Form DEFA14A
June 25, 2001

EXPLANATORY NOTE

Computer Associates International, Inc., a Delaware corporation ("Computer Associates"), is filing the materials contained in this Schedule 14A with the Securities and Exchange Commission on June 25, 2001 in connection with the solicitation of proxies for electing the board of directors of Computer Associates at the 2001 annual meeting of Computer Associates' stockholders.

TO: All CA Employees
FROM: Sanjay Kumar
SUBJECT: CA Response to Former Sterling Chairman's Proposal
DATE: June 21, 2001

We were informed by several newspapers last night that Sam Wyly, former chairman of Sterling Software, intends to nominate a new group of directors for CA's Board during our next shareholder meeting. Mr. Wyly apparently believes he understands our business better than we do. Our largest shareholder, who owns more than 20 percent of CA, has already rejected Mr. Wyly's proposal and expressed complete confidence and support in CA's current management team.

The plans we have put in place over the past year have already started to yield major dividends for CA, even in light of a difficult economy. Your dedication and hard work in executing our strategy has been paramount to our success. All of us need to continue to focus on unlocking value for our shareholders, providing first rate service and support to our customers and business partners, and creating an environment that makes CA a great place to work and grow. The rest will take care of itself.

Thank you for continued your dedication and support.
