NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

(April 14, 2010)

The annual meeting of the stockholders of The Monarch Cement Company, a Kansas corporation, will be held Wednesday, April 14, 2010, at 2:00 in the afternoon of that day, at the Company's corporate offices, 449 1200 Street, Humboldt, Kansas 66748, to consider and act upon the following:

1. The election of four directors to serve until the annual meeting of the stockholders of the Company in 2013; and
2. Any other business which may properly come before the meeting; including adjourning the meeting from time to time.

The Board of Directors has fixed the close of business on February 16, 2010 as the record date for the determination of the stockholders entitled to notice of and to vote at the meeting. Only stockholders of record at that time will be entitled to vote at the meeting, or any adjournment thereof.

The Board of Directors of the Company solicits you to sign, date and return the enclosed proxy. Your proxy may be revoked at any time before it is exercised.

The Monarch Cement Company

Debra P. Roe, CPA  
Assistant Secretary

Humboldt, Kansas  
March 16, 2010

IMPORTANT NOTICE regarding the availability of proxy materials for the Annual Meeting of Stockholders to be held on April 14, 2010:

The Company's Proxy Statement, 2009 Annual Report, Form 10-K and other proxy materials are available at [www.monarchcement.com](http://www.monarchcement.com) under the "SEC Filings" tab.

---

P R O X Y

THIS PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS

The undersigned hereby appoints Walter H. Wulf, Jr., Robert M. Kissick and Byron K. Radcliff as Proxies, each with the power to appoint his substitute, and hereby authorizes them to represent and to vote all of the shares of Capital Stock and Class B Capital Stock of The Monarch Cement Company held of record by the undersigned on February 16, 2010 at the annual meeting of stockholders to be held on April 14, 2010, or any adjournment or adjournments thereof, as fully and with the same effect as the undersigned might or could do if personally present, with respect to the following business proposed by the Company to be conducted at the meeting:

- 1. ELECTION FOR all WITHHOLD AUTHORITY
  - OF nominees to vote for all
  - DIRECTORS listed below nominees listed below [ ]
  - (except as
  - marked to
  - the contrary
  - below) [ ]

(INSTRUCTION: TO WITHHOLD AUTHORITY TO VOTE FOR ANY INDIVIDUAL NOMINEE STRIKE A LINE THROUGH THE NOMINEE'S NAME IN THE LIST BELOW.)

Jack R. Callahan      Ronald E. Callaway      Robert M. Kissick      Byron K. Radcliff

2. In their discretion, the Proxies are authorized to vote upon such other business as may properly come before the meeting.

A majority of said Proxies, or their substitutes, present and acting at said meeting, or any adjournment thereof (or if only one be present and acting, that one) shall have and may exercise all of the powers of all of said Proxies. This proxy when properly executed will be voted in the manner directed herein by the undersigned stockholder. IF NO DIRECTION IS MADE, THIS PROXY WILL BE VOTED FOR THE ABOVE-NAMED NOMINEES. The undersigned hereby ratifies and confirms all that said Proxies, or any of them or their substitutes, may lawfully do or cause to be done by virtue hereof and acknowledges receipt of the notice of said meeting and the Proxy Statement accompanying it.

PLEASE SIGN EXACTLY AS NAME APPEARS.  
When shares are held by joint tenants, both should sign.  
When signing as attorney, as executor, administrator, trustee or guardian, please give full title as such. If a corporation, please sign in full corporate name by president or other authorized officer. If a partnership, please sign in partnership name by authorized person.

\_\_\_\_\_  
Signature

Dated \_\_\_\_\_, 2010.

\_\_\_\_\_  
Signature if held jointly

Please mark, sign, date and return this proxy promptly using the enclosed envelope.

Humboldt, Kansas 66748-0900

Proxy Statement for the Annual Meeting of Stockholders

(2:00 p.m., April 14, 2010)

General Information

The enclosed proxy is being solicited on behalf of the Board of Directors of The Monarch Cement Company and all expenses of the solicitation will be borne by the Company. In addition to solicitation by mail, a number of regular employees may solicit proxies in person or by telephone. The Company does not expect to pay any compensation for the solicitation of proxies. The proxy may be revoked at any time before it is exercised by giving written notice to the Secretary of the Company. Stockholders sharing the same address are provided only one proxy statement and annual report unless the Company has been notified that separate copies are desired. Stockholders sharing addresses who wish to receive a separate proxy statement or annual report should contact the Company in writing at P.O. Box 1000, Humboldt, Kansas 66748 or call 620-473-2222 to make their request. The Company will act in accordance with your wishes. The enclosed proxy and this Proxy Statement were first sent or given to the holders of Monarch stock on or about March 16, 2010.

The record date with respect to this solicitation is February 16, 2010 and only holders of Capital Stock and/or Class B Capital Stock of the Company as of the close of business on that date are entitled to vote, either in person or by proxy, at the meeting. At the close of business on that date 2,533,213 shares of Capital Stock and 1,490,985 shares of Class B Capital Stock were issued and outstanding. Holders of Capital Stock are entitled to one vote per share standing in their names on the record date. Holders of Class B Capital Stock are entitled to ten votes per share standing in their names on the record date.

Directors are elected by a plurality (a number greater than those cast for any other candidates) of the votes cast, in person or by proxy, by the stockholders entitled to vote at the annual meeting for that purpose. The affirmative vote of the holders of a majority of the votes of the Company's stock entitled to vote at the annual meeting is required for the approval of such other matters as properly may come before the annual meeting or any adjournment thereof. A stockholder entitled to vote at the meeting can withhold authority to vote for all nominees for director or can withhold authority to vote for certain nominees for director.

If you hold shares of the Company's stock directly as the shareholder of record and you give your proxy, your shares will be voted in accordance with your instructions. However, if you are the shareholder of record and you give your proxy without providing voting instructions, your proxy will be voted in accordance with the recommendation of our board of directors (that is, "FOR" the election of each nominee for director named in this proxy statement).

If your shares of the Company's stock are held in street name through a broker, they will be voted in accordance with the voting instructions that you provide. If you do not provide voting instructions, your broker is only permitted to vote your shares on proposals that are considered routine under rules of the New York Stock Exchange. As a result of recent amendments to those rules, the election of directors would not be considered to be routine. Therefore, if your shares are held in street name and you do not give instructions to your broker, your shares will not be voted in the election of directors at the meeting. This would be a "broker non-vote",

which occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved.

To the knowledge of the Company, there are no special arrangements or understandings between any of the directors and officers other than each of them acting solely in their capacity as such.

#### Election of Directors and Related Information

The Board of Directors is divided into three classes. Class I is comprised of three directors and Classes II and III are each comprised of four directors. At each annual meeting of stockholders, one class of directors is elected for a three-year term.

The four directors to be elected at the forthcoming annual meeting of stockholders will serve as directors in Class III of the Board of Directors. Their term of office will commence upon election and will continue until the 2013 annual meeting of stockholders and until their successors are elected and qualified.

The Board of Directors, acting as the nominating committee, has selected the nominees for directors. Shares represented by a proxy given pursuant to this solicitation will be voted in favor of the nominees listed below. Each nominee is currently a member of Class III of the Board of Directors. If any of such nominees should unexpectedly become unavailable for election, the shares represented by the proxy will be voted for such substituted nominee or nominees as the Board of Directors may name. Each of the nominees hereinafter named has indicated his willingness to serve if elected and it is not anticipated that any of them will become unavailable for election. The names of the nominees are as follows:

Jack R. Callahan      Ronald E. Callaway      Robert M. Kissick      Byron K. Radcliff

The Board of Directors recommends that you vote FOR the election of each of the four nominees named above as directors in Class III of the Board of Directors.

#### Nomination of Directors

The Board of Directors performs the functions of a nominating committee and selects all nominees for election at stockholder meetings. The Company does not have a separate charter with respect to the nomination of directors. The Board of Directors does not believe a separate nominating committee is necessary as the Company is not currently required to have a separate committee and the full Board of Directors desires to participate in the discussions regarding the structure, qualifications and needs of the Board. The members of the Board of Directors who participate in the nomination process are Messrs Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Robert M. Kissick, Gayle C. McMillen, Richard N. Nixon, Byron J. Radcliff, Byron K. Radcliff, Michael R. Wachter, Walter H. Wulf, Jr. and Walter H. Wulf, III. Applying the definition of the term "independent" in the Nasdaq Global Market's listing standards, Messrs Jack R. Callahan, Ronald E. Callaway, David L. Deffner, Gayle C. McMillen, Richard N. Nixon and Michael R. Wachter are independent, and Messrs

Robert M. Kissick, Byron J. Radcliff, Byron K. Radcliff, Walter H. Wulf, Jr. and Walter H. Wulf, III are not independent.

The identification and selection of director nominees is made by the members of the Board in consultation with one another. The Board has not established specific minimum qualifications for nominees, but does evaluate prospective nominees for directors based on their perceived character, judgment, independence, financial or business acumen, diversity of experience, ability to represent and act on behalf of all stockholders, as well as the needs of the Board of Directors. Other than the diversity of experience of our directors, the Board did not consider diversity in the selection of the director nominees for this annual meeting. The Board of Directors does not have a policy concerning the consideration of director candidates recommended by stockholders, as no director candidates have been recommended by stockholders in recent years. Any stockholder of the corporation entitled to vote for the election of directors at the annual meeting may make a nomination at the meeting, provided timely notice is given in writing to the secretary of the corporation. To be timely, a stockholder's notice shall be delivered to or mailed and received at the principal executive offices of the corporation not less than one hundred twenty (120) days nor more than one hundred fifty (150) days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than thirty (30) days or delayed by more than sixty (60) days from such anniversary date, notice by the stockholder to be timely must be so delivered and received not earlier than the 150th day before such annual meeting and not later than the close of business on the later of the 120th day before such annual meeting or the 10th day following the day on which public announcement of the date of such annual meeting is first made. Such stockholder's notice to the secretary shall set forth (a) as to each person whom the stockholder proposes to nominate for election or re-election as a director, (i) the name, age, business address and, if known, residence address of the proposed nominee, (ii) the principal occupation or employment of the proposed nominee, (iii) the number of shares of stock of the corporation which are owned of record and beneficially by the proposed nominee and (iv) any other information relating to the person that is required to be disclosed in solicitations for proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (the "Exchange Act"); and (b) as to the stockholder giving the notice (i) the name and record address of the stockholder and (ii) the class and number of shares of capital stock of the corporation which are owned by the stockholder. The corporation may require any proposed nominee to furnish such other information as may reasonably be required by the corporation to determine the eligibility of such proposed nominee to serve as director of the corporation. If it is determined that a nomination does not satisfy the nomination requirements, the defective nomination shall be disregarded. The Company has not received notice of any such proposed nominee.

#### Communications with Directors

The Board of Directors does not have a formal process by which stockholders may send communications to the full Board of Directors or individual directors, but stockholders can mail communications to the Board or individual members at the Company's offices at P.O. Box 1000, Humboldt, Kansas 66748-0900, to the attention of the Chief Financial Officer. The Chief Financial Officer will forward such communications to the Board or the specific Director. Stockholders are also permitted to communicate with the Board of Directors at the Company's annual meeting of stockholders. The Board is of the view that this process is sufficient for allowing stockholders to communicate with the Board.

The Company does not currently have a formal policy regarding directors' attendance at the annual meeting of stockholders, but historically all members of the Board have attended such meetings. All members of the Board attended the 2009 annual meeting of stockholders.

Information Concerning Nominees for Election to Board of Directors  
and Directors Continuing in Office (continued)

Present

Principal

Family

If the change affects only the units of a particular series issued under that agreement, the change must be approved by the holders of a majority of the outstanding units of that series; or

If the change affects the units of more than one series issued under that agreement, it must be approved by the holders of a majority of all outstanding units of all series affected by the change, with the units of all the affected series voting together as one class for this purpose.

These provisions regarding changes with majority approval also apply to changes affecting any securities issued under a unit agreement, as the governing document.

---

**Table of Contents**

In each case, the required approval must be given by written consent.

***Unit Agreements Will Not Be Qualified Under Trust Indenture Act***

No unit agreement will be qualified as an indenture, and no unit agent will be required to qualify as a trustee, under the Trust Indenture Act. Therefore, holders of units issued under unit agreements will not have the protections of the Trust Indenture Act with respect to their units.

**Mergers and Similar Transactions Permitted; No Restrictive Covenants or Events of Default**

The unit agreements will not restrict our ability to merge or consolidate with, or sell our assets to, another corporation or other entity or to engage in any other transactions. If at any time we merge or consolidate with, or sell our assets substantially as an entirety to, another corporation or other entity, the successor entity will succeed to and assume our obligations under the unit agreements. We will then be relieved of any further obligation under these agreements.

The unit agreements will not include any restrictions on our ability to put liens on our assets, including our interests in our subsidiaries, nor will they restrict our ability to sell our assets. The unit agreements also will not provide for any events of default or remedies upon the occurrence of any events of default.

**Governing Law**

The unit agreements and the units will be governed by Maryland law.

**Form, Exchange and Transfer**

We will issue each unit in global i.e., book-entry form only. Units in book-entry form will be represented by a global security registered in the name of a depositary, which will be the holder of all the units represented by the global security. Those who own beneficial interests in a unit will do so through participants in the depositary's system, and the rights of these indirect owners will be governed solely by the applicable procedures of the depositary and its participants. We will describe book-entry securities, and other terms regarding the issuance and registration of the units in the applicable prospectus supplement.

Each unit and all securities comprising the unit will be issued in the same form.

If we issue any units in registered, non-global form, the following will apply to them.

The units will be issued in the denominations stated in the applicable prospectus supplement. Holders may exchange their units for units of smaller denominations or combined into fewer units of larger denominations, as long as the total amount is not changed.

Holders may exchange or transfer their units at the office of the unit agent. Holders may also replace lost, stolen, destroyed or mutilated units at that

office. We may appoint another entity to perform these functions or perform them ourselves.

Holders will not be required to pay a service charge to transfer or exchange their units, but they may be required to pay for any tax or other governmental charge associated with the transfer or exchange. The transfer or exchange, and any replacement, will be made only if our transfer agent is satisfied with the holder's proof of legal ownership. The transfer agent may also require an indemnity before replacing any units.

If we have the right to redeem, accelerate or settle any units before their maturity, and we exercise our right as to less than all those units or other securities, we may block the exchange or transfer of those units during the period beginning 15 days before the day we mail the notice of exercise and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers of or exchange any unit selected for early settlement, except that we will continue to permit transfers and exchanges of the unsettled portion of any unit being partially settled. We may also block the transfer or exchange of any unit in this manner if the unit includes securities that are or may be selected for early settlement.

---

**Table of Contents**

Only the depositary will be entitled to transfer or exchange a unit in global form, since it will be the sole holder of the unit.

**Payments and Notices**

In making payments and giving notices with respect to our units, we will follow the procedures as described in the applicable prospectus supplement.

**DESCRIPTION OF  
COMMON STOCK**

*The following description of our common stock is not complete but is a summary of portions of our charter and is qualified entirely by reference to our charter.*

Under our charter, we have authority to issue a total of 500,000,000 shares of capital stock. Of the total shares authorized, 350,000,000 shares are designated as common stock with a par value of \$0.01 per share, 50,000,000 shares are designated as preferred stock with a par value of \$0.01 per share, and 100,000,000 shares are designated as shares-in-trust with a par value of \$0.01 per share, which would be issued only in the event that there is a purported transfer of, or other change in or affecting the ownership of, our common stock that would result in a violation of the ownership limits described below. As of August 7, 2007, (i) 168,422,862 shares of our common stock were issued and outstanding and (ii) no shares of preferred stock or shares-in-trust were issued and outstanding. Under Maryland law, stockholders generally are not liable for

the corporation's debts or obligations.

We may offer common stock issuable upon the conversion of debt securities or preferred stock, the exercise of warrants and pursuant to stock purchase contracts or in exchange for common units of limited partnership interest, or OP Units, in DCT Industrial Operating Partnership LP, our operating partnership.

### **Common Stock**

Except as may otherwise be specified in the terms of any class or series of common stock, the holders of common stock are entitled to one vote per share on all matters voted on by stockholders, including election of our directors, and, except as may be provided otherwise in our charter and subject to the express terms of any other series of stock, such holders shall have the exclusive voting power. Our charter does not provide for cumulative voting in the election of directors.

Therefore, the holders of a majority of the outstanding common stock can elect our entire board of directors, which means that the holders of a majority of the outstanding shares of our common stock can elect all of the directors then standing for election and the holders of the remaining shares will not be able to elect any directors. Subject to any preferential rights of any outstanding series of preferred stock and to the distribution of specified amounts upon liquidation with respect to shares-in-trust, the holders of common stock are entitled to such distributions as may be authorized from time to time by our board of directors in its discretion and declared by us, out of legally available

funds and, upon liquidation, are entitled to receive all assets available for distribution to stockholders. All shares issued will be validly issued, fully paid and non-assessable shares of common stock. Holders of shares of common stock will not have preemptive rights, which means that you will not have an automatic option to purchase any new shares that we issue.

#### **Preferred Stock**

Our charter authorizes our board of directors to designate and issue one or more classes or series of preferred stock without stockholder approval. Our board of directors may determine the relative rights, preferences and privileges of each class or series of preferred stock so issued, which may be more beneficial than the rights, preferences and privileges attributable to the common stock. The issuance of preferred stock could have the effect of delaying or preventing a change in control of our company. No shares of our preferred stock are presently outstanding.

#### **Power to Reclassify Shares of Our Stock**

Our charter authorizes our board of directors to classify and reclassify any unissued shares of stock into other classes or series of stock, including preferred stock. Prior to issuance of shares of each class or series, our board of directors is required by Maryland law and by our charter to set, subject to restrictions on the transfer and ownership of our stock contained in our charter, the terms of such class or series, including the preferences, conversion or other rights, voting powers, restrictions,

limitations as to dividends or other distributions, qualifications and terms or conditions of redemption for each class or series. Thus, our board of directors could authorize the issuance of shares of common stock or preferred stock with terms and conditions which could have the

---

**Table of Contents**

effect of delaying, deferring or preventing a transaction or a change in control that might involve a premium price for holders of our common stock or otherwise be in their best interests.

**Power to Issue Additional Shares of Common Stock and Preferred Stock**

We believe that the power of our board of directors to amend our charter without stockholder approval to increase the total number of authorized shares of our stock or any class or series of our stock, to issue additional authorized but unissued shares of our common stock or preferred stock and to classify or reclassify unissued shares of our common stock or preferred stock and thereafter to cause us to issue such classified or reclassified shares of stock will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs which might arise. The additional classes or series, as well as our common stock, will be available for issuance without further action by our stockholders unless stockholder action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. No shares of our preferred stock are presently outstanding. Although our board of directors has no intention at the present time of doing so, it could authorize us to issue a class or series in the future without stockholder approval that could, depending upon the terms of such class or series, delay, defer or prevent a transaction or a change in

control of us that might involve a premium price for holders of our common stock or otherwise be in their best interests.

**Restriction on Ownership of Common Stock**

In order for us to qualify as a REIT, beginning in 2004 not more than 50% in value of our outstanding shares may be owned, directly or indirectly through the application of certain attribution rules under the Code, by any five or fewer individuals, as defined in the Code to include specified entities, during the last half of any taxable year. In addition, the outstanding shares must be owned by 100 or more persons that are independent of us and each other during at least 335 days of a 12-month taxable year or during a proportionate part of a shorter taxable year, excluding our first REIT taxable year ending December 31, 2003. In addition, we must meet requirements regarding the nature of our gross income in order to qualify as a REIT. One of these requirements is that at least 75% of our gross income for each calendar year must consist of rents from real property and income from other real property investments. The rents received by our operating partnership from any tenant will not qualify as rents from real property, which could result in our loss of REIT status, if we own, actually or constructively within the meaning of certain provisions of the Code, 10% or more of the ownership interests in that tenant. Our charter contains limitations on ownership and transfer of shares which prohibit any person or entity from owning or acquiring, directly or indirectly, more than 9.8% of the outstanding shares of any

class or series of our stock, prohibit the beneficial ownership of our outstanding shares by fewer than 100 persons and prohibit any transfer of or other event or transaction with respect to our common stock that would result in the beneficial ownership of our outstanding shares by fewer than 100 persons. In addition, our charter prohibits any transfer of or other event with respect to our common stock that would cause us to violate the closely held test (see Federal Income Tax Considerations Requirements for Qualification as a REIT Organizational Requirements ), that would cause us to own, actually or constructively, 9.9% or more of the ownership interests in a tenant of our real property or the real property of our operating partnership or any direct or indirect subsidiary of our operating partnership or that would otherwise cause us to fail to qualify as a REIT. Our charter provides that any transfer of shares that would violate our share ownership limitations is void *ab initio* and the intended transferee will acquire no rights in such shares unless, in the case of a transfer that would cause a violation of the 9.8% ownership limit, the transfer is approved by our board of directors, prospectively or retroactively, based upon receipt of information that such transfer would not violate the provisions of the Code for qualification as a REIT.

The shares that, if transferred, would result in a violation of any applicable ownership limit notwithstanding the provisions described above which are attempted to be transferred will be exchanged for shares-in-trust and will be transferred automatically to a

trust effective on the day before the purported transfer of such shares. We will designate a trustee of the share trust that will not be affiliated with us or the purported transferee or record or beneficial holder. We will also name a charitable organization as beneficiary of the trust that will hold the shares-in-trust. Shares-in-trust will remain issued and outstanding shares. The trustee will receive all dividends and distributions on the shares-in-trust and will hold such distributions or distributions in trust for the benefit of the beneficiary. The trustee also will vote the shares-in-trust.

The trustee will transfer the shares-in-trust to a person whose ownership of our common stock will not violate the ownership limits. The transfer shall be made no earlier than 20 days after the later of our receipt of notice that shares have been transferred to the trust or the date we determine that a purported transfer of our common stock has occurred. During this 20-day period, we will have the option of redeeming such shares. Upon any such transfer or redemption, the purported transferee or holder shall receive a per share price equal to the lesser of (a) the price per share in the transaction that created such shares-in-trust (or, in the

---

**Table of Contents**

case of a gift or devise, the market price at the time of the gift or devise), and (b) the market price per share on the date of the redemption, in the case of a purchase by us, or the price received by the trustee net of any sales commissions and expenses, in the case of a sale by the trustee. The charitable beneficiary will receive any excess amounts. In the case of a liquidation, holders of shares-in-trust will receive a ratable amount of our remaining assets available for distribution to shares of the applicable class or series taking into account all shares-in-trust of such class or series. The trustee will distribute to the purported transferee or holder an amount equal to the lesser of the amounts received with respect to such shares-in-trust or the price per share in the transaction that created such shares-in-trust (or, in the case of a gift or devise, the market price at the time of the gift or devise) and shall distribute any remaining amounts to the charitable beneficiary.

Any person who (1) acquires or attempts to acquire shares in violation of the foregoing restrictions or who owns shares that were transferred to any such trust is required to give immediate written notice to us of such event or (2) purports to transfer or receive shares subject to such limitations is required to give us 15 days written notice prior to such purported transaction. In both cases, such persons shall provide to us such other information as we may request in order to determine the effect, if any, of such event on our status as a REIT. The foregoing restrictions will continue to apply until our board of

directors determines it is no longer in our best interest to continue to qualify as a REIT.

The 9.8% ownership limit does not apply to a person or persons which the directors exempt from the ownership limit upon appropriate assurances that our qualification as a REIT is not jeopardized. Any person who owns 5% or more (or such lower percentage applicable under Treasury regulations) of the outstanding shares during any taxable year will be asked to deliver a statement or affidavit setting forth the number of shares beneficially owned.

**Meetings, Special Voting Requirements and Access to Records**

An annual meeting of our stockholders will be held each year. Special meetings of stockholders may be called only upon the request of a majority of the directors or by the chairman, the chief executive officer or the president or, subject to the satisfaction of certain procedural and information requirements by the stockholders requesting the meeting, by our secretary upon the written request of stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such meeting. The presence either in person or by proxy of a majority of all the votes entitled to be cast at such meeting on any matter shall constitute a quorum.

Generally, a majority of the votes cast is necessary to take stockholder action at a meeting at which a quorum is present, except that a plurality of the votes cast at a meeting of stockholders duly called and at which a quorum is present is sufficient to elect a director.

Provided that such matter has first been declared advisable by our board of directors and except as otherwise provided under the Maryland General Corporation Law (the MGCL ) and our charter, stockholders are entitled to vote at a duly held meeting at which a quorum is present on (1) amendment of our charter, (2) dissolution of our company, and (3) merger, consolidation or sale or other disposition of substantially all of our assets.

Stockholders have the ability to elect to remove a director from our board or to remove the entire board, but only for cause and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors. Stockholders have rights under Rule 14a-7 under the Exchange Act which provides that, upon the request of investors and the payment of the expenses of the distribution, we are required to distribute specific materials to stockholders in the context of the solicitation of proxies for voting on matters presented to stockholders or, at our option, provide requesting stockholders with a copy of a list of our stockholders so that the requesting stockholders may make the distribution of proxies themselves. The list provided by us will include each stockholder's name, address and number of shares owned by each stockholder and will be sent within five business days of the receipt by us of the request.

**Transfer Agent and Registrar**

The transfer agent and registrar for our shares of common stock is The Bank of New York.

**DESCRIPTION OF  
PREFERRED STOCK**

*The following description summarizes the material provisions of the preferred stock we may offer. This description is not complete and is subject to, and is qualified entirely by reference to our charter, bylaws and the applicable provisions of the MGCL. Any series of preferred stock we issue will be governed by our charter (as amended and in effect as of the date of such issuance).*

---

**Table of Contents**

Our charter authorizes our board of directors to designate and issue one or more classes or series of preferred stock without stockholder approval. Our board of directors may determine the relative rights, preferences and privileges of each class or series of preferred stock so issued. No shares of our preferred stock are presently outstanding. The specific terms of any series of preferred stock offered hereunder will be described in the applicable prospectus supplement.

**DESCRIPTION OF  
DEPOSITARY SHARES**

*This section outlines some of the provisions of the deposit agreement to govern any depositary shares, the depositary shares themselves and the depositary receipts. This information may not be complete in all respects and is qualified entirely by reference to the relevant deposit agreement and depositary receipts with respect to the depositary shares related to any particular series of preferred stock. The specific terms of any series of depositary shares will be described in the applicable prospectus supplement. If so described in the prospectus supplement, the terms of that series of depositary shares may differ from the general description of terms presented below.*

**Interest in a Fractional Share, or Multiple Shares, of Preferred Stock**

We may, at our option, elect to offer depositary shares, each of which would represent an interest in a fractional share, or multiple shares, of our preferred stock

instead of whole shares of preferred stock. If so, we will allow a depositary to issue to the public depositary shares, each of which will represent an interest in a fractional share, or multiple shares, of preferred stock as described in the prospectus supplement.

#### **Deposit Agreement**

The shares of the preferred stock underlying any depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company acting as depositary with respect to those shares of preferred stock. The prospectus supplement relating to a series of depositary shares will specify the name and address of the depositary. Under the deposit agreement, each owner of a depositary share will be entitled, in proportion of its interest in a fractional share, or multiple shares, of the preferred stock underlying that depositary share, to all the rights and preferences of that preferred stock, including dividend, voting, redemption, conversion, exchange and liquidation rights.

Depositary shares will be evidenced by one or more depositary receipts issued under the deposit agreement. We will distribute depositary receipts to those persons purchasing such depositary shares in accordance with the terms of the offering made by the related prospectus supplement.

#### **Dividends and Other Distributions**

The depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock underlying the depositary shares to each record

depository shareholder based on the number of the depository shares owned by that holder on the relevant record date. The depository will distribute only that amount which can be distributed without attributing to any depository shareholders a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depository for distribution to record depository shareholders.

If there is a distribution other than in cash, the depository will distribute property to the entitled record depository shareholders, unless the depository determines that it is not feasible to make that distribution. In that case the depository may, with our approval, adopt the method it deems equitable and practicable for making that distribution, including any sale of property and the distribution of the net proceeds from this sale to the concerned holders.

Each deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights we offer to holders of the relevant series of preferred stock will be made available to depository shareholders.

The amount distributed in all of the foregoing cases will be reduced by any amounts required to be withheld by us or the depository on account of taxes and governmental charges.

**Withdrawal of Preferred Stock**

Upon surrender of depository receipts at the office of the depository and upon payment of the charges provided in the

deposit agreement and  
subject to the terms thereof, a  
holder of depositary receipts  
is entitled to have the  
depositary deliver to such  
holder the applicable number  
of shares of preferred stock  
underlying the depositary  
shares evidenced by the  
surrendered depositary

---

**Table of Contents**

receipts. There may be no market, however, for the underlying preferred stock and once the underlying preferred stock is withdrawn from the depositary, it may not be redeposited.

**Redemption and Liquidation**

The terms on which the depositary shares relating to the preferred stock of any series may be redeemed, and any amounts distributable upon our liquidation, dissolution or winding up, will be described in the applicable prospectus supplement.

**Voting**

Upon receiving notice of any meeting at which preferred stockholders of any series are entitled to vote, the depositary will mail the information contained in that notice to the record depositary shareholders relating to those series of preferred stock. Each depositary shareholder on the record date will be entitled to instruct the depositary on how to vote the shares of preferred stock underlying that holder's depositary shares. The depositary will vote the shares of preferred stock underlying those depositary shares according to those instructions, and we will take reasonably necessary actions to enable the depositary to do so. If the depositary does not receive specific instructions from the depositary shareholders relating to that preferred stock, it will abstain from voting those shares of preferred stock, unless otherwise discussed in the prospectus supplement.

**Amendment and  
Termination of Deposit  
Agreement**

We and the depositary may amend the depositary receipt form evidencing the depositary shares and the related deposit agreement. However, any amendment that significantly affects the rights of the depositary shareholders will not be effective unless holders of a majority of the outstanding depositary shares approve that amendment. No amendment, however, may impair the right of any depositary shareholder to receive any money or other property to which he may be entitled under the terms of the deposit agreement at the times and in the manner and amount provided for therein. We or the depositary may terminate a deposit agreement only if:

we redeemed or reacquired all outstanding depositary shares relating to the deposit agreement;

all outstanding depositary shares have been converted (if convertible) into shares of common stock or another series of preferred stock; or

there has been a final distribution in respect of the preferred stock of any series in connection with our liquidation, dissolution or winding up and such distribution has been made to the related depositary shareholders.

**Charges of Depositary**

We will pay all transfer and other taxes and governmental charges arising solely from

the existence of the depositary arrangements. We will also pay all charges of each depositary in connection with the initial deposit and any redemption of the preferred stock. Depositary shareholders will be required to pay any other transfer and other taxes and governmental charges and any other charges expressly provided in the deposit agreement to be for their accounts.

#### **Miscellaneous**

Each depositary will forward to the relevant depositary shareholders all our reports and communications that we are required to furnish to preferred stockholders of any series.

The deposit agreement will contain provisions relating to adjustments in the fraction of a share of preferred stock represented by a depositary share in the event of a change in par value, split-up, combination or other reclassification of the preferred stock or upon any recapitalization, merger or sale of substantially all of our assets.

Neither the depositary nor our company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under any deposit agreement, or subject to any liability under the deposit agreement to holders of depositary receipts other than for the relevant party's gross negligence or willful misconduct. The obligations of our company and each depositary under any deposit agreement will be limited to performance in good faith of their duties under that agreement, and

---

**Table of Contents**

they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless they are provided with satisfactory indemnity. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, depositary shareholders or other persons believed to be competent and on documents believed to be genuine.

**Resignation and Removal of Depositary**

A depositary may resign at any time by issuing us a notice of resignation, and we may remove any depositary at any time by issuing it a notice of removal. Resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment. That successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal.

**DESCRIPTION OF DEBT SECURITIES**

**Debt Securities May Be Senior or Subordinated**

DCT Industrial Trust Inc. may issue senior or subordinated debt securities at one or more times in one or more series. Each series of debt securities may have different terms. Neither the senior debt securities nor the subordinated debt securities will be secured by any property or assets of DCT Industrial Trust Inc., DCT Industrial Operating Partnership LP or any of their respective subsidiaries. Thus,

by owning a debt security,  
you are an unsecured creditor  
of DCT Industrial Trust Inc.

Neither any limited or  
general partner of DCT  
Industrial Operating  
Partnership LP, including  
DCT Industrial Trust Inc.,  
nor any principal,  
stockholder, officer, director,  
trustee or employee of any  
limited or general partner of  
including DCT Industrial  
Trust Inc. or DCT Industrial  
Operating Partnership LP or  
of any successor of any  
limited or general partner of  
DCT Industrial Operating  
Partnership LP has any  
obligation for payment of  
debt securities or for any of  
DCT Industrial Trust Inc.'s  
obligations, covenants or  
agreements contained in the  
debt securities or the  
applicable indenture. By  
accepting the debt securities,  
you waive and release all  
liability of this kind. The  
waiver and release are part of  
the consideration for the  
issuance of debt securities.

The senior debt securities of  
DCT Industrial Trust Inc.  
will be issued under the  
senior debt indenture, as  
described below, and will  
rank equally with all of DCT  
Industrial Trust Inc.'s other  
senior unsecured and  
unsubordinated debt.

The subordinated debt  
securities of DCT Industrial  
Trust Inc. will be issued  
under the subordinated debt  
indenture, as described  
below, and will be  
subordinate in right of  
payment to all of DCT  
Industrial Trust Inc.'s senior  
indebtedness, as defined in  
the subordinated debt  
indenture, as described under  
Description of Debt  
Securities Subordination  
Provisions beginning on page  
28 and in the prospectus  
supplement. The prospectus

supplement for any series of subordinated debt securities or the information incorporated in this prospectus by reference will indicate the approximate amount of senior indebtedness outstanding as of the end of DCT Industrial Trust Inc.'s most recent fiscal quarter. None of the indentures limit DCT Industrial Trust Inc.'s ability to incur additional senior indebtedness, unless otherwise described in the prospectus supplement relating to any series of debt securities.

DCT Industrial Trust Inc. senior indebtedness will be structurally subordinate to the indebtedness of DCT Industrial Operating Partnership LP and will be structurally subordinate to the indebtedness of the subsidiaries of DCT Industrial Operating Partnership LP. See DCT Industrial Trust Inc.'s Debt Securities Are Structurally Subordinated to Indebtedness of DCT Industrial Operating Partnership LP and DCT Industrial Operating Partnership LP's Subsidiaries below.

When we refer to senior debt securities in this prospectus, we mean the senior debt securities of DCT Industrial Trust Inc., unless the context requires otherwise. When we refer to subordinated debt securities in this prospectus, we mean the subordinated debt securities of DCT Industrial Trust Inc., unless the context requires otherwise. When we refer to debt securities in this prospectus, we mean both the senior debt securities and the subordinated debt securities, unless the context requires otherwise.

If we issue debt securities at a discount from their principal amount, then, for purposes of calculating the aggregate initial offering price of the offered securities issued under this prospectus, we will include only the initial offering price of the debt securities and not the principal amount of the debt securities.

---

**Table of Contents**

We have summarized below the material provisions of the indentures and the debt securities, or indicated which material provisions will be described in the related prospectus supplement. The prospectus supplement relating to any particular securities offered will describe the specific terms of the securities, which may be in addition to or different from the general terms summarized in this prospectus. Because the summary in this prospectus and in any prospectus supplement does not contain all of the information that you may find useful, you should read the documents relating to the securities that are described in this prospectus or in any applicable prospectus supplement. Please read

Where You Can Find More Information beginning on page 69 to find out how you can obtain a copy of those documents.

**The Senior Debt Indenture and the Subordinated Debt Indenture of DCT Industrial Trust Inc.**

The senior debt securities of DCT Industrial Trust Inc. will be issued under an indenture, dated as of a date prior to such issuance, between DCT Industrial Trust Inc. as the issuer of the debt securities, and U.S. Bank National Association ( U.S. Bank ), as trustee, as amended or supplemented from time to time. We will refer to any such indenture throughout this prospectus as the senior indenture. The subordinated debt securities of DCT Industrial Trust Inc. will be issued under a separate indenture, dated as of a date prior to such

issuance, between DCT Industrial Trust Inc. as the issuer of the debt securities, and U.S. Bank, as trustee, as amended or supplemented from time to time. We will refer to any such indenture throughout this prospectus as the subordinated indenture and to a trustee under any senior or subordinated indenture as the trustee.

The indentures will be subject to and governed by the Trust Indenture Act of 1939. We included copies of the indentures as exhibits to our registration statement and they are incorporated into this prospectus by reference. Except as otherwise indicated, the terms of the indentures are identical. As used in this prospectus, the term debt securities includes the debt securities being offered by this prospectus and all other debt securities issued by DCT Industrial Trust Inc. under the indentures. When we refer to the indenture or the trustee with respect to any debt securities of DCT Industrial Trust Inc., we mean the indenture under which those debt securities are issued and the trustee under that indenture.

### **General**

The indentures:

do not limit the amount of debt securities that we may issue;

allow us to issue debt securities with terms different from those of the debt securities previously issued under the indenture;

## Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

allow us to issue debt securities in one or more series;

do not require us to issue all of the debt securities of a series at the same time;

allow us to reopen a series to issue additional debt securities without the consent of the holders of the debt securities of such series; and

provide that the debt securities will be unsecured.

Except as described under Description of Debt Securities Merger, Consolidation or Sale of Assets beginning on page 22 or as may be set forth in the applicable prospectus supplement, the debt securities will not contain any provisions that (1) would limit our ability to incur indebtedness or (2) would afford holders of debt securities protection in the event of (a) a highly leveraged or similar transaction involving DCT Industrial Trust Inc., DCT Industrial Operating Partnership LP or any of their respective affiliates or (b) a change of control or reorganization, restructuring, merger or similar transaction involving us that may adversely affect the holders of the debt securities. In the future, we may enter into transactions, such as the sale of all or substantially all of our assets or a merger or consolidation, that may have an adverse effect on our ability to service our indebtedness, including the debt securities, by, among other things, substantially reducing or eliminating our assets. Neither governing law, nor our governing

instruments, define the term substantially all as it relates to the sale of assets. Consequently, to determine whether a sale of substantially all of our assets has occurred, a holder of debt securities must review the financial and other information that we have disclosed to the public.

---

**Table of Contents**

Each indenture provides that we may, but need not, designate more than one trustee under an indenture. Any trustee under an indenture may resign or be removed and a successor trustee may be appointed to act with respect to the series of debt securities administered by the resigning or removed trustee. If two or more persons are acting as trustee with respect to different series of debt securities, each trustee shall be a trustee of a trust under the applicable indenture separate and apart from the trust administered by any other trustee. Except as otherwise indicated in this prospectus, any action described in this prospectus to be taken by each trustee may be taken by each trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee under the applicable indenture.

**Information in the Prospectus Supplement**

When we refer to a series of debt securities, we mean a series issued under the applicable indenture. When we refer to a prospectus supplement, we mean the prospectus supplement describing the specific terms of the debt securities of a particular series being offered. The terms used in any prospectus supplement have the meanings described in this prospectus, unless otherwise specified.

We will describe most of the financial and other specific terms of a particular series of debt securities being offered, whether it be a series of the senior debt securities or subordinated debt securities,

in a prospectus supplement accompanying this prospectus. Those terms may vary from the terms described here.

The applicable prospectus supplement will also contain the terms of a given offering, the initial offering price and our net proceeds. Where applicable, a prospectus supplement will also describe any material U.S. federal income tax considerations relating to the debt securities offered and indicate whether the securities offered are or will be listed on any securities exchange.

Disclosure of the specific terms of a particular series of debt securities in the applicable prospectus supplement may include some or all of the following:

the title of the debt securities;

whether they are senior debt securities or subordinated debt securities and, if they are subordinated debt securities, any changes in the subordination provisions described in this prospectus applicable to those subordinated debt securities;

the aggregate principal amount of the debt securities being offered, the aggregate principal amount of the debt securities outstanding as of the most recent practicable date and any limit on their aggregate principal amount, including the aggregate principal amount of debt securities authorized;

the stated maturity;

the price at which the debt securities will be issued, expressed as a percentage of the principal amount, and the original issue date;

the portion of the principal payable upon declaration of acceleration of the maturity, if other than the principal amount;

the date or dates, or the method for determining the date or dates, on which the principal of the debt securities will be payable;

the fixed or variable interest rate or rates of the debt securities, or the method by which the interest rate or rates is determined;

the date or dates, or the method for determining the date or dates, from which interest will accrue;

the dates on which interest will be payable;

the record dates for interest payment dates, or the method by which we will determine those dates;

the persons to whom interest will be payable;

---

**Table of Contents**

the basis upon which interest will be calculated if other than that of a 360-day year of twelve 30-day months;

any make-whole amount, which is the amount in addition to principal and interest that is required to be paid to the holder of a debt security as a result of any optional redemption or accelerated payment of such debt security, or the method for determining the make-whole amount;

whether the debt securities may be converted into common stock or preferred stock of DCT Industrial Trust Inc. or other securities, the terms on which such conversion may occur, including whether such conversion is mandatory, at the option of the holder or at our option, the period during which such conversion may occur, the initial conversion price or rate, and the circumstances or manner in which the shares of common stock or preferred stock issuable upon conversion may be adjusted or calculated according to the market price of DCT Industrial Trust Inc. common stock or preferred stock or such other securities or other applicable parameters;

the place or places where the principal of, and any premium (or make-whole amount) and interest on, the debt securities will be payable;

## Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

where the debt securities may be surrendered for registration of transfer or exchange;

where notices or demands to or upon us in respect of the debt securities and the applicable indenture may be served;

the times, prices and other terms and conditions upon which we may redeem the debt securities;

any obligation we have to redeem, repay or purchase the debt securities pursuant to any sinking fund or analogous provision or at the option of holders of the debt securities, and the times and prices at which we must redeem, repay or purchase the debt securities as a result of such an obligation;

any deletions from, modifications of, or additions to our events of default or covenants, and any change in the right of any trustee or any of the holders to declare the principal amount of any of such debt securities due and payable;

the denominations in which the debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple of \$1,000;

the currency or currencies in which the debt securities are denominated and in which principal and/or interest is payable

if other than United States dollars, which may be a foreign currency or units of two or more foreign currencies or a composite currency or currencies, and the terms and conditions relating thereto, and the manner of determining the equivalent of such foreign currency in United States dollars;

whether the principal of, and any premium (or make-whole amount) or interest on, the debt securities of the series are to be payable, at our election or at the election of a holder, in a currency or currencies other than that in which the debt securities are denominated or stated to be payable, and other related terms and conditions;

whether the amount of payments of principal of, and any premium (or make-whole amount) or interest on, the debt securities may be determined according to an index, formula or other method and how such amounts will be determined;

whether the debt securities will be in registered form, bearer form or both and (1) if in registered form, the person to whom any interest shall be payable, if other than the person in whose name the security is registered at the close of business on the regular record date for such interest, or (2) if in bearer form, the manner in which, or the person to whom, any interest on the security shall be payable if otherwise than upon presentation and surrender

upon maturity;

the identity of the  
depository for securities in  
registered form, if such  
series are to be issuable as  
a global security;

---

**Table of Contents**

any restrictions applicable to the offer, sale or delivery of securities in bearer form and the terms upon which securities in bearer form of the series may be exchanged for securities in registered form of the series and vice versa if permitted by applicable laws and regulations;

whether any debt securities of the series are to be issuable initially in temporary global form and whether any debt securities of the series are to be issuable in permanent global form with or without coupons and, if so, whether beneficial owners of interests in any such permanent global security may or shall be required to exchange their interests for other debt securities of the series, and the manner in which interest shall be paid;

the date as of which any debt securities in bearer form or in temporary global form shall be dated if other than the original issuance date of the first security of the series to be issued;

the applicability, if any, of the defeasance and covenant defeasance provisions described in this prospectus or in the applicable indenture;

whether and under what circumstances we will pay any additional amounts on the debt securities in

respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities in lieu of making such a payment;

the circumstances, if any, under which beneficial owners of interests in the global security may obtain definitive debt securities and the manner in which payments on a permanent global debt security will be made if any debt securities are issuable in temporary or permanent global form;

any provisions granting special rights to holders of securities upon the occurrence of such events as specified in the applicable prospectus supplement;

the name of the applicable trustee and the nature of any material relationship with us or with any of our affiliates, and the percentage of debt securities of the class necessary to require the trustee to take action; and

any other terms of such debt securities not inconsistent with the provisions of the applicable indenture.

***Original Issue Discount Securities***

We may issue debt securities at a discount below their principal amount and provide for less than the entire principal amount thereof to be payable upon declaration of acceleration of the maturity thereof. We will

refer to any such debt securities throughout this prospectus as original issue discount securities. A fixed rate debt security, a floating rate debt security or an indexed debt security may be an original issue discount debt security. The applicable prospectus supplement will describe the material federal income tax consequences and other relevant considerations applicable to original issue discount securities.

***Fixed Rate Debt Securities***

We may issue fixed rate debt securities. A debt security of this type will bear interest at a fixed rate described in the applicable prospectus supplement. This type includes zero coupon debt securities, which bear no interest and are instead issued at a price usually significantly lower than the principal amount. Each fixed rate debt security, except any zero coupon debt security, will bear interest from its original issue date or from the most recent date to which interest on the debt security has been paid or made available for payment. Interest will accrue on the principal of a fixed rate debt security at the fixed yearly rate stated in the applicable prospectus supplement, until the principal is paid or made available for payment or the debt security is exchanged. Each payment of interest due on an interest payment date or the date of maturity will include interest accrued from and including the last date to which interest has been paid, or made available for payment, or from the issue date if none has been paid or made available for payment, to but excluding the interest payment date or the date of maturity. Unless otherwise disclosed in the applicable prospectus supplement, we will compute interest on

Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

fixed rate debt securities on  
the basis of a 360-day year of  
twelve 30-day months.

---

**Table of Contents**

***Floating Rate Debt Securities***

We may issue floating rate debt securities. A debt security of this type will bear interest at rates that are determined by reference to an interest rate formula. In some cases, the rates may also be adjusted by adding or subtracting a spread or multiplying by a spread multiplier and may be subject to a minimum rate or a maximum rate. If a debt security is a floating rate debt security, the formula and any adjustments that apply to the interest rate will be specified in the applicable prospectus supplement.

Each floating rate debt security will bear interest from its original issue date or from the most recent date to which interest on the debt security has been paid or made available for payment. Interest will accrue on the principal of a floating rate debt security at the yearly rate determined according to the interest rate formula stated in the applicable prospectus supplement, until the principal is paid or made available for payment or the security is exchanged.

Calculations relating to floating rate debt securities will be made by the calculation agent, an institution that we appoint as our agent for this purpose. The prospectus supplement for a particular floating rate debt security will name the institution that we have appointed to act as the calculation agent for that debt security as of its original issue date. We may appoint a different institution to serve as calculation agent from time to time after the original

issue date of the debt security without your consent and without notifying you of the change.

For each floating rate debt security, the calculation agent will determine, on the corresponding interest calculation or determination date, as described in the applicable prospectus supplement, the interest rate that takes effect on each interest reset date. In addition, the calculation agent will calculate the amount of interest that has accrued during each interest period i.e., the period from and including the original issue date, or the last date to which interest has been paid or made available for payment, to but excluding the payment date. For each interest period, the calculation agent will calculate the amount of accrued interest by multiplying the face or other specified amount of the floating rate debt security by an accrued interest factor for the interest period. This factor will equal the sum of the interest factors calculated for each day during the interest period. The interest factor for each day will be expressed as a decimal and will be calculated by dividing the interest rate, also expressed as a decimal, applicable to that day by 360 or by the actual number of days in the year, as specified in the applicable prospectus supplement.

Upon the request of the holder of any floating rate debt security, the calculation agent will provide for that debt security the interest rate then in effect and, if determined, the interest rate that will become effective on the next interest reset date. The calculation agent's determination of any interest rate, and its calculation of the

amount of interest for any interest period, will be final and binding in the absence of manifest error.

All percentages resulting from any calculation relating to a debt security will be rounded upward or downward, as appropriate, to the next higher or lower one hundred-thousandth of a percentage point, e.g., 9.876541% (or .09876541) being rounded down to 9.87654% (or .0987654) and 9.876545% (or .09876545) being rounded up to 9.87655% (or .0987655). All amounts used in or resulting from any calculation relating to a floating rate debt security will be rounded upward or downward, as appropriate, to the nearest cent, in the case of U.S. dollars, or to the nearest corresponding hundredth of a unit, in the case of a currency other than U.S. dollars, with one-half cent or one-half of a corresponding hundredth of a unit or more being rounded upward.

In determining the base rate that applies to a floating rate debt security during a particular interest period, the calculation agent may obtain rate quotes from various banks or dealers active in the relevant market, as described in the applicable prospectus supplement. Those reference banks and dealers may include the calculation agent itself and its affiliates, as well as any underwriter, dealer or agent participating in the distribution of the relevant floating rate debt securities and its affiliates.

#### ***Indexed Debt Securities***

We may issue indexed debt securities. Payments of principal of, and premium and interest on, indexed debt securities are determined

with reference to the rate of exchange between the currency or currency unit in which the debt security is denominated and any other currency or currency unit specified by us, to the relationship between two or more currencies or currency units or by other similar methods or formulas specified in the prospectus supplement. A debt security of this type provides that the principal amount payable at its maturity, and the amount of interest payable on an interest payment date, will be determined by reference to:

---

**Table of Contents**

securities of one or more issuers;

one or more currencies;

one or more commodities;

any other financial, economic or other measure or instrument, including the occurrence or non-occurrence of any event or circumstance; or

one or more indices or baskets of the items described above.

If you are a holder of an indexed debt security, you may receive an amount at maturity that is greater than or less than the face amount of your debt security depending upon the value of the applicable index at maturity. The value of the applicable index will fluctuate over time.

We will provide you with more information in the applicable prospectus supplement regarding any deletions, modifications, or additions to the events of default or covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

**Amounts That We May Issue**

None of the indentures limit the aggregate amount of debt securities that we may issue or the number of series or the aggregate amount of any particular series. In addition, the indentures and the debt

securities do not limit DCT Industrial Trust Inc.'s ability to incur other indebtedness or to issue other securities, unless otherwise described in the prospectus supplement relating to any series of debt securities. Also, DCT Industrial Trust Inc. is not subject to financial or similar restrictions by the terms of the debt securities, unless otherwise described in the prospectus supplement relating to any series of debt securities.

### **Payment**

Unless we give you different information in the applicable prospectus supplement, the principal of, and any premium (or make-whole amount) and interest on, any series of the debt securities will be payable at the corporate trust office of the applicable trustee. We will provide you with the address of the trustee in the applicable prospectus supplement. We may also pay interest by mailing a check to the address of the person entitled to it as it appears in the applicable register for the debt securities or by wire transfer of funds to that person at an account maintained within the United States.

All monies that we pay to a paying agent or a trustee for the payment of the principal of, and any premium (or make-whole amount) or interest on, any debt security will be repaid to us if unclaimed at the end of two years after the obligation underlying payment becomes due and payable. After funds have been returned to us, the holder of the debt security may look only to us for payment, without payment of interest for the period which we hold the funds.

**DCT Industrial Trust Inc. s  
Debt Securities Are  
Structurally Subordinated  
to Indebtedness of DCT  
Industrial Operating  
Partnership LP and DCT  
Industrial Operating  
Partnership LP s  
Subsidiaries, Respectively**

DCT Industrial Trust Inc. s indebtedness is structurally subordinate to debt of DCT Industrial Operating Partnership LP. In addition, because DCT Industrial Trust Inc. s assets consist principally of interests in DCT Industrial Operating Partnership LP and because DCT Industrial Operating Partnership LP s assets consist principally of interests in the subsidiaries through which we own our properties and conduct our business, our right to participate as an equity holder in any distribution of assets of any of our subsidiaries upon the subsidiary s liquidation or otherwise, and thus the ability of our security holders to benefit from the distribution, is junior to creditors of the applicable subsidiary, except to the extent that any claims we may have as a creditor of such subsidiary are recognized. Furthermore, because some of our subsidiaries are partnerships in which we are a general partner, we may be liable for their obligations. We may also guarantee some obligations of our subsidiaries. Any liability we may have for our subsidiaries obligations could reduce our assets that are available to satisfy our direct creditors, including investors in our debt securities.

---

**Table of Contents**

**Form of Debt Securities**

We will issue each debt security in global i.e., book-entry form only, unless we specify otherwise in the applicable prospectus supplement. Debt securities in book-entry form will be represented by a global security registered in the name of a depository, which will be the holder of all the debt securities represented by that global security. Those who own beneficial interests in a global debt security will do so through participants in the depository's securities clearance system, and the rights of these indirect owners will be governed solely by the applicable procedures of the depository and its participants. See Legal Ownership and Book-entry Issuance below.

In addition, we will issue each debt security in fully registered form, without coupons.

**Denomination, Interest, Registration and Transfer**

Unless otherwise described in the applicable prospectus supplement, the debt securities of any series will be issuable in denominations of \$1,000 and integral multiples of \$1,000.

Subject to the limitations imposed upon debt securities that are issued in book-entry form and represented by a global security registered in the name of a depository, a holder of debt securities of any series may:

exchange them for any authorized denomination

of other debt securities of the same series and of a like aggregate principal amount and kind upon surrender of such debt securities at the corporate trust office of the applicable trustee or at the office of any transfer agent that we designate for such purpose; and

surrender them for registration of transfer or exchange at the corporate trust office of the applicable trustee or at the office of any transfer agent that we designate for such purpose.

Every debt security surrendered for registration of transfer or exchange must be duly endorsed or accompanied by a written instrument of transfer, and the person requesting such action must provide evidence of title and identity satisfactory to the applicable trustee or transfer agent. Payment of a service charge will not be required for any registration of transfer or exchange of any debt securities, but we or the trustee may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. If in addition to the applicable trustee, the applicable prospectus supplement refers to any transfer agent initially designated by us for any series of debt securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for such series. We may at any time designate additional transfer agents for any series of debt securities.

Neither we nor any trustee shall be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before the day that the notice of redemption of any debt securities selected for redemption is mailed and ending at the close of business on the day of such mailing;

register the transfer of or exchange any debt security, or portion thereof, so selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part; and

issue, register the transfer of or exchange any debt security that has been surrendered for repayment at the option of the holder, except the portion, if any, of such debt security not to be so repaid.

**Merger, Consolidation or Sale of Assets**

The indentures provide that DCT Industrial Trust Inc. may, without the consent of the holders of any outstanding debt securities, (1) consolidate with, (2) sell, lease or convey all or substantially all of its assets to, or (3) merge with or into, any other entity provided that:

either it is the continuing entity, or the successor entity, if other than DCT Industrial Trust Inc., is an

Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

entity organized and  
existing under the laws of  
the United States and  
assumes its obligations  
(A) to pay the principal of,  
and any premium and

---

**Table of Contents**

interest on, all of its debt securities and (B) to duly perform and observe all of its covenants and conditions contained in the applicable indenture;

immediately after giving effect to the transaction and treating any indebtedness that becomes the obligation of DCT Industrial Trust Inc. or the obligation of any of our subsidiaries as having been incurred by us or by such subsidiary at the time of the transaction, no event of default under the applicable indenture, and no event which, after notice or the lapse of time, or both, would become such an event of default, occurs and continues; and

an officers' certificate and legal opinion covering such conditions are delivered to each trustee.

**Covenants**

*Existence.* Except as permitted under Description of Debt Securities Merger, Consolidation or Sale of Assets above, the indentures require us to do or cause to be done all things necessary to preserve and keep in full force and effect our existence, rights and franchises. However, the indentures do not require us to preserve any right or franchise if the board of directors of DCT Industrial Trust Inc. determines that any right or franchise is no longer desirable in the conduct of our business.

*Maintenance of properties.* If we determine that it is necessary in order to

properly and advantageously  
carry on our business, the  
indentures require us to:

cause all of our material  
properties used or useful  
in the conduct of our  
business or the business of  
any of our subsidiaries to  
be maintained and kept in  
good condition, repair and  
working order, normal  
wear and tear, casualty  
and condemnation  
excepted, and supplied  
with all necessary  
equipment; and

cause to be made all  
necessary repairs,  
renewals, replacements,  
betterments and  
improvements thereof.

However, the indentures do  
not prohibit us or our  
subsidiaries from  
(1) permanently removing  
any property that has been  
condemned or suffered a  
casualty loss, if it is in our  
best interests, or (2) selling  
or otherwise disposing of our  
respective properties for  
value in the ordinary course  
of business.

*Insurance.* The indentures  
require our insurable  
properties to be insured  
against loss or damage in an  
amount deemed reasonable  
by the board of directors of  
DCT Industrial Trust Inc.  
with insurers of recognized  
responsibility.

*Payment of taxes and other  
claims.* The indentures  
require us to pay, discharge  
or cause to be paid or  
discharged, before they  
become delinquent:

all taxes, assessments and  
governmental charges

levied or imposed on us,  
our subsidiaries or our  
subsidiaries' income,  
profits or property; and

all lawful claims for labor,  
materials and supplies  
which, if unpaid, might by  
law become a lien upon  
our or our subsidiaries'  
property.

However, we will not be  
required to pay, discharge or  
cause to be paid or  
discharged any such tax,  
assessment, charge or claim  
whose amount, applicability  
or validity is being contested  
in good faith by appropriate  
proceedings.

*Provision of Financial  
Information.* The indentures  
require us to (1) within  
15 days of each of the  
respective dates by which we  
are required to file annual  
reports, quarterly reports and  
other documents with the  
SEC, file copies of such  
reports and documents with  
the trustee and (2) within  
30 days after the filing of  
such reports and documents  
with the Trustee, mail to all  
holders of debt securities, as  
their names and addresses  
appear in the applicable  
register for such debt  
securities summary of the  
annual reports, quarterly  
reports and other documents  
that we file with the SEC  
under Section 13 or  
Section 15(d) of the  
Exchange Act.

*Additional covenants.* The  
applicable prospectus  
supplement will set forth any  
additional covenants of DCT  
Industrial Trust Inc. relating  
to any series of debt  
securities.

---

**Table of Contents**

**Events of Default, Notice  
and Waiver**

Unless the applicable prospectus supplement states otherwise, when we refer to events of default as defined in the indentures with respect to any series of debt securities, we mean:

default in the payment of any installment of interest on any debt security of such series continuing for 30 days;

default in the payment of principal of, or any premium (or make-whole amount) on, any debt security of such series at its maturity;

default in making any sinking fund payment as required for any debt security of such series;

default in the performance or breach of any other covenant or warranty of DCT Industrial Trust Inc. contained in the indenture continuing for 60 days after written notice to DCT Industrial Trust Inc. as provided in the applicable indenture;

default by DCT Industrial Trust Inc. under any bond, debenture, note, mortgage, indenture or other instrument under which there may be outstanding, or by which there may be secured or evidenced any recourse indebtedness for money borrowed by DCT

Industrial Trust Inc. having an aggregate in principal amount outstanding of at least \$50 million, whether such recourse indebtedness now exists or shall hereafter be created, which default either (A) constitutes a failure to pay any portion of the principal of such recourse indebtedness when due and payable at its stated maturity after the expiration of any applicable grace period with respect thereto (and without such recourse indebtedness having been discharged) or (B) resulted in such recourse indebtedness becoming or being declared due and payable prior to its stated maturity (and without such recourse indebtedness having been discharged or such acceleration having been rescinded or annulled), and in each case such default shall not have been rescinded or annulled within 10 days after written notice of such default has been received by DCT Industrial Trust Inc. as provided in the applicable indenture;

certain events of bankruptcy, insolvency or reorganization of DCT Industrial Trust Inc. or DCT Industrial Operating Partnership LP or any subsidiary of DCT Industrial Operating Partnership LP that is an obligor or guarantor of any indebtedness that is also recourse indebtedness of DCT Industrial Trust Inc. having an aggregate principal amount outstanding of at least \$50 million; and

any other event of default provided with respect to a particular series of debt securities.

If an event of default occurs and is continuing with respect to debt securities of any series outstanding, then the applicable trustee or the holders of 25% or more in principal amount of the debt securities of that series will have the right to declare the principal amount of all the debt securities of that series to be due and payable. If the debt securities of that series are original issue discount securities or indexed securities, then the applicable trustee or the holders of 25% or more in principal amount of the debt securities of that series will have the right to declare the portion of the principal amount as may be specified in the terms thereof to be due and payable.

However, at any time after such a declaration of acceleration has been made, but before a judgment or decree for payment of the money due has been obtained by the applicable trustee, the holders of at least a majority in principal amount of outstanding debt securities of such series or of all debt securities then outstanding under the applicable indenture may rescind and annul such declaration and its consequences if:

we have deposited with the applicable trustee all required payments of the principal, any premium (or make-whole amount), and interest, plus applicable fees, expenses, disbursements and advances of the applicable trustee; and

all events of default, other than the non-payment of

accelerated principal, or a specified portion thereof, and any premium (or make-whole amount), have been cured or waived.

The indentures also provide that the holders of at least a majority in principal amount of the outstanding debt securities of any series or of all debt securities then outstanding under the applicable indenture may on behalf of all holders waive any past default with respect to such series and its consequences, except a default:

---

**Table of Contents**

in the payment of the principal, any premium (or make-whole amount) or interest;

in respect of a covenant or provision contained in the applicable indenture that cannot be modified or amended without the consent of the holder of the outstanding debt security that is affected by the default; or

in respect of a covenant or provision for the benefit or protection of the trustee, without its express written consent.

The indentures require each trustee to give notice to the holders of debt securities within 90 days of a default unless such default has been cured or waived. However, the trustee may withhold notice if specified responsible officers of such trustee consider such withholding to be in the interest of the holders of debt securities. The trustee may not withhold notice of a default in the payment of principal, any premium or interest on any debt security of such series or in the payment of any sinking fund installment in respect of any debt security of such series.

The indentures provide that holders of debt securities of any series may not institute any proceedings, judicial or otherwise, with respect to such indenture or for any remedy under the indenture, unless the trustee fails to act for a period of 60 days after the trustee has received a written request to institute proceedings in respect of an event of default from the

holders of 25% or more in principal amount of the outstanding debt securities of such series, as well as an offer of indemnity reasonably satisfactory to the trustee. However, this provision will not prevent any holder of debt securities from instituting suit for the enforcement of payment of the principal of, and any premium (or make-whole amount) and interest on, such debt securities at the respective due dates thereof.

The indentures provide that, subject to provisions in each indenture relating to its duties in the case of a default, a trustee has no obligation to exercise any of its rights or powers at the request or direction of any holders of any series of debt securities then outstanding under the indenture, unless the holders have offered to the trustee reasonable security or indemnity. The holders of at least a majority in principal amount of the outstanding debt securities of any series or of all debt securities then outstanding under an indenture shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee, or of exercising any trust or power conferred upon such trustee. However, a trustee may refuse to follow any direction which:

is in conflict with any law or the applicable indenture;

may involve the trustee in personal liability; or

may be unduly prejudicial to the holders of debt

securities of the series not joining the proceeding. Within 120 days after the close of each fiscal year, we will be required to deliver to each trustee a certificate, signed by one of our several specified officers stating whether or not that officer has knowledge of any default under the applicable indenture. If the officer has knowledge of any default, the notice must specify the nature and status of the default.

**Modification of the Indentures**

The indentures provide that modifications and amendments may be made only with the consent of the affected holders of at least a majority in principal amount of all outstanding debt securities issued under that indenture. However, no such modification or amendment may, without the consent of the holders of the debt securities affected by the modification or amendment:

change the stated maturity of the principal of, or any premium (or make-whole amount) on, or any installment of principal of or interest on, any such debt security;

reduce the principal amount of, the rate or amount of interest on or any premium (or make-whole amount) payable on redemption of any such debt security;

reduce the amount of principal of an original issue discount security that would be due and payable upon declaration

of acceleration of the maturity thereof or would be provable in bankruptcy, or adversely affect any right of repayment of the holder of any such debt security;

---

**Table of Contents**

change the place of payment or the coin or currency for payment of principal of, or any premium (or make-whole amount) or interest on, any such debt security;

impair the right to institute suit for the enforcement of any payment on or with respect to any such debt security;

reduce the percentage in principal amount of any outstanding debt securities necessary to modify or amend the applicable indenture with respect to such debt securities, to waive compliance with particular provisions thereof or defaults and consequences thereunder or to reduce the quorum or voting requirements set forth in the applicable indenture; and

modify any of the foregoing provisions or any of the provisions relating to the waiver of particular past defaults or covenants, except to increase the required percentage to effect such action or to provide that some of the other provisions may not be modified or waived without the consent of the holder of such debt security.

The holders of a majority in aggregate principal amount of the outstanding debt securities of each series may, on behalf of all holders of debt securities of that series, waive, insofar as that series is concerned, our compliance with material restrictive

## Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

covenants of the applicable indenture.

DCT Industrial Trust Inc. and the respective trustee may make modifications and amendments of an indenture without the consent of any holder of debt securities for any of the following purposes:

to evidence the succession of another person to us as obligor under such indenture;

to add to the covenants of DCT Industrial Trust Inc. for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon us in such indenture;

to add events of default for the benefit of the holders of all or any series of debt securities;

to add or change any provisions of an indenture (1) to facilitate the issuance of, or to change or eliminate restrictions on the payment of principal of, or premium (or make-whole amount) or interest on, debt securities in bearer form, or (2) to permit or facilitate the issuance of debt securities in uncertificated form, provided that such action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect;

to change or eliminate any provisions of an indenture, provided that any such change or elimination shall become effective only when there are no debt securities outstanding of any series created prior thereto which are entitled to the benefit of such provision;

to secure the debt securities;

to establish the form or terms of debt securities of any series;

to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under an indenture by more than one trustee;

to cure any ambiguity, defect or inconsistency in an indenture, provided that such action shall not adversely affect the interests of holders of debt securities of any series issued under such indenture; and

to supplement any of the provisions of an indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of such debt securities, provided that such action shall not adversely affect the interests of the holders of the outstanding debt securities of any series.

---

**Table of Contents**

**Voting**

The indentures provide that in determining whether the holders of the requisite principal amount of outstanding debt securities of a series have given any request, demand, authorization, direction, notice, consent or waiver under the indentures or whether a quorum is present at a meeting of holders of debt securities:

the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal thereof that would be due and payable as of the date of such determination upon declaration of acceleration of the maturity thereof;

the principal amount of any debt security denominated in a foreign currency that shall be deemed outstanding shall be the United States dollar equivalent, determined on the issue date for such debt security, of the principal amount or, in the case of an original issue discount security, the United States dollar equivalent on the issue date of such debt security of the amount determined as provided in the preceding bullet point;

the principal amount of an indexed security that shall be deemed outstanding shall be the principal face amount of such indexed security at original

issuance, unless otherwise provided for such indexed security under such indenture; and

debt securities owned by us or any other obligor upon the debt securities or by any affiliate of ours or of such other obligor shall be disregarded.

The indentures contain provisions for convening meetings of the holders of debt securities of a series. A meeting will be permitted to be called at any time by the applicable trustee, and also, upon request, by us or the holders of at least 25% in principal amount of the outstanding debt securities of such series, in any such case upon notice given as provided in such indenture. Except for any consent that must be given by the holder of each debt security affected by the modifications and amendments of an indenture described above, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum is present may be adopted by the affirmative vote of the holders of a majority of the aggregate principal amount of the outstanding debt securities of that series represented at such meeting.

Notwithstanding the preceding paragraph, except as referred to above, any resolution relating to a request, demand, authorization, direction, notice, consent, waiver or other action that may be made, given or taken by the holders of a specified percentage, which is less than a majority, of the aggregate principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at

which a quorum is present by the affirmative vote of such specified percentage.

Any resolution passed or decision taken at any properly held meeting of holders of debt securities of any series will be binding on all holders of such series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in principal amount of the outstanding debt securities of a series. However, if any action is to be taken relating to a consent or waiver which may be given by the holders of at least a specified percentage in principal amount of the outstanding debt securities of a series, the persons holding such percentage will constitute a quorum.

Notwithstanding the foregoing provisions, the indentures provide that if any action is to be taken at a meeting with respect to any request, demand, authorization, direction, notice, consent, waiver and other action that such indenture expressly provides may be made, given or taken by the holders of a specified percentage in principal amount of all outstanding debt securities affected by such action, or of the holders of such series and one or more additional series:

there shall be no minimum quorum requirement for such meeting; and

the principal amount of the outstanding debt securities of such series that vote in favor of such request, demand, authorization, direction,

Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

notice, consent, waiver or  
other action shall be taken  
into account in  
determining whether such  
request, demand,  
authorization, direction,  
notice, consent, waiver or  
other action has been  
made, given or taken  
under such indenture.

---

**Table of Contents**

**Subordination Provisions**

Holders of subordinated debt securities should recognize that contractual provisions in the applicable subordinated debt indenture may prohibit the issuer of subordinated debt securities from making payments on those securities. Subordinated debt securities are subordinate and junior in right of payment, to the extent and in the manner stated in the applicable subordinated debt indenture or in the provisions of the applicable debt securities, to all of the issuer's senior debt, as defined in the applicable subordinated debt indenture, including all debt securities the issuer has issued and will issue under the applicable senior debt indenture.

The applicable subordinated debt indentures define senior debt as the principal of and premium, if any, and interest on all indebtedness of the issuer, other than the subordinated debt securities, whether outstanding on the date of the indenture or thereafter created, incurred or assumed, which is (a) for money borrowed, (b) evidenced by a note or similar instrument given in connection with the acquisition of any businesses, properties or assets of any kind or (c) obligations the issuer, as lessee under leases required to be capitalized on the balance sheet of the lessee under generally accepted accounting principles or leases of property or assets made as part of any sale and lease-back transaction to which the issuer is a party. For the purpose of this definition, interest includes interest accruing on or after the filing of any petition in

bankruptcy or for reorganization relating to the issuer, to the extent that the claim for post-petition interest is allowed in the proceeding. Also for the purpose of this definition,

indebtedness of the issuer includes indebtedness of others guaranteed by the issuer and amendments, renewals, extensions, modifications and refundings of any indebtedness or obligation of the kinds described in the first sentence of this paragraph. However, indebtedness of the issuer for the purpose of this definition does not include any indebtedness or obligation if the instrument creating or evidencing the indebtedness or obligation, or under which the indebtedness or obligation is outstanding, provides that the indebtedness or obligation is not superior in right of payment to the subordinated debt securities.

The subordinated debt indentures provides that, unless all principal of and any premium or interest on the senior debt has been paid in full, no payment or other distribution may be made in respect of any subordinated debt securities in the following circumstances:

in the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization or other similar proceeding involving the issuer or its assets;

in the event of any liquidation, dissolution or other winding up of the issuer, whether voluntary or involuntary and whether or not involving

insolvency or bankruptcy;

in the event of any assignment for the benefit of creditors or any other marshalling of assets and liabilities of the issuer;

if any subordinated debt securities of issuer have been declared due and payable before their stated maturity;

in the event and during the continuation of any default in the payment of principal, premium or interest on any senior debt beyond any applicable grace period or if any event of default with respect to any senior debt of the issuer has occurred and is continuing, permitting the holders of that senior debt of the issuer or a trustee to accelerate the maturity of that senior debt, unless the event of default has been cured or waived or ceased to exist and any related acceleration has been rescinded; or

if any judicial proceeding is pending with respect to a payment default or an event of default described in the immediately preceding clause.

If the trustee under the applicable subordinated debt indenture or any holders of the subordinated debt securities receive any payment or distribution that they know is prohibited under the subordination provisions, then the trustee or the holders will have to repay that money to the holders of the senior debt.

Even if the subordination provisions prevent DCT Industrial Trust Inc. from making any payment when due on the subordinated debt securities of any series, DCT Industrial Trust Inc. will be in default on its obligations under that series if it does not make the payment when due. This means that the trustee under the applicable subordinated debt indenture and the holders of that series can take action against us, but they will not receive any money until the claims of the holders of senior debt have been fully satisfied.

---

**Table of Contents**

If this prospectus is being delivered in connection with the offering of a series of subordinated securities, the accompanying prospectus supplement or the information incorporated in this prospectus by reference will set forth the approximate amount of senior debt outstanding as of the end of our most recent fiscal quarter.

**Modification of Subordination Provisions**

DCT Industrial Trust Inc. may not amend the subordinated debt indenture governing any series of subordinated debt securities it has already issued to alter the subordination of any outstanding subordinated debt securities without the written consent of each holder of senior debt then outstanding who would be adversely affected. In addition, DCT Industrial Trust Inc. may not modify the subordination provisions of the subordinated debt indenture governing any series of subordinated debt securities it has already issued in a manner that would adversely affect the outstanding subordinated debt securities of any one or more series in any material respect, without the consent of the holders of a majority in aggregate principal amount of all affected series, voting together as one class.

**Discharge, Defeasance and Covenant Defeasance**

Unless otherwise indicated in the applicable prospectus supplement, the indentures allow us to discharge our obligations to holders of any series of debt securities issued under any indenture

when:

either (1) all securities of such series have already been delivered to the applicable trustee for cancellation; or (2) all securities of such series have not already been delivered to the applicable trustee for cancellation but (A) have become due and payable, (B) will become due and payable within one year, or (C) if redeemable at our option, are to be redeemed within one year, and we have irrevocably deposited with the applicable trustee, in trust, funds in such currency or currencies, currency unit or units or composite currency or currencies in which such debt securities are payable, an amount sufficient to pay the entire indebtedness on such debt securities in respect of principal (and any premium or make-whole amount) and interest to the date of such deposit if such debt securities have become due and payable or, if they have not, to the stated maturity or redemption date;

we have paid or caused to be paid all other sums payable; and

we have delivered to the trustee an officers certificate and an opinion of counsel stating the conditions to discharging the debt securities have been satisfied.

Unless otherwise indicated in the applicable prospectus supplement,

the indentures provide that, upon our irrevocable deposit with the applicable trustee, in trust, of an amount, in such currency or currencies, currency unit or units or composite currency or currencies in which such debt securities are payable at stated maturity, or government obligations, or both, applicable to such debt securities, which through the scheduled payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of, and any premium (or make-whole amount) and interest on, such debt securities, and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor, we may elect either:

to defease and be discharged from any and all obligations with respect to such debt securities; or

to be released from our obligations with respect to such debt securities under the applicable indenture or, if provided in the applicable prospectus supplement, our obligations with respect to any other covenant, and any omission to comply with such obligations shall not constitute an event of default with respect to such debt securities.

Notwithstanding the above, we may not elect to defease and be discharged from the obligation to pay any additional amounts upon the occurrence of particular events of tax, assessment or governmental charge with

respect to payments on such debt securities and the obligations to register the transfer or exchange of such debt securities, to replace temporary or mutilated, destroyed, lost or stolen debt securities, to maintain an office or agency in respect of such debt securities, or to hold monies for payment in trust.

---

**Table of Contents**

The indentures only permit us to establish the trust described in the paragraph above if, among other things, we have delivered to the applicable trustee an opinion of counsel to the effect that the holders of such debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance, will be required to refer to and be based upon a ruling received from or published by the Internal Revenue Service or a change in applicable federal income tax law occurring after the date of the indenture. In the event of such defeasance, the holders of such debt securities would be able to look only to such trust fund for payment of principal, any premium (or make-whole amount), and interest.

When we use the term government obligations, we mean securities that are:

direct obligations of the United States or the government that issued the foreign currency in which the debt securities of a particular series are payable, for the payment of which its full faith and credit is pledged; or

obligations of a person controlled or supervised

by and acting as an agency or instrumentality of the United States or other government that issued the foreign currency in which the debt securities of such series are payable, the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States or such other government, which are not callable or redeemable at the option of the issuer thereof and shall also include a depository receipt issued by a bank or trust company as custodian with respect to any such government obligation or a specific payment of interest on or principal of any such government obligation held by such custodian for the account of the holder of a depository receipt. However, except as required by law, such custodian is not authorized to make any deduction from the amount payable to the holder of such depository receipt from any amount received by the custodian in respect of the government obligation or the specific payment of interest on or principal of the government obligation evidenced by such depository receipt.

Unless otherwise provided in the applicable prospectus supplement, if after we have deposited funds and/or government obligations to effect defeasance or covenant defeasance with respect to debt securities of any series, (1) the holder of a debt security of such series is entitled to, and does, elect under the terms of the applicable indenture or the terms of such debt security to receive payment in a currency, currency unit or composite currency other

than that in which such deposit has been made in respect of such debt security, or (2) a conversion event occurs in respect of the currency, currency unit or composite currency in which such deposit has been made, the indebtedness represented by such debt security will be deemed to have been, and will be, fully discharged and satisfied through the payment of the principal of, and premium (or make-whole amount) and interest on, such debt security as they become due out of the proceeds yielded by converting the amount so deposited in respect of such debt security into the currency, currency unit or composite currency in which such debt security becomes payable as a result of such election or such cessation of usage based on the applicable market exchange rate.

When we use the term conversion event, we mean the cessation of use of:

a currency, currency unit or composite currency both by the government of the country that issued such currency and for the settlement of transactions by a central bank or other public institutions of or within the international banking community;

the European Currency Unit both within the European Monetary System and for the settlement of transactions by public institutions of or within the European Communities; or

any currency unit or composite currency other

than the European Currency Unit for the purposes for which it was established.

Unless otherwise provided in the applicable prospectus supplement, all payments of principal of, and premium (or make-whole amount), if any, and interest on, any debt security that is payable in a foreign currency that ceases to be used by its government of issuance shall be made in United States dollars.

In the event that (1) we effect covenant defeasance with respect to any debt securities and (2) such debt securities are declared due and payable because of the occurrence of any event of default, the amount in such currency, currency unit or composite currency in which such debt securities are payable, and government obligations on deposit with the applicable trustee, will be sufficient to pay amounts due on such debt securities at the time of their stated maturity but may not be sufficient to pay amounts due

---

**Table of Contents**

on such debt securities at the time of the acceleration resulting from such event of default. However, we would remain liable to make payments of such amounts due at the time of acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting such defeasance or covenant defeasance, including any modifications to the provisions described above, with respect to the debt securities of or within a particular series.

***Conversion Rights***

The terms and conditions, if any, on which debt securities of DCT Industrial Trust Inc. are convertible into shares of common stock or preferred stock of DCT Industrial Trust Inc. or other securities will be set forth in the applicable prospectus supplement. Such terms will include the terms on which such conversion may occur, including whether such conversion is mandatory, at the option of the holder or at our option, the period or periods during which such conversion may occur, the initial conversion price or rate, the circumstances under or manner in which the number of shares of common stock or preferred stock of DCT Industrial Trust Inc. or other securities issuable upon conversion may be adjusted or calculated according to the market price of such common stock or preferred stock of DCT Industrial Trust Inc. or other securities or based on other parameters, and provisions affecting conversion in the event that the debt securities are

redeemed.

***No Recourse***

No recourse under or upon any obligation, covenant or agreement contained in any indenture or the debt securities, or because of any indebtedness evidenced thereby, shall be had against any past, present or future shareholder, employee, officer or director, as such, of DCT Industrial Operating Partnership LP or DCT Industrial Trust Inc. or any successor under any rule of law, statute or constitutional provision or by the enforcement of any assessment or by any legal or equitable proceeding or otherwise. Each holder of debt securities waives and releases all such liability by accepting the debt securities. The waiver and release are part of the consideration for the issue of the debt securities.

**DCT Industrial Trust Inc. s  
Relationship with the  
Trustee**

U.S. Bank has provided commercial banking and other services for DCT Industrial Trust Inc. and its affiliates in the past and may do so in the future.

U.S. Bank is initially serving as the trustee for the senior debt securities and the subordinated debt securities of DCT Industrial Trust Inc. We may appoint other parties to serve as trustee or co-trustee as may be indicated in the applicable prospectus supplement. If an actual or potential event of default occurs with respect to any of the debt securities, the trustee may be considered to have a conflicting interest for purposes of the Trust Indenture Act of 1939. In that case, the trustee may be

required to resign under one or more of the indentures, and the issuer of the debt securities would be required to appoint a successor trustee. For this purpose, a potential event of default means an event that would be an event of default if the requirements for giving the issuer of the debt securities default notice or for the default having to exist for a specific period of time were disregarded.

**CERTAIN PROVISIONS  
OF THE MARYLAND  
GENERAL  
CORPORATION LAW**

**AND OUR CHARTER  
AND BYLAWS**

*The following description of the terms of our stock and of certain provisions of Maryland law is only a summary. Copies of our charter and bylaws are filed as exhibits to the registration statement of which this prospectus is a part and the following description is qualified entirely by reference to our charter and bylaws and the applicable provisions of Maryland law.*

The MGCL and our charter and bylaws contain provisions that could make it more difficult for a potential acquiror to acquire us by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our board of directors. We believe that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things,

the negotiation of such proposals may improve their terms.

---

**Table of Contents**

**Number of Directors;  
Vacancies; Removal**

Our charter provides that the number of directors will be set only by our board of directors in accordance with our bylaws. Our bylaws provide that a majority of our entire board of directors may at any time increase or decrease the number of directors. However, the number of directors may never be less than the minimum number required by the MGCL. Any vacancies on our board of directors for any cause other than an increase in the number of directors will be filled by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum, and any vacancies on our board of directors created by an increase in the number of directors will be filled by a majority vote of the entire board of directors. Any director elected to fill a vacancy will serve until the next annual meeting of stockholders and until a successor is duly elected and qualifies.

Our charter provides that a director may be removed only for cause, which means conviction of a felony or a final judgment of a court of competent jurisdiction holding that such director caused demonstrable, material harm to us through bad faith or active and deliberate dishonesty, and then only by the affirmative vote of at least two-thirds of the votes entitled to be cast generally in the election of directors.

**Action by Stockholders**

Under the MGCL, stockholder action can be taken only at an annual or special meeting of stockholders or by unanimous consent in lieu of a meeting (unless the charter provides for a lesser percentage, which our charter does not). These provisions, combined with the requirements of our bylaws regarding the calling of a stockholder-requested special meeting of stockholders discussed below, may have the effect of delaying consideration of a stockholder proposal until the next annual meeting.

**Advance Notice Provisions  
for Stockholder  
Nominations and  
Stockholder Proposals**

Our bylaws provide that with respect to an annual meeting of stockholders, nominations of individuals for election to our board of directors and the proposal of business to be considered by stockholders may be made only (i) pursuant to our notice of the meeting, (ii) by or at the direction of our board of directors or (iii) by a stockholder who was a stockholder of record both at the time of giving of notice by such stockholder as provided for in our bylaws and at the time of the annual meeting and who is entitled to vote at the meeting and who has complied with the advance notice procedures of our bylaws. With respect to special meetings of stockholders, only the business specified in our notice of the meeting may be conducted at the meeting. Nominations of individuals for election to our board of directors at a special meeting at which directors are to be elected may be made only (i) pursuant to our notice of the meeting, (ii) by or at the direction of our board of

directors or (iii) provided that our board of directors has determined that directors will be elected at the meeting, by a stockholder who was a stockholder of record both at the time of giving of notice by such stockholder as provided for in our bylaws and at the time of the special meeting and who is entitled to vote at the meeting and who has complied with the advance notice provisions of our bylaws.

The purpose of requiring stockholders to give us advance notice of nominations and other business is to afford our board of directors a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by our board of directors, to inform stockholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of stockholders. Although our bylaws do not give our board of directors any power to disapprove stockholder nominations for the election of directors or proposals recommending certain action, they may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our stockholders.

**Calling of Special Meetings  
of Stockholders**

Our bylaws provide that special meetings of stockholders may be called by our board of directors and certain of our officers. Additionally, our bylaws provide that, subject to the satisfaction of certain procedural and informational requirements by the stockholders requesting the meeting, a special meeting of stockholders shall be called by the secretary of the corporation upon the written request of stockholders entitled to cast not less than a majority of all the votes entitled to be cast at such meeting.

---

**Table of Contents**

**Approval of Extraordinary  
Corporate Action;  
Amendment of Charter and  
Bylaws**

Under Maryland law, a Maryland corporation generally cannot dissolve, amend its charter, merge, sell all or substantially all of its assets, engage in a share exchange or engage in similar transactions outside the ordinary course of business, unless approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. However, a Maryland corporation may provide in its charter for approval of these matters by a lesser percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Our charter, with certain exceptions, generally provides for approval of charter amendments and extraordinary transactions (which have been first declared advisable by our board of directors) by the stockholders entitled to cast at least a majority of the votes entitled to be cast on the matter.

Our bylaws provide that our board of directors will have the exclusive power to adopt, alter or repeal any provision of our bylaws and to make new bylaws.

**No Appraisal Rights**

As permitted by the MGCL, our charter provides that stockholders will not be entitled to exercise appraisal rights unless a majority of our board of directors determines with respect to all or any classes or series of stock classified or

reclassified in the future that such rights will apply.

### **Control Share Acquisitions**

The Maryland Control Share Acquisition Act provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter.

Control shares are voting shares which, if aggregated with all other shares owned by the acquiror or with respect to which the acquiror has the right to vote or to direct the voting of, other than solely by virtue of revocable proxy, would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting powers:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained stockholder approval. Except as otherwise specified in the statute, a control share acquisition means the acquisition of control shares. Once a person who has made or proposes to make a control share acquisition has

undertaken to pay expenses and has satisfied other required conditions, the person may compel our board of directors to call a special meeting of stockholders to be held within 50 days of demand to consider the voting rights of the shares. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved for the control shares at the meeting or if the acquiring person does not deliver an acquiring person statement for the control shares as required by the statute, the corporation may repurchase any or all of the control shares for their fair value, except for control shares for which voting rights have previously been approved. Fair value is to be determined for this purpose without regard to the absence of voting rights for the control shares, and is to be determined as of the date of the last control share acquisition or of any meeting of stockholders at which the voting rights for control shares are considered and not approved.

If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to vote a majority of the shares entitled to vote, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of these appraisal rights may not be less than the highest price per share paid in the control share acquisition. Some of the limitations and restrictions otherwise applicable to the exercise of dissenters rights do not apply in the context of a control share acquisition.

---

**Table of Contents**

The control share acquisition statute does not apply to (a) shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting from the Control Share Acquisition Act any acquisition by any person of our shares of stock. There can be no assurance that such provision will not be amended or eliminated at any time in the future. However, we will amend our bylaws to be subject to the Control Share Acquisition Act only if our board of directors determines that it would be in our best interests.

**Subtitle 8**

Subtitle 8 of Title 3 of the MGCL permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect to be subject, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to any or all of five provisions:

a classified board;

a two-thirds stockholder vote requirement for removing a director;

a requirement that the number of directors be fixed only by vote of the directors;

a requirement that a vacancy on the board be filled only by the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred; and

a majority requirement for the calling of a special meeting of stockholders.

Through provisions in our charter and our bylaws unrelated to Subtitle 8, we already (a) require a two-thirds stockholder vote for the removal of any director from the board, as well as require that such removal be for cause (as defined in our charter), (b) unless called by our chairman of the board, our chief executive officer, our president or the board, require the request of holders of a majority of all votes entitled to be cast at a special meeting to call such a meeting and (c) vest in the board the exclusive power to fix the number of directorships.

#### **Business Combinations**

Under the MGCL, business combinations between a Maryland corporation and an interested stockholder or the interested stockholder's affiliate are prohibited for five years after the most recent date on which the stockholder becomes an interested stockholder. For this purpose, the term business combinations includes mergers, consolidations, share exchanges, or, in circumstances specified in the MGCL, asset transfers

and issuances or reclassifications of equity securities. An interested stockholder is defined for this purpose as: (1) any person who beneficially owns 10% or more of the voting power of the corporation's shares; or (2) an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting shares of the corporation.

A person is not an interested stockholder under the MGCL if our board of directors approved in advance the transaction by which he or she otherwise would have become an interested stockholder. However, in approving a transaction, our board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between the corporation and an interested stockholder generally must be recommended by the board of directors of the corporation and approved by the affirmative vote of at least: (1) 80% of the votes entitled to be cast by holders of outstanding voting shares of the corporation; and (2) two-thirds of the votes entitled to be cast by holders of voting shares of the corporation other than shares held by the interested stockholder or its affiliate with whom the business combination is to be effected, or held by an affiliate or associate of the interested stockholder voting together as a single voting group.

---

**Table of Contents**

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under the MGCL, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The statute permits various exemptions from its provisions, including business combinations that are exempted by our board of directors before the time that the interested stockholder becomes an interested stockholder. Our board of directors has adopted a resolution which provides that any business combination between us and any other person is exempted from the provisions of the Business Combination Act, provided that the business combination is first approved by our board of directors. This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, or our board of directors does not otherwise approve a business combination, the statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

**Indemnification and  
Limitation of Liabilities**

Maryland law permits a Maryland corporation to include in its charter a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except for liability resulting from:

actual receipt of an  
improper benefit or profit  
in money, property or  
services; or

active and deliberate  
dishonesty established by  
a final judgment and  
which is material to the  
cause of action.

Our charter contains such a  
provision which eliminates  
directors and officers liability  
to the maximum extent  
permitted by Maryland law.

Our charter also authorizes  
our company, to the  
maximum extent permitted  
by Maryland law, to obligate  
our company to indemnify  
any present or former  
director or officer or any  
individual who, while a  
director or officer of our  
company and at the request  
of our company, serves or  
has served another  
corporation, real estate  
investment trust, partnership,  
joint venture, trust, employee  
benefit plan or other  
enterprise as a director,  
officer, partner or trustee,  
from and against any claim  
or liability to which that  
individual may become  
subject or which that  
individual may incur by  
reason of his or her service in  
any such capacity and to pay  
or reimburse his or her  
reasonable expenses in  
advance of final disposition  
of a proceeding.

Our bylaws obligate us, to  
the maximum extent  
permitted by Maryland law,  
to indemnify any present or  
former director or officer or  
any individual who, while a  
director or officer of our  
company and at the request  
of our company, serves or  
has served another  
corporation, real estate  
investment trust, partnership,

joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner or trustee and who is made, or threatened to be made, a party to the proceeding by reason of his or her service in that capacity from and against any claim or liability to which that individual may become subject or which that individual may incur by reason of his or her service in any such capacity and to pay or reimburse his or her reasonable expenses in advance of final disposition of a proceeding. Our charter and bylaws also permit our company to indemnify and advance expenses to any individual who served a predecessor of our company in any of the capacities described above and any employee or agent of our company or a predecessor of our company.

Maryland law requires a corporation (unless its charter provides otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made, or threatened to be made, a party by reason of his or her service in such capacity. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made, or threatened to be made, a party by reason of their service in those or other capacities unless it is established that:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and (i) was committed in bad faith or (ii) was the result of active and deliberate dishonesty; or

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

---

**Table of Contents**

A court may order indemnification if it determines that the director or officer is fairly and reasonably entitled to indemnification, even though the director or officer did not meet the prescribed standard of conduct or was adjudged liable on the basis that personal benefit was improperly received.

However, under Maryland law, a Maryland corporation may not indemnify for an adverse judgment in a suit by or in the right of the corporation or for a judgment of liability on the basis that personal benefit was improperly received unless in either case a court orders indemnification and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of:

a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation; and

a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

We have obtained a policy of insurance under which our directors and officers will be insured, subject to the limits of the policy, against certain losses arising from claims

made against such directors and officers by reason of any acts or omissions covered under such policy in their respective capacities as directors or officers, including certain liabilities under the Securities Act. We have also entered into indemnification agreements with each of our executive officers and directors that obligate us to indemnify them to the maximum extent permitted by Maryland law and our charter. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

#### **LEGAL OWNERSHIP AND BOOK-ENTRY ISSUANCE**

In this section, we describe special considerations that will apply to registered securities issued in global i.e., book-entry form. First we describe the difference between legal ownership and indirect ownership of registered securities. Then we describe special provisions that apply to global securities.

#### **Who Is the Legal Owner of a Registered Security?**

Each debt security, common or preferred share and depositary share in registered form will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. We refer to those who have

securities registered in their own names, on the books that we or the trustee or other agent maintain for this purpose, as the holders of those securities. These persons are the legal holders of the securities. We refer to those who, indirectly through others, own beneficial interests in securities that are not registered in their own names as indirect owners of those securities. As we discuss below, indirect owners are not legal holders, and investors in securities issued in book-entry form or in street name will be indirect owners.

### **Book-Entry Owners**

We expect to issue debt securities and depositary shares in book-entry form only. We may issue common shares in book-entry form. This means those securities will be represented by one or more global securities registered in the name of a financial institution that holds them as depositary on behalf of other financial institutions that participate in the depositary's book-entry system. These participating institutions, in turn, hold beneficial interests in the securities on behalf of themselves or their customers.

Under each indenture or other applicable agreement, only the person in whose name a security is registered is recognized as the holder of that security. Consequently, for securities issued in global form, we will recognize only the depositary as the holder of the securities and we will make all payments on the securities, including deliveries of common or preferred shares in exchange for exchangeable debt securities, to the depositary. The depositary passes along

the payments it receives to its participants, which in turn pass the payments along to their customers who are the beneficial owners. The depository and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the securities.

As a result, investors will not own securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depository's book-entry system or holds an interest through

---

**Table of Contents**

a participant. As long as the securities are issued in global form, investors will be indirect owners, and not holders, of the securities.

**Street Name Owners**

In the future we may terminate a global security or issue securities initially in non-global form. In these cases, investors may choose to hold their securities in their own names or in street name. Securities held by an investor in street name would be registered in the name of a bank, broker or other financial institution that the investor chooses, and the investor would hold only a beneficial interest in those securities through an account he or she maintains at that institution.

For securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the securities are registered as the holders of those securities and we will make all payments on those securities, including deliveries of common or preferred shares in exchange for exchangeable debt securities, to them. These institutions pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold securities in street name will be indirect owners, not holders, of those securities.

**Legal Holders**

Our obligations, as well as the obligations of the trustee under any indenture and the obligations, if any, of any other third parties employed by us, the trustee or any agents, run only to the holders of the securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect owner of a security or has no choice because we are issuing the securities only in global form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for that payment or notice even if that holder is required, under agreements with depositary participants or customers or by law, to pass it along to the indirect owners but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose e.g., to amend the indenture for a series of debt securities or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture we would seek the approval only from the holders, and not the indirect owners, of the relevant securities. Whether and how the holders contact the indirect owners is up to the holders.

When we refer to you in this section of the prospectus, we mean those who invest in the securities being offered by this prospectus, whether they are the holders or only indirect owners of those securities. When we refer to your securities in this section of the prospectus, we mean the securities in which you will hold a direct or indirect interest.

**Special Considerations for  
Indirect Owners**

If you hold securities through a bank, broker or other financial institution, either in book-entry form or in street name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle a request for the holders consent, if ever required;

whether and how you can instruct it to send you securities registered in your own name so you can be a holder, if that is permitted in the future;

how it would exercise rights under the securities if there were a default or other event triggering the need for holders to act to protect their interests; and

---

**Table of Contents**

if the securities are in book-entry form, how the depository's rules and procedures will affect these matters.

**What Is a Global Security?**

A global security is issued in book-entry form only. Each security issued in book-entry form will be represented by a global security that we deposit with and register in the name of one or more financial institutions or clearing systems, or their nominees, which we select. A financial institution or clearing system that we select for any security for this purpose is called the depository for that security. A security will usually have only one depository but it may have more.

Each series of these securities will have one or more of the following as the depositories:

The Depository Trust Company, New York, New York, which is known as DTC ;

a financial institution holding the securities on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear system, which is known as Euroclear ;

a financial institution holding the securities on behalf of Clearstream Banking, société anonyme, Luxembourg, which is known as Clearstream ; and

any other clearing system or financial institution named in the applicable prospectus supplement.

The depositaries named above may also be participants in one another's systems. Thus, for example, if DTC is the depositary for a global security, investors may hold beneficial interests in that security through Euroclear or Clearstream, as DTC participants. The depositary or depositaries for your securities will be named in your prospectus supplement; if none is named, the depositary will be DTC.

A global security may represent one or any other number of individual securities. Generally, all securities represented by the same global security will have the same terms. We may, however, issue a global security that represents multiple securities of the same kind, such as debt securities, that have different terms and are issued at different times. We call this kind of global security a master global security. Your prospectus supplement will indicate whether your securities are represented by a master global security.

A global security may not be transferred to or registered in the name of anyone other than the depositary or its nominee, unless special termination situations arise. We describe those situations below under **Holder's Option to Obtain a Non-Global Security; Special Situations When a Global Security Will Be Terminated**. As a result of these arrangements, the depositary, or its nominee, will be the sole registered owner and holder of all securities represented by a global security, and investors will be permitted to own only indirect interests in a global

security. Indirect interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global security will not be a holder of the security, but only an indirect owner of an interest in the global security.

If the prospectus supplement for a particular security indicates that the security will be issued in global form only, then the security will be represented by a global security at all times unless and until the global security is terminated. We describe the situations in which this can occur below under

Holder's Option to Obtain a Non-Global Security; Special Situations When a Global Security Will Be Terminated. If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

#### **Special Considerations for Global Securities**

As an indirect owner, an investor's rights relating to a global security will be governed by the account rules of the depository and those of the investor's financial institution or other intermediary through which it holds its interest (e.g., Euroclear or Clearstream, if DTC is the depository), as well as general laws relating to securities transfers. We do not recognize this type of investor or any intermediary as a holder of securities and instead deal only with the depository that holds the global security.

Edgar Filing: MONARCH CEMENT CO - Form DEF 14A

If securities are issued only  
in the form of a global  
security, an investor should  
be aware of the following:

38

---

**Table of Contents**

An investor cannot cause the securities to be registered in his or her own name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the securities, as we describe above under **Who Is the Legal Owner of a Registered Security?** ;

An investor may not be able to sell interests in the securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form;

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

The depositary's policies will govern payments, deliveries, transfers, exchanges, notices and other matters relating to an investor's interest in a global security, and those policies may change from time to time. We, the trustee and any agents will

have no responsibility for any aspect of the depositary's policies, actions or records of ownership interests in a global security. We, the trustee and any agents also do not supervise the depositary in any way;

The depositary will require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker or bank may require you to do so as well; and

Financial institutions that participate in the depositary's book-entry system and through which an investor holds its interest in the global securities, directly or indirectly, may also have their own policies affecting payments, deliveries, transfers, exchanges, notices and other matters relating to the securities, and those policies may change from time to time. For example, if you hold an interest in a global security through Euroclear or Clearstream, when DTC is the depositary, Euroclear or Clearstream, as applicable, will require those who purchase and sell interests in that security through them to use immediately available funds and comply with other policies and procedures, including deadlines for giving instructions as to transactions that are to be effected on a particular day. There may be more than one financial intermediary in the chain of ownership for an investor. We do not

monitor and are not responsible for the policies or actions or records of ownership interests of any of those intermediaries.

**Holder's Option to Obtain a Non-Global Security; Special Situations When a Global Security Will Be Terminated**

If we issue any series of securities in book-entry form but we choose to give the beneficial owners of that series the right to obtain non-global securities, any beneficial owner entitled to obtain non-global securities may do so by following the applicable procedures of the depositary, any transfer agent or registrar for that series and that owner's bank, broker or other financial institution through which that owner holds its beneficial interest in the securities. For example, in the case of a global security representing preferred shares or depositary shares, a beneficial owner will be entitled to obtain a non-global security representing its interest by making a written request to the transfer agent or other agent designated by us. If you are entitled to request a non-global certificate and wish to do so, you will need to allow sufficient lead time to enable us or our agent to prepare the requested certificate.

In addition, in a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form representing the securities it represented. After that exchange, the choice of whether to hold the securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to

have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of holders and street name investors above under Who Is the Legal Owner of a Registered Security?

The special situations for termination of a global security are as follows:

if the depositary notifies us that it is unwilling or unable to continue as depositary for that global security or the depositary has ceased to be a clearing agency registered under the Securities Exchange Act, and in either case we do not appoint another institution to act as depositary within 90 days;

---

**Table of Contents**

in the case of a global security representing debt securities, if an event of default has occurred with regard to the debt securities and has not been cured or waived; or

any other circumstances specified for this purpose in the applicable prospectus supplement.

If a global security is terminated, only the depository, and not we or the trustee for any debt securities, is responsible for deciding the names of the institutions in whose names the securities represented by the global security will be registered and, therefore, who will be the holders of those securities.

**Considerations Relating to Euroclear and Clearstream**

Euroclear and Clearstream are securities clearance systems in Europe. Both systems clear and settle securities transactions between their participants through electronic, book-entry delivery of securities against payment.

Euroclear and Clearstream may be depositaries for a global security. In addition, if DTC is the depository for a global security, Euroclear and Clearstream may hold interests in the global security as participants in DTC.

As long as any global security is held by Euroclear or Clearstream, as depository, you may hold an interest in the global security only through an organization that participates, directly or indirectly, in Euroclear or

Clearstream. If Euroclear or Clearstream is the depository for a global security and there is no depository in the United States, you will not be able to hold interests in that global security through any securities clearance system in the United States.

Payments, deliveries, transfers, exchanges, notices and other matters relating to the securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants and we take no responsibility for their activities.

Transactions between participants in Euroclear or Clearstream, on one hand, and participants in DTC, on the other hand, when DTC is the depository, would also be subject to DTC's rules and procedures.

**Special Timing  
Considerations for  
Transactions in Euroclear  
and Clearstream**

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the securities through these systems and wish to transfer their interests, or to receive or

make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchases or sales of their interests between the U.S. and European clearing systems, and those transactions may settle later than would be the case for transactions within one clearing system.

**CERTAIN UNITED  
STATES FEDERAL  
INCOME TAX  
CONSEQUENCES OF AN  
EXCHANGE OR**

**REDEMPTION OF OP  
UNITS**

The following summary is a general discussion of certain U.S. federal income tax consequences to a holder of OP Units (a unitholder ) that exercises its option to have all or a portion of such units redeemed as described in Redemption of OP Units. This summary is based upon the Internal Revenue Code, the regulations promulgated by the U.S. Treasury Department, rulings and other administrative pronouncements issued by the IRS, and judicial decisions, all as currently in effect, and all of which are subject to differing interpretations or to change, possibly with retroactive effect. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences described below. No advance ruling has been or will be sought from the IRS regarding any matter discussed in this prospectus. The summary is also based upon the assumption that the operation of DCT Industrial Trust Inc., and of its subsidiaries and other lower-tier and affiliated entities, will in each case be in accordance with its applicable organizational documents or partnership agreement. This summary is for general information only and does not purport to discuss all aspects of federal income taxation which may be important to a particular investor in light of its

specific investment or tax  
circumstances, or if a  
particular investor is subject  
to special tax rules (for  
example, if a particular  
investor is a financial  
institution, broker-dealer,  
insurance company, tax-exe
