Under the license, bluebird will be able to use the OmniRat®, OmniMouse® and OmniFlic® platforms to discover fully human mono- and bispecific antibodies and antibody fragments. We are eligible to receive annual platform access payments, development milestone payments and royalties for each product incorporating an OmniAb antibody. Bluebird will be responsible for all costs related to the programs. We previously disclosed rights to a single-antibody partnership had been licensed to bluebird but this agreement gives bluebird full access to the OmniAb platform.
