Explanatory Note: This Report on Form 8-K/A is being filed to update the description of Churchill Downs Incorporated's common stock contained in its Current Report on Form 8-K filed December 14, 1998, as result of the amendments to the Registrant's Amended and Restated Articles of Incorporation on July 18, 2003, which amendments eliminated cumulative voting in the election of directors.

Item 5. Other Events.

Description of Capital Stock

Our Amended and Restated Articles of Incorporation, as amended, authorize us to issue 50,000,000 shares of common stock, no par value per share, and 250,000 shares of preferred stock, no par value per share. As of August 18, 2003, 13,196,573 shares of common stock were outstanding. The holders of the Company's common stock have the right to one vote per share on all matters which require their vote. Subject to rights of any preferred shareholders, common shareholders have the right to receive any dividends that the Board of Directors may declare. In the event that we liquidate, dissolve or wind up our business, we will pay our preferred shareholders, if any, first (subject to the rights of creditors). We will distribute all of the remaining available assets to our common shareholders, in proportion to the number of shares that each common shareholder holds. Shares of common stock are not redeemable and do not have subscription, conversion or preemptive rights. There are no redemption or sinking fund provisions available to the common stock. All outstanding shares of common stock are fully paid and non-assessable.

The Board of Directors may issue shares of the preferred stock from time to time, in one or more series, without shareholder approval. The Board of Directors determines the designation, relative rights, preferences and limitations of each series of preferred stock. The issuance of preferred stock may delay, defer or prevent a change in control of the Company without further action by the shareholders, may decrease the voting power and other rights of the holders of common stock and may have the effect of decreasing the market price of the common stock. At present, there are no shares of preferred stock outstanding.

Pursuant to the Company's shareholder rights plan adopted March 19, 1998, as amended, the Company declared a dividend of one preferred stock purchase right for each outstanding share of common stock and each share of common stock issued thereafter. The rights are transferable only with the common stock until they become exercisable. The rights will not be exercisable until the plan distribution date and will expire on March 19, 2008, the expiration date, unless we redeem them earlier. Each right, when it becomes exercisable, will entitle the holder to purchase from us 1/1000th of a share of preferred stock at a purchase price of \$80, subject to adjustment in certain circumstances. Under the rights plan, the plan distribution date will not occur until any person or group acquires or makes a tender offer for 15% or more of the Company's outstanding common stock, subject to certain exceptions.

Until the plan distribution date, the rights will be evidenced by the certificates for common stock registered in the names of holders. As soon as practical following the plan distribution date, separate certificates evidencing the rights will be mailed to common stockholders of record. Until a right is exercised, the holder has no rights as a shareholder of the Company.

If any person or group acquires 15% or more of our common stock (subject to certain exceptions), rights holders will be entitled to buy for the purchase price, that number of 1/1000ths of a preferred share equivalent to the number of shares of common stock that at the time have a market value of twice the purchase price. If we are acquired in a business combination, rights holders will be entitled to buy, for the purchase price, that number of shares of the acquiring corporation that, at the time, have a market value of twice the purchase price. The Board has the right to redeem the rights in certain circumstances for \$.01 per right, subject to adjustment.

The rights plan is designed to protect our shareholders in the event of unsolicited offers to acquire the Company and other coercive takeover tactics, which, in the Board's opinion, would impair its ability to represent shareholder interests. The rights plan may make an unsolicited takeover more difficult or less likely to occur or may prevent a takeover, even though it may offer our shareholders the opportunity to sell their stock at a price above the prevailing market rate and may be favored by a majority of our shareholders.
