FINANCIAL FEDERAL CORPORATION

NEW YORK, NEW YORK 10017

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON DECEMBER 11, 2001

This Proxy Statement and the accompanying form of proxy are solicited by the Board of Directors (the "Board of Directors" or the "Board") of Financial Federal Corporation, a Nevada corporation (the "Company"), to be voted at the Annual Meeting of Stockholders to be held at 270 Park Avenue, 11th Floor, New York, New York 10017 on December 11, 2001 and at any

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

postponements or adjournments thereof.

Shares represented by properly executed proxies, which are received in time and not revoked, will be voted at the Meeting in the manner described in the proxies. A stockholder may revoke his proxy at any time prior to its exercise by notice in writing to the Secretary of the Company indicating that his/her proxy is revoked, by submitting another proxy with a later date or by attending the Meeting and voting in person. Please note, however, that if a stockholder's shares are held of record by a broker, bank or other nominee and that stockholder wishes to vote at the Meeting, the stockholder must bring a letter from the broker, bank or other nominee confirming that stockholder's beneficial ownership of shares.

At the Meeting, the Company's stockholders will be asked (i) to elect the Board of Directors to serve until the next annual meeting of stockholders; (ii) to ratify the appointment of Arthur Andersen LLP as the Company's independent public accountants for the fiscal year ending July 31, 2002; (iii) to approve the Management Incentive Plan adopted by the Board of Directors on February 27, 2001; and (iv) to take such other action as may properly come before the Meeting. Each proposal is described in more detail in this Proxy Statement.

The approximate date on which this Proxy Statement and accompanying form of proxy are first being sent or given to stockholders is October 31, 2001. Holders of the Company's common stock, par value \$.50 per share (the "Common Stock"), as of the record date, which is the close of business on October 19, 2001, are entitled to vote at the Meeting. As of October 19, 2001, the Company had 16,636,546 shares of Common Stock outstanding and had no preferred stock, par value \$1.00 per share, outstanding.

Each share of Common Stock entitles the holder thereof on the record date to one vote on matters to be considered at the Meeting. The presence, in person or by proxy, of stockholders holding a majority of the issued and outstanding shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. Abstentions and broker non-votes are each included for purposes of determining the presence or absence of a sufficient number of shares to constitute a quorum for the transaction of business. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that proposal and has not received instructions from the beneficial owner.

Unless contrary instructions are indicated on the proxy, shares represented by each properly executed and returned proxy card (and not revoked before they are voted) will be voted "FOR" the election of the nominees for director named below, "FOR" the ratification of the selection of Arthur Andersen LLP as independent public accountants for the fiscal year ending July 31, 2002, "FOR" the approval of the Management Incentive Plan, and by the proxies in their discretion on any other matters to properly come before the Meeting, or any postponement or adjournment thereof. If a stockholder specifies a different choice on the proxy, such stockholder's shares of Common Stock will be voted in accordance with the specification so made.

The entire expense of this proxy solicitation will be borne by the Company. Solicitation will be made primarily by mail. Proxies may also be solicited personally and by telephone by regular employees of the Company without any additional remuneration and at minimal cost. Management may also request banks, brokerage houses, custodians, nominees and fiduciaries to obtain authorization for the execution of proxies and may reimburse them for expenses incurred by them in connection therewith. The Company has retained Georgeson Shareholder Communications, Inc. to assist in the solicitation of proxies, at an estimated cost of \$1,000 plus other reasonable expenses.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and certain beneficial owners of the Company's Common Stock (the "Section 16 Reporting Persons") to file reports of holdings and transactions in shares of the Company's Common Stock with the Securities and Exchange Commission ("SEC") and the New York Stock Exchange, Inc. Directors, executive officers and greater than 10% stockholders are required by SEC regulations to furnish the Company with all copies of Section 16(a) forms they file. Based solely on the Company's review of the copies of such forms that the Company has received, or written representations from reporting persons, to the Company's knowledge, all transactions in the Company's Common Stock by the Company's directors, officers and greater than 10% stockholders during the Company's last fiscal year were reported promptly and correctly. The Company is not aware of any failures by Section 16 Reporting Persons to file the forms required to be filed by them pursuant to Section 16 of the Exchange Act.

ELECTION OF DIRECTORS (Item 1 on Proxy Card)

The Board of Directors has designated the persons listed under the section "Nominees for Election as Directors" of this Proxy Statement for nomination to serve as directors of the Company until the next annual meeting and until their respective successors are elected and qualified, or until their earlier resignation or removal. It is intended that shares represented by proxies solicited by the Board of Directors will, unless authority to vote for some or all of the nominees is withheld, be voted in favor of electing as directors the nominees listed below. The Company has no reason to believe any of the nominees will be disqualified or unable or unwilling to serve if elected. However, if any nominee becomes unavailable for any reason, the shares will be voted for another person nominated by the Board, unless the Board by resolution provides for a lesser number of directors. With the exception of Stephen D. Weinroth, all of the nominees are currently directors of the Company. Bernard G. Palitz, whose term as a director ends at the Annual Meeting, has decided not to stand for re-election to the Board.

The election of the seven director nominees requires an affirmative vote by a plurality of votes cast at the meeting of stockholders by the stockholders entitled to vote in the election. Any shares not voted (by abstention, broker non-vote, or otherwise) have no impact on the vote.

The Board of Directors recommends that stockholders vote "FOR" each of the nominees listed below.

The Company's 1995 Stock Option Plan was originally adopted by the Board of Directors and approved by the written consent of holders of a majority of the outstanding Common Stock of the Company on September 16, 1989. The 1995 Plan was amended effective December 15, 1992 and further amended effective December 12, 1995 (the "1995 Plan"). The 1995 Plan provides that an aggregate of 2,250,000 shares of Common Stock (as adjusted in accordance with the terms of the 1995 Plan) is available to be granted to selected employees, officers and directors of the Company or any of its subsidiaries. The 1995 Plan may be administered by the Board of Directors or by such compensation committee as may be appointed from time to time. Under the 1995 Plan, the Board of Directors or the compensation committee determines eligible participants of the Company and whether such participants receive incentive stock options within the meaning of Section 422 of the Internal Revenue Code of 1986 or non-qualified stock options. The 1995 Plan expired in September 1999.

Incentive stock options granted under the 1995 Plan must have an exercise price that is no less than 100% of the fair market value of the Company's Common Stock as of the time the option is granted and generally may not be exercised more than ten years after the date of grant. Any incentive stock option that is granted to any option holder who beneficially owns more than 10% of the total combined voting power of all classes of outstanding shares of capital stock of the Company must have an exercise price that is no less than 110% of the fair market value of the Common Stock as of the time the option is granted and may not be exercised more than five years after the date of grant. The aggregate fair market value of stock exercisable by an optionee for the first time in any one calendar year under incentive stock options granted under the 1995 Plan and all other stock plans of the Company may not exceed \$100,000.

Non-qualified stock options granted under the 1995 Plan have an exercise price that is set by the compensation committee and may be equal to, more than or less than 100% of the fair market value of the Company's Common Stock as of the time the option is granted. The Board of Directors or the compensation committee establishes the term of all non-qualified stock options granted under the 1995 Plan (including the date on which such non-qualified option shall expire and terminate) and such term may, but need not, be more than 10 years from the date they are granted. Under the 1995 Plan, stock options vest over a time period determined by the Board of Directors or the compensation committee. Options granted under the 1995 Plan are nontransferable, other than by will or the laws of descent and distribution.

1998 Stock Option Plan. The Company's 1998 Stock Option Plan was adopted by the Board of Directors on September 28, 1998 and approved by the holders of a majority of the outstanding Common Stock of the Company on December 8, 1998. The 1998 Plan provides that an aggregate of 2,500,000 shares of Common Stock, subject to adjustment, is available to be granted to selected employees, officers and directors of the Company or any of its subsidiaries. The 1998 Plan is administered by the Stock Option Committee appointed by the

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

Board of Directors. The Board of Directors administers options granted to non-employee directors under the 1998 Plan and the the Stock Option Committee exercises no discretion with respect to such options. No eligible participant is eligible to receive stock options with respect to more than 100,000 shares of Common Stock during any one fiscal year. The 1998 Plan is similar in material respects to the 1995 Plan.

REPORT OF THE EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee is pleased to present its report on executive compensation. The Executive Compensation Committee is composed of Michael C. Palitz, Thomas F. Robards and H. E. Timanus, Jr. Thomas F. Robards and H. E. Timanus, Jr. are outside directors of the Company. This report to stockholders presents an overview of the role of the Executive Compensation Committee of the Board of Directors and of the Company's present compensation philosophy. The Executive Compensation Committee's principal function is to review and approve the compensation of executive officers of the Company and to approve any officer appointments and promotions. All actions of the Executive Compensation Committee, to remain effective, must be ratified by a majority vote of the Board of Directors within six months of such action; and all such actions to date have been so ratified.

It is the philosophy of the Executive Compensation Committee that a significant portion of executive compensation be linked directly to the Company's success in meeting profit, growth and corporate performance goals, operating efficiencies, success in handling non-performing receivables, the Company's overall performance regarding its return on earning assets and average equity, as well as the quality and integrity of the Company's receivables. The Company compensates certain officers through salary, a portion of which may be deferred by agreement between the Company and its officers, and through grants of restricted stock and stock options. The Company believes granting restricted stock and stock options to employees and officers further aligns their objectives with those of the Company and its stockholders. Approximately 60% of the Company's full-time employees and officers with one or more years of service as of October 1, 2001, were holders of stock options under the Company's equity compensation plans and/or restricted stock.

8

The Executive Compensation Committee reviews the Company's compensation programs to ensure that the compensation and benefits offered to its executives are competitive and reflect the Company's performance. The current benefits offered by the Company are a contributory health and medical plan, a life insurance program, a qualified 401(k) savings plan (currently with no Company matching), an employee contributed long-term disability plan and Section 125 cafeteria plans. In order to attract exceptionally high caliber employees and executives, the Company offers competitive salaries compared to other financial services companies of similar size. The Company evaluates compensation adjustments based upon an employee's performance and responsibilities, the Company's success in meeting profit, growth and corporate performance goals, operating efficiencies, success in handling non-performing receivables, the Company's overall performance regarding its return on earning assets and average equity, as well as the quality and integrity of the Company's receivables.

The Executive Compensation Committee's compensation evaluation procedures include reviewing public filings of other financial services companies and performing an informal survey as well as a comparison and review of its competitors and other companies that are compared and contrasted in the

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

SNL Executive Compensation Review for Specialty Lenders (the "SNL Review") published by SNL Securities. The SNL Review provides information on executive compensation awarded by approximately 100 finance companies (including the Company and competitors of the Company) obtained from public filings and surveys. The SNL Review compares, contrasts and details the following: (1) executive compensation; (2) Chief Executive Officer compensation; (3) Chief Operating Officer compensation; (4) Chief Financial Officer compensation; (5) corporate benefit plans; and (6) compensation reports. The Executive Compensation Committee, when determining salary adjustments, also considers that the Company does not generally offer certain fringe benefits that may be part of competitors' compensation programs, such as commissions, retirement benefits and profit sharing plans. The Company also retained the services of an independent compensation consultant (the "Consultant") to prepare a report on the total compensation for the Chief Executive Officer.

Compensation of the Chief Executive Officer

The Executive Compensation Committee, in establishing compensation for the Chief Executive Officer, generally used the same criteria as it did for other employees and officers, except the Chief Executive Officer's total compensation was reviewed by the Consultant. The Consultant's report compared the Company with a peer group of financial services companies, which were identified on the basis of size range and competition for business and/or employee talent. Competitive Chief Executive Officer pay practices were assessed using Proxy Statements of a comparison group of publicly traded financial institutions and the Consultant's proprietary database and library of published compensation survey sources.

The Consultant determined that for the Chief Executive Officer's total compensation to remain competitive, he should be eligible to receive an annual performance-based bonus with a target of one hundred percent of base salary and a greater amount of performance-based long-term incentives in the form of Company equity. Pursuant to the Consultant's recommendation that a greater percentage of the Chief Executive Officer's total compensation be based on Company performance and aligned with stockholders' interests, for fiscal year 2001, the Executive Compensation Committee awarded the Chief Executive Officer (i) a target bonus of one hundred percent of base salary for the last two quarters of fiscal year 2001, subject to the Company meeting or exceeding after tax earnings, return on equity, and net write off goals established under the Management Incentive Plan for the second half of fiscal year 2001, and (ii) if the same performance goals are satisfied, 30,000 shares of restricted stock that vest over four years, with full vesting available in connection with the sale of all or substantially all of the amounts of stock of the Company. Payment of the cash bonus and the award of restricted stock are subject to stockholder approval of the Company's 2001 Management Incentive Plan. On October 9, 2001, the Executive Compensation Committee certified that all of the 2001 performance goals had been achieved. The Executive Compensation Committee believes that the total compensation awarded to the Chief Executive Officer is appropriate.

Policy with Respect to Qualifying Compensation for Deductibility

Section 162(m) of the Internal Revenue Code of 1986, as amended ("Code section 162(m)") limits the deduction allowable to the Company for compensation paid to the Chief Executive Officer and each of the named executive officers listed in the Summary Compensation Table to \$1.0 million. Qualified performance-based compensation is excluded from this limitation if certain requirements are met. The Company's policy is generally to preserve

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

the federal income tax deductibility of compensation paid, to the extent feasible. The Executive Compensation Committee believes that awards to the Chief Executive Officer under the Company's Management Incentive Plan, to the extent approved by stockholders, and its award of options made under the stock option plans for employees, will qualify as performance-based compensation and thereby be excluded from the \$1.0 million limitation. Notwithstanding the Company's policy to preserve the federal income tax deductibility of compensation payments, under certain circumstances, the Executive Compensation

9

Committee, in its discretion, may authorize payment, such as salary, bonuses or otherwise, that may cause an executive officer's income to exceed the deductible limits.

Timanus, Jr. Each member of the Audit Committee is independent as defined under the New York Stock Exchange listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors, which is included in this Proxy Statement as Appendix A.

Management is responsible for the Company's internal financial controls and the financial reporting process. The Company's independent public accountants, Arthur Andersen, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted accounting principles and issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the year ended July 31, 2001, with the Company's management. CHANGE IN AUDITORS

On October 19, 2000, the Board of Directors, on the recommendation of the Audit Committee, appointed the firm of Arthur Anderson as the Company's independent public accountants for the fiscal year ending July 31, 2001 and dismissed Eisner & Lubin LLP ("Eisner & Lubin"). Eisner & Lubin's report on the financial statements of the Company for the fiscal years 1999 and 2000 did not contain any adverse opinion or disclaimer of opinion nor was it in any way qualified or modified as to uncertainty, audit scope or accounting principles.

The decision to change accountants was recommended by management and approved by the Audit Committee of the Board of Directors and the full Board as well.

During fiscal years 1999 and 2000, and the interim period preceding the dismissal, there have been no disagreements between the Company and Eisner & Lubin on any matter of accounting principles or practices, financial statement disclosure or audit scope or procedure. The Company has never been advised by Eisner & Lubin that internal controls necessary for the Company to develop reliable financial statements do not exist or that any information has come to the attention of Eisner & Lubin which would have caused it not to be able to rely on management's representations or that has made Eisner & Lubin unwilling to be associated with the financial statements prepared by management. Eisner & Lubin has not advised the Company of any need to significantly expand the scope of its audit or that information has come to their attention that upon further investigation may materially impact on the fairness or reliability of a previously issued audit report or financial statements issued or which would cause them to be unwilling to rely on management's representations or be associated with the Company's financial statements.

Eisner & Lubin has not advised the Company of any information which they concluded materially impacts upon the fairness or reliability of either a previously issued audit report, underlying financial statements or the financial statements issued or to be issued since the last financial statements covered by an audit report. Nor has Eisner & Lubin advised that they would be prevented from rendering an unqualified audit report on any such financial statements.

RATIFICATION OF AUDITORS (Item 2 on Proxy Card)

The Board of Directors, on the recommendation of the Audit Committee, has appointed the firm of Arthur Andersen as the Company's independent public accountants for the fiscal year ending July 31, 2002 and recommends that the stockholders vote "FOR" ratification of such selection. Arthur Andersen has audited the Company's financial statements since August 1,

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

2000. It is expected that a representative of Arthur Andersen will be present at the Meeting and will have the opportunity to make a statement and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Arthur Andersen as the Company's independent public accountants is not required by the Company's bylaws or other applicable legal requirement. However, the Board of Directors is submitting the selection of Arthur Andersen to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board of Directors may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the Company's best interests and in the best interests of the Company's stockholders.

Robert M. Sinsheimer is a partner of Arthur Andersen located in its Atlanta, GA office. Paul R. Sinsheimer, Chairman of the Board, Chief Executive Officer and President of the Company, and Robert M. Sinsheimer are brothers.

Ratification of the appointment of auditors requires a majority of the votes cast thereon. Abstentions with respect to this proposal have the same effect as a vote against the proposal. Broker non-votes with respect to this proposal will not be counted with regard to this proposal.

The Board of Directors recommends that stockholders vote "FOR" the ratification of the appointment of Arthur Andersen LLP as the Company's independent public accountants.

12

APPROVAL OF THE MANAGEMENT INCENTIVE PLAN (Item 3 on Proxy Card)

In 2001, the Board of Directors adopted the 2001 Management Incentive Plan (the "MIP"). Under the rules of the New York Stock Exchange and Section 162(m) of the Internal Revenue Code of 1986 as amended (the "Code"), a bonus plan, such as the MIP, must be approved by stockholders. The material terms of the MIP include the participants covered by the MIP, the objective performance goals listed in (i) through (iii) under the heading "Maximum Bonus and Payout Criteria" below, the individual bonus limit of 300% of the annualized highest rate of base salary paid to any executive of the Company with respect to fiscal year 2001 as reported in this Proxy Statement, the maximum number of shares that can be awarded to an individual in a calendar year which is 100,000 shares and the maximum number of shares that can be issued under the MIP which is 500,000 shares.

Purpose of the MIP -----

The purposes of the MIP are to (i) motivate and reward the Chief Executive Officer for good performance, (ii) allow the Company to vary its compensation expense based on the Company's financial performance and (iii) further align the interests of the Chief Executive Officer with the interests of stockholders through the issuance of Company stock. In accordance with the Company's compensation policy that compensation should vary with Company performance, a substantial part of the Chief Executive Officer's total compensation has been tied to the Company's performance by way of performance-based bonuses and awards of restricted stock under the MIP.

Participant

The individual eligible for awards under the MIP is the Chief Executive Officer of the Company. Actual awards will be at the discretion of a subcommittee of the Executive Compensation Committee composed of outside directors as defined under Code Section 162(m) based on the MIP's terms and subject to the MIP's limits.

Maximum Bonus and Payout Criteria

Bonus payments under the MIP may be made in cash and/or in the Company's Common Stock as determined by the Executive Compensation Committee. No more than 500,000 shares may be issued under the MIP including shares awarded as restricted stock. Any payment to the Chief Executive Officer is based on an individual bonus target for the performance period set by the Executive Compensation Committee in writing and is directly related to the satisfaction of the applicable performance goal(s) set by the Executive Compensation Committee for such performance period. The performance goals may include one or more of the following: (i) after tax earnings, (ii) return on equity, and (iii) net write offs each with respect to the Company. A performance period is any period of time up to 12 months in duration. The performance period, individual bonus target and performance goal(s) will be adopted by the Executive Compensation Committee in its sole discretion with respect to each performance period and must be adopted no later than the latest time permitted by the Code in order for bonus payments pursuant to the MIP to be deductible under Code Section 162(m).

The actual amount of future bonus payments under the MIP is not presently determinable. However, the MIP provides that no bonus in excess of 300% of the annualized highest rate of base salary paid to any executive of the Company with respect to fiscal year 2001 as reported in this Proxy Statement will be paid for any performance period. Further, the Executive Compensation Committee, in its sole discretion, may reduce the amount of the Chief Executive Officer's bonus under the MIP to an amount below the maximum bonus calculated pursuant to the MIP formula. The payment of a bonus for a given performance period generally requires the Chief Executive Officer to be employed by the Company as of the date the bonus is paid. For the second half of fiscal year 2001, the Executive Compensation Committee, as more fully described in the Report of the Executive Compensation Committee, awarded the Chief Executive Officer a cash bonus of \$375,000.

Restricted Stock Grants

In addition to awarding cash bonuses under the MIP, the Executive Compensation Committee may from time to time, in its sole discretion, award shares of the Company's Common Stock to the Chief Executive Officer. Each grant of restricted stock shall be subject to the MIP's performance goals. No more than 500,000 shares may be issued under the MIP including shares issued as payment for bonuses. The Chief Executive Officer may not receive more than 100,000 shares in the aggregate in any calendar year under the MIP as a restricted stock award. Shares awarded under the MIP may or may not be subject to vesting conditions and the Chief Executive Officer may or may not have to pay for the fair market value of the shares at the time of grant. As more fully described in the Report of the Executive Compensation Committee, the Committee granted the Chief Executive Officer 30,000 shares of restricted stock for fiscal year 2001.

Edgar Filing: FINANCIAL FEDERAL CORP - Form DEF 14A

Federal Income Tax Consequences

Unless deferred, bonuses are taxable to the Chief Executive Officer as ordinary income upon receipt. With respect to restricted stock granted subject to performance conditions, the holder of the stock will recognize ordinary income as the award vests. The Company is entitled to a deduction equal to the amount of income recognized by a recipient of a bonus or the holder of a restricted stock award.

Required Approval

Approval of the MIP requires a majority of the votes cast thereon; provided, that the total vote cast on this proposal represents over 50% in interest of all securities entitled to vote on the proposal. Abstentions with respect to this proposal have the same effect as a vote against the proposal. Broker non-votes will not be counted with regard to this proposal.

In the event that stockholder approval of the material terms of the MIP is not obtained, the Company may not make awards under the MIP and the cash bonus payable and the restricted shares previously granted to the Chief Executive Officer for fiscal year 2001 shall be forfeited.

The Board of Directors recommends that stockholders vote "FOR" the approval of the material terms of the Company's 2001 Management Incentive Plan.

STOCKHOLDER PROPOSALS

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the SEC. If any additional matters are properly presented, the persons named in the proxy will have discretion to vote the shares represented by such proxy in accordance with their judgment.
