LIN Media LLC

Notes to Unaudited Consolidated Financial Statements

Note 1 — Basis of Presentation and Summary of Significant Accounting Policies

Principles of Consolidation

LIN Media LLC (“LIN LLC”), together with its subsidiaries, including LIN Television Corporation, a Delaware corporation (“LIN Television”), is a local multimedia company operating in the United States. LIN LLC and its subsidiaries are affiliates of HM Capital Partners I LP (“HMC”). In these notes, the terms “Company,” “we,” “us” or “our” mean LIN LLC and all subsidiaries included in our consolidated financial statements.

On July 30, 2013, LIN TV Corp., a Delaware corporation (“LIN TV”), completed its merger with and into LIN LLC, a Delaware limited liability company and wholly owned subsidiary of LIN TV, with LIN LLC as the surviving entity (the “LIN LLC Merger”) pursuant to the Agreement and Plan of Merger, dated February 12, 2013, by and between LIN TV and LIN LLC (the “2013 LIN LLC Merger Agreement”). LIN LLC filed a Current Report on Form 8-K on July 31, 2013 (the “Form 8-K”) for the purpose of establishing LIN LLC as the successor registrant to LIN TV pursuant to Rule 12g-3(a) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and to disclose certain related matters, including the consummation of the 2013 LIN LLC Merger. Pursuant to Rule 12g-3(a) under the Exchange Act and in accordance with the filing of the Form 8-K, the class A common shares representing limited liability interests in LIN LLC, as the successor registrant to LIN TV, were deemed registered under Section 12(b) of the Exchange Act. References to “LIN LLC,” “we,” “us,” or the “Company” in this Quarterly Report on Form 10-Q that include any period at and before the effectiveness of the 2013 LIN LLC Merger shall be deemed to refer to LIN TV as the predecessor registrant to LIN LLC. For more information concerning the effects of the 2013 LIN LLC Merger and the succession of LIN LLC to LIN TV upon its effectiveness, please see the Form 8-K.

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”). All intercompany accounts and transactions have been eliminated.

In the opinion of management, the accompanying unaudited interim financial statements contain all adjustments necessary to state fairly our financial position, results of operations and cash flows for the periods presented. The interim results of operations are not necessarily indicative of the results to be expected for the full year.

The accompanying consolidated financial statements include the accounts of our Company, our wholly-owned and majority-owned and controlled subsidiaries, and VIEs for which we are the primary beneficiary. We review all local marketing agreements (“LMAs”), shared services agreements (“SSAs”), joint sales agreements (“JSAs”) and related agreements to evaluate whether consolidation of entities that are party to such arrangements is required under U.S. GAAP.

We conduct our business through LIN Television and its subsidiaries. Prior to the 2013 LIN LLC Merger, LIN TV had no operations or assets other than its investments in its subsidiaries. Subsequent to the 2013 LIN LLC Merger and consistent with its classification as a partnership for federal income tax purposes, LIN LLC has separate operations relating to the administration of the partnership. The consolidated financial statements of LIN LLC represent its own operations and the consolidated operations of LIN Television, which remains a corporation after the 2013 LIN LLC Merger.

During the first quarter of 2014, as a result of the continued growth in our digital business, we reevaluated our organization and the nature of our business activities and began assessing and internally reporting financial information for our broadcast business and our digital business separately. As a result, we now have two reportable

operating segments, "Broadcast" and "Digital" that are disclosed separately from our corporate activities. Our Broadcast segment includes 43 television stations and seven digital channels that are either owned, operated or serviced by us in 23 U.S. markets, all of which are engaged principally in the sale of television advertising and digital advertising primarily related to our television station companion websites. Our Digital segment includes the operating results of our digital companies: LIN Digital LLC ("LIN Digital"), LIN Mobile, LLC ("LIN Mobile"), Nami Media, Inc. ("Nami Media"), HYFN, Inc. ("HYFN"), Dedicated Media, Inc. ("Dedicated Media"), and Federated Media Publishing LLC ("Federated Media"). Corporate and unallocated expenses primarily include our costs to operate as a public company and to operate our corporate locations. Corporate is not a reportable segment. We have restated prior period disclosures to reflect this change in our reportable operating segments. See Note 5 - "Segment Reporting" for further discussion.

On March 21, 2014, we filed a Current Report on Form 8-K for the purpose of announcing that LIN LLC entered into an Agreement and Plan of Merger with Media General, Inc., a Virginia corporation ("Media General"), Mercury New Holdco, Inc., a Virginia corporation ("New Holdco"), Mercury Merger Sub 1, Inc., a Virginia corporation and a direct, wholly-owned

## Table of Contents

subsidiary of New Holdco (“Merger Sub 1”), Mercury Merger Sub 2, LLC, a Delaware limited liability company and a direct, wholly owned subsidiary of New Holdco (“Merger Sub 2”) (the “Merger Agreement”) pursuant to which Merger Sub 1 will, upon the terms and subject to the conditions thereof, merge with and into Media General (the “Media General Merger”), with Media General surviving the Media General Merger as a wholly owned subsidiary of New Holdco, and immediately following the consummation of the Media General Merger, Merger Sub 2 will merge with and into LIN LLC (the “LIN Merger” and together with the Media General Merger, the “Merger”), with LIN LLC surviving the LIN Merger as a wholly owned subsidiary of New Holdco.

As a result of the Merger, the combined company will own and operate or service 74 stations across 46 markets, reaching approximately 26.5 million households or 23% of U.S. TV households (certain of these stations are expected to be swapped or otherwise divested in order to address regulatory considerations). The transaction is currently expected to close during the first quarter of 2015. For more information concerning the Merger, refer to the Current Report on Form 8-K filed with the SEC on March 21, 2014.

### Joint Venture Sale Transaction and Merger

On February 12, 2013, we, along with our wholly-owned subsidiaries LIN Television and LIN Television of Texas, L.P., a Delaware limited partnership (“LIN Texas”) entered into an agreement whereby LIN Texas sold its 20.38% equity interest in Station Venture Holdings (“SVH”), a joint venture in which an affiliate of NBCUniversal (“NBC”) held the remaining 79.62% equity interest (collectively, the “JV Sale Transaction”). Pursuant to the JV Sale Transaction, LIN Television made a \$100 million capital contribution to SVH and in turn, was released from the guarantee of an \$815.5 million note held by SVH (“GECC Guarantee”) as well as any further obligations related to any shortfall funding agreements between LIN Television and SVH.

Concurrent with the closing of the JV Sale Transaction, LIN TV entered into the 2013 LIN LLC Merger Agreement. The 2013 LIN LLC Merger enabled the surviving entity to be classified as a partnership for federal income tax purposes and the change in classification was treated as a liquidation of LIN TV for federal income tax purposes, with the result that LIN TV realized a capital loss in its 100% equity interest in LIN Television.

For further discussion of the JV Sale Transaction and the 2013 LIN LLC Merger, refer to Item 1. “Business” and Note 1 - “Basis of Presentation and Summary of Significant Accounting Policies,” Note 13 - “Commitments and Contingencies” to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013 (the “10-K”).

### Variable Interest Entities

In determining whether we are the primary beneficiary of a VIE for financial reporting purposes, we consider whether we have the power to direct the activities of the VIE that most significantly impact the economic performance of the VIE and whether we have the obligation to absorb losses or the right to receive returns that would be significant to the VIE. We consolidate VIEs when we are the primary beneficiary.

We have a JSA and an SSA with WBDT Television, LLC (“WBDT”) for WBDT-TV in the Dayton, OH market. We also have JSAs and SSAs with affiliates of Vaughan Acquisition LLC (“Vaughan”) for WTGS-TV in the Savannah, GA market, WYTV-TV in the Youngstown, OH market and KTKA-TV in the Topeka, KS market and SSAs with KASY-TV Licensee, LLC (“KASY”), KWBQ-TV, KRWB-TV and KASY-TV in the Albuquerque, Santa-Fe NM market. Under these agreements, we provide administrative services to these stations, have an obligation to reimburse certain of the stations' expenses, and we are compensated through a performance-based fee structure that provides us the benefit of certain returns from the operation of these stations. We determined that WBDT, Vaughan and KASY are VIEs and as a result of the JSAs and/or SSAs, we have variable interests in these entities. We are the primary beneficiary of these entities, and therefore, we consolidate these entities within our consolidated financial statements.

An order that the Federal Communications Commission (“FCC”) adopted in March 2014, however, may require changes in our relationship with these entities going forward. In that order, the FCC concluded that JSAs should be “attributable” for purposes of the media ownership rules if they permit a television licensee to sell more than 15% of the commercial inventory of a television station owned by a third party in the same market. Stations with JSAs that would put them in violation of the new rules will have two years from the date on which the rules become effective to amend or terminate those arrangements unless they are able to obtain a waiver of such rules. Accordingly, absent further developments or the grant of a waiver, we may be required to modify or terminate our existing JSAs to comply with FCC requirements.

The assets of our consolidated VIEs can only be used to settle the obligations of the VIEs and may not be sold, or otherwise disposed of, except for assets sold or replaced with others of like kind or value. Other liabilities of \$47.1 million and \$47.8 million as of March 31, 2014 and December 31, 2013, respectively, serve to reduce the carrying value of the entities, and are eliminated in our consolidated financial statements. This reflects the fact that as of March 31, 2014 and December 31, 2013, LIN Television has an option that it may exercise if the FCC attribution rules change. The option would allow LIN Television to acquire the assets or member's interest of the VIE entities for a nominal exercise price, which is significantly less than the carrying value of their tangible and intangible net assets. In an order adopted in March 2014, the FCC concluded that JSAs should be "attributable" for purposes of the media ownership rules if they permit a television licensee to sell more than 15% of the commercial inventory of a television station owned by a third party in the same market. As a result of the changes announced by the FCC, these arrangements, including the options described above, will need to be modified or terminated unless a waiver can be obtained from the FCC.

**Redeemable Noncontrolling Interest**

The redeemable noncontrolling interest as of December 31, 2013 includes the interest of minority shareholders of HYFN, Dedicated Media and Nami Media. During the three months ended March 31, 2014, we have reclassified the interest of the minority shareholders of Nami Media to permanent equity, as the mandatory redemption feature of Nami Media's minority shareholders' interest lapsed in February 2014. Accordingly, the following table presents the activity of the redeemable noncontrolling interest included in our consolidated balance sheets related to HYFN and Dedicated Media, which represents third parties' proportionate share of our consolidated net assets (in thousands):

## Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires our management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and the notes thereto. Our actual results could differ from these estimates. Estimates are used for the allowance for doubtful accounts in receivables, valuation of goodwill and intangible assets, assumptions used to determine fair value of financial instruments, amortization and impairment of program rights and intangible assets, share-based compensation and other long-term incentive compensation arrangements, pension costs, barter transactions, income taxes, employee medical insurance claims, useful lives of property and equipment, contingencies, litigation and net assets of businesses acquired.

## Net Earnings per Common Share

Basic earnings per share (“EPS”) is computed by dividing income attributable to common shareholders by the number of weighted-average outstanding common shares. Diluted EPS reflects the effect of the assumed exercise of share options and vesting of restricted shares only in the periods in which such effect would have been dilutive.

The following table sets forth the computation of the common shares outstanding used in determining basic and diluted EPS (in thousands):

	Three Months Ended March 31,	
Denominator for EPS calculation:	2014	2013
Weighted-average common shares, basic	53,669	51,910
Effect of dilutive securities:		
Share options	2,924	—
Weighted-average common shares, diluted	56,593	51,910

We apply the treasury stock method to measure the dilutive effect of our outstanding share options and restricted share awards and include the respective common share equivalents in the denominator of our diluted EPS calculation. Securities representing 0.1 million and 0.8 million common shares for the three months ended March 31, 2014 and 2013, respectively, were excluded from the computation of diluted EPS for these periods because their effect would have been anti-dilutive. The net income per share amounts are the same for our class A, class B and class C common shares because the holders of each class are legally entitled to equal per share distributions whether through dividends or in liquidation.

## Note 2 — Acquisitions

## Federated Media Publishing, Inc.

On February 3, 2014, LIN Digital Media LLC, a wholly owned subsidiary of LIN Television, acquired 100% of the capital stock of Federated Media Publishing, Inc., which we subsequently converted into a Delaware limited liability

company ("Federated Media"). Federated Media is a digital content and conversational marketing company that leverages the relationships and content from its publishing network to deliver contextually relevant advertising and conversational and engagement tools that reach agencies' and brands' targeted audiences across digital and social media platforms. The purchase price totaled \$22.3 million, net of cash, subject to post-closing adjustments, and was funded from cash on hand and amounts drawn on our revolving credit facility.

The following table summarizes the provisional allocation of the purchase price to the estimated fair values of the assets acquired and liabilities assumed by us in the acquisition (in thousands):

Table of Contents

Current assets	\$9,811	
Property and equipment	72	
Non-current assets	196	
Other intangible assets	11,497	
Goodwill	7,099	
Current liabilities	(6,368	)
Total	\$22,307	

The amount allocated to definite-lived intangible assets represents the estimated fair values of publisher relationships of \$4.2 million, customer relationships of \$1.2 million, completed technology of \$3.9 million, and trademarks of \$2.2 million. These intangible assets will be amortized over the estimated remaining useful lives of approximately 8 years for publisher relationships, 4 years for customer relationships, 3 years for completed technology and 7 years for trademarks.

Goodwill of \$7.1 million is the excess of the aggregate purchase price over the fair value of the identifiable net assets acquired, and primarily represents the benefits of the incremental revenue we expect to generate from the acquisition of Federated Media. All of the goodwill recognized in connection with the acquisition of Federated Media is deductible for tax purposes.

## Pro Forma Information

The following table sets forth unaudited pro forma results of operations for the three months ended March 31, 2014 and 2013 assuming that the above acquisition of Federated Media, along with transactions necessary to finance the acquisition, occurred on January 1, 2013 (in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Net revenue	\$167,608	\$149,069
Net income (loss)	\$439	\$(5,089)
Basic income (loss) per common share attributable to LIN Media LLC	\$0.01	\$(0.10)
Diluted income (loss) per common share attributable to LIN Media LLC	\$0.01	\$(0.10)

This pro forma financial information is based on historical results of operations, adjusted for the allocation of the purchase price and other acquisition accounting adjustments, and is not necessarily indicative of what our results would have been had we operated the business since January 1, 2013. The pro forma adjustments for the three months ended March 31, 2014 and 2013 reflect depreciation expense, amortization of intangibles related to the fair value adjustments of the assets acquired, additional interest expense related to the financing of the transaction and the related tax effects of the adjustments.

In connection with the acquisition of Federated Media, we and Federated Media incurred a combined total of \$0.8 million of transaction related costs primarily related to legal and other professional services. These costs were not included in the 2014 pro forma amounts. The 2013 pro forma net loss was adjusted to include these costs, as they are directly attributable to the acquisition of Federated Media.

Net revenues and operating loss of Federated Media included in our consolidated statements of operations for the three months ended March 31, 2014 were \$4 million and \$(0.5) million, respectively.

Dedicated Media, Inc.

On April 9, 2013, LIN Television acquired a 60% interest (calculated on a fully diluted basis) in Dedicated Media, a multi-channel advertisement buying and optimization company. Under the terms of our agreement with Dedicated Media, we agreed to purchase the remaining outstanding shares of Dedicated Media by no later than February 15, 2015 if Dedicated Media achieves both (i) a target earnings before interest, taxes, depreciation and amortization (“EBITDA”) and (ii) a target gross profit in 2014, as outlined in the purchase agreement. The purchase price of these shares is based on multiples of Dedicated Media’s 2014 EBITDA and gross profit. Our maximum potential obligation under the purchase agreement is \$26 million. If Dedicated Media does not meet the target EBITDA or target gross profit in 2014, we have the option to purchase the remaining outstanding shares using the same purchase price multiple.

Table of Contents

HYFN, Inc.

On April 4, 2013, LIN Television acquired a 50.1% interest (calculated on a fully diluted basis) in HYFN, a full service digital advertising agency specializing in the planning, development, deployment and support for websites, mobile sites, interactive banners, games and various applications for multiple devices. Under the terms of our agreement with HYFN, we agreed to purchase the remaining outstanding shares of HYFN by no later than February 15, 2016 if HYFN achieves both (i) a target EBITDA and (ii) target net revenues in 2015, as outlined in the transaction agreements. The purchase price of these shares is based on multiples of HYFN's 2015 net revenue and EBITDA. Our maximum potential obligation under the terms of our agreement is approximately \$62.4 million. If HYFN does not meet the target EBITDA or target net revenues in 2015, we have the option to purchase the remaining outstanding shares using the same purchase price multiple.

Our obligations to purchase the noncontrolling interest holders' shares of both Dedicated Media and HYFN are outside of our control, because they are based on the achievement of certain financial targets described above. Therefore, the noncontrolling interest related to Dedicated Media and HYFN as of March 31, 2014 has been reported as redeemable noncontrolling interest and classified as temporary equity on our consolidated balance sheets. As of the acquisition dates, the fair values of the noncontrolling interests were \$3.8 million and \$7.2 million for Dedicated Media and HYFN, respectively, and were measured based on the purchase prices for our 60% and 50.1% ownership interest in Dedicated Media and HYFN, respectively, and the net assets acquired as of the acquisition dates. As of March 31, 2014, we believe that achievement of the financial targets is not yet probable and therefore, have not reflected these obligations in our consolidated financial statements.

If we do not purchase the remaining outstanding shares of Dedicated Media or HYFN by the dates set forth in the respective purchase agreements, the noncontrolling interest holders have the right to purchase our interest. The purchase price of these shares is based on the same purchase price multiple described above and is exercisable only if the applicable financial targets are not met and we do not elect to purchase the remaining interest. The fair value of this option is zero and no amounts related to these options are included in our consolidated financial statements as of March 31, 2014.

#### Note 3 — Intangible Assets

Goodwill totaled \$210.6 million and \$203.5 million at March 31, 2014 and December 31, 2013, respectively. The change in the carrying amount of goodwill during the three months ended March 31, 2014 was as follows (in thousands):

## Note 4— Debt

LIN LLC guarantees all of LIN Television’s debt. All of the consolidated 100% owned subsidiaries of LIN Television fully and unconditionally guarantee LIN Television’s senior secured credit facility, the 8<sup>3</sup>/<sub>8</sub>% Senior Notes due 2018 (the “8<sup>3</sup>/<sub>8</sub>% Senior Notes”), and the 6<sup>3</sup>/<sub>8</sub>% Senior Notes due 2021 (the “6<sup>3</sup>/<sub>8</sub>% Senior Notes”) on a joint-and-several basis.

Total debt	950,456	944,692
Less current portion	18,925	17,364
Total long-term debt	\$931,531	\$927,328

During the three months ended March 31, 2014, we paid \$3.9 million of principal on the term loans and incremental term loans related to mandatory quarterly payments under our senior secured credit facility.

In January and February 2014, we drew \$40 million on our revolving credit facility to fund the acquisition of Federated Media as well as normal operating activities. We subsequently made payments against these borrowings in the amount of \$30 million, resulting in an outstanding balance on our revolving credit facility of \$15 million as of March 31, 2014.

In February 2013, pursuant to our existing credit agreement, we issued \$60 million of new debt in the form of a tranche B-2 incremental term facility (the “Incremental Facility”). The Incremental Facility is a five-year term loan facility and is subject to the terms of LIN Television’s existing credit agreement, dated as of October 26, 2011, as amended on December 24, 2012, by and among LIN Television, JP Morgan Chase Bank as Administrative Agent and

the banks and other financial institutions party thereto (the "Credit Agreement"). The proceeds of the Incremental Facility, as well as cash on hand and cash from revolving borrowings under the Credit Agreement, were used to fund the \$100 million capital contribution made to SVH pursuant to the JV Sale Transaction.

The fair values of our long-term debt are estimated based on quoted market prices for the same or similar issues (Level 2 inputs of the three-level fair value hierarchy). The carrying amounts and fair values of our long-term debt were as follows (in thousands):

Fair value	966,967	954,255

## Note 5 — Segment Reporting

During the first quarter of 2014, as a result of the continued growth in our digital business, we began assessing and internally reporting financial information for our broadcast business and our digital business separately. As a result, we now have two reportable operating segments, “Broadcast” and “Digital” that are disclosed separately from our corporate activities. Our Broadcast segment includes 43 television stations and seven digital channels that are either owned, operated or serviced by us in 23 U.S. markets, all of which are engaged principally in the sale of television advertising and digital advertising primarily related to our television station companion websites, and our Digital segment includes the operating results of our digital companies; LIN Digital, LIN Mobile, Nami Media, HYFN, Dedicated Media, and Federated Media. Unallocated corporate expenses primarily include our costs to operate as a public company and to operate our corporate locations.

We use earnings before interest, taxes, depreciation and amortization, excluding non-recurring charges, restructuring charges, share-based compensation, loss or gain on sales of assets, and cash paid for programming (“Adjusted EBITDA”) as the primary financial measure reported to the chief executive officer (the chief operating decision maker) for use in assessing our operating segments’ operating performance. We believe that this measure is useful to investors because it eliminates a significant level of non-cash depreciation and amortization expense and other non-recurring charges and as a result, allows investors to better understand our operating segments’ performance. All adjustments to Adjusted EBITDA presented below to arrive at consolidated pre-tax income (loss) except for depreciation and amortization and cash paid for programming relate primarily to corporate activities. Cash paid for programming pertains only to our Broadcast segment. As a result, we have disclosed depreciation and amortization by segment, as this is the only adjustment to operating income that the chief executive officer reviews on a segment basis. We have presented prior period information to reflect our current reportable segments.

## Note 7 — Restructuring

As of December 31, 2013, we had a restructuring accrual of \$0.4 million related to severance and related costs as a result of the integration of the television stations acquired during 2012 as well as severance and related costs at some of our digital companies. During the three months ended March 31, 2014, we made cash payments of \$0.2 million related to these restructuring actions. We expect to make cash payments of approximately \$0.2 million during the remainder of the year with respect to such transactions.

The activity for these restructuring actions is as follows (in thousands):

## Note 8 — Income Taxes

We recorded a provision for income taxes of \$1 million for the three months ended March 31, 2014 compared to a benefit from income taxes of \$1.1 million for the three months ended March 31, 2013. The provision for income taxes for the three months ended March 31, 2014 was primarily a result of our \$2.1 million pre-tax income from continuing operations. Our effective income tax rate was 49.1% and 50.7% for the three months ended March 31, 2014 and March 31, 2013, respectively. The decrease in the effective income tax rate was primarily a result of an increase in the proportionate share of losses from zero-rate entities that are excluded from the effective tax rate computation. We expect our effective income tax rate to range between 39% and 41% during the remainder of 2014.

During the first quarter of 2013, approximately \$162.8 million of short term deferred tax liabilities were reclassified to income taxes payable upon the consummation of the JV Sale Transaction. As a result of the close of the 2013 LIN LLC Merger on July 30, 2013, \$131.5 million of this tax liability was extinguished, resulting in a remaining tax liability of approximately \$31.3 million associated with the JV Sale Transaction. We made state and federal tax payments to settle this liability during the fourth quarter of 2013. For further discussion regarding the income tax effects of the JV Sale Transaction and the 2013 LIN LLC Merger, see Note 1 — “Basis of Presentation and Summary of Significant Accounting Policies” and Note 13 — “Commitments and Contingencies.” to our consolidated financial statements in our 10-K.

## Note 9 — Commitments and Contingencies

## Contingencies

## GECC Guarantee and the 2013 LIN LLC Merger

As further described in Note 1 - "Basis of Presentation and Summary of Significant Accounting Policies," pursuant to the JV Sale Transaction, LIN Television made a \$100 million capital contribution to SVH and in turn, was released from the GECC Guarantee as well as any further obligations related to any shortfall funding agreements between LIN Television and SVH.

In February 2013, we entered into a \$60 million Incremental Facility and utilized \$40 million of cash on hand and borrowings under our revolving credit facility to fund the \$100 million payment.

As a result of the JV Sale Transaction, after utilizing all of our available Federal net operating loss (“NOL”) carryforwards, we had an approximate \$162.8 million income tax payable remaining, \$131.5 million of which was extinguished as a result of the 2013 LIN LLC Merger. We made state and federal tax payments to settle the remaining liability of \$31.3 million during the fourth quarter of 2013.

For further discussion of the GECC Guarantee and the 2013 LIN LLC Merger, refer to Note 13 - "Commitments and Contingencies" to our consolidated financial statements in our 10-K.

The Merger

During the next 12 months and through the completion of the Merger, we expect to incur approximately \$4.5 - \$5.5 million of legal and professional fees associated with the transaction and related financing. Contingent upon the consummation of the Merger and dependent upon the price of Media General's Class A common stock on the date of consummation, we will incur an advisory fee of approximately \$21.5 million payable to J.P. Morgan Securities LLC, which we expect will be funded from the proceeds of Media General's transaction financing. We have not yet accrued for this advisory fee as of March 31, 2014, as we do not believe the obligation is probable.

Table of Contents

Litigation

We are involved in various claims and lawsuits that are generally incidental to our business. We are vigorously contesting all of these matters. The outcome of any current or future litigation cannot be accurately predicted. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No estimate of the possible loss or range of loss can be made at this time because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the proceeding is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; or (vi) there is a wide range of potential outcomes. Although the outcome of these and other legal proceedings cannot be predicted, we believe that their ultimate resolution will not have a material adverse effect on us.

Following the announcement on March 21, 2014 of the execution of the Merger Agreement, three complaints were filed in the Delaware Court of Chancery challenging the proposed acquisition of LIN LLC: *Sciabacucchi v. Lin Media LLC, et al.* (C.A. No. 9530CB), *International Union of Operating Engineers Local 132 Pension Fund v. Lin Media LLC, et al.* (C.A. No.9538CB), and *Pryor v. Lin Media LLC, et al.* (C.A. No. 9577CB). The litigations are putative class actions filed on

behalf of the public stockholders of LIN LLC and name as defendants LIN LLC, its directors, Media General, New Holdco, Merger Sub 1 and Merger Sub 2 and HM Capital Partners LLC and several of its alleged affiliates (Hicks, Muse, Tate & Furst Equity Fund III, L.P. HM3 Coinvestors, L.P. Hicks, Muse, Tate & Furst Equity Fund IV, L.P. Hicks, Muse, Tate & Furst Private Equity Fund IV, L.P. HM4EQ Coinvestors, L.P. Hicks, Muse & Co. Partners, L.P. Muse Family Enterprises, Ltd. and JRM Interim Investors, L.P. (together with HM Capital Partners LLC and individual director defendant John R. Muse, which we collectively refer to as “HMC”)).

On April 18, 2014, the plaintiff in *Engineers Local 132 Pension Fund* voluntarily dismissed that action without prejudice and, on April 21, 2014, the Court approved the dismissal.

The operative complaints generally allege that the individual defendants breached their fiduciary duties in connection with their consideration and approval of the Merger, that the entity defendants aided and abetted those breaches and that individual director defendant Royal W. Carson III and HMC breached their fiduciary duties as controlling shareholders of LIN LLC by causing LIN LLC to enter into the Merger, which plaintiffs allege will provide disparate consideration to HMC. The complaints seek, among other things, declaratory and injunctive relief enjoining the Merger. On April 25, 2014, the plaintiff in the *Sciabacucchi* action filed an amended complaint, and the plaintiffs in the *Sciabacucchi* and *Pryor* actions each filed a motion for an expedited hearing on the plaintiff’s (yet-to-be filed) motion for a permanent injunction to enjoin the Merger, requesting, among other things, that the Court set a permanent injunction hearing for September 2014. On April 30, 2014, the plaintiffs in the *Sciabacucchi* and *Pryor* actions filed a stipulation to consolidate the two actions, which was approved by the Court on May 1, 2014. The outcome of the two active lawsuits is uncertain and cannot be predicted with any certainty. An adverse judgment for monetary damages could have a material adverse effect on our operations and liquidity. An adverse judgment granting permanent injunctive relief could indefinitely enjoin completion of the Merger.

Executive Summary

We own, operate or service 43 television stations and seven digital channels in 23 U.S. markets, with multiple network affiliated channels in 18 markets. Our growing digital media portfolio helps agencies and brands effectively and efficiently reach their target audiences at scale by utilizing our comScore, Inc. rated Top 15 Video and Top 25 Display market share, and the latest in conversational marketing, video, display, mobile, social intelligence and monetization, as well as reporting across all screens. Our operating revenues are primarily derived from the sale of advertising time to local, national and political advertisers. Less significant revenues are generated from our television station websites, retransmission consent fees, digital revenues and other revenues.

On March 21, 2014, we filed a Current Report on Form 8-K for the purpose of announcing that LIN Media LLC ("LIN LLC") entered into an Agreement and Plan of Merger with Media General, Inc., a Virginia corporation ("Media General"), Mercury New Holdco, Inc., a Virginia corporation ("New Holdco"), Mercury Merger Sub 1, Inc., a Virginia corporation and a direct, wholly-owned subsidiary of New Holdco ("Merger Sub 1"), Mercury Merger Sub 2, LLC, a Delaware limited liability company and a direct, wholly owned subsidiary of New Holdco ("Merger Sub 2") (the "Merger Agreement") pursuant to which Merger Sub 1 will, upon the terms and subject to the conditions thereof, merge with and into Media General (the "Media General Merger"), with Media General surviving the Media General Merger as a wholly owned subsidiary of New Holdco, and immediately following the consummation of the Media General Merger, Merger Sub 2 will merge with and into LIN LLC (the "LIN Merger" and together with the Media General Merger, the "Merger"), with LIN LLC surviving the LIN Merger as a wholly owned subsidiary of New Holdco. After the closing of the transaction, New Holdco will be named Media General, Inc. ("New Media General").

As a result of the Merger, the combined company will own and operate or service 74 stations across 46 markets, reaching approximately 26.5 million households or 23% of U.S. TV households (certain of these stations are expected to be swapped or otherwise divested in order to address regulatory considerations). The transaction is currently expected to close during the first quarter of 2015. For more information concerning the Merger, refer to the Current Report on Form 8-K filed with the SEC on March 21, 2014.

During the three months ended March 31, 2014, net revenues increased \$25.2 million compared to the same period in 2013, primarily driven by an increase in our digital revenues. During the three months ended March 31, 2014, digital revenues increased \$15.5 million compared to the same period last year. In addition, local revenues, which include net

local advertising sales, retransmission consent fees and television station website revenues, increased \$8.7 million compared to the same period last year and national and political advertising sales increased \$0.5 million and \$0.8 million, respectively, during the three months ended March 31, 2014 compared to the same period last year.

On February 3, 2014, LIN Digital Media LLC, a wholly owned subsidiary of LIN Television, acquired 100% of the capital stock of Federated Media Publishing, Inc., which was subsequently converted into a Delaware limited liability company ("Federated Media"). Federated Media is a digital content and conversational marketing company that leverages the relationships and content from its publishing network to deliver contextually relevant advertising and conversational and engagement tools that reach agencies' and brands' targeted audiences across digital and social media platforms. The purchase

price totaled \$22.3 million, net of cash, subject to post-closing adjustments, and was funded from cash on hand and amounts drawn on our revolving credit facility. For further information see Note 2 — “Acquisitions” to our consolidated financial statements.

During the first quarter of 2014, as a result of the continued growth in our digital business, we reevaluated our organization and the nature of our business activities and began assessing and internally reporting financial information for our broadcast business and our digital business separately. As a result, we now have two reportable operating segments, “Broadcast” and “Digital” that are disclosed separately from our corporate activities. Our Broadcast segment includes 43 television stations and seven digital channels in 23 U.S. markets, all of which are engaged principally in the sale of television advertising and digital advertising primarily related to our television station companion websites, and our Digital segment includes the operating results of our digital companies: LIN Digital LLC (“LIN Digital”), LIN Mobile, LLC (“LIN Mobile”), Nami Media, Inc. (“Nami Media”), HYFN, Inc. (“HYFN”), Dedicated Media, Inc. (“Dedicated Media”), and Federated Media. Corporate and unallocated expenses primarily include our costs to operate as a public company and to operate our corporate locations. Corporate is not a reportable segment. We have restated prior period disclosures to reflect this change in our reportable operating segments. See Note 5 — “Segment Reporting” to our consolidated financial statements for further discussion.

In March 2014, the Federal Communications Commission (“FCC”) adopted an order that may require changes in our relationship with entities with whom we have joint sales agreements (“JSAs”) and amended its rules governing “good faith” retransmission consent negotiations. We cannot predict what effect, if any, these new rules may have on our JSAs or future negotiations for retransmission consent agreements. For further discussion see Item 1A. Risk Factors.

## Critical Accounting Policies and Estimates

Certain of our accounting policies, as well as estimates we make, are critical to the presentation of our financial condition and results of operations since they are particularly sensitive to our judgment. Some of these policies and estimates relate to matters that are inherently uncertain. The estimates and judgments we make affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosures of contingent liabilities. On an on-going basis, we evaluate our estimates, including those used for allowance for doubtful accounts in receivables, valuation of goodwill and intangible assets, amortization and impairment of program rights and intangible assets, share-based compensation and other long-term incentive compensation arrangements, pension costs, barter transactions, income taxes, employee medical insurance claims, useful lives of property and equipment, contingencies, litigation and net assets of businesses acquired. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions, and it is possible that such differences could have a material impact on our consolidated financial statements.

## Valuation of long-lived intangible assets

During the first quarter of 2014, Nami Media experienced declines in its actual and projected operating results. The lower revenues and earnings projection prompted us to perform an interim goodwill impairment test of this reporting unit as of March 31, 2014.

Below is a table showing the amount by which the fair value of the Nami Media reporting unit exceeded its carrying value as of March 31, 2014 (in thousands):

	Goodwill Balance as of March 31, 2014	Reporting Unit Fair Value	Reporting Unit Carrying Value	Percent Above Carrying Value	
Nami Media	\$4,503	\$4,404	3,107	42	%

Nami Media passed the first step of the impairment test by a 42% margin, or \$1.3 million. While we believe our assumptions regarding estimated future cash flows of our reporting units are reasonable, actual results may differ from our projections. To the extent projected results or cash flows are revised downward, we may write down all or a

portion of this goodwill or the intangible assets attributable to Nami Media.

There were no events at any of our other reporting units during the three months ended March 31, 2014 and March 31, 2013 that warranted an interim impairment test of our indefinite-lived intangible assets, including goodwill.

## Period Comparison

## Revenues

Broadcast Revenues consist of local revenues (which include net local advertising sales, retransmission consent fees and television station website revenues), net national advertising sales, and political advertising sales as well as other revenues, which include barter revenues, production revenues, tower rental income and station copyright royalties. During the three months ended March 31, 2014, broadcast revenues increased \$9.8 million, or 7%, compared to the same period in the prior year. This increase was primarily due to an increase in local revenues of \$8.7 million, or 9%, driven by an increase in our retransmission consent fee revenues as a result of contractual rate increases and renewals. Broadcast revenue also increased as a result of increases of \$0.8 million and \$0.5 million in political and national advertising sales, respectively.

During the three months ended March 31, 2014, the automotive category, which represented 25% of local and national advertising sales, increased by 4% as compared to the three months ended March 31, 2013.

Digital Revenues consist of revenues generated by our digital operations: LIN Digital, LIN Mobile, Nami Media, HYFN, Dedicated Media and Federated Media. During the three months ended March 31, 2014, digital revenues increased by \$15.5 million, or 171% compared to the same period in the prior year, of which \$13.4 million related to revenues generated by HYFN, Dedicated Media and Federated Media. Excluding the impact of HYFN, Dedicated Media, and Federated Media, all of which were acquired in the most recent twelve months, digital revenues increased

\$2.1 million, or 23%, primarily due to growth in the volume of advertising delivered through our network.

## Operating Expenses

Consolidated operating expenses increased \$20.6 million, or 16%, during the three months ended March 31, 2014, respectively, compared to the same periods in the prior year, of which \$15 million of the increase related to HYFN, Dedicated Media and Federated Media. The total increase was primarily due to an increase in direct operating and selling general and administrative expenses, which are described in more detail below.

## Broadcast Segment

The following table presents the operating expenses for our Broadcast segment for the three months ended March 31, 2014 and 2013:

	Three Months Ended			
	March 31,			
	2014	2013	\$ Change	% Change
Direct operating	\$51,559	\$47,345	\$4,214	9 %
Selling, general and administrative	35,821	36,303	(482)	(1)%
Amortization of program rights	6,593	7,785	(1,192)	(15)%
Depreciation	10,003	11,276	(1,273)	(11)%
Amortization of intangible assets	4,133	4,989	(856)	(17)%
Loss from asset dispositions	132	95	37	39%
Total operating expenses	\$108,241	\$107,793	\$448	0.4 %

Direct operating expenses in our Broadcast segment increased \$4.2 million, or 9% during the three months ended March 31, 2014 compared to the same period last year. The increase was primarily a result of an increase in fees pursuant to network affiliation agreements and growth in employee compensation expense.

Amortization of program rights in our Broadcast segment decreased \$1.2 million, or 15% during the three months ended March 31, 2014 as compared to the same period in the prior year primarily due to a conversion from cash basis programming contracts to barter basis programming contracts for several contracts during the fourth quarter 2013.

Depreciation expense in our Broadcast segment decreased \$1.3 million, or 11% during the three months ended March 31, 2014 as compared to the same period in the prior year primarily due to an increase in fully depreciated fixed assets as of March 31, 2014.

Amortization of intangible assets in our Broadcast segment decreased \$0.9 million, or 17% during the three months ended March 31, 2014 as compared to the same period in the prior year primarily as a result of an increase in the number of fully amortized intangible assets as of March 31, 2014.

## Digital Segment

The following table presents the operating expenses for our Digital segment for the three months ended March 31, 2014 and 2013 (in thousands):

Direct operating expenses in our Digital segment increased \$10.6 million, or 148% during the three months ended March 31, 2014 compared to the same period last year primarily due to the acquisitions of the majority interests in HYFN and Dedicated

Media in April 2013 as well as the acquisition of Federated Media in February 2014. Excluding the impact of these acquisitions, direct operating expenses increased \$1 million or 14% primarily due to higher cost of sales at LIN Digital.

Selling, general and administrative expenses in our Digital segment increased \$5.9 million, or 338% during the three months ended March 31, 2014 as compared to the same period in the prior year primarily as a result of the acquisitions of the majority interests in HYFN and Dedicated Media as well as the acquisition of Federated Media. Excluding the impact of these acquisitions, direct operating expenses increased \$1.5 million or 83% primarily due to growth in employee benefit and compensation expense as a result of additional headcount and merit increases.

Depreciation and amortization expenses in our Digital segment increased \$1.1 million, or 177% primarily as a result of the acquisitions of the majority interests in HYFN, Dedicated Media and the acquisition of Federated Media.

## Corporate

Corporate expenses represent corporate executive management, accounting, legal and other costs associated with the centralized management of our stations and digital operations, and these costs increased \$2.3 million, or 22% during the three months ended March 31, 2014 primarily due to an increase of \$1.9 million of transaction costs primarily related to the Merger.

## Broadcast Segment

Adjusted EBITDA in our Broadcast segment increased \$6.9 million during the three months ended March 31, 2014 as compared to the same period in the prior year, primarily as a result of an increase in revenue of \$9.8 million, partially offset by an increase in direct operating and selling, general and administrative expenses of \$3.7 million. Also contributing to the increase was a decrease in cash payments for programming of \$0.8 million.

## Digital Segment

Adjusted EBITDA in our Digital segment for the three months ended March 31, 2014 was \$(0.9) million compared to \$0.2 million for the three months ended March 31, 2013. The decrease was primarily due to the operating losses incurred by our most recent digital acquisitions.

## Other Expense

The following summarizes the components of other expense, net (in thousands):

	Three months ended March 31,	
	2014	2013
Components of other expense, net:

Other expense (income), net	18	(24)
Total other expense, net	\$14,302	\$13,847

Other expense, net increased \$0.5 million, or 3%, during the three months ended March 31, 2014 compared to the same period last year, primarily due to an increase in interest expense as further described below.

## Interest Expense

The following summarizes the components of interest expense, net (in thousands):

	Three Months Ended March 31,	
	2014	2013
Components of interest expense:		
Senior secured credit facility	\$4,730	\$4,059

Other interest costs	257	592
Total interest expense, net	\$14,209	\$13,871

Interest expense, net increased by \$0.3 million, or 2%, during the three months ended March 31, 2014 compared to the same period last year, primarily as a result of an increase in amounts outstanding under our senior secured credit facility.

## Income Taxes

Income taxes reflected a provision for (benefit from) income taxes of \$1 million and \$(1.1) million for the three months ended March 31, 2014 and 2013, respectively. The provision for income taxes during the three months ended March 31, 2014 was a result of our \$2.1 million pre-tax income from continuing operations. The benefit from income taxes for the three months ended March 31, 2013 was primarily a result of our \$2.1 million pre-tax loss for the three months ended March 31, 2013. Our effective income tax rate was 49.1% and 50.7% for the three months ended March 31, 2014 and March 31, 2013, respectively. The decrease in the effective income tax rate was primarily a result of an increase in the proportionate share of losses from

## Table of Contents

zero-rate entities that are excluded from the effective tax rate computation. We expect our effective income tax rate to range between 39% and 41% during the remainder of 2014.

### Liquidity and Capital Resources

Our principal sources of funds for working capital have historically been cash from operations and borrowings under our senior secured credit facility. As of March 31, 2014 we had unrestricted cash and cash equivalents of \$20.9 million, and a \$75 million revolving credit facility, \$60 million of which was available, subject to certain covenant restrictions. Our total outstanding debt as of March 31, 2014 was \$950.5 million.

Our operating plan for the next 12 months anticipates that we generate cash from operations, utilize available borrowings, and make certain repayments of indebtedness, including mandatory repayments of term loans and incremental term loans under our senior secured credit facility. Our ability to borrow under our revolving credit facility is contingent on our compliance with certain financial covenants, which are measured, in part, by the level of earnings before interest expense, taxes, depreciation and amortization (“EBITDA”) that we generate from our operations. As of March 31, 2014, we were in compliance with all financial and nonfinancial covenants under our senior secured credit facility.

Our future ability to generate cash from operations and from borrowings under our senior secured credit facility could be adversely affected by a number of risks, which are discussed in the Liquidity and Capital Resources section within Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and in Item 1A. “Risk Factors” in this Form 10-Q and in our 10-K and elsewhere herein.

Our liquidity position during 2014 has been, and over the next 12 months and beyond will primarily be affected by, but is not limited to, the following:

Continued growth in local and digital revenues. Our local revenues increased 9% during the three months ended March 31, 2014 compared to the prior year. Additionally, during the three months ended March 31, 2014, our digital revenues increased 171% as compared to the same period in the prior year. Excluding the impact of HYFN, Dedicated Media, and Federated Media, our digital revenues increased 23% as compared to the same period in the prior year. We expect further growth in our local and digital revenues, however, there can be no assurance that this will occur.

Cyclical fluctuations. We experience significant fluctuations in our political advertising revenues since advertising revenues are generally higher in even-numbered years due to additional revenues associated with political advertising related to local and national elections. During the three months ended March 31, 2014, our net political advertising sales were \$1.3 million compared to \$0.5 million for the three months ended March 31, 2013. We anticipate increased advertising revenues during the remainder of 2014 as a result of these cyclical fluctuations.

Employee benefit contributions. Our employee benefit plan contributions include contributions to our pension plan and the 401(k) Plan. Volatility in the debt and equity markets impacts the fair value of our pension plan assets and liabilities and ultimately the cash funding requirements of our pension plan. We expect to contribute \$4.4 million to our pension plan and \$3.2 million to our 401(k) Plan during the remainder of 2014.

Payments related to capital expenditures. During the three months ended March 31, 2014, we incurred capital expenditures of \$5.6 million. We expect to make cash payments of approximately \$17 million - \$21 million related to capital expenditures during the remainder of 2014, primarily as a result of improvements in news gathering and production at our television stations and software development costs at our digital companies.

Payments related to the acquisition of broadcast assets. During the three months ended March 31, 2014, we incurred \$7.3 million related to the acquisition of broadcast towers in Savannah, GA.

Acquisition of Federated Media. On February 3, 2014, LIN Digital Media LLC acquired 100% of the capital stock of Federated Media. The purchase price totaled \$22.3 million plus an adjustment for working capital delivered at closing and was funded from cash on hand and amounts drawn on our revolving credit facility. For further information see Note 2 — “Acquisitions.”

Table of Contents

Other investments. In connection with our acquisitions of Dedicated Media and HYFN, we may be required to purchase the remaining outstanding shares of these companies in 2015 and 2016, respectively, and pay amounts to certain employees of Dedicated Media and HYFN pursuant to long-term incentive compensation plans, if certain financial targets as defined in each applicable purchase agreement are met. Our maximum potential obligation under the HYFN and Dedicated Media agreements, including employee incentive compensation payments, is \$62.4 million, and \$26 million, respectively. However, we estimate that our total obligation will not exceed \$45 million in the aggregate between 2015 and 2016. For further information see Note 2 — “Acquisitions” included in our 10-K.

The Merger. During the next 12 months and through the completion of the Merger, we expect to incur approximately \$4.5 - \$5.5 million of legal and professional fees associated with the transaction and related financing. Contingent upon the consummation of the Merger and dependent upon the price of Media General's Class A common stock on the date of consummation, we will incur an advisory fee of approximately \$21.5 million payable to J.P. Morgan Securities LLC, which we expect will be funded from the proceeds of Media General's transaction financing.

As of March 31, 2014, there were no material changes in our contractual obligations from those shown in Liquidity and Capital Resources within Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations” of our 10-K.

## Summary of Cash Flows

The following presents summarized cash flow information (in thousands):

	Three Months Ended March 31,		
	2014	2013	2014 vs. 2013
Net cash provided by operating activities	\$36,783	\$21,832	\$14,951
Net cash used in investing activities	(35,242	) (106,785	) 71,543
Net cash provided by financing activities	6,821	62,146	(55,325
Net increase (decrease) in cash and cash equivalents	\$8,362	\$(22,807	) \$31,169

Net cash provided by operating activities increased \$15.0 million to \$36.8 million for the three months ended March 31, 2014, compared to net cash provided by operating activities of \$21.8 million for the three months ended March 31, 2013. The increase is primarily attributable to a \$4.6 million increase in operating income as well as an increase in cash inflows related to working capital of \$11.3 million.

Net cash used in investing activities was \$35.2 million for the three months ended March 31, 2014, compared to net cash used in investing activities of \$106.8 million for the three months ended March 31, 2013. The net cash used in investing activities during the three months ended March 31, 2014 was primarily comprised of \$22.3 million paid for acquisitions (net of cash acquired) as well as \$7.3 million paid for the acquisition of broadcast towers and \$5.6 million in capital expenditures. The net cash used in investing activities during the three months ended March 31, 2013 was primarily comprised of the \$100 million capital contribution made to SVH in February 2013 and \$6.8 million in capital expenditures.

Net cash provided by financing activities was \$6.8 million for the three months ended March 31, 2014, compared to net cash provided by financing activities of \$62.1 million during the three months ended March 31, 2013. The cash provided by financing activities during the three months ended March 31, 2014 is primarily comprised of net proceeds of \$10 million from our revolving line of credit, offset by \$4.3 million of mandatory principal amortization of our term loans and other debt. Net cash provided by financing activities during the three months ended March 31, 2013 was primarily due to the new \$60 million term loan entered into during the three months ended March 31, 2013 in connection with the JV Sale Transaction.

Consolidated net debt is a non-GAAP financial measure, and is equal to total debt less cash and cash equivalents.

For the purpose of our debt covenant calculations, our senior secured credit facility permits a maximum of \$45 (1) million to be offset against total debt in arriving at consolidated net debt. We believe consolidated net debt provides investors with useful information about our financial position, and is one of the financial measures used to evaluate compliance with our debt covenants.

During the three months ended March 31, 2014, we paid \$3.9 million of principal on the term loans and incremental term loans related to mandatory quarterly payments under our senior secured credit facility.

See Note 7 — "Debt" included in Item 15 of our 10-K for a full description of our senior secured credit facility.

## Item 3. Quantitative and Qualitative Disclosures About Market Risk

As of March 31, 2014, there has been no significant change in our exposure to market risk from those disclosed in our 10-K. For discussion of our exposure to market risk, refer to Item 7A. Quantitative and Qualitative Disclosures about Market Risk contained in our 10-K.

## Item 4. Controls and Procedures

a) Evaluation of disclosure controls and procedures.

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of March 31, 2014. The term “disclosure controls and procedures,” as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”), means controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by a company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the company’s management, including its principal executive and principal financial

Table of Contents

officers, as appropriate to allow timely decisions regarding required disclosure. Management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving its objectives and management necessarily applies its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on the evaluation of our disclosure controls and procedures as of March 31, 2014, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective at the reasonable assurance level.

b) Changes in internal controls.

There were no changes in our internal control over financial reporting identified in connection with the evaluation that occurred during the quarter ended March 31, 2014 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Part II. Other Information

Item 1. Legal Proceedings

We are involved in various claims and lawsuits that are generally incidental to our business. We are vigorously contesting all of these matters. The outcome of any current or future litigation cannot be accurately predicted. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No further estimates of possible losses or range of losses can be made at this time because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the proceeding is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; or (vi) there is a wide range of potential outcomes. Although the outcome of these and other legal proceedings cannot be predicted, we believe that their ultimate resolution will not have a material adverse effect on us.

Following the announcement on March 21, 2014 of the execution of the Merger Agreement, three complaints were filed in the Delaware Court of Chancery challenging the proposed acquisition of LIN LLC: *Sciabacucchi v. Lin Media LLC, et al.* (C.A. No. 9530CB), *International Union of Operating Engineers Local 132 Pension Fund v. Lin Media LLC, et al.* (C.A. No. 9538CB), and *Pryor v. Lin Media LLC, et al.* (C.A. No. 9577CB). The litigations are putative class actions filed on behalf of the public stockholders of LIN LLC and name as defendants LIN LLC, its directors, Media General, New Holdco, Merger Sub 1 and Merger Sub 2 and HM Capital Partners LLC and several of its alleged affiliates (Hicks, Muse, Tate & Furst Equity Fund III, L.P. HM3 Coinvestors, L.P. Hicks, Muse, Tate & Furst Equity Fund IV, L.P. Hicks, Muse, Tate & Furst Private Equity Fund IV, L.P. HM4EQ Coinvestors, L.P. Hicks, Muse & Co. Partners, L.P. Muse Family Enterprises, Ltd. and JRM Interim Investors, L.P. (together with HM Capital Partners LLC and individual director defendant John R. Muse, which we collectively refer to as "HMC")).

On April 18, 2014, the plaintiff in *Engineers Local 132 Pension Fund* voluntarily dismissed that action without prejudice and, on April 21, 2014, the Court approved the dismissal.

The operative complaints generally allege that the individual defendants breached their fiduciary duties in connection with their consideration and approval of the Merger, that the entity defendants aided and abetted those breaches and that individual director defendant Royal W. Carson III and HMC breached their fiduciary duties as controlling shareholders of LIN LLC by causing LIN LLC to enter into the Merger, which plaintiffs allege will provide disparate consideration to HMC. The complaints seek, among other things, declaratory and injunctive relief enjoining the Merger. On April 25, 2014, the plaintiff in the *Sciabacucchi* action filed an amended complaint, and the plaintiffs in the *Sciabacucchi* and *Pryor* actions each filed a motion for an expedited hearing on the plaintiff's (yet-to-be filed)

motion for a permanent injunction to enjoin the Merger, requesting, among other things, that the Court set a permanent injunction hearing for September 2014. On April 30, 2014, the plaintiffs in the Sciabacucchi and Pryor actions filed a stipulation to consolidate the two actions, which was approved by the Court on May 1, 2014. The outcome of the two active lawsuits is uncertain and cannot be predicted with any certainty. An adverse judgment for monetary damages could have a material adverse effect on our operations and liquidity. An adverse judgment granting permanent injunctive relief could indefinitely enjoin completion of the Merger.

Item 1A. Risk Factors

In addition to the other information in this report, you should carefully consider the factors discussed in Part I Item 1A. "Risk Factors" in our 10-K as well as factors discussed below, which could materially affect our business, financial condition or future results.

LIN LLC shareholders cannot be certain of the form of merger consideration they will receive.

Under the terms of the Merger Agreement, in certain circumstances, a LIN LLC shareholder may receive a combination of cash and shares of common stock of New Media General in exchange for such shareholder's LIN LLC common shares even if such shareholder made a valid election to receive either the cash consideration or the New Media General share consideration with respect to such shareholder's LIN LLC common shares. The Merger Agreement provides that the total number of LIN LLC common shares that will be converted into the right to receive cash consideration is equal to 27,426,312, less the total number of LIN LLC common shares, if any, with respect to which the holders thereof have properly demanded appraisal and have not withdrawn such demand or waived their rights to appraisal as of immediately prior to the Merger (the "Cash Election Cap").

If LIN LLC shareholders elect to receive the cash consideration for a number of LIN LLC common shares in excess of the Cash Election Cap, then the shares for which an election was made to receive the cash consideration will be converted into a right to receive a combination of cash and shares of common stock of New Media General on a prorated basis instead of solely the cash consideration.

Similarly, if LIN LLC shareholders elect to receive the cash consideration for a number of LIN LLC common shares less than the Cash Election Cap, then the shares for which an election was made to receive the New Media General share consideration will be converted into a right to receive a combination of cash and shares of common stock of New Media General on a prorated basis instead of solely the New Media General share consideration. However, if the number of LIN LLC common shares for which no election is made is greater than the difference between the Cash Election Cap and the number of LIN LLC common shares for which an election is made to receive the cash consideration, then shares for which no election is made will be converted into a right to receive a combination of cash and shares of common stock of New Media General on a prorated basis, and shares for which an election is made will receive the form of consideration elected.

The number of shares of New Media General common stock that LIN LLC shareholders will receive in the Merger is based on a fixed exchange ratio. Because the market price of Media General's voting common stock will fluctuate, Media General and LIN LLC shareholders cannot be certain of the value of the merger consideration that the LIN LLC shareholders will receive in the Merger.

Upon completion of the Merger, each outstanding LIN LLC common share (other than certain excluded shares and shares with respect to which the holders thereof have properly demanded appraisal and have not withdrawn such demand or waived their rights to appraisal) will be converted into the right to receive either the cash consideration or the New Media General share consideration subject to the proration and allocation procedures set forth in the Merger Agreement. The exchange ratio for determining the number of shares of New Media General common stock that LIN LLC shareholders will receive in the Merger is fixed and the New Media General share consideration will not be adjusted for changes in the market price of Media General's voting common stock or LIN LLC's Class A common shares. The market value of the New Media General voting common stock that the LIN LLC shareholders will be entitled to receive in the Merger will in part depend on the market value of Media General's voting common stock immediately before that merger is completed and could vary significantly from the market value on the date of the announcement of the Merger Agreement or the date of the LIN LLC and Media General special meetings. The Merger Agreement does not provide for any adjustment to the New Media General share consideration based on fluctuations of the per share price of Media General's voting common stock or LIN LLC's Class A common shares. In addition, the

market value of the New Media General voting common stock will likely fluctuate after the completion of the merger.

Fluctuations in the share price of Media General, or New Media General following the closing of the Merger, could result from changes in the business, operations or prospects of Media General or LIN LLC prior to the closing of the Merger or New Media General following the closing of the Merger, regulatory considerations, general market and economic conditions and other factors both within and beyond the control of Media General or LIN LLC. The Merger may be completed a considerable amount of time after the date of the Media General or LIN LLC special meetings. As such, at the time of the special meetings, Media General or LIN LLC shareholders will not know the value of the New Media General share consideration that the LIN LLC shareholders will receive in the Merger for each LIN LLC common share.

## Table of Contents

After making an election with respect to their shares, LIN LLC shareholders will not be able to sell the LIN LLC common shares covered by such election, unless they revoke such election at or prior to the election deadline or unless the Merger Agreement is terminated.

The deadline for making cash elections and stock elections is 5:00 p.m., New York time, on the fifth business day prior to the closing date for the Merger (or such other date as Media General and LIN LLC mutually agree). Media General will seek to publicly announce the election deadline at least five business days prior to this election deadline. After LIN LLC shareholders make an election with respect to their LIN LLC common shares and prior to completion of the Merger, the trading price of LIN LLC Class A common shares or Media General's voting common stock may decrease, and LIN LLC shareholders may otherwise want to sell their LIN LLC common shares to gain access to cash, make other investments, or eliminate the potential for a decrease in the value of the investment. However, once LIN LLC shareholders make an election with respect to their LIN LLC common shares, which includes delivering all proper transmittal documentation related to such shares, the LIN LLC shareholders will not be able to sell those shares, unless they properly revoke their election at or prior to the election deadline or the Merger Agreement is terminated.

Changes in FCC ownership rules through FCC action, judicial review or federal legislation may limit our ability to continue providing services to stations under sharing arrangements (such as local marketing agreements, joint sale agreements, shared services agreements and other similar agreements), may prevent us from obtaining ownership of the stations we currently provide services to under sharing arrangements, may require us to amend or terminate certain agreements and/or may preclude us from obtaining the full economic value of one or more of our duopoly, or two-station, operations upon a sale, merger or other similar transaction transferring ownership of such station or stations.

FCC ownership rules currently impose significant limitations on the ability of broadcast licensees to have attributable interests in multiple media properties. Federal law prohibits one company from owning broadcast television stations that collectively have service areas encompassing more than an aggregate 39% share of national television households. Ownership restrictions under FCC rules also include a variety of local limits on media ownership. The restrictions include an ownership limit of one television station in most medium and smaller television markets and two stations in most larger markets, known as the television duopoly rule. The regulations also include limits on the common ownership of a newspaper and television station in the same market (newspaper television cross ownership), limits on common ownership of radio and television stations in the same market (radio television station ownership) and limits on radio ownership of four to eight radio stations in a local market.

If the FCC should loosen its media ownership rules, attractive opportunities may arise for additional television station and other media acquisitions, but these changes also would create additional competition for us from other entities, such as national broadcast networks, large station groups, newspaper chains and cable operators, which may be better positioned to take advantage of such changes and benefit from the resulting operating synergies both nationally and in specific markets. On March 12, 2014, the FCC issued a public notice with respect to the processing of broadcast television applications proposing sharing arrangements and contingent interests. The public notice indicated that the FCC will closely scrutinize any application that proposes that two or more stations in the same market will enter into an agreement to share facilities, employees and/or services or to jointly acquire programming or sell advertising including through a JSA, LMA or similar agreement and enter into an option, right of first refusal, put/call arrangement or other similar contingent interest, or a loan guarantee. We cannot now predict what actions the FCC may require in connection with the processing of applications for FCC consent to the Merger. However, among other things, this may limit New Media General's ability to create duopolies or other two station operations.

In an order adopted in March 2014, the FCC concluded that JSAs should be "attributable" for purposes of the media ownership rules if they permit a television licensee to sell more than 15% of the commercial inventory of a television

station owned by a third party in the same market. Stations with JSAs that would put them in violation of the new rules will have two years from the date on which the rules become effective to amend or terminate those arrangements, unless they are able to obtain a waiver of such rules. Accordingly, absent further developments, or the grant of waivers, we will be required to modify or terminate our existing JSAs within such two year period.

Concurrent with such March 2014 order, the FCC issued a notice of proposed rulemaking in which it initiated its Quadrennial Review of its ownership rules. The rulemaking proposes, among other things, (i) eliminating the newspaper/radio cross ownership rule and the radio/television cross ownership rule, (ii) retaining the newspaper/television cross ownership rule but allowing for waivers on a case by case basis, (iii) retaining the local television rules, and (iv) prohibiting two television stations in the same market from swapping network affiliations if it would result in a single owner having two top 4 network affiliations in a market where it could not otherwise own both stations. The proposed rulemaking also seeks comment on how to define a television shared services agreement and whether television stations should be required to disclose shared services agreements and how best to achieve disclosure.

We may be unable to successfully negotiate future retransmission consent agreements and these negotiations may be further hindered by consolidation in that industry and the interests of networks with whom we are affiliated or by statutory or regulatory developments.

We may be unable to successfully negotiate retransmission consent agreements with MVPDs when the current terms of these agreements expire for various reasons, including consolidation within that industry. In addition, our affiliation agreements with some broadcast networks include certain terms that may affect our ability to permit MVPDs to retransmit our stations' signals containing network programming, and in some cases, we may lose the right to grant retransmission consent to such providers. If the broadcast networks withhold their consent to the retransmission of those portions of our stations' signals containing network programming we may be unable to successfully complete negotiations for new retransmission consent agreements. Certain networks require us to pay them compensation in exchange for permitting redistribution of network programming by MVPDs. Escalating payments to networks in connection with signal retransmission may adversely affect our operating results. If we lose the right to grant retransmission consent, we may be unable to satisfy certain obligations under our existing retransmission consent agreements with MVPDs and there could be a material adverse effect on our results of operations.

Several cable system and DBS operators jointly petitioned the FCC to initiate a rulemaking proceeding to consider amending its retransmission consent rules. The FCC solicited public comment on the petition and subsequently released a notice of proposed rule making seeking public comment on whether it should amend its rules to: (i) modify its standards for "good faith" negotiations of retransmission consent agreements (ii) enhance consumer notice obligations and (iii) eliminate the FCC's network non duplication and syndicated exclusivity rules. The proceeding is currently pending, and we cannot predict its outcome.

On January 10, 2014, the Supreme Court agreed to hear a case captioned American Broadcasting Companies, Inc., et al. v. Aereo, Inc. , which involves a challenge from several broadcasters of the Aereo service, which transmits to its subscribers broadcast television programs over the Internet for a monthly subscription fee. At issue is whether Aereo's service violates copyright law and whether Aereo must obtain permission to retransmit broadcasters' programming. Should Aereo and its competitors prevail in the pending litigation, and certain online video distributors and over the top video distributors become eligible for a statutory license that would enable them to stream broadcast programming over the Internet, it could have a negative impact on our retransmission consent negotiations with MVPDs, and our business and results of operations could be materially and adversely affected. We cannot predict the ultimate outcome of this proceeding.

The Merger is subject to conditions, including certain conditions that may not be satisfied or completed on a timely basis, if at all.

Consummation of the Merger is subject to certain closing conditions which make the completion and timing of the Merger uncertain. The conditions include, among others, the obtaining of the requisite approvals by the shareholders of Media General and LIN LLC for the consummation of the Merger, the expiration of the waiting period under the HSR Act, as amended, the grant by the FCC of consent to the transfer of control of the broadcast licensee subsidiaries of Media General and LIN LLC as a result of the Merger, the absence of any governmental order preventing the consummation of the Merger, the effectiveness of a registration statement on Form S-4 registering the shares of the new holding company to be issued in connection with the Merger, registering the shares of New Media General common stock to be issued in connection with the Merger, the listing of such shares on the NYSE and the receipt of third party consents under certain of Media General's and LIN LLC's material contracts.

Although Media General and LIN LLC have agreed in the Merger Agreement to use their commercially reasonable best efforts to obtain the requisite approvals and consents, there can be no assurance that these approvals and consents

will be obtained, and these approvals and consents may be obtained later than anticipated. In addition, Media General's and LIN LLC's obligations to obtain the requisite consents and approvals from regulatory authorities are subject to certain limitations, including that Media General is not required to agree to take actions or to make divestitures that may be required by the regulatory authorities (both those expected to be divested and those expected not to be) if taking such actions or making such divestitures (whether or not in connection with the Merger) would reasonably be expected to result in the LIN LLC television stations (both those expected to be divested and those expected not to be) losing annual broadcast cash flow exceeding a specified amount.

The Merger Agreement contains provisions that restrict our ability to pursue alternatives to the Merger and, in specified circumstances, could require us to pay to Media General a termination fee.

## Table of Contents

Under the Merger Agreement, we are restricted, subject to certain exceptions, from soliciting, initiating, knowingly facilitating or negotiating, or furnishing nonpublic information with regard to, any inquiry, proposal or offer for an alternative business combination transaction from any person. We may terminate the Merger Agreement and enter into an agreement with respect to a superior proposal only if specified conditions have been satisfied, including a determination by our Board of Directors (after consultation with a nationally recognized third party financial advisors and outside legal counsel) that such proposal is more favorable to the LIN LLC shareholders than the Merger from a financial point of view. A termination in this instance would result in us being required to pay Media General a termination fee of \$57.3 million in the aggregate. In addition, if the Merger Agreement is terminated in certain circumstances, we will be required to pay to Media General a termination fee of \$57.3 million in the aggregate. These provisions could discourage a third party that may have an interest in acquiring all or a significant part of LIN LLC from considering or proposing an alternative business combination transaction with us, even if such third party were prepared to pay consideration with a higher value than the value of the Merger.

Failure to complete the Merger may negatively impact our stock price and our future business and financial results.

The Merger Agreement provides that either Media General or LIN LLC may terminate the Merger Agreement if the Merger is not consummated on or before March 21, 2015 (which may be automatically extended to June 21, 2015, in the event all closing conditions have been satisfied or waived or are then capable of being satisfied other than those closing conditions related to regulatory approvals). In addition, the Merger Agreement contains certain termination rights for both us and Media General including, among others, (i) by LIN LLC, in the event the LIN LLC Board of Directors determines to enter into a definitive agreement with respect to a LIN LLC Superior Offer (as defined in the Merger Agreement) and (ii) by Media General, if, as a result of regulatory actions or divestitures required by the regulatory authorities (whether or not in connection with the Merger), the LIN LLC television stations (both those expected to be divested and those expected not to be) would reasonably be expected to lose annual broadcast cash flow exceeding a specified amount. Upon termination of the Merger Agreement under specific circumstances, we will be required to pay Media General a termination fee of \$57.3 million. The Merger Agreement also provides that Media General will be required to pay a termination fee to the holders of LIN LLC common shares of \$55.1 million in the aggregate if the Merger Agreement is terminated under certain circumstances.

If the Merger is not completed on a timely basis, our ongoing businesses may be adversely affected. If the Merger is not completed at all, we will be subject to a number of risks, including the following:

- being required to pay our costs and expenses relating to the Merger, such as legal, accounting, financial advisory and printing fees, whether or not the Merger is completed; and

- time and resources committed by our management to matters relating to the Merger could otherwise have been devoted to pursuing other beneficial opportunities.

If the Merger is not completed, the price of our Class A Common Shares may decline to the extent that the current market price of that stock reflects a market assumption that the Merger will be completed and that the related benefits will be realized, or a market perception that the Merger was not consummated due to an adverse change in our business.

Uncertainties associated with the Merger may cause employees to leave us, Media General or New Media General and may otherwise affect the future business and operations of the combined company.

New Media General's success after the Merger will depend in part upon its ability to retain key employees of Media General and LIN LLC. Prior to and following the Merger, current and prospective employees of Media General and LIN LLC may experience uncertainty about their future roles with Media General and LIN LLC and choose to pursue

other opportunities, which could have an adverse effect on Media General or LIN LLC. If key employees depart, the integration of the two companies may be more difficult and New Media General's business following the Merger could be adversely affected.

We and Media General may not be able to obtain the required approval from the FCC.

LIN LLC's and Media General's obligation to consummate the Merger is subject to obtaining receipt from the FCC of consent to the transfers of control of broadcast licensee subsidiaries of LIN LLC and Media General in connection with the Merger. Under the Merger Agreement, we and Media General are each obligated to use commercially reasonable best efforts to obtain as promptly as practicable the necessary consents from the FCC to the Merger subject to certain limitations. Although we believe that we will be able to obtain the required approval from the FCC, we cannot be sure we will do so. Failure to obtain FCC clearance would prevent us from consummating the Merger.

## Table of Contents

Media General has the right to terminate the Merger Agreement if changes to FCC regulations or transaction-related regulatory requirements would reasonably be expected to result in the LIN LLC television stations losing annual broadcast cash flow exceeding a specified amount.

The FCC may change or propose to change, its rules or the interpretation of its rules prior to the closing of the Merger in a manner that would be adverse to the manner in which we operate our television stations or provide certain services to television stations licensed to third parties. In addition, the FCC and other regulatory authorities may require that Media General and LIN LLC agree to take certain actions, such as divesting assets or otherwise limiting the rights of LIN LLC to provide certain services to television stations licensed to third parties, in order to obtain the approval or consent of such regulatory authorities to the Merger. Under the Merger Agreement, Media General is not required to agree to take actions to obtain the approval or consent of the regulatory authorities if such actions, together with any such changes to the FCC's rules (whether or not in connection with the Merger), would result in the LIN LLC television stations (both those expected to be divested and those expected not to be) losing annual broadcast cash flow in excess of a specified amount. If it is determined that such actions, together with any such changes to the FCC's rules (whether or not in connection with the Merger), would reasonably be expected to result in the LIN LLC television stations losing annual broadcast cash flow in excess of a specified amount, Media General has the right to terminate the Merger Agreement.

Media General and LIN LLC will be required to divest assets in certain markets in order to obtain approval from regulatory authorities and may not be able to realize the full benefit of the sold assets.

Media General and us both own television stations in the Birmingham, AL Green Bay, WI Mobile, AL Providence, RI and Savannah, GA markets. We also own two television stations in each of the Norfolk, VA and Albuquerque, NM markets that are currently "top four" stations in their markets based on ratings. Regulatory authorities will require Media General and us to divest stations in these markets, and may require Media General and us to divest assets in other markets, or to accept other restrictions or conditions with respect to the operation of television stations in such markets, in order to obtain the approval or consent of such regulatory authorities for the Merger. Any such divestitures or other restrictions could diminish the anticipated benefits of the Merger to New Media General and its shareholders by adversely affecting the operations of New Media General after the completion of the Merger, and may result in additional Merger costs.

Furthermore, in certain of our television markets, we own more than one full power television broadcast station based on waivers that the FCC reevaluates in connection with review of an application for consent to a "substantial" transfer of control, such as the change of control that the our stations would undergo upon the consummation of the Merger. Pursuant to "satellite," "failing station," and similar waivers, we are permitted to own additional stations in the Austin, TX, Green Bay, WI, Hartford New Haven, CT, Honolulu, HI, and Wichita Hutchinson, KS markets. In assessing whether to consent to a "substantial" transfer of control of such a combination, the FCC will seek to determine whether the circumstances warrant continuation of these waivers.

The integration of Media General and LIN LLC following the Merger will present significant challenges that may reduce the anticipated potential benefits of the Merger.

We and Media General will face significant challenges in consolidating functions and integrating our organizations, procedures and operations in a timely and efficient manner, as well as retaining key personnel. The integration of Media General and LIN LLC will be complex and time consuming due to the locations of our corporate headquarters and the size and complexity of each organization. The principal challenges will include the following:

- integrating information systems and internal controls over accounting and financial reporting;

- integrating our and Media General's existing businesses;
- preserving significant business relationships;
- consolidating corporate and administrative functions;
- conforming standards, controls, procedures and policies, business cultures and compensation structures between us and Media General; and
- retaining key employees.

## Table of Contents

The management of New Media General will have to dedicate substantial effort to integrating the businesses of Media General and LIN during the integration process. These efforts could divert management's focus and resources from New Media General's business, corporate initiatives or strategic opportunities. If New Media General is unable to integrate Media General's and LIN LLC's organizations, procedures and operations in a timely and efficient manner, or at all, the anticipated benefits and cost savings of the Merger may not be realized fully, or at all, or may take longer to realize than expected, and the value of New Media General's common stock may be affected adversely. An inability to realize the full extent of the anticipated benefits of the Merger, as well as any delays encountered in the integration process, could also have an adverse effect upon the revenues, level of expenses and operating results of New Media General.

We and Media General will incur significant transaction and merger-related integration costs in connection with the Merger.

We and Media General expect to pay significant transaction costs in connection with the Merger. These transaction costs include investment banking, legal and accounting fees and expenses, expenses associated with the new indebtedness that will be incurred in connection with the Merger, SEC filing fees, printing expenses, mailing expenses and other related charges. A portion of the transaction costs will be incurred regardless of whether the Merger is consummated. We and Media General will each generally pay our own costs and expenses in connection with the Merger, except that each is obligated to pay 50% of the FCC and antitrust filing fees relating to the Merger irrespective of whether the Merger is consummated. Media General will also reimburse our costs for assistance in connection with the financing Media General obtains in connection with the Merger. New Media General may also incur costs associated with integrating the operations of the two companies, and these costs could be significant and could have an adverse effect on New Media General's future operating results if the anticipated cost savings from the Merger are not achieved. Although we expect that the elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the two businesses, should allow New Media General to offset incremental expenses over time, the net benefit may not be achieved in the near term, or at all.

While the Merger is pending, we and Media General will be subject to business uncertainties, as well as contractual restrictions under the Merger Agreement, that could have an adverse effect on our businesses.

Uncertainty about the effect of the Merger on our and Media General's employees and business relationships may have an adverse effect on us and Media General and, consequently, on New Media General following the consummation of the Merger. These uncertainties could impair each of our and Media General's ability to retain and motivate key personnel until and after the consummation of the Merger and could cause third parties who deal with us and Media General to seek to change existing business relationships with Media General and LIN. If key employees depart or if third parties seek to change business relationships with us and Media General, New Media General's business following the consummation of the Merger could be adversely affected. In addition, the Merger Agreement restricts us and Media General, without the other party's consent and subject to certain exceptions, from making certain acquisitions and taking other specified actions until the Merger closes or the Merger Agreement terminates. These restrictions may prevent us and Media General from pursuing otherwise attractive business opportunities that may arise prior to completion of the Merger or termination of the Merger Agreement, and from making other changes to our business.

Some of our directors and executive officers may have interests in the Merger that are different from the interests of our shareholders generally.

Some of our directors and executive officers may have interests in the Merger that are different from, or are in addition to, the interests of our shareholders generally. These interests include their designation as Directors or executive officers of New Media General following the completion of the Merger.

LIN Television Corporation

Notes to Unaudited Consolidated Financial Statements

Note 1 — Basis of Presentation and Summary of Significant Accounting Policies

Principles of Consolidation

LIN Television Corporation, a Delaware corporation (“LIN Television”), together with its subsidiaries, is a local multimedia company operating in the United States. LIN Television and its subsidiaries are affiliates of HM Capital Partners I LP (“HMC”). In these notes, the terms “Company,” “we,” “us” or “our” mean LIN Television and all subsidiaries included in our consolidated financial statements. LIN Television is a wholly-owned subsidiary of LIN Media LLC (“LIN LLC”).

On July 30, 2013, LIN TV Corp., a Delaware corporation (“LIN TV”), completed its merger with and into LIN LLC, a Delaware limited liability company and wholly owned subsidiary of LIN TV, with LIN LLC as the surviving entity (the “LIN LLC Merger”) pursuant to the Agreement and Plan of Merger, dated February 12, 2013, by and between LIN TV and LIN LLC (the “2013 LIN LLC Merger Agreement”). LIN LLC filed a Current Report on Form 8-K on July 31, 2013 (the “Form 8-K”) for the purpose of establishing LIN LLC as the successor registrant to LIN TV pursuant to Rule 12g-3(a) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and to disclose certain related matters, including the consummation of the 2013 LIN LLC Merger. Pursuant to Rule 12g-3(a) under the Exchange Act and in accordance with the filing of the Form 8-K, the class A common shares representing limited liability interests in LIN LLC, as the successor registrant to LIN TV, were deemed registered under Section 12(b) of the Exchange Act. References to “LIN LLC,” “we,” “us,” or the “Company” in this Quarterly Report on Form 10-Q that include any period at and before the effectiveness of the 2013 LIN LLC Merger shall be deemed to refer to LIN TV as the predecessor registrant to LIN LLC. For more information concerning the effects of the 2013 LIN LLC Merger and the succession of LIN LLC to LIN TV upon its effectiveness, please see the Form 8-K.

LIN LLC has no independent assets or operations and guarantees all of our debt. All of the consolidated wholly-owned subsidiaries of LIN Television fully and unconditionally guarantee our Senior Secured Credit Facility, 8<sup>3</sup>/<sub>8</sub>% Senior Notes due 2018 (the “8<sup>3</sup>/<sub>8</sub>% Senior Notes”) and 6<sup>1</sup>/<sub>8</sub>% Senior Notes due 2021 (the “6<sup>1</sup>/<sub>8</sub>% Senior Notes”) on a joint-and-several basis, subject to customary release provisions.

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”). All intercompany accounts and transactions have been eliminated.

In the opinion of management, the accompanying unaudited interim financial statements contain all adjustments necessary to state fairly our financial position, results of operations and cash flows for the periods presented. The interim results of operations are not necessarily indicative of the results to be expected for the full year.

The accompanying consolidated financial statements include the accounts of our Company, our wholly-owned and majority-owned and controlled subsidiaries, and VIEs for which we are the primary beneficiary. We review all local marketing agreements (“LMAs”), shared services agreements (“SSAs”), joint sales agreements (“JSAs”) and related agreements, to evaluate whether consolidation of entities that are party to such arrangements is required under U.S. GAAP.

During the first quarter of 2014, as a result of the continued growth in our digital business, we reevaluated our organization and the nature of our business activities and began assessing and internally reporting financial information for our broadcast business and our digital business separately. As a result, we now have two reportable operating segments, “Broadcast” and “Digital” that are disclosed separately from our corporate activities. Our Broadcast

segment includes 43 television stations and seven digital channels that are either owned, operated or serviced by us in 23 U.S. markets, all of which are engaged principally in the sale of television advertising and digital advertising primarily related to our television station companion websites. Our Digital segment includes the operating results of our digital companies: LIN Digital LLC ("LIN Digital"), LIN Mobile, LLC ("LIN Mobile"), Nami Media, Inc. ("Nami Media"), HYFN, Inc. ("HYFN"), Dedicated Media, Inc. ("Dedicated Media"), and Federated Media Publishing LLC ("Federated Media"). Corporate and unallocated expenses primarily include our costs to operate as a public company and to operate our corporate locations. Corporate is not a reportable segment. We have restated prior period disclosures to reflect this change in our reportable operating segments. See Note 5 - "Segment Reporting" for further discussion.

On March 21, 2014, we filed a Current Report on Form 8-K for the purpose of announcing that LIN LLC entered into an Agreement and Plan of Merger with Media General, Inc., a Virginia corporation ("Media General"), Mercury New Holdco, Inc., a Virginia corporation ("New Holdco"), Mercury Merger Sub 1, Inc., a Virginia corporation and a direct, wholly-owned subsidiary of New Holdco ("Merger Sub 1"), Mercury Merger Sub 2, LLC, a Delaware limited liability company and a direct,

## Table of Contents

wholly owned subsidiary of New Holdco (“Merger Sub 2”) (the “Merger Agreement”) pursuant to which Merger Sub 1 will, upon the terms and subject to the conditions thereof, merge with and into Media General (the “Media General Merger”), with Media General surviving the Media General Merger as a wholly owned subsidiary of New Holdco, and immediately following the consummation of the Media General Merger, Merger Sub 2 will merge with and into LIN LLC (the “LIN Merger” and together with the Media General Merger, the “Merger”), with LIN LLC surviving the Merger as a wholly owned subsidiary of New Holdco.

As a result of the Merger, the combined company will own and operate or service 74 stations across 46 markets, reaching approximately 26.5 million households or 23% of U.S. TV households (certain of these stations are expected to be swapped or otherwise divested in order to address regulatory considerations). The transaction is currently expected to close during the first quarter of 2015. For more information concerning the Merger, refer to the Current Report on Form 8-K filed with the SEC on March 21, 2014.

### Joint Venture Sale Transaction and Merger

On February 12, 2013, we, along with LIN TV and LIN Television of Texas, L.P., a Delaware limited partnership (“LIN Texas”) entered into an agreement whereby LIN Texas sold its 20.38% equity interest in Station Venture Holdings (“SVH”), a joint venture in which an affiliate of NBCUniversal (“NBC”), held the remaining 79.62% equity interest (collectively, the “JV Sale Transaction”). Pursuant to the JV Sale Transaction, LIN Television caused a \$100 million capital contribution to be made to SVH and in turn, LIN TV was released from the guarantee of an \$815.5 million note held by SVH (“GECC Guarantee”) as well as any further obligations related to any shortfall funding agreements between us and SVH.

Concurrent with the closing of the JV Sale Transaction, LIN TV entered into the 2013 LIN LLC Merger Agreement. The 2013 LIN LLC Merger enabled the surviving entity to be classified as a partnership for federal income tax purposes and the change in classification was treated as a liquidation of LIN TV for federal income tax purposes, with the result that LIN TV realized a capital loss in its 100% equity interest in LIN Television.

For further discussion of the JV Sale Transaction and the 2013 LIN LLC Merger, refer to Item 1. “Business,” Note 1 - “Basis of Presentation and Summary of Significant Accounting Policies” and Note 13 - “Commitments and Contingencies” to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2013 (the “10-K”).

### Variable Interest Entities

In determining whether we are the primary beneficiary of a VIE for financial reporting purposes, we consider whether we have the power to direct the activities of the VIE that most significantly impact the economic performance of the VIE and whether we have the obligation to absorb losses or the right to receive returns that would be significant to the VIE. We consolidate VIEs when we are the primary beneficiary.

We have a JSA and an SSA with WBDT Television, LLC (“WBDT”) for WBDT-TV in the Dayton, OH market. We also have JSAs and SSAs with affiliates of Vaughan Acquisition LLC (“Vaughan”) for WTGS-TV in the Savannah, GA market, WYTV-TV in the Youngstown, OH market and KTKA-TV in the Topeka, KS market and SSAs with KASY-TV Licensee, LLC (“KASY”), KWBQ-TV, KRWB-TV and KASY-TV in the Albuquerque, Santa-Fe NM market. Under these agreements, we provide administrative services to these stations, have an obligation to reimburse certain of the stations' expenses, and we are compensated through a performance-based fee structure that provides us the benefit of certain returns from the operation of these stations. We determined that WBDT, Vaughan and KASY are VIEs and as a result of the JSAs and/or SSAs, we have variable interests in these entities. We are the primary beneficiary of these entities, and therefore, we consolidate these entities within our consolidated financial statements.

An order that the Federal Communications Commission (“FCC”) adopted in March 2014, however, may require changes in our relationship with these entities going forward. In that order, the FCC concluded that JSAs should be “attributable”

for purposes of the media ownership rules if they permit a television licensee to sell more than 15% of the commercial inventory of a television station owned by a third party in the same market. Stations with JSAs that would put them in violation of the new rules will have two years from the date on which the rules become effective to amend or terminate those arrangements unless they are able to obtain a waiver of such rules. Accordingly, absent further developments or the grant of a waiver, we may be required to modify or terminate our existing JSAs to comply with FCC requirements.

The carrying amounts and classifications of the assets and liabilities of the variable interest entities described above, which have been included in our consolidating balance sheets as of March 31, 2014 and December 31, 2013 are as follows (in thousands):

The assets of our consolidated VIEs can only be used to settle the obligations of the VIEs and may not be sold, or otherwise disposed of, except for assets sold or replaced with others of like kind or value. Other liabilities of \$47.1 million and \$47.8 million as of March 31, 2014 and December 31, 2013, respectively, serve to reduce the carrying value of the entities, and are eliminated in our consolidated financial statements. This reflects the fact that as of March 31, 2014 and December 31, 2013, we have an option that we may exercise if the FCC attribution rules change. The option would allow us to acquire the assets or member's interest of the VIE entities for a nominal exercise price, which is significantly less than the carrying value of their tangible and intangible net assets. In an order adopted in March 2014, the FCC concluded that JSAs should be "attributable" for purposes of the media ownership rules if they permit a television licensee to sell more than 15% of the commercial inventory of a television station owned by a third party in the same market. As a result of the changes announced by the FCC, these arrangements, including the options described above, will need to be modified or terminated unless a waiver can be obtained from the FCC.

#### Redeemable Noncontrolling Interest

The redeemable noncontrolling interest as of December 31, 2013 includes the interest of minority shareholders of HYFN, Dedicated Media and Nami Media. During the three months ended March 31, 2014, we have reclassified the interest of the minority shareholders of Nami Media to permanent equity, as the mandatory redemption feature of Nami Media's minority shareholders' interest lapsed in February 2014. Accordingly, the following table presents the activity of the redeemable noncontrolling interest included in our consolidated balance sheets related to HYFN and Dedicated Media, which represents third parties' proportionate share of our consolidated net assets (in thousands):

## Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires our management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and the notes thereto. Our actual results could differ from these estimates. Estimates are used for the allowance for doubtful accounts in receivables, valuation of goodwill and intangible assets, assumptions used to determine fair value of financial instruments, amortization and impairment of program rights and intangible assets, share-based compensation and other long-term incentive compensation arrangements, pension costs, barter transactions, income taxes, employee medical insurance claims, useful lives of property and equipment, contingencies, litigation and net assets of businesses acquired.

## Note 2 — Acquisitions

## Federated Media Publishing, Inc.

On February 3, 2014, LIN Digital Media LLC, a wholly owned subsidiary of LIN Television, acquired 100% of the capital stock of Federated Media Publishing, Inc., which we subsequently converted into a Delaware limited liability company ("Federated Media"). Federated Media is a digital content and conversational marketing company that leverages the relationships and content from its publishing network to deliver contextually relevant advertising and conversational and engagement tools that reach agencies' and brands' targeted audiences across digital and social media platforms. The purchase price totaled \$22.3 million, net of cash, subject to post-closing adjustments, and was funded from cash on hand and amounts drawn on our revolving credit facility.

The following table summarizes the provisional allocation of the purchase price to the estimated fair values of the assets acquired and liabilities assumed by us in the acquisition (in thousands):

Current assets	\$9,811
Property and equipment	72
Non-current assets	196
Other intangible assets	11,497
Goodwill	7,099
Current liabilities	(6,368 )
Total	\$22,307

The amount allocated to definite-lived intangible assets represents the estimated fair values of publisher relationships of \$4.2 million, customer relationships of \$1.2 million, completed technology of \$3.9 million, and trademarks of \$2.2 million. These intangible assets will be amortized over the estimated remaining useful lives of approximately 8 years for publisher relationships, 4 years for customer relationships, 3 years for completed technology and 7 years for trademarks.

Goodwill of \$7.1 million is the excess of the aggregate purchase price over the fair value of the identifiable net assets acquired, and primarily represents the benefits of the incremental revenue we expect to generate from the acquisition of Federated Media. All of the goodwill recognized in connection with the acquisition of Federated Media is

deductible for tax purposes.

Pro Forma Information

The following table sets forth unaudited pro forma results of operations for the three months ended March 31, 2014 and 2013 assuming that the above acquisition of Federated Media, along with transactions necessary to finance the acquisition, occurred on January 1, 2013 (in thousands):

	Three Months Ended March 31, 2014	Three Months Ended March 31, 2013
Net revenue	\$ 167,608	\$ 149,069
Net income (loss)	\$ 771	\$(5,089)

This pro forma financial information is based on historical results of operations, adjusted for the allocation of the purchase price and other acquisition accounting adjustments, and is not necessarily indicative of what our results would have been had we operated the business since January 1, 2013. The pro forma adjustments for the three months ended March 31, 2014 and 2013 reflect depreciation expense, amortization of intangibles related to the fair value adjustments of the assets acquired, additional interest expense related to the financing of the transaction and the related tax effects of the adjustments.

In connection with the acquisition of Federated Media, we and Federated Media incurred a combined total of \$0.8 million of transaction related costs primarily related to legal and other professional services. These costs were not included in the 2014 pro forma amounts. The 2013 pro forma net loss was adjusted to include these costs, as they are directly attributable to the acquisition of Federated Media.

Net revenues and operating loss of Federated Media included in our consolidated statements of operations for the three months ended March 31, 2014 were \$4 million and \$(0.5) million, respectively.

## Dedicated Media, Inc.

On April 9, 2013, we acquired a 60% interest (calculated on a fully diluted basis) in Dedicated Media, a multi-channel advertisement buying and optimization company. Under the terms of our agreement with Dedicated Media, we agreed to purchase the remaining outstanding shares of Dedicated Media by no later than February 15, 2015 if Dedicated Media achieves both (i) a target earnings before interest, taxes, depreciation and amortization (“EBITDA”) and (ii) a target gross profit in 2014, as outlined in the purchase agreement. The purchase price of these shares is based on multiples of Dedicated Media’s 2014 EBITDA and gross profit. Our maximum potential obligation under the purchase agreement is \$26 million. If Dedicated Media does not meet the target EBITDA or target gross profit in 2014, we have the option to purchase the remaining outstanding shares using the same purchase price multiple.

## HYFN, Inc.

On April 4, 2013, we acquired a 50.1% interest (calculated on a fully diluted basis) in HYFN, a full service digital advertising agency specializing in the planning, development, deployment and support for websites, mobile sites, interactive banners, games and various applications for multiple devices. Under the terms of our agreement with HYFN, we agreed to purchase the remaining outstanding shares of HYFN by no later than February 15, 2016 if HYFN achieves both (i) a target EBITDA and (ii) target net revenues in 2015, as outlined in the transaction agreements. The purchase price of these shares is based on multiples of HYFN’s 2015 net revenue and EBITDA. Our maximum potential obligation under the terms of our agreement is approximately \$62.4 million. If HYFN does not meet the target EBITDA or target net revenues in 2015, we have the option to purchase the remaining outstanding shares using the same purchase price multiple.

Our obligations to purchase the noncontrolling interest holders’ shares of both Dedicated Media and HYFN are outside of our control, because they are based on the achievement of certain financial targets described above. Therefore, the noncontrolling interest related to Dedicated Media and HYFN as of March 31, 2014 has been reported as redeemable noncontrolling interest and classified as temporary equity on our consolidated balance sheets. As of the acquisition dates, the fair values of the noncontrolling interests were \$3.8 million and \$7.2 million for Dedicated Media and

HYFN, respectively, and were measured based on the purchase prices for our 60% and 50.1% ownership interest in Dedicated Media and HYFN, respectively, and the net assets acquired as of the acquisition dates. As of March 31, 2014, we believe that achievement of the financial targets is not yet probable and therefore, have not reflected these obligations in our consolidated financial statements.

If we do not purchase the remaining outstanding shares of Dedicated Media or HYFN by the dates set forth in the respective purchase agreements, the noncontrolling interest holders have the right to purchase our interest. The purchase price of these shares is based on the same purchase price multiple described above and is exercisable only if the applicable financial targets are not met and we do not elect to purchase the remaining interest. The fair value of this option is zero and no amounts related to these options are included in our consolidated financial statements as of March 31, 2014.

Table of Contents

During the three months ended March 31, 2014, we paid \$3.9 million of principal on the term loans and incremental term loans related to mandatory quarterly payments under our senior secured credit facility.

In January and February 2014, we drew \$40 million on our revolving credit facility to fund the acquisition of Federated Media as well as normal operating activities. We subsequently made payments against these borrowings in the amount of \$30 million, resulting in an outstanding balance on our revolving credit facility of \$15 million as of March 31, 2014.

In February 2013, pursuant to our existing credit agreement, we issued \$60 million of new debt in the form of a tranche B-2 incremental term facility (the “Incremental Facility”). The Incremental Facility is a five-year term loan facility and is subject to the terms of our existing credit agreement, dated as of October 26, 2011, as amended on December 24, 2012, by and among LIN Television, JP Morgan Chase Bank as Administrative Agent and the banks and other financial institutions party thereto (the “Credit Agreement”). The proceeds of the Incremental Facility, as well as cash on hand and cash from revolving borrowings under the Credit Agreement, were used to fund the \$100 million capital contribution made to SVH pursuant to the JV Sale Transaction.

The fair values of our long-term debt are estimated based on quoted market prices for the same or similar issues (Level 2 inputs of the three-level fair value hierarchy). The carrying amounts and fair values of our long-term debt were as follows (in thousands):

	March 31, 2014	December 31, 2013
Carrying amount	\$937,979	\$932,088
Fair value	968,967	956,255

## Note 5 — Segment Reporting

During the first quarter of 2014, as a result of the continued growth in our digital business, we began assessing and internally reporting financial information for our broadcast business and our digital business separately. As a result, we now have two reportable operating segments, “Broadcast” and “Digital” that are disclosed separately from our corporate activities. Our Broadcast segment includes 43 television stations and seven digital channels that are either owned, operated or serviced by us in 23 U.S. markets, all of which are engaged principally in the sale of television advertising and digital advertising primarily related to our television station companion websites, and our Digital segment includes the operating results of our digital companies; LIN Digital, LIN Mobile, Nami Media, HYFN, Dedicated Media, and Federated Media. Unallocated corporate expenses primarily include our costs to operate as a public company and to operate our corporate locations.

We use earnings before interest, taxes, depreciation and amortization, excluding non-recurring charges, restructuring charges, share-based compensation, loss or gain on sales of assets, and cash paid for programming (“Adjusted EBITDA”) as the primary financial measure reported to the chief executive officer (the chief operating decision maker) for use in assessing our operating segments’ operating performance. We believe that this measure is useful to investors because it eliminates a significant level of non-cash depreciation and amortization expense and other non-recurring charges and as a result, allows investors to better understand our operating segments’ performance. All adjustments to Adjusted EBITDA presented below to arrive at consolidated pre-tax income (loss) except for depreciation and amortization and cash paid for programming relate primarily to corporate activities. Cash paid for programming pertains only to our Broadcast segment. As a result, we have disclosed depreciation and amortization by segment, as this is the only adjustment to operating income that the chief executive officer reviews on a segment basis. We have presented prior period information to reflect our current reportable segments.

## Note 7 — Restructuring

As of December 31, 2013, we had a restructuring accrual of \$0.4 million related to severance and related costs as a result of the integration of the television stations acquired during 2012 as well as severance and related costs at some of our digital companies. During the three months ended March 31, 2014, we made cash payments of \$0.2 million related to these restructuring actions. We expect to make cash payments of approximately \$0.2 million during the remainder of the year with respect to such transactions.

The activity for these restructuring actions is as follows (in thousands):

	Broadcast	Digital	Corporate	Total Severance and Related
Balance as of December 31, 2013	\$105	\$315	\$3	\$423
Charges	—	—	—	—
Payments	89	111	3	203
Balance as of March 31, 2014	\$16	\$204	\$—	\$220

## Note 8 — Income Taxes

We recorded a provision for income taxes of \$1 million for the three months ended March 31, 2014 compared to a benefit from income taxes of \$1.1 million for the three months ended March 31, 2013. The provision for income taxes for the three months ended March 31, 2014 was primarily a result of our \$2.4 million pre-tax income from continuing operations. Our effective income tax rate was 42.3% and 50.7% for the three months ended March 31, 2014 and March 31, 2013, respectively. The decrease in the effective income tax rate was primarily a result of an increase in the proportionate share of losses from zero-rate entities that are excluded from the effective tax rate computation. We expect our effective income tax rate to range between 39% and 41% during the remainder of 2014.

During the first quarter of 2013, approximately \$162.8 million of short term deferred tax liabilities were reclassified to income taxes payable upon the consummation of the JV Sale Transaction. As a result of the close of the 2013 LIN LLC Merger on July 30, 2013, \$131.5 million of this tax liability was extinguished, resulting in a remaining tax liability of approximately \$31.3 million associated with the JV Sale Transaction. We made state and federal tax payments to settle this liability during the fourth quarter of 2013. For further discussion regarding the income tax effects of the JV Sale Transaction and the 2013 LIN LLC Merger, see Note 1 — “Basis of Presentation and Summary of Significant Accounting Policies” and Note 13 — “Commitments and Contingencies.” to our consolidated financial statements in our 10-K.

## Note 9 — Commitments and Contingencies

## Contingencies

## GECC Guarantee and the 2013 LIN LLC Merger

As further described in Note 1 - "Basis of Presentation and Summary of Significant Accounting Policies," pursuant to the JV Sale Transaction, LIN Television made a \$100 million capital contribution to SVH and in turn, was released from the GECC Guarantee as well as any further obligations related to any shortfall funding agreements between LIN Television and SVH.

In February 2013, we entered into a \$60 million Incremental Facility and utilized \$40 million of cash on hand and borrowings under our revolving credit facility to fund the \$100 million payment.

As a result of the JV Sale Transaction, after utilizing all of our available Federal net operating loss ("NOL") carryforwards, we had an approximate \$162.8 million income tax payable remaining, \$131.5 million of which was extinguished as a result of the 2013 LIN LLC Merger. We made state and federal tax payments to settle the remaining liability of \$31.3 million during the fourth quarter of 2013.

For further discussion of the GECC Guarantee and the 2013 LIN LLC Merger, refer to Note 13 - "Commitments and Contingencies" to our consolidated financial statements in our 10-K.

## Table of Contents

### The Merger

During the next 12 months and through the completion of the Merger, we expect to incur approximately \$4.5 - \$5.5 million of legal and professional fees associated with the transaction and related financing. Contingent upon the consummation of the Merger and dependent upon the price of Media General's Class A common stock on the date of consummation, we will incur an advisory fee of approximately \$21.5 million payable to J.P. Morgan Securities LLC, which we expect will be funded from the proceeds of Media General's transaction financing. We have not yet accrued for this advisory fee as of March 31, 2014, as we do not believe the obligation is probable.

### Litigation

We are involved in various claims and lawsuits that are generally incidental to our business. We are vigorously contesting all of these matters. The outcome of any current or future litigation cannot be accurately predicted. We record accruals for such contingencies to the extent that we conclude it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. No estimate of the possible loss or range of loss can be made at this time because the inherently unpredictable nature of legal proceedings may be exacerbated by various factors, including: (i) the damages sought in the proceedings are unsubstantiated or indeterminate; (ii) discovery is not complete; (iii) the proceeding is in its early stages; (iv) the matters present legal uncertainties; (v) there are significant facts in dispute; or (vi) there is a wide range of potential outcomes. Although the outcome of these and other legal proceedings cannot be predicted, we believe that their ultimate resolution will not have a material adverse effect on us.

Following the announcement on March 21, 2014 of the execution of the Merger Agreement, three complaints were filed in the Delaware Court of Chancery challenging the proposed acquisition of LIN LLC: *Sciabacucchi v. Lin Media LLC, et al.* (C.A. No. 9530CB), *International Union of Operating Engineers Local 132 Pension Fund v. Lin Media LLC, et al.* (C.A. No.9538CB), and *Pryor v. Lin Media LLC, et al.* (C.A. No. 9577CB). The litigations are putative class actions filed on behalf of the public stockholders of LIN LLC and name as defendants LIN LLC, its directors, Media General, New Holdco, Merger Sub 1 and Merger Sub 2 and HM Capital Partners LLC and several of its alleged affiliates (Hicks, Muse, Tate & Furst Equity Fund III, L.P. HM3 Coinvestors, L.P. Hicks, Muse, Tate & Furst Equity Fund IV, L.P. Hicks, Muse, Tate & Furst Private Equity Fund IV, L.P. HM4EQ Coinvestors, L.P. Hicks, Muse & Co. Partners, L.P. Muse Family Enterprises, Ltd. and JRM Interim Investors, L.P. (together with HM Capital Partners LLC and individual director defendant John R. Muse, which we collectively refer to as "HMC")).

On April 18, 2014, the plaintiff in *Engineers Local 132 Pension Fund* voluntarily dismissed that action without prejudice and, on April 21, 2014, the Court approved the dismissal.

The operative complaints generally allege that the individual defendants breached their fiduciary duties in connection with their consideration and approval of the Merger, that the entity defendants aided and abetted those breaches and that individual director defendant Royal W. Carson III and HMC breached their fiduciary duties as controlling shareholders of LIN LLC by causing LIN LLC to enter into the Merger, which plaintiffs allege will provide disparate consideration to HMC. The complaints seek, among other things, declaratory and injunctive relief enjoining the Merger. On April 25, 2014, the plaintiff in the *Sciabacucchi* action filed an amended complaint, and the plaintiffs in the *Sciabacucchi* and *Pryor* actions each filed a motion for an expedited hearing on the plaintiff's (yet-to-be filed) motion for a permanent injunction to enjoin the Merger, requesting, among other things, that the Court set a permanent injunction hearing for September 2014. On April 30, 2014, the plaintiffs in the *Sciabacucchi* and *Pryor* actions filed a stipulation to consolidate the two actions, which was approved by the Court on May 1, 2014. The outcome of the two active lawsuits is uncertain and cannot be predicted with any certainty. An adverse judgment for monetary damages could have a material adverse effect on our operations and liquidity. An adverse judgment

granting permanent injunctive relief could indefinitely enjoin completion of the Merger.
