The Company believes that these non-GAAP measures represent important internal measures of performance. Accordingly, where they are provided, it is to give investors the same financial data management uses with the belief that this information will assist the investment community in properly assessing the underlying performance of the Company, its financial condition, results of operations and cash flow on a year-over-year and quarter-sequential basis.

A webcast of the Company’s annual strategy review meeting, along with the presentation materials that will be distributed at the meeting, including reconciliations of the non-GAAP measures presented to the most directly comparable GAAP measures, (in accordance with Regulation G), is available on the Company’s web site at (www.kodak.com/go/invest).
