**Item 8.01 Other Events.**

On August 19, 2008, the Board of Directors of Good Times Restaurants Inc. (the "Company") approved an agreement in principle for a six month suspension of the previously reported Development Agreement with Zen Partners LLC, a Virginia limited liability company ("Zen"), for the development of up to twenty-five Good Times restaurants. The original Development Agreement was filed as an exhibit to the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on December 6, 2007 and is incorporated by reference herein.

The suspension of the Development Agreement is due to the continued lack of availability of acceptable debt financing, current liquidity constraints in the sale leaseback markets, current conditions in the commodity markets and the resulting increases in food costs for the Company, and concerns over general macro-economic trends including consumer spending which has impacted the Company's overall sales trends, as previously reported in the Company's Current Report on Form 8-K filed with the Securities and Exchange Commission on June 26, 2008 and the Company's Quarterly Report on Form 10-QSB for the quarterly period ended June 30, 2008 filed with the Securities and Exchange Commission on August 11, 2008. The Company and Zen currently anticipate re-evaluating market conditions and development of new restaurants under the Development Agreement at the end of the six month suspension period. The Company now expects to open one additional company owned restaurant and one dual brand franchised restaurant in 2008.

Information contained in this report, other than historical information, may be considered forward looking in nature and is subject to known and unknown risks, which may cause the Company's actual results to differ materially from results expressed or implied by the forward looking information. These risks include such factors as the pending and uncertain nature of the reported restaurant development matters and the ability to implement restaurant development plans, delays in developing and opening new restaurants due to adverse credit market and other economic conditions, weather, local permitting matters, increased competition, cost increases or shortages in raw food products, and other matters discussed in the "Risk Factors" section of the Company's Annual Report on Form 10-KSB for the fiscal year ended September 30, 2007. Although the Company may from time to time voluntarily update its forward looking statements, it disclaims any commitment to do so except as required by securities laws.
