### RESULTS FOR THE FIRST QUARTER TO 30 JUNE 2016

BT Group plc (BT.L) today announced its results for the first quarter to 30 June 2016.

	First quarter to 30 June 2016	
	£m	Change <sup>1</sup>
Revenue <sup>2</sup>	5,775	35%
Change in underlying revenue <sup>3</sup> excluding transit on a pro forma basis		0.4%
EBITDA <sup>2</sup>	1,818	25%
Profit before tax		
	- adjusted <sup>2</sup>	802 16%
	- reported	717 13%
Earnings per share		
	- adjusted <sup>2</sup>	6.6p (1)%
	- reported	5.9p (3)%
Normalised free cash flow <sup>4</sup>	448	£342m
Net debt	9,579	£3,760m

Gavin Patterson, Chief Executive, commenting on the results, said:

"We've made a good start to the year, with growth in revenue and strong cash flow. We're on track to deliver our full year outlook.

"Our integration of EE is progressing well, alongside our business reorganisation that took effect on 1 April. EE performed strongly, both financially and commercially, and our customers are seeing the initial benefits of our acquisition with BT Sport now available to EE pay monthly customers. We remain focused on improving customer experience and 100% of EE pay monthly calls are now handled in UK and Ireland contact centres. We've reduced engineer missed appointments by more than a third since last quarter and Openreach is again ahead on all 60 minimum service levels set by Ofcom.

"Fibre broadband is available to well over 25m premises and take-up remains strong. At a retail level, we performed well achieving a 79% share of broadband net adds in the quarter. We were pleased to renew our FA Cup rights during the quarter and we look forward to showing more games from the Premier League at a much better time slot, starting in two weeks. Our customers can also look forward to all the exclusive live action from the UEFA Champions League and UEFA Europa League once again this year.

"Our investment plans remain central to our future and so we will be rolling out further fibre in the coming months, as well as 4G through the Emergency Services Network contract. Our aim is to make these services as universally available as we can, whilst also deploying a new generation of ultrafast broadband. Such investment requires

regulatory clarity, particularly in these uncertain times.

"Having listened to Ofcom and industry, we have set out our proposals for greater independence and transparency for Openreach. Our proposals can form the basis for a fair, proportionate and sustainable regulatory settlement and we believe they can also enable Ofcom to bring its Digital Communications Review to a speedier conclusion. We will continue to engage with Ofcom over the coming months."

Key points for the quarter:

Growth in underlying revenue<sup>3</sup> excluding transit on a pro forma basis up 0.4%

Underlying EBITDA<sup>3</sup> on a pro forma basis down 2% reflecting our launch of BT Mobile handsets

79% share of broadband net additions

Mobile pay monthly net additions of 244,000, with record low EE churn

Significant governance changes planned to further increase the independence and transparency of Openreach

1 The results for the period include EE which we acquired on 29 January 2016. Unless referred to as underlying on a pro forma basis, comparatives do not include EE

2 Before specific items, which are defined on page 3

3 Excludes specific items, foreign exchange movements and disposals and is calculated as though EE had been part of the group from 1 April 2015. This differs from

how we usually adjust for acquisitions as explained on page 3

4 Before specific items, pension deficit payments and the cash tax benefit of pension deficit payments

#### GROUP RESULTS FOR THE FIRST QUARTER TO 30 JUNE 2016

	First quarter to 30 June		
	2016	2015	Change <sup>1</sup>

Total	5,775	4,278	35	1,818	1,449	25	448	106	323

1 The results for the period include EE which we acquired on 29 January 2016. Unless referred to as underlying on a pro forma basis, comparatives do not include EE

2 Before specific items, which are defined on page 3

3 Excludes specific items, foreign exchange movements and disposals and is calculated as though EE had been part of the group from 1 April 2015. This differs from how we usually adjust for acquisitions as explained on page 3

4 Before specific items, pension deficit payments and the cash tax benefit of pension deficit payments

5 Certain line of business results have been restated. See Note 1 to the condensed consolidated financial statements  
n/m = not meaningful

Notes:

1. Our commentary focuses on the trading results on an adjusted basis, which is a non-GAAP measure, being before specific items. Unless otherwise stated, revenue, operating costs, earnings before interest, tax, depreciation and amortisation (EBITDA), operating profit, profit before tax, net finance expense, earnings per share (EPS) and normalised free cash flow are measured before specific items. This is consistent with the way that financial performance is measured by management and reported to the Board and the Operating Committee and assists in providing a meaningful analysis of the trading results of the group. The directors believe that presentation of the group's results in this way is relevant to the understanding of the group's financial performance as specific items are those that in management's judgement need to be disclosed by virtue of their size, nature or incidence. In determining whether an event or transaction is specific, management considers quantitative as well as qualitative factors such as the frequency or predictability of occurrence. Specific items may not be comparable with similarly titled measures used by other companies. Reported revenue, reported operating costs, reported operating profit, reported profit before tax, reported net finance expense and reported EPS are the equivalent unadjusted or statutory measures.

Reconciliations of reported to adjusted revenue, operating costs and operating profit are set out in the Group income statement. Reconciliations of underlying revenue and operating costs, EBITDA, pro forma EBITDA, net debt and free cash flow to the nearest measures prepared in accordance with IFRS are provided in the Additional information.

2. Trends in underlying revenue, trends in underlying operating costs, and underlying EBITDA are non-GAAP measures which seek to reflect the underlying performance of the group that will contribute to long-term sustainable growth and as such exclude the impact of acquisitions and disposals, foreign exchange movements and any specific items. We focus on the trends in underlying revenue and underlying operating costs excluding transit as transit traffic is low-margin and is affected by reductions in mobile termination rates. Given the significance of the EE acquisition to the group, in 2016/17 we are calculating underlying revenue, underlying operating costs and underlying EBITDA on a pro forma basis (see note 3), as though EE had been part of the group from 1 April 2015. This is different from how we usually adjust for acquisitions, and is the basis for our 2016/17 outlook.

3. We have prepared and published pro forma historical financial information for the eight quarters ended 31 March 2016 for the group and by line of business under the new organisational structure, to illustrate the results as though EE

## Edgar Filing: BT GROUP PLC - Form 6-K

had been part of the group from 1 April 2014. The pro forma historical financial information shows EE's historical results adjusted to reflect BT's accounting policies. In the consolidated group total, we've eliminated historical transactions between BT and EE as though they had been intercompany transactions. We have not made any adjustments to reflect the allocation of the purchase price for EE. All deal and acquisition-related costs have been treated as specific items and therefore don't impact the pro forma.

### Enquiries

Press office:

Ross Cook

Tel: 020 7356 5369

Investor relations:

Carl Murdock-Smith

Tel: 020 7356 4909

We will hold a conference call for analysts and investors at 8.30am today and a simultaneous webcast will be available at [www.bt.com/results](http://www.bt.com/results)

We are scheduled to announce the second quarter and half year results for 2016/17 on 27 October 2016.

### About BT

BT's purpose is to use the power of communications to make a better world. It is one of the world's leading providers of communications services and solutions, serving customers in 180 countries. Its principal activities include the provision of networked IT services globally; local, national and international telecommunications services to its customers for use at home, at work and on the move; broadband, TV and internet products and services; and converged fixed-mobile products and services. BT consists of six customer-facing lines of business: Consumer, EE, Business and Public Sector, Global Services, Wholesale and Ventures, and Openreach.

For the year ended 31 March 2016, BT Group's reported revenue was £19,042m with reported profit before taxation of £3,029m.

British Telecommunications plc (BT) is a wholly-owned subsidiary of BT Group plc and encompasses virtually all businesses and assets of the BT Group. BT Group plc is listed on stock exchanges in London and New York.
