FORWARD-LOOKING STATEMENTS

Certain statements in this prospectus and in the documents incorporated by reference herein constitute forward-looking statements concerning, among other things, projected annual gold production, mineral resources, proven or probable reserves and cash operating costs. Forward-looking statements typically contain words or phrases such as "anticipates," "estimates," "projects," "foresees," "management believes," "believes" and words or phrases of similar import. These statements are subject to certain risks, uncertainties or assumptions. If one or more of these risks or uncertainties materialize, or if underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected. Important factors that could cause actual results to differ materially from those in such forward-looking statements include those identified in this document under "Risk Factors" below. Vista Gold assumes no obligation to update these forward-looking statements to reflect actual results, changes in assumptions, or changes in other factors affecting such statements.

VISTA GOLD CORP.

Edgar Filing: VISTA GOLD CORP - Form S-3

Vista Gold Corp. is engaged in the evaluation, acquisition and exploration of mineral properties with the potential to host gold deposits, as well as the development and operation of gold properties in the Americas. Our primary focus currently is on the acquisition of properties that contain gold deposits. Since 1971, Vista Gold and its predecessor companies have held participating interests in seven mines, four of which were discovered by Vista Gold. We have also operated five of the seven mines.

During 2001, our primary operation, the Hycroft mine in Nevada, remained shut down pending an increase in prevailing gold prices. However, the Hycroft mine continued to be the principal source of cash for Vista Gold because gold and by-product silver continued to be produced from ore previously placed on the heap leach pads.

In 1998, we acquired 100% of the shares of Mineral Ridge Resources Inc., which owned the Mineral Ridge mine, a gold property located in Nevada. During 1999, Mineral Ridge Resources sought protection under the U.S. Bankruptcy Code in order to begin the process of a permanent cessation of all mining activities. By the end of 2000, the court-appointed trustee had sold all the assets of Mineral Ridge Resources and in January 2001, the bankruptcy case was dismissed.

Vista Gold owns the Amayapampa gold property in Bolivia. A feasibility study for this property was completed in 1997 and a revised feasibility study was completed in the first quarter of 2000. We hold several mining claims in Canada and own approximately a 25% equity interest in Zamora, a Canadian mineral exploration company with interests in mineral concessions in southern Ecuador. Vista Gold performed no exploration or development activity in 2001.

On May 23, 2002, we signed a non-binding letter of intent to purchase the 100% interest held by Viceroy Resource Corporation in the Paredones Amarillos gold project on the Baja Peninsula, Mexico. Completion of the transaction is subject to completion of a due diligence review of the project by Vista Gold, governmental and regulatory approvals, and negotiation and execution of a definitive purchase agreement. The total purchase price of Cdn. \$3 million (approximately U.S. \$2 million), will be payable 50% in cash, with Cdn. \$1.0 million due at closing and Cdn. \$0.5 million due one year from closing, and 50% in Vista Gold equity units consisting of one common share and one two-year warrant to purchase one common share. The price of the equity units will be 90% of the weighted average closing price of Vista Gold's common shares on the five trading

1

days immediately preceding the date of the definitive purchase agreement. The exercise price of the warrants will equal 125% of that weighted average closing price.

Vista Gold was originally incorporated under the Company Act (British Columbia) in 1983 under the name "Granges Exploration Ltd.". In 1985, Granges Exploration Ltd. and Pecos Resources Ltd. amalgamated under the name "Granges Exploration Ltd." and in 1989, Granges Exploration Ltd. changed its name to "Granges Inc.". In 1995, Granges and Hycroft Resources & Development Corporation were amalgamated under the name "Granges Inc.". In 1996, Granges and Da Capo Resources Ltd. amalgamated under the name "Vista Gold Corp.". Effective December 19, 1997, Vista Gold was continued from British Columbia to the Yukon Territory, Canada under the Business Corporations Act (Yukon Territory).

Our principal executive offices are located at Suite 5, 7961 Shaffer Parkway, Littleton, Colorado 80127, and our telephone number is (720) 981-1185.

RISK FACTORS

An investment in our common shares involves a high degree of risk. You should carefully consider the risks described below and the other information contained in this prospectus before deciding to invest in our common shares. The risks described below are not the only ones facing our company. Additional risks not presently known to us or which we currently consider immaterial may also adversely affect our business. We have attempted to identify the major factors under the heading "Risk Factors" that could cause differences between actual and planned or expected results, but we cannot assure you that we have identified all of those factors. If any of the following risks actually happen, our business, financial condition and operating results could be materially adversely affected. In this case, the trading price of our common shares could decline, and you could lose part or all of your investment.

We cannot be certain that our acquisition, exploration and development activities will be commercially successful.

We currently have no properties that produce gold in commercial quantities. Our gold production has declined steadily since mining activities were suspended at the Hycroft mine in 1998. Gold production is now nominal and is incidental to heap leach pad rinsing activities. In these circumstances, proceeds realized from the sale of gold are not reported as revenues, but rather are netted against operating costs.

Substantial expenditures are required to acquire existing gold properties, to establish ore reserves through drilling and analysis, to develop metallurgical processes to extract metal from the ore and, in the case of new properties, to develop the mining and processing facilities and infrastructure at any site chosen for mining. Although substantial benefits may be derived from the acquisition or discovery of a major mineralized deposit, no assurance can be given that gold reserves or resources acquired or discovered will be in sufficient quantities to justify commercial operations or that the funds required for development can be obtained on a timely basis.

2

The price of gold is subject to fluctuations, which could adversely affect the realizable value of our assets and potential future results of operations and cash flow.

Our principal assets are gold reserves and resources. We intend to acquire additional properties containing gold reserves and resources. The price that we pay to acquire these properties will be, in large part, influenced by the price of gold at the time of the acquisition. Our future revenues are expected to be, in large part, derived from the mining and sale of gold from these properties or from the outright sale of some of these properties. The value of these gold reserves and resources, and the value of any potential gold production therefrom, will vary in direct proportion to variations in gold prices. The price of gold has fluctuated widely, and is affected by numerous factors beyond our control, including international, economic and political trends, expectations of inflation, currency exchange fluctuations, central bank activities, interest rates, global or regional consumption patterns (such as the development of gold coin programs), speculative activities and increased production due to new mine developments and improved mining and production methods. The effect of these factors on the price of gold, and therefore the economic viability of any of our projects, cannot accurately be predicted. Any

Edgar Filing: VISTA GOLD CORP - Form S-3

drop in the price of gold or other precious metals would adversely affect our asset values, revenues, profits and cash flows.

Mining exploration, development and operating activities are inherently hazardous.

Mineral exploration involves many risks that even a combination of experience, knowledge and careful evaluation may not be able to overcome. Operations in which Vista Gold has direct or indirect interests will be subject to all the hazards and risks normally incidental to exploration, development and production of gold and other metals, any of which could result in work stoppages, damage to property and possible environmental damage. Although Vista Gold has obtained liability insurance in an amount that it considers adequate, the nature of these risks is such that liabilities might exceed policy limits. It is also possible that the liabilities and hazards might not be insurable, or, Vista Gold could elect not to insure itself against such liabilities due to high premium costs or other reasons, in which event, we could incur significant costs that could have a material adverse effect on our financial condition.

Third parties hold minority interests in some of our properties and may have legal rights that could delay exploration or development activities on those properties.

Third parties hold minority interests in certain of our properties and may have legal rights that could delay the exploration or development of such properties. Under Bolivian law, for example, a minority interest in a mining concession is an undivided interest in that concession and the holder of such a minority interest may take action to restrict all exploration and development of the mining concession by the holder of the majority interest if that exploration and development is conducted without the minority owner's permission. Furthermore, if the majority and minority parties wish to separate their interests, but are unable to agree as to the method of division or purchase of the property, the parties must file a request for division before a Bolivian civil court.

Reserve calculations are estimates only, subject to uncertainty due to factors including metal prices and recoverability of metal in the mining process.

There is a degree of uncertainty attributable to the calculation of reserves and corresponding grades being mined or dedicated to future production. Until reserves are actually mined and processed, the quantity of ore and grades must be considered as an estimate only. In addition, the quantity of reserves and ore may vary depending on metal prices. Any material change in the quantity of reserves, mineralization, grade or stripping ratio may affect the economic viability of our properties. In addition, there can be no assurance that gold recoveries or other metal recoveries in

3

small-scale laboratory tests will be duplicated in larger scale tests under on-site conditions or during production.

Our exploration and development operations are subject to environmental regulations, which could result in our incurring additional costs and operational delays.

All phases of our operations are subject to environmental regulation. Environmental legislation is evolving in some countries or jurisdictions in a manner which will require stricter standards and enforcement, increased fines and penalties for non-compliance, more stringent environmental assessments of

Edgar Filing: VISTA GOLD CORP - Form S-3

proposed projects and a heightened degree of responsibility for companies and their officers, directors and employees. There is no assurance that future changes in environmental regulation, if any, will not adversely affect our operations.

We face intense competition in the mining industry.

The mining industry is intensely competitive in all of its phases. As a result of this competition, some of which is with large established mining companies with substantial capabilities and with greater financial and technical resources than ours, we may be unable to acquire additional attractive mining claims or financing on terms we consider acceptable. Vista Gold also competes with other mining companies in the recruitment and retention of qualified managerial and technical employees. If we are unable to successfully compete for qualified employees, our exploration and development programs may be slowed down or suspended.

Some of our directors may have conflicts of interest as a result of their involvement with other natural resource companies.

Certain directors of Vista Gold are officers and/or directors of, or are associated with other natural resource companies that acquire interests in mineral properties. Such associations may give rise to conflicts of interest from time to time. In the event that any such conflict of interest arises, a director who has such a conflict is required to disclose the conflict to a meeting of the directors of the company in question and to abstain from voting for or against approval of any matter in which such director may have a conflict. In appropriate cases, the company in question will establish a special committee of independent directors to review a matter in which several directors, or management, may have a conflict. In accordance with the laws of the Yukon Territory, the directors of all companies are required to act honestly, in good faith and in the best interests of a company for which they serve as a director.

There may be challenges to our title in our mineral properties.

Although our management has reviewed and is satisfied with the title for all mineral properties in which Vista Gold has a material interest, there is no guarantee that title to such concessions will not be challenged or impugned. If there are title defects with respect to any of our properties, we might be required to compensate other persons or perhaps reduce our interest in the affected property. Also, in any such case, the investigation and resolution of title issues would divert management's time from ongoing exploration and development programs.

Our property interests in Bolivia are subject to risks from political and economic instability in that country.

We have property interests in Bolivia, which may be affected by risks associated with political or economic instability in that country. The risks include, but are not limited to: military repression, extreme fluctuations in currency exchange rates, labor instability or militancy, mineral title irregularities and high rates of inflation. Changes in mining or investment policies or shifts in

political attitude in Bolivia may adversely affect our business. We may be affected in varying degrees by government regulation with respect to restrictions on production, price controls, export controls, income taxes,

Edgar Filing: VISTA GOLD CORP - Form S-3

expropriation of property, maintenance of claims, environmental legislation, land use, land claims of local people, water use and mine safety. The effect of these factors cannot be accurately predicted.

Our financial position and results are subject to fluctuations in foreign currency values.

Because we have mining exploration and development operations in North and South America, we are subject to foreign currency fluctuations, which may materially affect our financial position and results. We do not engage in currency hedging to offset any risk of currency fluctuations.

We may be unable to raise additional capital on favorable terms.

The exploration and development of our development properties, specifically the construction of mining facilities and commencement of mining operations, may require substantial additional financing. Significant capital investment is required to achieve commercial production from each of our non-producing properties. We raised approximately \$3.8 million from a private placement financing in the first quarter of 2002, which management believes is sufficient financial resources to continue producing gold from previously mined ore at the Hycroft mine. Nonetheless, we will have to raise additional funds from external sources in order to restart mining activities at the Hycroft mine or begin construction and development activities at the Amayapampa project in Bolivia. There can be no assurance that additional financing will be available at all or on acceptable terms and, if additional financing is not available, we may have to substantially reduce or cease our operations.

USE OF PROCEEDS

Vista Gold will not receive any proceeds from the sale of the common shares offered by the selling security holders.

SELLING SECURITY HOLDERS

The selling security holders identified in the following table are offering for sale a total of 7,999,974 common shares. This total, and the numbers in the table, have been adjusted to reflect a consolidation of our common shares on a 1-for-20 basis, effective June 19, 2002. On a post-consolidation basis, these shares include 1,296,296 shares currently owned by selling security holders, 2,703,691 shares issuable upon conversion of debentures and 3,999,987 shares issuable upon exercise of warrants, including warrants to be issued upon conversion of debentures, all as acquired from Vista Gold in private placement transactions we undertook in February 2002 and March 2002. These transactions are described below on a pre-consolidation basis, but with post-consolidation exercise or conversion prices shown as applicable.

(i) On February 1, 2002, in a private transaction, Vista Gold issued 20,000,000 units (equivalent to 1,000,000 on a post-consolidation basis) to Stockscape.com Technologies Inc., one of the selling security holders, at a price of \$0.0513 per unit, for an aggregate purchase price of \$1,026,000. Each unit consisted of one common share and one share purchase warrant exercisable for one additional common share at \$0.075 (now \$1.50, on a post-consolidation basis) until February 1, 2007. As consideration for its services as agent in connection with this unit offering,

we issued an additional 1,600,000 units (equivalent to 80,000 on a post-consolidation basis) to Global Resource Investments Ltd., another selling

Edgar Filing: VISTA GOLD CORP - Form S-3

security holder. Issuance of shares upon warrant exercise was subject to shareholder approval of issuance of the warrants, which occurred at our Annual and Special General Meeting of shareholders on April 26, 2002.

(ii) On March 19, 2002, in a private transaction, Vista Gold issued \$2,774,000 aggregate principal amount of convertible debentures. The debentures are convertible into debenture units at a price of \$0.0513 (now \$1.026, on a post-consolidation basis) per debenture unit, each consisting of one common share and one 5-year warrant (termed a "debenture warrant") entitling the holder to purchase one common share at a price of \$0.075 (now \$1.50, on a post-consolidation basis) until March 18, 2007. As consideration for its services as agent in connection with this debenture offering, we issued to Global Resource special warrants exercisable for 4,325,925 units (equivalent to 216,296 on a post-consolidation basis), with each unit consisting of one common share and one warrant with the same terms as the share and warrant components, respectively, of the debenture units. Issuance of shares upon conversion of the debentures, upon exercise of the debenture warrants, upon exercise of the special warrants issued to Global Resource and upon exercise of the warrants included in the units issuable to Global Resource upon the exercise of its special warrants, were all subject to shareholder approval, which occurred at our Annual and Special General Meeting on April 26, 2002. In accordance with the terms of the special warrants issued to Global Resource, these were deemed to be exercised, without any further action by Global Resource, as a result of the shareholder approval of the issuance of the share and warrant components of the units issuable on exercise of the special warrants.

We agreed in connection with the above transactions to register all shares issuable in the transactions including shares issuable upon exercise of warrants, conversion of debentures and exercise of the debenture warrants.

The selling security holders may offer their common shares for sale from time to time at market prices prevailing at the time of sale or at negotiated prices, and without payment of any underwriting discounts or commissions except for usual and customary selling commissions paid to brokers or dealers.

The following table sets forth, as of June 19, 2002, the number of shares being held of record or beneficially by the selling security holders that may be offered under this prospectus, and provides by footnote reference any material relationship between Vista Gold and the selling security holder, all of which is based upon information currently available to us.

PLAN OF DISTRIBUTION

Vista Gold is registering the shares on behalf of the selling security holders. We will pay all expenses in connection with the registration of the common shares being sold by the selling security holders, except for the fees and expenses of any counsel and other advisors that any selling security holders may employ to represent them in connection with the offering and any brokerage or underwriting discounts or commissions paid to broker-dealers in connection with the sale of the shares. Vista Gold will not receive any of the proceeds of the sale of the shares offered by the selling security holders.

The selling security holders have not advised us of any specific plan for distribution of the shares offered hereby, but it is anticipated that the shares

Edgar Filing: VISTA GOLD CORP - Form S-3

will be sold from time to time by the selling security holders or by pledgees, donees, transferees or other successors in interest on a best efforts basis without an underwriter. Such sales may be made on the American Stock Exchange, the Toronto Stock Exchange, any exchange upon which our shares may trade in the future, over-the-counter, or otherwise, at prices and at terms then prevailing or at prices related to the then current market price, or in negotiated transactions. The shares may be sold by one or more of the following, without limitation:

- o a block trade in which the broker or dealer so engaged will attempt to sell the shares as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- o purchases by a broker or dealer for its account pursuant to this prospectus;
- o ordinary brokerage transactions and transactions in which the broker solicits purchases;
- o through options, swaps or derivatives;
- o in privately negotiated transactions;
- o in transactions to cover short sales;
- o through a combination of any such methods of sale; or
- o in accordance with Rule 144 under the Securities Act, rather than pursuant to this prospectus.

The selling security holders may sell their shares directly to purchasers or may use brokers, dealers, underwriters or agents to sell their shares. Brokers or dealers engaged by the selling security holders may arrange for other brokers or dealers to participate. Brokers or dealers may receive commissions, discounts or concessions from the selling security holders, or, if any such broker-dealer acts as agent for the purchaser of shares, from the purchaser in amounts to be

8

negotiated immediately prior to the sale. The compensation received by brokers or dealers may, but is not expected to, exceed that which is customary for the types of transactions involved. Broker-dealers may agree with a selling security holder to sell a specified number of shares at a stipulated price per share, and, to the extent the broker-dealer is unable to do so acting as agent for a selling security holder, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the selling security holder. Broker-dealers who acquire shares as principal may thereafter resell the shares from time to time in transactions, which may involve block transactions and sales to and through other broker-dealers, including transactions of the nature described above, in the over-the-counter market or otherwise at prices and on terms then prevailing at the time of sale, at prices then related to the then-current market price or in negotiated transactions. In connection with resales of the shares, broker-dealers may pay to or receive from the purchasers of shares commissions as described above.

The selling security holders and any broker-dealers or agents that participate with the selling security holders in the sale of the shares may be deemed to be "underwriters" within the meaning of the Securities Act. In that event, any commissions received by broker-dealers or agents and any profit on

Edgar Filing: VISTA GOLD CORP - Form S-3

the resale of the shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act.

From time to time the selling security holders may engage in short sales, short sales against the box, puts and calls and other hedging transactions in our securities, and may sell and deliver the shares in connection with such transactions or in settlement of securities loans. These transactions may be entered into with broker-dealers or other financial institutions. In addition, from time to time, a selling security holder may pledge its shares pursuant to the margin provisions of its customer agreements with its broker-dealer. Upon delivery of the shares or a default by a selling security holder, the broker-dealer or financial institution may offer and sell the pledged shares from time to time.

We have advised the selling security holders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security holders and their affiliates. In addition, we will make copies of this prospectus available to the selling security holders for the purpose of satisfying the prospectus delivery requirements of the Securities Act.

Upon our being notified by a selling security holder that any material arrangement has been entered into with a broker-dealer for the sale of the shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing:

- o the name of each such selling security holder and of the participating broker-dealer(s);
- o the number of shares involved;
- o the price at which such shares were sold;
- o any commissions paid or discounts or concessions allowed to such broker-dealer(s); and
- o other facts material to the transaction.

In order to comply with the securities laws of certain jurisdictions the shares must be offered or sold only through registered or licensed brokers or dealers. In addition, in certain

jurisdictions, the shares may not be offered or sold unless they have been registered or qualified for sale or an exemption is available and complied with.

INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Section 7.1 of our By-law No. 1 provides that no director will be liable for acts or omissions of any other director or any officer or employee, or for any loss, damage or expense sustained by Vista Gold through: defects in title to any property acquired by us or on our behalf; or for losses or damages sustained by us in connection with investment of our funds or property (including losses or damages arising from bankruptcy, insolvency or other tortious acts of an entity with which such funds or property are deposited); or for any loss caused by an error of judgment or oversight on the part of such director; or for any other liability that the director may incur in his capacity as director, except for liabilities occasioned by the director's own willful neglect or default. This Section also provides that our directors and officers must act in accordance with the Business Corporations Act (Yukon Territory) (the "Act") and

Edgar Filing: VISTA GOLD CORP - Form S-3

regulations thereunder, and will not be relieved from liability for any breach of such Act or regulations.

Section 7.2 of our By-law No. 1 provides that, subject to limitations contained in the Act, and provided the indemnitee is fairly and reasonably entitled to be indemnified by us, we will indemnify our directors and officers, including former directors and officers or persons acting at the request of Vista Gold as a director or officer of a corporation of which Vista Gold is or was a shareholder or creditor (or a person who undertakes or has undertaken any liability on behalf of Vista Gold or any such other corporation), and heirs and legal representatives of such persons, against all costs and expenses, including amounts paid to settle an action or satisfy a judgment, reasonably incurred by such person in respect of any civil, criminal or administrative action or proceeding to which such person is made a party by reason of being or having been a director or officer of Vista Gold or any such other corporation, if:

- o he acted honestly and in good faith with a view to the best interests of Vista Gold; and
- o in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he had reasonable grounds for believing that his conduct was lawful.

13

Section 7.3 of our By-law No. 1 provides that, subject to limitations contained in the Act, we may purchase and maintain insurance for our directors and officers as determined by our Board of Directors. As discussed below, Vista Gold does maintain such insurance.

Subsection (1) of Section 126 of the Act provides that except in respect of an action by or on behalf of the corporation or body corporate to procure a judgment in its favor, a corporation may indemnify a director or officer of the corporation, a former director or officer of the corporation or a person who acts or acted at the corporation's request as a director or officer of a body corporate of which the corporation is or was a shareholder or creditor, and his heirs and legal representatives (collectively, a "Person"), against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him in respect of any civil, criminal or administrative action or proceeding to which he is made a party by reason of being or having been a director or officer of that corporation or body corporate, if:

- (a) he acted honestly and in good faith with a view to the best interests of the corporation; and
- (b) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he had reasonable grounds for believing that his conduct was lawful.

A corporation may with the approval of the Supreme Court of the Yukon Territory (the "Court") indemnify a Person in respect of an action by or on behalf of the corporation or body corporate to procure a judgment in its favor, to which he is made a party by reason of being or having been a director or an officer of the corporation or body corporate, against all costs, charges and expenses reasonably incurred by him in connection with the action if he fulfills the conditions set out in paragraphs (1)(a) and (b) of Section 126 of the Act.

Notwithstanding anything in Section 126 of the Act, a Person is entitled to indemnity from the corporation in respect of all costs, charges and expenses

Edgar Filing: VISTA GOLD CORP - Form S-3

reasonably incurred by him in connection with the defense of any civil, criminal or administrative action or proceeding to which he is made a party by reason of being or having been a director or officer of the corporation or body corporate, if the person seeking indemnity:

- (a) was substantially successful on the merits in his defense of the action or proceeding;
- (b) fulfills the conditions set out in paragraphs (1)(a) and (b) of Section 126 of the Act; and
- (c) is fairly and reasonably entitled to indemnity.

A corporation may purchase and maintain insurance for the benefit of any Person against any liability incurred by him:

- (a) in his capacity as a director or officer of the corporation, except when the liability relates to his failure to act honestly and in good faith with a view to the best interests of the corporation; or
- (b) in his capacity as a director or officer of another body corporate if he acts or acted in that capacity at the corporation's request, except when the liability

14

relates to his failure to act honestly and in good faith with a view to the best interests of the body corporate.

A corporation or a Person may apply to the Court for an order approving an indemnity under Section 126 of the Act and the Court may so order and make any further order it thinks fit, including an order that notice be given to any interested person.

Vista Gold indemnifies its directors and executive officers, as well as their heirs and representatives, pursuant to indemnification agreements it has entered into with each such director and executive officer, against all liabilities and obligations, including legal fees and costs of investigation and defense of claims, as well as amounts paid to settle claims or satisfy judgments, that these directors and officers may incur in such capacities. While these agreements provide that Vista Gold will indemnify such director or officer regardless of conduct or fault of that person, the agreements also provide that we may only make such indemnification payments as permitted by applicable law. The agreements provide that Vista Gold's obligations under the agreements are not diminished or otherwise affected by, among other things, any officers' liability insurance placed by or for the benefit of the indemnitee, Vista Gold or any entity related to either.

In addition, Vista Gold maintains directors' and officers' liability insurance which insures against liabilities that its directors and officers may incur in such capacities.

Reference is made to "Undertakings," below, for Vista Gold's undertakings in this registration statement with respect to indemnification of liabilities arising under the Securities Act of 1933, as amended.

UNDERTAKINGS.

The undersigned Registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

15

2. For the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
