Form 10-Q
August 03, 2016

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT UNDER SECTION 13 OR 15(d) OF THE SECURITIES
EXCHANGE ACT OF 1934

For the quarter ended June 30, 2016

Commission file number 1-13905

COMPX INTERNATIONAL INC.

(Exact name of Registrant as specified in its charter)

Delaware (State or other jurisdiction of Incorporation or organization)	57-0981653 (IRS Employer Identification No.)
---	--

5430 LBJ Freeway, Suite 1700,

Three Lincoln Centre, Dallas, Texas (Address of principal executive offices)	75240-2697 (Zip Code)
---	--------------------------

Registrant's telephone number, including area code (972) 448-1400

Indicate by checkmark:

Whether the Registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such a shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Edgar Filing: COMPX INTERNATIONAL INC - Form 10-Q

Whether the Registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company (as defined in Rule 12b-2 of the Exchange Act). Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No .

Number of shares of common stock outstanding on July 28, 2016:

Class A: 2,419,107

Class B: 10,000,000

COMPX INTERNATIONAL INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2016

(unaudited)

Note 1 – Organization and basis of presentation:

Organization. We (NYSE MKT: CIX) are 87% owned by NL Industries, Inc. (NYSE: NL) at June 30, 2016. We manufacture and sell component products (security products and recreational marine components). At June 30, 2016, Valhi, Inc. (NYSE: VHI) owns 83% of NL’s outstanding common stock and a wholly-owned subsidiary of Contran Corporation owns 93% of Valhi’s outstanding common stock. All of Contran’s outstanding voting stock is held by a family trust established for the benefit of Lisa K. Simmons and Serena Simmons Connelly and their children, for which Ms. Simmons and Ms. Connelly are co-trustees, or is held directly by Ms. Simmons and Ms. Connelly or entities related to them. Consequently, Ms. Simmons and Ms. Connelly may be deemed to control Contran, Valhi, NL and us.

Basis of presentation. Consolidated in this Quarterly Report are the results of CompX International Inc. and its subsidiaries. The unaudited Condensed Consolidated Financial Statements contained in this Quarterly Report have been prepared on the same basis as the audited Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2015 that we filed with the Securities and Exchange Commission (“SEC”) on March 3, 2016 (the “2015 Annual Report”). In our opinion, we have made all necessary adjustments (which include only normal recurring adjustments) in order to state fairly, in all material respects, our consolidated financial position, results of operations and cash flows as of the dates and for the periods presented. We have condensed the Consolidated Balance Sheet at December 31, 2015 contained in this Quarterly Report as compared to our audited Consolidated Financial Statements at that date, and we have omitted certain information and footnote disclosures (including those related to the Consolidated Balance Sheet at December 31, 2015) normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America (“GAAP”). Our results of operations for the interim period ended June 30, 2016 may not be indicative of our operating results for the full year. The Condensed Consolidated Financial Statements contained in this Quarterly Report should be read in conjunction with our 2015 Consolidated Financial Statements contained in our 2015 Annual Report.

Our operations are reported on a 52 or 53-week year. For presentation purposes, annual and quarterly information in the Condensed Consolidated Financial Statements and accompanying notes are presented as ended June 30 and December 31, as applicable. Unless otherwise indicated, references in this report to “we”, “us” or “our” refer to CompX International Inc. and its subsidiaries, taken as a whole.

- 8 -

Note 6 – Provision for income taxes:

	Six months ended June 30, 2015 2016 (In thousands)	
Expected tax expense, at the U.S. federal statutory income tax rate of 35%	\$2,808	\$2,500
Domestic production activities deduction	(260)	(218)
State income taxes	238	208
Other, net	13	15
Total income tax expense	\$2,799	\$2,505

Note 7 – Financial instruments:

The following table presents the financial instruments that are not carried at fair value but which require fair value disclosure:

	December 31, 2015		June 30, 2016	
	Carrying amount	Fair value	Carrying amount	Fair value
	(In thousands)			
Cash and cash equivalents	\$52,347	\$52,347	\$51,300	\$51,300
Accounts receivable, net	8,760	8,760	12,386	12,386
Accounts payable	2,671	2,671	3,207	3,207

Due to their near-term maturities, the carrying amounts of accounts receivable and accounts payable are considered equivalent to fair value.

Note 8 – Related party transactions:

From time to time, we may have loans and advances outstanding between us and various related parties pursuant to term and demand notes. We generally enter into these loans and advances for cash management purposes. When we loan funds to related parties, we are generally able to earn a higher rate of return on the loan than we would earn if we invested the funds in other instruments, and when we borrow from related parties, we are generally able to pay a lower rate of interest than we would pay if we had incurred third-party indebtedness. While certain of these loans to affiliates may be of a lesser credit quality than cash equivalent instruments otherwise available to us, we believe we

have considered the credit risks in the terms of the applicable loans. In this regard, on August 3, 2016 we entered into an unsecured revolving demand promissory note with Valhi whereby we have agreed to loan Valhi up to \$40 million. Our loan to Valhi bears interest at prime plus 1.00%, payable quarterly, with all principal due on demand, but in any event no earlier than December 31, 2017. The amount of our outstanding loans to Valhi at any time is at our discretion.

Note 9 – Recent accounting pronouncements not yet adopted:

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2014-09, Revenue from Contracts with Customers (Topic 606). This standard replaces existing revenue recognition guidance, which in many cases was tailored for specific industries, with a uniform accounting standard applicable to all industries and transactions. The new standard, as amended, is currently effective for us beginning with the first quarter of 2018. Entities may elect to adopt ASU No. 2014-09 retrospectively for all periods for all contracts and transactions which occurred during the period (with a few exceptions for practical expediency) or retrospectively with a cumulative effect recognized as of the date of adoption. ASU No. 2014-09 is a fundamental rewriting of existing GAAP with respect to revenue recognition, and we are still evaluating the effect the Standard will have on our consolidated financial statements. We currently expect to adopt the standard in the first quarter of 2018. In addition, we have not yet determined the method we will use to adopt the Standard.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Business Overview

We are a leading manufacturer of engineered components utilized in a variety of applications and industries. Through our Security Products segment we manufacture mechanical and electronic cabinet locks and other locking mechanisms used in recreational transportation, postal, office and institutional furniture, cabinetry, tool storage and healthcare applications. We also manufacture stainless steel exhaust systems, gauges, throttle controls and trim tabs for the recreational marine and other industries through our Marine Components segment.

General

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. Statements in this Quarterly Report that are not historical facts are forward-looking in nature and represent management's beliefs and assumptions based on currently available information. In some cases, you can identify forward-looking statements by the use of words such as "believes," "intends," "may," "should," "could," "anticipates," "expects" or comparable terminology, or by discussions of strategies or trends. Although we believe that the expectations reflected in such forward-looking statements are reasonable, we do not know if these expectations will be correct. Such statements by their nature involve substantial risks and uncertainties that could significantly impact expected results. Actual future results could differ materially from those predicted. The factors that could cause actual future results to differ materially from those described herein are the risks and uncertainties discussed in this Quarterly Report and those described from time to time in our other filings with the SEC and include, but are not limited to, the following:

- Future demand for our products,
- Changes in our raw material and other operating costs (such as zinc, brass and energy costs) and our ability to pass those costs on to our customers or offset them with reductions in other operating costs,
- Price and product competition from low-cost manufacturing sources (such as China),
- The impact of pricing and production decisions,
- Customer and competitor strategies including substitute products,
- Uncertainties associated with the development of new product features,
- Future litigation,
- Potential difficulties in integrating future acquisitions,
- Decisions to sell operating assets other than in the ordinary course of business,
- Environmental matters (such as those requiring emission and discharge standards for existing and new facilities),
- The ultimate outcome of income tax audits, tax settlement initiatives or other tax matters,
- The impact of current or future government regulations (including employee healthcare benefit related regulations),
- Potential difficulties in upgrading or implementing new manufacturing and accounting software systems,
- General global economic and political conditions that introduce instability into the U.S. economy (such as changes in the level of gross domestic product in various regions of the world),
- Operating interruptions (including, but not limited to labor disputes, hazardous chemical leaks, natural disasters, fires, explosions, unscheduled or unplanned downtime, transportation interruptions and cyber-attacks); and
- Possible disruption of our business or increases in the cost of doing business resulting from terrorist activities or global conflicts.

Should one or more of these risks materialize (or the consequences of such development worsen), or should the underlying assumptions prove incorrect, actual results could differ materially from those currently forecasted or expected. We disclaim any intention or obligation to update or revise any forward-looking statement whether as a result of changes in information, future events or otherwise.

Operations Overview

Operating income was \$3.7 million in the second quarter of 2016 compared to \$4.3 million in the same period of 2015. Operating income for the first six months of 2016 was \$7.1 million compared to \$8.0 million for the comparable period. Our operating income decreased for the quarter and for the first six months of 2016 primarily due to lower Security Products sales.

Our product offerings consist of a significantly large number of products that have a wide variation in selling price and manufacturing cost, which results in certain practical limitations on our ability to quantify the impact of changes in individual product sales quantities and selling prices on our net sales, cost of goods sold and gross profit. In addition, small variations in period-to-period net sales, cost of goods sold and gross profit can result from changes in the relative mix of our products sold.

Results of Operations

	Three months ended June 30,			
	2015	%	2016	%
	(Dollars in thousands)			
Net sales	\$28,918	100.0%	\$27,107	100.0%
Cost of goods sold	19,758	68.3 %	18,621	68.7 %
Gross profit	9,160	31.7 %	8,486	31.3 %
Operating costs and expenses	4,854	16.8 %	4,769	17.6 %
Operating income	\$4,306	14.9 %	\$3,717	13.7 %

	Six months ended June 30,			
	2015	%	2016	%
	(Dollars in thousands)			
Net sales	\$56,808	100.0%	\$54,182	100.0%
Cost of goods sold	39,082	68.8 %	37,491	69.2 %
Gross profit	17,726	31.2 %	16,691	30.8 %
Operating costs and expenses	9,719	17.1 %	9,621	17.8 %
Operating income	\$8,007	14.1 %	\$7,070	13.0 %

Net sales. Net sales decreased \$1.8 million in the second quarter of 2016 and \$2.6 million in the first six months of 2016 compared to the respective periods in 2015, primarily due to Security Products sales in 2015 for a government security end-user that, as expected, did not recur in 2016. For the six months ended June 2016, the decrease in Security Products sales was partially offset by increased Marine Components sales to the waterski/wakeboard boat market. Relative changes in selling prices did not have a material impact on net sales comparisons.

Cost of goods sold and gross profit. Cost of goods sold as a percentage of sales increased less than 1% in the second quarter and first six months of 2016 compared to the same periods in 2015. As a result, gross profit as a percentage of net sales decreased slightly over the same periods. Gross profit dollars decreased due to lower sales in the Security Products segment. The decrease in gross profit percentage is primarily due to decreased leverage of fixed manufacturing costs as a result of decreased production volumes during the second quarter and first six months of

2016 partially offset by improved variable contribution margins attributable to relative changes in customer and product mix, primarily in the Security Products segment.

Operating costs and expenses. Operating costs and expenses consist primarily of sales and administrative related personnel costs, sales commissions and advertising expenses, as well as gains and losses on plant, property and equipment. Operating costs and expenses for the second quarter and first six months of 2016 were comparable to the same periods in 2015.

Operating income. As a percentage of net sales, operating income for the second quarter and first six months of 2016 decreased compared to the same periods of 2015 and was primarily impacted by the factors impacting gross profit percentage and operating costs discussed above.

Provision for income taxes. A tabular reconciliation of our actual tax provision to the U.S. federal statutory income tax rate is included in Note 6 to the Condensed Consolidated Financial Statements. Our operations are wholly within the U.S. and therefore our

- 11 -

Edgar Filing: COMPX INTERNATIONAL INC - Form 10-Q

effective income tax rate is primarily reflective of the U.S. federal statutory rate, the benefit associated with the U.S. domestic production activities deduction is fully offset by our provision for U.S. state income taxes.

Segment Results

The key performance indicator for our segments is operating income.

	Three months ended June 30,			%	Six months ended June 30,			%
	2015 (Dollars in thousands)	2016	Change		2015 (Dollars in thousands)	2016	Change

Marine Components	606	555	-8	%	866	889	3	%
Corporate operating expenses	(1,554)	(1,623)	-4	%	(3,059)	(3,075)	-1	%
Total operating income	\$4,306	\$3,717	-14	%	\$8,007	\$7,070	-12	%
Gross profit margin:								
Security Products	32.1	%	31.8	%	31.8	%	31.5	%
Marine Components	28.7	%	28.2	%	26.8	%	26.7	%
Total gross profit margin	31.7	%	31.3	%	31.2	%	30.8	%
Operating income margin:								
Security Products	21.0	%	20.6	%	20.5	%	19.9	%
Marine Components	15.7	%	14.2	%	12.2	%	11.7	%
Total operating income margin	14.9	%	13.7	%	14.1	%	13.0	%

Security Products. Security Products net sales decreased 7% in the second quarter of 2016 and 6% in the first six months of 2016 compared to the same periods last year. The decrease in sales is primarily due to a decrease of approximately \$1.6 million and \$3.2 million in sales for a government security end-user that did not recur in the second quarter or first six months of 2016, respectively.

Gross profit margin and operating income as a percentage of sales for the second quarter and first six months of 2016 decreased compared to the same periods in 2015 primarily due to decreased leverage of fixed costs and operating costs and expenses as a result of decreased production volumes, partially offset by improved variable contribution margins attributable to changes in customer and product mix.

Marine Components. Marine Components net sales increased 1% and 7% in the second quarter and first six months of 2016, respectively, as compared to the same periods last year. The increase in sales for the first six months of 2016 is primarily due to improved demand for products sold to the waterski/wakeboard boat market.

Gross profit margin and operating income as a percentage of sales for the second quarter of 2016 decreased from the same period in 2015. Due to recent shifts in customer and product mix that temporarily reduced required stocking levels, Marine Components' production volumes for the second quarter of 2016 were lower than the same period in 2015, resulting in decreased leverage of fixed costs and operating costs and expenses in the current period. Gross profit margin and operating income as a percentage of net sales for the first six months of 2016 were comparable to the same period in 2015.

Outlook. Security Product sales for the first half of 2016 were comparable to the first half of 2015 except for approximately \$3.2 million in 2015 sales for a government security end-user project which did not recur in 2016. We continue to benefit from

innovation and diversification in our product offerings, particularly with respect to the recreational boat markets served by our Marine Components segment. With the exception of the nonrecurring sales of over \$5 million in all of 2015 for the single government security end-user (including the \$3.2 million in the first half of the year), and in the absence of any improvement in general economic conditions, current year sales are expected to remain relatively comparable to prior year. We will continue to monitor general economic conditions and sales order rates and respond to fluctuations in customer demand through continuous evaluation of staffing levels and consistent execution of our lean manufacturing and cost improvement initiatives. Additionally, we continue to seek opportunities to gain market share in existing markets, to expand into new markets and to further develop new and current customers, products, and features in order to mitigate the impact of changes in demand and broaden our sales base. Any success in these efforts could lead to sales and profitability levels in the second half of 2016 greater than otherwise anticipated.

Liquidity and Capital Resources

Consolidated cash flows –

Operating activities. Trends in cash flows from operating activities, excluding changes in assets and liabilities have generally been similar to the trends in operating earnings. Changes in assets and liabilities result primarily from the timing of production, sales and purchases. Changes in assets and liabilities generally tend to even out over time. However, period-to-period relative changes in assets and liabilities can significantly affect the comparability of cash flows from operating activities.

Net cash provided by operating activities for the first six months of 2016 increased by \$1.3 million as compared to the first six months of 2015. The increase is primarily due to the net effects of:

- The positive impact of lower net cash used by relative changes in our inventories, receivables, payables, and non-tax-related accruals attributable to our operations of approximately \$2.1 million in 2016, the majority of which relates to the timing of customer collections and vendor payments; and
- The negative impact of lower operating income in 2016 of \$937,000.

Changes in working capital can have a significant effect on cash flows from operating activities. As shown below, the change in our average days sales outstanding from December 31, 2015 to June 30, 2016 varied by segment. Generally, we expect our average days sales outstanding to increase from December to June as the result of a seasonal increase in sales during the second quarter as compared to the fourth quarter. Overall, our June 30, 2016 days sales outstanding compared to December 31, 2015 is in line with our expectations. For comparative purposes, we have provided December 31, 2014 and June 30, 2015 numbers below.

Days Sales Outstanding:	December 31, 2014	June 30, 2015	December 31, 2015	June 30, 2016
Security Products	32 Days	42 Days	32 Days	43 Days
Marine Components	32 Days	34 Days	26 Days	33 Days
Consolidated CompX	32 Days	41 Days	31 Days	42 Days

Our total average number of days in inventory decreased from December 31, 2015 to June 30, 2016 as a result of the seasonal increase in sales during the second quarter of 2016 as compared to the fourth quarter 2015 and the temporary reduction in stocking levels at Marine Components. The variability in days in inventory among our segments primarily relates to the differences in the complexity of the production processes and therefore the length of time it takes to produce end-products. For comparative purposes, we have provided December 31, 2014 and June 30, 2015 numbers below.

Days in Inventory:	December 31, 2014	June 30, 2015	December 31, 2015	June 30, 2016
Security Products	85 Days	71 Days	70 Days	68 Days
Marine Components	125 Days	93 Days	120 Days	77 Days
Consolidated CompX	90 Days	74 Days	76 Days	69 Days

Investing activities. Our capital expenditures were \$1.7 million in the first six months of 2016 compared to \$1.9 million in the first six months of 2015. Capital expenditures for 2016 include approximately \$994,000 related to the expansion of our Grayslake facility which was completed in April 2016.

Financing activities. Financing activities consisted only of quarterly cash dividends (\$0.05 per share) and were comparable for the noted periods.

Future cash requirements –

Liquidity. Our primary source of liquidity on an on-going basis is our cash flow from operating activities, which is generally used to (i) fund capital expenditures, (ii) repay short-term or long-term indebtedness incurred primarily for capital expenditures,

investment activities or reducing our outstanding stock and (iii) provide for the payment of dividends (if declared). From time-to-time, we will incur indebtedness, primarily to fund capital expenditures or business combinations.

Periodically, we evaluate liquidity requirements, alternative uses of capital, capital needs and available resources in view of, among other things, our capital expenditure requirements, dividend policy and estimated future operating cash flows. As a result of this process, we have in the past and may in the future seek to raise additional capital, refinance or restructure indebtedness, issue additional securities, modify our dividend policy or take a combination of such steps to manage our liquidity and capital resources. In the normal course of business, we may review opportunities for acquisitions, joint ventures or other business combinations in the component products industry. In the event of any such transaction, we may consider using available cash, issuing additional equity securities or increasing our indebtedness or that of our subsidiaries.

We believe that cash generated from operations together with cash on hand, as well as our ability to obtain external financing, will be sufficient to meet our liquidity needs for working capital, capital expenditures, debt service, dividends (if declared) and any amounts we might loan from time to time under the terms of our new revolving loan to Valhi discussed in Note 8 to our Condensed Consolidated Financial Statements (which loans would be solely at our discretion) for both the next 12 months and five years. To the extent that our actual operating results or other developments differ from our expectations, our liquidity could be adversely affected.

All of our \$51.3 million aggregate cash and cash equivalents at June 30, 2016 were held in the U.S.

Capital Expenditures. Firm purchase commitments for capital projects in process at June 30, 2016 totaled \$415,000. Our 2016 capital investments are limited to those expenditures required to meet our expected customer demand and those required to properly maintain our facilities and technology infrastructure.

Commitments and Contingencies. There have been no material changes in our contractual obligations since we filed our 2015 Annual Report and we refer you to that report for a complete description of these commitments.

Off-balance sheet financing arrangements –

We do not have any off-balance sheet financing agreements other than the operating leases discussed in our 2015 Annual Report.

Recent accounting pronouncements –

See Note 9 to our Condensed Consolidated Financial Statements.

Critical accounting policies –

There have been no changes in the first six months of 2016 with respect to our critical accounting policies presented in Management's Discussion and Analysis of Financial Condition and Results of Operations in our 2015 Annual Report.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

We are exposed to market risk from changes in interest rates and raw material prices. There have been no material changes in these market risks since we filed our 2015 Annual Report, and we refer you to Part I, Item 7A – “Quantitative and Qualitative Disclosure About Market Risk” in our 2015 Annual Report. See also Note 7 to the Condensed Consolidated Financial Statements.

ITEM 4. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures. We maintain disclosure controls and procedures which, as defined in Exchange Act Rule 13a-15(e), means controls and other procedures that are designed to ensure that information

required to be disclosed in the reports that we file or submit to the SEC under the Securities Exchange Act of 1934, as amended (the “Act”), is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information we are required to disclose in the reports that we file or submit to the SEC under the Act is accumulated and communicated to our management, including our principal executive officer and our principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions to be made regarding required disclosure. Our management with the participation of David A. Bowers, our Vice Chairman of the Board and Chief Executive Officer, and James W. Brown, our Vice President, Chief Financial Officer and Controller, has evaluated the design and operating effectiveness of our disclosure controls and procedures as of June 30, 2016. Based upon their evaluation, these executive officers have concluded that our disclosure controls and procedures are effective as of the date of such evaluation.

- 14 -

Internal Control Over Financial Reporting. Our management is responsible for establishing and maintaining adequate internal control over financial reporting which, as defined in Exchange Act Rule 13a-15(f), means a process designed by, or under the supervision of, our principal executive and principal financial officers, or persons performing similar functions, and effected by our board of directors, management and other personnel, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles, and includes those policies and procedures that:

- Pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of our assets,
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with GAAP, and that receipts and expenditures are being made only in accordance with authorizations of our management and directors, and
- Provide reasonable assurance regarding prevention or timely detection of an unauthorized acquisition, use or disposition of our assets that could have a material effect on our Condensed Consolidated Financial Statements.

Changes in Internal Control Over Financial Reporting. There have been no changes in our internal control over financial reporting during the quarter ended June 30, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II. OTHER INFORMATION

ITEM 1A. Risk Factors.

Reference is made to the 2015 Annual Report for a discussion of the risk factors related to our businesses. There have been no material changes in such risk factors during the first six months of 2016.

ITEM 6. Exhibits.

Item No. Exhibit Index

10.1	Unsecured Revolving Demand Promissory Note dated August 3, 2016 in the original principal amount of \$40.0 million executed by Valhi, Inc. and payable to the Registrant.
31.1	Certification
