Our Company

We are the largest discount retailer in the United States by number of stores, with 8,414 stores located in 35 states, primarily in the southern, southwestern, midwestern and eastern United States, as of February 27, 2009. We serve a broad customer base and offer a focused assortment of everyday items, including basic consumable merchandise and other home, apparel and seasonal products. A majority of our products are priced at \$10 or less and approximately 25% of our products are priced at \$1 or less.

We offer a compelling value proposition for our customers based on convenient store locations, easy in and out shopping and quality name brand and private brand merchandise at highly competitive everyday low prices. We believe our combination of value and convenience distinguishes us from other discount, convenience and drugstore retailers, who typically focus on either value or convenience. Our business model is focused on strong and sustainable sales growth, attractive margins, and limited maintenance capital expenditure and working capital needs, which, in combination, result in significant cash flow from operations (before interest).

We were founded in 1939 as J.L. Turner and Son, Wholesale. We opened our first dollar store in 1955, when we were incorporated as a Kentucky corporation under the name J.L. Turner & Son, Inc. We changed our name to Dollar General Corporation in 1968 and reincorporated as a Tennessee corporation in 1998. In 2007, we entered into a merger transaction with an entity controlled by investment funds affiliated with Kohlberg Kravis Roberts & Co., L.P. (KKR or Sponsor), as discussed in more detail under "The Transactions" below. Our principal executive offices are located at 100 Mission Ridge, Goodlettsville, Tennessee 37072, and our telephone number is (615) 855-4000. Our website address is www.dollargeneral.com. The information on our website is not part of this prospectus.

We have increased our total number of stores from 6,700 on January 30, 2004 to 8,362 on January 30, 2009, a 4.5% compounded annual growth rate (CAGR). Over the same period, we grew our net sales from \$6.9 billion to \$10.5 billion (8.8% CAGR), driven by growth in number of stores as well as same store sales growth. We slowed new store growth in 2007 and 2008 and closed approximately 400 stores in 2007 to improve our profitability and to enable us to focus on improving the performance of existing stores. In 2008, we opened 207 new stores, closed 39 stores, and relocated or remodeled 404 existing stores. Net sales in 2008 were driven primarily by a same-store sales increase of 9.0%. We intend to accelerate our new store growth in 2009 with plans to open approximately 450 new stores and to remodel or relocate approximately 400 stores.

Summary of the Terms of the Notes

The summary below, which is not intended to be complete, describes the principal terms of the notes. Certain of the terms and conditions summarized below are subject to important limitations and exceptions. The Description of Senior Notes and Description of Senior Subordinated Notes sections of this prospectus contain more detailed descriptions of the terms and conditions of the notes.

Issuer	Dollar General.
Securities	<p>\$1,830,891,000 in aggregate principal amount of notes, consisting of:</p> <p style="padding-left: 40px;">\$1,175,000,000 in aggregate principal amount of 10.625% senior notes due 2015; and</p> <p style="padding-left: 40px;">\$655,891,000 in aggregate principal amount of 11.875% /12.625% senior subordinated notes due 2017.</p>
Maturity Dates	<p>The senior notes will mature on July 15, 2015.</p> <p>The senior subordinated notes will mature on July 15, 2017.</p>
Interest Payment Dates	Interest on the notes will be payable on January 15 and July 15 of each year, beginning on January 15, 2008.
Interest Rates and Forms of Payment	<p>The senior notes will bear interest at a rate of 10.625% per annum.</p> <p>Cash interest on the senior subordinated notes will accrue at a rate of 11.875% per annum, and PIK Interest (defined below) will accrue at a rate of 12.625% per annum. The initial interest payment on the senior subordinated notes will be payable in cash. For any interest period commencing on or after January 15, 2008 through July 15, 2011 we may elect to pay interest on the senior subordinated notes (i) in cash; (ii) by increasing the principal amount of the senior subordinated notes or by issuing new senior subordinated notes (PIK Notes) (such increase or issuance, PIK Interest) or (iii) by paying interest on half of the principal amount of the senior subordinated notes in cash and half in PIK Interest. If we elect to pay PIK Interest, we will increase the principal amount of the senior subordinated notes or issue PIK Notes, in each case, in an amount equal to the amount of PIK Interest for the applicable interest payment period (rounded up to the nearest \$1,000 in the case of global notes and to the nearest whole dollar in the case of senior subordinated notes in certificated form) to holders of the senior subordinated notes on the relevant record date. The senior subordinated notes will bear interest on the increased principal amount thereof from and after the applicable interest payment date on which a payment of PIK Interest is made. We must elect the form of interest payment with respect to each interest period no later than 30 days before the beginning of the applicable interest period. In the absence of such an election or proper notification of such election to the trustee, interest will be payable in accordance with the last election made for the previous interest period.</p>

Original Issue Discount	<p>We will have the option to pay interest on the senior subordinated notes in cash interest or PIK Interest for any interest payment period after the initial interest payment through July 15, 2011. For U.S. federal income tax purposes, the existence of this option means that none of the interest payments on the senior subordinated notes will be qualified stated interest even if we never exercise the option to pay PIK Interest. Consequently, the senior subordinated notes will be treated as issued with original issue discount, and U.S. holders (as defined in Certain U.S. Federal Income and Estate Tax Consequences) will be required to include the original issue discount in gross income on a constant yield to maturity basis, regardless of whether interest is paid currently in cash. For more information, see Certain U.S. Federal Income and Estate Tax Consequences.</p>
Security	<p>None. The notes will be unsecured obligations of the Issuer and the subsidiary guarantors.</p>
Guarantees	<p>The senior notes will be unconditionally guaranteed, jointly and severally, on an unsecured senior basis, and the senior subordinated notes will be unconditionally guaranteed, jointly and severally, on an unsecured senior subordinated basis, in each case, by each of our wholly owned subsidiaries that has guaranteed our Credit Facilities (as defined below under the section entitled Description of Other Indebtedness).</p> <p>Our non-guarantor subsidiaries accounted for approximately \$97.9 million of net revenues and approximately \$26.2 million of net income, in each case, for 2008 and approximately \$313.3 million of total assets and approximately \$250.5 million of total liabilities, in each case, as of January 30, 2009. Included in these net revenues, net income, total assets and total liabilities balances are certain intercompany balances that are eliminated in consolidation.</p>

Optional Redemption

We may redeem some or all of the senior notes at any time on or after July 15, 2011 and we may redeem some or all of the senior subordinated notes at any time on or after July 15, 2012, in each case at the redemption prices set forth in this prospectus.

We may redeem some or all of the senior notes prior to July 15, 2011 and some or all of the senior subordinated notes prior to July 15, 2012, in each case at a price equal to 100% of the principal amount of the notes redeemed plus the applicable make-whole premium as described in this prospectus.

On or before July 15, 2010, we may also redeem up to 35% of the senior notes and 35% of the senior subordinated notes, in each case, at the redemption prices set forth in this prospectus, using the proceeds of certain equity offerings.

Mandatory Principal Redemption

If the senior subordinated notes would otherwise constitute applicable high yield discount obligations within the meaning of Section 163(i)(1) of the Internal Revenue Code of 1986, as amended (the Code), at the end of each accrual period ending after the fifth anniversary of the senior subordinated notes issuance (each, an AHYDO redemption date), we will be required to redeem for cash a portion of each senior subordinated note then outstanding equal to the Mandatory Principal Redemption Amount (such redemption, a Mandatory Principal Redemption). The redemption price for the portion of each senior subordinated note redeemed pursuant to a Mandatory Principal Redemption will be 100% of the principal amount of such portion plus any accrued interest thereon on the date of redemption. The Mandatory Principal Redemption Amount means, as of each AHYDO redemption date, the excess, if any, of (a) the aggregate amount of accrued and unpaid interest and all accrued and unpaid original issue discount (as defined in Section 1273(a)(1) of the Code) with respect to the senior subordinated notes, over (b) an amount equal to the product of (i) the issue price (as defined in Sections 1273(b) and 1274(a) of the Code) of the senior subordinated notes multiplied by (ii) the yield to maturity (as defined in the Treasury Regulation Section 1.1272-1(b)(1)(i)) of the senior subordinated notes. No partial redemption or repurchase of the senior subordinated notes prior to any AHYDO redemption date pursuant to any other provision of the indenture governing the senior subordinated notes will alter the Issuer's obligation to make the Mandatory Principal Redemption with respect to any senior subordinated notes that remain outstanding on any AHYDO redemption date.

Change of Control and
Asset Sales

If we sell certain assets under certain circumstances, or experience certain change of control events, each holder of senior notes or senior subordinated notes, as applicable, may require us to purchase all or a portion of its notes at the purchase prices set forth in this prospectus, plus accrued and unpaid interest and special interest, if any, to the purchase date. See [Description of Senior Notes](#) [Repurchase at the Option of Holders](#) and [Description of Senior Subordinated Notes](#) [Repurchase at the Option of Holders](#). Our Credit Facilities or other agreements may restrict us from repurchasing any of the notes, including any purchase we may be required to make as a result of a change of control or certain asset sales. See [Risk Factors](#) [Risks Related to the Notes](#). We may not have the ability to raise the funds necessary to finance the change of control offer required by the indentures governing the notes.

Certain Covenants

The indentures governing the notes restrict our ability and the ability of our restricted subsidiaries to, among other things:

Pro forma (4)						(5)	

(1)

For purposes of computing the ratio of earnings to fixed charges, (a) earnings consist of income (loss) before income taxes, plus fixed charges less capitalized expenses related to indebtedness (amortization expense for capitalized interest is not significant) and (b) fixed charges consist of interest expense (whether expensed or capitalized), the amortization of debt issuance costs and discounts related to indebtedness, and the interest portion of rent expense.

(2)

The fiscal year ended February 3, 2006 was comprised of 53 weeks.

(3)

For the period from March 6, 2007 through February 1, 2008, fixed charges exceeded earnings by \$6.6 million.

(4)

To give effect to the increase in interest expense resulting from the portion of the notes proceeds used to retire the \$198.3 million of our 8⁵/₈% unsecured notes due June 10, 2010 as if such transactions had occurred at the beginning of the period presented.

(5)

For the fiscal year ended February 1, 2008, pro forma fixed charges exceeded earnings by \$3.4 million.

RISK FACTORS

You should carefully consider the risk factors set forth below and the risk factors incorporated herein by reference to our fiscal 2008 Form 10-K as well as the other information contained in this prospectus before deciding whether to invest in the notes. Any of the following risks could materially and adversely affect our business, financial condition or results of operations. However, the selected risks described below and the risks that are incorporated herein by reference to our fiscal 2008 Form 10-K are not the only risks facing us. Additional risks and uncertainties not currently known to us or those we currently view to be immaterial may also materially and adversely affect our business, financial condition or results of operations. In such a case, the trading price of the notes could decline or we may not be able to make payments of principal and interest on the notes, and you may lose all or part of your original investment.

Risks Related to the Notes

Your ability to transfer the notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market for the notes exists or will continue.

We do not intend to apply for a listing of the notes on a securities exchange or any automated dealer quotation system. We cannot assure you as to the liquidity of markets that may develop for the notes, your ability to sell the notes or the price at which you would be able to sell the notes. Certain financial institutions have advised us that they intend to make a market in the notes as permitted by applicable laws and regulations; however, those entities are not obligated to make a market in any of the notes, and they may discontinue their market-making activities at any time without notice. Therefore, an active market for any of the notes, if developed, may not continue. Because Goldman, Sachs & Co. and its respective affiliates may be considered affiliates of ours, they are required to deliver a current market-maker prospectus in connection with any secondary market sale of the notes, which may affect their ability to continue market-making activities. Historically, the market for non investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the notes. The market, if any, for any of the notes may not be free from similar disruptions and any such disruptions may adversely affect the prices at which you may sell your notes. In addition, the notes may trade at a discount from your purchase price, depending upon prevailing interest rates, the market for similar notes, our performance and other factors.

We may not be able to generate sufficient cash to service all of our indebtedness, including the notes, and may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or to refinance our debt obligations depends on our financial condition and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may be unable to maintain a level of cash flow from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the notes.

If our cash flow and capital resources are insufficient to fund our debt service obligations, we may be forced to reduce or delay investments and capital expenditures, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the notes. These alternative measures may not be successful and may not permit us to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. Our senior secured credit agreement and the indentures governing the notes will restrict our ability to dispose of assets and use the proceeds from such disposition. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them, and these proceeds may not be adequate to meet any debt service obligations then due.

Repayment of our debt, including each series of notes, is dependent on cash flow generated by our subsidiaries and their ability to make distributions to us.

Our subsidiaries own a significant portion of our assets and conduct a significant portion of our operations. Accordingly, repayment of our indebtedness, including each series of notes, is dependent, to a significant extent, on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, debt repayment or otherwise. Unless they are guarantors of the notes, our subsidiaries do not have any obligation to pay amounts due on the notes or to make funds available for that purpose. Our subsidiaries may not be able to, or may not be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the notes. Each subsidiary is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. While the indentures governing the notes will limit the ability of our subsidiaries to incur consensual restrictions on their ability to pay dividends or make other intercompany payments to us, these limitations are subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the notes.

U.S. Holders will be required to pay U.S. federal income tax on the senior subordinated notes whether we pay interest on the senior subordinated notes in cash or PIK Interest.

We have the option to pay interest on the senior subordinated notes in cash interest or PIK Interest for any interest payment period after the initial interest payment through July 15, 2011. For U.S. federal income tax purposes, the existence of this option means that none of the interest payments on the senior subordinated notes will be qualified stated interest even if we never exercise the option to pay PIK Interest. Consequently, the senior subordinated notes will be treated as issued with original issue discount, and U.S. holders (as defined in *Certain U.S. Federal Income and Estate Tax Consequences*) will be required to include the original issue discount in gross income on a constant yield to maturity basis, regardless of whether interest is paid currently in cash. See *Description of Senior Subordinated Notes Principal, Maturity and Interest* and *Certain U.S. Federal Income and Estate Tax Consequences*.

Claims of noteholders will be structurally subordinated to the claims of creditors of our non-guarantor subsidiaries.

The notes will not be guaranteed by all of our subsidiaries. For example, our subsidiaries that do not guarantee the Credit Facilities will not guarantee the notes. Accordingly, claims of holders of the notes will be structurally subordinate to the claims of creditors of these non-guarantor subsidiaries, including trade creditors. All obligations of our non-guarantor subsidiaries will have to be satisfied before any of the assets of such subsidiaries would be available for distribution, upon a liquidation or otherwise, to us or a guarantor of the notes.

Our non-guarantor subsidiaries accounted for approximately \$97.9 million of net revenues and approximately \$26.2 million of net income, in each case, for 2008 and approximately \$313.3 million of total assets, and approximately \$250.5 million, of total liabilities, in each case as of January 30, 2009. Included in these net revenues, net income, total assets and total liabilities balances are certain intercompany balances that are eliminated in consolidation.

Your right to receive payments on each series of notes is effectively junior to those lenders who have a security interest in our assets.

Our obligations under the notes and our guarantors' obligations under their guarantees of the notes are unsecured, but our obligations under our Credit Facilities and each guarantor's obligations under its respective guarantee of the Credit Facilities are secured by a security interest in substantially all of our domestic tangible and intangible assets, including the stock of most of our wholly owned U.S. subsidiaries, and a portion of the assets and a portion of the stock of certain of our non-U.S. subsidiaries. If we are declared bankrupt or insolvent, or if we default under our Credit

Facilities, the lenders could declare all of the funds borrowed thereunder, together with accrued interest, immediately due and payable. If we were unable to repay such indebtedness, the lenders could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the indentures governing the notes at such time. Furthermore, if the lenders foreclose and sell the pledged equity

interests in any subsidiary guarantor under the notes, then that guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes will not be secured by any of our assets or the equity interests in subsidiary guarantors, it is possible that there would be no assets remaining from which your claims could be satisfied or, if any assets remained, they might be insufficient to satisfy your claims fully. See Description of Other Indebtedness.

As of January 30, 2009, we had \$2.324 billion of senior secured indebtedness, comprised of financing and capital lease obligations, other debt instruments and indebtedness under our Credit Facilities, not including unused capacity of \$932.8 million under our revolving asset-based credit facility, subject to borrowing base availability. The indentures governing the notes will permit us and our restricted subsidiaries to incur substantial additional indebtedness in the future, including senior secured indebtedness.

Your right to receive payments on the senior subordinated notes will be junior to our existing and future senior indebtedness, including borrowings under our Credit Facilities and the senior notes.

The senior subordinated notes and the related guarantees will be contractually subordinated to all of our current and future senior indebtedness (other than trade payables), including our borrowings under our Credit Facilities and the senior notes, and all of our and the guarantors' future borrowings (other than trade payables), except any future indebtedness that expressly provides that it ranks equal with, or subordinated in right of payment to, the senior subordinated notes and the related guarantees. As a result of such subordination, in the event of the bankruptcy, liquidation or dissolution of us or any subsidiary guarantor, our assets or the assets of the applicable subsidiary guarantor would be available to pay obligations under the senior subordinated notes and our other senior subordinated obligations only after all payments had been made on our senior indebtedness or the senior indebtedness of the applicable subsidiary guarantor. Sufficient assets may not remain after all of these payments have been made to make any payments on the senior subordinated notes and our other senior subordinated obligations, including payments of interest when due. In addition, all payments on the senior subordinated notes and the related guarantees will be blocked in the event of a payment default on senior debt and may be blocked for up to 179 of 360 consecutive days in the event of certain non-payment defaults on senior debt.

In the event of a bankruptcy, liquidation or reorganization or similar proceeding relating to us or the guarantors, holders of the senior subordinated notes will participate with trade creditors and all other holders of our and the guarantors' subordinated indebtedness in the assets remaining after we and the guarantors have repaid all of our senior debt. However, because the indenture governing the senior subordinated notes requires that amounts otherwise payable to holders of the senior subordinated notes in a bankruptcy or similar proceeding be paid to holders of senior debt instead, holders of the senior subordinated notes may receive less, ratably, than holders of trade payables in any such proceeding. In any of these cases, we and the guarantors may not have sufficient funds to pay all of our creditors and holders of senior subordinated notes may receive less, ratably, than the holders of our senior debt.

As of January 30, 2009, the senior subordinated notes and the related guarantees are subordinated to \$3.481 billion of senior debt, \$2.324 billion of which is secured debt, and up to \$932.8 million is available for borrowing as additional senior secured debt under our Credit Facilities, subject to borrowing base availability.

If we default on our obligations to pay our indebtedness, we may not be able to make payments on the notes.

Any default under the agreements governing our indebtedness, including a default under the senior secured credit agreements, that is not waived by the required lenders, and the remedies sought by the holders of such indebtedness, could prevent us from paying principal, premium, if any, and interest on the notes and substantially decrease the market value of the notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, and interest on our indebtedness, or if we otherwise fail to comply with the various covenants in the instruments governing our indebtedness (including covenants in our Credit Facilities and the indentures under which the notes were issued), we could be in default under

the terms of the agreements governing such indebtedness, including our senior secured credit agreements and the indentures under which the notes were issued. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest, the lenders under our Credit Facilities could elect to terminate their commitments thereunder, cease making

further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or liquidation. If our operating performance declines, we may in the future need to obtain waivers from the required lenders under our Credit Facilities to avoid being in default. If we breach our covenants under our Credit Facilities and seek a waiver, we may not be able to obtain a waiver from the required lenders. If this occurs, we would be in default under our senior secured credit agreements, the lenders could exercise their rights, as described above, and we could be forced into bankruptcy or liquidation.

We may not have the ability to raise the funds necessary to finance the change of control offer required by the indentures governing the notes.

Upon the occurrence of a change of control, as defined in the indentures governing the notes, we must offer to buy back the notes at a price equal to 101% of the principal amount, together with any accrued and unpaid interest, if any, to the date of the repurchase. Our failure to purchase, or give notice of purchase of, the senior notes or the senior subordinated notes, as applicable, would be a default under each of the indentures governing the notes, which would also be a default under our Credit Facilities.

If a change of control occurs, it is possible that we may not have sufficient assets at the time of the change of control to make the required repurchase of notes or to satisfy all obligations under our Credit Facilities and the indentures under which the notes were issued. In order to satisfy our obligations, we could seek to refinance the indebtedness under our Credit Facilities and the indentures or obtain a waiver from the lenders or you as a holder of notes. We cannot assure you that we would be able to obtain a waiver or refinance our indebtedness on terms acceptable to us, if at all.

The lenders under our Credit Facilities have the discretion to release the guarantors under the senior secured credit agreements in a variety of circumstances, which will cause those guarantors to be released from their guarantees of the notes.

While any obligations under our Credit Facilities remain outstanding, any guarantee of the notes may be released without action by, or consent of, any holder of the notes or the trustee under the indentures governing the notes, at the discretion of lenders under our Credit Facilities, if such guarantor is no longer a guarantor of obligations under our Credit Facilities or any other indebtedness. See Description of Senior Notes Guarantees and Description of Senior Subordinated Notes Guarantees. The lenders under our Credit Facilities have the discretion to release the guarantees under our Credit Facilities in a variety of circumstances. You will not have a claim as a creditor against any subsidiary that is no longer a guarantor of the notes, and the indebtedness and other liabilities, including trade payables, whether secured or unsecured, of those subsidiaries will effectively be senior to claims of noteholders.

Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.

Federal and state fraudulent transfer and conveyance statutes may apply to the issuance of the notes and the incurrence of the guarantees. Under federal bankruptcy law and comparable provisions of state fraudulent transfer or conveyance laws, which may vary from state to state, the notes or guarantees could be voided as a fraudulent transfer or conveyance if (1) we or any of the guarantors, as applicable, issued the notes or incurred the guarantees with the intent of hindering, delaying or defrauding creditors or (2) we or any of the guarantors, as applicable, received less than reasonably equivalent value or fair consideration in return for either issuing the notes or incurring the guarantees and, in the case of (2) only, one of the following is also true at the time thereof:

we or any of the guarantors, as applicable, were insolvent or rendered insolvent by reason of the issuance of the notes or the incurrence of the guarantees;

the issuance of the notes or the incurrence of the guarantees left us or any of the guarantors, as applicable, with an unreasonably small amount of capital to carry on the business;

we or any of the guarantors intended to, or believed that we or such guarantor would, incur debts beyond our or such guarantor's ability to pay as they mature; or

we or any of the guarantors was a defendant in an action for money damages, or had a judgment for money damages docketed against us or such guarantor if, in either case, after final judgment, the judgment is unsatisfied.

If a court were to find that the issuance of the notes or the incurrence of the guarantee was a fraudulent transfer or conveyance, the court could void the payment obligations under the notes or such guarantee or further subordinate the notes or such guarantee to presently existing and future indebtedness of ours or of the related guarantor, or require the holders of the notes to repay any amounts received with respect to such guarantee. In the event of a finding that a fraudulent transfer or conveyance occurred, you may not receive any repayment on the notes. Further, the voidance of the notes could result in an event of default with respect to our and our subsidiaries' other debt that could result in acceleration of such debt.

As a general matter, value is given for a transfer or an obligation if, in exchange for the transfer or obligation, property is transferred or an antecedent debt is secured or satisfied. A debtor will generally not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment or otherwise retire or redeem equity securities issued by the debtor.

We cannot be certain as to the standards a court would use to determine whether or not we or the guarantors were solvent at the relevant time or, regardless of the standard that a court uses, that the issuance of the guarantees would not be further subordinated to our or any of our guarantors' other debt.

The Investors control us and may have conflicts of interest with us or you now or in the future.

Kohlberg Kravis Roberts & Co. L.P. (KKR or the Sponsor), GS Capital Partners VI Fund, L.P. and affiliated funds (affiliates of Goldman, Sachs & Co.), Citi Private Equity, Wellington Management Company, LLP, CPP Investment Board (USRE II) Inc., and other equity co-investors (collectively, the Investors) indirectly own, through their investment in Buck Holdings, L.P. (Parent), a substantial portion of our common stock. As a result, the Investors have control over our decisions to enter into any corporate transaction and have the ability to prevent any transaction that requires shareholder approval regardless of whether noteholders believe that any such transactions are in their own best interests. For example, the Investors could cause us to make acquisitions that increase the amount of indebtedness that is secured or that is senior to the notes or to sell assets, which may impair our ability to make payments under the notes.

The Investors are also in the business of making investments in companies and may from time to time acquire and hold interests in businesses that compete directly or indirectly with us. The Investors may also pursue acquisition opportunities that may be complementary to our business and, as a result, those acquisition opportunities may not be available to us. So long as the Investors, or other funds controlled by or associated with the Investors, continue to indirectly own a significant amount of our outstanding common stock, even if such amount is less than 50%, the Investors will continue to be able to strongly influence or effectively control our decisions.

STATEMENTS REGARDING FORWARD-LOOKING INFORMATION

This prospectus, including the information incorporated into this prospectus by reference to our fiscal 2008 Form 10-K, contains forward-looking statements within the meaning of the federal securities laws, which involve risks and uncertainties. You can identify forward-looking statements because they are not solely statements of historical fact or they contain words such as believes, expects, may, will, should, seeks, approximately, estimates, anticipates or similar expressions that concern our strategy, plans or intentions. For example, all statements we make relating to our estimated and projected earnings, costs, expenditures, cash flows, growth rates and financial results, our plans and objectives for future operations, growth or initiatives, or the expected outcome or impact of pending or threatened litigation are forward-looking statements. In addition, we, through our senior management, from time to time make forward-looking public statements concerning our expected future operations and performance and other developments. All forward-looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results. Important factors that could cause actual results to differ materially from our expectations (cautionary statements) are disclosed under Risk Factors in this prospectus, as well as throughout our fiscal 2008 Form 10-K including, without limitation, cautionary statements under the heading Critical Accounting Policies and Estimates contained in Management's Discussion and Analysis of Financial Condition and Results of Operations and Risk Factors. All written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements as well as other cautionary statements that are made from time to time in our other SEC filings and public communications. You should evaluate all forward-looking statements made in this prospectus in the context of these risks and uncertainties.

We caution you that the important factors referenced above may not contain all of the material factors that are important to you. In addition, we cannot assure you that we will realize the results or developments we expect or anticipate or, even if substantially realized, that they will result in the consequences or affect us or our operations in the way we expect. The forward-looking statements included in this prospectus are made only as of the date hereof. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

THE TRANSACTIONS

On March 11, 2007, we entered into an Agreement and Plan of Merger (the Merger Agreement) with Parent and Buck Acquisition Corp. (Buck). Parent is and Buck was (prior to the Merger) controlled by investment funds affiliated with KKR. On July 6, 2007, we consummated a merger of Buck with and into Dollar General, with Dollar General surviving the Merger as a subsidiary of Parent. Pursuant to the Merger Agreement, the former holders of our common stock received \$22.00 per share, or approximately \$6.9 billion. The Merger consideration was funded through the use of our available cash, cash equity contributions from the Investors, equity contributions of certain members of our management and the debt financings discussed below. Our outstanding common stock is now owned by Parent and certain members of management. Our common stock is no longer registered with the Securities and Exchange Commission (SEC) and is no longer traded on a national securities exchange.

The following transactions occurred in conjunction with the Merger:

We entered into a credit agreement and related security and other agreements consisting of a \$2.3 billion senior secured term loan facility, which matures on July 6, 2014.

We entered into a credit agreement and related security and other agreements consisting of a senior secured asset-based revolving credit facility of up to \$1.125 billion (of which \$432.3 million was drawn at closing and \$132.3 million was paid down on the same day), subject to borrowing base availability, which matures July 6, 2013. As of January 30, 2009, we had no borrowings, \$51.0 million of commercial letters of credit, and \$83.7 million of standby letters of credit outstanding under the asset-based revolving credit facility.

We terminated the revolving loans and paid in full all interest and all other amounts due in connection with such termination under the pre-Merger senior credit facility. We also terminated commercial letters of credit totaling approximately \$141.2 million and standby letters of credit totaling approximately \$40.7 million and replaced those letters of credit with new letters of credit under the asset-based revolving credit facility.

We issued \$1.175 billion aggregate principal amount of 10.625% senior notes due 2015, which mature on July 15, 2015, and \$725 million aggregate principal amount of 11.875%/12.625% senior subordinated toggle notes due 2017, which mature on July 15, 2017 (of which \$69.1 million has been repurchased by the Issuer and cancelled subsequent to the Merger).

We completed a cash tender offer (the Tender Offer) for our outstanding 8 5/8% Notes due June 2010 (the 2010 Notes). Approximately 99% of the 2010 Notes were validly tendered and accepted for payment in that tender offer. We also executed a supplemental indenture governing the 2010 Notes that were not tendered in the Tender Offer which eliminated substantially all of the restrictive covenants contained in the indenture pursuant to which the 2010 Notes were issued.

We entered into a monitoring agreement and an indemnity agreement with certain of the Investors pursuant to which we paid to those entities an aggregate initial annual management fee of \$5 million, which amount will increase by 5% annually, along with reimbursement of out-of-pocket expenses incurred in connection with the provision of services under the agreement. We also paid those entities other fees in connection with certain services provided in connection with the Merger and related transactions. Those entities are also entitled to receive a fee equal to 1% of the gross transaction value in connection with certain subsequent financing, acquisition, disposition, and change in control transactions, as well as a termination fee in the event of an initial public offering or under certain other circumstances. Pursuant to the terms of the indemnity agreement, we have agreed to customary exculpation and indemnification provisions in favor of these entities and their affiliates.

We entered into agreements with certain members of management (the Senior Management Participants) pursuant to which they invested in Dollar General, as the surviving corporation in the Merger, through a cash investment, a rollover of employee stock options or a combination thereof. In

addition, we offered other employees (the Other Management Participants, together with the Senior Management Participants, the Management Participants), a similar investment opportunity to participate in our common equity.

We entered into stockholder agreements with certain members of management that, among other things, contain agreements among the parties with respect to restrictions on the transfer of the shares, including tag-along rights, drag-along rights, registration rights (including customary indemnification provisions) and call options and put options.

The offering of the notes, the initial borrowings under our Credit Facilities, the equity investment by the Investors in Parent, the equity investment in Dollar General by the Management Participants, the Merger, the Tender Offer, the replacement of certain credit facilities and of certain letters of credit, the payment of related fees and expenses and other related transactions are collectively referred to in this prospectus as the Transactions.

The sources and uses of the funds for the Transactions are shown in the table below.

(1)

Upon the closing of the Merger, we entered into a \$1.125 billion senior secured asset-based revolving credit facility with a six-year maturity, of which \$350.0 million is available for letters of credit, subject to borrowing base limitations. This facility consists of Tranche A Loans and Tranche A-1 Loans. All loans under the facility shall be made as Tranche A-1 Loans until such time as all commitments under the Tranche A-1 Loans have been funded or there is no further availability under the Tranche A-1 Loans, at which point loans under the facility shall be made as Tranche A Loans. Any payments made on the principal amount of the loans outstanding will first be applied to all the Tranche A Loans outstanding before any amount will be applied to the Tranche A-1 Loans. As of January 30, 2009, we had no borrowings, \$51.0 million of commercial letters of credit, and \$83.7 million of standby letters of credit outstanding under our senior secured asset-based revolving credit facility. See Description of Other Indebtedness.

(2)

Upon the closing of the Merger, we entered into a \$2.3 billion senior secured term loan facility with a seven-year maturity, the full amount of which was borrowed on the closing date. This facility consists of two tranches, one of which is a first-loss tranche, which, in certain circumstances, will be subordinated in right of payment to the other tranche. See Description of Other Indebtedness.

(3)

Consists of certain financing and capital lease obligations and other debt instruments. See Capitalization.

(4)

Represents the cash equity investment of approximately \$2.767 billion made in Parent and Parent's general partner by the Investors.

(5)

Represents approximately \$3.2 million invested directly in Dollar General by the Senior Management Participants, in the form of a rollover of their existing equity interests in Dollar General to equity interests in Dollar General following the Merger or through cash investments in Dollar General. In addition, at various

times following the Merger we offered certain other employees a similar opportunity to participate in our common equity.

(6)

We repurchased \$198.3 million in aggregate principal amount of the 2010 Notes at the closing of the Tender Offer substantially concurrently with the closing of the Merger. 2010 Notes not repurchased pursuant to the Tender Offer remained outstanding. As of January 30, 2009, approximately \$1.8 million in aggregate principal amount of the 2010 Notes remained outstanding. Includes expenses and a premium (a portion of which includes a consent payment) of \$17.3 million.

(7)

Reflects our fees, expenses and other costs associated with the Transactions. Such fees and expenses include placement and other financing fees, advisory fees, transaction fees paid to affiliates of certain of the Investors, and other transaction costs and professional fees. See note 11 to the Consolidated Financial Statements included in the fiscal 2008 Form 10-K.

OWNERSHIP AND CORPORATE STRUCTURE

The diagram below sets forth our corporate structure immediately following consummation of the Transactions. All of our issued and outstanding capital stock is held by Parent and the Management Participants. Parent is managed by its general partner, Buck Holdings, LLC, a Delaware limited liability company, which is currently controlled by investment funds affiliated with the Sponsor. Immediately following consummation of the Transactions, the Investors owned approximately 96.5% of the issued and outstanding common stock of Dollar General through their investment in Parent (with certain co-investors holding limited partnership interests in Parent and certain co-investors and the Sponsor holding a general partnership interest in Parent through their control of Buck Holdings, LLC) and the remaining approximately 3.5% was held directly by the Senior Management Participants, in each case on a fully diluted basis. See The Transactions. As of March 17, 2009, the Investors owned approximately 95.7% of the outstanding common stock of Dollar General through their investment in Parent and the remaining approximately 4.3% was held directly by the Management Participants, in each case on a fully diluted basis. This structure was achieved through a series of equity contributions that occurred in connection with the Merger and thereafter. Parent, Buck Holdings, LLC and Buck were formed for the purpose of consummating the Transactions. We continue to own substantially the same operating assets.

(1)

Represents the cash equity investments of approximately \$2.767 billion made in Parent by the Investors.

(2)

Represents approximately \$10.4 million invested directly in Dollar General by the Senior Management Participants, either in the form of a rollover of their existing equity interests in Dollar General to equity interests in Dollar General following the Merger, the exchange of their stock options outstanding prior to the Merger for vested options to purchase shares of common stock (the Rollover Options), or through cash investments in Dollar General. As of March 17, 2009, the Management Participants had invested in Dollar General approximately \$13.9 million either in the form

of the rollover of equity interests that existed prior to the Transactions, referenced immediately above, or through cash investments in Dollar General.

(3)

In connection with the Merger, we entered into (i) a \$1.125 billion senior secured asset-based revolving credit facility with a six-year maturity; and (ii) a \$2.3 billion senior secured term loan facility with a seven-year maturity, \$2.3 billion of which was borrowed on the closing date. As of January 30, 2009, we had no borrowings, \$51.0 million of commercial letters of credit, and \$83.7 million of standby letters of credit outstanding under our senior secured asset-based revolving credit facility and \$2.3 billion of borrowings outstanding under our senior secured term loan facility.

USE OF PROCEEDS

This prospectus is delivered in connection with the sale of notes by Goldman, Sachs & Co. and its affiliates in market-making transactions. We will not receive any of the proceeds from such transactions.

CAPITALIZATION

The following table sets forth our capitalization as of January 30, 2009. This facility consists of Tranche A Loans and Tranche A-1 Loans. All loans under the facility shall be made as Tranche A-1 Loans until such time as all commitments under the Tranche A-1 Loans have been funded or there is no further availability under the Tranche A-1 Loans, at which point loans under the facility shall be made as Tranche A Loans. Any payments made on the principal amount of the loans outstanding will first be applied to all the Tranche A Loans outstanding before any amount will be applied to the Tranche A-1 Loans. DESCRIPTION OF OTHER INDEBTEDNESS

Senior Secured Credit Facilities

Overview

In connection with the Transactions, we entered into two senior secured credit agreements, each with Goldman Sachs Credit Partners L.P., Citigroup Global Markets, Inc., Lehman Brothers Inc. and Wachovia Capital Markets, LLC, each as joint lead arranger and joint bookrunner. The CIT Group/Business Credit, Inc. is administrative agent under the senior secured credit agreement for the asset-based revolving credit facility and Citicorp North America, Inc. is administrative agent under the senior secured credit agreement for the term loan facility. We refer to these new facilities as the Credit Facilities.

The Credit Facilities provided senior secured financing of \$3.425 billion, consisting of:

\$2.3 billion in a senior secured term loan facility; and

a senior secured asset-based revolving credit facility of up to \$1.125 billion (of which up to \$350.0 million is available for letters of credit), subject to borrowing base availability.

The term loan facility consists of two tranches, one of which is a first-loss tranche, which, in certain circumstances, will be subordinated in right of payment to the other tranche of the term loan facility.

We are the borrower under the term loan credit facility and the primary borrower under the asset-based credit facility. In addition, certain subsidiaries of ours are designated as borrowers under the asset-based credit facility. The asset-based revolving credit facility includes borrowing capacity available for letters of credit and for short-term borrowings referred to as swingline loans.

The Credit Facilities provide that we have the right at any time to request up to \$325.0 million of incremental commitments under one or more incremental term loan facilities and/or asset-based revolving credit facilities. The lenders under these facilities are not under any obligation to provide any such incremental commitments and any such addition of or increase in commitments will be subject to our not exceeding certain senior secured leverage ratios and certain other customary conditions precedent. Our ability to obtain extensions of credit under these incremental commitments will also be subject to the same conditions as extensions of credit under the Credit Facilities.

The amount from time to time available under the senior secured asset-based revolving credit facility (including in respect of letters of credit) shall not exceed the sum of the tranche A borrowing base and the tranche A-1 borrowing base. The tranche A borrowing base equals the sum of (i) 85% of the net orderly liquidation value of all eligible inventory of ours and each co-borrower and each guarantor thereunder and (ii) 90% of all accounts receivable and credit/debit card receivables of ours and each co-borrower and each guarantor thereunder, in each case, subject to a reserve equal to the principal amount of the 2010 Notes that remain outstanding at any time and other customary reserves and eligibility criteria. The tranche A-1 borrowing base equals 10% to 12% of the net orderly liquidation value of all eligible inventory of ours and each co-borrower and each guarantor under the asset-based revolving credit facility. All loans under the asset-based revolving credit facility shall be made as tranche A-1 loans until such time as all tranche A-1 commitments have been funded or there is no further availability under the tranche A-1 borrowing base, at which point loans under the asset-based revolving credit facility shall be made as tranche A loans. Any payments made on the principal amount of the loans outstanding under the asset-based revolving credit facility will

first be applied to all the tranche A loans outstanding before any amount will be applied to the tranche A-1 loans outstanding.

Interest Rate and Fees

Borrowings under the Credit Facilities bear interest at a rate equal to an applicable margin plus, at our option, either (a) LIBOR or (b) a base rate (which is usually equal to the prime rate). The applicable margin for

borrowings is (i) under the term loan facility, 2.75% with respect to LIBOR borrowings and 1.75% with respect to base-rate borrowings and (ii) as of January 30, 2009 under the asset-based revolving credit facility (except in the last out tranche described above), 1.25% with respect to LIBOR borrowings and 0.25% with respect to base-rate borrowings and for any last out borrowings, 2.25% with respect to LIBOR borrowings and 1.25% with respect to base-rate borrowings. The applicable margins for borrowings under the asset-based revolving credit facility (except in the case of last out borrowings) are subject to adjustment each quarter based on average daily excess availability under the asset-based revolving credit facility.

In addition to paying interest on outstanding principal under the Credit Facilities, we are required to pay a commitment fee to the lenders under the asset-based revolving credit facility in respect of the unutilized commitments thereunder. At January 30, 2009, the commitment fee rate was 0.375% per annum. The commitment fee rate will be reduced (except with regard to the last out tranche) to 0.25% per annum at any time the unutilized commitments under the asset-based credit facility are equal to or less than 50% of the aggregate commitments under the asset-based revolving credit facility. We must also pay customary letter of credit fees.

Prepayments

The senior secured credit agreement for the term loan facility requires us to prepay outstanding term loans, subject to certain exceptions, with:

50% of our annual excess cash flow (as defined in the credit agreement) which will be reduced to 25% and 0% if we achieve and maintain a total net leverage ratio of 6.0 to 1.0 and 5.0 to 1.0, respectively;

100% of the net cash proceeds of all non-ordinary course asset sales or other dispositions of property in excess of \$25 million in the aggregate and subject to our right to reinvest the proceeds; and

100% of the net cash proceeds of any incurrence of debt, other than proceeds from debt permitted under the senior secured credit agreement for the term loan facility.

The foregoing mandatory prepayments will be applied to the term loan facility as directed by the senior secured credit agreement for the term loan facility. Through January 30, 2009, no prepayments have been required under the prepayment provisions listed above.

In addition, the senior secured credit agreement for the asset-based revolving credit facility requires us to prepay the asset-based revolving credit facility, subject to certain exceptions, with:

100% of the net cash proceeds of all non-ordinary course asset sales or other dispositions of revolving facility collateral (as defined below) in excess of \$1 million in the aggregate and subject to our right to reinvest the proceeds; and

to the extent such extensions of credit exceed the then current borrowing bases (as defined in the senior secured credit agreement for the asset-based revolving credit facility).

We may be obligated to pay a prepayment premium on the amount repaid under the term loan facility if the term loans are voluntarily repaid in whole or in part before July 6, 2009. We may voluntarily repay outstanding loans under the asset-based revolving credit facility at any time without premium or penalty, other than customary breakage costs with respect to LIBOR loans.

If a change of control as defined in the senior secured credit agreements governing our Credit Facilities occurs, this will cause an event of default under the senior secured credit agreements. Upon an event of default, indebtedness under the Credit Facilities may be accelerated, in which case we will be required to repay all outstanding loans plus accrued and unpaid interest and all other amounts outstanding under the Credit Facilities.

Letters of Credit

\$350.0 million of our asset-based revolving credit facility is available for letters of credit.

Amortization

Beginning September 30, 2009, we are required to repay installments on the loans under the term loan credit facility in equal quarterly principal amounts in an aggregate amount per annum equal to 1% of the total funded principal amount at July 6, 2007, with the balance payable on July 6, 2014. There is no amortization under the asset-based revolving credit facility. The entire principal amounts (if any) outstanding under the asset-based revolving credit facility are due and payable in full at maturity, on July 6, 2013, on which day the commitments thereunder will terminate.

Guarantee and Security

All obligations under the Credit Facilities are unconditionally guaranteed by substantially all of our existing and future domestic subsidiaries (excluding certain immaterial subsidiaries and certain subsidiaries designated by us under our senior secured credit agreements as unrestricted subsidiaries), referred to, collectively, as U.S. Guarantors.

All obligations under the asset-based revolving credit facility, and the guarantees of those obligations, are secured by all existing and after-acquired inventory, accounts receivable, and other assets arising from such inventory and accounts receivable, of ours and each U.S. Guarantor (the Revolving Facility Collateral), subject to certain exceptions.

All obligations under the term loan facility and the guarantees of those obligations are secured by:

a second-priority security interest in the Revolving Facility Collateral;

a first priority security interest in, and mortgages on, substantially all of the tangible and intangible assets of ours and each U.S. Guarantor (other than the Revolving Facility Collateral); and

a first-priority pledge of 100% of the capital stock held by us or any of our domestic subsidiaries that are directly owned by us or one of the U.S. Guarantors and 65% of the voting capital stock of each of our existing and future foreign subsidiaries that are directly owned by us or one of the U.S. Guarantors.

Certain Covenants and Events of Default

The senior secured credit agreements contain a number of covenants that, among other things, restrict, subject to certain exceptions, our ability to:

incur additional indebtedness;

sell assets;

pay dividends and distributions or repurchase our capital stock;

make investments or acquisitions;

repay or repurchase subordinated indebtedness (including the senior subordinated notes) or the senior notes;

amend material agreements governing our subordinated indebtedness (including the senior subordinated notes) or the senior notes; and

change our lines of business.

The senior secured credit agreements also contain certain customary affirmative covenants and events of default.

At January 30, 2009, we had no borrowings, \$51.0 million of commercial letters of credit, and \$83.7 million of standby letters of credit outstanding under our asset-based revolving credit facility.

2010 Notes and Other Indebtedness

On July 6, 2007, immediately after the completion of the Merger, we completed a cash tender offer to purchase any and all of our \$200 million principal amount of the 2010 Notes. Approximately 99% of the 2010 Notes were validly tendered and accepted for payment. The tender offer included a consent payment equal to 3% of the par value of the 2010 Notes, and such payments along with associated settlement costs totaling \$6.2 million were paid and reflected as a loss on debt retirement in the 2007 periods presented. Additionally, because we received the requisite consents to the proposed amendments to the indenture pursuant to which the 2010 Notes were issued, a supplemental indenture to effect such amendments was executed and delivered. The amendments, which eliminated substantially all of the restrictive covenants contained in the indenture, became operative upon the purchase of the tendered 2010 Notes.

As of January 30, 2009, we had other indebtedness comprised of capital lease obligations of \$9.9 million and a tax increment financing for our distribution center in Marion, Indiana of \$14.5 million.

DESCRIPTION OF SENIOR NOTES

General

Certain terms used in this description are defined under the subheading Certain Definitions.

Buck Acquisition Corp. issued \$1,175,000,000 aggregate principal amount of 10.625% senior notes due 2015 (the *Senior Notes*) under an indenture dated July 6, 2007 (the *Senior Indenture*) among Buck Acquisition Corp., the Guarantors and U.S. Bank National Association (the successor trustee), as trustee (the *Successor Trustee*). Immediately following the closing of the offering and as part of the Transactions, Buck Acquisition Corp. merged with and into Dollar General Corporation, with Dollar General Corporation continuing as the surviving corporation and assuming all the obligations of Buck Acquisition Corp. under the Senior Indenture. In this description, the terms *we*, *our*, *us*, *the Issuer* and *the Company* refer to Buck Acquisition Corp. prior to the merger described above and Dollar General Corporation as the surviving corporation in the merger, together with its consolidated Subsidiaries (except that the *Issuer* does not include consolidated subsidiaries).

Effective February 25, 2009 (the *Effective Date*), Wells Fargo Bank, National Association (the *Prior Trustee*) resigned as trustee under the Senior Indenture. The Company entered into an Instrument of Resignation, Appointment and Acceptance (the *Instrument of Resignation*), effective as of the Effective Date, with the Prior Trustee and the Successor Trustee. The instrument of Resignation provides that, effective as of the Effective Date, (1) the Prior Trustee assigns, transfers, delivers and confirms to the Successor Trustee all of its rights, title, interest under the Senior Indenture and all of its rights, title, interests, capacities, privileges, duties and responsibilities as Trustee under the Senior Indenture; (2) the Company accepts the resignation of the Prior Trustee as Trustee under the Senior Indenture and appoints the Successor Trustee as Trustee under the Senior Indenture; and (3) the Successor Trustee accepts its appointment as successor Trustee, and shall be vested with all of the rights, title, interests, capacities, privileges, duties and responsibilities of the Trustee, under the Senior Indenture. Nothing contained in the Instrument of Resignation shall in any way affect the Company's obligations to the Prior Trustee under Section 7.07 of the Senior Indenture or any lien created thereunder. In this description, the term *Trustee* refers to the Prior Trustee during the period prior to the Effective Date and to the Successor Trustee for the period commencing on the Effective Date.

The following description is only a summary of the material provisions of the Senior Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of that agreement, including the definitions therein of certain terms used below. We urge you to read the Senior Indenture because it, and not this description, will define your rights as Holders. You may request copies of the Senior Indenture at our address set forth under the heading Summary.

Brief Description of the Senior Notes

The Senior Notes:

are general unsecured senior obligations of the Issuer;

are *pari passu* in right of payment with all existing and future unsecured Senior Indebtedness of the Issuer;

are effectively subordinated to all Secured Indebtedness of the Issuer, including Indebtedness under the Issuer's new Senior Credit Facilities, to the extent of the collateral securing such Indebtedness;

are senior in right of payment to all existing and future Subordinated Indebtedness of the Issuer, including the Senior Subordinated Notes;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries;

are initially unconditionally guaranteed on a joint and several and senior basis by each Restricted Subsidiary that guarantees the General Credit Facility; and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, initially jointly and severally fully and unconditionally guarantee, on a senior basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Senior Indenture and the Senior Notes, whether for payment of principal of, premium, if any, or interest or Special Interest in respect of the Senior Notes, expenses, indemnification or otherwise, on the terms set forth in the Senior Indenture by executing the Senior Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility initially guaranteed the Senior Notes. Each Guarantee is a general unsecured senior obligation of the applicable Guarantor, ranks *pari passu* in right of payment with all existing and any future Senior Indebtedness of such Guarantor, is effectively subordinated to all Secured Indebtedness of such Guarantor to the extent of the value of the collateral securing such Indebtedness, and is senior in right of payment to all existing and any future Subordinated Indebtedness of such Guarantor (including the Senior Subordinated Notes). The Senior Notes will be structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not guarantee the Senior Notes.

Not all of the Issuer's Subsidiaries guarantee the Senior Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-Guarantor Subsidiaries, the non-Guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of the Issuer's Subsidiaries which are Foreign Subsidiaries, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries will guarantee the Senior Credit Facilities, the Senior Notes or the Senior Subordinated Notes. Our non-Guarantor Subsidiaries accounted for approximately \$97.9 million of net revenues and approximately \$26.2 million of net income, in each case, for 2008 and approximately \$313.3 million of total assets, and approximately \$250.5 million of total liabilities, in each case as of January 30, 2009.

The obligations of each Guarantor under its Guarantee is limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the Senior Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's pro rata portion of such payment based on the respective net assets of all the Guarantors at the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.

Each Guarantee by a Guarantor will provide by its terms that it will be automatically and unconditionally released and discharged upon:

(1)

(a)

any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor, after which the applicable Guarantor is no longer a Restricted Subsidiary of all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Senior Indenture;

(b)

the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c)

the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Senior Indenture; or

(d)

the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Senior Indenture in accordance with the terms of the Senior Indenture; and

(2)

such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Senior Indenture relating to such transaction have been complied with.

Paying Agent and Registrar for the Senior Notes

The Issuer maintains one or more paying agents and a registrar for the Senior Notes with offices in the Borough of Manhattan, City of New York. As of the date of this prospectus, the paying agent and the registrar for the Senior Notes is the Trustee.

The registrar will maintain a register reflecting ownership of the Senior Notes outstanding from time to time and will make payments on and facilitate transfer of Senior Notes on behalf of the Issuer.

The Issuer may change the paying agents or the registrars without prior notice to the Holders. The Issuer or any of its Subsidiaries may act as a paying agent or registrar.

Transfer and Exchange

A Holder may transfer or exchange Senior Notes in accordance with the Senior Indenture. The registrar and the Trustee may require a Holder to furnish appropriate endorsements and transfer documents in connection with a transfer of Senior Notes. Holders will be required to pay all taxes due on transfer. The Issuer will not be required to transfer or exchange any Senior Note selected for redemption. Also, the Issuer will not be required to transfer or exchange any Senior Note for a period of 15 days before a selection of Senior Notes to be redeemed.

Principal, Maturity and Interest

The Issuer issued \$1,175,000,000 in aggregate principal amount of Senior Notes. The Senior Notes will mature on July 15, 2015. Subject to compliance with the covenant described below under the caption Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, the Issuer may issue additional Senior Notes under the Senior Indenture (any such Senior Notes, *Additional Senior Notes*). The Senior Notes, and any Additional Senior Notes subsequently issued under the Senior Indenture, will be treated as a single class for all purposes under the Senior Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context requires otherwise, references to Senior Notes for all purposes of the Senior Indenture

and this Description of Senior Notes include any Additional Senior Notes that are actually issued.

Interest on the Senior Notes accrues at the rate of 10.625% per annum and is payable semi-annually in arrears on January 15 and July 15, commencing on January 15, 2008, to the Holders of record on the immediately preceding January 1 and July 1. Interest on the Senior Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Senior Notes is computed on the basis of a 360-day year comprised of twelve 30-day months.

Special Interest

Special Interest may accrue on the Senior Notes in certain circumstances pursuant to the Registration Rights Agreement. Any Special Interest on the Senior Notes will be payable in the same form elected by the Issuer for payment of interest for the applicable interest payment period. All references in the Senior Indenture, in any context, to any interest or other amount payable on or with respect to the Senior Notes shall be deemed to include any Special Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Senior Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders of the Senior Notes at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Senior Notes represented by one or more global notes registered in the name of or held by the Depository Trust Company (DTC) or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York will be the office of the Trustee maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

The Issuer will not be required to make any mandatory redemption or sinking fund payments with respect to the Senior Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Senior Notes as described under the caption *Repurchase at the Option of Holders*. The Issuer may from time to time acquire any Senior Notes by means other than a redemption, whether by tender offer, in open market purchases, through negotiated transactions or otherwise.

Optional Redemption

Except as set forth below, the Issuer will not be entitled to redeem Senior Notes at its option prior to July 15, 2011.

At any time prior to July 15, 2011, the Issuer may redeem all or a part of the Senior Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Senior Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Special Interest, if any, to the date of redemption (the *Redemption Date*), subject to the rights of Holders on the relevant record date to receive interest due on the relevant interest payment date.

On and after July 15, 2011, the Issuer may redeem the Senior Notes, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Senior Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Special Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on July 15 of each of the years indicated below:

2012	102.656%
2013 and thereafter	100.000%

In addition, until July 15, 2010, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Senior Notes at a redemption price equal to 110.625% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Special Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant

interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Senior Notes issued under the Senior Indenture and the

original principal amount of any Additional Senior Notes issued under the Senior Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Notice of any redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Senior Notes, the Trustee shall select the Senior Notes to be redeemed in the manner described under *Repurchase at the Option of Holders Selection and Notice*.

Repurchase at the Option of Holders

Change of Control

The Senior Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Senior Notes as described under *Optional Redemption*, the Issuer will make an offer to purchase all of the Senior Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Special Interest, if any, to the date of purchase, subject to the right of Holders of the Senior Notes of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee, to each Holder to the address of such Holder appearing in the security register with a copy to the Trustee or otherwise in accordance with the procedures of DTC, with the following information:

(1)

that a Change of Control Offer is being made pursuant to the covenant entitled *Change of Control* and that all Senior Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;

(2)

the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);

(3)

that any Senior Note not properly tendered will remain outstanding and continue to accrue interest;

(4)

that unless the Issuer defaults in the payment of the Change of Control Payment, all Senior Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5)

that Holders electing to have any Senior Notes purchased pursuant to a Change of Control Offer will be required to surrender such Senior Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Senior Notes completed, to the paying agent specified in the notice at the address specified in the notice prior to the close of

business on the third Business Day preceding the Change of Control Payment Date;

(6)

that Holders will be entitled to withdraw their tendered Senior Notes and their election to require the Issuer to purchase such Senior Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder, the principal amount of Senior Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Senior Notes and its election to have such Senior Notes purchased;

(7)

that if the Issuer is redeeming less than all of the Senior Notes, the Holders of the remaining Senior Notes will be issued new Senior Notes that will be equal in principal amount to the unpurchased portion of the Senior Notes surrendered. The unpurchased portion of the Senior Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and

(8)

the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent they are applicable in connection with the repurchase of Senior Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

(1)

accept for payment all Senior Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2)

deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Senior Notes or portions thereof so tendered; and

(3)

deliver, or cause to be delivered, to the Trustee for cancellation the Senior Notes so accepted together with an Officer's Certificate to the Trustee stating that such Senior Notes or portions thereof have been tendered to and purchased by the Issuer.

The paying agent will promptly mail to each Holder the Change of Control Payment for such Senior Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Senior Note equal in principal amount to any unpurchased portion of the Senior Notes surrendered, if any; *provided* that each such new Senior Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Senior Credit Facilities will, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Senior Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Senior Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions,

including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and Certain Covenants Liens. Such restrictions in the Senior Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Senior Notes then outstanding. Except for the limitations contained in such covenants, however, the Senior Indenture will not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Indenture applicable to a Change of Control Offer made by us and purchases all Senior Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

The definition of *Change of Control* includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of *all or substantially all* of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder may require the Issuer to make an offer to repurchase the Senior Notes as described above.

The provisions under the Senior Indenture relating to the Issuer's obligation to make an offer to repurchase the Senior Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Senior Notes.

Asset Sales

The Senior Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1)

the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

(2)

except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a)

any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Senior Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b)

any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

(c)

any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5.0% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 360 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1)

to permanently reduce:

(a)

Obligations under the Senior Notes or any other Senior Indebtedness of the Issuer or any Guarantor (other than Obligations owed to the Issuer or a Restricted Subsidiary) and, in the case of Obligations under revolving credit facilities or other similar Indebtedness, to correspondingly permanently reduce commitments with respect thereto; *provided* that if the Issuer or any Restricted Subsidiary shall so reduce Obligations under any Senior Indebtedness that is not secured by a Lien, the Issuer or such Guarantor will, equally and ratably, reduce Obligations under the Senior Notes by, at its option, (A) redeeming Senior Notes, (B) making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their Senior Notes at 100% of the principal amount thereof, *plus* the amount of accrued and unpaid interest and Special Interest, if any, on the principal amount of Senior Notes to be repurchased or (C) purchasing Senior Notes through open market purchases (to the extent such purchases are at a price equal to or higher than 100% of the principal amount thereof) in a manner that complies with the Senior Indenture and applicable securities law; or

(b)

Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary;

(2)

to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3)

to make an Investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

provided that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment*) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment*) within 180 days of such cancellation or termination; *provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales that are not invested or applied as provided and within the time period set forth in the first sentence of the preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$75.0 million, the Issuer shall make an offer to all Holders and, if required or

permitted by the terms of any Senior Indebtedness, to the holders of such Senior Indebtedness (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Senior Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Special Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$75.0 million by mailing the notice required pursuant to the terms of the Senior Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Senior Notes and such Senior Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Senior Indenture. If the aggregate principal amount of Senior Notes or other Senior Indebtedness surrendered by such holders thereof exceeds the amount of Excess

Proceeds, the Trustee shall select the Senior Notes and such other Senior Indebtedness to be purchased on a pro rata basis based on the accreted value or principal amount of the Senior Notes or such Senior Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Additionally, the Issuer may, at its option, make an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Asset Sale Offer shall be in an aggregate amount of not less than \$75.0 million. Upon consummation of such Asset Sale Offer, any Net Proceeds not required to be used to purchase Senior Notes shall not be deemed Excess Proceeds.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Indenture by virtue thereof.

The Senior Credit Facilities will prohibit or limit (subject to limited exceptions), and future credit agreements or other agreements to which the Issuer becomes a party may limit or prohibit, the Issuer from purchasing any Senior Notes as a result of an Asset Sale Offer. In the event the Issuer is required to make an Asset Sale Offer at a time when the Issuer is prohibited from purchasing the Senior Notes, the Issuer could seek the consent of its lenders to permit the purchase of the Senior Notes or could attempt to refinance the borrowings that contain such prohibition. If the Issuer does not obtain such consent or repay such borrowings, the Issuer will remain prohibited from purchasing the Senior Notes. In such case, the Issuer's failure to purchase tendered Senior Notes would constitute an Event of Default under the Senior Indenture.

The provisions under the Senior Indenture relative to the Issuer's obligation to make an offer to repurchase the Senior Notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the Senior Notes.

Selection and Notice

If the Issuer is redeeming less than all of the Senior Notes issued at any time, the Trustee will select the Senior Notes to be redeemed (a) if the Senior Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Senior Notes are listed, (b) on a pro rata basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Senior Notes or a satisfaction and discharge of the Senior Indenture. If any Senior Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Senior Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Senior Note in a principal amount equal to the unredeemed portion of the original Senior Note in the name of the Holder upon cancellation of the original Senior Note. Senior Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Senior Notes or portions thereof called for redemption.

Certain Covenants

Limitation on Restricted Payments

(a)

(2)

Designated Preferred Stock; and

(B) to the extent such net cash proceeds are actually contributed to the Issuer, Equity Interests of the Issuer's direct or indirect parent companies (excluding contributions of the proceeds from the sale of Designated Preferred Stock of such companies or contributions to the extent such amounts have been applied to Restricted Payments made in accordance with clause (4) of the next succeeding paragraph); or

(ii)

the sale (other than to the Issuer or a Restricted Subsidiary) of the stock of an Unrestricted Subsidiary or a distribution from an Unrestricted Subsidiary (other than in each case to the extent the Investment in such Unrestricted Subsidiary was made by the Issuer or a Restricted Subsidiary pursuant to clause (7) of the next succeeding paragraph or to the extent such

Investment constituted a Permitted Investment) or a dividend from an Unrestricted Subsidiary after the Issue Date;

(2)

(a) the redemption, repurchase, retirement or other acquisition of any Equity Interests (*Treasury Capital Stock*) or Subordinated Indebtedness of the Issuer or any Equity Interests of any direct or indirect parent company of the Issuer, in exchange for, or out of the proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary) of, Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent contributed to the Issuer (in each case, other than any Disqualified Stock) (*Refunding Capital Stock*) and (b) if immediately prior to the retirement of Treasury Capital Stock, the declaration and payment of dividends thereon was permitted under clause (6) of this paragraph, the declaration and payment of dividends on the Refunding Capital Stock (other than Refunding Capital Stock the proceeds of which were used to redeem, repurchase, retire or otherwise acquire any Equity Interests of any direct or indirect parent company of the Issuer) in an aggregate amount per year no greater than the aggregate amount of dividends per annum that were declarable and payable on such Treasury Capital Stock immediately prior to such retirement;

Restricted Payments that are made with Excluded Contributions;

(11)

other Restricted Payments in an aggregate amount taken together with all other Restricted Payments made pursuant to this clause (11) not to exceed \$100.0 million at the time made;

(13)

any Restricted Payment made as part of the Transactions and the fees and expenses related thereto or used to fund amounts owed to Affiliates (including dividends to any direct or indirect parent of the Issuer to permit payment by such parent of such amount), in each case to the extent permitted by the covenant described under Transactions with Affiliates ;

(14)

the repurchase, redemption or other acquisition or retirement for value of any Subordinated Indebtedness in accordance with the provisions similar to those described under the captions Repurchase at the Option of Holders Change of Control and Repurchase at the Option of Holders Asset Sales ; *provided* that all Senior Notes tendered by Holders in connection with a Change of Control Offer or Asset Sale Offer, as applicable, have been repurchased, redeemed or acquired for value;

the redemption for cash of a portion of each Senior Subordinated Note then outstanding equal to any Mandatory Principal Redemption Amount applicable thereto, to the extent required under the Senior Subordinated Indenture. The Mandatory Principal Redemption Amount means, as of the date of such redemption, the excess, if any, of (a) the aggregate amount of accrued and unpaid interest and all accrued and unpaid original issue discount (as defined in Section 1273(a)(1) of the Code) with respect to the Senior Subordinated Notes, over (b) an amount equal to the product of (i) the issue price (as defined in Sections 1273(b) and 1274(a) of the Code) of the Senior Subordinated Notes multiplied by (ii) the yield to maturity (as defined in the Treasury Regulation Section 1.1272-1(b)(1)(i)) of the Senior Subordinated Notes;

provided, however, that at the time of, and after giving effect to, any Restricted Payment permitted under clause (11), no Default shall have occurred and be continuing or would occur as a consequence thereof.

As of the Issue Date, all of the Issuer's Subsidiaries will be Restricted Subsidiaries. The Issuer will not permit any Unrestricted Subsidiary to become a Restricted Subsidiary except pursuant to the last sentence of the definition of Unrestricted Subsidiary. For purposes of designating any Restricted Subsidiary as an Unrestricted Subsidiary, all outstanding Investments by the Issuer and its Restricted Subsidiaries (except to the extent repaid) in the Subsidiary so designated will be deemed to be Restricted Payments in an amount determined as set forth in the last sentence of the definition of Investment. Such designation will be permitted only if a Restricted Payment in such amount would be permitted at such time, whether pursuant to the first paragraph of this covenant or under clause (7), (10) or (11) of the second paragraph of this covenant, or pursuant to the definition of Permitted Investments, and if such Subsidiary otherwise meets the definition of an Unrestricted Subsidiary. Unrestricted Subsidiaries will not be subject to any of the restrictive covenants set forth in the Senior Indenture.

Notwithstanding the foregoing provisions of this covenant, the Issuer will not, and will not permit any of its Restricted Subsidiaries to, pay any cash dividend or make any cash distribution on or in respect of the Issuer's Capital Stock or purchase for cash or otherwise acquire for cash any Capital Stock of the Issuer or any direct or indirect parent of the Issuer, for the purpose of paying any cash dividend or making any cash distribution to, or acquiring Capital Stock of any direct or indirect parent of the Issuer for cash from, the Investors, or Guarantee any Indebtedness of any Affiliate of the Issuer for the purpose of paying such dividend, making such distribution or so acquiring such Capital Stock to or from the Investors, in each case by means of utilization of the cumulative Restricted Payment credit provided by the first paragraph of this covenant, or the exceptions provided by clauses (1), (7) or (11) of the second paragraph of this covenant or clauses (8) or (13) of the definition of Permitted Investments, unless at the time and after giving effect to such payment, the Consolidated Leverage Ratio of the Issuer would be equal to or less than 6.00:1.00.

Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise (collectively, *incur* and

collectively, an *incurrence*) with respect to any Indebtedness (including Acquired Indebtedness), and the Issuer will not issue any shares of Disqualified Stock and will not permit any Restricted Subsidiary to issue any shares of Disqualified Stock or Preferred Stock; *provided, however*, that the Issuer may incur Indebtedness (including Acquired Indebtedness) or issue shares of Disqualified Stock, and any of its Restricted Subsidiaries may incur Indebtedness (including Acquired Indebtedness), issue shares of Disqualified Stock and issue shares of Preferred Stock, if the Fixed Charge Coverage Ratio on a consolidated basis for the Issuer and its Restricted Subsidiaries most recently ended four fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock or Preferred Stock is issued would have been at least 2.00 to 1.00, determined on a *pro forma* basis (including a *pro forma* application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the

Disqualified Stock or Preferred Stock had been issued, as the case may be, and the application of proceeds therefrom had occurred at the beginning of such four-quarter period; *provided, further*, that Restricted Subsidiaries that are not Guarantors may not incur Indebtedness or Disqualified Stock or Preferred Stock if, after giving *pro forma* effect to such incurrence or issuance (including a *pro forma* application of the net proceeds therefrom), more than an aggregate of \$250.0 million of Indebtedness or Disqualified Stock or Preferred Stock of Restricted Subsidiaries that are not Guarantors would be outstanding pursuant to this paragraph and clauses (13)(b), (15) and (20) below at such time.

The foregoing limitations will not apply to:

(1)

the incurrence of Indebtedness under (x) Credit Facilities (other than the ABL Facility) by the Issuer or any of its Restricted Subsidiaries and the issuance and creation of letters of credit and bankers' acceptances thereunder (with letters of credit and bankers' acceptances being deemed to have a principal amount equal to the face amount thereof), up to an aggregate principal amount of \$2,625.0 million outstanding at any one time and (y) the ABL Facility by the Issuer or any of its Restricted Subsidiaries and the issuance and creation of letters of credit and bankers' acceptances thereunder (with letters of credit and bankers' acceptances being deemed to have a principal amount equal to the face amount thereof), up to an aggregate principal amount equal to the ABL Facility Cap;

(2)

the incurrence by the Issuer and any Guarantor of Indebtedness represented by the Senior Notes issued on the Issue Date (including any Guarantee hereof) and the Senior Exchange Notes and related guarantees of the Senior Exchange Notes to be issued in exchange for the Senior Notes and the Guarantees pursuant to the Registration Rights Agreement (other than any Additional Senior Notes and related guarantees);

(6)

Indebtedness incurred by the Issuer or any of its Restricted Subsidiaries constituting reimbursement obligations with respect to letters of credit issued in the ordinary course of business, including letters of credit in respect of workers compensation or employee health claims, or other Indebtedness with respect to reimbursement-type obligations

regarding workers' compensation, or employee health claims; *provided, however*, that upon the drawing of such letters of credit or the incurrence of such Indebtedness, such obligations are reimbursed within 30 days following such drawing or incurrence;

(7)

Indebtedness arising from agreements of the Issuer or its Restricted Subsidiaries providing for indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assumed in connection with the disposition of any business, assets or a Subsidiary, other than guarantees of Indebtedness incurred by any Person acquiring all or any portion of such business, assets or a Subsidiary for the purpose of financing such acquisition; *provided, however*, that such Indebtedness is not reflected on the balance sheet of the Issuer, or any of its Restricted Subsidiaries (contingent obligations referred to in a footnote to financial statements and not otherwise reflected on the balance sheet will not be deemed to be reflected on such balance sheet for purposes of this clause (7));

(8)

Indebtedness of the Issuer to a Restricted Subsidiary; *provided* that any such Indebtedness owing to a Restricted Subsidiary that is not a Guarantor is expressly subordinated in right of payment to the Senior Notes; *provided, further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Issuer or another Restricted Subsidiary) shall be deemed, in each case, to be an incurrence of such Indebtedness not permitted by this clause (8);

(9)

Indebtedness of a Restricted Subsidiary to the Issuer or another Restricted Subsidiary; *provided* that if a Guarantor issues such Indebtedness to a Restricted Subsidiary that is not a Guarantor (other than to any Restricted Subsidiary engaged in the insurance business in order to provide insurance to the Issuer and its Subsidiaries), such Indebtedness is expressly subordinated in right of payment to the Guarantee of the Senior Notes of such Guarantor; *provided, further*, that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such Indebtedness (except to the Issuer or another Restricted Subsidiary) shall be deemed, in each case, to be an incurrence of such Indebtedness not permitted by this clause (9);

(10)

shares of Preferred Stock of a Restricted Subsidiary issued to the Issuer or another Restricted Subsidiary; *provided* that any subsequent issuance or transfer of any Capital Stock or any other event which results in any such Restricted Subsidiary ceasing to be a Restricted Subsidiary or any other subsequent transfer of any such shares of Preferred Stock (except to the Issuer or another of its Restricted Subsidiaries) shall be deemed in each case to be an issuance of such shares of Preferred Stock not permitted by this clause (10);

(11)

Issuer and Indebtedness, Disqualified Stock or Preferred Stock of the Issuer or any Restricted Subsidiary not otherwise permitted hereunder in an aggregate principal amount or liquidation preference, which when aggregated with the principal amount and liquidation preference of all other Indebtedness, Disqualified Stock and Preferred Stock then outstanding and incurred pursuant to this clause (13)(b), does not at any one time outstanding exceed \$250.0 million; *provided, however* that on a *pro forma basis*, together with any amounts incurred and outstanding by Restricted Subsidiaries that are not Guarantors pursuant to the second proviso to the first paragraph of this covenant and clauses (15) and (20), no more than \$250.0 million of Indebtedness, Disqualified Stock or Preferred Stock at any one time outstanding and incurred pursuant to this clause (13)(b) shall be incurred by Restricted Subsidiaries that are not Guarantors (it being understood that any Indebtedness, Disqualified Stock or Preferred Stock incurred pursuant to this clause (13)(b) shall cease to be deemed incurred or outstanding for purposes of this clause (13)(b) but shall be deemed incurred for the purposes of the first paragraph of this covenant from and after the first date on which the Issuer or such Restricted Subsidiary could have incurred such Indebtedness, Disqualified Stock or Preferred Stock under the first paragraph of this covenant without reliance on this clause (13)(b));

(14)

(a)

has a Weighted Average Life to Maturity at the time such Refinancing Indebtedness is incurred which is not less than the remaining Weighted Average Life to Maturity of the Indebtedness, Disqualified Stock or Preferred Stock being refunded or refinanced,

(b)

to the extent such Refinancing Indebtedness refinances (i) Indebtedness subordinated or *pari passu* to the Senior Notes or any Guarantee thereof, such Refinancing Indebtedness is subordinated or *pari passu* to the Senior Notes or the Guarantee at least to the same extent as the Indebtedness being refinanced or refunded or (ii) Disqualified Stock or Preferred Stock, such Refinancing Indebtedness must be Disqualified Stock or Preferred Stock, respectively, and

(c)

(a)

the Issuer would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of this covenant, or

(b)

the Fixed Charge Coverage Ratio of the Issuer and the Restricted Subsidiaries is greater than immediately prior to such acquisition or merger;

provided, however that on a *pro forma* basis, together with amounts incurred and outstanding pursuant to the second proviso to the first paragraph of this covenant and clauses (13)(b) and (20), no more than \$250.0 million of Indebtedness, Disqualified Stock or Preferred Stock at any one time outstanding and incurred by Restricted Subsidiaries that are not Guarantors pursuant to this clause (15) shall be incurred and outstanding;

(16)

Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business; *provided* that such Indebtedness is extinguished within two Business Days of its incurrence;

(17)

Indebtedness of the Issuer or any of its Restricted Subsidiaries supported by a letter of credit issued pursuant to any Credit Facilities, in a principal amount not in excess of the stated amount of such letter of credit;

(18)

(a) any guarantee by the Issuer or a Restricted Subsidiary of Indebtedness or other Obligations of any Restricted Subsidiary, so long as the incurrence of such Indebtedness incurred by such Restricted Subsidiary is permitted under the terms of the Senior Indenture, or (b) any guarantee by a Restricted Subsidiary of Indebtedness of the Issuer permitted to be incurred under the terms of the Senior Indenture; *provided* that such guarantee is incurred in accordance with the covenant described below under Limitation on Guarantees of Indebtedness by Restricted Subsidiaries ;

(19)

Indebtedness of Foreign Subsidiaries of the Issuer in an amount not to exceed at any one time outstanding and together with any other Indebtedness incurred under this clause (19) 5.0% of the Total Assets of the Foreign Subsidiaries (it being understood that any Indebtedness incurred pursuant to this clause (19) shall cease to be deemed incurred or outstanding for purposes of this clause (19) but shall be deemed incurred for the purposes of the first paragraph of this covenant from and after the first date on which the Issuer or such Restricted Subsidiaries could have incurred such Indebtedness under the first paragraph of this covenant without reliance on this clause (19));

(20)

Indebtedness, Disqualified Stock or Preferred Stock of a Restricted Subsidiary incurred to finance or assumed in connection with an acquisition in a principal amount not to exceed \$100.0 million in the aggregate at any one time outstanding together with all other Indebtedness, Disqualified Stock and/or Preferred Stock issued under this clause (20) (it being understood that any Indebtedness, Disqualified Stock or Preferred Stock incurred pursuant to this clause (20) shall cease to be deemed incurred or outstanding for purposes of this clause (20) but shall be deemed incurred for the purposes of the first paragraph of this covenant from and after the first date on which such Restricted Subsidiary could have incurred such Indebtedness, Disqualified Stock or Preferred Stock under the first paragraph of this covenant without reliance on this clause (20)); *provided, however*, that, on a *pro forma* basis, together with amounts incurred and outstanding by Restricted Subsidiaries that are not Guarantors pursuant to the second proviso to the first paragraph of this covenant and clauses (13)(b) and (15), no more than \$250.0 million of Indebtedness would be incurred and outstanding by Restricted Subsidiaries that are not Guarantors;

(21)

Indebtedness of the Issuer or any of its Restricted Subsidiaries consisting of (i) the financing of insurance premiums or (ii) take-or-pay obligations contained in supply arrangements, in each case, incurred in the ordinary course of business; and

(22)

Indebtedness consisting of Indebtedness issued by the Issuer or any of its Restricted Subsidiaries to current or former officers, directors and employees thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent described in clause (4) of the second paragraph under the caption Limitation on Restricted Payments.

For purposes of determining compliance with this covenant:

(1)

in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness, Disqualified Stock or Preferred Stock described in clauses (1) through (22) above or is entitled to be incurred pursuant to the first paragraph of this covenant, the Issuer, in its sole discretion, will classify or reclassify such item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) and will only be required to include the amount and type of such Indebtedness, Disqualified Stock or Preferred Stock in one of the above clauses; *provided* that all Indebtedness outstanding under the Credit Facilities on the Issue Date will be treated as incurred on the Issue Date under clause (1) of the preceding paragraph; and

(2)

at the time of incurrence, the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above.

Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been

exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

The Senior Indenture provides that the Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinated or junior in right of payment to any Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is expressly subordinated in right of payment to the Senior Notes or such Guarantor's Guarantee to the extent and in the same manner as such Indebtedness is subordinated to other Indebtedness of the Issuer or such Guarantor, as the case may be; *provided* that this sentence shall not apply to Indebtedness incurred under clause (1) of the second paragraph of this covenant.

The Senior Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Liens

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Indebtedness or any related Guarantee, on any asset or property of the Issuer or any Guarantor now owned or hereafter acquired, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1)

in the case of Liens securing Subordinated Indebtedness, the Senior Notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or

(2)

in all other cases, the Senior Notes or the Guarantees are equally and ratably secured or are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens;

except that the foregoing shall not apply to (a) Liens securing Indebtedness permitted to be incurred under Credit Facilities, including any letter of credit relating thereto, that was permitted by the terms of the Senior Indenture to be incurred pursuant to clause (1) of the second paragraph under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock and (b) Liens incurred to secure Obligations in respect of any Indebtedness permitted to be incurred pursuant to the covenant described above under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock; *provided* that, with respect to Liens securing Obligations permitted under this subclause (b), at the time of incurrence and after giving pro forma effect thereto, the Consolidated Secured Debt Ratio would be no greater than 3.25 to 1.0. Any Lien which is granted to secure the Senior Notes under this covenant shall be discharged at the same time as the discharge of the Lien (other than through the exercise of remedies with respect thereto) that gave rise to the obligation to so secure the Senior Notes.

Merger, Consolidation or Sale of All or Substantially All Assets

The Issuer may not consolidate or merge with or into or wind up into (whether or not the Issuer is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1)

the Issuer is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the jurisdiction of

organization of the Issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the *Successor Company*);

(2)

the Successor Company, if other than the Issuer, expressly assumes all the obligations of the Issuer under the Senior Notes and the Senior Indenture pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3)

immediately after such transaction, no Default exists;

(4)

immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period,

(a)

the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, or

(b)

the Fixed Charge Coverage Ratio for the Successor Company, the Issuer and its Restricted Subsidiaries would be greater than such ratio for the Issuer and its Restricted Subsidiaries immediately prior to such transaction;

(5)

each Guarantor, unless it is the other party to the transactions described above, in which case clause (b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Senior Indenture, the Senior Notes and the Registration Rights Agreement; and

(6)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Indenture.

The Successor Company will succeed to, and be substituted for the Issuer, as the case may be, under the Senior Indenture, the Guarantees and the Senior Notes, as applicable. Notwithstanding the foregoing clauses (3) and (4),

(1)

any Restricted Subsidiary may consolidate with or merge into or transfer all or part of its properties and assets to the Issuer, and

(2)

the Issuer may merge with an Affiliate of the Issuer, as the case may be, solely for the purpose of reincorporating the Issuer in a State of the United States or any state thereof, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Senior Indenture governing release of a Guarantee upon the sale, disposition or transfer of a Guarantor, no Guarantor will, and the Issuer will not permit any Guarantor to, consolidate or merge with or into or wind up into (whether or not the Issuer or Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1)

(a) such Guarantor is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor, as the case may be, or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the *Successor Person*);

(b)

the Successor Person, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under the Senior Indenture and such Guarantor's related Guarantee pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(c)

immediately after such transaction, no Default exists; and

(d)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Indenture; or

(2)

the transaction is made in compliance with the covenant described under Repurchase at the Option of Holders Asset Sales.

Subject to certain limitations described in the Senior Indenture, the Successor Person will succeed to, and be substituted for, such Guarantor under the Senior Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor may (i) merge into or transfer all or part of its properties and assets to another Guarantor or the Issuer, (ii) merge with an Affiliate of the Issuer solely for the purpose of reincorporating the Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (iii) convert into a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor.

Transactions with Affiliates

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuer (each of the foregoing, an *Affiliate Transaction*) involving aggregate payments or consideration in excess of \$15.0 million, unless:

(1)

such Affiliate Transaction is on terms that are not materially less favorable to the Issuer or its relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person on an arm's-length basis; and

(2)

the Issuer delivers to the Trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate payments or consideration in excess of \$25.0 million, a resolution adopted by the majority of the board of directors of the Issuer approving such Affiliate Transaction and set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with clause (1) above.

The foregoing provisions will not apply to the following:

Limitation on Restricted Payments and the definition of Permitted Investments ;

(4)

the payment of reasonable and customary fees paid to, and indemnities provided for the benefit of, officers, directors, employees or consultants of Issuer, any of its direct or indirect parent companies or any of its Restricted Subsidiaries;

(6)

(9)

transactions with customers, clients, suppliers, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Senior Indenture which are fair to the Issuer and its Restricted Subsidiaries, in the reasonable determination of the board of directors of the Issuer or the senior management thereof, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party;

(10)

the issuance of Equity Interests (other than Disqualified Stock) of the Issuer to any Permitted Holder or to any director, officer, employee or consultant;

(11)

(13)

payments or loans (or cancellation of loans) to employees or consultants of the Issuer, any of its direct or indirect parent companies or any of its Restricted Subsidiaries and employment agreements, stock option plans and other similar arrangements with such employees or consultants which, in each case, are approved by the Issuer in good faith;

(14)

investments by the Investors in securities of the Issuer or any of its Restricted Subsidiaries so long as (i) the investment is being offered generally to other investors on the same or more favorable terms and (ii) the investment constitutes less than 5.0% of the proposed or outstanding issue amount of such class of securities;

(15)

payments to or from, and transactions with, any joint ventures in the ordinary course of business; and

(16)

payments by the Issuer (and any direct or indirect parent thereof) and its Subsidiaries pursuant to tax sharing agreements among the Issuer (and any such parent) and its Subsidiaries on customary terms to the extent attributable to the ownership or operation of the Issuer and its Subsidiaries; *provided* that in each case the amount of such payments in any fiscal year does not exceed the amount that the Issuer, its Restricted Subsidiaries and its

Unrestricted Subsidiaries (to the extent of amounts received from Unrestricted Subsidiaries) would be required to pay in respect of foreign, federal, state and local taxes for such fiscal year were the Issuer and its Restricted Subsidiaries (to the extent described above) to pay such taxes separately from any such parent entity.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Issuer will not, and will not permit any of its Restricted Subsidiaries that are not Guarantors to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

(1)

(a) pay dividends or make any other distributions to the Issuer or any of its Restricted Subsidiaries on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits, or

(b)

pay any Indebtedness owed to the Issuer or any of its Restricted Subsidiaries;

(2)

make loans or advances to the Issuer or any of its Restricted Subsidiaries; or

(3)

sell, lease or transfer any of its properties or assets to the Issuer or any of its Restricted Subsidiaries,

except (in each case) for such encumbrances or restrictions existing under or by reason of:

(a)

contractual encumbrances or restrictions in effect on the Issue Date, including pursuant to the Senior Credit Facilities and the related documentation;

(b)

the Senior Indenture, the Senior Notes, the Senior Subordinated Indenture and the Senior Subordinated Notes;

(c)

purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the nature discussed in clause (3) above on the property so acquired;

(d)

applicable law or any applicable rule, regulation or order;

(e)

any agreement or other instrument of a Person acquired by the Issuer or any Restricted Subsidiary in existence at the time of such acquisition (but not created in connection therewith or in contemplation thereof), which encumbrance or

restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person and its Subsidiaries, or the property or assets of the Person and its Subsidiaries, so acquired;

(h)

restrictions on cash or other deposits or net worth imposed by customers under contracts entered into in the ordinary course of business;

(i)

other Indebtedness, Disqualified Stock or Preferred Stock of Foreign Subsidiaries permitted to be incurred subsequent to the Issue Date pursuant to the provisions of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ;

(j)

customary provisions in joint venture agreements and other agreements or arrangements relating solely to such joint venture;

(k)

customary provisions contained in leases or licenses of intellectual property and other agreements, in each case entered into in the ordinary course of business;

(l)

any encumbrances or restrictions of the type referred to in clauses (1), (2) and (3) above imposed by any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings of the contracts, instruments or obligations referred to in clauses (a) through (k) above; *provided* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are, in the good faith judgment of the Issuer, no more restrictive with respect to such encumbrance and other restrictions taken as a whole than those prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing; and

(m)

restrictions created in connection with any Receivables Facility that, in the good faith determination of the Issuer, are necessary or advisable to effect the transactions contemplated under such Receivables Facility.

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Issuer will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities of the Issuer or any Guarantor), other than a Guarantor, a Foreign Subsidiary or a Receivables Subsidiary, to guarantee the payment of any Indebtedness of the Issuer or any other Guarantor unless:

(1)

such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Senior Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor:

(a)

if the Senior Notes or such Guarantor's Guarantee are subordinated in right of payment to such Indebtedness, the Guarantee under the supplemental indenture shall be subordinated to such Restricted Subsidiary's guarantee with respect to such Indebtedness substantially to the same extent as the Senior Notes are subordinated to such Indebtedness; and

(b)

if such Indebtedness is by its express terms subordinated in right of payment to the Senior Notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Senior Notes; and

(2)

such Restricted Subsidiary waives, and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Issuer or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee;

provided that this covenant shall not be applicable to (i) any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary and (ii) guarantees of any Receivables Facility by any Receivables Subsidiary.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Senior Indenture will require the

Issuer to file with the SEC (and make available to the Trustee and Holders (without exhibits), without cost to any Holder, within 15 days after it files with the SEC) from and after the Issue Date,

(1)

within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(2)

within 45 days after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all information that would be required to be contained in Form 10-Q, or any successor or comparable form;

(3)

promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

(4)

any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Senior Notes, in addition to providing such information to the Trustee and the Holders, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Senior Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Senior Notes, the Senior Indenture will permit the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information in the offering documentation relating to the outstanding notes, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Issuer's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of

Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in the offering documentation relating to the outstanding notes, to the extent filed within the times specified above. Notwithstanding anything herein to the contrary, the Issuer will not be deemed to have failed to comply with any of its agreements set forth under this covenant for purposes of clause (3) under Events of Default and Remedies until 120 days after the date any report is required to be filed with the SEC (or posted on the Issuer's website or provided to the Trustee) pursuant to this covenant.

Events of Default and Remedies

The Senior Indenture provides that each of the following is an *Event of Default* :

(1)

default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Senior Notes;

(2)

default for 30 days or more in the payment when due of interest or Special Interest on or with respect to the Senior Notes;

(3)

failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less 30% in principal amount of the Senior Notes then outstanding under the Senior Indenture to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Senior Indenture or the Senior Notes;

(4)

default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Senior Notes, if both:

(a)

such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

(b)

the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$50.0 million or more at any one time outstanding;

(5)

failure by the Issuer or any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$50.0 million, which final judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6)

certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7)

the Guarantee of any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary) of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Senior Indenture or the release of any such Guarantee in accordance with the Senior Indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Senior Indenture, the Trustee or the Holders of at least 30% in principal amount of the Senior Notes then outstanding under the Senior Indenture may declare the principal, premium, if any, interest and any other monetary obligations on all the Senior Notes then outstanding under the Senior Indenture to be due and payable immediately.

Upon the effectiveness of such declaration, such principal premium, if any, and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of

the first paragraph of this section, all outstanding Senior Notes will become due and payable without further action or notice. The Senior Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Senior Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders.

The Senior Indenture provides that the Holders of a majority in aggregate principal amount of the Senior Notes then outstanding under the Senior Indenture by notice to the Trustee may on behalf of the Holders of all of the Senior Notes waive any existing Default and its consequences under the Senior Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Senior Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Senior Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

(1)

the Indebtedness or guarantee that is the basis for such Event of Default has been discharged;

(2)

the Holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or

(3)

the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Senior Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Indenture at the request or direction of any of the Holders unless the Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder may pursue any remedy with respect to the Senior Indenture or the Senior Notes unless:

(1)

such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2)

Holders of at least 30% in principal amount of the then outstanding Senior Notes have requested the Trustee to pursue the remedy;

(3)

Holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;

(4)

the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

(5)

Holders of a majority in principal amount of the then outstanding Senior Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Senior Indenture the Holders of a majority in principal amount of the total outstanding Senior Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would subject the Trustee to personal liability.

The Senior Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Senior Indenture, and the Issuer is required, within five Business Days upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Shareholders

No director, officer, employee, incorporator or shareholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Senior Notes, the Guarantees or the Senior Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Senior Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Notes. Such waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the Senior Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Senior Notes issued under the Senior Indenture. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Senior Notes issued under the Senior Indenture and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

(1)

the rights of Holders of Senior Notes issued under the Senior Indenture to receive payments in respect of the principal of, premium, if any, and interest on the Senior Notes when such payments are due solely out of the trust created pursuant to the Senior Indenture;

(2)

the Issuer's obligations with respect to Senior Notes concerning issuing temporary notes, registration of such Senior Notes, mutilated, destroyed, lost or stolen Senior Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3)

the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and

(4)

the Legal Defeasance provisions of the Senior Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Senior Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Senior Notes. In the event Covenant Defeasance occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under *Events of Default and Remedies* will no longer constitute an Event of Default with respect to the Senior Notes.

In order to exercise either Legal Defeasance or Covenant Defeasance with respect to the Senior Notes:

(1)

the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Senior Notes issued under the Senior Indenture on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Senior Notes, and the Issuer must specify whether such Senior Notes are being defeased to maturity or to a particular redemption date;

(2)

in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(a)

the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b)

since the original issuance of the Senior Notes, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such Legal Defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3)

in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an Opinion of Counsel reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such Covenant Defeasance and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4)

no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) shall have occurred and be continuing on the date of such deposit;

(5)

such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities, the Senior Subordinated Indenture, the Senior Subordinated Notes or any other material agreement or instrument (other than the Senior Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6)

the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7)

the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Senior Indenture will be discharged and will cease to be of further effect as to all Senior Notes issued thereunder, when either:

(1)

all Senior Notes theretofore authenticated and delivered, except lost, stolen or destroyed Senior Notes which have been replaced or paid and Senior Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2)

(a) all Senior Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a

combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Senior Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b)

no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Senior Indenture or the Senior Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities, the Senior Subordinated Indenture, the Senior Subordinated Notes or any other material agreement or instrument (other than the Senior Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(c)

the Issuer has paid or caused to be paid all sums payable by it under the Senior Indenture; and

(d)

the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Senior Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Senior Indenture, any Guarantee, and the Senior Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Senior Notes then outstanding, including consents obtained in connection with a purchase of, or tender offer or exchange offer for, Senior Notes, and any existing Default or compliance with any provision of the Senior Indenture, the Senior Notes issued thereunder, any Guarantee may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Senior Notes, other than Senior Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Senior Notes).

The Senior Indenture provides that, without the consent of each affected Holder, an amendment or waiver may not, with respect to any Senior Notes held by a non-consenting Holder:

(1)

reduce the principal amount of such Senior Notes whose Holders must consent to an amendment, supplement or waiver;

(2)

reduce the principal of or change the fixed final maturity of any such Senior Note or alter or waive the provisions with respect to the redemption of such Senior Notes (other than provisions relating to the covenants described above under

the caption "Repurchase at the Option of Holders");

(3)

reduce the rate of or change the time for payment of interest on any Senior Note;

(4)

waive a Default in the payment of principal of or premium, if any, or interest on the Senior Notes, except a rescission of acceleration of the Senior Notes by the Holders of at least a majority in aggregate principal amount of the Senior Notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the Senior Indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;

(5)

make any Senior Note payable in money other than that stated therein;

(6)

make any change in the provisions of the Senior Indenture relating to waivers of past Defaults or the rights of Holders to receive payments of principal of or premium, if any, or interest on the Senior Notes;

(7)

make any change in these amendment and waiver provisions;

(8)

impair the right of any Holder to receive payment of principal of, or interest on such Holder's Senior Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Senior Notes;

(9)

make any change to or modify the ranking of the Senior Notes that would adversely affect the Holders; or

(10)

except as expressly permitted by the Senior Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders.

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the Senior Indenture to which it is a party) and the Trustee may amend or supplement the Senior Indenture, any Guarantee or Notes without the consent of any Holder;

(1)

to cure any ambiguity, omission, mistake, defect or inconsistency;

(2)

to provide for uncertificated Senior Notes of such series in addition to or in place of certificated Senior Notes;

(3)

to comply with the covenant relating to mergers, consolidations and sales of assets;

(4)

to provide for the assumption of the Issuer's or any Guarantor's obligations to the Holders;

(5)

to make any change that would provide any additional rights or benefits to the Holders or that does not adversely affect the legal rights under the Senior Indenture of any such Holder;

(6)

to add covenants for the benefit of the Holders or to surrender any right or power conferred upon the Issuer or any Guarantor;

(7)

to comply with requirements of the SEC in order to effect or maintain the qualification of the Senior Indenture under the Trust Indenture Act;

(8)

to evidence and provide for the acceptance and appointment under the Senior Indenture of a successor Trustee thereunder pursuant to the requirements thereof;

(9)

to provide for the issuance of Senior Exchange Notes or private exchange notes, which are identical to Senior Exchange Notes except that they are not freely transferable;

(10)

to add a Guarantor under the Senior Indenture;

(11)

to conform the text of the Senior Indenture, Guarantees or the Senior Notes to any provision of this Description of Senior Notes to the extent that such provision in this Description of Senior Notes was intended to be a verbatim recitation of a provision of the Senior Indenture, Guarantee or Senior Notes; or

(12)

to make any amendment to the provisions of the Senior Indenture relating to the transfer and legending of Senior Notes as permitted by the Senior Indenture, including, without limitation, to facilitate the issuance and administration of the Senior Notes; *provided, however*, that (i) compliance with the Senior Indenture as so amended would not result in Senior Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not materially and adversely affect the rights of Holders to transfer Senior Notes.

The consent of the Holders will not be necessary under the Senior Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

Notices

Notices given by publication will be deemed given on the first date on which publication is made and notices given by first-class mail, postage prepaid, will be deemed given five calendar days after mailing.

Concerning the Trustee

The Senior Indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Indenture provides that the Holders of a majority in principal amount of the outstanding Senior Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Senior Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee is under no obligation to exercise any of its rights or powers under the Senior Indenture at the request of any Holder, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

redemption of Disqualified Stock or Preferred Stock, as if the same had occurred on the first day of the applicable four-quarter period.

Interest on Indebtedness that may optionally be determined at an interest rate based upon a factor of a prime or similar rate, a eurocurrency interbank offered rate or other rate shall be deemed to have been based upon the rate actually chosen, or, if none, then based upon such optional rate chosen as the Issuer may designate.

Buck Acquisition Corp. issued \$725,000,000 aggregate principal amount of 11.875%/12.625% senior subordinated toggle notes due 2017 (the *Senior Subordinated Notes*) under an indenture dated July 6, 2007 (the *Senior Subordinated Indenture*) among Buck Acquisition Corp., the Guarantors and U.S. Bank National Association (the successor trustee), as trustee (the *Successor Trustee*). Immediately following the closing of the offering and as part of the Transactions, Buck Acquisition Corp. merged with and into Dollar General Corporation, with Dollar General Corporation continuing as the surviving corporation and assuming all the obligations of Buck Acquisition Corp. under the Senior Subordinated Indenture. In this description, the terms *we*, *our*, *us*, *the Issuer* and *the Company* refer to Buck Acquisition Corp. prior to the merger described above and to Dollar General Corporation as the surviving corporation in the merger, together with its consolidated Subsidiaries (except that the Issuer does not include consolidated subsidiaries). As of the date of this prospectus, \$655,891,000 aggregate principal amount of Senior Subordinated Notes remained outstanding.

Effective February 25, 2009 (the *Effective Date*), Wells Fargo Bank, National Association (the *Prior Trustee*) resigned as Trustee under the Senior Subordinated Indenture. The Company entered into an Instrument of Resignation, Appointment and Acceptance (the *Instrument of Resignation*), effective as of the Effective Date, with the Prior Trustee and the Successor Trustee. The instrument of Resignation provides that, effective as of the Effective Date, (1) the Prior Trustee assigns, transfers, delivers and confirms to the Successor Trustee all of its rights, title, interest under the Senior Subordinated Indenture and all of its rights, title, interests, capacities, privileges, duties and responsibilities as Trustee under the Senior Subordinated Indenture; (2) the Company accepts the resignation of the Prior Trustee as Trustee under the Senior Subordinated Indenture and appoints the Successor Trustee as Trustee under the Senior Subordinated Indenture; and (3) the Successor Trustee accepts its appointment as successor Trustee, and shall be vested with all of the rights, title, interests, capacities, privileges, duties and responsibilities of the Trustee, under the Senior Subordinated Indenture. Nothing contained in the Instrument of Resignation shall in any way affect the Company's obligations to the Prior Trustee under Section 7.07 of the Senior Subordinated Indenture or any lien created thereunder. In this description, the term *Trustee* refers to the Prior Trustee during the period prior to the Effective Date and to the Successor Trustee for the period commencing on the Effective Date.

The following description is only a summary of the material provisions of the Senior Subordinated Indenture, does not purport to be complete and is qualified in its entirety by reference to the provisions of that agreement, including the definitions therein of certain terms used below. We urge you to read the Senior Subordinated Indenture because it, and not this description, will define your rights as Holders of Senior Subordinated Notes. You may request copies of the Senior Subordinated Indenture at our address set forth under the heading Summary.

Brief Description of the Senior Subordinated Notes

The Senior Subordinated Notes:

are general unsecured senior subordinated obligations of the Issuer;

are subordinated in right of payment to all existing and future Senior Indebtedness of the Issuer, including Indebtedness under the Issuer's Senior Credit Facilities and the Issuer's Senior Notes;

are *pari passu* in right of payment with all future unsecured Senior Subordinated Indebtedness of the Issuer;

are effectively subordinated to all Secured Indebtedness of the Issuer, including Indebtedness under the Issuer's Senior Credit Facilities, to the extent of the collateral securing such Indebtedness;

are senior in right of payment to all future Subordinated Indebtedness of the Issuer;

are structurally subordinated to any existing and future indebtedness and liabilities of non-guarantor Subsidiaries, including the Issuer's Foreign Subsidiaries and any Unrestricted Subsidiaries;

are initially unconditionally guaranteed on a joint and several and senior subordinated basis by each Restricted Subsidiary that guarantees the General Credit Facility; and

are subject to registration with the SEC pursuant to the Registration Rights Agreement.

Guarantees

The Guarantors, as primary obligors and not merely as sureties, initially jointly and severally fully and unconditionally guarantee, on a senior subordinated basis, the performance and full and punctual payment when due, whether at maturity, by acceleration or otherwise, of all obligations of the Issuer under the Senior Subordinated Indenture and the Senior Subordinated Notes, whether for payment of principal of, premium, if any, or interest or Special Interest in respect of the Senior Subordinated Notes, expenses, indemnification or otherwise, on the terms set forth in the Senior Subordinated Indenture by executing the Senior Subordinated Indenture.

The Restricted Subsidiaries which guarantee the General Credit Facility initially guarantee the Senior Subordinated Notes. Each Guarantee is a general unsecured senior subordinated obligation of the applicable Guarantor, is subordinated in right of payment to all existing and any future Senior Indebtedness of such Guarantor, is *pari passu* in right of payment with any future Senior Subordinated Indebtedness of such Guarantor, is effectively subordinated to all Secured Indebtedness of such Guarantor to the extent of the value of the collateral securing such Indebtedness, and will rank senior in right of payment to any future Subordinated Indebtedness of such Guarantor. The Senior Subordinated Notes are structurally subordinated to Indebtedness and other liabilities of Subsidiaries of the Issuer that do not guarantee the Senior Subordinated Notes.

Not all of the Issuer's Subsidiaries guarantee the Senior Subordinated Notes. In the event of a bankruptcy, liquidation or reorganization of any of these non-Guarantor Subsidiaries, the non-Guarantor Subsidiaries will pay the holders of their debt and their trade creditors before they will be able to distribute any of their assets to the Issuer. None of the Issuer's Subsidiaries which are Foreign Subsidiaries, non-Wholly Owned Subsidiaries or any Receivables Subsidiaries will guarantee the Senior Credit Facilities, the Senior Notes or the Senior Subordinated Notes. Our Non-Guarantor Subsidiaries accounted for approximately \$97.9 million of net revenues and approximately \$26.2 million of net income, in each case, for 2008 and approximately \$313.3 million of total assets, and approximately \$250.5 million of total liabilities, in each case as of January 30, 2009.

The obligations of each Guarantor under its Guarantee will be limited as necessary to prevent the Guarantee from constituting a fraudulent conveyance under applicable law.

Any entity that makes a payment under its Guarantee will be entitled upon payment in full of all guaranteed obligations under the Senior Subordinated Indenture to a contribution from each other Guarantor in an amount equal to such other Guarantor's *pro rata* portion of such payment based on the respective net assets of all the Guarantors at

the time of such payment determined in accordance with GAAP.

If a Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the Guarantor, and, depending on the amount of such indebtedness, a Guarantor's liability on its Guarantee could be reduced to zero. See Risk Factors Risks Related to the Notes Federal and state fraudulent transfer laws may permit a court to void the guarantees, and, if that occurs, you may not receive any payments on the notes.

Each Guarantee by a Guarantor will provide by its terms that it will be automatically and unconditionally released and discharged upon:

(1)

(a)

any sale, exchange or transfer (by merger or otherwise) of the Capital Stock of such Guarantor (including any sale, exchange or transfer), after which the applicable Guarantor is no longer a Restricted Subsidiary or all or substantially all the assets of such Guarantor, which sale, exchange or transfer is made in compliance with the applicable provisions of the Senior Subordinated Indenture;

(b)

the release or discharge of the guarantee by such Guarantor of the Senior Credit Facilities or such other guarantee that resulted in the creation of such guarantee, except a discharge or release by or as a result of payment under such guarantee;

(c)

the designation of any Restricted Subsidiary that is a Guarantor as an Unrestricted Subsidiary in compliance with the applicable provisions of the Senior Subordinated Indenture; or

(d)

the exercise by the Issuer of its legal defeasance option or covenant defeasance option as described under Legal Defeasance and Covenant Defeasance or the discharge of the Issuer's obligations under the Senior Subordinated Indenture in accordance with the terms of the Senior Subordinated Indenture; and

(2)

such Guarantor delivering to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent provided for in the Senior Subordinated Indenture relating to such transaction have been complied with.

Other Senior Subordinated Indebtedness Versus Senior Subordinated Notes

Only Indebtedness of the Issuer or a Guarantor that is Senior Indebtedness ranks senior to the Senior Subordinated Notes and the Guarantees in accordance with the provisions of the Senior Subordinated Indenture. The Senior Subordinated Notes and the Guarantees rank *pari passu* with all future Senior Subordinated Indebtedness of the Issuer and the Guarantors.

The Issuer and the Guarantors agree in the Senior Subordinated Indenture not to incur any Indebtedness that is subordinate or junior in right of payment to Senior Indebtedness, unless such Indebtedness is Senior Subordinated Indebtedness of the applicable person or is expressly subordinated in right of payment to Senior Subordinated Indebtedness of such person. The Senior Subordinated Indenture does not treat (i) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (ii) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Payment of Senior Subordinated Notes

Neither the Issuer nor any Guarantor are permitted to make payments of principal of or premium, if any, or interest on the Senior Subordinated Notes (or pay any other obligations relating to the Senior Subordinated Notes, including Special Interest, fees, costs, expenses, indemnities and rescission or damage claims) or make any deposit pursuant to the provisions described under Legal Defeasance and Covenant Defeasance or Satisfaction and Discharge below and may not purchase, redeem or otherwise retire any Senior Subordinated Notes (collectively, *pay the Senior Subordinated Notes*) (except in the form of Permitted Junior Securities) if either of the following occurs (a *Payment Default*):

(1)

any Obligation on any Designated Senior Indebtedness of the Issuer is not paid in full in cash when due (after giving effect to any applicable grace period); or

(2)

any other default on Designated Senior Indebtedness of the Issuer occurs and the maturity of such Designated Senior Indebtedness is accelerated in accordance with its terms;

unless, in either case, the Payment Default has been cured or waived and any such acceleration has been rescinded or such Designated Senior Indebtedness has been paid in full in cash. Notwithstanding the foregoing, the Issuer is permitted to pay the Senior Subordinated Notes if it and the Trustee receive written notice approving such payment from the Representatives of all Designated Senior Indebtedness with respect to which the Payment Default has occurred and is continuing.

During the continuance of any default other than a Payment Default (a *Non-Payment Default*) with respect to any Designated Senior Indebtedness pursuant to which the maturity thereof may be accelerated without further notice (except such notice as may be required to effect such acceleration) or the expiration of any applicable grace periods, the Issuer is not permitted to pay the Senior Subordinated Notes (except in the form of Permitted Junior Securities) for a period (a *Payment Blockage Period*) commencing upon the receipt by the Trustee (with a copy to the Issuer) of written notice (a *Blockage Notice*) of such default from the Representative of such Designated Senior Indebtedness specifying an election to effect a Payment Blockage Period and ending 179 days thereafter. The Payment Blockage Period will end earlier if such Payment Blockage Period is terminated:

(1)

by written notice to the Trustee and the Issuer from the Person or Persons who gave such Blockage Notice;

(2)

because the default giving rise to such Blockage Notice is cured, waived or otherwise no longer continuing; or

(3)

because such Designated Senior Indebtedness has been discharged or repaid in full in cash.

Notwithstanding the provisions described above, unless the holders of such Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness have accelerated the maturity of such Designated Senior Indebtedness, the Issuer and related Guarantors are permitted to resume paying the Senior Subordinated Notes after the end of such Payment Blockage Period. The Senior Subordinated Notes shall not be subject to more than one Payment Blockage Period in any consecutive 360-day period irrespective of the number of defaults with respect to Designated Senior Indebtedness during such period; *provided* that if any Payment Blockage Notice is delivered to the Trustee by or on behalf of the holders of Designated Senior Indebtedness of the Issuer (other than the holders of Indebtedness under the Senior Credit Facilities), a Representative of holders of Indebtedness under the Senior Credit Facilities may give another Payment Blockage Notice within such period. However, in no event may the total number of days during which any Payment Blockage Period or Periods on the Senior Subordinated Notes is in effect exceed 179 days in the aggregate during any consecutive 360-day period, and there must be at least 181 days during any consecutive 360-day period during which no Payment Blockage Period is in effect. Notwithstanding the foregoing, however, no Default that existed or was continuing on the date of delivery of any Blockage Notice to the Trustee will be, or be made, the basis for a subsequent Blockage Notice unless such default has been cured or waived for a period

of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants during the period after the date of delivery of such initial Blockage Notice, that, in either case, would give rise to a Non-Payment Default pursuant to any provisions under which a Non-Payment Default previously existed or was continuing shall constitute a new Non-Payment Default for this purpose).

Upon any payment or distribution of the assets of the Issuer upon a total or partial liquidation or dissolution or reorganization of or similar proceeding relating to the Issuer or its property:

(1)

the holders of Senior Indebtedness of the Issuer will be entitled to receive payment in full in cash of such Senior Indebtedness before the Holders are entitled to receive any payment;

(2)

until the Senior Indebtedness of the Issuer is paid in full in cash, any payment or distribution to which Holders would be entitled but for the subordination provisions of the Senior Subordinated Indenture will be made to holders of such Senior Indebtedness as their interests may appear, except that Holders may receive Permitted Junior Securities; and

(3)

if a distribution is made to Holders that, due to the subordination provisions, should not have been made to them, such Holders are required to hold it in trust for the holders of Senior Indebtedness of the Issuer and pay it over to them as their interests may appear.

The subordination and payment blockage provisions described above will not prevent a Default from occurring under the Senior Subordinated Indenture upon the failure of the Issuer to pay principal, premium, if any, or interest with respect to the Senior Subordinated Notes when due by their terms. If payment of the Senior Subordinated Notes is accelerated because of an Event of Default, the Issuer or the Trustee must promptly notify the holders of Designated Senior Indebtedness or the Representative of such Designated Senior Indebtedness of the acceleration. So long as there shall remain outstanding Senior Indebtedness under the Senior Credit Facilities, a Blockage Notice with respect to the Senior Credit Facilities may only be given by the respective administrative agents thereunder unless otherwise agreed to in writing by the respective requisite lenders named therein. If any Designated Senior Indebtedness is outstanding, neither the Issuer nor any Guarantor may pay the Senior Subordinated Notes until five Business Days after the Representatives of all the issues of Designated Senior Indebtedness receive notice of such acceleration and, thereafter, may pay the Senior Subordinated Notes only if the Senior Subordinated Indenture otherwise permits payment at that time.

A Guarantor's obligations under its Guarantee are senior subordinated obligations. As such, the rights of Holders to receive payment by a Guarantor pursuant to its Guarantee will be subordinated in right of payment to the rights of holders of Senior Indebtedness of such Guarantor. The terms of the subordination and payment blockage provisions described above with respect to the Issuer's obligations under the Senior Subordinated Notes apply equally to a Guarantor and the obligations of such Guarantor under its Guarantee.

A Holder by its acceptance of Senior Subordinated Notes agrees to be bound by these subordination provisions and authorizes and expressly directs the Trustee under the Senior Subordinated Indenture, on its behalf, to take such action as may be necessary or appropriate to effectuate the subordination provided for in the Senior Subordinated Indenture and appoints the Trustee under the Senior Subordinated Indenture its attorney-in-fact for such purpose.

By reason of the subordination provisions contained in the Senior Subordinated Indenture, in the event of a liquidation or insolvency proceeding, creditors of the Issuer or a Guarantor who are holders of Senior Indebtedness of the Issuer or such Guarantor, as the case may be, may recover more, ratably, than the Holders, and creditors of the Issuer or a Guarantor who are not holders of Senior Indebtedness may recover less, ratably, than holders of Senior Indebtedness of the Issuer or such Guarantor and may recover more, ratably, than the Holders. See Risk Factors Risks Related to the Notes Your right to receive payments on the senior subordinated notes will be junior to our existing and future senior indebtedness, including borrowings under our new senior secured credit facilities and the senior notes.

The terms of the subordination provisions described above will not apply to payments from money or the proceeds of Government Securities deposited in trust or with the Trustee, as applicable, for the payment of principal of and

interest on the Senior Subordinated Notes pursuant to the provisions described under Legal Defeasance and Covenant Defeasance or Satisfaction and Discharge, if the subordination provisions described in this section were not violated at the time the applicable amounts were deposited in trust or with the Trustee, as applicable, pursuant to such sections.

Unless the context requires otherwise, references to *Senior Subordinated Notes* for all purposes of the Senior Subordinated Indenture and this *Description of Senior Subordinated Notes* include any PIK Notes and Additional Senior Subordinated Notes that are actually issued, and references to *principal amount* of the Senior Subordinated Notes includes any increase in the principal amount of the outstanding Senior Notes as a result of a PIK Payment.

Interest on the Senior Subordinated Notes is payable semi-annually in arrears on January 15 and July 15, commencing on January 15, 2008, to the Holders of record on the immediately preceding January 1 and July 1. Interest on the Senior Subordinated Notes accrues from the most recent date to which interest has been paid or, if no interest has been paid, from and including the Issue Date. Interest on the Senior Subordinated Notes will be computed on the basis of a 360-day year comprised of twelve 30-day months. For any interest payment period after the initial interest payment period and prior to July 15, 2011,

The Issuer may, at its option, elect to pay interest on the Senior Subordinated Notes:

entirely in cash (*Cash Interest*);

entirely by increasing the principal amount of the outstanding Senior Subordinated Notes or by issuing PIK Notes (*PIK Interest*); or

on 50% of the outstanding principal amount of the Senior Subordinated Notes in cash and on 50% of the principal amount by increasing the principal amount of the outstanding Senior Subordinated Notes or by issuing PIK Notes (*Partial PIK Interest*).

The Issuer must elect the form of interest payment with respect to each interest period by delivering a notice to the Trustee at least 30 days prior to the beginning of each interest period. The Trustee shall promptly deliver a corresponding notice to the Holders. In the absence of such an election for any interest period, interest on the Senior Subordinated Notes shall be payable according to the election for the previous interest period. Interest for the first interest period commencing on the Issue Date shall be payable entirely in cash. After July 15, 2011, the Issuer will make all interest payments on the Senior Subordinated Notes entirely in cash. Notwithstanding anything to the contrary, the payment of accrued interest in connection with any redemption of Senior Subordinated Notes as described under *Optional Redemption* or *Repurchase at the Option of Holders* shall be made solely in cash.

Cash Interest on the Senior Subordinated Notes will accrue at a rate of 11.875% per annum and be payable in cash. PIK Interest on the Senior Subordinated Notes will accrue at a rate of 12.625% per annum and be payable (x) with respect to Senior Subordinated Notes represented by one or more global notes registered in the name of, or held by, The Depository Trust Company (*DTC*) or its nominee on the relevant record date, by increasing the principal amount of the outstanding global Senior Subordinated Note by an amount equal to the amount of PIK Interest for the applicable interest period (rounded up to the nearest \$1,000) and (y) with respect to Senior Subordinated Notes represented by certificated notes, by issuing PIK Notes in certificated form in an aggregate principal amount equal to the amount of PIK Interest for the applicable period (rounded up to the nearest whole dollar), and the Trustee will, at the request of the Issuer, authenticate and deliver such PIK Notes in certificated form for original issuance to the Holders on the relevant record date, as shown by the records of the register of Holders. In the event that the Issuer elects to pay Partial PIK Interest for any interest period, each Holder will be entitled to receive Cash Interest in respect of 50% of the principal amount of the Senior Subordinated Notes held by such Holder on the relevant record date and PIK Interest in respect of 50% of the principal amount of the Senior Subordinated Notes held by such Holder on the relevant record date. Following an increase in the principal amount of the outstanding global Senior Subordinated Notes as a result of a PIK Payment, such global Senior Subordinated Notes will bear interest on such increased principal amount from and after the date of such PIK Payment. Any PIK Notes issued in certificated form will be dated as of the applicable interest payment date and will bear interest from and after such date. All Senior Subordinated Notes issued pursuant to a PIK Payment will mature on July 15, 2017 and will be governed by, and subject to the terms, provisions and conditions of, the Senior Subordinated Indenture and shall have the same rights and benefits as the Senior Subordinated Notes issued on the Issue Date. Any certificated PIK Notes will be issued with the description *PIK* on the face of such PIK Note.

If the Senior Subordinated Notes would otherwise constitute *applicable high yield discount obligations* within the meaning of Section 163(i)(1) of the Code, at the end of each accrual period ending after the fifth anniversary of the Senior Subordinated Notes issuance (each, an *AHYDO redemption date*), the Issuer will be required to redeem for

cash a portion of each Senior Subordinated Note then outstanding equal to the Mandatory Principal Redemption Amount (such redemption, a *Mandatory Principal Redemption*). The redemption price for the portion of each Senior Subordinated Note redeemed pursuant to a Mandatory Principal Redemption will be 100% of the principal amount of such portion plus any accrued interest thereon on the date of redemption. The Mandatory Principal Redemption Amount means, as of each AHYDO redemption date, the excess, if any, of (a) the aggregate amount of accrued and unpaid interest and all accrued and unpaid original issue discount (as defined in Section 1273(a)(1) of the Code) with respect to the Senior Subordinated Notes, over (b) an amount equal to the product of (i) the issue price (as defined in Sections 1273(b) and 1274(a) of the Code) of the Senior Subordinated Notes multiplied by (ii) the yield to maturity (as defined in the Treasury Regulation Section 1.1272-1(b)(1)(i)) of the Senior Subordinated Notes. No partial redemption or repurchase of the Senior Subordinated Notes prior to any AHYDO redemption date pursuant to any other provision of the Senior Subordinated Indenture will

alter the Issuer's obligation to make any Mandatory Principal Redemption with respect to any Senior Subordinated Notes that remain outstanding on the AHYDO redemption date.

Special Interest

Special Interest may accrue on the Senior Subordinated Notes in certain circumstances pursuant to the Registration Rights Agreement. Any Special Interest on the Senior Subordinated Notes will be payable in the same form elected by the Issuer for payment of interest for the applicable interest payment period. All references in the Senior Subordinated Indenture, in any context, to any interest or other amount payable on or with respect to the Senior Subordinated Notes shall be deemed to include any Special Interest pursuant to the Registration Rights Agreement. Principal of, premium, if any, and interest on the Senior Subordinated Notes will be payable at the office or agency of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of interest may be made by check mailed to the Holders at their respective addresses set forth in the register of Holders; *provided* that all payments of principal, premium, if any, and interest with respect to the Senior Subordinated Notes represented by one or more global notes registered in the name of or held by DTC or its nominee will be made by wire transfer of immediately available funds to the accounts specified by the Holder or Holders thereof. Until otherwise designated by the Issuer, the Issuer's office or agency in New York will be the office of the Trustee maintained for such purpose.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

Except as set forth in the last paragraph under Principal, Maturity and Interest, the Issuer will not be required to make any mandatory redemption or sinking fund payments with respect to the Senior Subordinated Notes. However, under certain circumstances, the Issuer may be required to offer to purchase Senior Subordinated Notes as described under the caption Repurchase at the Option of Holders. The Issuer may from time to time acquire any Senior Subordinated Notes by means other than a redemption, whether by tender offer, in open market purchases, through negotiated transactions or otherwise.

Optional Redemption

Except as set forth below, the Issuer will not be entitled to redeem Senior Subordinated Notes at its option prior to July 15, 2012.

At any time prior to July 15, 2012, the Issuer may redeem all or a part of the Senior Subordinated Notes, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at a redemption price equal to 100% of the principal amount of the Senior Subordinated Notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest and Special Interest, if any, to the date of redemption (the *Redemption Date*), subject to the rights of Holders on the relevant record date to receive interest due on the relevant interest payment date.

On and after July 15, 2012, the Issuer may redeem the Senior Subordinated Notes, in whole or in part, upon not less than 30 nor more than 60 days' prior notice mailed by first-class mail to the registered address of each Holder or otherwise in accordance with the procedures of DTC, at the redemption prices (expressed as percentages of principal amount of the Senior Subordinated Notes to be redeemed) set forth below, plus accrued and unpaid interest thereon and Special Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, if redeemed during the twelve-month period beginning on July 15 of each of the years indicated below:

Year	Percentage
2012	105.938%
2013	103.958%

2014	101.979%
2015 and thereafter	100.000%

In addition, until July 15, 2010, the Issuer may, at its option, on one or more occasions redeem up to 35% of the aggregate principal amount of Senior Subordinated Notes at a redemption price equal to 111.875% of the aggregate principal amount thereof, plus accrued and unpaid interest thereon and Special Interest, if any, to the applicable Redemption Date, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date, with the net cash proceeds of one or more Equity Offerings; *provided* that at least 50% of the sum of the original aggregate principal amount of Senior Subordinated Notes issued under the Senior Subordinated Indenture and the original principal amount of any Additional Senior Subordinated Notes issued under the Senior Subordinated Indenture after the Issue Date remains outstanding immediately after the occurrence of each such redemption; *provided further* that each such redemption occurs within 90 days of the date of closing of each such Equity Offering.

Notice of redemption may be given prior to the redemption thereof, and any such redemption or notice may, at the Issuer's discretion, be subject to one or more conditions precedent, including, but not limited to, completion of an Equity Offering or other corporate transaction.

If the Issuer redeems less than all of the outstanding Senior Subordinated Notes, the Trustee shall select the Senior Subordinated Notes to be redeemed in the manner described under Repurchase at the Option of Holders Selection and Notice.

Repurchase at the Option of Holders

Change of Control

The Senior Subordinated Notes provide that if a Change of Control occurs, unless the Issuer has previously or concurrently mailed a redemption notice with respect to all the outstanding Senior Subordinated Notes as described under Optional Redemption, the Issuer will make an offer to purchase all of the Senior Subordinated Notes pursuant to the offer described below (the *Change of Control Offer*) at a price in cash (the *Change of Control Payment*) equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Special Interest, if any, to the date of purchase, subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date. Within 30 days following any Change of Control, the Issuer will send notice of such Change of Control Offer by first-class mail, with a copy to the Trustee, to each Holder to the address of such Holder appearing in the security register or otherwise in accordance with the procedures of DTC, with the following information:

(1)

that a Change of Control Offer is being made pursuant to the covenant entitled Change of Control and that all Senior Subordinated Notes properly tendered pursuant to such Change of Control Offer will be accepted for payment by the Issuer;

(2)

the purchase price and the purchase date, which will be no earlier than 30 days nor later than 60 days from the date such notice is mailed (the *Change of Control Payment Date*);

(3)

that any Senior Subordinated Note not properly tendered will remain outstanding and continue to accrue interest;

(4)

that unless the Issuer defaults in the payment of the Change of Control Payment, all Senior Subordinated Notes accepted for payment pursuant to the Change of Control Offer will cease to accrue interest on the Change of Control Payment Date;

(5)

that Holders electing to have any Senior Subordinated Notes purchased pursuant to a Change of Control Offer will be required to surrender such Senior Subordinated Notes, with the form entitled *Option of Holder to Elect Purchase* on the reverse of such Senior Subordinated Notes completed, to the paying agent and at the address specified in the notice prior to the close of business on the third Business Day preceding the Change of Control Payment Date;

(6)

that Holders will be entitled to withdraw their tendered Senior Subordinated Notes and their election to require the Issuer to purchase such Senior Subordinated Notes; *provided* that the paying agent receives, not later than the close of business on the 30th day following the date of the Change of Control notice, a telegram, facsimile transmission or letter setting forth the name of the Holder, the principal amount of Senior Subordinated Notes tendered for purchase, and a statement that such Holder is withdrawing its tendered Senior Subordinated Notes and its election to have such Senior Subordinated Notes purchased;

(7)

that if the Issuer is redeeming less than all of the Senior Subordinated Notes, the Holders of the remaining Senior Subordinated Notes will be issued new Senior Subordinated Notes that will be equal in principal amount to the unpurchased portion of the Senior Subordinated Notes surrendered. The unpurchased portion of the Senior Subordinated Notes must be equal to \$2,000 or an integral multiple of \$1,000 in excess thereof; and

(8)

the other instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent they are applicable in connection with the repurchase of Senior Subordinated Notes pursuant to a Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Subordinated Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Subordinated Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent permitted by law,

(1)

accept for payment all Senior Subordinated Notes issued by it or portions thereof properly tendered pursuant to the Change of Control Offer;

(2)

deposit with the paying agent an amount equal to the aggregate Change of Control Payment in respect of all Senior Subordinated Notes or portions thereof so tendered; and

(3)

deliver, or cause to be delivered, to the Trustee for cancellation the Senior Subordinated Notes so accepted together with an Officer's Certificate to the Trustee stating that such Senior Subordinated Notes or portions thereof have been tendered to and purchased by the Issuer.

The paying agent will promptly mail to each Holder the Change of Control Payment for such Senior Subordinated Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new Senior Subordinated Note equal in principal amount to any unpurchased portion of the Senior Subordinated Notes surrendered, if any; *provided* that each such new Senior Subordinated Note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

The Senior Credit Facilities and Senior Notes will limit, and future credit agreements or other agreements relating to the Senior Indebtedness to which the Issuer becomes a party may prohibit or limit, the Issuer from purchasing any Senior Subordinated Notes as a result of a Change of Control. In the event a Change of Control occurs at a time when the Issuer is prohibited from purchasing the Senior Subordinated Notes, the Issuer could seek the consent of its lenders and the holders of the Senior Notes to permit the purchase of the Senior Subordinated Notes or could attempt to refinance the borrowings and Senior Notes that contain such prohibition. In such case, the Issuer's failure to purchase tendered Senior Subordinated Notes would constitute an Event of Default under the Senior Subordinated Indenture. If, as a result thereof, a default occurs with respect to any Senior Indebtedness, the subordination provisions in the Senior Subordinated Indenture would restrict payments to the Holders under certain circumstances. The Senior Credit Facilities will, and future credit agreements or other agreements relating to Senior Indebtedness to which the Issuer becomes a party may, provide that certain change of control events with respect to the Issuer would constitute a default thereunder (including a Change of Control under the Senior Subordinated Indenture). If we experience a change of control that triggers a default under our Senior Credit Facilities, we could seek a waiver of such default or seek to refinance our Senior Credit Facilities. In the event we do not obtain such a

waiver or refinance the Senior Credit Facilities, such default could result in amounts outstanding under our Senior Credit Facilities being declared due and payable and could cause a Receivables Facility to be wound down.

Our ability to pay cash to the Holders following the occurrence of a Change of Control may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The Change of Control purchase feature of the Senior Subordinated Notes may in certain circumstances make more difficult or discourage a sale or takeover of us and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Initial Purchasers and us. After the Issue Date, we have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the Senior Subordinated Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to incur additional Indebtedness are contained in the covenants described under *Certain Covenants Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock* and *Certain Covenants Liens*. Such restrictions in the Senior Subordinated Indenture can be waived only with the consent of the Holders of a majority in principal amount of the Senior Subordinated Notes then outstanding. Except for the limitations contained in such covenants, however, the Senior Subordinated Indenture will not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The Issuer will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Senior Subordinated Indenture applicable to a Change of Control Offer made by us and purchases all Senior Subordinated Notes validly tendered and not withdrawn under such Change of Control Offer. Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time the Change of Control Offer is made.

The definition of *Change of Control* includes a disposition of all or substantially all of the assets of the Issuer to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of *all or substantially all* of the assets of the Issuer. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder may require the Issuer to make an offer to repurchase the Senior Subordinated Notes as described above.

The provisions under the Senior Subordinated Indenture relating to the Issuer's obligation to make an offer to repurchase the Senior Subordinated Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Senior Subordinated Notes.

Asset Sales

The Senior Subordinated Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to consummate, directly or indirectly, an Asset Sale, unless:

(1)

the Issuer or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by the Issuer) of the assets sold or otherwise disposed of; and

(2)

except in the case of a Permitted Asset Swap, at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents; *provided* that the amount of:

(a)

any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet or in the footnotes thereto) of the Issuer or such Restricted Subsidiary, other than liabilities that are by their terms subordinated to the Senior Subordinated Notes, that are assumed by the transferee of any such assets and for which the Issuer and all of its Restricted Subsidiaries have been validly released by all creditors in writing,

(b)

any securities received by the Issuer or such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to the extent of the cash received) within 180 days following the closing of such Asset Sale, and

(c)

any Designated Non-cash Consideration received by the Issuer or such Restricted Subsidiary in such Asset Sale having an aggregate fair market value, taken together with all other Designated Non-cash Consideration received pursuant to this clause (c) that is at that time outstanding, not to exceed 5.0% of Total Assets at the time of the receipt of such Designated Non-cash Consideration, with the fair market value of each item of Designated Non-cash Consideration being measured at the time received and without giving effect to subsequent changes in value,

shall be deemed to be cash for purposes of this provision and for no other purpose.

Within 360 days after the receipt of any Net Proceeds of any Asset Sale, the Issuer or such Restricted Subsidiary, at its option, may apply the Net Proceeds from such Asset Sale,

(1)

to permanently reduce:

(a)

Obligations under any Senior Indebtedness, the Senior Subordinated Notes or any other Senior Subordinated Indebtedness, in each case, of the Issuer or any Guarantor (other than Obligations owed to the Issuer or a Restricted Subsidiary) and, in the case of Obligations under revolving credit facilities or other similar Indebtedness, to correspondingly permanently reduce commitments with respect thereto; *provided* that if the Issuer or any Restricted Subsidiary shall so reduce Obligations under any Senior Subordinated Indebtedness, the Issuer or such Guarantor will, equally and ratably, reduce Obligations under the Senior Subordinated Notes by, at its option, (A) redeeming Senior Subordinated Notes, (B) making an offer (in accordance with the procedures set forth below for an Asset Sale Offer) to all Holders to purchase their Senior Subordinated Notes at 100% of the principal amount thereof, *plus* the amount of accrued and unpaid interest and Special Interest, if any, on the principal amount of Senior Subordinated Notes to be repurchased or (C) purchasing Senior Subordinated Notes through open market purchases (to the extent such purchases are at a price equal to or higher than 100% of the principal amount thereof) in a manner that complies with the Senior Subordinated Indenture and applicable securities law; or

(b)

Indebtedness of a Restricted Subsidiary that is not a Guarantor, other than Indebtedness owed to the Issuer or another Restricted Subsidiary;

(2)

to make (a) an Investment in any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) capital expenditures or (c) acquisitions of other assets, in each of (a), (b) and (c), used or useful in a Similar Business; or

(3)

to make an Investment in (a) any one or more businesses, *provided* that such Investment in any business is in the form of the acquisition of Capital Stock and results in the Issuer or another of its Restricted Subsidiaries, as the case may be, owning an amount of the Capital Stock of such business such that it constitutes a Restricted Subsidiary, (b) properties or (c) acquisitions of other assets that, in each of (a), (b) and (c), replace the businesses, properties and/or assets that are the subject of such Asset Sale;

provided that, in the case of clauses (2) and (3) above, a binding commitment shall be treated as a permitted application of the Net Proceeds from the date of such commitment so long as the Issuer, or such other Restricted

Subsidiary enters into such commitment with the good faith expectation that such Net Proceeds will be applied to satisfy such commitment within 180 days of such commitment (an *Acceptable Commitment*) and, in the event any Acceptable Commitment is later cancelled or terminated for any reason before the Net Proceeds are applied in connection therewith, the Issuer or such Restricted Subsidiary enters into another Acceptable Commitment (a *Second Commitment*) within 180 days of such cancellation or termination; *provided, further*, that if any Second Commitment is later cancelled or terminated for any reason before such Net Proceeds are applied, then such Net Proceeds shall constitute Excess Proceeds.

Any Net Proceeds from Asset Sales that are not invested or applied as provided and within the time period set forth in the first sentence of the preceding paragraph will be deemed to constitute *Excess Proceeds*. When the aggregate amount of Excess Proceeds exceeds \$75.0 million, the Issuer shall make an offer to all Holders and, if required or permitted by the terms of any Senior Subordinated Indebtedness, to the holders of such Senior Subordinated Indebtedness (an *Asset Sale Offer*), to purchase the maximum aggregate principal amount of the Senior Subordinated Notes and such Senior Indebtedness that is a minimum of \$2,000 or an integral multiple of \$1,000 in excess thereof that may be purchased out of the Excess Proceeds at an offer price in cash in an amount equal to 100% of the principal amount thereof, plus accrued and unpaid interest and Special Interest, if any, to the date fixed for the closing of such offer, in accordance with the procedures set forth in the Senior Subordinated Indenture. The Issuer will commence an Asset Sale Offer with respect to Excess Proceeds within ten Business Days after the date that Excess Proceeds exceed \$75.0 million by mailing the notice required pursuant to the terms of the Senior Subordinated Indenture, with a copy to the Trustee.

To the extent that the aggregate amount of Senior Subordinated Notes and such Senior Subordinated Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Senior Subordinated Indenture. If the aggregate principal amount of Senior Subordinated Notes or such Senior Subordinated Indebtedness surrendered by such holders thereof exceeds the amount of Excess Proceeds, the Trustee shall select the Senior Subordinated Notes and such other Senior Subordinated Indebtedness to be purchased on a *pro rata* basis based on the accreted value or principal amount of the Senior Subordinated Notes or such Senior Subordinated Indebtedness tendered. Upon completion of any such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Additionally, the Issuer may, at its option, make an Asset Sale Offer using proceeds from any Asset Sale at any time after consummation of such Asset Sale; *provided* that such Asset Sale Offer shall be in an aggregate amount of not less than \$75.0 million. Upon consummation of such Asset Sale Offer, any Net Proceeds not required to be used to purchase Senior Subordinated Notes shall not be deemed Excess Proceeds.

Pending the final application of any Net Proceeds pursuant to this covenant, the holder of such Net Proceeds may apply such Net Proceeds temporarily to reduce Indebtedness outstanding under a revolving credit facility or otherwise invest such Net Proceeds in any manner not prohibited by the Senior Subordinated Indenture.

The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws or regulations are applicable in connection with the repurchase of the Senior Subordinated Notes pursuant to an Asset Sale Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Senior Subordinated Indenture, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Senior Subordinated Indenture by virtue thereof.

The Senior Credit Facilities and the Senior Notes will prohibit or limit (subject to limited exceptions), and future credit agreements or other agreements to which the Issuer becomes a party may limit or prohibit, the Issuer from purchasing any Senior Subordinated Notes as a result of an Asset Sale Offer. In the event the Issuer is required to make an Asset Sale Offer at a time when the Issuer is prohibited from purchasing the Senior Subordinated Notes, the Issuer could seek the consent of its lenders to permit the purchase of the Senior Subordinated Notes or could attempt to refinance the borrowings and Senior Notes that contain such prohibition. If the Issuer does not obtain such consent

or repay such borrowings or Senior Notes, the Issuer will remain prohibited from purchasing the Senior Subordinated Notes. In such case, the Issuer's failure to purchase tendered Senior Subordinated Notes would constitute an Event of Default under the Senior Subordinated Indenture.

The provisions under the Senior Subordinated Indenture relative to the Issuer's obligation to make an offer to repurchase the Senior Subordinated Notes as a result of an Asset Sale may be waived or modified with the written consent of the Holders of a majority in principal amount of the Senior Subordinated Notes.

Selection and Notice

If the Issuer is redeeming less than all of the Senior Subordinated Notes issued at any time, the Trustee will select the Senior Subordinated Notes to be redeemed (a) if the Senior Subordinated Notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the Senior Subordinated Notes are listed, (b) on a *pro rata* basis to the extent practicable or (c) by lot or such other similar method in accordance with the procedures of DTC.

Notices of purchase or redemption shall be mailed by first-class mail, postage prepaid, at least 30 but not more than 60 days before the purchase or Redemption Date to each Holder at such Holder's registered address or otherwise in accordance with the procedures of DTC, except that redemption notices may be mailed more than 60 days prior to a Redemption Date if the notice is issued in connection with a defeasance of the Senior Subordinated Notes or a satisfaction and discharge of the Senior Subordinated Indenture. If any Senior Subordinated Note is to be purchased or redeemed in part only, any notice of purchase or redemption that relates to such Senior Subordinated Note shall state the portion of the principal amount thereof that has been or is to be purchased or redeemed.

The Issuer will issue a new Senior Subordinated Note in a principal amount equal to the unredeemed portion of the original Senior Subordinated Note in the name of the Holder upon cancellation of the original Senior Subordinated Note. Senior Subordinated Notes called for redemption become due on the date fixed for redemption. On and after the Redemption Date, interest ceases to accrue on Senior Subordinated Notes or portions thereof called for redemption.

Certain Covenants

Limitation on Restricted Payments

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

(I) declare or pay any dividend or make any payment or distribution on account of the Issuer's, or any of its Restricted Subsidiaries' Equity Interests, including any dividend or distribution payable in connection with any merger or consolidation other than:

(a)

dividends or distributions by the Issuer payable solely in Equity Interests (other than Disqualified Stock) of the Issuer;
or

(b)

dividends or distributions by a Restricted Subsidiary so long as, in the case of any dividend or distribution payable on or in respect of any class or series of securities issued by a Restricted Subsidiary other than a Wholly-Owned Subsidiary, the Issuer or a Restricted Subsidiary receives at least its *pro rata* share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

(II) purchase, redeem, defease or otherwise acquire or retire for value any Equity Interests of the Issuer or any direct or indirect parent of the Issuer, including in connection with any merger or consolidation;

(III) make any principal payment on, or redeem, repurchase, defease or otherwise acquire or retire for value in each case, prior to any scheduled repayment, sinking fund payment or maturity, any Subordinated Indebtedness, other than:

(a)

Indebtedness permitted under clauses (8) and (9) of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; or

(b)

the purchase, repurchase or other acquisition of Subordinated Indebtedness purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase or acquisition; or

(IV) make any Restricted Investment

(all such payments and other actions set forth in clauses (I) through (IV) above (other than any exception thereto) being collectively referred to as *Restricted Payments*), unless, at the time of such Restricted Payment:

(1)

no Default shall have occurred and be continuing or would occur as a consequence thereof;

(2)

immediately after giving effect to such transaction on a *pro forma* basis, the Issuer could incur \$1.00 of additional Indebtedness under the provisions of the first paragraph of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock ; and

(3)

such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after the Issue Date (including Restricted Payments permitted by clauses (1), (2) (with respect to the payment of dividends on Refunding Capital Stock (as defined below) pursuant to clause (b) thereof only), (6)(c), (9) and (14) of the next succeeding paragraph, but excluding all other Restricted Payments permitted by the next succeeding paragraph), is less than the sum of (without duplication):

(a)

50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) beginning May 4, 2007, to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment, or, in the case such Consolidated Net Income for such period is a deficit, minus 100% of such deficit; *plus*

(b)

Indebtedness of the Issuer or any of its Restricted Subsidiaries consisting of (i) the financing of insurance premiums or (ii) take-or-pay obligations contained in supply arrangements, in each case, incurred in the ordinary course of business; and

(22)

Indebtedness consisting of Indebtedness issued by the Issuer or any of its Restricted Subsidiaries to current or former officers, directors and employees thereof, their respective estates, spouses or former spouses, in each case to finance the purchase or redemption of Equity Interests of the Issuer or any direct or indirect parent company of the Issuer to the extent described in clause (4) of the second paragraph under the caption **Limitation on Restricted Payments**.

For purposes of determining compliance with this covenant:

(1)

in the event that an item of Indebtedness, Disqualified Stock or Preferred Stock (or any portion thereof) meets the criteria of more than one of the categories of permitted Indebtedness, Disqualified Stock or Preferred Stock described in clauses (1) through (22) above or is entitled to be incurred pursuant to the first paragraph of this covenant, the Issuer, in its sole discretion, will classify or reclassify such item of Indebtedness,

Disqualified Stock or Preferred Stock (or any portion thereof) and will only be required to include the amount and type of such Indebtedness, Disqualified Stock or Preferred Stock in one of the above clauses; *provided* that all Indebtedness outstanding under the Credit Facilities on the Issue Date will be treated as incurred on the Issue Date under clause (1) of the preceding paragraph; and

(2)

at the time of incurrence, the Issuer will be entitled to divide and classify an item of Indebtedness in more than one of the types of Indebtedness described in the first and second paragraphs above.

Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness, Disqualified Stock or Preferred Stock will not be deemed to be an incurrence of Indebtedness, Disqualified Stock or Preferred Stock for purposes of this covenant.

For purposes of determining compliance with any U.S. dollar-denominated restriction on the incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was incurred, in the case of term debt, or first committed, in the case of revolving credit debt; *provided* that if such Indebtedness is incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-denominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-denominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced.

The principal amount of any Indebtedness incurred to refinance other Indebtedness, if incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such respective Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on Layering

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, incur any Indebtedness (including Acquired Indebtedness) that is subordinate in right of payment to any Senior Indebtedness of the Issuer or such Guarantor, as the case may be, unless such Indebtedness is either:

(1)

equal in right of payment with the Senior Subordinated Notes or such Guarantor's Guarantee of the Senior Subordinated Notes, as the case may be; or

(2)

expressly subordinated in right of payment to the Senior Subordinated Notes or such Guarantor's Guarantee of the Senior Subordinated Notes, as the case may be, *provided* that this covenant shall not apply to Indebtedness incurred under clause (1) of the second paragraph under Limitation on Incurrence of Indebtedness and Issuance of Disqualified and Preferred Stock.

The Senior Subordinated Indenture will not treat (1) unsecured Indebtedness as subordinated or junior to Secured Indebtedness merely because it is unsecured or (2) Senior Indebtedness as subordinated or junior to any other Senior Indebtedness merely because it has a junior priority with respect to the same collateral.

Liens

The Issuer will not, and will not permit any Guarantor to, directly or indirectly, create, incur, assume or suffer to exist any Lien (except Permitted Liens) that secures obligations under any Senior Subordinated Indebtedness or Subordinated Indebtedness or any related Guarantee, on any asset or property of the Issuer or any Guarantor now owned or hereafter acquired, or any income or profits therefrom, or assign or convey any right to receive income therefrom, unless:

(1)

in the case of Liens securing Subordinated Indebtedness, the Senior Subordinated Notes and related Guarantees are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens; or

(2)

in all other cases, the Senior Subordinated Notes or the Guarantees are equally and ratably secured or are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens.

Any Lien which is granted to secure the Senior Subordinated Notes under this covenant shall be discharged at the same time as the discharge of the Lien (other than through the exercise of remedies with respect thereto) that gave rise to the obligation to so secure the Senior Subordinated Notes.

Merger, Consolidation or Sale of All or Substantially All Assets

The Issuer may not consolidate or merge with or into or wind up into (whether or not the Issuer is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1)

the Issuer is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation organized or existing under the laws of the jurisdiction of organization of the Issuer or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Person, as the case may be, being herein called the *Successor Company*);

(2)

the Successor Company, if other than the Issuer, expressly assumes all the obligations of the Issuer under the Senior Subordinated Notes and the Senior Subordinated Indenture pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(3)

immediately after such transaction, no Default exists;

(4)

immediately after giving *pro forma* effect to such transaction and any related financing transactions, as if such transactions had occurred at the beginning of the applicable four-quarter period,

(a)

the Successor Company would be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first sentence of the covenant described under Limitation on Incurrence of Indebtedness and Issuance of Disqualified Stock and Preferred Stock, or

(b)

the Fixed Charge Coverage Ratio for the Successor Company, the Issuer and its Restricted Subsidiaries would be greater than such ratio for the Issuer and its Restricted Subsidiaries immediately prior to such transaction;

(5)

each Guarantor, unless it is the other party to the transactions described above, in which case clause (b) of the second succeeding paragraph shall apply, shall have by supplemental indenture confirmed that its Guarantee shall apply to such Person's obligations under the Senior Subordinated Indenture, the Senior Subordinated Notes and the Registration Rights Agreement; and

(6)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Subordinated Indenture.

The Successor Company will succeed to, and be substituted for the Issuer, as the case may be, under the Senior Subordinated Indenture, the Guarantees and the Senior Subordinated Notes, as applicable. Notwithstanding the foregoing clauses (3) and (4),

(1)

any Restricted Subsidiary may consolidate with or merge into or transfer all or part of its properties and assets to the Issuer, and

(2)

the Issuer may merge with an Affiliate of the Issuer, as the case may be, solely for the purpose of reincorporating the Issuer in a State of the United States or any state thereof, the District of Columbia or any territory thereof so long as the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Subject to certain limitations described in the Senior Subordinated Indenture governing release of a Guarantee upon the sale, disposition or transfer of a Guarantor, no Guarantor will, and the Issuer will not permit any Guarantor to, consolidate or merge with or into or wind up into (whether or not the Issuer or Guarantor is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets, in one or more related transactions, to any Person unless:

(1)

(a) such Guarantor is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) or to which such sale, assignment, transfer, lease, conveyance or other disposition will have been made is a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor, as the case may be, or the laws of the United States, any state thereof, the District of Columbia, or any territory thereof (such Guarantor or such Person, as the case may be, being herein called the *Successor Person*);

(b)

the Successor Person, if other than such Guarantor, expressly assumes all the obligations of such Guarantor under the Senior Subordinated Indenture and such Guarantor's related Guarantee pursuant to supplemental indentures or other documents or instruments in form reasonably satisfactory to the Trustee;

(c)

immediately after such transaction, no Default exists; and

(d)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures, if any, comply with the Senior Subordinated Indenture; or

(2)

the transaction is made in compliance with the covenant described under *Repurchase at the Option of Holders* *Asset Sales*.

Subject to certain limitations described in the Senior Subordinated Indenture, the Successor Person will succeed to, and be substituted for, such Guarantor under the Senior Subordinated Indenture and such Guarantor's Guarantee. Notwithstanding the foregoing, any Guarantor may (i) merge into or transfer all or part of its properties and assets to another Guarantor or the Issuer, (ii) merge with an Affiliate of the Issuer solely for the purpose of reincorporating the

Guarantor in the United States, any state thereof, the District of Columbia or any territory thereof or (iii) convert into a corporation, partnership, limited partnership, limited liability corporation or trust organized or existing under the laws of the jurisdiction of organization of such Guarantor.

Transactions with Affiliates

The Issuer will not, and will not permit any of its Restricted Subsidiaries to, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate of the Issuer (each of the foregoing, an *Affiliate Transaction*) involving aggregate payments or consideration in excess of \$15.0 million, unless:

(1)

such Affiliate Transaction is on terms that are not materially less favorable to the Issuer or its relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person on an arm's-length basis; and

(2)

the Issuer delivers to the Trustee with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate payments or consideration in excess of \$25.0 million, a resolution adopted by the majority of the board of directors of the Issuer approving such Affiliate Transaction and set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with clause (1) above.

The foregoing provisions will not apply to the following:

(1)

transactions between or among the Issuer or any of its Restricted Subsidiaries;

(2)

Restricted Payments permitted by the provisions of the Senior Subordinated Indenture described above under the covenant "Limitation on Restricted Payments" and the definition of "Permitted Investments";

(3)

the payment of management, consulting, monitoring and advisory fees and related expenses to the Investors pursuant to the Sponsor Management Agreement (plus any unpaid management, consulting, monitoring and advisory fees and related expenses accrued in any prior year) and the termination fees pursuant to the Sponsor Management Agreement, in each case as in effect on the Issue Date, or any amendment thereto (so long as any such amendment is not disadvantageous in the good faith judgment of the board of directors of the Issuer to the Holders when taken as a whole as compared to the Sponsor Management Agreement in effect on the Issue Date);

(4)

the payment of reasonable and customary fees paid to, and indemnities provided for the benefit of, officers, directors, employees or consultants of Issuer, any of its direct or indirect parent companies or any of its Restricted Subsidiaries;

(5)

transactions in which the Issuer or any of its Restricted Subsidiaries, as the case may be, delivers to the Trustee a letter from an Independent Financial Advisor stating that such transaction is fair to the Issuer or such Restricted Subsidiary from a financial point of view or stating that the terms are not materially less favorable to the Issuer or its relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the Issuer or such Restricted Subsidiary with an unrelated Person on an arm's-length basis;

(6)

any agreement as in effect as of the Issue Date, or any amendment thereto (so long as any such amendment is not disadvantageous to the Holders when taken as a whole as compared to the applicable agreement as in effect on the Issue Date in the reasonable determination of the Issuer);

(7)

the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of its obligations under the terms of, any stockholders agreement (including any registration rights agreement or purchase agreement related thereto) to which it is a party as of the Issue Date and any similar agreements which it may enter into thereafter;

provided, however, that the existence of, or the performance by the Issuer or any of its Restricted Subsidiaries of obligations under any future amendment to any such existing agreement or under any similar agreement entered into after the Issue Date shall only be permitted by this clause (7) to the extent that the terms of any such amendment or new agreement are not otherwise disadvantageous to the Holders when taken as a whole in the reasonable determination of the Issuer;

(8)

the Transactions and the payment of all fees and expenses related to the Transactions, in each case as disclosed in the offering documentation relating to the outstanding notes;

(9)

transactions with customers, clients, suppliers, or purchasers or sellers of goods or services, in each case in the ordinary course of business and otherwise in compliance with the terms of the Senior Subordinated Indenture which are fair to the Issuer and its Restricted Subsidiaries, in the reasonable determination of the board of directors of the Issuer or the senior management thereof, or are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party;

(10)

(13)

payments or loans (or cancellation of loans) to employees or consultants of the Issuer, any of its direct or indirect parent companies or any of its Restricted Subsidiaries and employment agreements, stock option plans and other similar arrangements with such employees or consultants which, in each case, are approved by the Issuer in good faith;

(14)

(15)

payments to or from, and transactions with, any joint ventures in the ordinary course of business; and

(16)

payments by the Issuer (and any direct or indirect parent thereof) and its Subsidiaries pursuant to tax sharing agreements among the Issuer (and any such parent) and its Subsidiaries on customary terms to the extent attributable to the ownership or operation of the Issuer and its Subsidiaries; *provided* that in each case the amount of such payments in any fiscal year does not exceed the amount that the Issuer, its Restricted Subsidiaries and its Unrestricted Subsidiaries (to the extent of amounts received from Unrestricted Subsidiaries) would be required to pay in respect of foreign, federal, state and local taxes for such fiscal year were the Issuer and its Restricted Subsidiaries (to the extent described above) to pay such taxes separately from any such parent entity.

Dividend and Other Payment Restrictions Affecting Restricted Subsidiaries

The Issuer will not, and will not permit any of its Restricted Subsidiaries that are not Guarantors to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any consensual encumbrance or consensual restriction on the ability of any such Restricted Subsidiary to:

(1)

(a)

pay dividends or make any other distributions to the Issuer or any of its Restricted Subsidiaries on its Capital Stock or with respect to any other interest or participation in, or measured by, its profits, or

(b)

(2)

make loans or advances to the Issuer or any of its Restricted Subsidiaries; or

(3)

except (in each case) for such encumbrances or restrictions existing under or by reason of:

(a)

contractual encumbrances or restrictions in effect on the Issue Date, including pursuant to the Senior Credit Facilities and the related documentation;

(b)

the Senior Indenture, the Senior Notes, the Senior Subordinated Indenture and the Senior Subordinated Notes;

(c)

purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the nature discussed in clause (3) above on the property so acquired;

(d)

applicable law or any applicable rule, regulation or order;

(e)

any agreement or other instrument of a Person acquired by the Issuer or any Restricted Subsidiary in existence at the time of such acquisition (but not created in connection therewith or in contemplation thereof), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person and its Subsidiaries, or the property or assets of the Person and its Subsidiaries, so acquired;

a whole than those prior to such amendment, modification, restatement, renewal, increase, supplement, refunding, replacement or refinancing; and

(m)

restrictions created in connection with any Receivables Facility that, in the good faith determination of the Issuer, are necessary or advisable to effect the transactions contemplated under such Receivables Facility.

Limitation on Guarantees of Indebtedness by Restricted Subsidiaries

The Issuer will not permit any of its Wholly-Owned Subsidiaries that are Restricted Subsidiaries (and non-Wholly-Owned Subsidiaries if such non-Wholly-Owned Subsidiaries guarantee other capital markets debt securities of the Issuer or any Guarantor), other than a Guarantor, a Foreign Subsidiary or a Receivables Subsidiary, to guarantee the payment of any Indebtedness of the Issuer or any other Guarantor unless:

(1)

such Restricted Subsidiary within 30 days executes and delivers a supplemental indenture to the Senior Subordinated Indenture providing for a Guarantee by such Restricted Subsidiary, except that with respect to a guarantee of Indebtedness of the Issuer or any Guarantor:

(a)

if the Senior Subordinated Notes or such Guarantor's Guarantee are subordinated in right of payment to such Indebtedness, the Guarantee under the supplemental indenture shall be subordinated to such Restricted Subsidiary's guarantee with respect to such Indebtedness substantially to the same extent as the Senior Subordinated Notes are subordinated to such Indebtedness; and

(b)

if such Indebtedness is by its express terms subordinated in right of payment to the Senior Subordinated Notes or such Guarantor's Guarantee, any such guarantee by such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Guarantee substantially to the same extent as such Indebtedness is subordinated to the Senior Subordinated Notes; and

(2)

such Restricted Subsidiary waives, and will not in any manner whatsoever claim or take the benefit or advantage of, any rights of reimbursement, indemnity or subrogation or any other rights against the Issuer or any other Restricted Subsidiary as a result of any payment by such Restricted Subsidiary under its Guarantee;

provided that this covenant shall not be applicable to (i) any guarantee of any Restricted Subsidiary that existed at the time such Person became a Restricted Subsidiary and was not incurred in connection with, or in contemplation of, such Person becoming a Restricted Subsidiary and (ii) guarantees of any Receivables Facility by any Receivables Subsidiary.

Reports and Other Information

Notwithstanding that the Issuer may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act or otherwise report on an annual and quarterly basis on forms provided for such annual and quarterly reporting pursuant to rules and regulations promulgated by the SEC, the Senior Subordinated Indenture will require the Issuer to file with the SEC (and make available to the Trustee and Holders (without exhibits), without cost to any Holder, within 15 days after it files with the SEC) from and after the Issue Date,

(1)

within 90 days (or any other time period then in effect under the rules and regulations of the Exchange Act with respect to the filing of a Form 10-K by a non-accelerated filer) after the end of each fiscal year, annual reports on Form 10-K, or any successor or comparable form, containing the information required to be contained therein, or required in such successor or comparable form;

(2)

within 45 days after the end of each of the first three fiscal quarters of each fiscal year, reports on Form 10-Q containing all information that would be required to be contained in Form 10-Q, or any successor or comparable form;

(3)

promptly from time to time after the occurrence of an event required to be therein reported, such other reports on Form 8-K, or any successor or comparable form; and

(4)

any other information, documents and other reports which the Issuer would be required to file with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act;

in each case in a manner that complies in all material respects with the requirements specified in such form; *provided* that the Issuer shall not be so obligated to file such reports with the SEC if the SEC does not permit such filing, in which event the Issuer will make available such information to prospective purchasers of Senior Subordinated Notes,

in addition to providing such information to the Trustee and the Holders, in each case within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act. In addition, to the extent not satisfied by the foregoing, the Issuer will agree that, for so long as any Senior Subordinated Notes are outstanding, it will furnish to Holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

In the event that any direct or indirect parent company of the Issuer becomes a Guarantor of the Senior Subordinated Notes, the Senior Subordinated Indenture will permit the Issuer to satisfy its obligations in this covenant with respect to financial information relating to the Issuer by furnishing financial information relating to such parent; *provided* that the same is accompanied by consolidating information that explains in reasonable detail the differences between the information relating to such parent, on the one hand, and the information relating to the Issuer and its Restricted Subsidiaries on a standalone basis, on the other hand.

Notwithstanding the foregoing, such requirements shall be deemed satisfied prior to the commencement of the exchange offer or the effectiveness of the shelf registration statement described in the Registration Rights Agreement (1) by the filing with the SEC of the exchange offer registration statement or shelf registration statement (or any other similar registration statement), and any amendments thereto, with such financial information that satisfies Regulation S-X, subject to exceptions consistent with the presentation of financial information in the offering documentation relating to the outstanding notes, to the extent filed within the times specified above, or (2) by posting reports that would be required to be filed substantially in the form required by the SEC on the Issuer's website (or that of any of its parent companies) or providing such reports to the Trustee within 15 days after the time the Issuer would be required to file such information with the SEC if it were subject to Section 13 or 15(d) of the Exchange Act, the financial information (including a Management's Discussion and Analysis of Financial Condition and Results of Operations section) that would be required to be included in such reports, subject to exceptions consistent with the presentation of financial information in the offering documentation relating to the outstanding notes, to the extent filed within the times specified above. Notwithstanding anything herein to the contrary, the Issuer will not be deemed to have failed to comply with any of its agreements set forth under this covenant for purposes of clause (3) under Events of Default and Remedies until 120 days after the date any report is required to be filed with the SEC (or posted on the Issuer's website or provided to the Trustee) pursuant to this covenant.

Events of Default and Remedies

The Senior Subordinated Indenture provides that each of the following is an *Event of Default* :

(1)

default in payment when due and payable, upon redemption, acceleration or otherwise, of principal of, or premium, if any, on the Senior Subordinated Notes, whether or not such payment is prohibited by the subordination provisions of the Senior Subordinated Indenture;

(2)

default for 30 days or more in the payment when due of interest or Special Interest on or with respect to the Senior Notes, whether or not such payment is prohibited by the subordination provisions of the Senior Subordinated Indenture;

(3)

failure by the Issuer or any Guarantor for 60 days after receipt of written notice given by the Trustee or the Holders of not less 30% in principal amount of the Senior Subordinated Notes then outstanding under the Senior Subordinated Indenture to comply with any of its obligations, covenants or agreements (other than a default referred to in clauses (1) and (2) above) contained in the Senior Subordinated Indenture or the Senior Subordinated Notes;

(4)

default under any mortgage, indenture or instrument under which there is issued or by which there is secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries, other than Indebtedness owed to the Issuer or a Restricted Subsidiary, whether such Indebtedness or guarantee now exists or is created after the issuance of the Senior Subordinated Notes, if both:

(a)

such default either results from the failure to pay any principal of such Indebtedness at its stated final maturity (after giving effect to any applicable grace periods) or relates to an obligation other than the obligation to pay principal of any such Indebtedness at its stated final maturity and results in the holder or holders of such Indebtedness causing such Indebtedness to become due prior to its stated maturity; and

(b)

the principal amount of such Indebtedness, together with the principal amount of any other such Indebtedness in default for failure to pay principal at stated final maturity (after giving effect to any applicable grace periods), or the maturity of which has been so accelerated, aggregate \$50.0 million or more at any one time outstanding;

(5)

failure by the Issuer or any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary) to pay final judgments aggregating in excess of \$50.0 million, which final

judgments remain unpaid, undischarged and unstayed for a period of more than 60 days after such judgment becomes final, and in the event such judgment is covered by insurance, an enforcement proceeding has been commenced by any creditor upon such judgment or decree which is not promptly stayed;

(6)

certain events of bankruptcy or insolvency with respect to the Issuer or any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary); or

(7)

the Guarantee of any Significant Subsidiary (or group of Subsidiaries that together would constitute a Significant Subsidiary) shall for any reason cease to be in full force and effect or be declared null and void or any responsible officer (or the responsible officers of any group of Subsidiaries that together would constitute a Significant Subsidiary) of any Guarantor that is a Significant Subsidiary, as the case may be, denies that it has any further liability under its Guarantee or gives notice to such effect, other than by reason of the termination of the Senior Subordinated Indenture or the release of any such Guarantee in accordance with the Senior Subordinated Indenture.

If any Event of Default (other than of a type specified in clause (6) above) occurs and is continuing under the Senior Subordinated Indenture, the Trustee or the Holders of at least 30% in principal amount of the Senior Subordinated Notes then outstanding under the Senior Subordinated Indenture may declare the principal, premium, if any, interest and any other monetary obligations on all the Senior Subordinated Notes then outstanding under the Senior Subordinated Indenture to be due and payable immediately.

Upon the effectiveness of such declaration, such principal premium, if any, and interest will be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising under clause (6) of the first paragraph of this section, all outstanding Senior Subordinated Notes will become due and payable without further action or notice. The Senior Subordinated Indenture provides that the Trustee may withhold from the Holders notice of any continuing Default, except a Default relating to the payment of principal, premium, if any, or interest, if it determines that withholding notice is in their interest. In addition, the Trustee shall have no obligation to accelerate the Senior Subordinated Notes if in the best judgment of the Trustee acceleration is not in the best interest of the Holders.

The Senior Subordinated Indenture provides that the Holders of a majority in aggregate principal amount of the Senior Subordinated Notes then outstanding under the Senior Subordinated Indenture by notice to the Trustee may on behalf of the Holders of all of the Senior Subordinated Notes waive any existing Default and its consequences under the Senior Subordinated Indenture except a continuing Default in the payment of interest on, premium, if any, or the principal of any Senior Subordinated Note held by a non-consenting Holder. In the event of any Event of Default specified in clause (4) above, such Event of Default and all consequences thereof (excluding any resulting payment default, other than as a result of acceleration of the Senior Subordinated Notes) shall be annulled, waived and rescinded, automatically and without any action by the Trustee or the Holders, if within 20 days after such Event of Default arose:

(1)

the Indebtedness or guarantee that is the basis for such Event of Default has been discharged;

(2)

the Holders thereof have rescinded or waived the acceleration, notice or action (as the case may be) giving rise to such Event of Default; or

(3)

the default that is the basis for such Event of Default has been cured.

Subject to the provisions of the Senior Subordinated Indenture relating to the duties of the Trustee thereunder, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Senior Subordinated Indenture at the request or direction of any of the Holders unless the Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder may pursue any remedy with respect to the Senior Subordinated Indenture or the Senior Subordinated Notes unless:

(1)

such Holder has previously given the Trustee notice that an Event of Default is continuing;

(2)

Holders of at least 30% in principal amount of the then outstanding Senior Subordinated Notes have requested the Trustee to pursue the remedy;

(3)

Holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;

(4)

the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and

(5)

Holders of a majority in principal amount of the then outstanding Senior Subordinated Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, under the Senior Subordinated Indenture the Holders of a majority in principal amount of the total outstanding Senior Subordinated Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Senior Subordinated Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability.

The Senior Subordinated Indenture provides that the Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Senior Subordinated Indenture, and the Issuer is required, within five Business Days, upon becoming aware of any Default, to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer or any Guarantor or any of their parent companies (other than the Issuer and the Guarantors) shall have any liability for any obligations of the Issuer or the Guarantors under the Senior Subordinated Notes, the Guarantees or the Senior Subordinated Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder by accepting the Senior Subordinated Notes waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Senior Subordinated Notes. Such waiver may not be effective to waive liabilities under the federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The obligations of the Issuer and the Guarantors under the Senior Subordinated Indenture will terminate (other than certain obligations) and will be released upon payment in full of all of the Senior Subordinated Notes issued under the Senior Subordinated Indenture. The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the Senior Subordinated Notes issued under the Senior Subordinated Indenture and have the Issuer's and each Guarantor's obligation discharged with respect to its Guarantee (*Legal Defeasance*) and cure all then existing Events of Default except for:

(1)

the rights of Holders issued under the Senior Subordinated Indenture to receive payments in respect of the principal of, premium, if any, and interest on the Senior Subordinated Notes when such payments are due solely out of the trust created pursuant to the Senior Subordinated Indenture;

(2)

the Issuer's obligations with respect to Senior Subordinated Notes concerning issuing temporary notes, registration of such Senior Subordinated Notes, mutilated, destroyed, lost or stolen Senior Subordinated Notes and the maintenance of an office or agency for payment and money for security payments held in trust;

(3)

the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith; and

(4)

the Legal Defeasance provisions of the Senior Subordinated Indenture.

In addition, the Issuer may, at its option and at any time, elect to have its obligations and those of each Guarantor released with respect to certain covenants that are described in the Senior Subordinated Indenture (*Covenant Defeasance*) and thereafter any omission to comply with such obligations shall not constitute a Default with respect to the Senior Subordinated Notes. In the event *Covenant Defeasance* occurs, certain events (not including bankruptcy, receivership, rehabilitation and insolvency events pertaining to the Issuer) described under *Events of Default and Remedies* will no longer constitute an Event of Default with respect to the Senior Subordinated Notes.

In order to exercise either *Legal Defeasance* or *Covenant Defeasance* with respect to the Senior Subordinated Notes:

(1)

the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest due on the Senior Subordinated Notes issued under the Senior Subordinated Indenture on the stated maturity date or on the redemption date, as the case may be, of such principal, premium, if any, or interest on such Senior Subordinated Notes, and the Issuer must specify whether such Senior Subordinated Notes are being defeased to maturity or to a particular redemption date;

(2)

in the case of *Legal Defeasance*, the Issuer shall have delivered to the Trustee an *Opinion of Counsel* reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions,

(a)

the Issuer has received from, or there has been published by, the United States Internal Revenue Service a ruling, or

(b)

since the original issuance of the Senior Subordinated Notes, there has been a change in the applicable U.S. federal income tax law,

in either case to the effect that, and based thereon such *Opinion of Counsel* shall confirm that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes, as applicable, as a result of such *Legal Defeasance* and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such *Legal Defeasance* had not occurred;

(3)

in the case of *Covenant Defeasance*, the Issuer shall have delivered to the Trustee an *Opinion of Counsel* reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the Holders will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such *Covenant Defeasance* and will be subject to such tax on the same amounts, in the same manner and at the same times as would have been the case if such *Covenant Defeasance* had not occurred;

(4)

no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith)

shall have occurred and be continuing on the date of such deposit;

(5)

such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the Senior Credit Facilities, the Senior Indenture, the Senior Notes or any other material agreement or instrument (other than the Senior Subordinated Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(6)

the Issuer shall have delivered to the Trustee an Opinion of Counsel to the effect that, as of the date of such opinion and subject to customary assumptions and exclusions following the deposit, the trust funds will not be subject to the effect of Section 547 of Title 11 of the United States Code;

(7)

the Issuer shall have delivered to the Trustee an Officer's Certificate stating that the deposit was not made by the Issuer with the intent of defeating, hindering, delaying or defrauding any creditors of the Issuer or any Guarantor or others; and

(8)

the Issuer shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel (which Opinion of Counsel may be subject to customary assumptions and exclusions) each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance, as the case may be, have been complied with.

Satisfaction and Discharge

The Senior Subordinated Indenture will be discharged and will cease to be of further effect as to all Senior Subordinated Notes issued thereunder, when either:

(1)

all Senior Subordinated Notes theretofore authenticated and delivered, except lost, stolen or destroyed Senior Subordinated Notes which have been replaced or paid and Senior Subordinated Notes for whose payment money has theretofore been deposited in trust, have been delivered to the Trustee for cancellation; or

(2)

(a)

all Senior Subordinated Notes not theretofore delivered to the Trustee for cancellation have become due and payable by reason of the making of a notice of redemption or otherwise, will become due and payable within one year or may be called for redemption within one year under arrangements satisfactory to the Trustee for the giving of notice of redemption by the Trustee in the name, and at the expense, of the Issuer, and the Issuer or any Guarantor has irrevocably deposited or caused to be deposited with the Trustee as trust funds in trust solely for the benefit of the Holders, cash in U.S. dollars, Government Securities, or a combination thereof, in such amounts as will be sufficient without consideration of any reinvestment of interest to pay and discharge the entire indebtedness on the Senior Subordinated Notes not theretofore delivered to the Trustee for cancellation for principal, premium, if any, and accrued interest to the date of maturity or redemption;

(b)

no Default (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith) with respect to the Senior Subordinated Indenture or the Senior Subordinated Notes shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit, and such deposit will not result in a breach or violation of, or constitute a default under, the Senior Credit Facilities, the Senior Indenture, the Senior Notes or any other material agreement or instrument (other than the Senior Subordinated Indenture) to which the Issuer or any Guarantor is a party or by which the Issuer or any Guarantor is bound (other than that resulting from borrowing funds to be applied to make such deposit and any similar and simultaneous deposit relating to other Indebtedness and, in each case, the granting of Liens in connection therewith);

(c)

the Issuer has paid or caused to be paid all sums payable by it under the Senior Subordinated Indenture; and

(d)

the Issuer has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Senior Subordinated Notes at maturity or the redemption date, as the case may be.

In addition, the Issuer must deliver an Officer's Certificate and an Opinion of Counsel to the Trustee stating that all conditions precedent to satisfaction and discharge have been satisfied.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Senior Subordinated Indenture, any Guarantee, and the Senior Subordinated Notes may be amended or supplemented with the consent of the Holders of at least a majority in principal amount of the Senior Subordinated Notes then outstanding, including consents

obtained in connection with a purchase of, or tender offer or exchange offer for, Senior Subordinated Notes, and any existing Default or compliance with any provision of the Senior Subordinated Indenture, the Senior Subordinated Notes issued thereunder, any Guarantee may be waived with the consent of the Holders of a majority in principal amount of the then outstanding Senior Subordinated Notes, other than Senior Subordinated Notes beneficially owned by the Issuer or its Affiliates (including consents obtained in connection with a purchase of or tender offer or exchange offer for the Senior Subordinated Notes).

The Senior Subordinated Indenture provides that, without the consent of each affected Holder, an amendment or waiver may not, with respect to any Senior Subordinated Notes held by a non-consenting Holder:

(1)

reduce the principal amount of such Senior Subordinated Notes whose Holders must consent to an amendment, supplement or waiver;

(2)

reduce the principal of or change the fixed final maturity of any such Senior Subordinated Note or alter or waive the provisions with respect to the redemption of such Senior Subordinated Notes (other than provisions relating to the covenants described above under the caption "Repurchase at the Option of Holders");

(3)

reduce the rate of or change the time for payment of interest on any Senior Subordinated Note;

(4)

waive a Default in the payment of principal of or premium, if any, or interest on the Senior Subordinated Notes, except a rescission of acceleration of the Senior Subordinated Notes by the Holders of at least a majority in aggregate principal amount of the Senior Subordinated Notes and a waiver of the payment default that resulted from such acceleration, or in respect of a covenant or provision contained in the Senior Subordinated Indenture or any Guarantee which cannot be amended or modified without the consent of all Holders;

(5)

make any Senior Subordinated Note payable in money other than that stated therein;

(6)

(7)

make any change in these amendment and waiver provisions;

(8)

impair the right of any Holder to receive payment of principal of, or interest on such Holder's Senior Subordinated Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Senior Subordinated Notes;

make any change to or modify the ranking of the Senior Subordinated Notes that would adversely affect the Holders;
or

(10)

except as expressly permitted by the Senior Subordinated Indenture, modify the Guarantees of any Significant Subsidiary in any manner adverse to the Holders.

In addition, any amendment to, or waiver of, the provisions of the Senior Subordinated Indenture relating to subordination that adversely affects the rights of the Holders will require the consent of the Holders of at least 75% in aggregate principal amount of Senior Subordinated Notes then outstanding.

Notwithstanding the foregoing, the Issuer, any Guarantor (with respect to a Guarantee or the Senior Subordinated Indenture to which it is a party) and the Trustee may amend or supplement the Senior Subordinated Indenture, any Guarantee or Notes without the consent of any Holder;

(1)

to cure any ambiguity, omission, mistake, defect or inconsistency;

(6)

(10)

to add a Guarantor under the Senior Subordinated Indenture;

(11)

to conform the text of the Senior Subordinated Indenture, Guarantees or the Senior Subordinated Notes to any provision of this Description of Senior Subordinated Notes to the extent that such provision in this Description of Senior Subordinated Notes was intended to be a verbatim recitation of a provision of the Senior Subordinated Indenture, Guarantee or Senior Subordinated Notes; or

(12)

to make any amendment to the provisions of the Senior Subordinated Indenture relating to the transfer and legending of Senior Subordinated Notes as permitted by the Senior Subordinated Indenture, including, without limitation, to facilitate the issuance and administration of the Senior Subordinated Notes; *provided, however*, that (i) compliance with the Senior Subordinated Indenture as so amended would not result in Senior Subordinated Notes being transferred in violation of the Securities Act or any applicable securities law and (ii) such amendment does not

materially and adversely affect the rights of Holders to transfer Senior Subordinated Notes.

(13)

in the event that PIK Notes are issued in certificated form, to make appropriate amendments to the Senior Subordinated Indenture to reflect an appropriate minimum denomination of certified PIK Notes and establish minimum redemption amounts for certified PIK Notes.

Concerning the Trustee

The Senior Subordinated Indenture contains certain limitations on the rights of the Trustee thereunder, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Senior Subordinated Indenture provides that the Holders of a majority in principal amount of the outstanding Senior Subordinated Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Senior Subordinated Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee is required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Senior Subordinated Indenture at the request of any Holder of the Senior Subordinated Notes, unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

The global notes have been deposited with the Trustee as custodian for DTC and registered in the name of Cede & Co., as nominee of DTC.

Ownership of beneficial interests in each global note is limited to persons who have accounts with DTC (DTC participants) or persons who hold interests through DTC participants. We expect that under procedures established by DTC:

upon deposit of each global note with DTC s custodian, DTC will credit portions of the principal amount of the global note to the accounts of the DTC participants; and

ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the global note).

Beneficial interests in the global notes may not be exchanged for notes in physical, certificated form except in the limited circumstances described below.

Book-entry procedures for the global notes

All interests in the global notes will be subject to the operations and procedures of DTC, Euroclear and Clearstream. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by that settlement system and may be changed at any time. Neither we nor the initial purchasers are responsible for those operations or procedures.

DTC has advised us that it is:

a limited purpose trust company organized under the laws of the State of New York;

a banking organization within the meaning of the New York State Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the Uniform Commercial Code; and

a clearing agency registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants include securities brokers and dealers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

So long as DTC's nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the applicable indenture. Except as provided below, owners of beneficial interests in a global note:

will not be entitled to have notes represented by the global note registered in their names;

will not receive or be entitled to receive physical, certificated notes; and

will not be considered the owners or holders of the notes under the applicable indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee under the applicable indenture.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the applicable indenture (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium (if any) and interest with respect to the notes represented by a global note will be made by the Trustee to DTC's nominee as the registered holder of the global note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds. Transfers between participants in Euroclear or Clearstream will be effected in the ordinary way under the rules and operating procedures of those systems.

Cross-market transfers between DTC participants, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected within DTC through the DTC participants that are acting as depositaries for Euroclear and Clearstream. To deliver or receive an interest in a global note held in a Euroclear or Clearstream account, an investor must send transfer instructions to Euroclear or Clearstream, as the case may be, under the rules and procedures of that system and within the established deadlines of that system. If the transaction meets its settlement requirements, Euroclear or Clearstream, as the case may be, will send instructions to its DTC depositary to take action to effect final settlement by delivering or receiving interests in the relevant global notes in DTC, and making or receiving payment under normal procedures for same-day funds settlement applicable to DTC. Euroclear and Clearstream participants may not deliver instructions directly to the DTC depositaries that are acting for Euroclear or Clearstream.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant that purchases an interest in a global note from a DTC participant will be credited on the business day for Euroclear or Clearstream immediately following the DTC settlement date. Cash received in Euroclear or Clearstream from the sale of an interest in a global note to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Euroclear or Clearstream cash account as of the business day for Euroclear or Clearstream following the DTC settlement date.

DTC, Euroclear and Clearstream have agreed to the above procedures to facilitate transfers of interests in the global notes among participants in those settlement systems. However, the settlement systems are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have

any responsibility for the performance by DTC, Euroclear or Clearstream or their participants or indirect participants of their obligations under the rules and procedures governing their operations.

Certificated notes

Notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only if:

DTC notifies us at any time that it is unwilling or unable to continue as depository for the global notes and a successor depository is not appointed within 90 days;

DTC ceases to be registered as a clearing agency under the Exchange Act and a successor depository is not appointed within 90 days;

we, at our option, notify the Trustee that we elect to cause the issuance of certificated notes; or

certain other events provided in the applicable indenture should occur.

CERTAIN U.S. FEDERAL INCOME AND ESTATE TAX CONSEQUENCES

The following is a summary of certain U.S. federal income and, in the case of non-U.S. holders (as defined below), estate tax consequences of the purchase, ownership and disposition of the notes as of the date hereof. Except where noted, this summary deals only with notes that are held as capital assets.

As used herein, a U.S. holder means a beneficial owner of the notes that is for U.S. federal income tax purposes any of the following:

an individual citizen or resident of the United States;

a corporation (or any other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

The term non-U.S. holder means a beneficial owner of the notes (other than a partnership or any other entity treated as a partnership for U.S. federal income tax purposes) that is not a U.S. holder.

This summary does not represent a detailed description of the U.S. federal income tax consequences applicable to you if you are a person subject to special tax treatment under the U.S. federal income tax laws, including, without limitation:

a dealer in securities or currencies;

a financial institution;

a regulated investment company;

a real estate investment trust;

a tax-exempt organization;

an insurance company;

a person holding the notes as part of a hedging, integrated, conversion or constructive sale transaction or a straddle;

a trader in securities that has elected the mark-to-market method of accounting for your securities;

a person liable for alternative minimum tax;

a partnership or other pass-through entity for U.S. federal income tax purposes;

a U.S. holder whose functional currency is not the U.S. dollar;

a controlled foreign corporation;

a passive foreign investment company; or

a U.S. expatriate.

This summary is based on the Internal Revenue Code of 1986, as amended (the Code), United States Treasury regulations, administrative rulings and judicial decisions as of the date hereof. Those authorities may be changed, possibly on a retroactive basis, so as to result in U.S. federal income and estate tax consequences different from those summarized below.

If a partnership (including any entity classified as a partnership for U.S. federal income tax purposes) holds notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. If you are a partnership or a partner in a partnership holding notes, you should consult your own tax advisors.

This summary does not represent a detailed description of the U.S. federal income and estate tax consequences to you in light of your particular circumstances and does not address the effects of any state, local or non-United States tax laws. It is not intended to be, and should not be construed to be, legal or tax advice to any particular purchaser of notes. **If you are considering the purchase of notes, you should consult your own tax advisors concerning the particular U.S. federal income and estate tax consequences to you of the ownership of the notes, as well as the consequences to you arising under the laws of any other taxing jurisdiction.**

Certain Tax Consequences to U.S. Holders

The following is a summary of certain U.S. federal income tax consequences that will apply to U.S. holders of the notes.

Senior Notes

Payments of Interest on Senior Notes

Stated interest on a senior note will generally be taxable to you as ordinary income at the time it is paid or accrued in accordance with your method of accounting for U.S. federal income tax purposes.

Market Discount

If you purchase a senior note for an amount that is less than its principal amount, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless that difference is less than a specified de minimis amount. Under the market discount rules, you will be required to treat any principal payment on, or any gain on the sale, exchange, retirement or other disposition of, a senior note as ordinary income to the extent of the market discount that you have not previously included in income and are treated as having accrued on the senior note at the time of the payment or disposition.

In addition, you may be required to defer, until the maturity of the senior note or its earlier disposition in a taxable transaction, the deduction of all or a portion of the interest expense on any indebtedness attributable to the senior note. You may elect, on a note-by-note basis, to deduct the deferred interest expense in a tax year prior to the year of disposition. You should consult your own tax advisors before making this election.

Any market discount will be considered to accrue ratably during the period from the date of acquisition to the maturity date of the senior note, unless you elect to accrue on a constant interest method. You may elect to include market discount in income currently as it accrues, on either a ratable or constant interest method, in which case the rule described above regarding deferral of interest deductions will not apply.

Amortizable Bond Premium

If you purchase a senior note for an amount in excess of its principal amount, you will be considered to have purchased the senior note at a premium. You generally may elect to amortize the premium over the remaining term of the senior note on a constant yield method as an offset to interest when includible in income under your regular accounting method. If you have elected to amortize the premium, the amortizable bond premium will reduce interest income. If you do not elect to amortize bond premium, that premium will decrease the gain or increase the loss you would otherwise recognize on disposition of the senior note.

Sale, Exchange, Retirement, or Other Taxable Disposition of Senior Notes

Upon the sale, exchange, retirement, or other taxable disposition of a senior note, you generally will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement or other taxable disposition (less an amount equal to any accrued but unpaid interest, which will be taxable as interest income as discussed above to the extent not previously included in income by you) and the adjusted tax basis of the senior note. Your adjusted tax basis in a senior note will, in general, be your cost for that senior note increased by market discount previously included in income and reduced by any amortized premium.

Except as described above with respect to market discount, any gain or loss will be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange, retirement or other disposition, the senior note has been held for more than one year.. Capital gains of noncorporate U.S. holders (including individuals) derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Senior Subordinated Notes

Original Issue Discount

Because the senior subordinated notes provide us with the option to pay PIK Interest in lieu of paying cash interest for any interest payment period commencing on or after July 15, 2007 through July 15, 2011, the senior subordinated notes are treated as issued with original issue discount (OID), as described below. The issuance of PIK Notes is generally not treated as a payment of interest. Instead, a senior subordinated note and any PIK Notes issued in respect of PIK Interest thereon are treated as a single debt instrument under the OID rules. For U.S. federal income tax purposes, increasing the principal amount of the senior subordinated notes will generally be treated the same as the issuance of PIK Notes.

The senior subordinated notes are treated as issued with OID in an amount equal to the difference between their stated redemption price at maturity (the sum of all payments to be made on the senior subordinated notes other than qualified stated interest) and their issue price.

The issue price of the senior subordinated notes is the first price at which a substantial amount of such notes were sold (other than to an underwriter, placement agent or wholesaler). The term qualified stated interest means stated interest that is unconditionally payable in cash or in property (other than debt instruments of the issuer) at least annually at a single fixed rate or, subject to certain conditions, based on one or more interest indices. Because we have the option for any interest payment period commencing on or after January 15, 2008, through July 15, 2011 to make interest payments in PIK Interest instead of paying cash, the stated interest payments on the senior subordinated notes are not qualified stated interest. You must generally include OID in your gross income as it accrues over the term of the senior subordinated notes without regard to your regular method of accounting for U.S. federal income tax purposes and in advance of the receipt of cash payments attributable to that income.

The amount of OID that you must include in income will generally equal the sum of the daily portions of OID with respect to the senior subordinated note for each day during the taxable year or portion of the taxable year in which you held such senior subordinated note (accrued OID). The daily portion is determined by allocating to each day in any accrual period a pro rata portion of the OID allocable to that accrual period. The accrual period for a senior subordinated note may be of any length and may vary in length over the term of the senior subordinated

note, provided that each accrual period is no longer than one year and each scheduled payment of principal or interest occurs on the first day or the final day of an accrual period. The amount of OID allocable to any accrual period other than the final accrual period is an amount equal to the product of the senior subordinated note's adjusted issue price at the beginning of such accrual period and its yield to maturity (determined on the basis of compounding at the close of each accrual period and properly adjusted for the length of the accrual period). OID allocable to a final accrual period is the difference between the amount payable at maturity and the adjusted issue price at the beginning of the final accrual period. The yield to maturity of a senior subordinated note is the discount rate that causes the present value of all payments on the senior subordinated note as of its original issue date to equal the issue price of such senior subordinated note. For purposes of determining the yield to maturity, the assumption is that we will pay interest in cash and not exercise the option to pay PIK Interest.

The adjusted issue price of a senior subordinated note at the beginning of any accrual period is equal to its issue price increased by the accrued OID for each prior accrual period determined without regard to the amortization of any acquisition or bond premium, as described below, and reduced by any cash payments previously made on such senior subordinated note.

If we in fact pay interest in cash on the senior subordinated notes, you will not be required to adjust your OID inclusions. Each payment made in cash under a senior subordinated note will be treated first as a payment of any accrued OID that has not been allocated to prior payments and second as a payment of principal. You generally will not be required to include separately in income cash payments received on the senior subordinated notes to the extent such payments constitute payments of previously accrued OID or payments of principal.

If, for any interest payment period, we exercise our option to pay interest in the form of PIK Interest (or half in cash and half in PIK Interest), your OID calculation for future periods will be adjusted by treating the senior subordinated note as if it had been retired and then reissued for an amount equal to its adjusted issue price on the date preceding the first date of such interest payment period, and recalculating the yield to maturity of the reissued senior subordinated note by treating the amount of PIK Interest (and of any prior PIK Interest) as a payment that will be made on the maturity date of such senior subordinated note.

The rules regarding OID are complex and the rules described above may not apply in all cases. Accordingly, you should consult your own tax advisors regarding their application.

Market Discount

If you purchase a senior subordinated note for an amount that is less than its adjusted issue price, the amount of the difference will be treated as market discount for U.S. federal income tax purposes, unless that difference is less than a specified de minimis amount. Under the market discount rules, you will be required to treat any principal payment on, or any gain on the sale, exchange, retirement or other disposition of, a senior subordinated note as ordinary income to the extent of the market discount that you have not previously included in income and are treated as having accrued on the senior subordinated note at the time of the payment or disposition.

In addition, you may be required to defer, until the maturity of the senior subordinated note or its earlier disposition in a taxable transaction, the deduction of all or a portion of the interest expense on any indebtedness attributable to the senior subordinated note. You may elect, on a note-by-note basis, to deduct the deferred interest expense in a tax year prior to the year of disposition. You should consult your own tax advisors before making this election.

Any market discount will be considered to accrue ratably during the period from the date of acquisition to the maturity date of the senior subordinated note, unless you elect to accrue on a constant interest method. You may elect to include market discount in income currently as it accrues, on either a ratable or constant interest method, in which case the rule described above regarding deferral of interest deductions will not apply.

Acquisition Premium, Amortizable Bond Premium

If you purchase a senior subordinated note for an amount that is greater than its adjusted issue price but equal to or less than the sum of all amounts payable on the senior subordinated note after the purchase date, you will be considered to have purchased that senior subordinated note at an acquisition premium. Under the acquisition premium rules, the amount of OID that you must include in gross income with respect to the senior subordinated note for any taxable year will be reduced by the portion of the acquisition premium properly allocable to that year.

If you purchase a senior subordinated note for an amount in excess of the sum of all amounts payable on the senior subordinated note after the purchase date, you will be considered to have purchased the senior subordinated note at a premium and you will not be required to include any OID in income. You generally may elect to amortize the premium over the remaining term of the senior subordinated note on a constant yield method as an offset to interest when includible in income under your regular accounting method. If you have elected to amortize the premium, the amortizable bond premium will reduce interest income. If you do not elect to amortize bond premium, that premium will decrease the gain or increase the loss you would otherwise recognize on disposition of the senior subordinated note.

Sale, Exchange, Retirement, or Other Taxable Disposition of Senior Subordinated Notes

Subject to the discussion below regarding the Mandatory Principal Redemption, upon the sale, exchange, retirement, or other taxable disposition of a senior subordinated note (or a PIK Note), you generally will recognize gain or loss equal to the difference between the amount realized upon the sale, exchange, retirement, or other taxable disposition and the adjusted tax basis of the senior subordinated note (or the PIK Note). Your adjusted tax basis in a senior subordinated note will, in general, be your cost for the senior subordinated note, increased by OID or market discount previously included in income, and reduced by any amortized premium and cash payments on the senior subordinated note. Although not free from doubt, your adjusted tax basis in a senior subordinated note should be allocated between the original senior subordinated note and any PIK Notes received in respect of PIK Interest thereon in proportion to their relative principal amounts. Your holding period in any PIK Note received in respect of PIK Interest would likely be identical to your holding period for the original senior subordinated note with respect to which the PIK Note was received.

Except as described above with respect to market discount, any gain or loss you recognize will be capital gain or loss and will be long-term capital gain or loss if at the time of sale, exchange, retirement or other disposition, the senior subordinated note has been held for more than one year. Capital gains of noncorporate U.S. holders (including individuals) derived in respect of capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations.

Payments received by a U.S. holder upon any Mandatory Principal Redemption of a portion of a senior subordinated note will be treated as tax free payments of a portion of the then accrued OID with respect to such senior subordinated note in its entirety (including the portion of the senior subordinated note not redeemed).

Certain Tax Consequences to Non-U.S. Holders

The following is a summary of certain U.S. federal income and estate tax consequences that will apply to non-U.S. holders of the notes.

U.S. Federal Withholding Tax

The 30% U.S. federal withholding tax will not apply to any payment of interest (which for purposes of this discussion includes OID) on the notes under the portfolio interest rule, provided that:

interest paid on the notes (including OID) is not effectively connected with your conduct of a trade or business in the United States;

you do not actually (or constructively) own 10% or more of the total combined voting power of all classes of our voting stock within the meaning of the Code and applicable United States Treasury regulations;

you are not a controlled foreign corporation that is related to us actually or constructively through stock ownership;

you are not a bank whose receipt of interest on the notes (including OID) is described in Section 881(c)(3)(A) of the Code; and

either (a) you provide your name and address on an Internal Revenue Service (IRS) Form W-8BEN (or other applicable form), and certify, under penalties of perjury, that you are not a United States person as defined under the Code or (b) you hold your notes through certain foreign intermediaries and satisfy the certification requirements of applicable United States Treasury regulations. Special certification rules apply to non-U.S. holders that are pass-through entities rather than corporations or individuals.

If you cannot satisfy the requirements described above, payments of interest (including OID) made to you will be subject to the 30% U.S. federal withholding tax, unless you provide us (or our paying agent) with a properly executed:

IRS Form W-8BEN (or other applicable form) certifying an exemption from or reduction in withholding under the benefit of an applicable income tax treaty; or

IRS Form W-8ECI (or other applicable form) certifying interest (including OID) paid on the notes is not subject to withholding tax because it is effectively connected with your conduct of a trade or business in the United States (as discussed below under U.S. Federal Income Tax).

The 30% U.S. federal withholding tax generally will not apply to any payment of principal or gain that you realize on the sale, exchange, retirement or other disposition of a note; provided, however, that payments received by a non-U.S. holder upon the Mandatory Principal Redemption of a portion of a senior subordinated note will be treated as payments of a portion of the then accrued OID with respect to such senior subordinated note in its entirety (including the portion of the senior subordinated note not redeemed) and therefore will possibly be subject to the 30% U.S.

federal withholding tax.

U.S. Federal Income Tax

If you are engaged in a trade or business in the United States and interest (including OID) on the notes is effectively connected with the conduct of that trade or business (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment), then you will be subject to U.S. federal income tax on that interest (including OID) on a net income basis (although you will be exempt from the 30% U.S. federal withholding tax, provided the certification requirements discussed above in U.S. Federal Withholding Tax are satisfied) in generally the same manner as if you were a United States person as defined under the Code. In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% (or lower applicable income tax treaty rate) of such interest (including OID), subject to adjustments.

Any gain realized on the disposition of a note generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected with your conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, is attributable to a United States permanent establishment); or

you are an individual who is present in the United States for 183 days or more in the taxable year of that disposition, and certain other conditions are met.

U.S. Federal Estate Tax

Your estate will not be subject to U.S. federal estate tax on notes beneficially owned by you at the time of your death, provided that any payment to you on the notes would be eligible for exemption from the 30% U.S. federal withholding tax under the portfolio interest rule described above under U.S. Federal Withholding Tax without regard to the statement requirement described in the fifth bullet point of that section.

Information Reporting and Backup Withholding

U.S. Holders

In general, information reporting requirements will apply to certain payments of principal and interest (including OID) paid on the notes and to the proceeds of the sale or other disposition of a note paid to you (unless you are an exempt recipient such as a corporation). Backup withholding may apply to such payments if you fail to provide a taxpayer identification number or a certification that you are not subject to backup withholding.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders

Generally, we must report to the IRS and to you the amount of interest (including OID) paid to you and the amount of tax, if any, withheld with respect to those payments. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which you reside under the provisions of an applicable income tax treaty.

In general, you will not be subject to backup withholding with respect to payments of interest (including OID) on the notes that we make to you provided that we do not have actual knowledge or reason to know that you are a United States person as defined under the Code, and we have received from you the required certification that you are a non-U.S. holder described above in the fifth bullet point under Certain Tax Consequences to Non-U.S. Holders U.S. Federal Withholding Tax.

Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale or other disposition (including a redemption) of notes within the United States or conducted through certain United States-related financial intermediaries, unless you certify to the payor under penalties of perjury that you are a non-U.S. holder (and the payor does not have actual knowledge or reason to know that you are a United States person as defined under the Code), or you otherwise establish an exemption.

Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules may be allowed as a refund or a credit against your U.S. federal income tax liability provided the required information is timely furnished to the IRS.

CERTAIN ERISA CONSIDERATIONS

The notes may be purchased and held by an employee benefit plan subject to Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA), or by an individual retirement account or other plan subject to Section 4975 of the Internal Revenue Code of 1986, as amended (Code). A fiduciary of an employee benefit plan subject to ERISA must, however, determine that the purchase and holding of a note is consistent with its fiduciary duties under ERISA. The fiduciary of an ERISA plan, as well as any other prospective investor subject to Section 4975 of the Code or any similar law, must also determine that the purchase and holding of notes will not result in a non-exempt prohibited transaction as defined in Section 406 of ERISA or Section 4975 of the Code or a violation of any applicable similar law. Each purchaser and subsequent transferee acquiring or holding a note or any interest therein with the assets of a plan that is subject to Section 406 of ERISA, Section 4975 of the Code or any similar law (Plan Investor) will be deemed to have represented to us, by its acquisition or holding of the note or any interest therein, that its acquisition and holding of the notes does not constitute or give rise to a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code, or a violation of any applicable similar law. The sale of any notes to any Plan Investor is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by Plan Investors generally or any particular Plan Investor, or that such an investment is appropriate for Plan Investors generally or any particular Plan Investor.

So long as we and our subsidiary guarantors are subject to the periodic reporting requirements of the Exchange Act, we and our subsidiary guarantors are required to furnish the information required to be filed with the SEC to the trustee and the current holders of the notes, which obligation will be deemed satisfied upon the filing of reports with the SEC via the EDGAR filing system or a successor system. We and our subsidiary guarantors have agreed that, even if we and they are not required under the Exchange Act to furnish that information to the SEC, we and they will nonetheless furnish certain annual and quarterly financial information, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report from our certified independent accountants and certain current reports to the trustee and the holders of the notes.
