Orrstown Financial Services, Inc. to Acquire Mercersburg Financial Corporation

SHIPPENSBURG, PA--May 31, 2018 (GLOBE NEWSWIRE) -- Orrstown Financial Services, Inc. (NASDAQ: ORRF) ("Orrstown") and Mercersburg Financial Corporation (OTC Pink: MCBG) ("Mercersburg") today announced the signing of a definitive agreement under which Mercersburg will merge with and into Orrstown. Mercersburg shareholders will receive a combination of stock and cash currently valued at \$32.4 million.

Under the terms of the agreement, Mercersburg shareholders may elect to receive either 1.5291 Orrstown shares or \$40.00 in cash for each Mercersburg share, subject to proration to ensure that, in the aggregate, 85% of Mercersburg's shares will be converted into Orrstown common stock and 15% of Mercersburg's shares will be exchanged for cash. The transaction is intended to qualify as a tax-free reorganization for federal income tax purposes.

The combination is expected to create significant value for both Orrstown and Mercersburg shareholders. Including the impact of merger-related benefits and charges, the transaction is projected to result in GAAP earnings per share accretion of approximately 8.7% in 2019, with an internal rate of return of approximately 18% and a tangible book value earn back period of approximately three years. In addition, Orrstown anticipates improvements in both its return on assets and return on tangible common equity – increases of approximately 10 basis points and 100 basis points, respectively – as the transaction leverages the company's previous investments in personnel, infrastructure and technology.

Upon completion of the transaction, the combined bank is expected to have approximately \$2 billion in assets, \$1.3 billion in loans and \$1.6 billion in deposits. With its combined lending teams, business development officers and branch network in south central Pennsylvania and Maryland, the combined organization will be better positioned to serve the businesses and consumers in its marketplaces.

The transaction is expected to close in the fourth quarter of 2018. Following the closing, one of Mercersburg's current directors, to be mutually agreed upon, will be added to the boards of directors of Orrstown and Orrstown Bank. In addition, Robert ("Bob") J. Fignar, President and CEO of Mercersburg, will join Orrstown as Market President for Franklin and Perry counties in Pennsylvania and Washington County, Maryland.

Mr. Fignar commented, "This combination of two community banks with similar cultures will enable us to better meet the needs of our customers through enhanced products and services, including an outstanding mobile banking platform, and increased lending capacity. I am enthusiastic about what the combined organization can bring to the region and look forward joining the Orrstown team."

Thomas R. Quinn, Jr., President and CEO of Orrstown, added, "Bob Fignar and his team are committed to the communities they serve. As Market President, Bob will have the autonomy and oversight for all aspects of financial services in Franklin, Perry, and Washington counties, including commercial banking, retail banking, wealth management and brokerage, and mortgage lending. Bob's leadership and vision, combined with our increased market share, will serve as a great benefit to our customers. This is a big win for our region, our customers and our shareholders."

William E. Sanders, Jr., Mercersburg's Chairman, stated, "Mercersburg is excited to partner with a strong, well-managed company like Orrstown. The merger provides our shareholders with greater value for their investment, greater advancement opportunities for the staff, and increased service opportunities for our customers."

Joel R. Zullinger, Orrstown's Chairman, added, "Mercersburg and Orrstown share many similarities--from their founding in the first two decades of the 20th century through expansion beginning in the 1970s and 1980s woven

together through personalized service and a community-first mentality. The customers and shareholders of both organizations can look forward to a continuation and expansion of the community banking model.”

The definitive agreement has been unanimously approved by the boards of directors of Orrstown and Mercersburg. The completion of the transaction is subject to Mercersburg’s stockholder approval and customary regulatory approvals. All Mercersburg directors, who own shares of Mercersburg's outstanding common stock, have entered into voting agreements to vote their shares in favor of the transaction.

Special Note Concerning Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements include statements regarding the anticipated closing date of the transaction, estimated cost savings, tangible book value dilution and expected earn-back, the amount of accretion of the transaction to Orrstown’s earnings, internal rate of return, return on average assets and return on tangible common equity, and reflect the current views of Orrstown’s management with respect to, among other things, future events and Orrstown’s financial performance. These statements are often, but not always, made through the use of words or phrases such as “may,” “should,” “could,” “predict,” “potential,” “believe,” “will likely result,” “expect,” “continue,” “will,” “anticipate,” “seek,” “estimate,” “intend,” “forecast,” “goal,” “target,” “would” and “outlook,” or the negative variations of those words or other comparable words of a future or forward-looking nature. These forward-looking statements are not historical facts, and are based on current expectations, estimates and projections about Orrstown’s industry, management’s beliefs and certain assumptions made by management, many of which, by their nature, are inherently uncertain and beyond Orrstown’s control. Accordingly, Orrstown cautions you that any such forward-looking statements are not guarantees of future performance and are subject to risks, assumptions and uncertainties that are difficult to predict. Although Orrstown believes that the expectations reflected in these forward-looking statements are reasonable as of the date made, actual results may prove to be materially different from the results expressed or implied by the forward-looking statements. The following factors, among others listed in Orrstown’s Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, could cause the actual results of Orrstown’s operations to differ materially from expectations: failure to obtain

the approval of the shareholders of Mercersburg in connection with the proposed acquisition; the timing to consummate the proposed acquisition; the risk that a condition to closing of the proposed acquisition may not be satisfied; the risk that a regulatory approval that may

be required for the proposed acquisition is not obtained or is obtained subject to conditions that are not anticipated; the parties' ability to achieve the synergies and value creation contemplated by the proposed acquisition; the parties' ability to successfully integrate operations in the proposed acquisition; the effect of the announcement of the proposed acquisition on the ability of Mercersburg to maintain relationships with its key partners, customers and employees, and on its operating results and business generally; competition; changes in economic conditions, interest rates and financial markets; and changes in legislation or regulatory requirements. The foregoing list of factors is not exhaustive.

If one or more events related to these or other risks or uncertainties materialize, or if Orrstown's underlying assumptions prove to be incorrect, actual results may differ materially from what Orrstown anticipates. Accordingly, you should not place undue reliance on any such forward looking statements. Any forward-looking statement speaks only as of the date on which it is made, and Orrstown does not undertake any obligation to publicly update or review any forward looking statement, whether as a result of new information, future developments or otherwise. New risks and uncertainties arise from time to time, and it is not possible for Orrstown to predict those events or how they may affect it. In addition, Orrstown cannot assess the impact of each factor on Orrstown's business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. All forward-looking statements, expressed or implied, included in this press release are expressly qualified in their entirety by this cautionary statement. This cautionary statement should also be considered in connection with any subsequent written or oral forward-looking statements that Orrstown or persons acting on Orrstown's behalf may issue. Annualized, pro forma, projected and estimated numbers are used for illustrative purposes only, are not forecasts and may not reflect actual results.

Non-GAAP Financial Measures

This document makes references to non-GAAP financial measures incorporating tangible equity and related measures, as well as core deposits. These measures are commonly used by investors in evaluating business combinations and financial conditions.

The calculation of tangible book value dilution includes transaction costs related to the business combination, including professional fees, severance, contract terminations, system conversion costs, and other one-time costs of the transaction. These costs are subtracted from equity as if they are all recorded by Orrstown at the time the acquisition is completed. These adjustments are stated net of a tax benefit based on the estimated tax deductibility of the projected costs. Transaction costs are not included in reference to related earnings, including references to earnings accretion, the payback period for dilution to tangible book value, and cost save estimates. Orrstown anticipates that the transaction costs will total \$3.0 million, pre-tax. It is presently undetermined as to which of these transaction costs will be recorded by Orrstown and which will be recorded by Mercersburg. [Accordingly, Orrstown is presently unable to estimate GAAP earnings related measures.]

Non-GAAP measures are not a substitute for GAAP measures; they should be read and used in conjunction with Orrstown's GAAP financial information. In all cases, it should be understood that non-GAAP per share measures do not depict amounts that accrue directly to the benefit of shareholders.
