STOCK BONUS PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the First Albany Companies Inc. (the "Company") Stock Bonus Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. Plan Termination

The Company terminated the Stock Bonus Plan effective December 31, 1999. During 2000, the Company received a letter from the Internal Revenue Service determining that the termination of the Stock Bonus Plan does not adversely affect its qualification for federal tax purposes, and distributed substantially all of the assets of the Stock Bonus Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All costs and fees incurred in administering the Plan are borne by the Company, which is the Plan administrator and custodian.

No Report of Independent Accountant is required since there were less than 100 participants in the plan during 2002.

b. Contributions

As a result of the termination of the Plan, there are no contributions being made to the Plan.

c. Participants Accounts

Each remaining participant's account is credited with an allocation of Plan earnings based on participant account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Each remaining participant is 100 percent vested in their account balance.

e. Payment of Benefits

Upon final distribution, participants will receive payment, in cash or shares, of their vested benefits in a lump-sum distribution equal to the value of their accounts as of the valuation date, as defined in the Plan.

2. Significant Accounting Policies

a. Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which is based upon quoted market prices in the over-the-counter market.

The Plan is limited to investing solely in the common stock of the Company, except that interim short-term investments may be made pending purchase of the Company's stock.

The Plan presents, in the statements of changes in net assets, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

d. Payments of Benefits

Benefits are recorded when paid.

3. Investments

The Plan's investment portfolio consists of the following as of December 31, 2002:

	Cost	At Quoted Fair Value
	-----	-----
Common Stock:		
First Albany Companies Inc.	\$ 68,975	\$ 92,911

The number of shares of First Albany Companies Inc. common stock as of December 31, 2002 was 13,311. The realized net gain based on average cost was \$ 0 and the unrealized net gain or (loss) based on average cost was \$19,253 for the year ended December 31, 2002.

The Plan's investment portfolio is subject to daily market price fluctuations. Since the entire investment portfolio consists of the Company's common stock, the Plan's portfolio may be exposed to risk in the event of a decline in the market value of the Company's stock.

4. Forfeitures

Due to the termination of the Plan there were no forfeited non-vested accounts at December 31, 2002.

5. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated February 26, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
