Adjusted EBITDA for fiscal year 2018 was ARS 9,304 million (ARS 3,008 million from Argentina Business Center and ARS 6,296 million from Israel Business Center), increasing by 32% with respect to 2017.

The net result for the period recorded a gain of ARS 21,295 million compared to a gain of ARS 5,220 million in fiscal year 2017, mainly explained by higher results due to changes in the fair value of investment properties in Argentina Business Center and higher results from the sale of Shufersal's stake in Israel Business Center, partially offset by higher net financial losses as a result of the exchange depreciation in Argentina.

Tenant sales in our shopping centers grew by 25.3% in the FY 2018, while the average rent in the office portfolio reached USD / m<sup>2</sup> 26.1. The adjusted EBITDA of the rental segments in Argentina grew by 26.1% in the compared year.

We achieved 98.5% occupancy in shopping centers, 92.3% in offices and 70.1% in our hotel portfolio.

In Israel Business Center, we sold during the year and subsequently, an additional 20% of Clal Insurance through swap transactions. The stake of IDBD in Clal was reduced to 29.8% of its share capital.

Regarding the paragraph 1), section 3); 4) and 5) of the Regulations, it is recorded that the Board of Directors has begun the analysis of the proposals that will be made to the next annual shareholder's meeting, the result of which will be informed to the shareholders and respective bodies, the administrative body.
