Item 2.02. Results of Operations and Financial Condition.

In a press release dated March 8, 2012, a copy of which is attached hereto as Exhibit 99.1, and the text of which is incorporated by reference herein, Post Holdings, Inc. (the “Company”) announced results for its first quarter ended December 31, 2011.

The information contained in Item 2.02 and the Exhibit attached hereto shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, except as expressly set forth by specific reference in such filing.

In the Company’s press release, the Company makes reference to the non-GAAP financial measure of Adjusted EBITDA. Management has determined that this metric presented in the press release is a key metric that will help investors understand the ultimate income and near-term cash flows generated by our business. Adjusted EBITDA is a non-GAAP measure which represents net earnings excluding income taxes, net interest expense, net other nonoperating income/expense, depreciation and amortization, noncash stock based compensation, nonrecurring cash compensation for retention/severance, accounts receivable servicing fees, costs to effect Post’s separation from Ralcorp, mark to market adjustments on economic hedges and intangible asset impairments, if any, and including an estimate of costs Post would have incurred had it been a stand-alone public company during the periods presented. For additional information, see the non-GAAP reconciliation table furnished with this Form 8-K in Exhibit 99.1. Any non-GAAP measures should not be considered as a substitute for, and should only be read in conjunction with, measures of financial performance prepared in accordance with GAAP.

Item 9.01. Financial Statements and Exhibits.
