Item 8.01 Other Events

In April 2007, we were served with a putative class action complaint captioned *Gerald D. Wells, Jr. et al. v. OSI Restaurant Partners, Inc.*, Case No. 07-1431, that was filed in the United States District Court for the District of Pennsylvania alleging violations of the Fair and Accurate Credit Transactions Act, or FACTA. In addition, we had previously been provided with a copy of a putative class action complaint captioned *Saunders v. Roy's Family of Restaurants, Inc.*, Case No. SACV07-164 CJC (ANx), that was filed in the United States District Court for the Central District of California also alleging violations of FACTA, but have not yet been formally served in the suit. FACTA restricts, among other things, the credit and debit card data that may be included on the electronically printed receipts provided to retail customers at the point of sale. The suits allege that the defendants violated a provision of FACTA by including more information on the electronically printed credit and debit card receipts provided to customers than is permitted under FACTA. Both complaints seek monetary damages, including statutory damages, punitive damages, attorneys' fees and injunctive relief. These lawsuits are among a number of lawsuits with similar allegations that have been filed recently against large retailers and foodservice operators, among others, as a result of the implementation of FACTA, which became fully effective as of December 4, 2006. We are currently examining information relating to the allegations in these complaints and are evaluating developing judicial interpretations of the statute. While we intend to vigorously defend against these actions, both of these cases are in the preliminary stages of litigation, and as a result, the ultimate outcome of these cases and their potential financial impact on us are not determinable at this time.
