DATA I/O ANNOUNCES THIRD QUARTER RESULTS

Redmond, Wash., October 23, 2008 – Data I/O Corporation (NASDAQ: DAIO), the leading provider of manual and automated device programming systems, today announced financial results for the third quarter of 2008.

Revenues for the third quarter of 2008 were \$7.8 million compared with \$7.3 million in the third quarter of 2007, an increase of 7%. Compared to the second quarter of 2008, revenues for the third quarter of 2008 were down 3%. For the first nine months of 2008, revenues were \$22 million, up 15.3% from the \$19.1 million recorded in the first nine months of 2007. In accordance with U.S. generally accepted accounting principles (GAAP), net income for the third quarter of 2008 was \$1.2 million, or \$0.13 per diluted share, compared to \$1.6 million, or \$0.18 per share for the third quarter of 2007.

Gross margin as a percentage of sales for the third quarter of 2008 was 60% achieving our target model. Operating expenses for the third quarter of 2008 were \$3.3 million, including accrued bonuses of \$300,000, compared with \$3.0 million and no bonus accruals in the third quarter of 2007.

“We were pleased to be operating at our financial model of 60% gross margin and 15% operating income again in the third quarter with revenue for the year up 15% over the same nine months of 2007. Orders were \$6.9 million for the third quarter down 16% from the third quarter of 2007 and down 22% from the second quarter of 2008. We were disappointed to see some orders slide out, primarily in

Europe and the US, but Asia remained very strong with orders up nearly 50% compared with the same quarter of 2007,” said Fred Hume, President and CEO.

“We also secured orders during the quarter that are important for future business with key customers in wireless, automotive, and industrial sectors of our business. These orders set the stage for new product introductions in the coming months,” Hume said. “During the third quarter we achieved two significant product development milestones with respect to providing increased value to our customers. We released our new job automation software for RoadRunner that eliminates the need for human intervention during job setup. We also shipped a special version of our PS-588 automated systems to a European customer that was the most capable automated system delivered to date.”
