shares of Common Stock Outstanding as of **October 28, 2002**.

"Safe Harbor" Statement under the Private Securities Reform Act of 1995

Certain of the statements contained in this Quarterly Report (other than the financial statements and statements of historical fact), including, without limitation, statements as to management expectations and beliefs presented under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations", are forward-looking statements. Forward-looking statements are made based upon management's expectations and belief concerning future developments and their potential effect upon the Corporation. There can be no assurance that future developments will be in accordance with management's expectations or that the effect of future developments on the Corporation will be those anticipated by management.

The Corporation wishes to caution readers that the assumptions which form the basis for forward-looking statements with respect to or that may impact earnings for the year ended December 31, 2002 and thereafter include many factors that are beyond the Corporation's ability to control or estimate precisely. These risks and uncertainties include, but are not limited to, changes in US or international economic or political conditions, such as the general level of economic activity, inflation or fluctuations in interest or foreign exchange rates; the costs and other effects of legal and administrative cases and proceedings, settlements and investigations; disruptions in operations due to labor disputes; the market demand and acceptance of the Corporation's existing and new products; changes in the pricing of the products of the Corporation or its competitors; the impact of competitive products; the impact on production output and costs from the availability of energy sources and related pricing; changes in the market for raw or packaging materials which could impact the Corporation's manufacturing costs; changes in the product mix; the loss of a significant customer or supplier; production delays or inefficiencies; the ability to achieve anticipated revenue growth, synergies and other cost savings in connection with acquisitions; the costs and other effects of complying with environmental regulatory requirements; and losses due to natural disasters where the Corporation is self-insured.

While the Corporation periodically reassesses material trends and uncertainties affecting the Corporation's results of operations and financial condition in connection with its preparation of management's discussion and analysis contained in its quarterly reports, the Corporation does not intend to review or revise any particular forward-looking statement referenced herein in light of future events.

BAIRNCO CORPORATION AND SUBSIDIARIES

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

SEPTEMBER 28, 2002

(Unaudited)

(1) Basis of Presentation

The accompanying consolidated condensed financial statements include the accounts of Bairnco Corporation and its subsidiaries ("Bairnco" or the "Corporation") after the elimination of all material intercompany accounts and transactions.

The unaudited consolidated condensed financial statements included herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission for interim financial reporting. Certain financial information and note disclosures which are normally included in annual financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to those rules and regulations, although management believes that the disclosures made are adequate to make the information presented not misleading. Management believes the financial statements include all adjustments of a normal and recurring nature necessary to present fairly the results of operations for all interim periods presented.

The quarterly financial statements should be read in conjunction with the December 31, 2001 audited consolidated financial statements. The consolidated results of operations for the quarter and nine-month period ended September 28, 2002 are not necessarily indicative of the results of operations for the full year.

New Accounting Pronouncements:

Effective January 1, 2002, the Corporation adopted Statement of Financial Accounting Standards ("SFAS") No. 142, *Goodwill and Other Intangible Assets*. SFAS No. 142 provides for the non-amortization of goodwill. Goodwill will now be subject to at least an annual assessment for impairment by applying a fair-value based test. Other intangible assets will be amortized over their useful lives (other than indefinite life assets). Other intangible assets with indefinite lives will be subject to a lower of cost or market impairment test. This annual impairment testing of goodwill and other indefinite lived intangible assets could result in more volatility in reported income, as impairment losses could occur irregularly and in varying amounts.

The Corporation used the expected present value of future cash flows for estimating the fair value of its reporting units. Other than the elimination of approximately \$0.5 million of annual goodwill amortization expense, the adoption of SFAS No. 142 had no impact on the results of operations and financial position of the Corporation for the quarter and nine month period ended September 28, 2002. Goodwill amortization expense for the quarter and nine month period ended September 29, 2001 was approximately \$121,000 and \$364,000 respectively. A reconciliation of prior period reported net income (loss) and earnings (loss) per share to adjusted net income (loss) and earnings (loss) per share excluding the impact of goodwill is as follows:

	<u>Quarter Ended</u> <u>September 28,</u> <u>2002</u>	<u>Quarter Ended</u> <u>September 29,</u> <u>2001</u>	<u>Nine Months</u> <u>Ended September</u> <u>28, 2002</u>	<u>Nine Months</u> <u>Ended September</u> <u>29, 2001</u>
Reported net income (loss)	\$ 1,084,000	\$ (3,311,000)	\$ 2,989,000	\$ (1,271,000)
Goodwill amortization, net of tax	--	84,000	--	251,000
Adjusted net income (loss)	\$ 1,084,000	\$ (3,227,000)	\$ 2,989,000	\$ (1,020,000)

Basic earnings per share:

Reported net income (loss)	\$ 0.15	\$ (0.45)	\$ 0.41	\$ (0.17)
Goodwill amortization	--	0.01	--	0.03
Adjusted net income (loss)	\$ 0.15	\$ (0.44)	\$ 0.41	\$ (0.14)

Diluted earnings per share:

Reported net income (loss)	\$ 0.15	\$ (0.45)	\$ 0.41	\$ (0.17)
Goodwill amortization	--	0.01	--	0.03
Adjusted net income (loss)	\$ 0.15	\$ (0.44)	\$ 0.41	\$ (0.14)

The change in the carrying amount of cost in excess of net assets of purchased businesses (goodwill) for the nine-month period ended September 28, 2002 is as follows:

	<u>Arlon Segment</u>	<u>Kasco Segment</u>	<u>Total</u>
Balance, January 1, 2002	\$ 5,865,000	\$ 6,774,000	\$12,639,000
Impact of contingent consideration earnout (Note 5)	266,000	--	266,000
Impact of exchange rate fluctuations on foreign goodwill	--	68,000	68,000
Balance, September 28, 2002	\$ 6,131,000	\$ 6,842,000	\$12,973,000

In June 2001, the FASB issued SFAS No. 143, *Accounting for Asset Retirement Obligations*. SFAS 143 addresses the financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. SFAS No. 143 is effective for fiscal years beginning after June 15, 2002. The adoption of SFAS No. 143 had no financial impact on the results of operations and financial position of the Corporation for the quarter and nine-month period ended September 28, 2002.

Effective January 1, 2002, the Corporation adopted SFAS No. 144, *Accounting for the Disposal or Impairment of Long-Lived Assets*. SFAS No. 144 supersedes SFAS No. 121 and requires that one accounting impairment model be used for long-lived assets to be held and used and to be disposed of by sale, whether previously held and used or newly acquired, and broadens the presentation of discontinued operations to include more disposal transactions. The adoption of SFAS No. 144 had no impact on the results of operations and financial position of the Corporation for the quarter and nine-month period ended September 28, 2002.

(2) Earnings (Loss) per Common Share

Earnings (loss) per share data is based on net income (loss) and not comprehensive income (loss). Computations of earnings (loss) per share for the quarters and nine-month periods ended September 28, 2002 and September 29, 2001 are included as Exhibit 11.1 and Exhibit 11.2, respectively, to this Quarterly Report on Form 10-Q.

Basic earnings (loss) per common share were computed by dividing net income (loss) by the weighted average number of common shares outstanding during the period. Diluted earnings (loss) per common share include the effect of all dilutive stock options.

(3) Comprehensive Income (Loss)

Comprehensive income (loss) includes net income (loss) as well as certain other transactions shown as changes in stockholders' investment. For the quarters and nine-month periods ended September 28, 2002 and September 29, 2001, Bairnco's comprehensive income (loss) includes net income (loss) plus the change in net asset values of foreign divisions as a result of translating the local currency values of net assets to US dollars at varying exchange rates. Accumulated other comprehensive income (loss) consists of foreign currency translation adjustments and minimum pension liability adjustments. There are currently no tax expenses or benefits associated with the foreign currency translation adjustments.

4. Accounting for Derivatives

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"), which requires the Corporation to recognize all derivatives as either assets or liabilities in the balance sheet and measure those instruments at fair value. Derivatives that are not designated as part of a hedging relationship must be adjusted to fair value through income. If the derivative is a hedge, depending on the nature of the hedge, the effective portion of the hedge's change in fair value is either (1) offset against the change in fair value of the hedged asset, liability or firm commitment through income or (2) held in equity until the hedged item is recognized in income. The ineffective portion of a hedge's change in fair value is immediately recognized in income. SFAS 133, as amended by SFAS No. 137, "Accounting for Derivative Instruments and Hedging Activities - Deferral of the Effective Date of SFAS 133," is effective for all fiscal years beginning after June 15, 2000. SFAS 133 should not be applied retroactively to financial statements of prior periods.

The Corporation adopted SFAS 133, as amended, on January 1, 2001. The implementation of SFAS No. 133 had no impact on the Corporation's results of operations and financial position in 2001 or for the nine months ended September 28, 2002.

(5) Acquisitions

On January 10, 2001, Bairnco purchased selected net assets ("Viscor") of Viscor, Inc. Viscor's engineered, coated products include transfer adhesives, single and double-coated foam and film tapes, and other custom coated products. Viscor's sales for the six months ended December 31, 2000 were approximately \$3.4 million. The transaction was accounted for as a purchase and was financed with long-term debt. The purchase price exceeded the fair value of net assets acquired by approximately \$0.4 million. The terms of Viscor's asset purchase agreement provide for additional consideration to be paid by Bairnco if Viscor's results of operations exceed certain targeted levels. Such additional consideration will be paid semi-annually in cash and is recorded when earned as additional purchase price. The maximum amount of contingent consideration is approximately \$4.5 million payable over the 5-year period ended December 31, 2005. The results of operations of Viscor are included in the accompanying consolidated financial statements from the date of acquisition.

(6) Inventories

Inventories consisted of the following as of September 28, 2002 and December 31, 2001:

	2002	2001
Raw materials and supplies	\$ 5,515,000	\$ 5,864,000
Work in process	7,968,000	7,614,000
Finished goods	12,365,000	12,141,000
Total inventories	\$ 25,848,000	\$ 25,619,000

(7) Accrued Expenses

Accrued expenses consisted of the following as of September 28, 2002 and December 31, 2001:

	2002	2001
Salaries and wages	\$ 1,605,000	\$ 1,158,000
Income taxes	718,000	466,000
Insurance	2,539,000	2,754,000
Litigation	2,293,000	5,221,000
Other accrued expenses	5,890,000	4,190,000
Total accrued expenses	\$ 13,045,000	\$ 13,789,000

Accrued expenses-litigation:

The Corporation accrues for the estimated costs to defend existing lawsuits, claims and proceedings where it is probable that it will incur such costs in the future. These non-discounted accruals are management's best estimate of the most likely cost to defend the litigation based on discussions with counsel. Such estimates are reviewed and evaluated in light of ongoing experiences and expectations and could substantially exceed the current best estimates which would have a material impact on the results of operations of the period in which the change in estimate was recorded. Any changes in estimates from this review process are reflected in operations currently.

In the fourth quarter of 1998, Bairnco recorded a \$7,500,000 pre-tax provision for litigation costs. After recognition of related tax benefits, the litigation provision reduced net income in 1998 by \$4.7 million or approximately \$.54 diluted earnings per common share. In the fourth quarter of 2000, Bairnco recorded an additional \$1,000,000 pre-tax provision for litigation costs. After recognition of related tax benefits, the litigation provision reduced net income in

2000 by \$640,000 or approximately \$.09 diluted earnings per common share. An additional \$6,200,000 pre-tax provision for litigation costs was taken in the third quarter of 2001. After recognition of related tax benefits, the litigation provision reduced net income for 2001 by \$3,968,000 or approximately \$0.54 per share. The litigation provisions added to the existing reserves for asbestos-related litigation expenditures due to changes in the estimates to defend the Transaction Lawsuit (refer to Part II, Item 1 ("Legal Proceedings") of this filing). Through September 28, 2002, approximately \$13.6 million of the litigation reserve had been spent. The remaining reserves are included in accrued expenses in the Corporation's consolidated balance sheet.

Accrued expenses-insurance:

The Corporation's US insurance programs for general liability, automobile liability, workers compensation and certain employee related health care benefits are effectively self-insured. Claims in excess of self-insurance levels are fully insured. Accrued expenses-insurance represents the estimated costs of known and anticipated claims under these insurance programs. The Corporation provides reserves on reported claims and claims incurred but not reported at each balance sheet date based upon the estimated amount of the probable claim or the amount of the deductible, whichever is lower. Such estimates are reviewed and evaluated in light of emerging claim experience and existing circumstances. Any changes in estimates from this review process are reflected in operations currently.

(8) Reportable Segment Data

Bairnco's segment disclosures are prepared in accordance with Statement of Financial Accounting Standards No. 131. There are no differences to the 2001 annual report in the basis of segmentation or in the basis of measurement of segment profit or loss included herein. Financial information about the Corporation's operating segments for the quarters and nine-month periods ended September 28, 2002 and September 29, 2001 as required under SFAS 131 is as follows:

	<u>Quarters</u>		<u>Nine Month Periods</u>	
	Net Sales	Operating Profit (Loss)	Net Sales	Operating Profit (Loss)
<u>September 28, 2002</u>				
Arlon	\$ 29,530,000	\$ 2,675,000	\$ 89,809,000	\$ 7,801,000

(9) Contingencies

Bairnco Corporation and its subsidiaries are defendants in certain legal actions that are discussed more fully in Management's Discussion and Analysis of Financial Condition and Results of Operations, and in Part II, Item 1, *Legal Proceedings*, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of this filing.

Item 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the accompanying Consolidated Condensed Financial Statements and related notes and with Bairnco's Audited Consolidated Financial Statements and related notes for the year ended December 31, 2001.

Bairnco Corporation is a diversified multinational company that operates two distinct businesses under the names Arlon and Kasco.

Engineered materials and components are designed, manufactured and sold under the Arlon brand identity to electronic, industrial and commercial markets. These products are based on common technologies in coating, laminating, polymers and dispersion chemistry. Arlon's principal products include high performance materials for the printed circuit board industry, cast and calendered vinyl film systems, custom-engineered laminates, and calendered and extruded silicone rubber insulation products used in a broad range of industrial, consumer and commercial products.

Replacement products and services are manufactured and distributed under the Kasco name principally to retail food stores and meat, poultry and fish processing plants throughout the United States, Canada and Europe. The principal products include replacement band saw blades for cutting meat, fish, wood and metal, and on site maintenance services primarily in the meat and deli departments. Kasco also distributes equipment to the food industry in Canada and France. These products are sold under a number of brand names including Kasco in the United States and Canada, Atlantic Service in the United Kingdom, and Bertram & Graf and Biro in Continental Europe.

Comparison of Third Quarter 2002 to Third Quarter 2001

Sales in the third quarter 2002 were \$38,252,000, a decrease of 0.8% from \$38,552,000 in 2001. Arlon's sales decreased 3.2% from last year due to the continued weakness in its electronics, telecommunications and graphics markets. Kasco's sales increased 8.5% as compared to the third quarter last year due primarily to improvements in its European operations as their markets continue to recover from "mad cow" and "hoof and mouth" disease outbreaks during 2000 and 2001. Kasco's foreign sales were also positively impacted by the currency translation.

Gross profit increased 3.0% to \$11,428,000 from \$11,098,000 due to cost reduction actions taken in 2001 and 2002 that were partially offset by lower prices due to competition. The gross profit margin as a percent of sales increased slightly to 29.9% from 28.8%.

Selling and administrative expenses, excluding last year's provision for litigation costs, decreased 0.4% to \$9,616,000 from \$9,656,000. As a percent of sales, selling and administrative expenses increased slightly to 25.1% from 25.0%.

Net interest expense decreased to \$241,000 in 2002 as compared to \$489,000 in 2001 due to debt reductions in 2001 and 2002 from strong cash generation and lower average interest rates.

Net income increased 65.0% to \$1,084,000 as compared to \$657,000 in the third quarter of 2001 excluding the provision for litigation costs, which reduced net income by \$3,968,000, or \$.54 per share, to a loss of (\$3,311,000) or (\$.45) per share in the third quarter 2001. Diluted earnings per common share increased to \$.15 from \$.09, excluding the provision for litigation costs, as a result of improved earnings. No shares were repurchased on the open market during the third quarter of 2002.

The effective tax rate in the third quarter of 2002 was 31.0% as compared to 36.9% in the third quarter 2001. The higher 2001 rate was due primarily to the tax impact of the provision for litigation costs.

Comparison of First Nine Months 2002 to First Nine Months 2001

Sales for the first nine months of 2002 decreased 5.0% to \$116,501,000 from \$122,596,000 in 2001 due primarily to the declines in the telecommunications and electronics markets that were still reasonably strong in the first quarter of 2001.

Gross profit decreased 3.6% to \$34,336,000 from \$35,609,000 in the first nine months of 2001 due to the reduced sales during the period. The gross profit margin as a percent of sales increased slightly to 29.5% from 29.0%.

Selling and administrative expenses decreased \$328,000 or 1.1% to \$29,211,000 from \$29,539,000, excluding the provision for litigation costs in 2001. The lower expenses from reduced sales and cost reduction actions taken throughout 2001 were partially offset by the additional bad debt expense and increased severance costs in the second quarter of 2002. As a percent of sales, selling and administrative expenses increased to 25.1% from 24.1%, excluding the provision for litigation costs.

Net interest expense decreased to \$793,000 as compared to \$2,161,000 in the first nine months of 2001 due to debt reductions and lower average interest rates.

Net income increased to a profit of \$2,989,000 from a loss of (\$1,271,000) and diluted earnings per share increased to a profit of \$.41 from a loss of (\$.17) in 2001. Excluding the litigation charge, net income increased 10.8% to \$2,989,000 from \$2,697,000 and diluted earnings per common share increased 10.8% to \$.41 from \$.37.

The effective tax rate for the first nine months of 2002 was 31.0% as compared to 44.5% in 2001. The higher 2001 rate was due primarily to the tax impact of the provision for litigation costs.

Dividend

The second quarter cash dividend of \$.05 per share was paid on September 26, 2002 to stockholders of record on September 3, 2002.

Liquidity and Capital Resources

At September 28, 2002, Bairnco had working capital of \$27.1 million compared to \$25.8 million at December 31, 2001. Current deferred income taxes decreased as the related legal accruals and net operating tax loss carryovers were reduced. The increase in accounts payable reflects the timing of payments.

During the first nine months of 2002 Bairnco repurchased no shares of its common stock on the open market. The Board has authorized management to continue its stock repurchase program subject to market conditions and capital requirements of the business.

At September 28, 2002, Bairnco's total debt outstanding was \$27,257,000 compared to \$33,584,000 at the end of 2001. The decrease was due to strong cash generation from operating activities during the second and third quarters of 2002. Current maturities of long-term debt increased to \$5,750,000 from \$4,000,000, due primarily to the reclassification of Arlon's \$3,000,000 Industrial Revenue Bond, which matures in April 2003, from Long-term Debt, less a \$2 million debt prepayment made during the third quarter of 2002. At September 28, 2002 approximately \$32.4 million was available for borrowing under the Corporation's secured reducing revolving credit agreement, as amended (the "Credit Agreement"). In addition, approximately \$4.4 million was available under various short-term domestic and foreign uncommitted credit facilities.

Bairnco made \$998,000 of capital expenditures during the third quarter of 2002 bringing the total capital expenditures for the first nine months of 2002 to \$2,968,000. Total capital expenditures for 2002 are now expected to approximate \$4.2 million.

Cash provided by operating activities plus the amounts available under the existing credit facilities are expected to be sufficient to fulfill Bairnco's anticipated cash requirements in 2002.

Litigation

As a result of delays in the briefing of defendants' motions for summary judgment, the Court reset the trial date in the Transactions Lawsuit (refer to Part II, Item 1, *Legal Proceedings*) for March 31, 2003. Summary judgement motions are now scheduled to be fully briefed by the end of November 2002.

The delay on the summary judgment motions, combined with the delay in the commencement of trial on any issues remaining after the motions are decided, is likely to affect the costs of the proceedings and may lead to a reassessment of the adequacy of the Company's existing reserve for such costs. Once the Court has ruled on the summary judgment motions, the Company should be in a position to assess the adequacy of its reserve and to determine whether any adjustment to the reserve is appropriate.

Pension Liabilities

As a result of the recent decline in U.S. equity markets, the Bairnco pension plans that historically have been over-funded are currently under-funded by approximately \$4.6 million. At December 31, 2002, assuming no future change in valuations and interest rates from September 28, 2002, the Company would be required to either record a fourth-quarter non-cash charge to stockholders' equity, make a voluntary cash contribution or a combination of the two. Final decisions about pension funding will be affected by the Company's pension fund performance in the fourth quarter.

Other Matters

Bairnco Corporation and its subsidiaries are defendants in a number of legal actions and proceedings that are discussed in more detail in Part II, Item 1, *Legal Proceedings*, of this filing. Management of Bairnco believes that the disposition of these actions and proceedings will not have a material adverse effect on the consolidated results of operations or the financial position of Bairnco Corporation and its subsidiaries as of September 28, 2002.

Outlook

The third quarter results showed our general industrial markets remained flat with 2001. Our served electronics, communications and graphics markets continue to show no real signs of recovery. We anticipate our fourth quarter results will show flat to lower sales but some improvement in operating profit as compared to last year.

Continuous improvement programs are ongoing and new product development programs will be maintained to grow our business and meet the needs of our customers. Further cost reductions are being considered in light of ongoing competitive pricing pressures.

We expect to continue to generate cash. Bairnco management plans to continue managing all spending and investments prudently to balance the need for short-term profitability and cash generation while supporting the long-term growth of its businesses.

Item 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Impact of Interest Rates

The interest on the Corporation's bank debt is floating and based on prevailing market interest rates. For market rate based debt, interest rate changes generally do not affect the market value of the debt but do impact future interest expense and hence earnings and cash flows, assuming other factors remain unchanged. A theoretical one-percentage point change in market rates in effect on September 28, 2002 would change interest expense and hence change net income of the Corporation by approximately \$188,000 per year.

The following table summarizes the principal cash flows of the Corporation's financial instruments outstanding at September 28, 2002, categorized by type of instrument and by year of maturity. There have been no changes in market risk factors for the nine-month period ended September 28, 2002.

	-					Fair	
	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>	<u>Total</u>	<u>Value</u>	

Short Term Debt	680	-	-	-	680	680	
Industrial Revenue Bond (interest at 1.63%)	-	3,000	-	-	3,000	3,000	
Long Term Debt:							
Term Loan (interest at 3.00%)		4,000	6,000	-	10,000	10,000	
Revolving line of credit (interest ranging from 2.9375% to 4.4375%)	-	-	-	13,577	13,577	13,577	

Effect of Inflation

General inflation has had minimal impact on Bairnco's operating results in the last three years. Sales prices and volumes have been more strongly influenced specific market supply and demand and by foreign currency exchange rate fluctuations than by inflationary factors.

Impact of Euro

Each of our European operations has successfully converted to the Euro. All computer systems have been updated to ensure Euro compliance effective January 1, 2002. All marketing and operational policies and procedures were reviewed to ensure we continue to successfully conduct all aspects of our business in the Euro market. The total cost of the Euro conversion was not material and the conversion from the legacy currencies has been completed without any adverse impact.

Impact of Foreign Currency Exchange Rates

The Corporation's sales denominated in a currency other than U.S. dollars were approximately 17.7% and 16.7%, respectively, of total sales for the quarter and nine month period ended September 28, 2002. Net assets maintained in a functional currency other than U.S. dollars at September 28, 2002 were approximately 12.7% of total net assets. The effects of changes in foreign currency exchange rates have not historically been significant to the Corporation's operations or net assets.

Item 4: CONTROLS AND PROCEDURES

- a. Within the 90-day period prior to the date of this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Controller, of the effectiveness of the design and operation of the Company's disclosure controls and procedures pursuant to Rule 13a-14 of the Securities Exchange Act of 1934 (the "Exchange Act"). Based upon that evaluation, the Chief Executive Officer and Controller concluded that the Company's disclosure controls and procedures are effective in timely alerting them to material information relating to the Company (including its consolidated subsidiaries) required to be included in the Company's Exchange Act filings.

- b. There have been no significant changes in the Company's internal controls or in other factors which could significantly affect internal controls subsequent to the date the Company carried out its evaluation.

PART II - OTHER INFORMATION

Item 1: LEGAL PROCEEDINGS

Bairnco and its subsidiaries are among the defendants in a lawsuit pending in the U.S. District Court for the Southern District of New York (the "Transactions Lawsuit") in which it is alleged that Bairnco and others are derivatively liable for the asbestos-related claims against its former subsidiary, Keene Corporation ("Keene"). The plaintiffs in the Transactions Lawsuit are the trustees of the Keene Creditors Trust (the "KCT"), a successor in interest to Keene. In the Transactions Lawsuit complaint, the KCT alleges that certain sales of assets by Keene to other subsidiaries of Bairnco were fraudulent conveyances and otherwise in violation of state law, as well as being in violation of the civil RICO statute, 18 U.S.C. Section 1964. The complaint seeks compensatory damages of \$700 million, interest, punitive damages, and trebling of the compensatory damages pursuant to civil RICO. In a series of decisions that remain subject to appeal, the court has dismissed plaintiff's civil RICO claims; dismissed 14 of the 21 defendants named in the complaint; and partially granted defendants' motions for summary judgment on statute of limitations grounds. Discovery is essentially complete as to the remaining claims and defendants. All defendants recently filed motions for summary judgment, and those motions are scheduled to be fully briefed by November 2002. The court has set a trial date for March 31, 2003.

Keene was spun off from Bairnco in 1990, filed for relief under Chapter 11 of the Bankruptcy Code in 1993, and emerged from Chapter 11 pursuant to a plan of reorganization approved in 1996 (the "Keene Plan"). The Keene Plan provided for the creation of the KCT, and transferred the authority to prosecute the Transactions Lawsuit from the Official Committee of Unsecured Creditors of Keene (which initiated the lawsuit in the Bankruptcy Court in 1995) to the KCT. The Keene Plan further provided that only the KCT, and no other entity, can sue Bairnco in connection with the claims in the Transactions Lawsuit complaint. Therefore, although a number of other asbestos-related personal injury and property damage cases against Bairnco nominally remain pending in courts around the country, it is expected that the resolution of the Transactions Lawsuit will resolve all such claims.

Bairnco also is the defendant in a separate action by the KCT (the "NOL Lawsuit"), also pending in the United States District Court for the Southern District of New York, in which the KCT seeks the exclusive benefit of tax refunds attributable to the carryback by Keene of certain net operating losses ("NOL Refunds"), notwithstanding applicable tax sharing agreements between Keene and Bairnco. (As with the Transactions Lawsuit, the NOL Lawsuit was commenced during Keene's Chapter 11 case and, pursuant to the Keene Plan, the KCT became the plaintiff in the lawsuit and the lawsuit was moved from the Bankruptcy Court to the District Court.) Pending resolution of the NOL Lawsuit, any refunds actually received are to be placed in escrow. Through March 30, 2002, approximately \$28.5 million of NOL Refunds had been received and placed in an interest-bearing escrow account. There can be no assurance whatsoever that resolution of the NOL Lawsuit will result in the release of any portion of the NOL Refunds to Bairnco. Discovery in the NOL Lawsuit is substantially complete. The court has not yet set a date for completion of such discovery or for trial.

Bairnco and its Arlon subsidiary previously were among the defendants in a third action by the KCT (the "Properties Lawsuit"), commenced December 8, 1998 in the United States District Court for the Southern District of New York. Through the Properties Lawsuit, the KCT sought a declaratory judgment that it owns certain patents and real property purchased by Arlon from Keene in 1989, based on the allegations that technical title to these assets was not conveyed at the time of the sale and that no proof of claim specifically referencing these assets was filed during Keene's Chapter 11 case. In an answer and counterclaims, Bairnco and Arlon denied the KCT's claims and requested a declaratory judgment that full title to the patents and real property in question in fact was transferred to Arlon at the time of the

1989 asset sale. By agreement, the case between the KCT and Bairnco and Arlon has been dismissed without prejudice, and the issues raised in the Properties Lawsuit complaint will be resolved in the Transactions Lawsuit.

Management believes that Bairnco has meritorious defenses to all claims or liability purportedly derived from Keene and that it is not liable, as an alter ego, successor, fraudulent transferee or otherwise, for the asbestos-related claims against Keene or with respect to Keene products.

Bairnco Corporation and its subsidiaries are defendants in a number of other actions. Management of Bairnco believes that the disposition of these other actions, as well as the actions and proceedings described above, will not have a material adverse effect on the consolidated results of operations or the financial position of Bairnco Corporation and its subsidiaries as of September 28, 2002.

Item 2: CHANGES IN SECURITIES AND USE OF PROCEEDS

None.

Item 3: DEFAULTS UPON SENIOR SECURITIES

None.

Item 4: SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to a vote of security holders during the third quarter of 2002.

Item 5: OTHER INFORMATION

None.

Item 6(a): EXHIBITS

Exhibit 11.1 - Calculation of Basic and Diluted Earnings per Share for the Quarters ended September 28, 2002 and September 29, 2001.

Exhibit 11.2 - Calculation of Basic and Diluted Earnings per Share for the Nine Months ended September 28, 2002 and September 29, 2001.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, Bairnco has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

CERTIFICATIONS

I, Luke E. Fichthorn, III, certify that:

Edgar Filing: BAIRNCO CORP /DE/ - Form 10-Q

1. I have reviewed this quarterly report on Form 10-Q of Bairnco Corporation;
2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-14 and 15d-14) for the registrant and we have:
 - a) designed such disclosure controls and procedures to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
 - b) evaluated the effectiveness of the registrant's disclosure controls and procedures as of a date within 90 days prior to the filing date of this quarterly report (the "Evaluation Date"); and
 - c) presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures based on our evaluation as of the Evaluation Date;
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies in the design or operation of internal controls which could adversely affect the registrant's ability to record, process, summarize and report financial data and have identified for the registrant's auditors any material weaknesses in internal controls; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal controls; and
6. The registrant's other certifying officers and I have indicated in this quarterly report whether or not there were significant changes in internal controls or in other factors that could significantly affect internal controls subsequent to the date of our most recent evaluation, including any corrective actions with regard to significant deficiencies and material weaknesses.
