CAUTIONARY STATEMENT REGARDING FORWARD LOOKING INFORMATION

This quarterly report contains forward-looking statements. These forward-looking statements are subject to risks and uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from the results, performance or achievements expressed or implied by the forward-looking statements. You should not unduly rely on these statements. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They use words such as anticipate, estimate, expect, project, intend, believe, contemplate, would, should, could, or may. With respect to any forward-looking statement that is a statement of its underlying assumptions or bases, we believe such assumptions or bases to be reasonable and have formed them in good faith, assumed facts or bases almost always vary from actual results, and the differences between assumed facts or bases and actual results can be material depending on the circumstances. When, in any forward-looking statement, we express an expectation or belief as to future results, that expectation or belief is expressed in good faith and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished. All subsequent written and oral forward-looking statements attributable to us, or anyone acting on our behalf, are expressly qualified in their entirety by the cautionary statements.

OTHER PERTINENT INFORMATION

When used in this quarterly report, the terms IceWEB, the Company, we, our, and us refers to IceWEB, Delaware corporation, and our subsidiaries. The information which appears on our web site at www.iceweb.com is not part of this quarterly report.

EXPLANATORY NOTE

The registrant is filing this Transition Report on Form 10-Q (this Transition Report) in connection with its change in fiscal year end from September 30 to June 30. The registrant previously reported its change in fiscal year end on a Current Report on Form 8-K, dated January 27, 2014.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

NOTE 1 - NATURE OF BUSINESS

With our acquisition of Computers & Telecom, Inc. and KCNAP, LLC, (collectively CTC) in October 2013, IceWEB is a provider of wireless and fiber broadband service, co-location space and related services and operates a Network Access Point (NAP) where customers directly interconnect with a network ecosystem of partners and customers. This access to Internet routes provides CTC customers improved reliability and streamlined connectivity while significantly reducing costs by reaching a critical mass of networks within a centralized physical location. In addition, through our IceWEB Storage Corporation subsidiary we deliver on-line cloud computing application services, and manufacture and market cloud-attached and network storage.

CTC operates a wireless internet service business, providing WIMAX broadband to small and medium size businesses in the metro Kansas-City, Missouri area. In addition CTC offers the following solutions: (i) premium data center co-location, (ii) interconnection and (iii) exchange and outsourced IT infrastructure services.

We leverage our NAP which allows our customers to increase information and application delivery performance while significantly reducing costs. Our platform enables scalable, reliable and cost-effective co-location, interconnection and traffic exchange thus lowering overall cost and increasing flexibility.

Our customer base includes U.S. government agencies, enterprise companies, and small to medium sized businesses (SMB).

Change in Fiscal Year End

On January 27, 2014 our board of directors approved a change in our fiscal year end from September 30th to June 30th. We are filing this Form 10-Q under the SEC rules for transitional filers.

NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying unaudited consolidated financial statements have been prepared in accordance with United States generally accepted accounting principles and include the accounts of the Company and its wholly-owned subsidiaries. All significant intercompany transactions and balances have been eliminated in consolidation.

Going Concern

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The Company had net losses and net cash used in operating activities of \$7,108,819 and \$2,700,609, respectively, for the year ended September 30, 2013. The Company also had an accumulated deficit of \$47,921,946 at September 30, 2013. For the nine months ended March 31, 2014 the Company had a net loss of \$6,176,063 and net cash used in operations of \$1,500,887. These matters raise substantial doubt about the Company's ability to continue as a going concern. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Management has established plans intended to increase the sales of our products and services. Management intends to seek new capital from new equity securities offerings to provide funds needed to increase liquidity, fund growth, and implement its business plan. However, no assurances can be given that we will be able to raise any additional funds.

Marketable Securities

IceWEB accounts for the purchase of marketable equity securities in accordance with FASB Accounting Standards Codification (ASC) 320, Investment Debt and Equity Securities with any unrealized gains and losses included as a net amount as a separate component of stockholders' equity. However, those securities may not have the trading volume to support the stock price if the Company were to sell all their shares in the open market at once, so the Company may have a loss on the sale of marketable securities even though they record marketable equity securities at the current market value.

Cash and Cash Equivalents

We consider all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

**NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)**

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the balance sheets and the reported amounts of sales and expenses during the reporting periods. Actual results could differ from those estimates. Significant estimates include the valuation of stock-based compensation, the allowance for doubtful accounts, the impairment of intangibles, the useful life of property and equipment, derivative liabilities, and litigation reserves.

Accounts Receivable

Accounts receivable consists of normal trade receivables. We recorded a bad debt allowance of \$32,333 as of March 31, 2014. Management performs ongoing evaluations of its accounts receivable, and believes that all remaining receivables are fully collectable. Bad debt expense amounted to \$114,918 and \$0 for the nine months ended March 31, 2014 and 2013, respectively.

Inventory

Inventory is valued at the lower of cost or market, on an average cost basis.

Derivative Liability

The Company issued warrants to purchase the Company's common stock in connection with the issuance of convertible debt, which contain certain ratchet provisions that reduce the exercise price of the warrants or the conversion price in certain circumstances. In accordance with ASC 815 the Company determined that the warrants and/or the conversion features with provisions that reduce the exercise price of the warrants did not qualify for a scope exception under ASC 815 as they were determined not to be indexed to the Company's stock.

Derivatives are required to be recorded on the balance sheet at fair value (see Note 13). These derivatives, including embedded derivatives in the Company's structured borrowings, are separately valued and accounted for on the Company's balance sheet. Fair values for exchange traded securities and derivatives are based on quoted market prices. Where market prices are not readily available, fair values are determined using market based pricing models incorporating readily observable market data and requiring judgment and estimates.

Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The established fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and model-driven valuations whose inputs are observable or whose significant value drivers are observable. Valuations may be obtained from, or corroborated by, third-party pricing services.

Level 3: Unobservable inputs to measure fair value of assets and liabilities for which there is little, if any market activity at the measurement date, using reasonable inputs and assumptions based upon the best information at the time, to the extent that inputs are available without undue cost and effort.

Fair Value of Financial Instruments

The Company's financial instruments, including cash and cash equivalents, receivables, accounts payable and accrued liabilities and notes payable are carried at cost, which approximates their fair value, due to the relatively short maturity of these instruments.

Our derivative financial instruments, consisting of embedded conversion features in our convertible debt, which are required to be measured at fair value on a recurring basis under FASB ASC 815. As of March 31, 2014 our derivatives are measured at fair value, using a Black-Scholes valuation model which approximates a binomial lattice valuation methodology utilizing Level 3 inputs. Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities (see Note 12).

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

**NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)**

Other Receivables

We have a purchase order arrangement with a key vendor that provides us the flexibility to make purchases of inventory components on credit with our customer remitting payment to the vendor. This arrangement provides us with the cash needed to finance certain of our on-going costs and expenses, and provides that we collect on our receivables once the vendor has been paid. This vendor had collected \$0 on our behalf that had not been remitted to us as of March 31, 2014.

Property and Equipment

Property and equipment is stated at cost, net of accumulated depreciation. Depreciation expense is recorded by using the straight-line method over the estimated useful lives of the related assets.

Product Warranties

The Company's products typically carry a warranty for periods of up to three years. We have not had any significant warranty claims on our products.

Software Development Costs

The costs for the development of new software products and substantial enhancements to existing software products are expensed as incurred until technological feasibility has been established, at which time any additional costs would be capitalized in accordance with the accounting guidance for software.

Because our current process for developing software is essentially completed concurrently with the establishment of technological feasibility, which occurs upon the completion of a working model, no costs have been capitalized for any of the periods presented.

Long-lived Assets

In accordance with ASC Topic 360, *Property, Plant, and Equipment* (formerly SFAS 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*), we review the carrying value of intangibles and other long-lived assets for impairment at least annually or whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of long-lived assets is measured by comparison of its carrying amount to the undiscounted cash flows that the asset or asset group is expected to generate. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the property, if any, exceeds its fair market value.

Revenue Recognition

We follow the guidance of Accounting Standards Codification (ASC) Topic 605, *Revenue Recognition* (formerly Staff Accounting Bulletin (SAB) No. 104, *Revenue Recognition*) for revenue recognition. In general, we record revenue when persuasive evidence of an arrangement exists, services have been rendered or product delivery has occurred, the sales price to the customer is fixed or determinable, and collectability is reasonably assured.

It is our customary business practice to obtain a signed master sales agreement for recurring revenue sales, and/or a sales order for events and one-time services. Taxes collected from customers and remitted to governmental authorities are reported on a net basis and are excluded from revenue.

We derive the majority of our revenues from recurring revenue streams, consisting primarily of:

- (1) Wireless and fiber broadband service ;
- (2) co-location, which includes the licensing of cabinet space and power;
- (3) interconnection services, such as cross connects;
- (4) managed infrastructure services.

Revenues from recurring revenue streams are generally billed monthly and recognized ratably over the term of the contract, generally one to three years for data center space customers. We generally recognize revenue beginning on the date the customer commences use of our services.

Edgar Filing: ICEWEB INC - Form 10-Q

Implementation and set-up fees are recognized at the time those services are completed, unless prior agreement was made for interim billings (for work completed).

.

For services that are billed according to customer usage, revenue is recognized in the month in which the usage is provided.

.

Professional services are recognized in the period services are provided.

.

Amounts that have been invoiced are recorded in accounts receivable and revenue.

ICEWEB, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2014

**NOTE 2 - BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)**

Our customers generally have the right to cancel their contracts by providing prior written notice to us of their intent to cancel the remainder of the contract term. The customer would be required to pay any charge for early cancellation that their contract specifies. In the event that a customer cancels their contract, they are not entitled to a refund for services already rendered. A customer can continue service on a month-to-month basis after their contract expires.

Advertising

Advertising costs are expensed as incurred and amounted to \$25,105 and \$154,496 for the nine months ended March 31, 2014 and 2013, respectively.

Barter Transactions

Barter activity is accounted for in accordance with ASC 845, *Nonmonetary Transactions*. Barter revenue relates to the exchange of wireless bandwidth and internet connectivity provided by CTC to business customers in exchange primarily for roof rights for antennae, advertising and other products and services that CTC would otherwise be required to buy for cash. Barter expenses reflect the expense offset to barter revenue. The amount of barter revenue and expense is recorded at the estimated fair value of the services received or the services provided, whichever is more objectively determinable, in the month the services are exchanged.

Prepaid expenses

Prepaid expenses are comprised primarily of prepaid costs related to the installation of new customers, prepaid advertising costs which are expensed when used, and deferred financing costs which are amortized over the life of the related financing.

Deferred Revenue

Amounts billed in advance of services being provided are recorded as deferred revenue and are recognized in the consolidated statement of operations as services are provided.

Deferred Financing Costs

Debt issuance costs incurred in connection with the issuance of debt are capitalized and amortized to interest expense based on the related debt agreements on a straight-line basis, which approximates the effective interest method. Unamortized amounts are included in prepaid expenses in the accompanying unaudited consolidated balance sheets.

Earnings per Share

We compute earnings per share in accordance with ASC Topic 260, Earnings Per Share. Under the provisions of ASC Topic 260, basic earnings per share is computed by dividing the net income (loss) for the period by the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed by dividing the net income (loss) for the period by the weighted average number of common and potentially dilutive common shares outstanding during the period. Potentially dilutive common shares consist of the common shares issuable upon the exercise of stock options and warrants (using the treasury stock method) and upon the conversion of convertible notes and preferred stock (using the if-converted method). Potentially dilutive common shares are excluded from the calculation if their effect is antidilutive. At March 31, 2014, there were options and warrants to purchase 337,699,733 shares of common stock, and 626,667 shares issuable upon conversion of Series B preferred stock outstanding which could potentially dilute future earnings per share.

Stock-Based Compensation

As more fully described in Note 16, we have two stock option plans that provide for non-qualified options to be issued to directors, officers, employees and consultants (the 2012 Equity Compensation Plan and the 2013 Equity Plan (the Plans)).

NOTE 5 - NOTES PAYABLE

Agility Ventures, LLC and UO! IP of NC, LLC

On October 1, 2013, in conjunction with the acquisition of Computers & Tele-com, Inc. and KCNAP, LLC, we entered into an equipment lease agreement with Agility Ventures, LLC in the principal amount of \$1,678,562 which is secured by all of the assets of IceWEB, Inc. The lease agreement has a term of 36 months and bears interest at 15% per annum. We also issued Agility Ventures 1,000,000 shares of IceWEB, Inc. restricted common stock, and a Series T common stock warrant covering a total of 3,675,000 shares with a term of two years and a conversion price of \$0.055 per share. We are currently in default under the terms of the lease agreement.

On March 1, 2014 Agility Ventures LLC sold and assigned the Master Lease and Equipment Schedule to a third party, UO! IP of NC, LLC. UO! IP of NC, LLC is a related party to the holder of the Series AA Preferred Stock, UnifiedOnline! LLC. See Note 17.

NOTE 6 OTHER CURRENT ASSETS

Other current assets totaled \$52,196 and \$175,551 at March 31, 2014 and September 30, 2013, respectively. The balance at March 31, 2014 consists primarily of deferred loan fees related to the capitalized lease obligation to Agility Ventures, LLC. The balance at September 30, 2013 consisted of advances made to Computers & Tele-com, Inc. This amount was reimbursable to IceWEB in the event that the acquisition of Computers & Telecom, Inc. did not occur. IceWEB, Inc. successfully completed the acquisition of Computers & Telecom, Inc. in October, 2013.

NOTE 7 - CONCENTRATION OF CREDIT RISK

Bank Balances

The Company maintains cash in financial institutions insured by the Federal Deposit Insurance Corporation (FDIC), including non-interest bearing transaction account deposits protected in full in accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act). At March 31, 2014 all of the Company s cash balances were fully insured. The Company had not experienced any losses in such accounts.

We categorize the securities as investments in marketable securities available for sale. These securities are quoted either on an exchange or inter-dealer quotation (pink sheet) system. The securities are restricted and cannot be readily resold by us absent a registration of those securities under the Securities Act of 1933 (the Securities Act) or the

availabilities of an exemption from the registration requirements under the Securities Act. As these securities are often restricted, we are unable to liquidate them until the restriction is removed. Unrealized gains or losses on marketable securities available for sale are recognized as an element of comprehensive income based on changes in the fair value of the security. Once liquidated, realized gains or losses on the sale of marketable securities available for sale are reflected in our net income for the period in which the security was liquidated.

There were no impairment charges on investments in publicly traded equity securities for the three months ended March 31, 2014 or 2013.

The Company has evaluated its publicly traded equity securities as of March 31, 2014, and has determined that there were no unrealized losses that indicate an other-than-temporary impairment. This determination was based on several factors, which include the length of time and extent to which fair value has been less than the cost basis and the financial condition and near-term prospects of the issuer, and the Company's intent and ability to hold the publicly traded equity securities for a period of time sufficient to allow for any anticipated recovery in market value.

NOTE 10 - COMPREHENSIVE INCOME (LOSS)

Comprehensive income (loss) is comprised of net income (loss) and other comprehensive income or loss. Other comprehensive income or loss refers to revenue, expenses, gains and losses that under accounting principles generally accepted in the United States are included in comprehensive income but excluded from net income as these amounts are recorded directly as an adjustment to stockholders' equity.

Our accumulated other comprehensive loss consists of unrealized loss on marketable securities available for sale of \$80,996 at March 31, 2014, and \$80,180 at September 30, 2013.

NOTE 11 ACQUISITION

On October 1, 2013 (the Closing Date), IceWEB, Inc. (the Company) entered into a share exchange agreement (the Exchange Agreement) by and among the Company, Computers and Tele-Comm., Inc., a Missouri corporation (CTCI), KC NAP, LLC (KC NAP), the stockholders of CTCI, and Streamside Partners, LLC, a third party, pursuant to which the Company purchased all of the outstanding common stock of CTCI and the outstanding membership interests in KC NAP, in exchange for 9,568,400 shares of our \$0.001 par value common stock which represents 2.2% of the Company's issued and outstanding common stock, immediately following the Share Exchange. Concurrently, and as part of the share exchange agreement, the Company issued shares to retire an outstanding debt owing by CTCI to Streamside Partners, LLC, which totaled \$155,000, and other third party debts of CTCI totaling \$267,823, in exchange for 13,485,799 shares of our \$0.001 par value common stock (such transactions taken together are sometimes referred to herein as the Share Exchange), which together totaled \$422,823, at an effective exchange rate of \$0.0314/share. As a result of the Share Exchange, we are now the holding company of CTCI and we now operate a company in the business of operating data centers and providing Information Technology (IT) services.

On October 1, 2013, in conjunction with the acquisition, we entered into an equipment lease agreement with Agility Ventures, LLC in the principal amount of \$1,417,672 which is secured by all of the assets of IceWEB, Inc. The lease agreement has a term of 36 months and bears interest at 15% per annum. We also issued Agility Ventures 1,000,000 shares of IceWEB, Inc. restricted common stock, and a Series T common stock warrant covering a total of 3,675,000 shares with a term of two years and a conversion price of \$0.055 per share.

The purchase of CTCI included the acquisition of assets of \$2,927,724, and liabilities of \$2,362,896. The aggregate purchase price consisted of the following:

| | |
|--|------------|
| Fair value of common stock issued to seller valued at quoted market price | \$ 234,426 |
| Fair value of common stock issued in exchange for debt valued at quoted market price | 330,402 |
| | \$ 564,828 |

The following table summarizes the estimated fair values of CTCI's assets acquired and liabilities assumed at the date of the acquisition:

Edgar Filing: ICEWEB INC - Form 10-Q

| | | |
|---------------------------------------|----|-------------|
| Cash | \$ | 3,609 |
| Accounts Receivable | | 67,160 |
| Prepaid expenses | | 93,802 |

| Deferred revenue | | (59,396) |
| Notes Payable | | (1,764,784) |
| | \$ | 564,828 |

In conjunction with the acquisition of CTCI, we recorded goodwill in the amount of \$1,941,050. We subsequently performed an impairment test on goodwill which requires an analysis based on estimates of future cash flows, and an impairment loss is recognized for the difference between the carrying amount and the fair value of the asset. Based on this analysis we recorded an impairment expense of \$1,941,050 during the three months ending December 31, 2013.

The following table summarizes the required disclosures of the pro forma combined entity, as if the acquisition of Computers & Telecom, Inc. and KCNAP, LLC, (collectively CTC) occurred at July 1, 2012.

Also, see Note 13.

NOTE 13 - DERIVATIVE LIABILITIES

Derivative liability - warrants

The Company has warrants issued in connection with our convertible notes payable outstanding with price protection provisions that allow for the reduction in the exercise price of the warrants in the event the Company subsequently issues stock or securities convertible into stock at a price lower than the exercise price of the warrants. Simultaneously with any reduction to the exercise price, the number of shares of common stock that may be purchased upon exercise of each of these warrants shall be increased or decreased proportionately, so that after such adjustment the aggregate exercise price payable for the adjusted number of warrants shall be the same as the aggregate exercise price in effect immediately prior to such adjustment. The Company accounted for its warrants with price protection in accordance with FASB ASC Topic 815.

Accounting for Derivative Warrant Liability

The Company's derivative warrant instruments have been measured at fair value at March 31, 2014 using the Black-Scholes model. The Company recognizes all of its warrants with price protection in its consolidated balance sheet as liabilities. The liability is revalued at each reporting period and changes in fair value are recognized currently in the consolidated statements of operations. The initial recognition and subsequent changes in fair value of the derivative warrant liability have no effect on the Company's cash flows.

NOTE 13 - DERIVATIVE LIABILITIES (continued)

The derivative warrants outstanding at March 31, 2014 are all currently exercisable with a weighted-average remaining life of 2.50 years.

Derivative liability convertible notes

From November, 2013 through March 31, 2014 the Company issued convertible notes in the total principal amount of \$379,703 and amended conversion terms of the previously existing convertible debenture in the amount of \$186,667.

Upon the issuance of these convertible notes and as a consequence of their conversion features, the convertible notes give rise to derivative liabilities. The Company's derivative liabilities related to its convertible notes payable have been measured at fair value at March 31, 2014 using the Black-Scholes model.

The revaluation of the warrants and convertible debt at each reporting period, as well as the charges associated with issuing additional warrants due to the price protection features, resulted in the recognition of income of \$105,065 and \$313,993 and income of \$176,564 and \$4,352,711 for the for the three and nine months ended March 31, 2014 and 2013, respectively, within the Company's consolidated statements of operations for the three and nine months ended March 31, 2014 and 2013, respectively, under the caption Gain (loss) on Change of fair value of derivative liability. The fair value of the warrants at March 31, 2014 is \$76,285 which is reported on the consolidated balance sheet under the caption Derivative Liability-Warrants. The following summarizes the changes in the value of the derivative warrant liability from September 30, 2013 until March 31, 2014:

| | Value | No. of Warrants |
|--|------------|-----------------|
| Balance at September 30, 2013 Derivative warrant liability | \$ 117,424 | 88,018,721 |

NOTE 13 - DERIVATIVE LIABILITIES (continued)

Fair Value Assumptions Used in Accounting for Derivative Liability

The Company has determined its derivative liability to be a Level 3 fair value measurement and has used the Black-Scholes pricing model to calculate the fair value as of March 31, 2014. The Black-Scholes model requires six basic data inputs: the exercise or strike price, time to expiration, the risk free interest rate, the current stock price, the estimated volatility of the stock price in the future, and the dividend rate. Because the warrants contain the price protection feature, the probability that the exercise price of the warrants would decrease as the stock price decreased was incorporated into the valuation calculations. The key inputs used in the March 31, 2014 fair value calculations were as follows:

| | March 31, 2014 | |
|-------------------------------|---------------------------|---|
| Current exercise price | \$0.0033 - \$0.028 | |
| Time to expiration | 2.50 years | |
| Risk-free interest rate | 0.90 | % |
| Estimated volatility | 185.7 | % |
| Dividend | -0- | |
| Stock price on March 31, 2014 | \$ 0.0055 | |
| Expected forfeiture rate | 0% to 95% | |

NOTE 14 COMMITMENTS AND CONTINGENCIES

NOTE 15 STOCKHOLDERS DEFICIT

The Company has issued and outstanding Series O and Series Q warrants for 30,488,720 common shares, as adjusted, with a current exercise price of \$0.028, as adjusted, which have price protection provisions that allow for the reduction in the current exercise price upon the occurrence of certain events, including the Company's issuance of common stock or securities convertible into or exercisable for common stock, such as options and warrants, at a price per share less than the exercise price then in effect. For instance, if the Company issues shares of its common stock or options exercisable for or securities convertible into common stock at an effective price per share of common stock less than the exercise price then in effect, the exercise price will be reduced to the effective price of the new issuance. The Company has issued and outstanding Series N warrants for 285,841,489 common shares, as adjusted, with a current exercise price of \$0.0054, as adjusted, which have price protection provisions that allow for the reduction in the current exercise price upon the occurrence of certain events, including the Company's issuance of common stock or securities convertible into or exercisable for common stock, such as options and warrants, at a price per share less than the exercise price then in effect. Simultaneously with any reduction to the exercise price of the Series N warrants, the number of shares of common stock that may be purchased upon exercise of each of these warrants shall be increased proportionately, so that after such adjustment the aggregate exercise price payable for the adjusted number of warrants shall be the same as the aggregate exercise price in effect immediately prior to such adjustment.

The Company's issuance of the following securities will not trigger the price protection provisions of the warrants described above: (a) shares of common stock or standard options to the Company's directors, officers, employees or consultants pursuant to a board-approved equity compensation program or other contract or arrangement; (b) shares of common stock issued upon the conversion or exercise of any security, right or other instrument convertible or exchangeable into common stock (or securities exchangeable into common stock) issued prior to November 23, 2011; and (c) shares of common stock and warrants in connection with strategic alliances, acquisitions, mergers, and strategic partnerships, the primary purpose of which is not to raise capital, and which are approved in good faith by the Company's board of directors.

In conjunction with our acquisition of Computers & Telecom, Inc. and subsidiary in October, 2013, we issued a warrant to Agility Ventures, LLC covering a total of 3,675,000 shares with a term of two years and a conversion price of \$0.055 per share.

Issuance of Restricted Stock

In conjunction with our acquisition of Computers & Telecom, Inc. and subsidiary in October, 2013, we issued one million shares of IceWEB, Inc. common stock to Agility Ventures, LLC, valued at \$24,500.

In November, 2013, we issued 7,000,000 shares of common stock at a per share price of \$0.01386, valued at \$97,000 to an accredited investor for services rendered. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

In November, 2013, we issued 4,750,000 shares of common stock at a per share price of \$0.016, valued at \$76,000 to four employees as compensation. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

In November, 2013, we issued 4,117,652 shares of common stock at a per share price of \$0.017, valued at \$70,000 to the directors of IceWEB as board compensation. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

In January, 2014, we issued 2,000,000 shares of common stock at a per share price of \$0.012, valued at \$24,000 to an executive officer as compensation. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

In February, 2014, we issued 8,000,000 shares of common stock at a per share price of \$0.0124, valued at \$91,200 to an accredited investor for services rendered. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

NOTE 16 - STOCK OPTION PLAN

In August 2012, the Board of Directors adopted the 2012 Equity Compensation Plan (the Plan) for directors, officers and employees that provides for non-qualified and incentive stock options to be issued enabling holders thereof to purchase common shares of the Company at exercise prices determined by the Company's Board of Directors.

The purpose of the Plan is to advance the Company's interests and those of its stockholders by providing a means of attracting and retaining key employees, directors and consultants. In order to serve this purpose, the Company believes the Plan encourages and enables key employees, directors and consultants to participate in its future prosperity and growth by providing them with incentives and compensation based on its performance, development and financial success. Participants in the Plan may include the Company's officers, directors, other key employees and consultants who have responsibilities affecting our management, development or financial success.

Awards may be made under the Plan in the form of Plan options, shares of the Company's common stock subject to a vesting schedule based upon certain performance objectives (Performance Shares) and shares subject to a vesting schedule based on the recipient's continued employment (restricted shares). Plan options may either be options

qualifying as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended or options that do not so qualify. Any incentive stock option granted under the Plan must provide for an exercise price of not less than 100% of the fair market value of the underlying shares on the date of such grant, but the exercise price of any incentive option granted to an eligible employee owning more than 10% of our common stock must be at least 110% of such fair market value as determined on the date of the grant. Only persons who are officers or other key employees are eligible to receive incentive stock options and performance share grants. Any non-qualified stock option granted under the Plan must provide for an exercise price of not less than 50% of the fair market value of the underlying shares on the date of such grant.

The term of each Plan option and the manner in which it may be exercised is determined by the Board of Directors, provided that no Plan option may be exercisable more than three years after the date of its grant and, in the case of an incentive option granted to an eligible employee owning more than 10% of the Company's common stock, no more than five years after the date of the grant. The exercise price of the stock options may be paid in either cash, or delivery of unrestricted shares of common stock having a fair market value on the date of delivery equal to the exercise price, or surrender of shares of common stock subject to the stock option which has a fair market value equal to the total exercise price at the time of exercise, or a combination of the foregoing methods.

ICEWEB, INC. AND SUBSIDIARIES**NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2014****NOTE 16 - STOCK OPTION PLAN (continued)**

The fair value of stock options granted was estimated at the date of grant using the Black-Scholes options pricing model. The Company used the following assumptions for determining the fair value of options granted under the Black-Scholes option pricing model:

| | Nine months ended March 31, | |
|-------------------------|------------------------------------|-------------|
| | 2014 | 2013 |
| Expected volatility | 13% - 278% | 36% - 278% |
| Expected term | 1 36 months | 1 36 months |
| Risk-free interest rate | 0.01% - 0.34% | 0.72% |
| Forfeiture Rate | 0% | 0% - 45% |
| Expected dividend yield | 0.00% | 0.00% |

The expected volatility was determined with reference to the historical volatility of the Company's stock. The Company uses historical data to estimate option exercise and employee termination within the valuation model. The expected term of options granted represents the period of time that options granted are expected to be outstanding. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury rate in effect at the time of grant.

For the three and nine months ended March 31, 2014, total stock-based compensation charged to operations for option-based arrangements amounted to \$37,592 and \$378,111, respectively. At March 31, 2014, there was approximately \$70,403 of total unrecognized compensation expense related to non-vested option-based compensation arrangements under the Plan.

A summary of the status of the Company's outstanding stock options as of March 31, 2014 and changes during the period ending on that date is as follows:

| | Number of Options | Weighted Average Exercise Price | Weighted Average Remaining Contractual Term | Aggregate Intrinsic Value |
|---------------------------------------|------------------------------|--|--|--|

NOTE 17 - RELATED PARTY TRANSACTIONS

On November 2, 2012 IceWEB, Inc. entered into a Loan Agreement with IWEB Growth Fund, LLC, a Virginia limited liability company (IWEB Growth Fund) which was recently established by Messrs. Compton, Bush, Carosi, Pirtle and Stavish and General Soyster, our former independent directors. Ms. My Le Phuong, an employee of our company, serves as manager of the IWEB Growth Fund. Under the terms of the Loan Agreement, IWEB Growth Fund agreed to make one or more loans to us up to the total principal amount of \$1.5 million. The lending of any amounts under the Loan Agreement is conditioned upon the negotiation of notes and related loan documents which contain terms and conditions that are acceptable to the lender to be determined at the time of the loans. We agreed to grant IWEB Growth Fund a security interest in our assets as collateral for these loans, which such security interest is subordinate to the interest of our primary lender Sand Hill Finance, LLC. In the event we should default under the terms of the Loan Agreement, IWEB Growth Fund is entitled to declare all amounts advanced under the various notes immediately due and payable. An event of default includes a breach by us of any covenant, representation or warranty in the Loan Agreement or a default under any note entered into with the lender.

Between November 9, 2012 and July 11, 2013, IWEB Growth Fund lent us an aggregate of \$186,000 under the terms of 9 separate Confession of Judgment Promissory Notes. These notes, which are identical in their terms other than the dates and principal amounts, are for a one year term and bear interest at 12% per annum payable at maturity. Embodied in each of the notes is a confession of judgment which means that should we default upon the payment of the note, we have agreed to permit IWEB Growth Fund to enter a judgment against us in the appropriate court in Virginia before filing suit against us for collection of the amounts. Pursuant to the terms of the Loan Agreement, we paid IWEB Growth Fund s expenses of \$1,500 for the preparation of the Loan Agreement and related documents. We are using the net proceeds from these initial loans for general working capital.

On April 23, 2014, the six members of IceWEB s Board of Directors resigned, and was replaced by three directors appointed by the holder of our Series AA Preferred Stock. The Board of Directors consists of three directors as of April 23, 2014.

While two out of the three board members who were appointed on April 23, 2014 qualify as unrelated and independent, as they are independent from management and free from any interest, function, business or other relationship that could, or could reasonably be perceived to, materially interfere with the Director s ability to act in the

our best interest, we do not have any policies or procedures for the review, approval or ratification of any related party transactions and no review or ratification of any of the foregoing related party transactions by our board has occurred.

NOTE 18 - SEGMENT REPORTING

Although the Company has a number of operating divisions, separate segment data has not been presented as they meet the criteria for aggregation as permitted by ASC Topic 280, Segment Reporting (formerly Statement of Financial Accounting Standards (SFAS) No. 131, Disclosures About Segments of an Enterprise and Related Information).

Our chief operating decision-maker is considered to be our Chief Executive Officer (CEO). The CEO reviews financial information presented on a consolidated basis for purposes of making operating decisions and assessing financial performance. The financial information reviewed by the CEO is identical to the information presented in the accompanying consolidated statements of operations. Therefore, the Company has determined that it operates in a single operating segment, specifically, web communications services. For the periods ended March 31, 2014 and 2013 all material assets and revenues of the Company were in the United States.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

The following analysis of our unaudited consolidated financial condition and results of operations for the three and nine months ended March 31, 2014 and 2013 should be read in conjunction with the consolidated financial statements, including footnotes, appearing elsewhere in this quarterly report.

OVERVIEW

With our acquisition of Computers & Telecom, Inc. and KCNAP, LLC, (collectively CTC) in October 2013, IceWEB is now headquartered in Kansas City, Missouri, and provides wireless and fiber broadband service, co-location space and related services and operates a Network Access Point (NAP) where customers directly interconnect with a network ecosystem of partners and customers. This access to Internet routes provides CTC customers improved reliability and streamlined connectivity while significantly reducing costs by reaching a critical mass of networks within a centralized physical location. In addition, through our IceWEB Storage Corporation subsidiary we deliver on-line cloud computing application services, and manufacture and market cloud-attached and network storage.

CTC operates a wireless internet service business, providing WIMAX broadband to small and medium size businesses in the metro Kansas-City, Missouri area. In addition CTC offers the following solutions: (i) premium data center co-location, (ii) interconnection and (iii) exchange and outsourced IT infrastructure services.

We leverage our NAP which allows our customers to increase information and application delivery performance while significantly reducing costs. Our platform enables scalable, reliable and cost-effective co-location, interconnection and traffic exchange thus lowering overall cost and increasing flexibility.

Our customer base includes U.S. government agencies, enterprise companies, and small to medium sized businesses (SMB).

CRITICAL ACCOUNTING POLICIES

The discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the

United States. The preparation of these consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates based on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

A summary of significant accounting policies is included in Note 1 to the audited consolidated financial statements included for the year ended September 30, 2013 and notes thereto contained on Form 10-K of the Company as filed with the Securities and Exchange Commission. Management believes that the application of these policies on a consistent basis enables us to provide useful and reliable financial information about the company's operating results and financial condition.

Financial Reporting Release No. 60, which was released by the U.S. Securities and Exchange Commission, encourages all companies to include a discussion of critical accounting policies or methods used in the preparation of financial statements. Our consolidated financial statements include a summary of the significant accounting policies and methods used in the preparation of our consolidated financial statements. Management believes the following critical accounting policies affect the significant judgments and estimates used in the preparation of the financial statements.

Use of Estimates - Management's Discussion and Analysis or Plan of Operations is based upon our unaudited consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires management to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues, and expenses, and related disclosure of contingent assets and liabilities. On an ongoing basis, management evaluates these estimates, including those related to allowances for doubtful accounts receivable, the carrying value of property and equipment and long-lived assets, the value of derivatives, and the value of stock-option based compensation. Management bases these estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis of making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We account for stock based compensation under ASC Topic 718, Compensation - Stock Compensation. ASC Topic 718 establishes the financial accounting and reporting standards for stock-based compensation plans. As required by ASC Topic 718, we recognize the cost resulting from all stock-based payment transactions including shares issued under our stock option plans in the financial statements.

THREE AND NINE MONTHS ENDED MARCH 31, 2014 COMPARED TO THE THREE AND NINE MONTHS ENDED MARCH 31, 2013

The following table provides an overview of certain key factors of our results of operations for the Three and Nine months ended March 31, 2014 as compared to the Three and Nine months ended March 31, 2013:

| | Three months ended March 31, | | Nine months ended March 31, | |

Nine Month Period ended March 31, 2014

Revenues

For the nine months ended March 31, 2014, we reported revenues of \$499,148 as compared to revenues of \$862,223 for the nine months ended March 31, 2013, a decrease of \$363,075 or approximately 42%.

Cost of Sales

Our cost of sales consists primarily of the costs of providing wireless and fiber bandwidth and colocation services. For the nine months ended March 31, 2014 cost of sales was \$252,311 or approximately 50.5% of revenues, compared to \$538,755, or approximately 62.5% of revenues, for the nine months ended March 31, 2013. The decrease in costs of sales as a percentage of revenue and the corresponding increase in our gross profit margin for the nine months ended March 31, 2014 as compared to the nine months ended March 31, 2013 was primarily the result of the mix of higher margin products and services sold in the nine month period ended March 31, 2014 versus the prior year period. We anticipate that our gross profit margins will remain between 45% and 50% through the balance of fiscal 2014.

Total Operating Expenses

Our total operating expenses decreased approximately 44% to \$3,423,107 for the nine months ended March 31, 2014 as compared to \$6,126,801 for the nine months ended March 31, 2013. These changes include:

Marketing and selling. For the nine months ended March 31, 2014, marketing and selling costs were \$226,890 as compared to \$1,091,393 for the nine months ended March 31, 2013, a decrease of \$864,503 or approximately 79%. The decrease was due to a decrease in sales and marketing related headcount and stock-based consulting expense during the nine months ended March 31, 2014 versus the prior year.

Depreciation and amortization expense. For the nine months ended March 31, 2014, depreciation and amortization expense amounted to \$462,237 as compared to \$123,689 for the nine months ended March 31, 2013. The increase was primarily due to the acquisition of Computers & Tele-com, Inc. and subsidiary in October, 2013.

Research and Development. For the nine months ended March 31, 2014 research and development costs were \$780,554 as compared to \$817,737 for the nine months ended March 31, 2013, a decrease of \$37,183 or approximately 5%.

General and administrative expense. For the nine months ended March 31, 2014, general and administrative expenses were \$1,953,426 as compared to \$4,093,982 for the nine months ended March 31, 2013, a decrease of \$2,140,556 or approximately 52%. For the nine months ended March 31, 2014 and 2013 general and administrative expenses consisted of the following:

| | Fiscal Q3 2014 | Fiscal Q3 2013 |
|-----------------------|---------------------------|---------------------------|
| Occupancy | \$ 97,828 | \$ 27,079 |
| Consulting | 796,235 | 1,132,398 |
| Employee compensation | 506,989 | 922,766 |
| Professional fees | 141,995 | 432,481 |
| Internet/Phone | 17,224 | 7,122 |
| Travel/Entertainment | 27,030 | 36,965 |
| Investor Relations | (691) | 1,341,155 |
| Insurance | 18,319 | 16,229 |
| Other | 348,497 | 177,787 |
| | \$ | |
| | 1,953,426 | \$ 4,093,982 |

For the nine months ended March 31, 2014, Occupancy expense increased to \$97,828 as compared to \$27,079. Occupancy expense is higher due to the acquisition of Computers & Tele-com, Inc. and subsidiary, in October, 2013.

For the nine months ended March 31, 2014, Consulting expense decreased to \$796,235 as compared to \$1,132,398, a decrease of \$336,163. The decrease was due to lower consulting expense incurred related to business development efforts compared to the prior fiscal year.

For the nine months ended March 31, 2014, salaries and related expenses decreased to \$506,989 as compared to \$922,766. Employee compensation is lower primarily due to lower stock-based compensation as compared to the prior year.

For the nine months ended March 31, 2014, Professional fee expense decreased to \$141,995 as compared to \$432,481. Professional fee expense decreased primarily due to lower litigation and lower legal fees incurred in the normal course of business.

For the nine months ended March 31, 2014, travel and entertainment expense decreased to \$27,030 as compared to \$36,965. Travel and entertainment expense decreased as a result of decreased travel for merger and acquisition activities, and general corporate purposes.

For the nine months ended March 31, 2014, Other expense amounted to \$348,497 as compared to \$177,787 for the nine months ended March 31, 2013, an increase of \$170,710, or 96%.

For the nine months ended March 31, 2014 Investor relations expense decreased to (\$691) as compared to \$1,341,155 for the nine months ended March 31, 2013. The decrease is due to substantially lower general investor relations activity.

We anticipate that general and administrative expenses will continue to remain flat during the balance of fiscal 2014.

LOSS FROM OPERATIONS

We reported a loss from operations of \$3,176,270 for the nine months ended March 31, 2014 as compared to a loss from operations of \$5,803,333 for the nine months ended March 31, 2013, a decrease of \$2,627,063 or approximately 45%.

OTHER INCOME (EXPENSES)

Interest expense. For the nine months ended March 31, 2014, interest expense amounted to \$466,844 as compared to \$1,426,898 for the nine months ended March 31, 2013, a decrease of \$960,054 or 82%. The decrease in interest expense is primarily attributable to the lower amortization of deferred financing costs, and the decrease in borrowings and certain interest bearing liabilities.

Loss on impairment of intangible assets. For the nine months ended March 31, 2014, we incurred a loss on the impairment of intangible assets of \$1,941,050, which related to the acquisition of Computers & Telecom, Inc. and subsidiary in October, 2013. We did not incur a similar expense in the nine months ended March 31, 2013.

Loss on extinguishment of debt. For the nine months ended March 31, 2014, we incurred a loss on the extinguishment of debt of \$768,463, which related to the payoff of the convertible note payable due to Sand Hill Finance at a share price below the contractual conversion price, in August, 2013. We did not incur a similar expense in the nine months ended March 31, 2013.

Gain on change of fair value of derivative liability. For the nine months ended March 31, 2014 we incurred a decrease in the value of the derivative liability of \$176,564 as compared to a decrease in the value of the derivative liability of \$4,352,711 for the nine months ended March 31, 2013. The variance is primarily attributable to the change in the Company's stock price.

NET LOSS

Our net loss was \$6,176,063 for the nine months ended March 31, 2014 compared to a loss of \$2,877,519 for the nine months ended March 31, 2013.

Three Month Period ended March 31, 2014

Revenues

For the three months ended March 31, 2014, we reported revenues of \$176,483 as compared to revenues of \$455,144 for the three months ended March 31, 2013, a decrease of \$278,661 or approximately 61%. The decrease is primarily due to lower data storage revenue, along with a shift in the business focus to the data center operations related to our acquisition of Computers & Telecom, Inc. and KCNAP, which occurred in October, 2013.

Cost of Sales

Our cost of sales consists primarily of the costs of providing wireless and fiber bandwidth and colocation services. For the three months ended March 31, 2014 cost of sales was \$75,357 or approximately 42.7% of revenues, compared to \$254,119, or approximately 55.8% of revenues, for the three months ended March 31, 2013. The decrease in costs of sales as a percentage of revenue and the corresponding increase in our gross profit margin for the three months ended March 31, 2014 as compared to the three months ended March 31, 2013 was primarily the result of the mix of higher margin products and services sold in the three month period ended March 31, 2014 versus the prior year period. We anticipate that our gross profit margins will remain between 45% and 50% through the balance of fiscal 2014.

Total Operating Expenses

Our total operating expenses decreased approximately 93% to \$161,054 for the three months ended March 31, 2014 as compared to \$2,432,536 for the three months ended March 31, 2013. These changes include:

Marketing and selling. For the three months ended March 31, 2014, marketing and selling costs were \$40,198 as compared to \$480,175 for the three months ended March 31, 2013, a decrease of \$439,977 or approximately 92%. The decrease was due to a decrease in sales and marketing related headcount during the three months ended March 31, 2014 versus the prior year.

Depreciation and amortization expense. For the three months ended March 31, 2014, depreciation and amortization expense amounted to \$180,493 as compared to \$52,977 for the three months ended March 31, 2013. The increase was primarily due to the acquisition of Computers & Tele-com, Inc. and subsidiary in October, 2013.

Research and Development. For the three months ended March 31, 2014, research and development costs were \$86,177 as compared to \$198,418 for the three months ended March 31, 2013, a decrease of 112,241 or approximately 57%. The decrease is primarily due to lower headcount.

General and administrative expense. For the three months ended March 31, 2014, general and administrative expenses were \$(145,814) as compared to \$1,700,966 for the three months ended March 31, 2013, a decrease of \$1,846,779 or approximately 109%. For the three months ended March 31, 2014 and 2013 general and administrative expenses consisted of the following:

| | Fiscal Q3 2014 | Fiscal Q3 2013 |
|-----------------------|---------------------------|---------------------------|
| Occupancy | \$ 47,675 | \$ 10,202 |
| Consulting | 25,012 | 972,015 |
| Employee compensation | (335,699) | 368,647 |
| Professional fees | 42,144 | 47,778 |
| Internet/Phone | 5,595 | 1,946 |
| Travel/Entertainment | 2,595 | 3,413 |
| Investor Relations | 26,229 | 273,999 |
| Insurance | 8,591 | 3,616 |
| Other | 32,046 | 19,351 |
| | \$ (145,814) | \$ 1,700,966 |

For the three months ended March 31, 2014, Occupancy expense increased to \$47,675 as compared to \$10,202. Occupancy expense is higher due to the acquisition of Computers & Tele-com, Inc. and subsidiary, in October, 2013.

For the three months ended March 31, 2014, Consulting expense decreased to \$25,012 as compared to \$972,015, a decrease of \$947,003, or 97%. The decrease was due to lower consulting expense incurred related to business development efforts in the current fiscal year as compared to the prior year period.

For the three months ended March 31, 2014, salaries and related expenses decreased to (\$335,699) as compared to \$368,647. Employee compensation is lower primarily due to the return and cancellation of restricted share compensation in the current fiscal quarter, which was expensed in the prior fiscal year. Excluding that adjustment, compensation expense during the three months ended March 31, 2014 totaled

\$168,301, which is lower than the prior year due to reduced headcount and other expense control efforts.

For the three months ended March 31, 2014, Professional fee expense decreased to \$42,144 as compared to \$47,778. Professional fee expense decreased primarily due to lower legal fees incurred in the normal course of business.

For the three months ended March 31, 2014, travel and entertainment expense decreased to \$2,595 as compared to \$3,413. Travel and entertainment expense decreased as a result of decreased travel for merger and acquisition activities, and general corporate purposes.

For the three months ended March 31, 2014, Other expense amounted to \$32,046 as compared to \$19,351 for the three months ended March 31, 2013, an increase of \$12,695, or 65%.

For the three months ended March 31, 2014 Investor relations expense decreased to \$26,229 as compared to \$273,999 for the three months ended March 31, 2013. The decrease is due to substantially lower general investor relations activity.

We anticipate that general and administrative expenses will continue to remain flat during the balance of fiscal 2014.

LOSS FROM OPERATIONS

We reported a loss from operations of \$59,928 for the three months ended March 31, 2014 as compared to a loss from operations of \$2,231,512 for the three months ended March 31, 2013, a decrease of \$2,171,584 or approximately 97%.

OTHER INCOME (EXPENSES)

Interest expense. For the three months ended March 31, 2014, interest expense amounted to \$316,192 as compared to \$206,759 for the three months ended March 31, 2013, an increase of \$109,433 or 53%. The increase in interest expense is primarily attributable to the higher amortization of deferred financing costs and loan discounts, offset by the decrease in borrowings and certain interest bearing liabilities.

Gain (loss) on change of fair value of derivative liability. For the three months ended March 31, 2014 we incurred a decrease in the value of the derivative liability of \$105,065 as compared to a decrease in the value of the derivative liability of \$313,993 for the three months ended March 31, 2013.

NET LOSS

Our net loss was \$271,055 for the three months ended March 31, 2014 compared to a loss of \$2,124,277 for the three months ended March 31, 2013.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity is the ability of a company to generate funds to support its current and future operations, satisfy its obligations and otherwise operate on an ongoing basis.

Net cash used by operating activities was \$1,500,887 for the nine months ended March 31, 2014 as compared to net cash used in operating activities of \$2,448,468 for the nine months ended March 31, 2013, a decrease of \$947,581.

For the nine months ended March 31, 2014, we had a net loss of \$6,176,063, along with non-cash expense of \$4,618,388, including a decrease in derivative liability of \$176,564, offset by changes in assets and liabilities of \$56,788. During the nine months ended March 31, 2014 we experienced a decrease in accounts receivable of \$7,390,

and a decrease in accounts payable and accrued liabilities during the period of \$72,679. For the nine months ended March 31, 2013, we had a net loss of \$2,877,519, along with non-cash expense of \$209,408, and a decrease in derivative liability of \$2,038,064, offset by changes in assets and liabilities of \$638,459. During the nine months ended March 31, 2013 we experienced a decrease in accounts receivable of \$789,776, and a decrease in accounts payable and accrued liabilities during the period of \$63,082.

Net cash used in investing activities for the nine months ended March 31, 2014 and 2013 was \$23,319 and \$197,838, respectively.

Net cash provided by financing activities for the nine months ended March 31, 2014 was \$1,449,849 as compared to net cash provided of \$1,931,616 for the nine months ended March 31, 2013. For the nine months ended March 31, 2014, net cash provided by financing activities related to proceeds from convertible notes payable of \$481,092 and proceeds from the exercise of common stock options of \$782,483, proceeds from the sale of restricted stock of \$70,000, proceeds from a note payable with related parties of \$75,000, and proceeds from the exercise of warrants of \$53,480, offset by repayments on notes payable of \$12,206. For the nine months ended March 31, 2013, net cash provided by financing activities related to proceeds from notes payable of \$373,823 which were advances under our factoring line with Sand Hill Finance LLC, proceeds from the exercise of common stock options of \$960,573, proceeds from the sale of restricted stock of \$564,513, proceeds from a note payable with related parties of \$111,000, and proceeds from the exercise of warrants of \$172,540, offset by repayments on notes payable of \$250,833 which were to pay down the balance on the Sand Hill Finance LLC factoring line.

At March 31, 2014 we had a working capital deficit of \$2,119,130 and an accumulated deficit of \$51,099,552. The report from our independent registered public accounting firm on our audited financial statements for the fiscal year ended September 30, 2013 contained an explanatory paragraph regarding doubt as to our ability to continue as a going concern as a result of our net losses in operations. Our sales were not sufficient to pay our operating expenses. We reported a net loss of \$6,176,063 for the nine months ended March 31, 2014. There are no assurances that we will report income from operations in any future periods.

Historically, our revenues have not been sufficient to fund our operations and we have relied on capital provided through the sale of equity securities, and various financing arrangements and loans from related parties. At March 31, 2014 we had cash on hand of \$4,815.

We do not have any commitments for capital expenditures. Our working capital needs in future periods are dependent primarily on the rate at which we can increase our revenues while controlling our expenses and decreasing the use of cash to fund operations. Additional capital may be needed to fund acquisitions of additional companies or assets, although we are not a party to any pending agreements at this time and, accordingly, cannot estimate the amount of capital which may be necessary, if any, for acquisitions.

As long as our cash flow from operations remains insufficient to completely fund operations, we will continue depleting our financial resources and seeking additional capital through equity and/or debt financing.

There can be no assurance that acceptable financing can be obtained on suitable terms, if at all. Our ability to continue our existing operations and to continue growth strategy could suffer if we are unable to raise the additional funds on acceptable terms which will have the effect of adversely affecting our ongoing operations and limiting our ability to increase our revenues and maintain profitable operations in the future. If we are unable to secure the necessary additional working capital as needed, we may be forced to curtail some or all of our operations.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

None.

Item 4. Controls and Procedures

Evaluation of disclosure controls and procedures. Our Chief Executive Officer (CEO) and Chief Financial Officer (CFO) have evaluated the effectiveness of our disclosure controls and procedures (as defined in the Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the end of the period covered by the Quarterly Report (the evaluation date). They have concluded that, as of the evaluation date, these disclosure controls and procedures were not effective due to deficiencies that existed in the design or operation of our internal control over the calculation of share-based expenses that adversely affected our internal controls and that may be considered to be a material weakness. Management believes that the material weaknesses of our disclosure controls and procedures did not have an effect on our company's financial results.

Changes in internal control over financial reporting. There were no changes to internal controls over financial reporting that occurred During the nine months ended March 31, 2014, that have materially affected, or are reasonably likely to materially impact, our internal controls over financial reporting.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, we may become involved in various lawsuits and legal proceedings, which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed under the heading **Risk Factors** in our Annual Report on Form 10-K filed on January 14, 2014, which could materially affect our business operations, financial condition or future results. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business operations and/or financial condition. There have been no material changes to our risk factors since the filing of our Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

In January, 2014, we issued 2,000,000 shares of common stock at a per share price of \$0.012, valued at \$24,000 to an executive officer as compensation. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

In February, 2014, we issued 8,000,000 shares of common stock at a per share price of \$0.0124, valued at \$91,200 to an accredited investor for services rendered. The issuance was exempt from registration under the Securities Act of 1933 in reliance on an exemption provided by Section 4(2) of that act.

Item 3. Defaults Upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders
