PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

June 19, 2003

INTRODUCTION

General

This proxy statement is furnished to our stockholders in connection with the solicitation of proxies for use at our annual meeting of stockholders to be held at our principal executive offices on June 19, 2003 at 11:00 a.m. Pacific time, and at any adjournments or postponements of the annual meeting.

This solicitation is made on behalf of our Board of Directors and we will pay the costs of solicitation. Our directors, officers and employees may also solicit proxies by telephone, telegraph, fax or personal interview. We will not pay any additional compensation to directors, officers or other employees for such services, but may reimburse them for reasonable out-of-pocket expenses in connection with such solicitation. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to our stockholders. We have retained U.S. Stock Transfer Corporation to assist in the solicitation of proxies with respect to shares of our common stock held of record by brokers, nominees and institutions for a customary fee, estimated to be approximately \$15,000, plus reimbursement of expenses.

A copy of our Annual Report to Stockholders for the year ended December 31, 2002 and this proxy statement and accompanying proxy card will be first mailed to stockholders on or about May 21, 2003.

Our principal executive offices are located at 675 Almanor Avenue, Sunnyvale, California 94085, telephone (408) 215-4000.

Quorum and Voting Requirements

Our outstanding common stock constitutes the only class of securities entitled to vote at the meeting. Stockholders of record of our common stock at the close of business on May 8, 2003 are entitled to notice of, and to vote at, the meeting. On that date, 63,000,178 shares of our common stock were issued and outstanding, including 17,721,595 shares beneficially owned by our executive officers and directors, or 26.4% of the outstanding shares of our common stock as of that date. The presence at the meeting, in person or by proxy, of a majority of those shares will constitute a quorum. Each share of common stock is entitled to one vote. Our executive officers and directors have informed us that they intend to vote, or cause to be voted, all 17,721,595 shares of common stock held by them for all the proposals in this proxy statement.

There are no statutory or contractual rights of appraisal or similar remedies available to stockholders in connection with any matter to be acted on at the meeting.

A proxy card is enclosed for your use. We ask that you sign, date and return the proxy card in the accompanying envelope, which is postage prepaid if you mail it in the United States.

The election of the director nominees requires a plurality of the votes cast for the election of directors; accordingly, the directorships to be filled at the annual meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, by checking the appropriate box on your proxy card you may cast your votes in favor of, or withhold your votes with respect to, some or all nominees. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Table of Contents

Under Nevada law, the approval of the amendments to our amended and restated articles of incorporation to effect a reverse stock split and the approval of our reincorporation from the State of Nevada to the State of Delaware will require the affirmative vote of the holders of a majority of all outstanding shares of our common stock. You may cast your votes in favor of, or against, these proposals, or abstain from voting on the proposals. Only votes cast for a matter constitute affirmative votes. Thus, a failure to vote on these proposals or an abstention will not be treated as a vote cast for the proposals and will have the same effect as a vote against the proposals.

Under Nevada law, the ratification of the selection of KPMG LLP as our independent auditors requires for approval the number of votes cast in favor of ratification to exceed the number of votes cast in opposition. You may cast your votes in favor of, or against, this proposal, or abstain from voting on the proposals. Since an abstention is not treated as a vote for or against the matter, it will not have any impact on the vote.

Unless there are different instructions on the proxy, all shares represented by valid proxies (and not revoked before they are voted) will be voted at the meeting **FOR** Proposals Nos. 1, 2, 3 and 4. With respect to any other business that may properly come before the meeting and be submitted to a vote of stockholders, proxies will be voted in accordance with the best judgment of the designated proxy holders.

Shares represented by proxies that reflect abstentions or broker non-votes (*i.e.*, shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum and in determining whether a matter has been approved. Because a broker non-vote is not treated as a vote for or against a particular matter, it will generally not have any impact on a proposal. However, given that the affirmative vote of the holders of a majority of all outstanding shares of our common stock is necessary to approve the amendments to our amended and restated articles of incorporation to effect a reverse stock split and the approval of our reincorporation, a broker non-vote will have the effect of a vote against these proposals.

Stockholders of record may vote by either completing and returning the enclosed proxy card prior to the meeting, voting in person at the meeting, or submitting a signed proxy card at the meeting.

Your vote is important. Accordingly, please sign and return the accompanying proxy card whether or not you plan to attend the meeting in person.

You may revoke your proxy at any time before it is actually voted at the meeting by:

delivering written notice of revocation to our Secretary at 675 Almanor Avenue, Sunnyvale, California 94085;

submitting a later dated proxy; or

attending the meeting and voting in person.

Your attendance at the meeting will not, by itself, constitute revocation of your proxy. You may also be represented by another person present at the meeting by executing a form of proxy designating that person to act on your behalf. Shares may only be voted by or on behalf of the record holder of shares as indicated in our stock transfer records. If you are a beneficial owner but your shares are held of record by another person, such as a stock brokerage firm or bank, that person must vote the shares as the record holder in accordance with your instructions.

All votes cast at the meeting will be tabulated by the persons appointed by us to act as inspectors of election for the meeting.

Table of Contents**PROPOSAL NO. 1:****ELECTION OF NOMINEES TO BOARD OF DIRECTORS****General Information**

Our Amended and Restated By-Laws provide for three classes of directors that serve staggered terms of one, two or three years as is designated at the time of a director's election. There are currently two Class I directors, whose terms expire at this meeting, two Class II directors, whose terms expire at the annual stockholders' meeting in 2004, and three Class III directors, whose terms expire at the annual stockholders' meeting in 2005. The Board of Directors has nominated the current Class I directors, Dr. Ted W. Love and Dr. Philippe O. Chambon for re-election. Each Class I director elected at the annual meeting will serve a three-year term ending on the date of the annual meeting in 2006 or until a successor is duly elected or appointed. Proxies cannot be voted for more than two persons.

Each nominee for director has consented to being named in this proxy statement and has indicated his or her willingness to serve if elected. Proxies received by us will be voted for the nominees. Although we do not anticipate that any nominee will be unavailable for election, if a nominee is unavailable for election, we will vote the proxies for any substitute nominee we may designate.

Each nominee for election to the Board of Directors currently serves as one of our directors and has continually served as a director since the date such person initially became a director, which is set forth below. In 2002, our Board of Directors met six times and each director attended at least 75% of those meetings. Director Compensation

During 2002, each non-employee director earned \$6,250 for each Board meeting attended in person or by telephone subject to an overall cap of \$25,000 per year. During 2002, all non-employee directors also received fees of \$1,000 for each Committee meeting attended in person. Also, all Committee chairpersons received fees of \$6,000 per annum. Committee fees were not subject to the \$25,000 cap. Our directors who are also employees do not receive any director or committee fees. All directors are reimbursed for reasonable expenses incurred in attending Board and committee meetings.

We grant options to purchase shares of our common stock to our directors under our Non-Employee Director Stock Option Plan, as amended, or Directors Plan. Under the Directors Plan, each non-employee director receives an initial grant of options when they join our Board, and annual grants thereafter on the day of each annual meeting of stockholders. The initial grant, and each annual grant, gives each non-employee director the right to purchase up to 10,000 shares of our common stock. At each grant, the number of shares is determined by the lesser of (i) the number determined by dividing \$200,000 by the fair market value of our common stock on the date of grant or (ii) 10,000 shares. A non-employee director's initial award vests as to one-half of the underlying shares on the date of grant, and one-half of the remaining portion of the award vests on the dates of the next two annual stockholders' meetings. If a new non-employee director has not been a director for a year at the time of his or her first subsequent grant, then it becomes exercisable on the first anniversary of the date he or she joined our Board. All other subsequent option grants are exercisable in full on the date of grant.

Accordingly, Mr. McCarter, Dr. Formela, Ms. Pendergast, Mr. Vogelbaum and, if elected to our Board of Directors at the stockholders meeting, Dr. Chambon will each receive options to purchase up to 10,000 shares of our common stock immediately following this year's meeting.

Committees of the Board of Directors

Our Board of Directors has three standing committees, the Compensation Committee, the Audit Committee and the Nominating Committee.

Compensation Committee

Our Compensation Committee reviews, and makes recommendations to our Board regarding, our compensation policies, practices and procedures designed to contribute to our success. The Compensation Committee administers the 1995 Stock Option Plan, the Directors Plan and the Scientific Advisory Board/ Consultants Stock Option Plan. Dr. Rathmann is the only member of the Compensation Committee who was at any time during the past three fiscal years an officer or employee of ours or any of our subsidiaries. Dr. Rathmann, as the Chairperson, Dr. Chambon and Mr. McCarter presently serve on the Compensation Committee. During 2002, Dr. Raymond F. Baddour, as the Chairperson and Mr. Robert D. Weist served on the Compensation Committee. The Compensation Committee met three times during 2002, and each member attended all three meetings. The report of our Compensation Committee is included on page 33 of this proxy statement.

Table of Contents

Audit Committee

Our Audit Committee reviews our annual audit and meets with our independent auditors to review our internal controls and financial management practices. Our Board has adopted a written charter for the Audit Committee. Mr. McCarter, as the Chairperson, Mr. Vogelbaum and Ms. Pendergast presently serve on the Audit Committee. During 2002, Mr. McCarter, as the Chairperson, Dr. Baddour and Mr. Weist served on the Audit Committee. The Audit Committee met four times during 2002, and each member attended all four meetings. All three committee members are independent directors, as determined in accordance with Rule 4200(a)(14) of the National Association of Securities Dealers listing standards. The report of our Audit Committee is included on page 35 of this proxy statement.

Nominating Committee

Our Nominating Committee considers and recommends individuals for Board membership and senior management positions. The Nominating Committee will consider stockholders nominations for directors only if notice is timely received by the Secretary of the company. To be timely, notice must be received not less than 60 days nor more than 90 days prior to the anniversary date of the immediately preceding annual meeting, unless the date of the annual meeting is more than 30 days earlier or more than 60 days later than such anniversary date, in which case notice must be received not earlier than the 90th day prior to such annual meeting and not later than the close of business on the later of the 60th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Dr. Rathmann, Dr. Love and Ms. Pendergast presently serve on the Nominating Committee. During 2002, Dr. Rathmann and Mr. Weist served on the Nominating Committee. There were no meetings of the Nominating Committee during 2002.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, or the Exchange Act, requires our directors and officers and persons who beneficially own more than 10% of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of our common stock and other equity securities of ours. Officers, directors and greater than 10% beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such reports furnished to us and written representations from certain reporting persons, we believe that during the fiscal year ended December 31, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10% beneficial owners were met.

THE BOARD OF DIRECTORS RECOMMENDS

**A VOTE *FOR* THE DIRECTORS
NOMINATED IN THIS PROPOSAL NO. 1.**

PROPOSAL NO. 2:

**APPROVAL OF THE REINCORPORATION OF NUVELO
FROM THE STATE OF NEVADA TO THE STATE OF DELAWARE**

Introduction

Our Board of Directors believes it is in the best interests of Nuvelo and our stockholders for us to reincorporate from the state of Nevada to the state of Delaware. The reincorporation will be accomplished by merging Nuvelo with and into a wholly-owned subsidiary, which we refer to as Nuvelo-Delaware and which will be incorporated in the state of Delaware for this purpose. The merger will be accomplished pursuant to the

Table of Contents

Agreement and Plan of Merger, or Merger Agreement, to be entered into by us and Nuvelo-Delaware, a copy of which is included as Appendix A to this proxy statement. We use the terms merger and reincorporation interchangeably in the following description. Stockholder approval of the reincorporation means approval of the Merger Agreement. Our Board of Directors has unanimously approved and declared advisable the Merger Agreement and unanimously recommends that you vote FOR the approval of the reincorporation.

The following discussion summarizes certain aspects of the reincorporation. The summary is not intended to be complete and is qualified in its entirety by reference to the Merger Agreement and to the Amended and Restated Certificate of Incorporation of Nuvelo-Delaware, which we refer to as the Delaware Charter, a copy of which is included as Appendix B to this proxy statement, and the Bylaws of Nuvelo-Delaware, which we refer to as the Delaware Bylaws, a copy of which is included as Appendix C to this proxy statement.

Principal Reasons for the Reincorporation

The primary reason our Board of Directors is recommending the reincorporation is the well-developed case law interpreting the Delaware General Corporation Law, or DGCL, which the Board of Directors believes will allow it more effectively to perform its duties. Although the Nevada Revised Statutes, or NRS, is relatively similar to the DGCL, there is a lack of predictability under Nevada law resulting from the limited body of case law interpreting the NRS. The DGCL and the court decisions construing it, on the other hand, are widely regarded as the most extensive and well-defined body of corporate law in the United States. This body of case law stems in part from Delaware's long-established policy of encouraging companies to incorporate in that state. In furtherance of that policy, Delaware has been a leader in adopting comprehensive, modern and flexible corporate laws which are periodically updated and revised to meet changing business needs. As a result, many major corporations have initially chosen Delaware for their domicile or have subsequently reincorporated in Delaware in a manner similar to that proposed by the Company. Delaware's courts have developed considerable expertise in dealing with corporate issues, and a substantial body of case law has developed construing Delaware law and establishing public policies with respect to corporate legal issues. Thus, for example, relative to other states Delaware provides greater guidance to directors in the context of dealing with major transactions, including potential changes in corporate control, along with more general corporate matters.

Our Board of Directors believes that the overall effect of the reincorporation will be to enhance its ability to consider all appropriate courses of action with respect to significant transactions for the benefit of all stockholders. Moreover, our Board of Directors believes that enhanced certainty with respect to the duties of directors is a significant benefit to us and our stockholders and could be an important factor in attracting and retaining quality persons to serve on the Board of Directors.

Effect of the Reincorporation

The reincorporation will be accomplished by a merger of us into Nuvelo-Delaware. On completion of the merger, Nuvelo-Delaware will succeed to all of our assets, liabilities and business and will possess all of our rights and powers. The merger will not result in any change to our name, business, management, assets, liabilities or net worth or the location of our principal executive offices.

Effective Date. The merger will take effect at the later of the date on which a certificate of Ownership and Merger is filed with the Secretary of State of the State of Delaware and Articles of Merger are filed with the Secretary of State of the State of Nevada. We intend to cause these filings to be made (1) if our stockholders approve the reverse stock split described in Proposal No. 3 below, promptly after either completion of the reverse stock split or the decision by our Board of Directors to abandon the reverse stock split, or (2) if our stockholders do not approve the reverse stock split, promptly after approval of the reincorporation by our stockholders. On the completion of the merger, our separate corporate existence will cease, and our stockholders will become stockholders of Nuvelo-Delaware and their rights will be governed by the DGCL, the Delaware Charter and the Delaware Bylaws, as well as our Rights Agreement, dated as of June 5, 1998, between us and U.S. Stock Transfer Corporation, as amended, which will be assumed in the merger.

Table of Contents

Management after the Merger. Upon completion of the merger, the Board of Directors of Nuvelo-Delaware will consist of those people elected to our Board of Directors at our Annual Meeting and those persons continuing to serve as directors at the time of the Annual Meeting. Information regarding our current directors and nominees is set forth under Proposal No. 1 above. The directors will continue to hold office as directors of Nuvelo-Delaware for the same terms for which they would otherwise serve as our directors. Our executive officers immediately prior to the merger will become executive officers of Nuvelo-Delaware upon completion of the merger.

Capitalization of Nuvelo-Delaware. Our authorized capital stock currently consists of (i) 100,000,000 authorized shares of Common Stock, par value of \$0.001 per share, (ii) 3,000,000 authorized shares of Series A Preferred Stock, par value of \$0.001 per share, and (iii) 5,000,000 authorized shares of Other Series Preferred Stock, par value \$0.001 per share, of which 100,000 shares have been designated Series B Junior Participating Preferred Stock. The authorized capital stock of Nuvelo-Delaware will consist of (i) 100,000,000 authorized shares of Common Stock, par value \$0.001 per share, and (ii) 5,000,000 authorized shares of Preferred Stock, par value \$0.001 per share, of which 100,000 shares will be designated Series A Junior Participating Preferred Stock. The terms of the Series A Junior Participating Preferred Stock of Nuvelo-Delaware, which will be set forth in a certificate of designations to be filed at the time of completion of the reincorporation, will be identical in all material respects to the terms of our Series B Junior Participating Preferred Stock. Nuvelo-Delaware will not have any authorized Series A Preferred Stock corresponding to our current Series A Preferred Stock because no shares of Series A Preferred Stock are currently outstanding.

Company Equity Incentive Plans; Options; Warrants. Our equity incentive plans will not change in any material respect as a result of the merger. Each option to purchase shares of our Common Stock outstanding immediately prior to the merger pursuant to our 1995 Stock Option Plan, 2002 Equity Incentive Plan, Directors Plan and Variagenics Amended 1997 Employee, Director and Consultant Stock Option Plan will be converted automatically into an option to purchase a number of shares of Nuvelo-Delaware Common Stock equal to the number of shares of our Common Stock for which they are exercisable immediately prior to the merger. In the merger, each outstanding right to purchase shares of our Common Stock under our Employee Stock Purchase Plan, as amended, will be converted into a right to purchase shares of Nuvelo-Delaware Common Stock on the same terms and conditions.

Upon completion of the merger, all of our options issued outside of the plans described above and all of our outstanding warrants will be converted automatically into options or warrants, as the case may be, to acquire a number of shares of Nuvelo-Delaware Common Stock equal to the number of shares of our Common Stock for which they are exercisable immediately prior to the merger.

Indebtedness of Nuvelo. All of our indebtedness outstanding upon completion of the merger will be assumed by Nuvelo-Delaware in connection with the merger. To our knowledge, none of our indebtedness will be accelerated as a result of the proposed transaction.

Trading of our Common Stock. It is anticipated that the Common Stock of Nuvelo-Delaware will be quoted on the Nasdaq National Market without interruption, and that certificates representing shares of our Common Stock will constitute good delivery of shares of Nuvelo-Delaware in transactions subsequent to the merger. It is anticipated that the shares of Nuvelo-Delaware Common Stock will continue to be represented by the same ticker symbol, NUVO, and the same CUSIP number that is currently used for our Common Stock (unless the CUSIP number is changed in connection with a reverse stock split, as described in Proposal No. 3 below).

In the merger, shares of our Common Stock will be converted, share for share, without any action on the part of the holder thereof, into shares of Common Stock of Nuvelo-Delaware. All shares of Nuvelo-Delaware Common Stock to be issued in the merger will be validly issued, fully paid and nonassessable. Each certificate representing outstanding shares of our Common Stock will continue to represent the same number of shares of Nuvelo-Delaware until submitted for transfer to our transfer agent. **You will not need to exchange your existing stock certificates for stock certificates of Nuvelo-Delaware (although you will need to exchange them if we complete a reverse stock split, as described under Proposal No. 3 below).**

U.S. Stock Transfer Corporation, our transfer agent and registrar, will act as the transfer agent and registrar for Nuvelo-Delaware.

Consequences Under the Securities Act. The shares of Nuvelo-Delaware Common Stock to be issued in exchange for shares of our Common Stock are not being registered under the Securities Act of 1933, as amended, in reliance on Rule 145(a)(2) under the Securities Act and SEC interpretations. Rule 145(a)(2) provides that a merger which has as its sole purpose a change in the domicile of a corporation does not involve the sale of securities for purposes of the Securities Act. Given SEC interpretations of this rule, we believe that the changes that are being made to the rights of our stockholders as described below under *Comparison of Stockholder Rights Before and After the Reincorporation* will not render Rule 145(a)(2) inapplicable.

After the reincorporation, Nuvelo-Delaware will file periodic reports and other documents with the SEC and provide to its stockholders the same types of information that we currently provide. Stockholders whose Common Stock is freely tradable before the reincorporation will have freely tradable shares of Nuvelo-Delaware Common Stock. Stockholders holding restricted shares of our Common Stock will have shares of Nuvelo-Delaware Common Stock which are subject to the same restrictions on transfer as those to which their present shares of Common Stock are subject, and their stock certificates, if surrendered for replacement certificates representing shares of Nuvelo-Delaware Common Stock, will bear a similar restrictive legend as appears on their present stock certificates. For purposes of computing compliance with the holding period requirement of Rule 144 under the Securities Act, stockholders will be deemed to have acquired their shares of Nuvelo-Delaware Common Stock on the date they acquired their shares of Nuvelo Common Stock.

We currently have effective shelf registration statements under the Securities Act covering the resale of shares of our Common Stock and shares of our Common Stock issuable upon exercise of outstanding stock options and warrants. We intend to file post-effective amendments to these registration statements so that these registration statements shall be deemed to be registration statements of Nuvelo-Delaware for the purpose of continuing the offering of shares after the merger.

Amendment, Deferral or Termination of the Merger Agreement. The Merger Agreement provides that it may be amended at any time, whether before or after its approval by our stockholders, by agreement of our Board of Directors and the Board of Directors of Nuvelo-Delaware, subject to any restrictions imposed by the DGCL and the NRS. The DGCL will not permit an amendment to the Merger Agreement after approval by our stockholders, absent further stockholder approval, if such amendment would adversely affect the holders of our outstanding common stock. Similarly, the NRS will not permit an amendment to the Merger Agreement after approval by our stockholders, absent further stockholder approval, if such amendment would alter or change the manner or basis for exchange of our common stock under the Merger Agreement or would alter or change any terms of the Merger Agreement in a manner that adversely affects our stockholders. The Merger Agreement also provides that our Board of Directors may terminate and abandon the merger for any reason.

Comparison of Stockholder Rights Before and After the Reincorporation

Upon completion of the merger, our stockholders will become stockholders of Nuvelo-Delaware, and their rights will be governed by the DGCL and other applicable Delaware law, the Delaware Charter, the Delaware Bylaws and our Rights Agreement.

While there are substantial similarities between Delaware law and Nevada law, as well as between our amended and restated articles of incorporation and bylaws (which we refer to as our Charter and Bylaws) and the Nuvelo-Delaware Charter and Bylaws, a number of differences do exist. The following is a comparison of the material differences between the rights of our stockholders prior to the merger and the rights they will have as stockholders of Nuvelo-Delaware after completion of the merger. This summary is not intended to be a complete discussion of those material differences, and it is qualified in its entirety by reference to applicable Delaware and Nevada law and the various documents of Nuvelo and Nuvelo-Delaware described in this summary. You should carefully read these documents in their entirety for a more complete understanding of

the material differences between your rights as a stockholder of ours before the merger and as a stockholder of Nuvelo-Delaware after the merger.

The statute contains certain exceptions to this prohibition. If, for example, the board of directors approves the acquisition of stock or the transaction prior to the time that the person becomes an interested stockholder, or if the interested stockholder acquires at least 85% of the voting stock of the corporation (excluding voting stock owned by directors who are also officers and certain employee stock plans) in one transaction, or if the transaction is approved by the board of directors and the affirmative vote of 66 2/3% of the holders of the outstanding voting stock which is not owned by the interested stockholder at a meeting of the stockholders, then the prohibition of a business combination is not applicable.</p> <p>A Delaware corporation can elect in its certificate of incorporation or bylaws not to be governed by Section 203. <i>Inspection Rights</i>	Under Nevada law, any stockholder who owns at least 15% of the outstanding shares of the corporation's capital stock or has been authorized in writing by the holders of at least 15% of all its issued and outstanding shares may inspect, copy and audit the books of account and all financial records of the corporation. These rights may be denied if such inspection, copies or audit is desired for any purpose not related to the stockholder's interest in the corporation as a stockholder.	Under Delaware law, any stockholder of record has the right to inspect and copy the books and records of the corporation for a proper purpose. A proper purpose means a purpose reasonably related to such person's interest as a stockholder.
<i>Constituency Provision</i>	Nevada law provides that in considering the interests of the corporation in a possible acquisition, the directors and officers of the corporation may consider the interests of the corporation's employees, suppliers, creditors and customers, the economy of the state and nation, the interests of the community and of society and the long-and short-term interests of the corporation and its stockholders.	Delaware Law does not contain a similar constituency provision.

PROPOSAL NO. 3:

**APPROVAL OF SERIES OF PROPOSED AMENDMENTS
TO OUR AMENDED AND RESTATED ARTICLES OF INCORPORATION
TO EFFECT A REVERSE STOCK SPLIT**

General Information

Our Board of Directors has unanimously adopted resolutions approving, declaring advisable and recommending to the stockholders for their approval a number of proposed amendments to our Charter to effect a reverse stock split at a ratio to be determined by our Board of Directors. As described in greater detail below, the reverse stock split is proposed to be effected in order to enhance the desirability and marketability of our common stock to the financial community and the investing public, and to reduce the risk of our failing to comply with the \$1.00 minimum bid price requirement for continued listing on the Nasdaq National

Table of Contents

Market. The ratio for the reverse stock split will be no less than one-for-three and no greater than one-for-six. Our Board of Directors believes that stockholder approval of a range of reverse stock split ratios, rather than approval of a specific reverse split ratio, provides the Board of Directors with maximum flexibility to achieve the purposes of the reverse stock split. If the reverse stock split is approved by our stockholders, it will be effected, if at all, only upon a determination by the Board that a reverse stock split is in our best interests and the best interests of our stockholders. This determination, as well as the selection of the reverse stock split ratio, will be based upon several factors, including existing and expected marketability and liquidity of our common stock, prevailing market conditions and the likely effect on the market price of our common stock.

Even if our stockholders approve the reverse stock split, our Board of Directors may, in its sole discretion, abandon all of the proposed amendments and decide not to affect the reverse stock split.

The text of the proposed forms of Charter amendments to affect the reverse stock split are attached to this proxy statement as Appendices D-1 through D-4. The amendments will reduce the outstanding number of shares of common stock by the ratio selected by the Board of Directors, although will not change the number of authorized shares of our common stock or preferred stock or the par value of our common stock or preferred stock.

Reasons for the Reverse Stock Split

Our Board of Directors believes that a reverse stock split may enhance the desirability and marketability of our common stock to the financial community and the investing public. Our Board of Directors believes that the current market price of our common stock may impair its acceptability to institutional investors, professional investors and other members of the investing public. Many institutional investors have policies prohibiting them from holding lower-priced stocks in their own portfolios, which reduces the number of potential buyers of our common stock. Some brokerage houses have policies and practices that tend to discourage individual brokers within those firms from dealing in lower-priced stocks. Some of those policies and practices pertain to the payment of brokers' commissions and to time-consuming procedures that function to make the handling of lower-priced stock unattractive to brokers from an economic standpoint. In addition, analysts at many leading brokerage firms are reluctant to recommend lower-priced stocks to their clients or monitor the activity of lower-priced stocks. Our Board of Directors believes that if the reverse stock split has the effect of raising the trading price of our common stock, this may increase the attractiveness of our common stock to the investment community and possibly promote greater liquidity for our existing stockholders.

To be quoted on the Nasdaq National Market, among other things, a company's common stock must maintain a minimum closing bid price of \$1.00 per share. If the closing bid price drops below \$1.00 for 30 consecutive trading days, Nasdaq will forward a deficiency notice stating that the company has 180 days in which to regain compliance. To regain compliance, the closing bid price be at least equal to \$1.00 for a minimum of 10 consecutive trading days during this 180-day period. If the company does not regain compliance during this period, Nasdaq will provide written notification that the company's common stock will be delisted from the Nasdaq National Market. On January 29, 2003, we received a deficiency notice from Nasdaq stating that the closing bid price of our common stock had remained under \$1.00 per share for thirty consecutive trading days, although we have since been informed by Nasdaq that we have regained compliance with Nasdaq's minimum bid price rule. Our Board of Directors believes that a reverse stock split may reduce the risk that we fail to satisfy the minimum bid price requirement in the future. Some of the potential consequences of having our common stock delisted from the Nasdaq National Market are discussed below.

Potential Consequences of Delisting from the Nasdaq National Market

Companies that are delisted from the Nasdaq National Market can apply for listing on the Nasdaq SmallCap Market. The Nasdaq SmallCap Market also has a \$1.00 minimum bid price requirement for continued listing, although companies may have up to 450 days to regain compliance (periods of noncompliance on the Nasdaq National Market must be subtracted from this 450 day period). Companies that are unable to continue listing on the Nasdaq SmallCap Market may be traded on the OTC Bulletin Board, if eligible, or through the pink sheets.

Table of Contents

There are potential benefits to being included on the Nasdaq National Market rather than on the OTC Bulletin Board, another quotation service or no quotation service at all (some of these benefits also apply for the Nasdaq SmallCap Market). Some institutional investors are prohibited under their charters from investing in companies that are not registered on a national securities exchange or listed on the Nasdaq National Market (or possibly the Nasdaq SmallCap Market). As a result, companies with common stock that has been delisted from the Nasdaq National Market may experience a decline in the market price of their common stock and a deterioration in liquidity as a result of selling pressure. This may be accompanied by an increase in the spread between the bid and asked prices quoted by market makers.

These effects may impede a company's access to capital, resulting in reduced flexibility to respond to capital requirements. Delisting may also have a negative impact on relationships with collaboration partners, who may perceive the company's business less favorably as a result of the delisting.

Delisted common stock is no longer deemed a covered security under Section 18 of the Securities Act, and therefore loses the corresponding blue sky exemption from state securities regulations. As a result, companies with delisted common stock need to comply with various state securities laws with respect to issuances of their securities, including option grants to employees. However, as public companies, they may not have the benefit of exemptions applicable to privately-held entities, which would make granting options to employees more difficult.

In addition, the SEC has enacted special rules relating to penny stocks, which are equity securities that have a price of less than \$5.00 per share, other than specified types of equity securities, including those authorized for quotation on Nasdaq that meet criteria established by SEC rule, and those of a substantial issuer (an issuer whose net tangible assets exceed \$2 million, if the issuer has been in continuous operation for at least three years, or \$5 million otherwise, or has average revenue of at least \$6 million for the last three years). The rules require the delivery, prior to a transaction in a penny stock, of a disclosure schedule relating to the penny stock market. Broker-dealers who sell penny stocks to persons other than established customers and accredited investors must make a special suitability determination of the purchaser and must have received the purchaser's written consent prior to the sale. There are also disclosure requirements regarding commissions payable to broker-dealers and registered representatives, current quotations for the securities, the rights and remedies available to investors in cases of fraud in penny stock transactions and the risks of investing in penny stocks. Monthly statements regarding recent price information for the penny stocks and information on the limited market in penny stocks must also be provided to investors.

Principal Effects of the Reverse Stock Split

Corporate Matters. After the amendments to our Charter are filed with the Secretary of State of the State of Nevada, the market price of our common stock will likely increase substantially above the market price of our common stock immediately prior to the reverse stock split, with the post-reverse split trading price being determined, in part, by the reverse stock split ratio selected by our Board of Directors. The reverse stock split would have the following effects on the number of our shares of common stock outstanding:

The number of shares of our common stock issued and outstanding will be reduced from approximately 63.0 million shares as of April 30, 2003, to a range of approximately 21.0 million to 10.5 million shares, depending on the reverse stock split ratio selected by our Board of Directors.

A stockholder would receive one share of common stock for every three to six shares of common stock such stockholder held, depending upon the determination of the Board of Directors as to the reverse stock split ratio.

The number of shares of our common stock for which outstanding options and warrants are exercisable will be reduced in the same proportion as the ratio for the reverse stock split. There will be a corresponding increase in the exercise price, so that holders of options and warrants will be in the same economic position whether they exercise their options and warrants before or after completion of the reverse stock split (subject to rounding adjustments for fractional shares). As of

Table of Contents

April 30, 2003, approximately 15,960,668 shares of our common stock are reserved for issuance under outstanding stock options and warrants.

The number of shares reserved for issuance under our existing stock option plans and employee stock purchase plan will also be reduced in the same proportion as the ratio for the reverse stock split. As of April 30, 2003, approximately 6,480,554 shares of our common stock are currently reserved for issuance under our existing stock option plans and employee stock purchase plan, excluding shares subject to outstanding option grants.

Based on approximately 62,998,687 shares of our common stock outstanding, approximately 15,960,668 shares of common stock reserved for issuance under currently outstanding but unexercised stock options and warrants, and approximately 6,480,554 shares of common stock reserved for issuance under our existing stock option plans and employee stock purchase plan, in each case as of April 30, 2003, the following table illustrates the effect of the reverse stock split on our shares of common stock that are authorized, outstanding, issuable upon exercise of outstanding options and warrants and reserved for issuance under our stock option plans and employee stock purchase plan:

Post-Reverse Stock Split

Reverse Stock Split Ratio	Percentage Reduction	Approximate Number of Shares Outstanding	Approximate Number of Shares Reserved for Issuance upon Exercise of Outstanding Options and Warrants	Approximate Number of Shares Reserved for Issuance under Equity Comp. Plans (excluding Outstanding Options)	Total Number of Shares Authorized but not Issued or Reserved for Issuance under Options, Warrants and Comp. Plans
1 for 3	66.7%	20,999,562	5,320,222	2,160,184	71,520,032
1 for 4	75.0%	15,749,671	3,990,167	1,620,138	78,640,024
1 for 5	80.0%	12,599,737	3,192,133	1,296,110	82,912,020
1 for 6	83.3%	10,499,781	2,660,111	1,080,092	85,760,016

If approved and effected, the reverse stock split will be realized simultaneously for all of our common stock and the ratio will be the same for all of our common stock. The reverse stock split will affect all of our stockholders uniformly and will not affect any stockholder's percentage ownership interests or relative voting power, except to the extent that the reverse stock split would otherwise result in any of our stockholders owning a fractional share or option or to the extent the reverse stock split will increase the number of stockholders who own odd lots (less than 100 shares). Stockholders who hold odd lots typically may experience an increase in the cost of selling their shares, and may have greater difficulty in effecting sales. As described below, stockholders otherwise entitled to fractional shares as a result of the reverse stock split will be entitled to cash payments in lieu of such fractional shares. These cash payments will reduce the number of post-reverse stock split stockholders to the extent there are stockholders presently who would otherwise receive less than one share of our common stock after the reverse stock split.

Fractional Shares. No scrip or fractional certificates will be issued in connection with the reverse stock split. Stockholders will be entitled, upon surrender of certificate(s) representing their shares, to a cash payment in lieu of fractional shares, without interest. The cash payment will equal the fraction of a share that the stockholder would otherwise be entitled to receive multiplied by the closing sales price of our common stock as reported on the Nasdaq National Market on the day of completion of the reverse stock split. The ownership of a fractional interest will not give the holder thereof any voting, dividend or other rights except the right to receive payment as described above.

Under the escheat laws of the various jurisdictions where stockholders reside, where we are domiciled and where the funds will be deposited, sums due for fractional shares that are not timely claimed after the effective time may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to seek to obtain them directly from the state to which they were paid.

As a result of our treatment of fractional shares and depending on the reverse split ratio, some stockholders may no longer be stockholders of Nuvelo on a post-split basis.

Table of Contents

Authorized Shares. Upon completion of the reverse stock split, the number of authorized shares of common stock will remain at 100,000,000 million shares, the number of authorized shares of Series A Preferred Stock will remain at 3,000,000 and the number of authorized shares of All Other Series Preferred Stock will remain at 5,000,000. (For the shares that will be authorized if we complete our reincorporation after the reverse stock split, please see Proposal No. 2 above.) As illustrated above, as a result of the reverse stock split we will have a greater number of authorized shares available for issuance in the future. These additional shares will be available for issuance from time to time for corporate purposes such as raising additional capital, acquisitions of companies or assets and sales of stock or securities convertible into common stock. We currently have no specific plans to issue any additional shares for these purposes or any other purposes. We believe that the availability of the additional shares will provide us with the flexibility to meet business needs as they arise, to take advantage of favorable opportunities and to respond to a changing corporate environment. If we issue additional shares, the ownership interests of holders of our common stock will be diluted.

Accounting Matters. The per share net income or loss and net book value of our common stock will increase because there will be fewer shares of our common stock outstanding. The reverse stock split will not affect the par value of our common stock. As a result, on completion of the reverse stock split, the stated capital on our balance sheet attributable to our common stock will be reduced in the same proportion as the ratio for the reverse stock split, and the additional paid-in capital account shall be credited with the amount by which the stated capital is reduced. In addition, after completion of the reverse stock split, all share figures for prior periods (e.g., shares outstanding and earnings per share figures) will be presented on a post-split basis.

Certain Risks Associated with the Reverse Stock Split

The effects of the reverse stock split on the market price of our common stock cannot be guaranteed. There can be no assurance that:

the interest of the financial community and investing public in our common stock will increase following the reverse stock split; or

the market price of our common stock after the reverse stock split will remain in excess of the \$1.00 minimum bid price requirement for continued listing on the Nasdaq National Market or that we will otherwise continue to meet the continued listing requirements of the Nasdaq National Market.

In addition, there can be no assurance that, after the reverse stock split, the market price of our common stock will represent a multiple of the market price that would have existed if the reverse stock split had not occurred corresponding to the reverse stock split ratio. The market price of our common stock also will be based on many factors which are unrelated to the number of shares outstanding. If the reverse stock split is effected and the market price of our common stock subsequently declines, the decline as a percentage of our overall market capitalization may be greater or less than it would have been in the absence of a reverse stock split. Furthermore, while an increase in our stock price may promote greater liquidity of our common stock, as noted under *Reasons for the Reverse Stock Split* above, the reduction in the number of shares outstanding may have an adverse impact on liquidity, which could in turn adversely affect the price of our common stock.

Potential Anti-Takeover Effect

The additional shares of common stock that would become available for issuance if the reverse stock split is approved could also be used by us to delay or prevent a change of control of Nuvelo or changes in or removal of our management, including transactions in which our stockholders might receive a premium for their shares over then-current market prices or benefit in some other manner, or that are otherwise favored by a majority of our independent stockholders. For example, without further stockholder approval, our Board of Directors could strategically sell shares of our common stock in a private transaction to purchasers who would oppose a takeover or favor our current Board of Directors. We are not currently aware of any attempt to gain control of Nuvelo or change or remove our management, and the reverse stock split is not being accomplished to prevent any such attempt.

Table of Contents

Determination of Ratio and Board Discretion

The ratio of the reverse stock split shall be determined by our Board of Directors, in its sole discretion. However, the ratio shall not exceed a ratio of one-for-six or be less than a ratio of one-for-three. In determining the reverse stock split ratio, our Board of Directors will consider numerous factors including our historical and projected performance and general economic and industry trends, and will place emphasis on the expected closing price of our common stock in the period following completion of the reverse stock split. The purpose of selecting a range is to give the Board of Directors flexibility to select the most appropriate possible reverse stock split ratio based upon the factors mentioned above.

In the event that stockholder approval for the reverse stock split is obtained, our Board of Directors will be authorized to proceed with the reverse stock split by filing with the Secretary of State of the State of Nevada the amendment to our Charter corresponding to the reverse stock split ratio that it selects and abandoning the proposed amendments relating to all other reverse stock split ratios. The Board of Directors, however, will have discretion to decide not to effect the reverse stock split and to abandon all of the proposed amendments, as permitted under NRS Section 78.390(5). In the event that our Board of Directors determines that the reverse stock split is unnecessary to achieve the purposes described above, the Board of Directors will abandon all of the proposed amendments and the reverse stock split will not be effected.

Our Board of Directors may make any and all changes to the form of amendment that it deems necessary in order to file the amendment with the Secretary of State of the State of Nevada and to give effect to the reverse stock split under Nevada law.

Effective Date

Assuming that our Board of Directors exercises its discretion to effect the reverse stock split, the reverse stock split will become effective as of the date and time that we file the appropriate amendment to our Charter with the Secretary of State of the State of Nevada, without any further action on the part of our stockholders and without regard to the date that any stockholder physically surrenders the stockholder's certificates representing pre-split shares of common stock for certificates representing post-split shares. The Board of Directors, in its discretion, may delay effecting the reverse stock split and the filing of the appropriate amendment to effect the reverse stock split without resoliciting stockholder approval.

If our stockholders also approve our reincorporation as a Delaware corporation as described in Proposal No. 2 above, we intend to complete the reincorporation promptly after we complete the reverse stock split.

Exchange of Stock Certificates

Upon completion of the amendment to our Charter, each certificate representing pre-split shares of common stock will, until surrendered and exchanged, be deemed cancelled and, for all corporate purposes, will be deemed to represent only the number of post-split shares of common stock and the right to receive the amount of cash for any fractional shares as a result of the reverse stock split. However, a stockholder will not be entitled to receive any dividends or other distributions payable by us after the amendment is effective until that stockholder surrenders and exchanges his, her or its certificates. If there are any dividends or distributions, they will be withheld and will accumulate and be paid to the stockholder, without interest, once the stockholder surrenders and exchanges the stockholder's certificates.

As soon as practicable after completion of the reverse stock split, our transfer agent, U.S. Stock Transfer Corporation, will mail transmittal forms to each holder of record of certificates of our common stock that will be used in forwarding certificates for surrender and exchange for certificates representing the number of shares of our common stock the holder is entitled to receive as a consequence of the reverse split. After receipt of a transmittal form, each holder should surrender the certificates formerly representing shares of our common stock and will receive in exchange therefor certificates representing the number of shares of our common stock (or, if we also complete our reincorporation as a Delaware corporation, the number of shares of Nuvelo-Delaware) to which the holder is entitled. The transmittal form will be accompanied by instructions specifying other details of the exchange. Upon proper surrender, the stockholder will receive new certificates representing

Table of Contents

the whole number of shares of post-split common stock to which the stockholder is entitled and any cash payable in lieu of a fractional share. No stockholder will be required to pay a transfer or other fee in connection with the exchange of the stockholder's certificates.

Stockholders should not send in certificates representing our common stock until they receive a transmittal form from our transfer agent.

In connection with the reverse stock split, our common stock will change its current CUSIP number. This new CUSIP number will appear on any new stock certificates issued representing shares of our post-split common stock.

In addition, to reflect the reverse stock split, our trading symbol, NUVO, will include a "D" for 20 trading days beginning on the effective date of the reverse stock split. After the end of this period, our trading symbol will revert to NUVO.

Certain Federal Income Tax Consequences

The following is a summary of certain material federal income tax consequences of the reverse stock split and the reincorporation, but does not purport to be a complete discussion of all the possible tax considerations relating thereto. This summary is based on the provisions of the United States federal income tax law (including the Internal Revenue Code of 1986, as amended (the "Code"), Treasury Regulations promulgated thereunder, and judicial and administrative interpretations thereof) as of the date hereof, all of which are subject to change retroactively as well as prospectively. The company's views regarding both the tax consequences of the reverse stock split and the reincorporation are not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed below.

This summary assumes that, at all relevant times, both the Nuvelo common stock and the Nuvelo-Delaware common stock (including both pre-split shares and post-split shares) are held as a capital asset, as defined in the Code (i.e., generally, property held for investment). This summary does not address the tax consequences applicable to a stockholder's particular circumstances or to stockholders that are subject to special tax rules, including without limitation banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers, traders, tax-exempt entities and persons who hold either the pre-split shares or the Nuvelo common stock as a position in a hedging transaction, straddle, conversion transaction or other risk reduction transaction. Further, this summary does not discuss any state, local, foreign or other tax consequences. THIS SUMMARY OF CERTAIN MATERIAL U.S. FEDERAL TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. EACH STOCKHOLDER IS URGED TO CONSULT WITH SUCH STOCKHOLDER'S OWN TAX ADVISOR WITH RESPECT TO THE TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT AND THE REINCORPORATION.

Reverse Stock Split

Other than the cash payments, if any, received by a stockholder in lieu of fractional shares as discussed below, no gain or loss will be recognized by a stockholder upon such stockholder's exchange of pre-split shares for post-split shares pursuant to the reverse stock split. The aggregate tax basis of the post-split shares received pursuant to the reverse stock split (including any fraction of a post-split share deemed to have been received) will be the same as the stockholder's aggregate tax basis in the pre-split shares exchanged therefor. Stockholders who receive cash in lieu of fractional share interests in the post-split shares as a result of the reverse stock split will be treated as having received the fractional shares pursuant to the reverse stock split and then as having exchanged the fractional shares for cash in a redemption by the company, and will generally recognize gain or loss equal to the difference between the amount of cash received in lieu of a fractional share and their adjusted basis allocable to the fractional share interests redeemed. Such gain or loss will be long term capital gain or loss if the pre-split shares were held for more than one year. The stockholder's holding period for the post-split shares will include the period during which the stockholder held the pre-split shares surrendered in the reverse stock split.

Table of Contents***Reincorporation***

The reincorporation is intended to qualify as a tax-free reorganization under Section 368(a) of the Code. Assuming such tax treatment, the following U.S. federal income tax consequences will generally result:

No income, gain or loss will be recognized by stockholders as a result of the exchange of shares of Nuvelo common stock for shares of Nuvelo-Delaware common stock pursuant to the reincorporation.

The aggregate tax basis of the Nuvelo-Delaware common stock received by each stockholder in the reincorporation will be equal to the aggregate tax basis of the Nuvelo common stock surrendered in exchange therefor.

The holding period of the Nuvelo-Delaware common stock received by each stockholder in the reincorporation will include the period for which such stockholder held the Nuvelo common stock surrendered in exchange therefor.

PROPOSAL NO. 4:

RATIFICATION OF

SELECTION OF INDEPENDENT AUDITORS

At the recommendation of our Audit Committee, our Board of Directors has selected KPMG LLP as our independent auditors for the fiscal year ending December 31, 2003 and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the annual meeting. KPMG audited our financial statements for the fiscal year ended December 31, 2002. Representatives of KPMG are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of KPMG as the company's independent auditors is not required by our By-Laws or otherwise. However, the Board of Directors is submitting the selection of KPMG to our stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of our company and our stockholders.

Shares of common stock subject to options and warrants which are currently exercisable, or will become exercisable within 60 days of April 30, 2003, are deemed outstanding for computing the percentage of the person or entity holding such securities but are not outstanding for computing the percentage of any other person or entity. Employment Agreements

In January 2001, we entered into an employment agreement with Dr. Love. Pursuant to the agreement, we are obligated to pay Dr. Love an initial annual salary of \$485,000. In addition, Dr. Love is entitled to participate in our management bonus pool, employee benefit plans maintained by us and in other benefits provided to our senior executives, including retirement and 401(k) plans, deferred compensation, medical and dental, annual vacation, paid holidays, sick leave and similar benefits.

In connection with Dr. Love's employment agreement, we also granted Dr. Love options to purchase an aggregate of 500,000 shares of our common stock, including:

an option under our 1995 Stock Option Plan to purchase 31,840 shares at an exercise price of \$12.56 per share, the fair market value of our common stock on the date of grant as determined under that plan, which shares become exercisable in four equal annual installments commencing one year after the date of grant, and

an option to purchase 468,160 shares at an exercise price of \$12.50 per share, the closing price on the date of grant, of which 150,000 shares became exercisable immediately and the remainder become exercisable in four equal annual installments commencing one year after the date of grant.

In the event of termination of Dr. Love's employment by us other than for cause or if there exists good reason for Dr. Love to terminate:

any options granted to Dr. Love in connection with this agreement or otherwise over the first four years of his employment, beginning January 11, 2001, will immediately become vested and exercisable;

Dr. Love's right to exercise his options will be extended by eighteen months;

Dr. Love will immediately receive a lump sum payment equal to twelve months of his then-current base salary; and

Dr. Love's health, disability and life insurance benefits and those for his family will continue for an additional twelve months.

For purposes of the employment agreement, "good reason" includes events such as the material reduction of Dr. Love's authority, duties, title or responsibilities, the material reduction of Dr. Love's salary, and termination of Dr. Love's employment within one year after a change of control. Dr. Love agreed that our recent merger with Variagenics does not constitute a change of control for purposes of defining good reason.

In the event of Dr. Love's death, the benefits described above shall be paid to his heirs. In the event Dr. Love is disabled for at least six consecutive months while employed by us, we may terminate Dr. Love, but must pay him the benefits described above.

As provided by the terms of Dr. Love's employment agreement, we have entered into a loan agreement with Dr. Love, pursuant to which he may borrow up to \$2.0 million from us. The loan agreement provides for interest on outstanding balances to accrue at the lowest applicable federal interest rate or such other higher rate of interest, if required, to constitute a market rate of interest as contemplated by the Rules and Regulations of the Financial Accounting Standards Board and the SEC. Interest accrues but is deferred and all interest and principal is due in January 2006. The employment agreement also provides that, at any time

Table of Contents

following his first year of employment but before the third anniversary of the beginning of his employment, so long as Dr. Love has not exercised his option to purchase 150,000 of the 500,000 shares described above, Dr. Love may forfeit the option to purchase 150,000 shares in exchange for \$2.0 million plus the accrued interest under the loan agreement, and the loan then becomes immediately due and payable.

On July 8, 2002, pursuant to the loan agreement, we loaned Dr. Love \$2.0 million to repay a pre-existing loan from Dr. Rathmann to Dr. Love that had been made on February 1, 2001 in the amount of \$2.0 million. The \$2.0 million payment was made directly to Dr. Love and is considered a loan from us to Dr. Love under the same terms and conditions as the \$2.0 million loan provided for in Dr. Love's employment agreement.

Change of Control Arrangements

Dr. Love's employment agreement contains the change of control provisions described above. For purposes of this agreement, change of control means:

any event in which we sell, transfer or dispose of all or substantially all of our assets (or consummation of a similar transaction);

the dissolution or liquidation of Nuvelo; or

any merger, consolidation or transfer of securities of Nuvelo with, or into another corporation or entity, other than a merger, consolidation or transfer in which the holders of more than 50% of the shares of our capital stock immediately prior to such transaction continue to hold more than 50% of the total voting power of the surviving entity immediately after such transaction.

We have entered into severance agreements with Mr. Garcia, Ms. Fitzpatrick, Mr. Funk, Ms. Giles and Mr. Peña. We also had severance agreements with Mr. Bennett and Ms. Rin-Laures prior to their departures. Each of the severance agreements provides that, in the event we terminate an executive's employment other than for cause and other than as a result of executive's death or disability, or by the executive for good reason, within six months following the consummation of our merger with Variagenics, which we completed in January 2003, the executive will receive six months of salary continuation payments and six months of continued benefits coverage.

For purposes of the severance agreements, termination for cause generally means our termination of the executive as a result of the executive's gross negligence or willful misconduct in the performance of duties on our behalf where that gross negligence or willful misconduct has resulted or is likely to result in substantial and material damage to us or our subsidiaries, repeated unexplained or unjustified absence from Nuvelo, a material and willful violation of any federal or state law, executive's commission of any act of fraud with respect to us, or executive's conviction of a felony or a crime involving moral turpitude causing material harm to our standing and reputation.

For purposes of the severance agreements, good reason generally means the occurrence of one or more of the following events without the executive's consent:

any change in the executive's position with Nuvelo that materially reduces his or her duties or level of responsibility as in effect immediately preceding the consummation of the merger;

any reduction of the executive's base compensation (other than in connection with a general decrease in base salaries for most similarly situated employees of the company or a successor corporation); or

the relocation of our offices at which executive is principally employed immediately prior to the consummation of the merger to a location more than 30 miles from those offices.

Table of Contents

All options granted under our 1995 Stock Option Plan, as amended, and our Directors Plan become immediately exercisable in the event of a change of control (as defined in that plan). Change of Control under these plans means:

an acquisition by any entity or group of beneficial ownership of more than 50% of our outstanding securities entitled to vote for the election of directors, or voting securities;

the commencement by an entity or group of a tender offer (other than by us or one of our subsidiaries) for more than 50% of our outstanding voting securities;

a merger or consolidation in which the holders of our outstanding voting securities immediately prior to the merger hold less than 50% of the outstanding voting securities of the surviving or resulting corporation;

a transfer of all or substantially all of our assets other than to an entity of which we hold at least 80% of the voting securities; and

the election of the lesser of three directors or directors constituting a majority of our Board of Directors without the approval of the incumbent Board of Directors.

Our Board of Directors adopted a resolution providing that our recent merger with Variagenics does not constitute a change of control under these stock option plans.

In the event of an acquisition under our 2002 Equity Incentive Plan, the vesting of all options and restricted stock awards outstanding under the 2002 Plan will be accelerated and such awards will be fully exercisable. For purposes of the 2002 Plan, the term acquisition means:

the acquisition by any entity, person, or group of beneficial ownership, as that term is defined in Rule 13d-3 under the Exchange Act, of more than 50% of our outstanding voting securities;

the effective time of (1) a merger or consolidation of us with one or more corporations as a result of which the holders of our outstanding voting securities immediately prior to such merger hold less than 50% of the voting securities of the surviving or resulting corporation, or (2) a transfer of substantially all of our property or assets other than to an entity of which we own at least 50% of the voting securities; or

the election to our Board of Directors, without the recommendation or approval of the incumbent Board of Directors, of directors constituting a majority of the number of our directors then in office.

Non-Stockholder Approved Equity Arrangements

On June 24, 2002, we granted an option to purchase 175,000 shares of common stock at an exercise price of \$1.89 per share to Nina Giles, our Vice President of Development, as an inducement to her commencement of employment with us. The option exercise price for this grant is equal to the closing sales price for our common stock on the last trading day prior to the date of grant. This option may be exercised for 30 days

following her termination of employment (or one year in the event her employment is terminated as a result of her death or disability). This option has a 10 year term. This option vests in cumulative annual installments of

25%. In the event of a change of control (which has the same definition as under our 1995 Stock Option Plan, described on page 31) all of the option will become 100% vested and exercisable immediately. This option grant was not, and was not required to be, approved by our stockholders.

Compensation Committee Interlocks and Insider Participation

During fiscal 2002, the Compensation Committee consisted of Dr. Baddour and Mr. Weist, neither of whom is (i) a present or former officer or employee of our company, or (ii) is engaged in any transactions described under the heading Certain Transactions.

During fiscal 2002, the Compensation Committee consisted of Dr. Baddour and Mr. Weist, neither of whom (i) was an officer or employee of us during 2002, (ii) was formerly an officer of us or any of our subsidiaries, or (iii) has engaged in any transactions described under the heading Certain Transactions, with the exception of Mr. Weist, who was our Chairman from March 1994 to February 1, 2000 and our President from May 1993 until March 1994.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On August 6, 2001, we received a commitment from Dr. Rathmann to provide a line of credit to us of up to \$20.0 million in aggregate principal amount, available for draw down through July 24, 2003. The line of credit agreement was amended and restated as of April 3, 2002, and this description refers to the agreement as so amended and restated. Amounts outstanding under the line of credit are to bear interest at prime plus 1% and are payable in 48 equal monthly installments beginning upon the expiration date of the line of credit of August 5, 2003. The promissory note issued pursuant to the line of credit is convertible by mutual agreement by us and Dr. Rathmann into either (a) that number of shares of our common stock as shall equal the quotient obtained by dividing the aggregate principal and interest then outstanding under the note (i) by the average closing price of our common stock on the Nasdaq National Market as reported in The Wall Street Journal for the twenty trading days ending on the second trading day immediately prior to the day of such conversion, or (ii) in connection with an offering of our equity securities, by the per share price of the common stock at which such equity securities shall be offered for sale by us or (b) if within one month of the closing of any equity financing by us for aggregate gross proceeds in excess of \$10,000,000, the same equity securities issued by us in the financing, at the same purchase price, with the same exercise price, if any, at the same discount, if any, and otherwise on substantially the same terms and conditions. In the event of a change of control of us, the line of credit expires and Dr. Rathmann has no further obligation to make any advances to us. However, Dr. Rathmann agreed with us that our recent merger with Variagenics does not constitute a change of control for purposes of the line of credit.

During fiscal year 2002, we drew down \$10.0 million of the \$20.0 million line of credit. As of April 30, 2003, there was \$11.0 million aggregate principal amount, plus \$442,347.22 accrued and unpaid interest, outstanding under the line of credit, and \$9.0 million remained available for future draw-down.

In July 2002, pursuant to the employment agreement described above, we loaned Dr. Love \$2.0 million to repay a pre-existing loan from Dr. Rathmann to Dr. Love that had been made on February 1, 2001 in the amount of \$2.0 million. The \$2.0 million payment was made directly to Dr. Rathmann and is considered a loan from us to Dr. Love under the same terms and conditions as the \$2.0 million loan provided for in Dr. Love's employment agreement.

COMPENSATION COMMITTEE REPORT

During fiscal year 2002, the Compensation Committee comprised Dr. Baddour, as Chairperson, and Mr. Weist. The Compensation Committee's responsibilities include recommending to the Board the

Table of Contents

compensation for our executive officers, grants of stock options to our employees, and administering our stock option and employee stock purchase plans. The Compensation Committee bases its decisions on our executive compensation philosophy, which seeks to relate salaries, bonuses and stock option awards to our success in meeting annual and long-term performance goals, to reward individual achievement and to attract and retain qualified executives.

We previously set our executive officers' salaries in the low to mid-range compared to those with similar management positions in peer companies consisting primarily of other genomics and biotechnology companies. In an effort to attract additional executive officers with specific experience that we believe is necessary for our development as a biopharmaceutical company, we are setting new executive officer salaries in the mid to high salary range, as compared to similarly situated companies. The level of salaries paid to our executive officers also takes into account our technological achievements during the year, our success in entering into significant technology agreements with collaborators, as well as an evaluation of the individual performance and contribution of each executive to our performance for the year. Particular emphasis is placed on the individual officer's level of responsibility for and role in meeting our strategic, technological and financial objectives. Because of our stage of development, the Compensation Committee has not used either the profitability or the market value of our stock as a significant factor in consideration for setting executive officer salaries.

Bonuses

We award bonuses for accomplishments achieved during the past year. The Compensation Committee recommends to the Board the amount of the bonus, with advice from our management. The Compensation Committee makes its recommendations based upon an assessment of the individual's contributions during the year, compared to (but not restricted to) a list of goals previously approved by management and the Compensation Committee. The Compensation Committee also considers general business and economic factors relating to us in recommending the size of the bonus pool and adjusts bonuses based on those factors as well. We did not pay any bonuses for the fiscal year ended December 31, 2002.

Stock Options

Stock options awards are intended to align the interests of executives with the interests of the stockholders in our long-term performance. The Compensation Committee developed guidelines for executive stock option awards, in consultation with our management. The guidelines are based upon:

analysis of long-term incentive awards based on each individual executive's position;

responsibilities, performance and contribution to the achievement of our long-term goals; and

competitive stock option data from other genomics and biotechnology companies.

In addition, the Compensation Committee reviews the equity position of all executive officers on an annual basis and awards stock options to executive officers periodically.

Chief Executive Officer's Compensation

Dr. Love's annual salary is \$583,000. Dr. Love's salary is not directly tied to our performance. However, his compensation, including stock options, takes into account our success in meeting our strategic, technological and financial objectives. Because of our stage of development, we have not used either the profitability or the market value of our stock as significant factors to be considered in setting Chief Executive Officer compensation.

Internal Revenue Code Section 162(m)

Under Section 162(m) of the Internal Revenue Code, the amount of compensation paid to certain executives that is deductible with respect to our corporate taxes is limited to \$1,000,000 annually. It is the current policy of the Compensation Committee to maximize, to the extent reasonably possible, our ability to

obtain a corporate tax deduction for compensation paid to our executive officers to the extent consistent with the best interests of our company and our stockholders.

AUDIT COMMITTEE REPORT

Our Audit Committee was established on March 4, 1997 and adopted its Audit Committee charter on August 2, 2000. During fiscal year 2002, the Audit Committee comprised Mr. McCarter, as Chairperson, Dr. Baddour, and Mr. Weist. All of the members of the Audit Committee were and are independent directors, as determined in accordance with Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

Management is responsible for our company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of our company's consolidated financial statements in accordance with generally accepted accounting principles and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The following is the Audit Committee's report submitted to the Board of Directors for the fiscal year ended December 31, 2002.

The Audit Committee met four times during 2002 and has:

reviewed and discussed our company's audited financial statements with management and the independent accountants;

discussed with KPMG LLP, our company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified or supplemented;

received from KPMG LLP the written disclosures and the letter regarding their independence as required by Independence Standards Board Standard No. 1, as may be modified or supplemented, and discussed the auditors' independence with them; and

considered whether the independent auditor's provision of non-audit services to our company is compatible with maintaining the auditor's independence, and concluded that such independence has not been impaired.

In addition, based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the SEC.

At the Effective Time, all such shares of Common Stock shall no longer be outstanding and shall automatically be canceled and shall cease to exist, and each holder of a certificate which immediately prior to the Effective Time represented any such shares of Common Stock (each, a *Certificate*) shall cease to have any rights with respect thereto, except the right to receive the Merger Consideration. The right of any holder of a Certificate to receive the Merger Consideration shall be subject to and reduced by the amount of any withholding that is required under applicable tax law.

(b) the Company's stock option plans shall be assumed and continued as plans of Nuvelo-Delaware after the Merger.

(b) For nominations or other business to be properly brought before an annual meeting by a stockholder pursuant to Section 5(a)(iii), the stockholder must have given timely notice thereof in writing to the secretary of the corporation. To be timely, a stockholder's notice shall be delivered to the secretary at the principal executive offices of the corporation not less than sixty (60) days nor more than ninety (90) days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than thirty (30) days or delayed by more than sixty (60) days from such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the ninetieth (90th) day prior to such annual meeting and not later than the close of business on the later of the sixtieth (60th) day prior to such annual meeting or the tenth (10th) day following the earlier of the day on which public announcement of the date of such meeting is first made or notice is first given. SECTION 6. WAIVER OF NOTICE. Anything herein to the contrary notwithstanding, with respect to any stockholder meeting, any stockholder who in person or by proxy shall have waived in writing notice of the meeting, either before or after such meeting, or who shall attend the meeting in person or by proxy, shall be deemed to have waived notice of such meeting unless he or she attends for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

SECTION 7. QUORUM; MANNER OF ACTING AND ORDER OF BUSINESS.

(a) Subject to the provisions of these by-laws, the Certificate of Incorporation and Delaware Law as to the vote that is required for a specified action, the presence in person or by proxy of the holders of a majority of the outstanding shares of the corporation entitled to vote at any meeting of stockholders shall constitute a quorum for the transaction of business. The vote of the holders of a majority of the shares of the corporation's stock entitled to vote on the proposal, present in person or represented by proxy, shall be binding on all stockholders of the corporation, unless the vote of a greater number or voting by classes is required by law or the Certificate of Incorporation or these by-laws. The stockholders present at a duly called or held meeting at which a quorum is present may continue to do business until adjournment, notwithstanding the withdrawal of enough stockholders to leave less than a quorum.

(b) In the absence of a quorum, stockholders holding a majority of the shares present in person or by proxy and entitled to vote, regardless of whether or not they constitute a quorum, or if no stockholders are present, any officer entitled to preside at or act as secretary of the meeting, may adjourn the meeting to another time and place. Any business which might have been transacted at the original meeting may be transacted at any adjourned meeting at which a quorum is present. No notice of an adjourned meeting need be given if the time and place are announced at the meeting at which the adjournment is taken except that, if adjournment is for more than thirty (30) days or if, after the adjournment, a new record date is fixed for the meeting, notice of the adjourned meeting shall be given pursuant to Section 4 of this Article II.

(c) Meetings of the stockholders shall be presided over by the chairman of the board, or in his or her absence by the chief executive officer, or in his or her absence by the president, or in his or her absence by a vice president, or in the absence of the foregoing persons by a chairman designated by the board of directors, or in the absence of such designation by a chairman chosen at the meeting. The secretary shall act as secretary of the meeting, but in his or her absence the chairman of the meeting may appoint any person to act as secretary of the meeting. The order of business at all meetings of the stockholders shall be determined by the chairman. The order of business so determined, however, may be changed by vote of the holders of a majority of the shares present at the meeting in person or represented by proxy.

SECTION 8. VOTING; PROXIES.

(a) The stockholders entitled to vote at any meeting of stockholders shall be determined in accordance with the provisions of Section 6 of Article VI. All elections of directors shall be by written ballot.

(b) Each stockholder entitled to vote at any meeting of stockholders may authorize another person to act for such stockholder by proxy. No proxy shall be valid after three years from its date of execution, unless the proxy provides for a longer period.

SECTION 9. INSPECTORS OF ELECTION.

(a) In advance of any meeting of stockholders, the board of directors may appoint inspectors of election to act at each meeting of stockholders and any adjournment thereof. If inspectors of election are not so appointed, the chairman of the meeting may, and upon the request of any stockholder or any stockholder's proxy shall, appoint inspectors of election at the meeting. The number of inspectors shall be either one or three. If appointed at the meeting upon the request of one or more stockholders or proxies, the vote of the holders of a majority of shares present shall determine whether one or three inspectors are appointed. In any case any person appointed as an inspector fails to appear or fails or refuses to act, the vacancy may be filled by appointment made by the directors in advance of the convening of the meeting or at the meeting by the person acting as chairman.

Table of Contents

(b) The inspectors of election shall determine the outstanding stock of the corporation, the stock represented at the meeting and the existence of a quorum, shall receive votes, ballots, or consents, shall count and tabulate all votes and shall determine the result; and in connection therewith, the inspectors shall determine the authority, validity and effect of proxies, hear and determine all challenges and questions, and do such other ministerial acts as may be proper to conduct the election or vote with fairness to all stockholders.

If there are three inspectors of election, the decision, act or certificate of a majority is effective in all respects as the decision, act or certificate of all. If no inspectors of election are appointed, the secretary shall pass upon all questions and shall have all other duties specified in this Section 9.

(c) Upon request of the chairman of the meeting or any stockholder or stockholder's proxy, the inspector(s) of election shall make a report in writing of any challenge or question or other matter determined by the inspector(s) and shall execute a certificate of any fact found in connection therewith. Any such report or certificate shall be filed with the record of the meeting.

The termination of any Proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in such a manner which the person reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal Proceeding, had reasonable cause to believe that the person s conduct was unlawful.

SECTION 3. ACTIONS BY OR IN THE RIGHT OF THE CORPORATION. SECTION 4. SUCCESSFUL DEFENSE. To the extent that an Agent of the corporation has been successful on the merits or otherwise in defense of any Proceeding referred to in Sections 2 and 3 of this Article VII, or in defense of any claim, issue or matter therein, he or she must be indemnified against Expenses actually and reasonably incurred by him or her in connection therewith.

SECTION 5. DETERMINATION OF CONDUCT. Any indemnification under Sections 2 and 3 of this Article VII, (unless ordered by a court or advanced pursuant to Section 6 of this Article VII) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the Agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in Sections 2 and 3 of this Article VII. Such determination shall be made (a) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such Proceeding, or (b) if such a quorum is not obtainable or, even if obtainable, a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (c) if a majority vote of a quorum consisting of directors who were not

parties to the Proceeding so orders, by independent legal counsel in a written opinion, or (d) by the stockholders.

SECTION 6. PAYMENT OF EXPENSES IN ADVANCE. Expenses incurred by an Agent in connection with a Proceeding shall be paid by the corporation as they are incurred and in advance of the final disposition of such Proceeding upon receipt of an undertaking by or on behalf of such Agent to repay such amount if it shall ultimately be determined by a court of competent jurisdiction that he or she is not entitled to be indemnified by the corporation as authorized in this Article VII.

SECTION 7. INDEMNITY NOT EXCLUSIVE. The indemnification and advancement of Expenses provided by, or granted pursuant to, the other provisions of this Article VII shall not be deemed exclusive of any other rights to which a person seeking indemnification or advancement of Expenses may be entitled under any by-law, agreement, vote of stockholders or disinterested directors, or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

SECTION 8. INSURANCE INDEMNIFICATION. SECTION 9. HEIRS, EXECUTORS AND ADMINISTRATORS. The indemnification and advancement of Expenses provided by, or granted pursuant to, this Article VII shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be an Agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

SECTION 10. FURTHER AMENDMENT. Notwithstanding any provision in this Article VII to the contrary, in the event the Delaware Law is either amended to provide, or interpreted by judicial or other binding legal decision to provide, broader indemnification rights than those contained herein, such broader indemnification rights shall be provided to any and all persons entitled to be indemnified pursuant to the Delaware Law the intent of this provision being to permit the corporation to indemnify, to the full extent permitted by Delaware Law, persons whom it may indemnify thereunder.

Each holder of a certificate or certificates that immediately prior to the Effective Time represented outstanding shares of Old Common Stock (the Old Certificates) will be entitled to receive, upon surrender of such Old Certificates to the Corporation for cancellation, a certificate or certificates (the New Certificates) representing that number of whole shares (rounded down to the nearest whole share) of New Common Stock into which the shares of the Old Common Stock formerly represented by such Old Certificates are reclassified and changed under the terms hereof. From and after the Effective Time, Old Certificates shall represent only the right to receive New Certificates (and, where applicable, cash in lieu of fractional shares) pursuant to the provisions hereof. No certificates or scrip representing fractional share interests in New Common Stock will be issued, and no such fractional share interest will entitle the holder thereof to vote, or to any rights as a stockholder of the Corporation. In lieu of any such fractional shares of New Common Stock, stockholders will be entitled to receive, upon surrender of Old Certificates to the Corporation for cancellation, an amount in cash equal to the product of the closing trading price of New Common Stock on the Effective Date and such fraction. If more than one Old Certificate shall be surrendered at one time for the account of the same stockholder, the number of full shares of New Common Stock for which New Certificates shall be issued shall be computed on the basis of the aggregate number of shares represented by the Old Certificates so surrendered. In the event that the Corporation determines that a holder of Old Certificates has not tendered all his, her or its certificates for exchange, the Corporation shall carry forward any fractional share until all certificates of that holder have been presented for exchange such that payment for fractional shares to any one person shall not exceed the closing trading price of New Common Stock on the Effective Date. From and after the Effective Time the amount of capital represented by the shares of the New Common Stock into which the shares of Old Common Stock are reclassified and changed under the terms hereof shall be an amount equal to the product of the number of issued and outstanding shares of New Common Stock and one-tenth of one cent (\$.001).
