Notes to Consolidated Financial Statements
(Unaudited)

1. Summary of Significant Accounting Policies

Macy's, Inc. and subsidiaries (the "Company") is a retail organization operating retail stores and websites that sell a wide range of merchandise, including men's, women's and children's apparel and accessories, cosmetics, home furnishings and other consumer goods. The Company's operations include more than 850 stores in 45 states, the District of Columbia, Guam and Puerto Rico, as well as macys.com and bloomingdales.com.

A description of the Company's significant accounting policies is included in the Company's Annual Report on Form 10-K for the fiscal year ended February 2, 2008 (the "2007 10-K"). The accompanying Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and notes thereto in the 2007 10-K.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Such estimates and assumptions are subject to inherent uncertainties, which may result in actual amounts differing from reported amounts.

The Consolidated Financial Statements for the 13 weeks ended May 3, 2008 and May 5, 2007, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) considered necessary to present fairly, in all material respects, the consolidated financial position and results of operations of the Company.

Because of the seasonal nature of the retail business, the results of operations for the 13 weeks ended May 3, 2008 and May 5, 2007 (which do not include the Christmas season) are not necessarily indicative of such results for the fiscal year.

On August 30, 2005, the Company completed the acquisition of The May Department Stores Company ("May"). The operations of the acquired Lord & Taylor division and the bridal group (consisting of David's Bridal, After Hours Formalwear and Priscilla of Boston) have been divested and were presented as discontinued operations (see Note 4, "Discontinued Operations").

Certain reclassifications were made to the prior fiscal year's amounts to conform with the classifications of such amounts for the current fiscal year.

Effective February 3, 2008, the Company adopted Statement of Financial Accounting Standards ("SFAS") No. 157, "Fair Value Measurements," ("SFAS 157"), as it applies to financial assets and liabilities that are recognized or disclosed at fair value on a recurring basis. SFAS 157 defines fair value, establishes a framework for measuring fair value in accordance with generally accepted accounting principles and expands disclosures about fair value measurements. The SFAS 157 fair value hierarchy consists of three levels: Level 1 fair values are valuations based on quoted market prices in active markets for identical assets or liabilities that the Company has the ability to access; Level 2 fair values are those valuations based on quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable data for substantially the full term of the assets or liabilities; and Level 3 fair values are valuations based on inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. The adoption of SFAS 157 as it

applies to financial assets and liabilities that are recognized or disclosed at fair value on a recurring basis did not have and is not expected to have an impact on the Company's consolidated financial position, results of operations or cash flows.

In accordance with the fair value hierarchy described above, the following table shows the fair value of the Company's financial assets and liabilities that are required to be measured at fair value on a recurring basis at May 3, 2008:

| | Fair Value Measurements | | | |
|--|-------------------------|----------------|----------------|----------------|
| | <u>Total</u> | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> |
| | (millions) | | | |
| Marketable equity and debt securities..... | \$ 95 | \$ 44 | \$ 51 | \$ - |

In February 2008, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position No. 157-2 ("FSP 157-2") that permits a one-year deferral for the implementation of SFAS 157 with regard to nonfinancial assets and liabilities that are not recognized or disclosed at fair value on a recurring basis (at least annually). This deferral will impact the Company's accounting for certain nonfinancial assets and liabilities accounted for under SFAS No. 142, "Goodwill and Other Intangible Assets," SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," SFAS No. 143, "Accounting for Asset Retirement Obligations" and SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities." The Company has elected this deferral and is currently in the process of evaluating the impact the full adoption of SFAS 157 will have on the Company's consolidated financial position, results of operations and cash flows.

SFAS No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities," ("SFAS 159"), which provides companies with the option to report selected financial assets and liabilities at fair value, became effective for the Company beginning February 3, 2008. The Company did not elect to report any financial assets and liabilities at fair value at February 3, 2008 or at May 3, 2008.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements - an amendment of Accounting Research Bulletin ("ARB") No. 51," ("SFAS 160"). SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary and for the deconsolidation of a subsidiary. SFAS No. 160 is effective for fiscal years beginning after December 15, 2008. The Company does not anticipate the adoption of this statement will have a material impact on the Company's consolidated financial position, results of operations or cash flows.

Also in December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations," ("SFAS 141R"). SFAS 141R establishes principles and requirements for how the acquirer of a business recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree. The statement also provides guidance for recognizing and measuring the goodwill acquired in the business combination and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. SFAS 141R is effective for fiscal years beginning after December 15, 2008. The adoption of this statement will affect any future acquisitions entered into by the Company, and beginning with fiscal 2009 the Company will no longer account for adjustments to acquired tax liabilities and unrecognized tax benefits as increases or decreases to goodwill. After adoption of SFAS 141R, such adjustments will be accounted for in income tax expense.

In March 2008, the FASB issued SFAS No. 161, "Disclosures About Derivative Instruments and Hedging Activities - an amendment of FASB Statement No. 133," ("SFAS 161"). SFAS 161 expands disclosure requirements for derivative instruments and hedging activities. SFAS 161 is effective for fiscal years beginning after November 15, 2008. The Company is currently in the process of evaluating the impact of adopting SFAS 161 on the Company's consolidated financial position, results of operations and cash flows.

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles," ("SFAS 162"). SFAS 162 identifies the sources of accounting principles and the framework for selecting the principles used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States of America. SFAS 162 will be effective 60 days after the Security and Exchange Commission approves the Public Company Accounting Oversight Board's amendments to AU Section 411. The Company does not anticipate the adoption of SFAS 162 will have an impact on the Company's consolidated financial position, results of operations or cash flows.

2. Division Consolidation Costs

Division consolidation costs represent certain costs associated with the "My Macy's" localization initiative. This initiative is to strengthen local market focus and enhance selling service to enable the Company to both accelerate same-store sales growth and reduce expenses. In combination with the localization initiative, the Company commenced the consolidation of the Minneapolis-based Macy's North organization into New York-based Macy's East, the St. Louis-based Macy's Midwest organization into Atlanta-based Macy's South and the Seattle-based Macy's Northwest organization into San Francisco-based Macy's West. With My Macy's, the Company is taking action in certain markets to ensure that customers surrounding each Macy's store find merchandise assortments, size ranges, marketing programs and shopping experiences that are custom-tailored to their needs. The Company will concentrate more management talent in certain local markets, create new positions in the field to work with division central planning and buying executives in helping to understand and act on the merchandise needs of local customers, and empower locally based executives to make more and better decisions. My Macy's is expected to drive sales growth by improving knowledge at the local level and then acting quickly on that knowledge.

During the 13 weeks ended May 3, 2008, the Company recorded \$87 million of costs and expenses associated with the division consolidation and localization initiatives, consisting primarily of severance costs and other human resource-related costs.

The following table shows the beginning and ending balance of, and the activity associated with, the severance accrual established in connection with the division consolidation and localization initiative during the 13 weeks ended May 3, 2008:

| | February 2, 2008 | Charged To Division Consolidation Costs | Payments | May 3, 2008 |
|----------------------|---------------------|--|----------|----------------|
| | | (millions) | | |
| Severance costs..... | \$ - | \$ 68 | \$ 7 | \$ 61 |

The Company expects to pay out the accrued severance costs, which are included in accounts payable and accrued liabilities on the Consolidated Balance Sheets, prior to January 31, 2009.

3. May Integration Costs

May integration costs represent the costs associated with the integration of the acquired May businesses with the Company's pre-existing businesses and the consolidation of certain operations of the Company. The Company completed its review of store locations and distribution center facilities during 2007, closing certain underperforming stores, temporarily closing other stores for remodeling to optimize merchandise offering strategies, closing certain distribution center facilities, and consolidating operations in existing or newly constructed facilities. The remaining non-divested stores or facilities which have been closed, totaling approximately \$75 million, are classified as assets held for sale and are included in other assets on the Consolidated Balance Sheets as of May 3, 2008.

Edgar Filing: Macy's, Inc. - Form 10-Q

During the 13 weeks ended May 5, 2007, the Company recorded \$36 million of costs and expenses associated with the integration and consolidation of May's operations into the Company's operations, including additional costs related to closed locations, system conversion costs and costs related to other operational consolidations.

During the 13 weeks ended May 5, 2007, approximately \$30 million of property and equipment was transferred to assets held for sale upon store or facility closure. In addition, property and equipment totaling approximately \$16 million was disposed of in connection with the May integration and the Company collected approximately \$22 million of receivables from a prior year disposition.

The following tables show, for the 13 weeks ended May 3, 2008 and May 5, 2007, the beginning and ending balance of, and the activity associated with, the severance and relocation accrual established in connection with the May integration:

| | February 2, 2008 | Payments (millions) | May 3, 2008 |
|-------------------------------------|---------------------|------------------------|----------------|
| Severance and relocation costs..... | \$ 30 | \$ (19) | \$ 11 |

The Company expects to pay out the accrued severance and relocation costs, which are included in accounts payable and accrued liabilities on the Consolidated Balance Sheets, prior to January 31, 2009.

| | February 2, 2007 | Charged To May Integration Costs (millions) | Payments | May 5, 2007 |
|-------------------------------------|---------------------|---|----------|----------------|
| Severance and relocation costs..... | \$ 73 | \$ 2 | \$ (36) | \$ 39 |

4. Discontinued Operations

In April 2007, the Company completed the sale of its After Hours Formalwear business for approximately \$66 million in cash, net of \$1 million of transaction costs. The After Hours Formalwear business represented approximately \$73 million of net assets. The Company recorded the loss on disposal of the After Hours Formalwear business of \$7 million on a pre-tax and after-tax basis, or \$.01 per diluted share.

Discontinued operations included net sales of approximately \$27 million for the 13 weeks ended May 5, 2007. No consolidated interest expense had been allocated to discontinued operations. For the 13 weeks ended May 5, 2007, the loss from discontinued operations, including the loss on disposal of the Company's After Hours Formalwear business, totaled \$22 million before income taxes, with a related income tax benefit of \$6 million.

In connection with the sale of the David's Bridal and Priscilla of Boston businesses, the Company agreed to indemnify the buyer and related parties of the buyer for certain losses or liabilities incurred by the buyer or such related parties with respect to (1) certain representations and warranties made to the buyer by the Company in connection with the sale, (2) liabilities relating to the After Hours Formalwear Business under certain circumstances, and (3) certain pre-closing tax obligations. The representations and warranties in respect of which the Company is subject to indemnification are generally limited to representations and warranties relating to the capitalization of the entities that were sold, the Company's ownership of the equity interests that were sold, the enforceability of the agreement and certain employee benefits and tax matters. The indemnity for breaches of most of these representations expired on March 31, 2008, with the exception of certain representations relating to capitalization and the Company's ownership interest, in respect of which the indemnity does not expire and is not subject to a cap or deductible.

Indemnity obligations created in connection with the sales of businesses generally do not represent added liabilities for the Company, but simply serve to protect the buyer from potential liabilities associated with particular conditions. The Company records accruals for those pre-closing obligations that are considered probable and estimable. Under FASB Interpretation No. 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others," the Company is required to record a liability for the fair value of the guarantees that are entered into subsequent to December 15, 2002. The Company has not accrued any additional amounts as a result of the indemnity arrangements summarized above as the Company believes the fair value of these arrangements is not material.

5. Earnings (Loss) Per Share

The following table sets forth the computation of basic and diluted earnings (loss) per share based on income (loss) from continuing operations:

| | 13 Weeks Ended | | | |
|--|--------------------------------------|--------------|---------------|------------|
| | May 3, 2008 | | May 5, 2007 | |
| | Loss | Shares | Income | Shares |
| | (millions, except per share figures) | | | |
| Income (loss) from continuing operations and average number of shares outstanding..... | \$ (59) | 419.8 | \$ 52 | 467.2 |
| Shares to be issued under deferred compensation plans..... | | <u>1.1</u> | | <u>1.0</u> |
| | \$ (59) | 420.9 | \$ 52 | 468.2 |

| | \$ (59) | <u>420.9</u> | \$ 52 | 476.4 |
| Diluted earnings (loss) per share.... | <u>\$(.14)</u> | | <u>\$.11</u> | |

Stock options to purchase 41.6 million shares of common stock at prices ranging from \$12.79 to \$46.15 per share and 483,000 shares of restricted stock were outstanding at May 3, 2008, but were not included in the computation of diluted earnings per share for the 13 weeks ended May 3, 2008 because their inclusion would have been antidilutive.

In addition to the stock options and restricted stock reflected in the foregoing table, stock options to purchase 11.3 million shares of common stock at prices ranging from \$35.83 to \$46.15 per share and 269,000 shares of restricted stock were outstanding at May 5, 2007, but were not included in the computation of diluted earnings per share for the 13 weeks ended May 5, 2007 because their inclusion would have been antidilutive.

6. Benefit Plans

The Company has a funded defined benefit plan ("Pension Plan") and defined contribution plans, which cover substantially all employees who work 1,000 hours or more in a year. The Company also has an unfunded defined benefit supplementary retirement plan ("SERP"), which provides benefits, for certain employees, in excess of qualified plan limitations.

In addition, certain retired employees currently are provided with specified health care and life insurance benefits ("Postretirement Obligations"). Eligibility requirements for such benefits vary by division and subsidiary, but generally state that benefits are available to eligible employees who were hired prior to a certain date and retire after a certain age with specified years of service. Certain employees are subject to having such benefits modified or terminated.

The actuarially determined components of the net periodic benefit cost are as follows:

| | 13 Weeks Ended | |
|---|-------------------|----------------|
| | May 3, 2008 | May 5, 2007 |
| Pension Plan | (millions) | |

7. Accumulated Other Comprehensive Loss

The following table shows the beginning and ending balance of, and the activity associated with, accumulated other comprehensive loss, net of income tax effects, for the 13 weeks ended May 3, 2008 and May 5, 2007:

| | May 3, May 5, 2008 2007 | |

8. Legal Settlement

The Company is subject to a wage and hour class action in California. As a result of developments occurring in the 13 weeks ended May 3, 2008, the Company concluded that it is probable that a loss of approximately \$23 million will

be incurred to settle this legal matter and has recorded this estimated amount as part of selling, general and administrative expenses. However, because this settlement is subject to court approval, there can be no assurance that the outcome of the legal matter will not result in an additional loss.

9. Condensed Consolidating Financial Information

Macy's, Inc. ("Parent") has fully and unconditionally guaranteed certain long-term debt obligations of its wholly-owned subsidiary, Macy's Retail Holdings, Inc. ("Subsidiary Issuer"). "Other Subsidiaries" includes all other direct subsidiaries of Parent, including FDS Bank, Leadville Insurance Company and Snowdin Insurance Company and, prior to the date of disposition, After Hours Formalwear, Inc. MACY'S, INC.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

For purposes of the following discussion, all references to "first quarter of 2008" and "first quarter of 2007" are to the Company's 13-week fiscal periods ended May 3, 2008 and May 5, 2007, respectively.

The Company is a retail organization operating retail stores that sell a wide range of merchandise, including men's, women's and children's apparel and accessories, cosmetics, home furnishings and other consumer goods in 45 states, the District of Columbia, Guam and Puerto Rico. The Company operates coast-to-coast under two retail brands - Macy's and Bloomingdale's.

In 2003, the Company commenced the implementation of a strategy to more fully utilize its Macy's brand, converting all of the Company's regional store nameplates to the Macy's nameplate. This strategy allowed the Company to magnify the impact of its marketing efforts on a nationwide basis, as well as to leverage major events such as the Macy's Thanksgiving Day Parade and Macy's 4th of July fireworks.

In early 2004, the Company announced a further step in reinventing its department stores - the creation of a centralized organization to be responsible for the overall strategy, merchandising and marketing of home-related categories of business in all of its Macy's-branded stores. While its benefits have taken longer to be realized, the centralized operation is still expected to accelerate future sales in these categories largely by improving and further differentiating the Company's home-related merchandise assortments.

For the past several years, the Company has been focused on four key priorities for improving the business over the longer term: (i) differentiating and editing merchandise assortments; (ii) simplifying pricing; (iii) improving the overall shopping experience; and (iv) communicating better with customers through more brand focused and effective marketing.

In 2005, the Company launched a new nationwide Macy's customer loyalty program, called Star Rewards, in coordination with the launch of the Macy's nameplate in cities across the country. The program provides an enhanced level of benefits to Macy's best credit card customers.

On August 30, 2005, the Company completed its merger with The May Department Stores Company ("May") (the "Merger"). The Company added about 400 Macy's locations nationwide in 2006 as it converted the regional department store nameplates acquired through the Merger. In conjunction with the conversion process, the Company identified certain store locations and distribution center facilities to be divested.

Following the Merger, the Company announced its intention to sell the acquired Lord & Taylor division of May and the acquired May bridal group business (which included David's Bridal, After Hours Formalwear and Priscilla of Boston). The sale of the Lord & Taylor division was completed in October 2006, the sale of David's Bridal and Priscilla of Boston was completed in January 2007 and the sale of After Hours Formalwear was completed in April 2007. As a result of the Company's disposition of the Lord & Taylor division and bridal group business, these businesses were reported as discontinued operations. Unless otherwise indicated, the following discussion relates to the Company's continuing operations.

In February 2008, the Company announced a new initiative to strengthen local market focus and enhance selling service expected to enable the Company to both accelerate same-store sales growth and reduce expense. The localization initiative, called "My Macy's," was developed with the goal to accelerate sales growth in existing locations by ensuring that core customers surrounding each Macy's store find merchandise assortments, size ranges, marketing programs and shopping experiences that are custom-tailored to their needs. To maximize the results from My Macy's, the Company is taking action in certain markets that will: concentrate more management talent in local markets, effectively reducing the "span of control" over local stores; create new positions in the field to work with division central planning and buying executives in helping to understand and act on the merchandise needs of local customers; and empower locally based executives to make more and better decisions. In combination with the localization initiative, the Company commenced the consolidation of the Minneapolis-based Macy's North organization into New York-based Macy's East, the St. Louis-based Macy's Midwest organization into Atlanta-based Macy's South and the Seattle-based Macy's Northwest organization into San Francisco-based Macy's West. The Atlanta-based division was renamed Macy's Central. The savings from the division consolidation process, net of the

amount invested in localization initiatives and increased store staffing levels, are expected to reduce selling, general and administrative (SG&A) expenses by approximately \$100 million per year, beginning in 2009. The partial-year reduction in SG&A expenses for 2008 is estimated at approximately \$60 million. The Company anticipates incurring approximately \$150 million in human resource-related division consolidation costs in fiscal 2008.

The Company's operations are impacted by competitive pressures from department stores, specialty stores, mass merchandisers and all other retail channels. The Company's operations are also impacted by general consumer spending levels, which are affected by general economic conditions, consumer confidence and employment levels, the availability and cost of consumer credit, the level of consumer debt, the costs of basic necessities and other goods, weather conditions and other factors over which the Company has little or no control.

In recent periods, there have been substantial increases in the costs of basic necessities, such as food, motor fuels, heating oil, natural gas and electricity. Sustained increases in the cost of such items could reduce the amount of funds that consumers are willing and able to spend for other goods, including some of the merchandise offered by the Company. In addition to adversely affecting the unit volumes of merchandise sold by the Company, such reductions in consumer spending could adversely affect the sales prices for the merchandise offered by the Company (and, accordingly, the Company's gross margin), as the Company is required to take markdowns on its merchandise in order to keep its inventories current. Based on its assessment of market conditions and its recent performance, the Company is assuming that its comparable store sales in fiscal 2008 will be in the range of down 1.0% to up 1.5% from levels in fiscal 2007.

The Company cannot predict whether, when or the manner in which the economic conditions described above will change.

The following discussion should be read in conjunction with our Consolidated Financial Statements and the related notes included elsewhere in this report. The following discussion contains forward looking statements that reflect the Company's plans, estimates and beliefs. The Company's actual results could materially differ from those discussed in these forward looking statements. Factors that could cause or contribute to those differences include, but are not limited to, those discussed below and elsewhere in this report (particularly in "Forward Looking Statements") and in the 2007 10-K (particularly in "Risk Factors").

MACY'S, INC.

Results of Operations

Comparison of the 13 Weeks Ended May 3, 2008 and May 5, 2007

The net loss for the first quarter of 2008 was \$59 million, compared to net income of \$36 million in the first quarter of 2007. The net loss for the first quarter of 2008 includes the impact of \$87 million of division consolidation costs. The net income for the first quarter of 2007 included income from continuing operations of \$52 million and a loss from discontinued operations of \$16 million. Income from continuing operations in the first quarter of 2007 included the impact of \$36 million of May integration costs. The loss from discontinued operations in the first quarter of 2007 included the loss on disposal of the After Hours Formalwear business of \$7 million on a pre-tax and after-tax basis.

Net sales for the first quarter of 2008 totaled \$5,747 million, compared to net sales of \$5,921 million for the first quarter of 2007, a decrease of \$174 million or 2.9%. On a comparable store basis (sales from the continuing businesses of stores in operation throughout the first quarter of 2007 and the first quarter of 2008 and all direct to customer sales), net sales for the first quarter of 2008 were down 2.6% compared to the first quarter of 2007. By family of business, sales in the first quarter of 2008 were strongest in young men's, men's collections, men's furnishings, cosmetics, watches, handbags, furniture, mattresses and housewares. The weaker businesses during the quarter were women's ready to wear and home textiles.

Cost of sales was \$3,527 million or 61.4% of net sales for the first quarter of 2008, compared to \$3,564 million or 60.2% of net sales for the first quarter of 2007, a decrease of \$37 million. The cost of sales rate for the first quarter of 2008 reflects higher net markdowns as a percent of net sales intended to keep inventories current. The valuation of merchandise inventories on the last-in, first-out basis did not impact cost of sales in either period.

SG&A expenses were \$2,103 million or 36.6% of net sales for the first quarter of 2008, compared to \$2,113 million or 35.7% of net sales for the first quarter of 2007, a decrease of \$10 million. Included in SG&A expenses in the first quarter of 2008 is an accrual related to a potential legal settlement of \$23 million. The SG&A rate as a percent to sales was higher in the first quarter of 2008, compared to the first quarter of 2007, primarily because of weaker sales as well as the reserve for the potential litigation settlement. SG&A expenses in the first quarter of 2008 included lower depreciation and amortization expenses and lower stock-based compensation expenses compared to the first quarter of 2007. Depreciation and amortization expense was \$315 million for the first quarter of 2008, compared to \$329 million for the first quarter of 2007. Stock-based compensation expense was \$21 million for the first quarter of 2008, compared to \$28 million for the first quarter of 2007.

Division consolidation costs for the first quarter of 2008 amounted to \$87 million, primarily relating to severance costs and other human resource-related costs.

May integration costs for the first quarter of 2007 amounted to \$36 million, primarily related to additional costs related to closed locations, system conversion costs and costs related to other operational consolidations.

Net interest expense was \$136 million for the first quarter of 2008, compared to \$125 million for the first quarter of 2007, an increase of \$11 million. The increase in net interest expense for the first quarter of 2008, as compared to the first quarter of 2007, resulted from higher average outstanding borrowings and a decrease in income on invested cash.

The Company's effective income tax rate of 44.2% for the first quarter of 2008 and 37.2% for the first quarter of 2007 differ from the federal income tax statutory rate of 35.0%, and on a comparative basis, principally because of the effect of state and local income taxes, including the settlement of various tax issues.

For the first quarter of 2007, the loss from the discontinued operations of the acquired After Hours Formalwear business, net of income taxes, was \$16 million on sales of approximately \$27 million. The loss from discontinued operations included the loss on disposal of the After Hours Formalwear business of \$7 million on a pre-tax and after-tax basis.

Liquidity and Capital Resources

The Company's principal sources of liquidity are cash from operations, cash on hand and the available credit facilities described below.

Net cash provided by continuing operating activities in the first quarter of 2008 was \$21 million, compared to net cash used by continuing operating activities of \$370 million in the first quarter of 2007. The change in cash flow from continuing operating activities reflects a \$233 million increase in accounts payable and accrued liabilities not separately identified in the first quarter of 2008 as compared to a \$220 million decrease in the first quarter of 2007.

Net cash used by continuing investing activities was \$99 million for the first quarter of 2008, compared to net cash used by continuing investing activities of \$31 million in the first quarter of 2007. Continuing investing activities for the first quarter of 2008 include purchases of property and equipment totaling \$81 million and capitalized software of \$27 million. During the first quarter of 2008, the Company opened one new Macy's department store. Continuing investing activities for the first quarter of 2008 also include \$9 million from the disposition of property and equipment. Continuing investing activities for the first quarter of 2007 included purchases of property and equipment totaling \$125 million and capitalized software of \$25 million. The Company opened five Macy's department stores

and one Bloomingdale's department store during the first quarter of 2007. Continuing investing activities for 2007 also included \$66 million of proceeds from the disposition of the discontinued operations of After Hours Formalwear and \$52 million of proceeds from the disposal of property and equipment.

Net cash used by the Company from continuing financing activities was \$139 million for the first quarter of 2008, including the repayment of \$6 million of debt, cash dividends paid of \$55 million and a decrease in outstanding checks of \$83 million, partially offset by the issuance of \$5 million of its common stock, primarily related to the exercise of stock options. During the first quarter of 2008, the Company repurchased no shares of its common stock under its share repurchase program and anticipates no share repurchases under its share repurchase program for the remainder of fiscal 2008. Net cash used by the Company from continuing financing activities was \$309 million for the first quarter of 2007, including the acquisition of 45 million shares of its common stock at an approximate cost of \$1,991 million and cash dividends paid of \$58 million, partially offset by debt issued of \$1,600 million and the issuance of \$226 million of its common stock, primarily related to the exercise of stock options. The debt issued during the first quarter of 2007 included \$1,100 million of 5.35% senior notes due 2012 and \$500 million of 6.375% senior notes due 2037.

The Company is a party to a credit agreement with certain financial institutions providing for revolving credit borrowings and letters of credit in an aggregate amount not to exceed \$2,000 million (which may be increased to \$2,500 million at the option of the Company) outstanding at any particular time. This agreement is set to expire August 30, 2012. As of May 3, 2008, the Company had no borrowings outstanding under this agreement.

The Company also maintains an unsecured commercial paper program pursuant to which it may issue and sell commercial paper in an aggregate amount at any particular time not to exceed its then-current borrowing availability under the revolving credit facility described above. As of May 3, 2008, the Company had no outstanding borrowings under its commercial paper program.

The Company has \$500 million of 6.625% senior notes due September 1, 2008, \$150 million of 5.95% notes due November 1, 2008 and \$350 million of 6.3% senior notes due April 1, 2009.

On May 16, 2008, the Company's board of directors declared a regular quarterly dividend of 13.25 cents per share on its common stock, payable July 1, 2008, to shareholders of record at the close of business on June 13, 2008. This dividend reflects an increase of approximately two percent over the previous quarterly dividend rate of 13 cents per share.

Management believes that, with respect to the Company's current operations, cash on hand and funds from operations, together with its credit facility and other capital resources, will be sufficient to cover the Company's reasonably foreseeable working capital, capital expenditure and debt service requirements and other cash requirements in both the near term and over the longer term. The Company's ability to generate funds from operations may be affected by numerous factors, including general economic conditions and levels of consumer confidence and demand; however, the Company expects to be able to manage its working capital levels and capital expenditure amounts so as to maintain sufficient levels of liquidity. Depending upon conditions in the capital markets and other factors, the Company will from time to time consider the issuance of debt or other securities, or other possible capital markets transactions, the proceeds of which could be used to refinance current indebtedness or for other corporate purposes.

Management believes the department store business and other retail businesses will continue to consolidate. The Company intends from time to time to consider additional acquisitions of, and investments in, department stores and other complementary assets and companies. Acquisition transactions, if any, are expected to be financed from one or more of the following sources: cash on hand, cash from operations, borrowings under existing or new credit facilities and the issuance of long-term debt, commercial paper or other securities, including common stock.

Item 4. Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer have carried out, as of May 3, 2008, with the participation of the Company's management, an evaluation of the effectiveness of the Company's disclosure controls and procedures, as defined in Rule 13a-15(e) under the Exchange Act. Based upon this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective to provide reasonable assurance that information required to be disclosed by the Company in reports the Company files under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission ("SEC") rules and forms and that information required to be disclosed by the Company in the reports the Company files or submits under the Exchange Act is accumulated and communicated to the Company's management, including its Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in the Company's internal controls over financial reporting that occurred during the Company's most recently completed fiscal quarter that materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II -- OTHER INFORMATION

MACY'S, INC.

Item 1. Legal Proceedings.

On January 11, 2006, Edward Decristofaro, an alleged former May stockholder, filed a purported class action lawsuit in the Circuit Court of St. Louis, Missouri on behalf of all former May stockholders against May and the former members of the board of directors of May. The complaint generally alleges that the directors of May breached their fiduciary duties of loyalty, due care, good faith and candor to May stockholders in connection with the Merger. The plaintiffs seek rescission of the Merger or an unspecified amount of rescissory damages and costs including attorneys' fees and experts' fees. In July 2007, the court denied the defendants' motion to dismiss the case. The Company believes the lawsuit is without merit and intends to contest it vigorously.

On June 4, 2007 and June 28, 2007, respectively, each of Robert L. Garber and Marlene Blanchard separately filed a purported class action lawsuit in the United States District Court for the Southern District of New York against the Company and certain members of its senior management on behalf of persons who purchased shares of the Company's common stock between February 8, 2007 and May 15, 2007. Both complaints allege that the defendants made false and misleading statements regarding the Company's business, operations and prospects in relation to the integration of the acquired May operations, resulting in supposed "artificial inflation" of the Company's stock price during the relevant period, in violation of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder. The plaintiffs seek an unspecified amount of compensatory damages and costs. On September 5, 2007, the court consolidated the two actions as *In re Macy's, Inc. Securities Litigation*, and appointed Pinellas Park Retirement System (General Employees) as the lead plaintiff in the consolidated action. On May 20, 2008, in response to a motion by the defendants, the court dismissed the consolidated complaint in the securities litigation without prejudice, and gave the plaintiffs until June 30, 2008, to file a further amended complaint. The Company believes the lawsuit is without merit and intends to contest it vigorously.

On June 20, 2007, the Pirelli Armstrong Tire Corp. Retiree Medical Benefits Trust, an alleged stockholder of the Company, filed a stockholder derivative action in the United States District Court for the Southern District of New York. The derivative complaint charges the members of the Company's board of directors and certain members of senior management with breach of fiduciary duty and violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 thereunder, alleging that the defendants made false and misleading statements regarding the Company's business, operations and prospects in relation to the integration of the acquired May operations, resulting in supposed "artificial inflation" of the Company's stock price between August 30, 2005 and May 15, 2007. Plaintiff seeks various forms of relief from the defendants for the benefit of the Company, including unspecified money damages and disgorgement of profits from allegedly improper trading of Company stock.

On October 3, 2007, Ebrahim Shanehchian, an alleged participant in the Macy's, Inc. Profit Sharing 401(k) Investment Plan (the "401(k) Plan"), filed a purported class action lawsuit in the United States District Court for the Southern District of Ohio on behalf of persons who participated in the 401(k) Plan and The May Department Stores Company Profit Sharing Plan (the "May Plan") between February 27, 2005 and the present. The complaint charges the Company, as well as members of the Company's board of directors and certain members of senior management, with breach of fiduciary duties owed under the Employee Retirement Income Security Act ("ERISA") to participants in the 401(k) Plan and the May Plan, alleging that the defendants made false and misleading statements regarding the Company's business, operations and prospects in relation to the integration of the acquired May operations, resulting in supposed "artificial inflation" of the Company's stock price between August 30, 2005 and May 15, 2007. The plaintiff seeks an unspecified amount of compensatory damages and costs. The Company believes the lawsuit is without merit and intends to contest it vigorously.

Item 1A. Risk Factors.

There have been no material changes to the Risk Factors described in Part I, "Item 1A. Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended February 2, 2008 as filed with the SEC.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

The following table provides information regarding the Company's purchases of common stock during the first quarter of 2008:

| | Total Number of Shares Purchased (thousands) | Average Price per Share (\$) | Total Number of Shares Purchased Under Program (1) (thousands) | Open Authorization Remaining (1) (\$) (millions) |
|----------------------------|--|---------------------------------|--|---|
| - February 3, 2008 - | | | | |
| March 1, 2008 | 2 | 28.47 | - | 852 |
| March 2, 2008 | | | | |

(1) The Company's board of directors initially approved a \$500 million authorization to purchase common stock on January 27, 2000 and approved additional \$500 million authorizations on each of August 25, 2000, May 18, 2001 and April 16, 2003, additional \$750 million authorizations on each of February 27, 2004 and July 20, 2004, an additional authorization of \$2,000 million on August 25, 2006 and an additional authorization of \$4,000 million on February 26, 2007. All authorizations are cumulative and do not have an expiration date.

Item 4. Submission of Matters to a Vote of Security Holders

The Annual Meeting of the Company's stockholders was held on May 16, 2008. The Company's stockholders voted on the following items at such meeting:

(a) The stockholders approved the election of eleven Directors for a one-year term expiring at the 2009 Annual Meeting of the Company's stockholders. The votes for such elections were as follows: Stephen F. Bollenbach - 367,662,541 votes in favor and 7,724,225 votes withheld; Deirdre P. Connelly - 367,553,411 votes in favor and 7,833,355 votes withheld; Meyer Feldberg - 350,567,740 votes in favor and 24,819,026 votes withheld; Sara Levinson - 365,226,059 votes in favor and 10,160,707 votes withheld; Terry J. Lundgren - 365,787,335 votes in favor and 9,721,603 votes withheld; Joseph A. Neubauer - 364,043,990 votes in favor and 11,342,776 votes withheld; Joseph A. Pichler - 353,025,218 votes in favor and 22,361,548 votes withheld; Joyce M. Roché - 356,672,311 votes in favor and 23,943,781 votes withheld; Karl M. von der Heyden - 365,089,938 votes in favor and 10,296,828 votes withheld; Craig E. Weatherup - 351,442,985 votes in favor and 23,943,781 votes withheld; and Marna C. Whittington - 366,649,123 votes in favor and 9,049,203 votes withheld.

(b) The stockholders ratified the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2009. The votes for the ratification were 366,649,123, the votes against the ratification were 4,517,516 and the votes abstained were 4,220,125. There were no broker non-votes.

Item 5. Other Information

Forward-Looking Statements

This report and other reports, statements and information previously or subsequently filed by the Company with the SEC contain or may contain forward-looking statements. Such statements are based upon the beliefs and assumptions of, and on information available to, the management of the Company at the time such statements are made. The following are or may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995: (i) statements preceded by, followed by or that include the words "may," "will," "could," "should," "believe," "expect," "future," "potential," "anticipate," "intend," "plan," "think," "estimate" or "continue" or the negative or other variations thereof, and (ii) statements regarding matters that are not historical facts. Such forward-looking statements are subject to various risks and uncertainties, including:

risks and uncertainties relating to the possible invalidity of the underlying beliefs and assumptions;

competitive pressures from department and specialty stores, general merchandise stores, manufacturers' outlets, off-price and discount stores, and all other retail channels, including the Internet, mail-order catalogs and television;

general consumer-spending levels, including the impact of the availability and level of consumer debt, levels of consumer confidence and the effects of the weather or natural disasters;

possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions;

actions taken or omitted to be taken by third parties, including customers, suppliers, business partners, competitors and legislative, regulatory, judicial and other governmental authorities and officials;

adverse changes in relationships with vendors and other product and service providers;

risks related to currency and exchange rates and other capital market, economic and geo-political conditions;

risks associated with severe weather and changes in weather patterns;

risks associated with an outbreak of an epidemic or pandemic disease;

the potential impact of national and international security concerns on the retail environment, including any possible military action, terrorist attacks or other hostilities;

risks associated with the possible inability of the Company's manufacturers to deliver products in a timely manner or meet quality standards;

risks associated with the Company's reliance on foreign sources of production, including risks related to the disruption of imports by labor disputes;

risks related to duties, taxes, and other charges and quotas on imports; and

system failures and/or security breaches, including any security breach that results in the theft, transfer or unauthorized disclosure of customer, employee or company information, or the failure to comply with various laws applicable to the Company in the event of such a breach.

In addition to any risks and uncertainties specifically identified in the text surrounding such forward-looking statements, the statements in the immediately preceding sentence and the statements under captions such as "Risk Factors" and "Special Considerations" in reports, statements and information filed by the Company with the SEC from time to time constitute cautionary statements identifying important factors that could cause actual amounts, results, events and circumstances to differ materially from those reflected in such forward-looking statements.
