Item 8.01 Other Events.

As previously disclosed by EMCORE Corporation (the "Company"), in October 2011 Fabrinet's premises in Thailand suffered a catastrophic flood, which damaged certain of the Company's property under the custody and control of Fabrinet. Fabrinet is the primary contract manufacturer for the Company's Fiber Optics division.

Over the last several months, the Company has been involved in discussions with Fabrinet regarding the extent of the Company's loss and the recovery proceeds due the Company as a result of the damage to its property. On September 17, 2012, the Company entered into an agreement with Fabrinet addressing the following matters: (1) all matters relating to the parties' mutual obligations to each other resulting from the Thai flooding including the extent of the Company's loss and the amount of insurance recovery proceeds to be paid to the Company, (2) the Company's payment obligations for past services performed by Fabrinet, and (3) the parties future commercial relationship. The Company anticipates it will receive net recovery proceeds in the amount of approximately \$10 million to be paid no later than March 31, 2013. This agreement provides mutual releases of all claims, obligations and rights related to the 2011 flood disaster in Thailand.
