NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS (Unaudited)

Note 1 Basis of Presentation

The unaudited Consolidated Condensed Financial Statements as of, or for the period ended, April 28, 2001, have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and rule 10-01. The balance sheet at October 28, 2000 has been taken from the audited financial statements at that date. In the opinion of the management of the Company, all adjustments (consisting only of normal recurring accruals) which are considered necessary for a fair presentation of the results of operations for the period have been made. Certain financial information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. The reader is referred to the consolidated financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended October 28, 2000.

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-Q

At both April 28, 2001 and October 28, 2000, approximately 82% of merchandise inventories are valued by the Last-In-First-Out ("LIFO") method of inventory valuation while the balance of inventories are valued by the First-In-First-Out ("FIFO") method. If the FIFO method had been used for the entire inventory, inventories would have been \$1,125,000 and \$723,000 higher than reported at April 28, 2001 and October 28, 2000, respectively.

Certain reclassifications have been made to prior year financial statements in order to conform to the current year presentation.

These results are not necessarily indicative of the results for the entire fiscal year.

Note 2 Adoption of New Accounting Standards

Accounting for Certain Sales Incentives

Effective October 29, 2000 the Company adopted the Emerging Issues Task Force Issue No. 00-14 ("EITF 00-14"), "Accounting for Certain Sales Incentives." EITF 00-14 provides guidance on the accounting for certain sales incentives offered by companies to their customers, such as discounts, coupons, rebates and free products or services. In accordance with the provisions of EITF 00-14 the Company recorded those sales incentives covered by EITF 00-14 as a reduction of sales, resulting in a corresponding reduction in operating, general and administrative expenses, with no impact on the Company's net income. Prior year amounts have been reclassified to conform with the current year presentation. Sales incentives, relating to this change in presentation, amounted to \$4,133,000 and \$5,571,000 for the quarters ended April 28, 2001 and April 29, 2000, respectively and \$9,605,000 and \$10,252,000 for the six months ended April 28, 2001 and April 29, 2000, respectively.

Accounting for Derivative Instruments and Hedging Activities

Effective October 29, 2000 the Company adopted Statement of Financial Accounting Standards No. 133 ("SFAS 133"), "Accounting for Derivative Instruments and Hedging Activities." This Statement establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. SFAS 133 requires the recognition of all derivatives as either assets or liabilities on the balance sheet and measures those

8

instruments at fair value. The Company does not currently engage in any hedging activity or hold any derivative instruments. Therefore, there was no significant impact from adopting the provisions of SFAS 133 in the quarter or six months ended April 28, 2001.

Revenue Recognition in Financial Statements

Effective October 29, 2000 the Company adopted the Securities and Exchange Commission Staff Accounting Bulletin No. 101 ("SAB 101"), "Revenue Recognition in Financial Statements." This bulletin provides additional guidance on revenue recognition as well as criteria for when revenue is generally realized and earned and also requires the deferral of incremental costs. There was no significant impact from adopting the provisions of SAB 101 in the quarter or six months ended April 28, 2001.

Part I - Item 2 Management's Discussion and Analysis of Financial Condition and Results of Operations

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-Q

Financial Condition and Liquidity

As of May 11, 2001, the Company and its lenders amended the Second Amended and Restated Revolving Credit and Term Loan Agreement (as amended, the "Credit Agreement"). The Credit Agreement is secured by substantially all of the Company's assets and provided for a total commitment of \$58,000,000, including a revolving credit facility (the "Revolving Note") of up to \$28,000,000, a term loan (the "Term Loan") in the amount of \$10,000,000 and a capital expenditures facility (the "Capex Facility") of up to \$20,000,000.

The amended Credit Agreement (a) increases the total amount available to the Company under the Revolving Note to \$28,000,000 from \$25,000,000, subject to the borrowing base limitation of 65% of eligible inventory; (b) reallocates the amount of permitted new indebtedness for fiscal year 2001 to fiscal year 2002 to more closely meet the Company's projected borrowing needs; (c) reallocates the limitations on indebtedness attributable to capitalized lease obligations over the term of the Credit Agreement to more closely track new real estate lease obligations; (d) permits capital expenditures relating to New/Replacement Store Projects over the term of the Credit Agreement to more closely track the projected timing of such expenditures; (e) extends the expiration date of the period during which the Company may borrow against the Capex Facility to June 30, 2002; (f) allows the Company to repurchase its common stock for an aggregate purchase price not to exceed \$5,000,000 subject to certain conditions and limitations; (g) allows for loans to employees not to exceed \$50,000 in the aggregate; and (h) amends certain definitions. Other terms and conditions of the Credit Agreement previously reported upon by the Company have not been modified. As of April 28, 2001 the Company owed \$7,500,000 on the Term Loan and \$7,757,628 under the Capex Facility. See Item 5. Other Information, of this Quarterly Report on Form 10-Q for a description of the Company's plan to repurchase shares of its Common Stock.

The Company's compliance with the major financial covenants under the Credit Agreement was as follows as of April 28, 2001:

Financial Covenant	Credit Agreement	Actual (As defined in the Credit Agreement)
Adjusted EBITDA (1)	Greater than \$13,500,000	\$ 21,738,000
Leverage Ratio (1)	Less than 3.5 to 1.00	1.21 to 1.00

9

Debt Service Coverage Ratio	Greater than 1.20 to 1.00	1.77 to 1.00
Adjusted Capex (2)	Less than \$9,250,000 (3)	\$ 5,034,000 (4)
Store Project Capex	Less than \$13,000,000 (3)	\$ 783,000 (4)

(1) Excludes obligations under capitalized leases, interest expense and depreciation expense attributable to capitalized leases and changes in the LIFO reserve.

(2) Adjusted Capex is all capital expenditures other than New/Replacement Store Project Capex.

(3) Represents limitations on capital expenditures for fiscal 2001.

(4) Represents capital expenditures for the 26 weeks ended April 28, 2001.

No cash dividends have been paid on the Common Stock since 1979, and the Company has no present intentions or ability to pay any dividends in the near future on its Common Stock. The Credit Agreement does not permit the payment of any cash

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-Q

dividends on our Common Stock.

Working Capital

At April 28, 2001, the Company had a working capital deficiency of \$3,927,000 compared to deficiencies of \$1,215,000 at October 28, 2000 and \$3,958,000 at April 29, 2000.

The decline in working capital from October 28, 2000 was primarily due to the collection of \$3,618,000 of current related party receivables, which were used to reduce the Revolving Note which is classified as long-term borrowings.

The Company normally requires small amounts of working capital since inventory is generally sold at approximately the same time that payments to Wakefern and other suppliers are due and most sales are for cash or cash equivalents.

Working capital ratios were as follows:

April 28, 2001	.94 to 1.0
October 28, 2000	.98 to 1.0
April 29, 2000	.93 to 1.0

Cash flows (in millions) were as follows:

	Twenty Six Weeks Ended	
	4/28/01	4/29/00
Operating activities...	\$13.9	\$13.3
Investing activities...	(5.9)	(10.3)
Financing activities...	(6.2)	(1.8)
	-----	-----
Totals	\$ 1.8	\$ 1.2
	=====	=====

The Company had \$21,650,000 of available credit, at April 28, 2001, under its revolving credit facility. The amounts available under the Credit Agreement will adequately meet our operating needs, funding requirements for planned stock purchases, scheduled capital expenditures and debt service for fiscal 2001.

10

For the 26 weeks ended April 28, 2001, depreciation was \$6,165,000 while capital expenditures totaled \$5,817,000, compared to \$5,494,000 and \$10,318,000, respectively, in the prior year period. The increase in depreciation was the result of the purchase of equipment and leasehold improvements for the two new locations opened in fiscal 2000, as well as two additional capitalized real estate leases. The decline in capital expenditures was due to the acquisition in fiscal 2000 of equipment and leasehold improvements for the two locations opened in the second quarter of fiscal 2000 compared to capital expenditures for one major remodeling in fiscal 2001.

Results of Operations (13 weeks ended April 28, 2001 compared to 13 weeks ended April 29, 2000)

Sales:

Same store sales from the twenty one stores in operation in both periods increased 2.6%. Sales for the current period totaled \$223.9 million as compared to \$211.6 million in the prior year period.

Sales for the current quarter included the operations of one new location opened

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-Q

in April 2000 which replaced an older, smaller store.

Gross Profit:

Gross profit as a percent of sales increased to 24.8% of sales compared to 24.1% in the prior year period. Patronage dividends, applied as a reduction of the cost of merchandise sold, were \$1.5 million in the current period compared to \$1.4 million in the prior year period. Gross profit as a percentage of sales increased primarily as a result of improved product mix, the contribution of the new location and the completion of promotional programs initiated by the Company for the new locations opened in the prior year period, partially offset by the completion of Wakefern incentive programs for the new locations opened in fiscal 2000.

Operating Expenses:

Operating, general and administrative expenses as a percent of sales were 23.3% versus 23.2% in the prior year period. The increase in operating, general and administrative expenses as a percent of sales was primarily due to increases in certain expense categories as a percentage of sales. As a percentage of sales, other store expenses, which included Wakefern support services and sanitation expense, increased .12%, miscellaneous income decreased .12%, corporate administrative expense increased .05% and depreciation expense increased .07%. These increases were partially offset by decreases in selling expense of .04% and pre-opening costs of .24%. Pre-opening costs were for the new Branchburg and Wall Township, New Jersey stores opened in February and April 2000, respectively.

Interest Expense:

Interest expense increased to \$1,907,000 from \$1,604,000, while interest income was \$74,000 compared to \$67,000 for the prior period. The increase in interest expense for the current year period was due to an increase in average outstanding debt, including increased capitalized lease obligations, partially offset by a decrease in the average interest rate paid on debt.

11

Income Taxes:

An income tax rate of 40% has been used in both the current and prior year periods based on the expected effective tax rates.

Net Income:

Net income was \$963,000 in the current year period compared to \$335,000 in the prior year period. Earnings before interest, taxes, depreciation and amortization ("EBITDA") for the current period were \$6,682,000 as compared to \$5,060,000 in the prior year period. Net income per common share, both basic and diluted, was \$.86 in the current period compared to \$.30 in the prior year period. Per share calculations are based on 1,117,290 shares outstanding in both periods.

Results of Operations (26 weeks ended April 28, 2001 compared to 26 weeks ended April 29, 2000)

Sales:

Same store sales from the twenty stores in operation in both periods increased 3.2%. Sales for the current twenty six week period totaled \$462.5 million as compared to \$423.2 million in the prior year period. Sales for the current twenty six week period included the operations of two new locations opened in

Edgar Filing: FOODARAMA SUPERMARKETS INC - Form 10-Q

February and April 2000. The location opened in April 2000 replaced an older, smaller store.

Gross Profit:

Gross profit as a percent of sales increased to 24.5% of sales compared to 23.9% in the prior year period. Patronage dividends, applied as a reduction of the cost of merchandise sold, were \$3.1 million in the current period compared to \$2.8 million in the prior year period. Gross profit as a percentage of sales increased primarily as a result of improved product mix, the contribution of the two new locations and the completion of promotional programs initiated by the Company for the new locations opened in the prior year period, partially offset by the completion of Wakefern incentive programs for the new locations opened in fiscal 2000.

Operating Expenses:

Operating, general and administrative expenses as a percent of sales were 22.9% versus 22.8% in the prior year period. The increase in operating, general and administrative expenses as a percent of sales was primarily due to increases in certain expense categories as a percentage of sales. As a percentage of sales, labor and related fringe benefits increased .21%, supplies increased .04%, other store expenses, which included Wakefern support services and sanitation expense, increased .14% and miscellaneous income decreased .07%. These increases were partially offset by decreases in selling expense of .10%, corporate administrative expense of .10% and pre-opening costs of .21%. Pre-opening costs were for the new Branchburg and Wall Township, New Jersey stores opened in February and April 2000, respectively.

12

Interest Expense:

Interest expense increased to \$3,990,000 from \$2,978,000, while interest income was \$153,000 compared to \$145,000 for the prior period. The increase in interest expense for the current year period was due to an increase in average outstanding debt, including increased capitalized lease obligations partially offset by a decrease in the average interest rate paid on debt.

Income Taxes:

An income tax rate of 40% has been used in both the current and prior year periods based on the expected effective tax rates.

Net Income:

Net income was \$2,131,000 in the current year period compared to \$1,119,000 in the prior year period. Earnings before interest, taxes, depreciation and amortization ("EBITDA") for the current period were \$13,827,000 as compared to \$10,535,000 in the prior year period.
