Board Practices and Committees

Ten of the board members have been determined to be independent within the meaning of applicable Nasdaq regulations. The Board includes two Statutory Independent Directors, as mandated under the Israeli Companies Law, which also requires that such directors meet additional criteria to help ensure their independence. The terms of the directors are set forth in the table above.

All directors are entitled to review and retain copies of Teva's documentation and examine Teva's assets, as required to perform their duties as directors and to receive assistance, in special cases, from outside experts at the expense of Teva (subject to approval by the Board or by court).

Board Practices and Procedures. Teva's board members are generally elected for terms of three years. Teva believes that this system of multi-year terms allows Teva's directors to acquire and provide Teva with the benefit of a high level of expertise with respect to its complex business.

Board Meetings. Meetings of the board of directors are generally held every four to six weeks throughout the year, with additional special meetings scheduled when required. The board held 17 meetings during 2005.

Executive Sessions of the Board. The independent members of the board met in executive session (without management or non-independent directors' participation) one time during 2005. They will continue to meet in executive session on a regular basis.

Directors Service Contracts. Teva does not have any contracts with any of its non-executive directors that would provide for benefits upon termination of employment.

Corporate Governance. Teva is in compliance with corporate governance standards as currently applicable to Teva under Israeli, U.S., SEC and Nasdaq laws and regulations.

As further described below, Teva has adopted an audit committee charter formalizing its procedures and duties and also has adopted a nominating procedure, each pursuant to applicable laws and regulations.

Communications with the Board. Shareholders or other interested parties can contact any director or committee of the Board by writing to them care of Teva Pharmaceutical Industries Limited, 5 Basel Street, Petach Tikva, Israel, Attn: Corporate Secretary or Internal Auditor.

Comments or complaints relating to Teva's accounting, internal controls or auditing matters will also be referred to members of the audit committee as well as other bodies of the Company. The Board has adopted a global "whistleblower" policy, which provides employees and others with an anonymous means of communicating with the audit committee.

Statutory Independent Directors/Financial Expertise

Under the Israeli Companies Law, publicly held Israeli companies such as Teva are required to appoint two Statutory Independent Directors, who must also serve on the audit committee. All other Board committees must include at least one such Statutory Independent Director. Such Statutory Independent Directors are appointed at the general meetings by the holders of a majority of Teva's ordinary shares, as described under "The Meeting - Quorum and Voting Procedure" above, and must meet certain non-affiliation criteria-all as provided under the Israeli Companies Law. A Statutory Independent Director is appointed for an initial term of three consecutive years, and may be reappointed for one additional three-year term. Regulations promulgated under the Israeli Companies Law set the minimum and maximum compensation that may be paid to Statutory Independent Directors. Prof. Gabriela Shalev and Dr. Leora (Rubin) Meridor currently serve in this capacity.

The Israeli Companies Law further requires that at least one Statutory Independent Director have financial and accounting expertise, and that the other Statutory Independent Director have professional competence, as determined by the company's board of directors. Under recently enacted regulations, a director having financial and accounting expertise is a person who, due to his or her education, experience and talents is highly skilled in respect of, and understands, business and accounting matters and financial reports, in a manner that enables him or her to deeply understand the company's financial statements and to arouse discussion in respect of the manner in which the financial data is presented. Under the regulations, a director having professional competence is a person who has an academic degree in either economics, business administration, accounting, law or public administration or an academic degree in an area relevant to the company's business, or has at least five years experience in a senior position in the business management of a corporation with a substantial scope of business, in a senior position in the public service or in the field of the company's business.

Dr. Leora (Rubin) Meridor was determined by the board of directors to be a financial and accounting expert under the Israeli Companies Law, and Prof. Gabriela Shalev was determined by the Board to have professional competence.

Heth and Eli Hurvitz were determined by the board of directors to be financial and accounting experts.

Committees of the Board

Teva's Articles of Association provide that the board of directors may delegate its powers to one or more committees of the Board as it deems appropriate to the extent such delegation is permitted under the Israeli Companies Law. Each committee must include at least one Statutory Independent Director. The Board has appointed audit, compensation, nominating, finance, science and technology and community affairs committees.

The committee held two meetings in 2005.

Code of Ethics

Teva has adopted a code of business conduct applicable to its executive officers, directors and all other employees. A copy of the code is available to every Teva employee on Teva's intranet site, upon request to its human resources department, to investors by contacting Teva's investor relations department and to others through the legal department or the internal auditor. Any waivers of this code for executive officers or directors will be disclosed through the filing of a Form 6-K. As referred to above, the board of directors has approved a whistleblower policy, which functions in coordination with Teva's code of business conduct and provides an anonymous means for employees and others to communicate with various bodies of Teva, including the audit committee of its board of directors.

PROPOSAL 5: Approval of Liability Insurance FOR DIRECTORS

The Israeli Companies Law requires shareholder approval of the purchase of liability insurance for directors. The purchase of such insurance is standard practice for companies similar to Teva, and Teva believes that the purchase of such insurance is critical to maintaining and attracting quality directors and officers. The audit committee of the board of directors approved, and the board of directors approved and recommends that the shareholders approve, the purchase of director's and officer's liability insurance for the directors and officers of the Company and its subsidiaries, with the same existing annual coverage of up to \$250 million, for the period from June 1, 2006 through May 31, 2007.

However, in accordance with the Israeli Companies Law, such proposed liability insurance for directors will not provide coverage for: (i) violations of the "duty of loyalty" towards the company, if the director did not act in good

faith and with a reasonable basis to assume that his or her actions would not harm the company; (ii) breaches of the duty of care if committed intentionally or recklessly, or (iii) liability for acts committed with the intent to derive an illegal personal gain or monetary fines or penalties.

PROPOSAL 6: AMENDMENT TO THE COMPANY’S ARTICLES OF ASSOCIATION

The nominating committee has recommended that the board recommend to the shareholders, and the board recommends to the shareholders, that Article 60(e) of the Company’s Articles of Association be amended, as described below, and that the Company’s Articles of Association be restated accordingly. Under the proposed amendment, shareholders have the ability to submit nominations for directors of the Company for consideration by the nominating committee. The amendment does not otherwise modify a shareholder’s ability under Israeli law to make proposals for directors.

The proposed amendment is as set forth below, with the text proposed to be added to Teva’s current Articles in italics and the deleted text crossed out (note that the Hebrew version of the Company’s Articles is the binding version):

Any proposal by a shareholder as set forth above shall include all of the following particulars: (i) the name and address of the nominating shareholder and a detailed listing of the number of shares held by him or her *and authorization of such holding as set forth in the law*; (ii) particulars with regard to the candidate(s) for appointment as Director(s), such as would have been required in a Notice of Position filed on behalf of the Board of Directors with regard to the nomination of candidate(s) to the Board of Directors; (iii) approval attesting to the consent of the candidate(s) to serve on the Board of Directors of the Company; (iv) a detailed listing of all of the relationships and understandings which exist between the nominating shareholder and the candidate(s) on his or her behalf; and (v) a notice stating whether the nominator intends to send the remaining shareholders a Notice of Position with regard to the appointment of the candidate(s) on his or her behalf."

Proposal 7: APPROVAL OF INCREASE OF DIRECTORS’ REMUNERATION

The compensation committee has recommended to the audit committee and the board of directors the below increase in the remuneration paid to the Company’s directors (other than the Chairman of the Board). Both the audit committee and the board have approved, and recommends shareholders approve, the proposed increase, particularly in light of the significant growth of the Company, both in terms of activities and complexity, and the resulting increased demands on its directors.

	Current Annual Fees	Proposed Annual Fees	Current Fees per Meeting	Proposed Fees per Meeting

Position				
Committee Chairperson	NIS 130,715 (approx. US\$ 27,700)	NIS 250,000 (approx. US\$ 53,000)	NIS 3,137 (approx. US\$ 665)	NIS 4,717 (approx. US\$ 1,000)
Director	NIS 104,574 (approx. US\$ 22,170)	NIS 200,000 (approx. US\$ 42,400)	NIS 3,137 (approx. US\$ 665)	NIS 4,717 (approx. US\$ 1,000)

The above fees are subject to adjustment in accordance with changes in the Israeli Consumer Price Index.

The Israeli Companies Law provides certain limitations on the maximum compensation that a company is allowed to pay its Statutory Independent Directors. Teva's two Statutory Independent Directors are currently paid the maximum amount permitted, which is NIS 104,574 per year and NIS 3,137 per meeting. Accordingly, the proposed increase (up to the said amounts), if approved by the shareholders, will take effect with respect to the Company's Statutory Independent Directors only when and to the extent permitted under the Israeli Companies Law.

Mr. Eli Hurvitz, Chairman of the Board, is paid pursuant to his employment agreement with the Company, which was entered into and approved by the Company's shareholders in 2002. Under the terms of this agreement, no additional compensation is paid to him for his service as a director. Dr. Phillip Frost, Vice Chairman of the Board, continues to be paid by Ivax pursuant to his employment agreement with Ivax in effect prior to the acquisition of Ivax by the Company.

Policy on Pre-Approval of Audit and Non-Audit Services of Independent Registered Public Accounting Firm

Teva's audit committee is responsible for the oversight of its independent auditors' work. The audit committee's policy is to pre-approve all audit and non-audit services provided by PwC and other members of PricewaterhouseCoopers International Limited. These services may include audit services, audit-related services, tax services and other services, as further described above. The audit committee sets forth the basis for its pre-approval in detail, listing the particular services or categories of services which are pre-approved, and setting forth a specific budget for such services. Additional services may be pre-approved by the audit committee on an individual basis. Once services have been pre-approved, PwC and management then report to the audit committee on a periodic basis regarding the extent of services actually provided in accordance with the applicable pre-approval, and regarding the fees for the services performed.
