The following is a summary of certain material federal income tax consequences of the Reverse/Forward Split; however, this does not purport to be a complete discussion of all of the possible federal income tax consequences of the Reverse/Forward Split. It does not discuss any state, local, foreign or minimum income or other U.S. federal tax consequences. Also, it does not address the tax consequences to shareholders who are subject to special tax rules, such as banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, partnerships, broker-dealers, tax-exempt entities and shareholders who hold Common Stock as part of a position in a straddle or as part of a hedging, conversion or integrated transaction. This discussion is based on the provisions of the U.S. federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the pre-Reverse/Forward Split shares were, and the post-Reverse/Forward Split shares will be, held as capital assets, as defined in the Internal Revenue Code of 1986, as amended (the Code) (generally, property held for investment). Tax treatment may vary depending upon particular facts and circumstances.

Accordingly, shareholders should consult with their own tax advisors concerning the particular U.S. federal tax consequences of the Reverse/Forward Split, as well as any consequences arising under state, local or foreign law.

Each shareholder should recognize no gain or loss upon the exchange of pre-Reverse/Forward Split shares for post-Reverse/Forward Split shares pursuant to the Reverse/Forward Split (except to the extent of any cash received in lieu of a fraction of a post-Reverse/Forward Split share). Cash payments in lieu of a fractional post-Reverse/Forward Split share should generally be treated as if the fractional share were issued and then redeemed for cash. Each shareholder should then recognize capital gain or loss equal to the difference, if any, between the amount of cash received and the basis in the fractional share.

The aggregate tax basis of the post-Reverse/Forward Split shares received in the Reverse/Forward Split (including any fraction of a post-Reverse/Forward Split share cashed out as part of the Reverse/Forward Split) will be the same as the aggregate tax basis in the pre-Reverse/Forward Split shares exchanged. The holding period for the post-Reverse/Forward Split shares will include the period during which the pre-Reverse/Forward Split shares surrendered in the Reverse/Forward Split were held.

The Company believes that the Reverse/Forward Split will qualify as a recapitalization under Section 368(a)(1)(E) of the Code. As a result, the Company will not recognize any gain or loss as a result of the Reverse/Forward Split.

To ensure compliance with Treasury Department Circular 230, each holder of Common Stock is hereby notified that: (a) any discussion of U.S. federal tax issues in this proxy statement is not intended or written to be used, and cannot be used, by such holder for the purpose of avoiding penalties that may be imposed on such holder under the Code; (b) any such discussion has been included by the Company in furtherance of the Reverse/Forward Split on the terms described herein; and (c) each such holder should seek advice based on its particular circumstances from an independent tax advisor.

Information returns may be required to be filed with the IRS in connection with cash payments with respect to fractional shares. If so, unless the shareholder establishes an exemption from information reporting, a shareholder will be subject to U.S. backup withholding on these payments if the shareholder fails to provide its taxpayer identification number to the Exchange Agent or to establish an exemption from backup withholding. The amount of any backup withholding will be allowed as a credit against the shareholder's U.S. federal income tax liability.

NOL Implications

The Company has experienced substantial operating and capital losses in previous years. Under the Code and the Treasury Department regulations thereunder, the Company may carry forward these losses in certain circumstances to offset current and future earnings and thus reduce its federal income tax liability, subject to certain requirements and restrictions. Assuming that the Company has future earnings, the Company may be able to realize the benefits of a substantial amount of net operating loss carryforwards (NOLs) and capital loss carryforwards and the Company believes these NOLs and capital loss carryforwards constitute a substantial asset to the Company. If the Company experiences an ownership change, as defined in Section 382 of the Code, its ability to use the NOLs and capital loss carryforwards could be substantially limited or lost altogether.

As a result of the cancellation of the shares of Common Stock held by the Cashed Out Shareholders that will likely occur as a result of the Reverse/Forward Split, each of the Continuing Shareholders will experience an increase in their proportionate interest in the Common Stock. However, the Reverse/Forward Split is not expected to trigger an ownership change as defined in Section 382 of the Code and, therefore, is not expected to adversely impact the Company's ability to utilize its NOLs.

Appraisal Rights

No appraisal rights are available under the Delaware General Corporation Law or under the Company's Amended and Restated Certificate of Incorporation or Amended and Restated Bylaws to any shareholder who dissents from the proposal to approve the amendments to the Company's Amended and Restated Certificate of Incorporation to effect the Reverse/Forward Split.

Vote Required

The adoption of the amendments to our Amended and Restated Certificate of Incorporation granting our Board the discretion to effect a reverse stock split followed by a forward stock split as set forth in Proposal No. 3(a) requires the affirmative vote of a majority of Common Stock of the Corporation outstanding. If the adoption of the amendments to our Amended and Restated Certificate of Incorporation granting our Board the discretion to effect a reverse stock split followed by a forward stock split is not approved by the affirmative vote of a majority of the outstanding Common Stock of the Corporation cast at the Meeting, then this Proposal No. 3(a) will not pass. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your shares will be counted as present for purposes of determining the presence of a quorum and your abstention will have the same effect as a vote against this Proposal No. 3(a). If you hold your shares through a broker and you do not instruct the broker on how to vote on this Proposal No. 3(a), your broker will not have the authority to vote your shares. Broker non-votes will be counted as present for purposes of determining the presence of a quorum and will have the same effect as a vote against this Proposal No. 3(a).

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF

THE PROPOSED AMENDMENTS TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION, GRANTING OUR BOARD THE DISCRETION TO EFFECT THE REVERSE/FORWARD SPLIT OF THE COMPANY'S OUTSTANDING AND TREASURY SHARES OF COMMON STOCK DESCRIBED IN THIS PROPOSAL NO. 3(A).

**IT IS INTENDED THAT PROXIES SOLICITED HEREBY
WILL BE VOTED FOR SUCH GRANT UNLESS THE
STOCKHOLDER SPECIFIES OTHERWISE.**

Proposal No. 3(b) Proposed Reduction in Common Stock

IMPLEMENTATION OF THIS PROPOSAL NO. 3(B) IS CONDITIONED UPON THE APPROVAL OF PROPOSAL NO. 3(A); IF PROPOSAL NO. 3(A) IS NOT APPROVED, THEN THIS PROPOSAL NO. 3(B) WILL NOT BE IMPLEMENTED

Purposes for the Proposed Reduction in Common Stock

In addition to the Reverse/Forward Split, the Company is asking for shareholder approval to amend the existing provision of the Amended and Restated Certificate of Incorporation relating to the Company's authorized capital. Specifically, the provision in Article Fourth of the Amended and Restated Certificate of Incorporation relating to the Company's authorized capital would be amended to read in all material respects as provided in Attachment D, effectively reducing the authorized number of shares of the Company's Common Stock from 60,000,000 to 10,000,000.

The principal purpose of the Reduction in Common Stock is to prevent any significant increase in the Company's Delaware franchise tax liability that would occur in the event the Reverse/Forward Split is implemented and the number of authorized shares is not reduced. It is expected that the Reduction in Common Stock would keep the Company's Delaware franchise tax liability at or below current levels. The Reduction in Common Stock would also reduce the potential for substantial dilution to the shareholders as a result of the change in the Company's capital structure after implementation of the Reverse/Forward Split.

Principal Effects of the Reduction in Common Stock

If the shareholders approve the proposal to authorize the Board to implement the Reduction in Common Stock and the Board decides to implement the Reduction in Common Stock, then the Reduction in Common Stock would take effect on the date that we subsequently file the Certificate of Amendment to our Amended and Restated Certificate of Incorporation with the Secretary of State of the State of Delaware, the form of which is attached hereto as Attachment D, or on any later date that we may specify in such Certificate of Amendment. The par value of our Common Stock at \$0.001 per share would remain unchanged. The immediate effect of a Reduction in Common Stock would be to reduce the number of our authorized shares of Common Stock.

Discretion of Board to Implement the Reduction in Common Stock

The Board has retained for itself the absolute authority to reject (and not implement) the Reduction in Common Stock (even after approval by the shareholders) if it subsequently determines that the Reduction in Common Stock, for any reason, is not then in the Company's and its shareholders' best interests. Such reasons include any change in the nature of the Company's shareholdings prior to the Effective Date. In addition, to the extent that Proposal No. 3(a) is not

approved, then this Proposal No. 3(b) to reduce the authorized capital stock will not be implemented.

Vote Required

The adoption of the amendment to our Amended and Restated Certificate of Incorporation granting our Board the discretion to reduce the Company's authorized Common Stock as set forth in Proposal No. 3(b) requires the affirmative vote of a majority of Common Stock of the Corporation outstanding. If the adoption of the amendment to our Amended and Restated Certificate of Incorporation granting our Board the discretion to reduce the Company's authorized Common Stock is not approved by the affirmative vote of a majority of the outstanding Common Stock of the Corporation cast at the Meeting, then this Proposal No. 3(b) will not pass. If you hold your shares in your own name and indicate that you wish to abstain from voting on this matter, your shares will be counted as present for purposes of determining the presence of a quorum and your abstention will have the same effect as a vote against this Proposal No. 3(b). If you hold your shares through a broker and you do not instruct the broker on how to vote on this Proposal No. 3(b), your broker will not have the authority to vote your shares. Broker non-votes will be counted as present for purposes of determining the presence of a quorum and will have the same effect as a vote against this Proposal No. 3(b). Notwithstanding the foregoing, implementation of this Proposal No. 3(b) is conditioned upon the approval of Proposal No. 3(a); if Proposal No. 3(a) is not approved, then this Proposal No. 3(b) will not be implemented.

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF

THE PROPOSED AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION, GRANTING OUR BOARD THE DISCRETION TO REDUCE THE COMPANY'S AUTHORIZED COMMON STOCK DESCRIBED IN THIS PROPOSAL NO. 3(B); IMPLEMENTATION OF THIS PROPOSAL NO. 3(B) IS CONDITIONED UPON THE APPROVAL OF PROPOSAL NO. 3(A); IF PROPOSAL NO. 3(A) IS NOT APPROVED, THEN THIS PROPOSAL NO. 3(B) WILL NOT BE IMPLEMENTED.

IT IS INTENDED THAT PROXIES SOLICITED HEREBY WILL BE VOTED FOR SUCH GRANT UNLESS THE STOCKHOLDER SPECIFIES OTHERWISE.

MEETINGS OF THE BOARD OF DIRECTORS AND CERTAIN COMMITTEES

The Board of Directors held twelve (12) meetings during 2012. All directors attended 75% or more of such meetings and, with exception of Mr. Nummi with respect to his service on the Audit Committee, of the committee meetings for

which they were members. The Corporation does not have a formal policy regarding directors' attendance at annual stockholders meetings, but strongly encourages and prefers that directors attend regular and special Board meetings as well as the Annual Meeting of Stockholders in person, although attendance by teleconference is considered adequate. The Corporation recognizes that attendance of the board members at all meetings may not be possible and excuses absences for good cause.

Non-employee directors (other than our Chairman and Vice Chairman) are due to receive an annual fee of \$10,000, as well as \$1,000 for each meeting of the Board attended in person and \$500 for each telephonic meeting attended, while employee directors are not entitled to receive any fees for their attendance to any meetings. Mr. George Schiele and Mr. Salvatore Zizza, the Chairman and Vice Chairman, respectively, receive an annual fee of \$15,000 each, as well as \$1,500 for each meeting of the Board attended in person and \$750 for each telephonic meeting attended. Fees for members of the Board and Committees are determined annually by the entire Board of Directors based on review of compensation paid by other similar size companies, the amounts currently paid by the Company, the overall policy for determining compensation paid to officers and employees of the Company and the general financial condition of the Company. During 2011 and 2012, certain board members deferred payment of their fees. In lieu of a cash payment, certain board members and former board members have agreed to receive restricted shares of Common Stock of the Company or a combination of cash and restricted shares of Common Stock of the Company, which such restricted shares shall contain a legend under the Securities Act of 1933 and shall not be transferable unless and until registered or otherwise in accordance with applicable securities laws.

Corporate Governance Policies and Procedures

The Board of Directors has adopted a Code of Business Conduct and Ethics Guidelines (the "Ethics Code") that applies specifically to board members and executive officers. The Ethics Code is designed to promote compliance with applicable laws and regulations, to promote honest and ethical conduct, including full, fair, accurate and timely disclosure in reports and communications with the public. The Ethics Code is available for viewing on the Corporation's website at www.trans-lux.com. Any amendments to, or waivers from, the Ethics Code will be posted on the website. In addition, the Board of Directors adopted a Whistle Blowing policy, which provides procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls and auditing matters, as well as the confidential, anonymous submission of concerns regarding questionable accounting or auditing practices.

Corporate Leadership Structure

Two separate individuals serve as the Corporation's Chairman of the Board and Chief Executive Officer. The Chairman is not an executive officer. The Chairman provides leadership to the Board in the fulfillment of his responsibilities in presiding over Board meetings. The Chairman also presides over all meetings of the stockholders. The Chief Executive Officer is responsible for directing the operational activities of the Corporation.

Risk Management

Our Board of Directors and its Audit Committee are actively involved in risk management. Both the Board and Audit Committee regularly review the financial position of the Corporation and its operations, and other relevant information, including cash management and the risks associated with the Corporation's financial position and operations.

Communication with the Board of Directors

Security holders are permitted to communicate with the members of the Board by forwarding written communications to the Corporation's Corporate Secretary at the Corporation's headquarters in Norwalk, Connecticut. The Corporate Secretary will present all communications, as received and without screening, to the Board at its next regularly scheduled meeting.

Committees of the Board of Directors

The Board of Directors has appointed a Compensation Committee, an Audit Committee, an and a Nominating Committee.

Compensation Committee

The members of the Compensation Committee of the Board of Directors are Ms. Firstenberg and Messrs. Elser, Sloyer and Zizza. The Compensation Committee operates under a formal written charter approved by the Compensation Committee and adopted by the Board of Directors. The Compensation Committee reviews compensation and other benefits. The Compensation Committee held one meeting in 2012. None of the members of the Compensation Committee is or has been an officer or employee of the Corporation. There are no Compensation Committee interlock relationships with respect to the Corporation. Members of said Committee receive a fee of \$320 for each meeting of the Committee they attend and the Chairperson, Ms. Firstenberg, receives an annual fee of \$1,600.

Audit Committee

The members of the Audit Committee of the Board of Directors are Messrs. Zizza, Nummi and Sloyer. The Audit Committee operates under a formal written charter approved by the Committee and adopted by the Board of Directors, a copy of which is available on the Corporation's website at <http://www.trans-lux.com/about/investor-information>. The Board of Directors has determined that Mr. Zizza meets the definition of audit committee financial expert set forth in Item 407 of Regulation S-K, as promulgated by the SEC. The Audit Committee held three meetings in 2012. The responsibilities of the Audit Committee include the appointment of the independent registered public accounting firm, review of the audit function and the material aspects thereof with the Corporation's independent registered public accounting firm, and compliance with the Corporation's policies and applicable laws and regulations. Members of said Committee receive a fee of \$400 for each meeting of the Committee they attend (other than the quarterly telephonic meetings held with the independent auditors) and the Chairman, Mr. Zizza, receives an annual fee of \$2,400 and a fee of \$100 for his participation in each quarterly telephonic meeting held with the independent auditors.

Executive Committee

The members of the Executive Committee of the Board of Directors are Messrs. Elser, Schiele and Zizza. The Executive Committee operates under a formal written charter approved by the Committee and adopted by the Board of Directors. Each of the members of the Executive Committee are independent, exceeding the requirements of Section 952 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. Each of the members of the Executive Committee qualify as "non-employee directors" for the purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and as "outside directors" for the purposes of Section 162(m) of the Internal Revenue Code, as amended. The primary purpose of the Executive Committee is to provide the President and Chief Executive Officer of the Company with a confidential sounding board for insights and advice, and to provide the Board with a more active formal interface with management and its day to day policy and actions. Additionally, the secondary objective of the Executive Committee is to exercise the powers and authority of the Board, subject to certain limitations set forth in the charter, during the intervals between meetings of the Board, when, based on the business needs of the Company, it is desirable for the Board to meet but the convening of a special board meeting is not warranted as determined by the Chairman of the Board. It is the general intention that all substantive matters in the ordinary course of business be brought before the full Board for action, but the Board recognizes the need for flexibility to act on substantive matters where action may be necessary between Board meetings, which, in the opinion of the Chairman of the Board, should not be postponed until the next previously scheduled meeting of the Board. The Executive Committee had two meetings in 2012. Members of the Executive Committee do not receive any fees for their participation.

Nominating Committee

The members of the Nominating Committee of the Board of Directors are Ms. Firstenberg and Messrs. Elser and Zizza, each of whom is independent in accordance with the Section 952 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Nominating Committee operates under a formal written charter approved by the Committee and adopted by the Board of Directors. The Nominating Committee recommends for consideration by the Board of Directors, nominees for election of directors at the Corporation's Annual Meeting of Stockholders. Director nominees are considered on the basis of, among other things, experience, expertise, skills, knowledge, integrity, understanding the Corporation's business and willingness to devote time and effort to Board responsibilities. Members of the Nominating Committee do not receive any fees for their participation. The Nominating Committee does not have a separate policy regarding diversity of the Board.

Corporate Governance Committee

The Board of Directors has not established a corporate governance committee. The Board of Directors acts as the corporate governance committee.

Independence of Non-Employee Directors

A director is considered independent if the Board of Directors determines that the director does not have any direct or indirect material relationship with the Corporation. Mr. Allain is an employee of the Corporation and therefore has been determined by the Board to fall outside the definition of independent director. Messrs. Elser, Nummi, Schiele, Sloyer and Zizza and Ms. Firstenberg are non-employee directors of the Corporation. The Board of Directors has determined that Messrs. Elser, Nummi, Schiele, Sloyer and Zizza and Ms. Firstenberg are independent directors since they had no relationship with the Corporation other than their status and payment as non-employee directors, and as stockholders. The Board of Directors has determined that Messrs. Nummi, Sloyer and Zizza are independent under the SEC's audit committee independence standards.

Non-Employee Director Stock Option Plan

The Board of Directors has previously established a Non-Employee Director Stock Option Plan which, as amended, covers a maximum of 30,000 shares for grant. Such options are granted for a term of six years and are priced at fair market value on the grant date. The determination as to the amount of options to be granted to directors is based on years of service, and are calculated on a yearly basis as follows: a minimum of 500 stock options are granted for each director; an additional 500 stock options are granted if a director has served for five years or more; an additional 500 stock options are granted if a director has served for ten years or more; and an additional 1,000 stock options are granted if a director has served for twenty years or more. Such options are exercisable at any time upon the first anniversary of the grant date. The Corporation grants additional stock options upon the expiration or exercise of any such option if such exercise or expiration occurs no earlier than four years after date of grant, in an amount equal to the number of options that have been exercised or that have expired. In addition to the foregoing, the Corporation is seeking shareholder approval of a proposal to grant warrants to purchase 500,000, 500,000 and 50,000 shares to Salvatore J. Zizza, George W. Schiele and Jean Firstenberg, respectively.

Audit Committee Report

The information contained in this Proxy Statement shall not be deemed to be soliciting material or filed with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that it is specifically incorporated by reference into a document filed under the Securities Act of 1933 (Securities Act) or Exchange Act.

The following is a report of the Audit Committee of the Board of Directors:

The three members of the Audit Committee of the Board of Directors listed below are independent directors as defined by Section 952 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. The Board of Directors has adopted a written charter for the Audit Committee.

The responsibilities of the Audit Committee include recommending to the Board of Directors an accounting firm to be engaged as the Corporation's independent registered public accounting firm. Management is responsible for the preparation of the Corporation's financial statements and the financial reporting process, including the system of internal controls. The independent registered public accountants are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States of America. The Audit Committee's responsibility is to oversee these processes.

The Audit Committee has met and held discussions with management and the independent registered public accountants. The Audit Committee has reviewed and discussed the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. The Corporation's independent registered public accountants have provided to the Audit Committee the written disclosures and the letter required under Independence Standards of the Public Company Accounting Oversight Board (PCAOB) Rule 3526, Communication with Audit Committees Concerning Independence. The Audit Committee also considered the compatibilities of non-audit services with the accountants' independence.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed with management the Corporation's audited consolidated financial statements contained in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2012. The Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the SEC on July 2, 2013.

The Audit Committee has discussed the overall scope and plans for the audit with the independent registered public accountants. The Audit Committee will meet with the independent accountants, with and without management present, to discuss the results of their examination and the overall quality of the Corporation's financial reporting.

Independent Registered Public Accounting Firms Fees

During the year ended December 31, 2012, audit fees of \$246,563 were paid or accrued to BDO, the Corporation's independent registered public accounting firm. Audit fees for 2012 were for the annual audit of the Corporation's financial statements, reviews of the Corporation's quarterly reports on Form 10-Q, a review of the Company's Form S-1 Registration Statement and the amendments thereto, and a review of the Corporation's proxy statement.

The Audit Committee of the Board of Directors has considered the absence of non-audit services by the auditors for financial information systems design and implementation and the absence of all other non-audit services as compatible with maintaining the auditor's independence.

This report is submitted by the Audit Committee. Its members are:

Salvatore J. Zizza, Chairman

Richard Nummi

COMPENSATION OF EXECUTIVE OFFICERS AND TRANSACTIONS WITH MANAGEMENT

Compensation Discussion and Analysis

All matters concerning executive compensation for the Chief Executive Officer and other executive officers whose annual base salaries are over \$200,000 per year are considered by the Corporation's Compensation Committee. Our compensation structure for our executives is designed to attract individuals with the skills necessary for us to achieve our business plan, to reward those individuals for successful performance over time, and to retain those executives who continue to perform at or above our expectations, without incurring risk-taking incentives that may adversely affect the Corporation. Our executives' compensation has three primary components: a base salary, cash incentive bonuses and equity awards.

Base Salary. We fix the base salary of each of our executives at a level we believe enables us to hire and retain individuals in a competitive environment and rewards satisfactory individual performance and a satisfactory level of contribution to our overall business goals. We also take into account the base salaries paid by similarly sized companies and the base salaries of other companies with which we believe we compete for talent. Named executive officer compensation currently reflects amounts of cash consistent with periods of economic stress and lower earnings, as we focus on actions to stabilize the Company and to position it for a continued recovery.

Cash Incentive Bonus. We design the cash incentive bonuses for our executives to focus the executive on achieving key financial and/or operational objectives within a yearly time horizon, as described in more detail below. Cash incentive bonuses for our executives are established as part of their respective individual employment agreements, as applicable. Currently, J.M. Allain, our President and Chief Executive Officer, is the only executive officer of the Corporation entitled to a cash incentive bonus; his cash incentive bonus is determined in accordance with the terms of his employment agreement with the Company. As a general matter, the Compensation Committee is responsible for determining all criteria for the provision of any cash incentive bonuses awarded by the Corporation, and any such decisions by the Compensation Committee must be approved by the Board of Directors at the time any employment

agreement contemplating a cash incentive bonus is entered into. Based on the financial standing of the Corporation, no cash incentive bonuses were paid for the year ended December 31, 2012.

Equity Awards. We occasionally grant stock options, restricted stock or warrants relating to employment agreements and/or to reward long-term performance. We believe that such compensation incentivizes each executive to create value for the Corporation, and ties executive performance directly to the financial performance of the Corporation as a whole. We take into consideration the executives' tenure with the Corporation, as well as the availability of equity awards, in addition to the executives' performance in determining grants of equity awards.

We view the three primary components of our executive compensation as related but distinct. Although we review total compensation, we do not believe that significant compensation derived from one component of compensation should negate or reduce compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on our view of internal equity and consistency, individual performance and other information we deem relevant. We believe that salary and cash incentive bonuses are primary considerations and that equity awards are secondary considerations. Except as described below, we have not adopted any formal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of compensation. This is due to the small size of our executive team, and our need to remain flexible and to tailor each executive's award to attract and retain that executive. For example, the Corporation, as an inducement to Mr. Allain to enter into his initial employment contract, granted him 50,000 restricted shares of Common Stock which vested 50% on the one year anniversary and the remaining 50% after two years; this sort of inducement granting of restricted stock was unprecedented at the time, but our flexible compensation structure allowed us to reach this mutually beneficial arrangement.

Other Benefits. In addition to the three primary components of compensation described above, we provide our executives with benefits that are generally available to our salaried employees. Our executives are eligible to participate in all of our employee benefit plans, such as medical, group life and disability insurance, flexible spending plans, and our 401(k) plan, in each case on the same basis as our other employees. Additionally, as a special perk for our executives we provide additional life insurance benefits which are paid for by the Company. We also may provide our executives with severance, as described in more detail below.

Supplemental Executive Retirement Agreement. In accordance with the former President and Chief Executive Officer's agreement, he was due a supplemental executive retirement payment on July 1, 2010 in the amount of \$353,000 plus tax effect of approximately \$170,000, but has not yet been paid.

Compensation Consultants. The Corporation has not engaged the services of any outside compensation consultant for 2012.

Stock Option Plans and Stock Options

Expired Long-Term Incentive Plan

Through 2005, the Company had a long-term incentive plan (the Expired Long-Term Incentive Plan) and had the ability to grant stock options, to employees, which provided for the grant of incentive stock options at fair market value on the date of grant. Any awards made pursuant to the Expired Long-Term Incentive Plan became exercisable upon the first anniversary of the grant date, expire on the tenth anniversary of the grant date, and survive the expiration of the Expired Long-Term Incentive Plan, so long as the option holder remains employed with the Corporation as of the exercise date.

2012 Long-Term Incentive Plan

The Company has adopted the 2012 Long-Term Incentive Plan to allow for an aggregate of 5,000,000 shares of Common Stock that may be issued under the 2012 Long-Term Incentive Plan. The 2012 Long-Term Incentive Plan was adopted by the Corporation's Board of Directors on July 2, 2010, with amendments adopted by the Corporation's Board of Directors on December 21, 2011, and approved by the Corporation's stockholders at the 2012 Annual Meeting of Stockholders held on June 26, 2012. No awards have been issued to any employees under the 2012 Long-Term Incentive Plan.

Non-Employee Director Stock Option Plan

The Company also had a Non-Employee Director Stock Option Plan, which as amended, covers a maximum of 30,000 shares for grant and which provided for the grant of incentive stock options priced at fair market value as of the date of grant. Options are for a period of six years from date of grant, are

granted at fair market value on date of grant, may be exercised at any time after one year from date of grant while a director and are based on years of service, with a minimum of 500 stock options for each director, an additional 500 stock options based on five or more years of service, another 500 stock options based on 10 or more years of service and an additional 1,000 stock options based on 20 or more years of service. Additional stock options are granted upon the expiration or exercise of any such option, which is no earlier than four years after date of grant, in an amount equal to such exercised or expired options. The plan has expired. Options currently outstanding and listed in the table immediately below became exercisable on the first anniversary of the grant date, and will expire on the sixth anniversary of the grant date, so long as the grantee remains a director of the Corporation before the exercise date.

There were no stock options granted in fiscal 2012 to the named executive officers or any directors, and no stock options were exercised in fiscal 2012.

The following table sets forth information as to the named executive officers with respect to the value realized on exercise of stock options and fiscal year end option values:

Retirement Plan

The Company made a cash contribution of \$559,000 during 2012, which was less than the minimum required contribution, to the Company's retirement plan for all eligible employees and the eligible individuals listed in the Summary Compensation Table. The Company has been granted, subject to certain conditions, its requests for waivers of the 2009 and 2010 minimum funding standard as permitted under 412(d) of the Internal Revenue Code and section 303 of the Employee Retirement Income Security Act of 1974.

The Company's retirement plan, prior to being frozen, covered all salaried employees over age 21 with at least one year of service who are not covered by a collective bargaining agreement to which the Company is a party.

Retirement benefits are based on the final average salary for the highest five of the ten years preceding retirement. For example, estimated annual retirement benefits payable at normal retirement date, which normally is age 65, is approximately \$15,000 for an individual with ten years of credited service and with a final average salary of \$100,000; and approximately \$120,000 for an individual with 40 years of credited service and with a final average salary of \$200,000. Currently, \$250,000 is the legislated annual cap on determining the final average salary and \$195,000 is the maximum legislated annual benefit payable from a qualified pension plan.

Supplemental Executive Retirement Agreement

In accordance with the former President and Chief Executive Officer's employment agreement, he was due a supplemental executive retirement payment on July 1, 2010 in the amount of \$353,000 plus tax effect of approximately \$170,000, but has not yet been paid.

Certain Transactions

During the year 2012, there were no transactions requiring disclosure.

Employment Agreements

The Corporation executed an employment agreement with J.M. Allain on February 16, 2010 (the "First Allain Agreement") which expired on February 16, 2012. Mr. Allain was appointed as President and Chief Executive Officer of the Corporation at that time. After the First Allain Agreement expired, the Corporation entered into a new employment agreement with Mr. Allain (the "Second Allain Agreement") with a term of three years and under which Mr. Allain was to remain the President and Chief Executive Officer of the Corporation. The Second Allain Agreement provides for compensation at the annual rate of \$275,000 per annum, with a minimum raise of 6% per annum if the Corporation has a positive level of Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) during a given year. Mr. Allain is entitled under the Second Allain Agreement to receive an annual bonus based on the Corporation's yearly EBITDA. The Second Allain Agreement further provides that, on its effective date, Mr. Allain became entitled to a grant of warrants to purchase 2,000,000 shares of the Corporation's Common Stock, 50% of which are exercisable at \$0.40 per share and 50% of which are exercisable at \$0.60 per share. The Second Allain Agreement entitles Mr. Allain to twenty days' paid vacation per year, a vehicle allowance, key person insurance, business expense reimbursement (including membership at the Core Club in New York City), and certain employee benefits generally available to employees of the Corporation. The Second Allain Agreement provides for certain severance benefits depending on whether Mr. Allain leaves the employ of the Corporation for Cause, Good Reason or Without Cause and for Good Reason prior to the termination of the Second Allain Agreement. The Second Allain Agreement contains standard non-disparagement, confidentiality and non-solicitation provisions.

The foregoing is merely a summary of the Second Allain Agreement and is qualified in its entirety by reference to the text of the Second Allain Agreement as filed with the SEC as Exhibit 10.2 to the Form 8-K filed by the Corporation on March 12, 2012.

THE CORPORATION'S RESTRUCTURING TRANSACTION

The Corporation completed the previously announced financial restructuring and recapitalization (the Restructuring Plan) of the Corporation in 2011. On November 14, 2011, we completed the sale of an aggregate of \$8.3 million of securities (the Offering) consisting of (i) 416,500 shares of the Company's Series A Convertible Preferred Stock (the Series A Preferred Stock) having a stated value of \$20.00 per share and convertible into fifty (50) shares of the Company's Common Stock (or an aggregate of 20,825,000 shares of Common Stock), and (ii) 4,165,000 one-year warrants (the A Warrants). These securities were issued at a purchase price of \$20,000 per unit (the Unit). Each Unit consisted of 1,000 shares of Series A Preferred Stock (convertible into 50,000 shares of Common Stock) and 10,000 A Warrants. Each A Warrant entitles the holder to purchase (a) one share of the Company's Common Stock and (b) a three-year warrant (the B Warrants), at an exercise price of \$0.20 per share, subject to such other or further adjustments as may be provided in the A Warrants. Each B Warrant shall entitle the holder to purchase one share of the Company's Common Stock at an exercise price of \$0.50 per share, subject to such other or further adjustments as may be provided in the B Warrants. Upon the filing of an Amended and Restated Certificate of Incorporation on July 2, 2012, the shares of Series A Preferred Stock were automatically converted into Common Stock.

The gross proceeds to the Corporation from the sale of the Series A Preferred Stock offered was \$8,330,000. The net proceeds of the Offering were used to fund the restructuring of the Company's outstanding debt (the Restructuring), which included: (1) a cash settlement to holders of the 8¼% Limited Convertible Senior Subordinated Notes due 2012 (Notes) in the amount of \$2,019,600; (2) a cash settlement to holders of the 9½% Subordinated Debentures due 2012 (Debentures) in the amount of \$71,800; (3) a payment on the Company's outstanding term loan with the senior lender in the amount of \$320,833 and (4) a payment of \$1.0 million on the Company's outstanding revolving loan with the senior lender. The net proceeds of the Offering remaining after the payments to the holders of the Notes and the Debentures and to the senior lender were used to pay the remaining \$3.0 million outstanding under the revolving loan with the senior lender and for working capital.

R.F. Lafferty & Co., Inc. (the Placement Agent), a FINRA registered broker-dealer, was engaged as placement agent in connection with the private placement. The placement agent was paid fees based upon a maximum of an \$8,000,000 raise (and no fees were paid upon the additional \$330,000 of gross proceeds raised which brought the total offering to \$8,330,000). Such fees consisted of a cash fee in the amount of \$400,000 and warrants (the Placement Agent Warrants) to purchase 24 units (the Placement Agent Units), each unit consisting of 50,000 shares of Common Stock and 10,000 A Warrants. The A Warrants issuable upon exercise of the Placement Agent Warrants (and the B Warrants issuable upon exercise of the A Warrants underlying the Placement Agent's Warrants) are substantially the same as the A Warrants (and B Warrants) sold to the investors in the Offering, except that they have the following exercise periods: (i) the A Warrants issuable upon exercise of the Placement Agent Warrants are exercisable for a period of two (2) years from the date of exercise of the Placement Agent Warrants; and (ii) the B Warrants issuable upon exercise of the A Warrants underlying the Placement Agent Warrants are exercisable for a period equal to the longer of (i) three (3) years from the Closing Date or (ii) one (1) year from the date or exercise of the A Warrants underlying the Placement Agent Warrants. The Placement Agent Warrants are exercisable at a price of \$25,000 per Placement Agent Unit (exercisable in partial Placement Agent Units), and the A Warrants and B Warrants issuable upon exercise of the Placement Agent Warrants have an exercise price of \$0.20 per share in the case of the A Warrants and \$0.50 per share in the case of the B Warrants.

The securities sold in the private placement were not registered under the Securities Act of 1933, as amended (the Securities Act), or the securities laws of any state, and were offered and sold in reliance on the exemption from registration afforded by Section 4(2) and Regulation D (Rule 506) under the Securities Act and corresponding provisions of state securities laws, which exempt transactions by an issuer not involving any public offering. The investors all had prior investment experience, including experience investing in non-listed and non-registered Common Stock and that he or she understood the highly speculative nature of any investment in the stock offered as a prerequisite to the offerees' participation in the Offering. The securities shall not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements and certificates evidencing such shares contain a legend stating the same.

On July 2, 2012, the Company filed an Amended and Restated Certificate of Incorporation with the Secretary of State of Delaware, containing provisions which, among other things (a) increased the authorized shares of common stock to 60,000,000, (b) reduced the par value of common stock to \$0.001, (c) reduced the par value of preferred stock to \$0.001, (d) removed Class A Stock from authorized capital stock and (e) removed Class B Stock from authorized capital stock. Pursuant to the filing of the Amended and Restated Certificate of Incorporation, (i) the Company's 416,500 issued and outstanding shares of Series A Preferred Stock automatically converted into an aggregate of 20,825,000 shares of Common Stock, in accordance with the terms of the Series A Preferred Stock, (ii) the exercise price of the A Warrants was reduced from \$1.00 to \$0.20, in accordance with the terms of the A Warrants, and (iii) the exercise price of the B Warrants was reduced from \$1.00 to \$0.50, in accordance with the terms of the B Warrants.

On October 5, 2012, the Board of Directors of the Company unconditionally extended the exercise period of the Company's outstanding A Warrants by ninety (90) days, from November 14, 2012 to February 12, 2013. v.

Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant, pursuant to the terms hereof.

Section 2.

Certain Adjustments.

a)

Stock Dividends and Splits. If the Company, at any time while this Warrant is outstanding: (i) pays a stock dividend or otherwise makes a distribution or distributions on shares of its Common Stock or any other equity or equity equivalent securities payable in shares of Common Stock (which, for avoidance of doubt, shall not include any shares of Common Stock issued by the Company upon exercise of this Warrant), (ii) subdivides outstanding shares of Common Stock into a larger number of shares, (iii) combines (including by way of reverse stock split) outstanding shares of Common Stock into a smaller number of shares or (iv) issues by reclassification of shares of the Common Stock any shares of capital stock of the Company, then in each case the Exercise Price shall be multiplied by a fraction of which the numerator shall be the number of shares of Common Stock (excluding treasury shares, if any) outstanding immediately before such event and of which the denominator shall be the number of shares of Common Stock outstanding immediately after such event, and the number of shares issuable upon exercise of this Warrant shall be proportionately adjusted such that the aggregate Exercise Price of this Warrant shall remain unchanged. Any adjustment made pursuant to this Section 2(a) shall become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and shall become effective immediately after the effective date in the case of a subdivision, combination or re-classification.

b)

Reclassification, Exchange, Combinations or Substitution. Upon any event whereby all of the outstanding shares of the Common Stock are reclassified, exchanged, combined, substituted, or replaced for, into, with or by Company securities of a different class and/or series, then from and after the consummation of such event, this Warrant will be exercisable for the number, class and series of Company securities that Holder would have received had the Warrant Shares been outstanding on and as of the consummation of such event, and subject to further adjustment thereafter from time to time in accordance with the provisions of this Warrant. The provisions of this Section 2(b) shall similarly apply to successive reclassifications, exchanges, combinations substitutions, replacements or other similar events.

c)

Calculations. All calculations under this Section 2 shall be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 2, the number of shares of Common Stock deemed to be issued and outstanding as of a given date shall be the sum of the number of shares of Common Stock (excluding treasury shares, if any) issued and outstanding.

d)

Notice to Holder.

i.

Adjustment to Exercise Price. Whenever the Exercise Price is adjusted pursuant to any provision of this Section 2, the Company shall promptly mail to the Holder a notice setting forth the Exercise Price after such adjustment and any resulting adjustment to the number of Warrant Shares and setting forth a brief statement of the facts requiring such adjustment.

ii.

Notice to Allow Exercise by Holder. If (A) the Company shall declare a dividend (or any other distribution in whatever form) on the Common Stock, (B) the Company shall declare a special nonrecurring cash dividend on or a redemption of the Common Stock, (C) the Company shall authorize the granting to all holders of the Common Stock rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company shall be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, or any compulsory share exchange whereby the Common Stock is converted into other securities, cash or property, or (E) the Company shall authorize the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company shall cause to be mailed to the Holder at its last address as it shall appear upon the Warrant Register of the Company, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock of record shall be entitled to exchange their shares of the Common Stock for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided that the failure to mail such notice or any defect therein or in the mailing thereof shall not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any of its subsidiaries, the Company shall simultaneously file such notice with the Commission pursuant to a Current Report on Form 8-K or issue a press release disclosing such material non-public information. The Holder shall remain entitled to exercise this Warrant during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

Section 3.

Transfer of Warrant.

a)

Transferability. This Warrant and all rights hereunder (including, without limitation, any registration rights) are not transferable by Holder at any time, either in whole or in part. Notwithstanding the foregoing, the Warrant Shares issued upon the exercise of this Warrant may be transferred in accordance with all applicable securities laws.

b)

Warrant Register. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose (the Warrant Register), in the name of the Holder. The Company may deem and treat the Holder of this Warrant as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes, absent actual notice to the contrary.

c)

Acknowledgement. Holder acknowledges that, at any time this Warrant is exercised, unless the Warrant Shares are either (i) registered pursuant to an effective registration statement under the Securities Act and under applicable state securities or blue sky laws or (ii) eligible for resale without volume or manner-of-sale restrictions or current public information requirements pursuant to Rule 144, the Holder will receive the applicable Warrant Shares in the form of restricted stock of the Company.

d)

Representation by the Holder. The Holder, by the acceptance hereof, represents and warrants that it is acquiring this Warrant and, upon any exercise hereof, will acquire the Warrant Shares issuable upon such exercise, for its own account and not with a view to or for distributing or reselling such Warrant Shares or any part thereof in violation of the Securities Act or any applicable state securities law, except pursuant to sales registered or exempted under the Securities Act.

Section 4.

Miscellaneous.

a)

No Rights as Stockholder Until Exercise. This Warrant does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 1(c)(i).

b)

Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon receipt by the Company of evidence reasonably satisfactory to it of the loss, theft, destruction or mutilation of this Warrant or any stock certificate relating to the Warrant Shares, and in case of loss, theft or destruction, of indemnity or security reasonably satisfactory to it (which, in the case of the Warrant, shall not include the posting of any bond), and upon surrender and cancellation of such Warrant or stock certificate, if mutilated, the Company will make and deliver a new Warrant or stock certificate of like tenor and dated as of such cancellation, in lieu of such Warrant or stock certificate.

c)

Saturdays, Sundays, Holidays, etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein shall not be a business day, then, such action may be taken or such right may be exercised on the next succeeding business day.

d)

Authorized Shares.

The Company covenants that, during the period the Warrant is outstanding, it will reserve from its authorized and unissued Common Stock a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant shall constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary certificates for the Warrant Shares upon the exercise of the purchase rights under this Warrant.

The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of the domestic securities exchange trading market upon which the Common Stock may be listed. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant and payment for such Warrant Shares in accordance herewith, be duly authorized, validly issued, fully paid and nonassessable and free from all liens and charges created by the Company in respect of the issue thereof (other than taxes in respect of such issue).

Except and to the extent as waived or consented to by the Holder, the Company shall not by any action, including, without limitation, amending its certificate of incorporation or through any reorganization, transfer of assets, consolidation, merger, dissolution, issue or sale of securities or any other voluntary action, avoid or seek to avoid the observance or performance of any of the terms of this Warrant, but will at all times in good faith assist in the carrying out of all such terms and in the taking of all such actions as may be necessary or appropriate to protect the rights of Holder as set forth in this Warrant against impairment. Without limiting the generality of the foregoing, the Company will (i) not increase the par value of any Warrant Shares above the amount payable therefor upon such exercise immediately prior to such increase in par value, (ii) take all such action as may be necessary or appropriate in order that the Company may validly and legally issue fully paid and nonassessable Warrant Shares upon the exercise of this Warrant and (iii) use commercially reasonable efforts to obtain all such authorizations, exemptions or consents from any public regulatory body having jurisdiction thereof, as may be, necessary to enable the Company to perform its obligations under this Warrant.

Before taking any action which would result in an adjustment in the number of Warrant Shares for which this Warrant is exercisable or in the Exercise Price, the Company shall obtain all such authorizations or exemptions thereof, or consents thereto, as may be necessary from any public regulatory body or bodies having jurisdiction thereof.

e)

Governing Law. This Warrant shall be governed by and construed in accordance with the internal laws of the State of New York without giving effect to any choice or conflict of law provision or rule (whether of the State of New York or any other jurisdiction) that would cause the application of laws of any jurisdiction other than those of the State of New York.

f)

Restrictions. The Holder acknowledges that the Warrant Shares acquired upon the exercise of this Warrant, if not registered, will have restrictions upon resale imposed by state and federal securities laws.

g)

Nonwaiver and Expenses. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder shall operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies, notwithstanding the fact that all rights hereunder terminate on the Termination Date. If the Company willfully and knowingly fails to comply with any provision of this Warrant, which results in any material damages to the Holder, the Company shall pay to the Holder such amounts as shall be sufficient to cover any costs and expenses including, but not limited to, reasonable attorneys' fees, including those of appellate proceedings, incurred by the Holder in collecting any amounts due pursuant hereto or in otherwise enforcing any of its rights, powers or remedies hereunder.

h)

Notices. All notices, requests, consents, claims, demands, waivers and other communications hereunder shall be in writing and shall be deemed to have been given: (a) when delivered by hand (with written confirmation of receipt); (b) when received by the addressee if sent by a nationally recognized overnight courier (receipt requested); (c) on the date sent by facsimile or e-mail of a PDF document (with confirmation of transmission) if sent during normal business hours of the recipient, and on the next business day if sent after normal business hours of the recipient; or (d) on the third day after the date mailed, by certified or registered mail, return receipt requested, postage prepaid. Such communications must be sent to the respective parties at the addresses indicated below (or at such other address for a party as shall be specified in a notice given in accordance with this Section 4(d)(h)).

j)

Remedies. The Holder, in addition to being entitled to exercise all rights granted by law, including recovery of damages, will be entitled to specific performance of its rights under this Warrant. The Company agrees that monetary damages would not be adequate compensation for any loss incurred by reason of a breach by it of the provisions of this Warrant and hereby agrees to waive and not to assert the defense in any action for specific performance that a remedy at law would be adequate.
