The shareholder report you are reading right now is just the beginning of the story. Online at [WWW.CLAYMORE.COM/MCN](http://WWW.CLAYMORE.COM/MCN), you will find:

- o Daily, weekly and monthly data on share prices, distributions and more
- o Portfolio overviews and performance analyses
- o Announcements, press releases and special notices
- o Fund and adviser contact information

Madison Asset Management and Claymore are continually updating and expanding shareholder information services on the Fund's website, in an ongoing effort to provide you with the most current information about how your Fund's assets are managed, and the results of our efforts. It is just one more way we are working to keep you better informed about your investment in the Fund.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

2 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

Dear SHAREHOLDER |

We thank you for your investment in the Madison/Claymore Covered Call & Equity Strategy Fund (the "Fund"). This report covers the Fund's performance for the 12 months ended December 31, 2009.

The Fund's primary investment objective is to provide a high level of current income and current gains, with a secondary objective of long-term capital appreciation. The Fund pursues its investment objectives by investing in a portfolio consisting primarily of high-quality, large-capitalization common stocks that are, in the view of the Fund's investment manager, selling at a reasonable price in relation to their long-term earnings growth rates. On an ongoing and consistent basis, the Fund sells covered call options to seek to generate a reasonably steady return from option premiums. There can be no assurance that the Fund will achieve its investment objectives.

Under normal market conditions, the Fund allocates at least 80% of its total assets to an integrated investment strategy pursuant to which the Fund invests in a portfolio of equity securities and writes (sells) covered call options on a portion of the equity securities held in the Fund's portfolio; pending investment in equity securities or as covered call options, the assets of the Fund allocated to its integrated investment strategy are held in cash or cash equivalents. The Fund invests, under normal market conditions, at least 65% of its investments in equity securities in common stocks of large capitalization issuers that meet the Fund's selection criteria.

All Fund returns cited--whether based on net asset value ("NAV") or market price--assume the reinvestment of all distributions. For the 12 months ended December 31, 2009, the Fund provided a total return based on market price of 61.01% and a total return based on NAV of 39.00%. As of December 31, 2009, the Fund's market price of \$8.89 per share represented a discount of 7.59% to its NAV of \$9.62 per share. Past performance does not guarantee future results. The market price of the Fund's shares fluctuates from time to time, and it may be higher or lower than the Fund's NAV.

The Fund paid quarterly dividends of \$0.2400 on February 27, 2009, \$0.1800 on May 29 and August 31, 2009; and \$0.1962 on November 30, 2009. The most recent dividend included a supplemental distribution component of \$0.0162 per share in order for the Fund to meet its distribution requirements. The regular quarterly component of this distribution, which was \$0.18 per share, represents an annualized distribution rate of 8.10% based on the Fund's closing market price of \$8.89 on December 31, 2009. However, there is no guarantee that this level of income will be maintained.

Claymore Advisors, LLC (the "Adviser") is the investment adviser to the Fund. Claymore entities provided supervision, management or servicing on approximately \$15.2 billion in assets as of December 31, 2009. Madison Asset Management, LLC, ("MAM"), a wholly-owned subsidiary of Madison Investment Advisors, Inc., (collectively "Madison") is the Fund's investment manager (the "Investment Manager"). Founded in 1974, Madison is an independently owned firm that, with its affiliates, manages approximately \$15 billion in individual, corporate, pension, insurance, endowment, and mutual fund assets as of December 31, 2009.

On July 17, 2009, Claymore Group Inc., the parent of the Adviser, entered into an Agreement and Plan of Merger between and among Claymore Group Inc., Claymore Holdings, LLC and GuggCly Acquisition, Inc. (with the latter two entities

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

being wholly-owned, indirect subsidiaries of Guggenheim Partners, LLC ("Guggenheim"). The transaction closed on October 14, 2009 (the "Effective Date"), whereby GuggClay Acquisition, Inc. merged into Claymore Group Inc., the surviving entity. The transaction resulted in a change-of-control whereby Claymore Group Inc. and its subsidiaries, including the Adviser, became indirect, wholly-owned subsidiaries of Guggenheim. The transaction has not affected the daily operations of the Fund or the investment management activities of the Adviser.

Under the Investment Company Act of 1940, as amended, (the "1940 Act"), the consummation of this transaction resulted in the automatic termination of the Advisory & Investment Management Agreements. Accordingly, on September 23, 2009, the Board of Trustees approved an interim investment advisory agreement between the Fund and the Adviser (the "Interim Advisory Agreement") and an interim investment management agreement among the Fund, the Adviser and MAM (the "Interim Investment Management Agreement" and together with the Interim Advisory Agreement, the "Interim Agreements"). The terms and conditions of the Interim Agreements are substantively identical to those of the original Advisory Agreement and Investment Management Agreement.

On September 23, 2009, the Board of Trustees approved a new investment advisory agreement between the Fund and the Adviser (the "New Advisory Agreement") and a new investment

Annual Report | December 31, 2009 | 3

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | DEAR SHAREHOLDER  
continued

management agreement among the Fund, the Adviser and MAM (the "New Investment Management Agreement" and together with the New Advisory Agreement, the "New Agreements") and recommended that the New Agreements be submitted to the shareholders of the Fund for their approval. The New Agreements, which were approved by shareholders on February 2, 2010, have an initial term of one year. Thereafter, the New Agreements will continue in effect only if their continuance is annually approved by the Board of Trustees. Other than effective dates, there are no material differences between the terms of the New Agreements and those of the original Advisory Agreement and Investment Management Agreement.

On July 22, 2009, the Fund's Board of Trustees approved an open market share repurchase plan (the "Plan") and the Fund added an additional portfolio manager. Under the terms of the Plan, the Fund is authorized to purchase up to 5% of its outstanding common shares in the open market on a quarterly basis, subject to applicable regulatory and legal restrictions and in consideration of certain operational and market factors, including the size of the market price discount to net asset value of the Fund. The amount and timing of repurchases will be at the discretion of the Investment Manager, and subject to market conditions and investment considerations. The Fund intends to conduct the Plan in accordance with Rule 10b-18 under the Securities Exchange Act of 1934.

The Plan is intended to enhance shareholder value. The Fund's Board of Trustees has authorized the share repurchase program in the belief that share repurchases may at times represent attractive investment opportunities for the Fund. There is no assurance that the Fund will purchase shares at any particular discount levels or in any particular amounts. There is also no assurance that the market price of the Fund's shares, either absolutely or relative to net asset value, will increase as a result of any share repurchases.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

Ray Di Bernardo, CFA, has joined Frank Burgess in the day-to-day portfolio management responsibilities for the Fund. Mr. Di Bernardo, who has been with the Madison organization since 2003, was previously an equity analyst at Concord Trust in Chicago, and before that, an equity analyst and co-manager of international and emerging market mutual funds at a Toronto-based international equity firm. Mr. Di Bernardo holds a BA from the University of Western Ontario and is a CFA charterholder.

We encourage shareholders to consider the opportunity to reinvest their distributions from the Fund through the Dividend Reinvestment Plan ("DRIP"), which is described in detail on page 27 of the Fund's annual report. When shares trade at a discount to NAV, the DRIP takes advantage of the discount by reinvesting the quarterly dividend distribution in common shares of the Fund purchased in the market at a price less than NAV. Conversely, when the market price of the Fund's common shares is at a premium above NAV, the DRIP reinvests participants' dividends in newly-issued common shares at NAV, subject to an IRS limitation that the purchase price cannot be more than 5% below the market price per share. The DRIP provides a cost-effective means to accumulate additional shares and enjoy the benefits of compounding returns over time. Since the Fund endeavors to maintain a steady monthly distribution rate, the DRIP plan effectively provides an income averaging technique, which causes shareholders to accumulate a larger number of Fund shares when the market price is depressed than when the price is higher.

To learn more about the Fund's performance and investment strategy, we encourage you to read the Questions & Answers section of the report, which begins on page 5. You will find information about Madison's investment philosophy and discipline, its views on the market environment and how it structured the Fund's portfolio based on its views.

We appreciate your investment and look forward to serving your investment needs in the future. For the most up-to-date information on your investment, please visit the Fund's website at [www.claymore.com/mcn](http://www.claymore.com/mcn).

Sincerely,

/s/ J. Thomas Futrell

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

QUESTIONS & ANSWERS |

Madison Asset Management, LLC ("MAM") is pleased to address the progress of the Madison/Claymore Covered Call & Equity Strategy Fund (the "Fund" or "MCN") for the year ended December 31, 2009.

Introduced in July of 2004, the Fund continues to pursue its objectives by investing in high-quality, large-capitalization common stocks that are, in the opinion of the MAM investment professionals, selling at a reasonable price with respect to their long-term earnings growth rates. The Fund's option-writing strategy seeks to provide a consistent income from option premiums which are

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

expected to help achieve the goal of providing a high level of current income and current gains with a secondary objective of long-term capital appreciation.

Madison Asset Management, LLC, a subsidiary of Madison Investment Advisors, Inc., together with its affiliates, manages approximately \$15 billion in individual, corporate, pension, insurance, endowment, and mutual fund assets as of December 31, 2009.

---

### WHAT HAPPENED IN THE MARKET DURING 2009?

With a sense of relief, U.S. equity markets ended the year in much better form than when they began the year. In the first months of 2009 the U.S. economy was in a very deep recession, which some were characterizing as the start of a new depression. Housing was in disarray, the auto market had serious problems, unemployment was rising and the credit markets were deteriorating. There was widespread fear that the major banks would be nationalized and by early March these factors had driven the S&P 500 down by approximately 25%. Since then we've experienced a sizable recovery, a record rally in a very short time. Massive government stimulus has unfrozen credit markets, economic recovery is underway and market psychology has shifted from fear to optimism, some might say hyper-optimism. As a result, the S&P 500 managed a very strong 26.5% return in 2009 with a 6.0% boost coming in the fourth quarter.

Although defensive sectors led the way in the early portion of the year as the market continued to swoon, once the recovery gathered steam, cyclical sectors began to assert leadership. The Technology, Consumer Discretionary and Materials sectors were the ultimate leaders over the full year as expectations grew for a global economic recovery. The Financial sector, which had been decimated in late 2008 and early 2009, rebounded sharply in the second and third quarter as a semblance of stability returned to the banking system. Despite its defensive nature and the specter of dramatic reform, the Health Care sector also rebounded strongly, particularly late in the year as reform efforts seemed to lose momentum.

Given the dire environment as the year began, investor fear was very high and as a result, market volatility was near the all-time highs reached in late 2008. The CBOE Market Volatility Index (VIX) traded in the range of 40 to 50 early in the year but trended lower as the stock market recovered and fear subsided, ending the year just above 20.

---

### HOW DID THE FUND PERFORM GIVEN THE MARKETPLACE CONDITIONS DURING 2009?

We are very pleased to report that MCN had a tremendous year, outperforming through the market declines in the first quarter and the rally that followed. For the year ended December 31, 2009, the Fund provided a market price total return of 61.01%. This compared highly favorably to the S&P 500 Index which returned 26.46% and the CBOE S&P BuyWrite Index (BXM) which posted a 25.91% return over the same period. Closed-end funds in general, and MCN specifically, were pushed to deep discounts by the fear-inspired selling environment of 2008 and early 2009. A significant portion of the Fund's market price total return for this annual period was a reduction of the market price discount to net asset value ("NAV"), as the underlying NAV showed a robust return of 39.00%. About a third of the market price total return in 2009 was due to a reduction of this discount. The Fund's strong performance during the period was powered by a combination of very favorable underlying stock performance coupled with an option strategy that allowed the Fund to participate in the market rally.

Much transpired throughout the year from a portfolio strategy standpoint. Early in the year, the portfolio was

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | QUESTIONS & ANSWERS continued

structured to provide the most protection possible by taking advantage of the extremely high option premiums that resulted from the excessively high level of market volatility. As the market bottomed, call options were written meaningfully out-of-the-money in order for the portfolio to participate in the market rebound. This strategy worked extremely well and allowed the Fund's NAV to recover as the market advanced. Through mid-year, as the market continued its recovery, the Fund shifted to a more defensive posture as concerns grew that the market may have moved too far ahead of actual underlying economic and corporate fundamentals. Call options were written closer-to-the-money and on a larger portion of the portfolio holdings, and proceeds from option assignments were used to steadily reduce the Fund's leverage, which began the year at approximately 14% of total assets and was ultimately eliminated in October.

-----  
DESCRIBE THE FUND'S PORTFOLIO EQUITY AND OPTION STRUCTURE:

As of December 31, 2009, the Fund held 51 equity securities and unexpired covered call options had been written against 77.7% of the Fund's stock holdings. During 2009, the Fund generated premiums of \$18.3 million from its covered call writing activities. It is the strategy of the Fund to write out-of-the-money call options; as of December 31, 49.1% of the Fund's call options (55 of 112 different options) remained out-of-the-money. (Out-of-the-money means the stock price is below the strike price at which the shares could be called away by the option holder.) The number of out-of-the-money options has declined from the beginning of the year as the strength of the market rally has moved many share prices above their corresponding option strike prices. The Fund's managers have also begun writing options "closer-to-the-money" in order to capture higher premium income and provide the Fund added protection from a reversal in the market's upward surge.

-----  
WHICH SECTORS ARE PREVALENT IN THE FUND?

From a sector perspective, MCN's largest exposure as of December 31, 2009 was to the Health Care and Technology (and technology related) sectors, followed by Consumer Discretionary, Financials and Energy sectors. The Fund was not invested in the Materials, Consumer Staples, Telecommunication Services and Utilities sectors as of year-end.

-----  
DISCUSS THE FUND'S SECURITY AND OPTION SELECTION PROCESS:

The Fund is managed by two teams of investment professionals. MAM considers these teams as a "right hand" and "left hand" meaning they work together to make common stock and option decisions. Fundamental analysis is used to select solid companies with good growth prospects and attractive valuations. Then MAM seeks attractive call options to write on those stocks. It is the belief that this partnership of active management between the equity and option teams provides investors with an innovative, risk-moderated approach to equity investing. The Fund's portfolio managers seek to invest in a portfolio of common stocks that have favorable "PEG" ratios (Price-Earnings ratio to Growth rate) as well as financial strength and industry leadership. As bottom-up

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

investors, the focus of MAM is on the fundamental businesses of its companies. The stock selection philosophy strays away from the "beat the street" mentality, as they seek companies that have sustainable competitive advantages, predictable cash flows, solid balance sheets and high-quality management teams. By concentrating on long-term prospects and circumventing the "instant gratification" school of thought, the MAM investment professionals bring elements of consistency, stability and predictability to shareholders.

Once attractive and solid names have been selected for the Fund, the call writing strategy is employed. This procedure entails selling calls that are primarily out-of-the-money, so the Fund can participate in some stock appreciation. By receiving option premiums, the Fund receives a high level of investment income and adds an element of downside protection. Call options may be written over a number of time periods and at differing strike prices in an effort to maximize the protective value to the strategy and spread income evenly throughout the year.

6 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | QUESTIONS & ANSWERS continued

-----  
WHAT IS THE MANAGEMENT'S OUTLOOK FOR THE MARKET AND FUND IN 2010?

With 2009 providing a turning point in the stock market and economy, management's outlook for 2010 is optimistic, although tempered by the fact that the market has already enjoyed such a strong recovery. The MAM investment professionals expect the economy to improve in 2010, especially internationally. Corporate profitability should continue to expand behind solid margins, productivity gains and improving revenue growth. Even though interest rates may move upward, they should remain at a relatively low level, which is positive for valuations. It is also possible that substantial assets still in cash and lower yielding bonds which could come back into the stock market will provide support. Although deep recessions, such as the one recently experienced, are historically followed by steep recoveries, MAM believes that the current recovery will likely be slower than history might suggest due to some lingering headwinds. High unemployment, stagnant wage growth and the prospect of higher taxes are causing consumers to save more and spend less, crimping a key economic driver. Additionally, the financial system, while recovering, remains wounded, as does the housing market. In general, economic growth is expected to be moderately positive but below the long-term trend line of 3-4%.

The explosive rally from the March 2009 lows was focused on lower quality and economically sensitive areas with the expectation that the economy would bounce back. This is characteristic of the first leg of a recovery. As the recovery moves to the next leg, the market will take its direction from actual signs of improving economic and company fundamentals which should bring the spotlight to higher quality, blue chip companies which remain the focus within MCN's portfolio.

Over the near term, MAM expects the stock market to consolidate its significant gains from the market lows with increasing risk relating to the possibility that lofty expectations of economic growth are proven to be overly optimistic. During the wait for economic and corporate reality to catch up with expectations, the MAM investment philosophy remains relatively defensively postured.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

### INDEX DEFINITIONS

Indices are unmanaged, reflect no expenses and it is not possible to invest directly in an index.

The S&P 500 is an unmanaged, capitalization-weighted index of 500 stocks. The index is designed to measure performance of the broad domestic economy through changes in the aggregate market value of 500 stocks representing all major industries.

The VIX-CBOE Volatility Index is widely known as the VIX Index. VIX is the ticker symbol for the Chicago Board Options Exchange (CBOE) Volatility Index, which shows the market's expectation of 30-day volatility. It is constructed using the implied volatilities of a wide range of S&P 500 index options. This volatility is meant to be forward looking and is calculated from both calls and puts. The VIX is a widely used measure of market risk and is often referred to as the "investor fear gauge."

The CBOE S&P 500 BuyWrite Index (BXM) is a benchmark index designed to show the hypothetical performance of a portfolio that purchases all the constituents of the S&P 500 Index and then sells at-the-money (meaning same as purchase price) calls of one-month duration against those positions.

### MCN RISKS AND OTHER CONSIDERATIONS

The views expressed in this report reflect those of the portfolio manager only through the report period as stated on the cover. These views are subject to change at any time, based on market and other conditions and should not be construed as a recommendation of any kind. The material may also include forward looking statements that involve risk and uncertainty, and there is no guarantee that any predictions will come to pass.

There can be no assurance that the Fund will achieve its investment objectives. The value of the Fund will fluctuate with the value of the underlying securities. Historically, closed-end funds often trade at a discount to their net asset value.

**EQUITY RISK:** The value of the securities held by the Fund will fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests.

**RISKS ASSOCIATED WITH OPTIONS ON SECURITIES:** There are several risks associated with transactions in options on securities. For example, there are significant differences between the securities and options markets that could result in an imperfect correlation between these markets, causing a given transaction not to achieve its objectives. A decision as to whether, when and how to use options involves the exercise of skill and judgment, and even a well-conceived transaction may be unsuccessful to some degree because of market behavior or unexpected events. As the writer of a covered call option, the Fund forgoes, during the option's life, the opportunity to profit from increases in the market value of the security covering the call option above the sum of the premium and the strike price of the call, but has retained the risk of loss should the price of the underlying security decline. The writer of an option has no control over the time when it may be required to fulfill its obligation

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

as a writer of the option. Once an option writer has received an exercise notice, it cannot effect a closing purchase transaction in order to terminate its obligation under the option and must deliver the underlying security at the exercise price.

**FOREIGN INVESTMENT RISK:** Investing in non-U.S. issuers may involve unique risks such as currency, political, and economic risk, as well as less market liquidity, generally greater market volatility and less complete financial information than for U.S. issuers.

**RISKS OF MID-CAP COMPANIES:** Mid-cap companies often are newer or less established companies than larger companies. Investments in mid-cap companies carry additional risks because earnings of these companies tend to be less predictable; they often have limited product lines, markets, distribution channels or financial resources; and the management of such companies may be dependent upon one or a few key people. The market movements of equity securities of mid-cap companies may be more abrupt or erratic than the market movements of equity securities of larger, more established companies or the stock market in general.

**INDUSTRY CONCENTRATION RISK:** To the extent that the Fund makes substantial investments in a single industry, the Fund will be more susceptible to adverse economic or regulatory occurrences affecting those sectors.

**FUND DISTRIBUTION RISK:** In order to make regular quarterly distributions on its common shares, the Fund may have to sell a portion of its investment portfolio at a time when independent investment judgment may not dictate such action. In addition, the Fund's ability to make distributions more frequently than annually from any net realized capital gains by the Fund is subject to the Fund obtaining exemptive relief from the Securities and Exchange Commission, which cannot be assured. To the extent the total quarterly distributions for a year exceed the Fund's net investment company income and net realized capital gain for that year, the excess will generally constitute a return of the Fund's capital to its common shareholders. Such return of capital distributions generally are tax-free up to the amount of a common shareholder's tax basis in the common shares (generally, the amount paid for the common shares). In addition, such excess distributions will decrease the Fund's total assets and may increase the Fund's expense ratio.

**FINANCIAL LEVERAGE:** The Fund is authorized to utilize leverage through the issuance of preferred shares and/or the Fund may borrow or issue debt securities for financial leveraging purposes and for temporary purposes such as settlement of transactions. Although the use of any financial leverage by the Fund may create an opportunity for increased net income, gains and capital appreciation for the Common Shares, it also results in additional risks and can magnify the effect of any losses. If the income and gains earned on securities purchased with financial leverage proceeds are greater than the cost of financial leverage, the Fund's return will be greater than if financial leverage had not been used. Conversely, if the income or gain from the securities purchased with such proceeds does not cover the cost of financial leverage, the return to the Fund will be less than if financial leverage had not been used. Financial leverage also increases the likelihood of greater volatility of net asset value and market price of and dividends on the Common Shares than a comparable portfolio without leverage.

An investment in the Fund includes, but is not limited to, risks and considerations such as: Investment Risk, Not a Complete Investment Program, Equity Risk, Risks Associated with Options on Securities, Limitation on Option Writing Risk, Risks of Mid-Cap Companies, Income Risk, Foreign Securities Risk, Industry Concentration Risk, Derivatives Risk, Illiquid Securities Risk, Fund Distribution Risk, Market Discount Risk, Other Investment Companies, Financial Leverage Risk, Management Risk, Risks Related to Preferred Securities, Interest

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

Rate Risk, Inflation Risk, Current Developments Risk and Anti-Takeover Provisions. Please see [www.claymore.com/mcn](http://www.claymore.com/mcn) for a more detailed discussion about Fund risks and considerations.

(a) Based on average shares outstanding.

(b) Total investment return is calculated assuming a purchase of a common share at the beginning of the period and a sale on the last day of the period reported either at net asset value (NAV) or market price per share. Dividends and distributions are assumed to be reinvested at NAV for returns at NAV or in accordance with the Fund's dividend reinvestment plan for returns at market value. Total investment return does not reflect brokerage commissions. A return calculated for a period of less than one year is not annualized.

(c) Portfolio turnover is not annualized for periods less than one year.

(d) Calculated by subtracting the Fund's total liabilities (not including the borrowings) from the Fund's total assets and dividing by the total borrowings.

See notes to financial statements.

16 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

Notes to FINANCIAL STATEMENTS | DECEMBER 31, 2009

### Note 1 -- ORGANIZATION:

Madison/Claymore Covered Call & Equity Strategy Fund (the "Fund") was organized as a Delaware statutory trust on May 6, 2004. The Fund is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940.

The Fund's primary investment objective is to provide a high level of current income and current gains, with a secondary objective of long-term capital appreciation. The Fund will, under normal market conditions, pursue its primary investment objective by allocating at least 80% of total assets to an integrated investment strategy pursuant to which the Fund invests in a

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

portfolio of equity securities consisting primarily of high quality, large capitalization common stocks that are, in the view of the Fund's investment manager, selling at a reasonable price in relation to their long-term earnings growth rates and writes (sells) covered call options against a portion of the equity securities held; pending investment in equity securities or covered call options, assets of the Fund allocated to its integrated investment strategy will be held in cash or cash equivalents. The Fund seeks to produce a high level of current income and gains through premiums received from writing options and, to a lesser extent, from dividends. There can be no assurance that the Fund will achieve its investment objectives. The Fund's investment objectives are considered fundamental and may not be changed without shareholder approval.

### Note 2 -- SIGNIFICANT ACCOUNTING POLICIES:

The preparation of the financial statements in accordance with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates.

In June 2009, the Financial Accounting Standards Board ("FASB") established the FASB Accounting Standards Codification(TM) ("ASC") as the single source of authoritative accounting principles reorganized by the FASB in preparation of financial statements in conformity with GAAP. The ASC superseded existing non-grandfathered, non-U.S. Securities and Exchange Commission ("SEC") accounting and reporting standards. The ASC did not change GAAP but rather organized it into a hierarchy where all guidance with the ASC carried an equal level of authority. The ASC became effective for financial statements issued for interim and annual periods ending after September 15, 2009. The implementation of ASC did not have a material effect of the Fund's financial statements

The following is a summary of significant accounting policies consistently followed by the Fund.

#### (a) VALUATION OF INVESTMENTS

Readily marketable portfolio securities listed on an exchange or traded in the over-the-counter market are generally valued at their last reported sale price. If no sales are reported, the securities are valued at the mean of the closing bid and asked prices on such day. If no bid or asked prices are quoted on such day, then the security is valued by such method as the Fund's Board of Trustees shall determine in good faith to reflect its fair value. Securities traded on NASDAQ are valued at the NASDAQ official closing price. Portfolio securities traded on more than one securities exchange are valued at the last sale price at the close of the exchange representing the principal market for such securities. Debt securities are valued at the last available bid price for such securities or, if such prices are not available, at the mean between the last bid and asked price. Exchange-traded options are valued at the mean of the best bid and best asked prices across all option exchanges. Short-term debt securities having a remaining maturity of sixty days or less are valued at amortized cost, which approximates market value.

For those securities whose bid or asked prices are not available, the valuations are determined in accordance with procedures established in good faith by the Board of Trustees. Valuations in accordance with these procedures are intended to reflect each security's (or asset's) "fair value". Such "fair value" is the amount that the Fund might reasonably expect to receive for the security (or asset) upon its current sale. Each such determination should be based on a consideration of all relevant factors, which are likely to vary from one pricing context to another. Examples of such factors may include, but are not limited to: (i) the type of security, (ii) the initial cost of the security, (iii) the existence of any contractual restrictions on the security's disposition, (iv) the price and extent of public trading in similar securities

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

of the issuer or of comparable companies, (v) quotations or evaluated prices from broker-dealers and/or pricing services, (vi) information obtained from the issuer, analysts, and/or the appropriate stock exchange (for exchange traded securities), (vii) an analysis of the company's financial statements, and (viii) an evaluation of the forces that influence the issuer and the market(s) in which the security is purchased and sold (e.g. the existence of pending merger activity, public offerings or tender offers that might affect the value of the security).

The Fund adopted ASC 820, Fair Value Measurements and Disclosures ("ASC 820") (formerly known as the Statement of Financial Accounting Standard ("FAS") No. 157). In accordance with ASC 820, fair value is defined as the price that the Fund would receive to sell an investment or pay to transfer a liability in an orderly transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the investment or liability. ASC 820 establishes three different categories for valuations. Level 1 valuations are those based upon quoted prices in active markets. Level 2 valuations are those based upon quoted prices in inactive markets or based upon significant observable inputs (e.g. yield curves; benchmark interest rates; indices). Level 3 valuations are those based upon unobservable

Annual Report | December 31, 2009 | 17

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | NOTES TO FINANCIAL STATEMENTS continued

inputs (e.g. discounted cash flow analysis; non-market based methods used to determine fair valuation). The following table represents the Fund's investments carried on the Statement of Assets and Liabilities by caption and by level within the fair value hierarchy as of December 31, 2009:

DESCRIPTION	LEVEL 1	LEVEL 2	LEVEL 3	TOTAL
-----				
(value in \$000s)

-----				
Total	\$ 15,446	\$ --	\$ --	\$ 15,446
=====				

### (b) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Dividend income is recorded net of applicable withholding taxes on the ex-dividend date and interest income is recorded on an accrual basis. Discounts or premiums on debt securities purchased are accreted or amortized to interest income over the lives of the respective securities using the effective interest method.

To earn greater income on otherwise uninvested cash temporarily held by the Fund, such as income earned from stock sold or called away, stock dividends and covered call writing premiums, the Fund may invest such cash in repurchase agreements. Repurchase agreements are short-term investments in which the Fund

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

acquires ownership of a debt security and the seller agrees to repurchase the security at a future time and specified price. Repurchase agreements are fully collateralized by the underlying debt security. The Fund will make payment for such securities only upon physical delivery or evidence of book entry transfer to the account of the custodian bank. The seller is required to maintain the value of the underlying security at not less than the repurchase proceeds due the Fund.

### (c) OPTIONS

The Fund will pursue its primary objective by employing an option strategy of writing (selling) covered call options on common stocks. The Fund seeks to generate current gains from option premiums as a means to enhance distributions payable to the Fund's common shareholders.

When an option is written, the premium received is recorded as an asset with an equal liability and is subsequently marked to market to reflect the current market value of the option written. These liabilities are reflected as options written in the Statement of Assets and Liabilities. Premiums received from writing options which expire unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchase transactions, as a realized loss. If a call option is exercised; the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss.

### (d) DISTRIBUTIONS TO SHAREHOLDERS

The Fund declares and pays quarterly dividends to common shareholders. Distributions to shareholders are recorded on the ex-dividend date. The amount and timing of distributions are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles. These dividends consist of investment company taxable income, which generally includes qualified dividend income, ordinary income and short-term capital gains, including premiums received on written options. Realized short-term capital gains are considered ordinary income for tax purposes and will be reclassified at the Fund's fiscal year end on the Fund's Statement of Assets and Liabilities from accumulated net realized gains to distributions in excess of net investment income. Any net realized long-term capital gains are distributed annually to common shareholders.

### (e) SUBSEQUENT EVENTS

The Fund has adopted ASC 855, Subsequent Events ("ASC 855") (formerly known as SFAS No. 165). ASC 855 requires an entity to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of assets and liabilities. ASC 855 is intended to establish general standards of accounting and for disclosure of events that occur after the statement of assets and liabilities date but before the financial statements are issued or are available to be issued. The Fund has performed an evaluation of subsequent events through February 24 2010, which is the date the financial statements were issued.

18 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | NOTES TO FINANCIAL STATEMENTS continued

Note 3 -- INVESTMENT ADVISORY AGREEMENT, INVESTMENT MANAGEMENT AGREEMENT AND OTHER TRANSACTIONS WITH AFFILIATES:

Pursuant to an Investment Advisory Agreement (the "Advisory Agreement") between

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

the Fund and Claymore Advisors, LLC (the "Adviser"), the Adviser furnishes offices, necessary facilities and equipment; provides certain administrative services; oversees the activities of Madison Asset Management LLC (the "Investment Manager"); and provides personnel, including certain officers required for the Fund's administrative management and compensates all officers and trustees of the Fund who are its affiliates. As compensation for these services, the Fund pays the Adviser a fee, payable monthly, in an amount equal to 0.50% of the Fund's average daily managed assets. Managed assets equal the net assets of the Fund plus any assets attributable to financial leverage.

Pursuant to an Investment Management Agreement between the Fund and the Investment Manager, the Investment Manager, under the supervision of the Fund's Board of Trustees and the Adviser, provides a continuous investment program for the Fund's portfolio; provides investment research and makes and executes recommendations for the purchase and sale of securities; and provides certain facilities and personnel, including officers required for the Fund's administrative management and compensation of all officers and trustees of the Fund who are its affiliates. As compensation for these services, the Fund pays the Investment Manager a fee, payable monthly, in an amount equal to 0.50% of the Fund's average daily managed assets.

On July 17, 2009, Claymore Group Inc., the parent of the Adviser, entered into an Agreement and Plan of Merger between and among Claymore Group Inc., Claymore Holdings, LLC and GuggClay Acquisition, Inc., (with the latter two entities being wholly-owned, indirect subsidiaries of Guggenheim Partners, LLC ("Guggenheim")) whereby GuggClay Acquisition, Inc. merged into Claymore Group Inc. which is the surviving entity. This transaction was completed on October 14, 2009 (the "Effective Date") and resulted in a change-of-control whereby Claymore Group Inc. and its subsidiaries, including the Adviser, became indirect, wholly-owned subsidiaries of Guggenheim. The transaction is not expected to affect the daily operations of the Fund or the investment management activities of the Adviser.

Under the Investment Company Act of 1940, as amended, (the "1940 Act"), the consummation of this transaction resulted in the automatic termination of the Advisory & Investment Management Agreements. Accordingly, on September 23, 2009, the Board of Trustees approved an interim investment advisory agreement between the Fund and the Adviser (the "Interim Advisory Agreement") and an interim investment management agreement among the Fund, the Adviser and Madison Asset Management, LLC (the "Interim Investment Management Agreement" and together with the Interim Advisory Agreement, the "Interim Agreements"). The Interim Agreements took effect as of the Effective Date.

On September 23, 2009, the Board of Trustees approved a new investment advisory agreement between the Fund and the Adviser (the "New Advisory Agreement") and a new investment management agreement among the Fund, the Adviser and the Investment Manager (the "New Investment Management Agreement" and together with the New Advisory Agreement, the "New Agreements") and recommended that the New Agreements be submitted to the shareholders of the Fund for their approval. On February 2, 2010, shareholders approved the New Agreements and therefore the Interim Agreements terminated. The New Agreements will have an initial term of one year. Thereafter, the New Agreements will continue in effect only if their continuance is approved annually by the Board of Trustees. Other than effective dates, there are no material differences between the terms of the New Agreements and those of the original Advisory Agreement and Investment Management Agreement.

Under separate Fund Administration and Fund Accounting agreements, the Adviser provides fund administration services and the Investment Manager provides fund accounting services to the Fund. The Adviser receives a fund administration fee payable monthly at the annual rate set forth below as a percentage of the average daily managed assets of the Fund:

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

MANAGED ASSETS	RATE
=====	
First \$200,000,000	0.0275%
Next \$300,000,000	0.0175%
Next \$500,000,000	0.0125%
Over \$1,000,000,000	0.0100%

The Investment Manager receives a fund accounting fee based on the net assets of the Fund and the Madison Strategic Sector Premium Fund, a closed-end investment company sponsored by the Investment Manager. The fund accounting fee is allocated on a prorated basis of the net assets of each fund. This fee is payable monthly at the annual rate set forth below as a percentage of the average daily net assets of the two funds:

NET ASSETS	RATE
=====	
First \$200,000,000	0.0275%
Next \$300,000,000	0.0200%
Next \$500,000,000	0.0150%
Over \$1,000,000,000	0.0100%

The Bank of New York Mellon ("BNY") acts as the Fund's custodian and transfer agent. As custodian, BNY is responsible for the custody of the Fund's assets. As transfer agent, BNY is responsible for performing transfer agency services for the Fund.

Annual Report | December 31, 2009 | 19

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | NOTES TO FINANCIAL STATEMENTS continued

Certain officers and trustees of the Fund are also officers and directors of Claymore Advisors, LLC or Madison Asset Management LLC. The Fund does not compensate its officers or trustees who are officers or interested persons of the two aforementioned firms.

#### Note 4 -- FEDERAL INCOME TAXES:

The Fund intends to comply with the requirements of Subchapter M of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of its ordinary income and long-term capital gains, if any, during each calendar year, the Fund intends not to be subject to U.S. federal excise tax.

Due to inherent differences in the recognition of income, expenses, and realized gains/losses under U.S. generally accepted accounting principles and federal income tax purposes, permanent differences between book and tax basis reporting have been identified and appropriately reclassified on the Statement of Assets and Liabilities. A permanent book and tax difference relating to a distribution reclass in the amount of \$15,340,759 was reclassified from net investment loss to accumulated net realized gain. Finally, a permanent book and tax difference relating to net operating losses in the amount of \$927,639 was reclassified from net investment loss to accumulated net realized gain. Net realized gains or losses may differ for financial reporting and tax reporting primarily as a result of the deferral of losses relating to wash sale and straddle transactions.

Information on the tax components of investments, excluding written options, as of December 31, 2009 is as follows:

Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

COST OF INVESTMENTS FOR TAX PURPOSES	GROSS TAX UNREALIZED APPRECIATION	GROSS TAX UNREALIZED DEPRECIATION	NET TAX UNREALIZED DEPRECIATION ON INVESTMENTS	NET TAX UNREALIZED DEPRECIATION ON DERIVATIVES	UNDISTRIBUTED ORDINARY INCOME
\$ 276,532,930	\$ 6,034,022	(\$81,423,557)	(\$75,389,535)	(\$4,078,686)	\$ --

Capital losses incurred after October 31 ("post-October" losses) within the taxable year are deemed to arise on the first business day of the Fund's next taxable year. The Fund incurred and will elect to defer capital losses of \$3,075,359.

At December 31, 2009, for federal income tax purposes, the Fund had a capital loss carryforward of \$7,813,335 available to offset possible future capital gains. Of the capital loss carryforward, \$7,813,335 is set to expire on December 31, 2017.

For the years ended December 31, 2009 and 2008, the tax character of distributions paid to common shareholders as reflected in the statement of changes in net assets was as follows:

DISTRIBUTIONS PAID FROM:	2009	2008
Ordinary income	\$ 15,340,759	\$ 22,736,739
Long-term capital gain	--	--
Return of capital	759	--
	\$ 15,341,518	\$ 22,736,739

For all open tax years and all major jurisdictions, management of the Fund has concluded that there are no significant uncertain tax positions that would require recognition in the financial statements. Open tax years are those that are open for examination by taxing authorities (i.e. generally the last four tax year ends and the interim tax period since them). Furthermore, management of the fund is also not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

Note 5 -- INVESTMENTS IN SECURITIES:

During the year ended December 31, 2009, the cost of purchases and proceeds from sales of investments, excluding written options and short-term investments, were \$25,379,164 and \$67,184,671, respectively.

Note 6 -- DERIVATIVES:

An option on a security is a contract that gives the holder of the option, in return for a premium, the right to buy from (in the case of a call) or sell to (in the case of a put) the writer of the option the security underlying the option at a specified exercise or "strike" price. The writer of an option on a security has an obligation upon exercise of the option to deliver the underlying security upon payment of the exercise price (in the case of a call) or to pay the exercise price upon delivery of the underlying security (in the case of a put).

# Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

20 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | NOTES TO FINANCIAL STATEMENTS continued

## COVERED CALL OPTIONS

There are several risks associated with transactions in options on securities. As the writer of a covered call option, the Fund forgoes, during the option's life, the opportunity to profit from increases in the market value of the security covering the call option above the sum of the premium and the strike price of the call but has retained the risk of loss should the price of the underlying security decline. A writer of a put option is exposed to the risk of loss if fair value of the underlying securities declines, but profits only to the extent of the premium received if the underlying security increases in value. The writer of an option has no control over the time when it may be required to fill its obligation as writer of the option. Once an option writer has received an exercise notice, it cannot effect a closing purchase transaction in order to terminate its obligation under the option and must deliver the underlying security at the exercise price.

Transactions in written option contracts during the year ended December 31, 2009 were as follows:

	NUMBER OF CONTRACTS	PREMIUMS RECEIVED
Options outstanding, beginning of year	69,125	\$ 16,712,290
Options written during the year	85,184	18,328,659
Options expired during the year	(40,164)	(8,545,505)
Options closed during the year	(37,415)	(8,721,554)
Options assigned during the year	(23,608)	(6,406,474)
Options outstanding, end of year	53,122	\$ 11,367,416

The Fund adopted ASC 815, Derivatives and Hedging (formerly known as FAS No. 161), effective January 1, 2009. ASC 815 is intended to improve financial reporting about derivative instruments by requiring enhanced disclosures to enable investors to better understand: a) how and why a fund uses derivative instruments, b) how derivatives instruments and related hedge fund items are accounted for, and c) how derivative instruments and related hedge items affect a fund's financial position, results of operations and cash flows.

The following table presents the types of derivatives in the Fund by location as presented on the Statement of Assets and Liabilities as of December 31, 2009:

## STATEMENT OF ASSETS & LIABILITY PRESENTATION OF FAIR VALUES OF DERIVATIVES: (amount in thousands)

Annual Report | December 31, 2009 | 21

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | NOTES TO FINANCIAL STATEMENTS continued

Note 7 -- CAPITAL:

COMMON SHARES

The Fund has an unlimited amount of common shares, \$0.01 par value authorized and 19,268,423 issued and outstanding.

There were no transactions in common shares during the years ended December 31, 2009 and December 31, 2008.

Note 8 -- BORROWINGS:

On April 30, 2008, the Fund entered into a \$50,000,000 Revolving Credit Agreement with M&I Marshall & Ilsley Bank, which provides for a revolving credit facility to be used as leverage for the Fund. Effective April 30, 2009, the \$50,000,000 revolving credit agreement was reduced to \$30,000,000. The credit facility provides for a secured line of credit for the Fund, where Fund assets are pledged against advances made to the Fund. The Fund may borrow up to the lesser of the amount of the revolving credit facility or 20% of the Fund's total assets (including the proceeds of such financial leverage). Interest on the amount borrowed is based on the 1-month LIBOR plus 2.41% with a minimum annual rate of 4.00%. An unused commitment fee of 0.10% is charged on the difference between the \$30,000,000 credit agreement and the amount borrowed, which is included in "Line of credit fees" on the Statement of Operations. As of December 31, 2009, there was \$0 outstanding in connection with the Fund's credit facility. The average daily amount of the borrowings on the credit facility during the year ended December 31, 2009 was \$11,769,863 with a related average interest rate of 2.75%. The maximum amount outstanding during the period was \$24,000,000. The maturity date for the Revolving Credit Agreement is April 30, 2010.

Note 9 -- INDEMNIFICATIONS:

In the normal course of business, the Fund enters into contracts that provide general indemnifications. The Fund's maximum exposure under these arrangements

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

is dependent upon claims that may be made against the Fund in the future, and, therefore cannot be estimated; however, the risk of material loss from such claims is considered remote.

### Note 10 -- SUBSEQUENT EVENT:

On February 1, 2010, the Board of Trustees declared a quarterly dividend of \$0.18 per common share. The dividend is payable February 26, 2010 to shareholders of record on February 12, 2010.

### Note 11 -- RECENT ACCOUNTING PRONOUNCEMENTS

On January 21, 2010, the FASB issued an ASU, Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements which provides guidance on how investment assets and liabilities are to be valued and disclosed. Specifically, the amendment requires reporting entities to disclose i) the input and valuation techniques used to measure fair value for both recurring and nonrecurring fair value measurements, for Level 2 or Level 3 positions ii) transfers between all levels (including Level 1 and Level 2) will be required to be disclosed on a gross basis (i.e. transfers out must be disclosed separately from transfers in) as well as the reason(s) for the transfer and iii) purchases, sales, issuances and settlements must be shown on a gross basis in the Level 3 rollforward rather than as one net number. The effective date of the amendment is for interim and annual periods beginning after December 15, 2009 however, the requirement to provide the Level 3 activity for purchases, sales, issuances and settlements on a gross basis will be effective for interim and annual periods beginning after December 15, 2010. At this time the Fund is evaluating the implications of the amendment to ASC 820 and the impact to the financial statements.

22 | Annual Report | December 31, 2009

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

Report of INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM|

TO THE BOARD OF TRUSTEES AND SHAREHOLDERS OF  
MADISON/CLAYMORE COVERED CALL & EQUITY STRATEGY FUND

We have audited the accompanying statement of assets and liabilities of Madison/Claymore Covered Call & Equity Strategy Fund (the Fund), including the portfolio of investments, as of December 31, 2009, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2009, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Madison/Claymore Covered Call & Equity Strategy Fund at December 31, 2009, and the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with U.S. generally accepted accounting principles.

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

Dividend Reinvestment PLAN | (unaudited)

Unless the registered owner of common shares elects to receive cash by contacting the Plan Administrator, all dividends declared on common shares of the Fund will be automatically reinvested by the Bank of New York Mellon (the "Plan Administrator"), administrator for shareholders in the Fund's Dividend Reinvestment Plan (the "Plan"), in additional common shares of the Fund. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may re-invest that cash in additional common shares of the Fund for you. If you wish for all dividends declared on your common shares of the Fund to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Administrator will open an account for each common shareholder under the Plan in the same name in which such common shareholder's common shares are registered. Whenever the Fund declares a dividend or other distribution (together, a "Dividend") payable in cash, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in common shares. The common shares will be acquired by the Plan Administrator for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized common shares from the Fund ("Newly Issued Common Shares") or (ii) by purchase of outstanding common shares on the open market ("Open-Market Purchases") on the New York Stock Exchange or elsewhere. If, on the payment date for any Dividend, the closing market price plus estimated brokerage commission per common share is equal to or greater than the net asset value per common share, the Plan Administrator will invest the Dividend amount in Newly Issued Common Shares on behalf of the participants. The number of Newly Issued Common Shares to be credited to each participant's account will be determined by dividing the dollar amount of the Dividend by the net asset value per common share on the payment date; provided that, if the net asset value is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the Dividend will be divided by 95% of the closing market price per common share on the payment date. If, on the payment date for any Dividend, the net asset value per common share is greater than the closing market value plus estimated brokerage commission, the Plan Administrator will invest the Dividend amount in common shares acquired on behalf of the participants in Open-Market Purchases.

If, before the Plan Administrator has completed its Open-Market Purchases, the market price per common share exceeds the net asset value per common share, the average per common share purchase price paid by the Plan Administrator may exceed the net asset value of the common shares, resulting in the acquisition of fewer common shares than if the Dividend had been paid in Newly Issued Common Shares on the Dividend payment date. Because of the foregoing difficulty with respect to Open-Market Purchases, the Plan provides that if the Plan Administrator is unable to invest the full Dividend amount in Open-Market Purchases during the purchase period or if the market discount shifts to a

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

market premium during the purchase period, the Plan Administrator may cease making Open-Market Purchases and may invest the uninvested portion of the Dividend amount in Newly Issued Common Shares at net asset value per common share at the close of business on the last purchase date provided that, if the net asset value is less than or equal to 95% of the then current market price per common share; the dollar amount of the Dividend will be divided by 95% of the market price on the payment date.

The Plan Administrator maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common shares in the account of each Plan participant will be held by the Plan Administrator on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Administrator will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instruction of the participants.

There will be no brokerage charges with respect to common shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commission incurred in connection with Open-Market Purchases. The automatic reinvestment of Dividends will not relieve participants of any Federal, state or local income tax that may be payable (or required to be withheld) on such Dividends.

The Fund reserves the right to amend or terminate the Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants.

All correspondence or questions concerning the Plan should be directed to the Plan Administrator, BNY Mellon Shareowner Services, PO Box 358015, Pittsburgh, PA 15252-8015, Phone Number: (866) 488-3559.

Annual Report | December 31, 2009 | 27

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

Board Considerations Regarding Contract Approvals of the Interim and New Investment Advisory Agreements and Interim and New Investment Management Agreements

On September 23, 2009, the Board of Trustees (the "Board") of the Madison/Claymore Covered Call & Equity Strategy Fund (the "Fund"), including those trustees who are not "interested persons" as defined by the Investment Company Act of 1940 (the "Independent Trustees"), on the recommendation of the Nominating & Governance Committee (referred to as the "Committee" and consisting solely of the Independent Trustees) of the Board of the Fund, approved: (1) an interim ("Interim Advisory Agreement") and new ("New Advisory Agreement") advisory agreement (together, the "Investment Advisory Agreements") between the Fund and Claymore Advisors, LLC ("Adviser") and (2) an interim ("Interim Investment Management Agreement") and new ("New Investment Management Agreement") investment management agreement (together the "Investment Management Agreements") among the Adviser, the Fund and Madison Asset Management, LLC ("Investment Manager"). (The Investment Advisory Agreements and the Investment Management Agreements are together referred to as the "Advisory Agreements.") As part of its review process, the Committee was represented by independent legal counsel.

Based upon its review, the Board and the Committee concluded that it was in the best interest of the Fund to approve each of the Advisory Agreements. In

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

reaching this conclusion for the Fund, no single factor was determinative in the Board's analysis, but rather the Board considered a variety of factors.

### INTERIM ADVISORY AGREEMENT AND NEW ADVISORY AGREEMENT

The Board reviewed materials received from the Adviser, Guggenheim Partners, LLC ("Guggenheim") and independent legal counsel. The Board also had previously received, throughout the year, Board meeting information regarding performance and operating results of the Fund. Earlier this year, the Adviser informed the Board that it was in discussions with Guggenheim concerning a strategic transaction, including a potential sale of a controlling interest in the Adviser (the "Transaction"). The Adviser provided periodic reports to representatives of the Board as to the status and nature of such discussions with Guggenheim and the Adviser's operating and financial results. In the spring of 2009, the Adviser informed the Board that Guggenheim had arranged up to \$20 million of subordinated loans to Claymore Group as interim financing for working capital and for inventory purchases in connection with its business of creating, distributing and supervising unit investment trusts and other investment products.

Following the execution of a merger agreement between Claymore and Guggenheim (the "Merger Agreement"), a telephonic meeting was held on July 28, 2009, and attended by certain members of the Board, the chief executive officer of Claymore Group and the chief executive officer of Guggenheim. Such executive officers summarized the principal terms of the Merger Agreement, and described the Transaction, the business plans for the Adviser following the consummation of the Transaction and answered such questions as were raised at the meeting. Representatives of the Board requested additional information regarding the Transaction, Guggenheim and the impact of the Transaction on the Shareholders of the Fund.

During the third quarter of 2009, the Committee received reports on the progress of the Transaction, including the debt financing and additional equity financing arranged by Guggenheim. As part of its review process, the Committee was represented by independent legal counsel. The Committee reviewed materials received from the Adviser, Guggenheim and independent legal counsel. The Adviser and Guggenheim provided, among other information, information regarding the terms of the Transaction and potential benefits to the Adviser from the Transaction. The information provided regarding Guggenheim included (i) financial information, (ii) information regarding senior executives of the firm, (iii) information regarding other Guggenheim affiliated investment managers, (iv) information regarding litigation and regulatory matters and (v) potential conflicts of interest. The Adviser and Guggenheim also provided information regarding Guggenheim's and the Adviser's intentions for the business, operations and personnel of the Adviser following the closing of the Transaction. The Committee met and discussed the Transaction and the Interim Advisory Agreement and the New Advisory Agreement in September 2009. Additional supplemental information regarding the Transaction and Guggenheim was provided by the Adviser and Guggenheim and reviewed by the Committee.

Subsequent to these meetings, the Board met in person to consider the Interim Advisory Agreement and the New Advisory Agreement at a meeting held on September 23, 2009. The Board met with representatives of the Adviser and Guggenheim to discuss the Transaction. Representatives from the Adviser and Guggenheim discussed the Transaction with, and answered questions from, the Board. The Committee met in executive session to discuss the Transaction and the information provided at the Board meeting. The Committee concluded that it was in the best interest of the Fund to approve the Interim Advisory Agreement and New Advisory Agreement and, accordingly, recommended to the Board the approval of the Interim Advisory Agreement and New Advisory Agreement. The Board subsequently approved the Interim Advisory Agreement and approved the New Advisory Agreement for a one-year term. The Board also determined to consider the continuation of the agreement during the course of the one-year term by

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

conducting a thorough review of the various information that is part of the Board's regular annual consideration of the continuation of the Fund's advisory agreement. In reaching the conclusion to approve the Interim Advisory Agreement and New Advisory Agreement, no single factor was determinative in the Board's analysis, but rather the Board considered a variety of factors. Provided below is an overview of the primary factors the Board considered in connection with the review of the Interim Advisory Agreement and the New Advisory Agreement.

In connection with the Board's consideration of the Interim Advisory Agreement and the New Advisory Agreement, the Trustees considered, among other information, the following factors:

- o within the last year, the Board had engaged in a thorough review of the various factors, including fees and performance, that are part of the decision whether to continue an advisory agreement;
- o Board approval of the Fund's Investment Advisory Agreements was a condition to the closing of the Transaction;
- o Claymore's statement to the Board that the manner in which the Fund's assets are managed will not change as a result of the Transaction;
- o the aggregate advisory fee rate payable by the Fund will not change under the Interim Advisory Agreement or New Advisory Agreement;
- o there are no material differences between the terms of the Interim Advisory Agreement and New Advisory Agreement and the terms of the Fund's prior advisory agreement, except for those provisions in the Interim Advisory Agreement which are necessary to comply with Rule 15a-4 under the 1940 Act;
- o the capabilities of the Adviser's personnel who will provide advisory (if applicable), management, shareholder servicing and administrative services to the Fund are not expected to change, and the key personnel who currently provide advisory (if applicable), management, shareholder servicing and administrative services to the Fund are expected to continue to do so after the Transaction;
- o the assurance from the Adviser and Guggenheim that following the Transaction there will not be any diminution in the nature, quality and extent of services provided to the Fund;
- o the Adviser's current financial condition;

MCN | Madison/Claymore Covered Call & Equity Strategy Fund | BOARD  
CONSIDERATIONS continued

- o the impact of the Transaction on the Adviser's day-to-day operations;
- o the reputation, capabilities, experience, organizational structure and financial resources of Guggenheim;
- o the long-term business goals of Guggenheim and the Adviser with regard to the business and operations of the Adviser;
- o that Shareholders of the Fund will not bear any costs in connection with the Transaction, inasmuch as the Adviser will bear the costs, fees and expenses incurred by the Fund in connection with the Fund's

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

Proxy Statement and any other costs of the Fund associated with the Transaction; and

- o that the Adviser and relevant acquisition subsidiaries have agreed to refrain from imposing or seeking to impose, for a period of two years after the Closing, any "unfair burden" (within the meaning of Section 15(f) of 1940 Act) on the Fund.

Nature, Extent and Quality of Services Provided by the Adviser. The Board noted that key management personnel servicing the Fund are expected to remain with the Adviser following the Transaction and that the services provided to the Fund by the Adviser are not expected to change. The Board also considered the Adviser's and Guggenheim's representations to the Board that Guggenheim intends for the Adviser to continue to operate following the closing of the Transaction in much the same manner as it operates today, and that the impact of the Transaction on the day-to-day operations of the Adviser would be neutral or positive. The Board also considered Guggenheim's statement that the Adviser's compliance policies and procedures, disaster recovery plans, information security controls and insurance program would not change materially following consummation of the Transaction. Based on this review, the Board concluded that the range and quality of services provided by the Adviser to the Fund were expected to continue under the Interim Advisory Agreement and the New Advisory Agreement at the same or improved levels.

Advisory Fees. The Board also considered the fact that the advisory fee rates payable to the Adviser would be the same under the Interim Advisory Agreement and New Advisory Agreement as they are under the Fund's prior advisory agreement, which had within the last year been determined to be reasonable. The Board concluded that these factors supported approval of the Interim Advisory Agreement and New Advisory Agreement.

Performance. With respect to the performance of the Fund, the Board considered that, the Investment Manager would continue to manage the Fund's portfolio following the closing of the Transaction, subject to Shareholder approval of the New Investment Management Agreement. The Board concluded that these factors supported approval of the Interim Advisory Agreement and New Advisory Agreement.

Profitability. The Board noted that it was too early to predict how the Transaction may affect the Adviser's future profitability from its relationship with the Fund, but concluded that this matter would be given further consideration on an annual basis going forward. The Board also noted that the Adviser's fee rates under the Interim Advisory Agreement and New Advisory Agreement are the same as those assessed under the Fund's prior advisory agreement.

Economies of Scale. The Board considered any potential economies of scale that may result from the Transaction. The Board further noted Guggenheim's statement that such economies of scale could not be predicted in advance of the closing of the Transaction.

Other Benefits. The Board noted its prior determination that the advisory fees were reasonable, taking into consideration other benefits to the Adviser (including the receipt by Claymore of an administrative fee). The Board also considered other benefits to the Adviser, Guggenheim and their affiliates expected to be derived from their relationships with the Fund as a result of the Transaction and noted that no additional benefits were reported by the Adviser or Guggenheim as a result of the Transaction. Therefore, the Board concluded that the advisory fees continued to be reasonable, taking into consideration other benefits.

NEW INVESTMENT MANAGEMENT AGREEMENT AND INTERIM INVESTMENT MANAGEMENT

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

### AGREEMENT

In conjunction with the consideration of the Transaction and the approval of a New Advisory Agreement and Interim Advisory Agreement, the Board, including the Independent Trustees, also considered the Fund's New Investment Management Agreement and Interim Investment Management Agreement. The Board noted that while the closing of the Transaction would result in the termination of the prior investment management agreement pursuant to its terms, the Investment Manager was not a party to the Transaction and the operations of the Investment Manager and the services to be provided by the Investment Manager would be unaffected by the Transaction.

The Board determined that there were no material differences between the terms of the Interim Investment Management Agreement and the corresponding prior investment management agreement, except with respect to those provisions required to comply with Rule 15a-4 under the 1940 Act, and that there were no material differences between the terms of the New Investment Management Agreement and the prior investment management agreement. The Board noted that the compensation to be received by the Investment Manager under the Interim Investment Management Agreement and New Investment Management Agreement is not greater than the compensation the Investment Manager would have received under the prior investment management agreement. The Board noted that the scope and quality of services to be provided to the Fund under the Interim Investment Management Agreement and New Investment Management Agreement would be at least equivalent to the scope and quality of services provided under the prior investment management agreement. The Board noted that, within the last year, it had engaged in a thorough review of the various factors, including fees and performance, that are part of the evaluation of the renewal or approval of an investment management agreement.

The Board noted that the factors previously considered with respect to approval of the prior investment management agreement continued to support the approval of the New Investment Management Agreement and Interim Investment Management Agreement. The Board also determined to consider such factors again within one year of the execution of the New Investment Management Agreement. Based upon its review, the Board concluded that it was in the best interest of the Fund to approve the New Investment Management Agreement and Interim Investment Management Agreement.

### OVERALL CONCLUSIONS

Based upon all of the information considered and the conclusions reached, the Board determined that the terms of the Advisory Agreements are fair and reasonable and that approval of the Advisory Agreements is in the best interests of the Fund.

### PRIVACY PRINCIPLES OF MADISON/CLAYMORE COVERED CALL & EQUITY STRATEGY FUND FOR SHAREHOLDERS

The Fund is committed to maintaining the privacy of shareholders and to safeguarding its non-public information. The following information is provided to help you understand what personal information the Fund collects, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Fund does not receive any non-public personal information relating to its shareholders, although certain non-public personal information of its shareholders may become available to the Fund. The Fund does not disclose any non-public personal information about its shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Fund restricts access to non-public personal information about the shareholders to Claymore Advisors, LLC employees with a legitimate business need for the information. The Fund maintains physical, electronic and procedural safeguards designed to protect the non-public personal information of its shareholders.

10286 (866) 488-3559

This report is sent to shareholders of Madison/Claymore Covered Call & Equity Strategy Fund for their information. It is not a Prospectus, circular or representation intended for use in the purchase or sale of shares of the Fund or of any securities mentioned in this report.

A description of the Fund's proxy voting policies and procedures related to portfolio securities is available without charge, upon request, by calling the Fund at (800) 851-0264.

Information regarding how the Fund voted proxies for portfolio securities, if applicable, during the most recent 12-month period ended June 30, is also available, without charge and upon request by calling the Fund at (800) 851-0264 or by accessing the Fund's Form N-PX on the SEC's website at [www.sec.gov](http://www.sec.gov) or [www.claymore.com](http://www.claymore.com).

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund's Form N-Q is available on the SEC website at [www.sec.gov](http://www.sec.gov) or [www.claymore.com](http://www.claymore.com). The Fund's Form N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC; information on the operation of the Public Reference Room may be obtained by calling (800) SEC-0330 or at [www.sec.gov](http://www.sec.gov).

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940 that the Fund may from time to time purchase its shares of common stock in the open market.

Annual Report | December 31, 2009 | 31

MCN | Madison/Claymore Covered Call & Equity Strategy Fund

About the FUND MANAGER|

MADISON ASSET MANAGEMENT, LLC

Madison Asset Management, LLC, (MAM) a subsidiary of Madison Investment Advisors, Inc., with its affiliates, manages in excess of \$15 billion in individual, corporate, pension, insurance, endowment and mutual fund assets as of December 31, 2009.

INVESTMENT PHILOSOPHY

MAM believes in investing in high-quality growth companies, which deliver potentially consistent and sustainable earnings growth, yet sell at attractive valuations. Historically, shareholders of these types of companies have been rewarded over the long term with above-average returns, and favorable risk characteristics. Constructing portfolios with positive risk/reward profiles has historically allowed clients to participate during strong market environments, while mitigating potential declines.

INVESTMENT PROCESS

The managers employ a fundamental, bottom-up strategy in constructing equity portfolios. The managers look for companies that they believe are consistently growing at an above-average pace, yet sell at below-average multiple.

The managers follow a rigorous three-step process when evaluating companies and then employ an actively-managed option strategy to help enhance income and mitigate downside risk.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

1. BUSINESS MODEL. The managers look for a sustainable competitive advantage, cash flow that is both predictable and growing, as well as a rock-solid balance sheet.
2. MANAGEMENT. When assessing management, the managers look to see how the company has allocated capital in the past, their track record for enhancing shareholder value and the nature of their accounting practices.
3. PROPER VALUATION. The final step in the process is assessing the proper valuation for the company. The managers strive to purchase securities trading at a discount to their intrinsic value as determined by discounted cash flows. They corroborate this valuation work with additional valuation methodologies.

The covered call investment strategy focuses on stocks in which the managers have high confidence in their continuing earnings growth rates, but sell at reasonable Price-Earnings Ratios. By writing the majority of the Fund's calls out-of-the-money, meaning the strike price is higher than the stock price, the Fund can participate in some stock appreciation while still receiving income in the form of option premiums. The covered call strategy also tends to reduce the risk compared to just owning the stock.

### ITEM 2. CODE OF ETHICS.

(a) The registrant has adopted a code of ethics that applies to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions (the "Code of Ethics").

(b) No information need be disclosed pursuant to this paragraph.

(c) The registrant has not amended its Code of Ethics during the period covered by the report presented in Item 1 hereto.

(d) The registrant has not granted a waiver or an implicit waiver to its principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions from a provision of its Code of Ethics during the period covered by this report.

(e) Not applicable.

(f) (1) The registrant's Code of Ethics is attached hereto as an exhibit.

(2) Not applicable.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

(3) Not applicable.

### ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's Board of Trustees has determined that it has at least one audit committee financial expert serving on its audit committee (the "Audit Committee"), Randall C. Barnes. Mr. Barnes is an "independent" Trustee for purposes of this Item 3 of Form N-CSR. Mr. Barnes qualifies as an audit committee financial expert by virtue of his experience obtained as a former Senior Vice President, Treasurer of PepsiCo, Inc.

(Under applicable securities laws, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for any purpose, including without limitation for the purposes of Section 11 of the Securities Act of 1933, as amended, as a result of being designated or identified as an audit committee financial expert. The designation or identification of a person as an audit committee financial expert does not impose on such person any duties, obligations, or liabilities that are greater than the duties, obligations, and liabilities imposed on such person as a member of the Audit Committee and Board of Trustees in the absence of such designation or identification. The designation or identification of a person as an audit committee financial expert does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Trustees.)

### ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES.

(a) Audit Fees: the aggregate fees billed for professional services rendered by the principal accountant for the audit of the registrant's annual financial statements or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements were \$46,000 and \$46,500 for the fiscal years ended December 31, 2009 and December 31, 2008, respectively.

(b) Audit-Related Fees: the aggregate fees billed for assurance and related services by the principal accountant that are reasonably related to the performance of the audit of the registrant's financial statements and are not reported under paragraph 4(a) were \$0 and \$0 for the fiscal years ended December 31, 2009 and December 31, 2008, respectively.

The registrant's principal accountant did not bill fees for non-audit services that required approval by the Audit Committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X during the Registrant's last two fiscal years.

(c) Tax Fees: the aggregate fees billed for professional services rendered by the principal accountant for tax compliance, tax advice, and tax planning were \$6,900 and \$6,000 for the fiscal years ended December 31, 2009 and December 31, 2008, respectively.

The registrant's principal accountant did not bill fees for non-audit services that required approval by the Audit Committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X during the Registrant's last two fiscal years.

(d) All Other Fees: the aggregate fees billed for products and services provided by the principal accountant, other than the services reported in paragraphs (a) and (c) of this Item were \$0 and \$0 for the fiscal years ended December 31, 2009 and December 31, 2008, respectively.

The registrant's principal accountant did not bill fees for non-audit services that required approval by the Audit Committee pursuant to paragraph (c)(7)(ii) of Rule 2-01 of Regulation S-X during the Registrant's last two fiscal years.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

(e) Audit Committee Pre-Approval Policies and Procedures.

(i) The Audit Committee reviews, and in its sole discretion, pre-approves, pursuant to written pre-approval procedures (A) all engagements for audit and non-audit services to be provided by the principal accountant to the registrant and (B) all engagements for non-audit services to be provided by the principal accountant (1) to the registrant's investment adviser (not including a sub-adviser whose role is primarily portfolio management and is sub-contracted or overseen by another investment adviser) and (2) to any entity controlling, controlled by or under common control with the registrant's investment adviser that provides ongoing services to the registrant; but in the case of the services described in subsection (B)(1) or (2), only if the engagement relates directly to the operations and financial reporting of the registrant; provided that such pre-approval need not be obtained in circumstances in which the pre-approval requirement is waived under rules promulgated by the Securities and Exchange Commission or New York Stock Exchange listing standards. Sections IV.C.2 and IV.C.3 of the Audit Committee's revised Audit Committee Charter contain the Audit Committee's Pre-Approval Policies and Procedures and such sections are included below.

IV.C.2 Pre-approve any engagement of the independent auditors to provide any non-prohibited services to the I Trust, including the fees and other compensation to be paid to the independent auditors (unless an exception is available under Rule 2-01 of Regulation S-X).

(a) The Chairman or any member of the Audit Committee may grant the pre-approval of services to the Fund for non-prohibited services up to \$10,000. All such delegated pre-approvals shall be presented to the Audit Committee no later than the next Audit Committee meeting.

IV.C.3 Pre-approve any engagement of the independent auditors, including the fees and other compensation to be paid to the independent auditors, to provide any non-audit services to the Adviser (or any "control I affiliate" of the Adviser providing ongoing services to the Trust), if the engagement relates directly to the operations and financial reporting of the Trust (unless an exception is available under Rule 2-01 of Regulation S-X).

(a) The Chairman or any member of the Audit Committee may grant the pre-approval for non-prohibited services to the Adviser up to \$10,000. All such delegated pre-approvals shall be presented to the Audit Committee no later than the next Audit Committee meeting.

(ii) None of the services described in each of Items 4(b) through (d) were approved by the Audit Committee pursuant to paragraph (c) (7) (i) (C) of Rule 2-01 of Regulation S-X.

(f) Not applicable.

(g) The aggregate non-audit fees billed by the registrant's accountant for services rendered to the registrant, the registrant's investment adviser and any entity controlling, controlled by, or under common control with the adviser that provides ongoing services to the registrant (not including a sub-adviser whose role is primarily portfolio management and is sub-contracted with or overseen by another investment adviser) that directly related to the operations and financial reporting of the registrant were \$6,900 and \$6,000 for the fiscal years ended December 31, 2009 and December 31, 2008, respectively.

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

(h) Not Applicable.

### ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

(a) The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee is comprised of: Randall C. Barnes, James R. Imhoff, Jr., Ronald A. Nyberg, Ronald E. Toupin, Jr. and Lorence D. Wheeler.

(b) Not Applicable.

### ITEM 6. SCHEDULE OF INVESTMENTS.

The Schedule of Investments is included as part of Item 1.

### ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The registrant has delegated the responsibility for voting of proxies relating to its voting securities to its investment manager, Madison Asset Management, LLC (the "Investment Manager"). The Investment Manager's proxy voting policies and procedures are included as an exhibit hereto.

### ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

(a) (1) Frank E. Burgess, the President and founder of the adviser to the registrant and Madison Investment Advisors, Inc., and Ray Di Bernardo, Portfolio Manager of the adviser to the registrant and Vice President of Madison Investment Advisors, Inc., are jointly responsible for the day-to-day management of the registrant. The adviser to the registrant, Madison Asset Management, LLC, is a wholly owned subsidiary of Madison Investment Advisors, Inc., founded by Mr. Burgess in 1974.

(a) (2) Other portfolios managed.

As of the end of the registrant's most recent fiscal year, the portfolio managers were involved in the management of the following accounts (assets are rounded to the nearest million):

FRANK BURGESS:

TYPES OF ACCOUNTS	NUMBER OF OTHER ACCOUNTS MANAGED	TOTAL ASSETS IN ACCOUNTS	ACCOUNTS WITH PERFORMANCE-BASED ADVISORY FEES	TOTAL ASSETS IN ACCOUNTS WITH PERFORMANCE-BASED ADVISORY FEES
Registered Investment Companies	4 (including the Trust)	297 million	1	\$6 million
Other Pooled Investment Vehicles	0	\$0	0	\$0
Other Accounts	0	\$0	0	\$0

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

RAY DI BERNARDO:

TYPES OF ACCOUNTS	NUMBER OF OTHER ACCOUNTS MANAGED	TOTAL ASSETS IN ACCOUNTS	ACCOUNTS WITH PERFORMANCE-BASED ADVISORY FEES	TOTAL ASSE ACCOUNTS PERFORMANCE- ADVISORY
Registered Investment Companies	4 (including the Trust)	297 million	1	\$6 milli
Other Pooled Investment Vehicles	0	\$0	0	\$0
Other Accounts	0	\$0	0	\$0

MATERIAL CONFLICTS OF INTEREST THAT MAY ARISE IN CONNECTION WITH THE MANAGER'S MANAGEMENT OF THE TRUST'S INVESTMENTS AND THE INVESTMENTS OF THE OTHER ACCOUNTS: Note that of the four funds managed, the Madison Institutional Equity Option Fund, an open-end series of Madison Mosaic Equity Trust ("MADOX"), with investment strategies similar to the Trust, contains a fulcrum fee that rewards the adviser to the Trust if MADOX outperforms the BXM Index and penalizes the adviser for underperforming such index. As of the date of this filing, MADOX assets were approximately \$4 million. The adviser's compliance program includes procedures to monitor trades by MADOX, the Trust and other funds managed by the portfolio manager. In addition, potential conflicts of interest may arise because the adviser engages in portfolio management activities for clients other than the funds. However, Madison has adopted a variety of portfolio security aggregation and allocation policies which are designed to provide reasonable assurance that buy and sell opportunities are allocated fairly among clients.

(a) (3) Compensation.

The adviser believes investment professionals should receive compensation for the performance of the firm's client accounts, their individual effort, and the overall profitability of the firm. As such, investment professionals receive a base salary, as well as an incentive bonus based on the attainment of certain goals and objectives in the portfolio management process (described below). The manager also participates in the overall profitability of the firm directly, through an ownership interest in the firm, or indirectly, through a firm-sponsored profit sharing plan. The adviser believes its portfolio managers' goals are aligned with those of long-term investors, recognizing client goals to outperform over the long-term, rather than focused on short-term performance contests.

With regard to incentive compensation, the incentive pools are calculated based on revenue from each investment strategy. Managers are rewarded for performance relative to their benchmark(s) over both one and three year periods. Incentive compensation earned is paid out over a three year period, so that if a portfolio manager leaves the employ of the Madison organization, he or she forfeits a percentage of his or her incentive compensation. The purpose of this structured payout is to aid in the retention of investment personnel. With the exception of Mr. Burgess, all investment professionals are eligible to participate in the incentive compensation pool.

The incentive compensation pool shared by the members of the firm's equity

## Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

management team (all portfolio managers listed above except Mr. Burgess) is based on the performance of the firm's various equity composites measured against the appropriate index benchmarks. All firm equity accounts, including mutual funds, regardless of whether they are included in such composites, are managed with the same general investment philosophy, approach and applicable allocations, quality and other portfolio characteristics.

There is no difference in terms of the way the firm compensates portfolio managers for managing a mutual fund or a private client account (or any other type of account for that matter). Instead, compensation is based on the entire employment relationship, not based on the performance of any single account or type of account.

(a) (4) Ownership of Securities.

As of December 31, 2009, the portfolio manager beneficially owned the following amounts of the registrant:

NAME OF MANAGER -----	NAME OF REGISTRANT -----	RANGE OF OWNERSHIP -----
Frank Burgess	Madison/Claymore Covered Call & Equity Strategy Fund	\$100,001 - \$

(b) Not applicable.

ITEM 9. PURCHASES OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

None.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The registrant has not made any material changes to the procedures by which shareholders may recommend nominees to the registrant's Board of Trustees.

ITEM 11. CONTROLS AND PROCEDURES.

(a) The registrant's principal executive officer and principal financial officer have evaluated the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act) as of a date within 90 days of this filing and have concluded based on such evaluation, as required by Rule 30a-3(b) under the Investment Company Act, that the registrant's disclosure controls and procedures were effective, as of that date, in ensuring that information required to be disclosed by the registrant in this Form N-CSR was recorded, processed, summarized, and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Investment Company Act) that occurred during the registrant's second fiscal quarter of the period covered by this report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

(a) (1) Code of Ethics for Chief Executive and Senior Financial Officer.

Edgar Filing: Madison/Claymore Covered Call & Equity Strategy Fund - Form N-CSR

(a)(2) Certifications of principal executive officer and principal financial officer pursuant to Rule 30a-2(a) of the Investment Company Act.

(a)(3) Not Applicable.

(b) Certifications of principal executive officer and principal financial officer pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.

(c) Madison Asset Management, LLC Proxy Voting Policies
