Independent Auditors' Report

To the Plan Administrator of
Cytogen Retirement Savings Plan:

We have audited the accompanying statements of net assets available for plan benefits of Cytogen Retirement Savings Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for plan benefits of the Plan for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CYTOGEN RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2002 and 2001

(1) Description of the Plan

(a) Organization

The Cytogen Retirement Savings Plan (the Plan) is a defined contribution plan for the employees of Cytogen Corporation (the Employer or the Company) that was established on December 15, 1986. The Plan is governed by the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and is intended to comply with Sections 401(a) and 401(k) of the Internal Revenue Code.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(b) Eligibility

Each employee becomes eligible to participate in the Plan as of the date when the employee attains the age of 21 years and has completed six months of service.

(c) Administration

The Employer designates a person or persons to serve as administrator under the Plan, who performs all such duties as are necessary to operate, administer, and manage the Plan. The

Edgar Filing: CYTOGEN CORP - Form 11-K

expenses necessary to administer the Plan are generally borne by the Employer, including necessary professional assistance.

(d) Contributions

Beginning January 1, 2002, each active participant may enter into a written salary deferral agreement with the Employer in which the employee may elect to defer an amount of up to 75% of his or her compensation, subject to the maximum contribution level set by the Internal Revenue Code. If the participant is age 50 or older during the calendar year and makes the maximum allowable pre-tax contribution to the Plan, the participant is entitled to make an additional "catch-up contribution" up to the maximum allowable pre-tax contribution. The Employer, at its discretion, may make a matching contribution in an amount up to 50% of the employee contribution, not to exceed limitations set forth by the Plan. The Employer may also make an annual Employer discretionary contribution under the Plan in an amount that the Employer's Board of Directors shall determine by resolution. The allocation of this discretionary contribution shall be made in the proportion that the compensation paid to each participant during the Plan year bears to the compensation paid to all such participants, subject to limitations set forth by the Plan. The Employer has the ability to make discretionary or matching contribution in cash or Cytogen common stock.

The Plan also permits the rollover of cash transferred from other employee benefit plans which are qualified under the Internal Revenue Code. Rollovers of cash are included as part of asset additions in the statement of changes in net assets available for plan benefits. For the year ended December 31, 2002, rollovers of cash amounted to \$705.

Notes to Financial Statements

December 31, 2002 and 2001

(e) Vesting and Forfeitures

A participant's interest in the Employer matching or discretionary contribution vests over four years of service, at which time it becomes 100% vested. Vesting credit shall be given for each year of service, except plan years during which a participant did not complete at least 1,000 hours of service. If a participant terminates employment and is not 100% vested, the nonvested portion of the participant's account shall be placed in a separate account and will become a forfeiture upon the date such terminated participant incurs a one-year break in service. These forfeitures shall be used by the Employer to reduce the Employer's contribution or to pay plan expenses. Forfeitures used during 2002 were \$47,639.

(f) Distributions/Benefits

A participant who attains the normal retirement age shall have a vesting percentage of 100%. If a participant retires from the

Edgar Filing: CYTOGEN CORP - Form 11-K

active service of the Employer on or after the normal retirement date, then he or she is entitled to receive a distribution of the entire value of his or her vested participant account, or may elect to an annuity distribution as permitted under the Plan. A participant who retires from the service of the Employer on account of disability shall have a vesting percentage of 100% and is entitled to receive a distribution of the entire value of their participant account.

(g) Participant Loans

All participants in the Plan may obtain, under certain conditions, a loan secured by the participant's account balance. The amount of all outstanding loans to a participant may not exceed the lesser of 50% of the participant's vested account balance or \$50,000. The loans are made at a rate equivalent to rates charged by a professional lender in similar circumstances. Loans are repaid in no more than five years, except if the loan is for the purchase of the participant's primary residence, in which case the repayment period may exceed five years.

(i) Termination

As of a participant's termination of employment, he or she shall be entitled to receive a distribution of his or her entire vested interest. Such distribution shall be further subject to terms and conditions set forth by the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The accompanying financial statements have been prepared on the accrual basis of

Edgar Filing: CYTOGEN CORP - Form 11-K

accounting, except for distributions that are accounted for on a cash basis in accordance with the AICPA Audit and Accounting Guide entitled Audits of Employee Benefit Plans. Investments are stated at market value.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the financial statements and the related disclosures during the reporting period. Actual results could differ from those estimates.

(c) Valuation of Investments

Investments represent units in a series of funds managed by the investment manager. The Plan's investment funds are stated at market value, as determined based on market quotes of the underlying assets.

(d) Plan Expenses

All administrative costs associated with the operation of the Plan are generally paid by the Employer in accordance with the terms of the Plan.

(e) Purchases and Sales of Securities

Purchases and sales of securities are recorded on a trade date basis.

(4) Tax Status

The trust established under the Plan is qualified under the Internal Revenue Code as exempt from federal income taxes. The Plan has received a favorable determination letter from the Internal Revenue Service but has not been updated for the most recent plan amendment. However, the Plan Administrator and the Plan's tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at anytime and to terminate the Plan, subject to the provisions of ERISA. In the event of termination, distributions shall be subject to the terms and conditions set forth by the Plan.

(6) Distributions/Benefits Paid to Participants

Distributions/benefits paid to participants are generally made on a monthly basis for those requests processed in the previous month. There were no distributions/benefits payable to the participants as of December 31, 2002.
