BOOKS-A-MILLION, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. BASIS OF PRESENTATION

The unaudited condensed consolidated financial statements of Books-A-Million, Inc. and its subsidiaries (the "Company") for the thirteen week periods ended April 30, 2005 and May 1, 2004 have been prepared in accordance with accounting principles generally accepted in the United States ("GAAP") for interim financial information and are presented in accordance with the requirements of Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto, for the fiscal year ended January 29, 2005, included in our Fiscal 2005 Annual Report on Form 10-K. In the opinion of management, the financial statements included herein contain all adjustments considered necessary for a fair presentation of our financial position as of April 30, 2005, and the results of its operations and cash flows for the thirteen week periods ended April 30, 2005 and May 1, 2004. Certain prior year amounts have been reclassified to conform to current year presentation.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual amounts could differ from those estimates and assumptions.

We have also experienced, and expect to continue to experience, significant variability in sales and net income from quarter to quarter. Therefore, the results of the interim periods presented herein are not necessarily indicative of the results to be expected for any other interim period or the full year.

Stock-Based Compensation

At April 30, 2005 and January 29, 2005, the Company had one stock option plan that provided for the issuance of options to employees and members of the board of directors. The Company accounts for the plan under the recognition and measurement principles of Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees", and related Interpretations. No stock-based employee compensation cost for this plan is reflected in net income, as all options granted under the plan had an exercise price equal to the market value of the underlying common stock on the date of grant. The following table illustrates the effect on net income and net income per common share if the

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

Company had applied the fair value recognition provisions of Statement of Financial Accounting Standards No. 148 ("SFAS 148"), "Accounting for Stock-Based Compensation--Transaction and Disclosure--an Amendment of FASB Statement No. 123," to stock-based employee compensation (in thousands except per share amounts):

On June 1, 2005, the stockholders of the Company approved the adoption of the Books-A-Million, Inc. 2005 Incentive Award Plan. The Company's board of directors had previously approved this plan subject to stockholder approval. No grants have been made to date under this new plan.

There were no new grants of stock options in fiscal 2006. Stock-based compensation expense for fiscal 2006 relates to options granted in prior years that would be expensed over their vesting period. The fair value of the options granted under the Company's stock option plan for fiscal 2005 was estimated on the date of grant using the Black-Scholes option-pricing model with the following weighted average assumptions: \$0.03 per quarter dividend yield; expected stock price volatility rate of .44; risk-free interest rates of 3.45% to 4.31%; and expected lives of six or ten years.

2. NET INCOME (LOSS) PER SHARE

Basic net income (loss) per share ("EPS") is computed by dividing income (loss) available to common stockholders by the weighted average number of common shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock are exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the Company. Diluted EPS has been computed based on the weighted average number of shares outstanding including the effect of outstanding stock options and restricted stock, if dilutive, in each respective thirteen week period. A reconciliation of the weighted average

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

shares for basic and diluted EPS is as follows:

	For the Thirteen Weeks Ended (in thousands)	
	April 30, 2005	May 1, 2004
Weighted average shares outstanding:		
Basic	16,201	16,445
Dilutive effect of stock options and restricted stock outstanding.....	721	768
	-----	-----
Diluted	16,922	17,213
	=====	=====

Options outstanding to purchase 155,000 and 1,060,000 shares of common stock as of April 30, 2005 and May 1, 2004, respectively, were not included in the table above as they were anti-dilutive under the treasury stock method.

3. RELATED PARTY TRANSACTIONS

Charles C. Anderson, a former director of the Company, Terry C. Anderson, a director of the Company, and Clyde B. Anderson, a director and officer of the Company, have controlling ownership interests in other entities with which the Company conducts business. Significant transactions between the Company and these various other entities ("related parties") are summarized in the following paragraphs.

The Company purchases a substantial portion of its magazines as well as certain of their seasonal music and newspapers from Anderson Media Corporation ("Anderson Media"), an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items from Anderson Media totaled \$6,734,000 and \$7,006,000, respectively. The Company purchases certain of its collectibles and books from Anderson Press, Inc. ("Anderson Press"), an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, such purchases from Anderson Press totaled \$313,000 and \$420,000, respectively. The Company purchases certain of its greeting cards and gift products from C.R. Gibson, Inc., an affiliate through common ownership. The purchases of these products during the thirteen weeks ended April 30, 2005 and May 1, 2004 were \$24,000 and \$142,000, respectively. The Company purchases certain magazine subscriptions from Magazines.com, an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items were \$17,000 and \$24,000, respectively. The Company purchases content for publication from Publication Marketing Corporation, an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items were \$17,000 and \$18,000, respectively. The Company utilizes import sourcing and consolidation services from Anco Far East Importers, LTD ("Anco Far East"), an affiliate through common ownership. The total paid to Anco Far East was \$477,000 and \$95,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively. These amounts paid to Anco Far East primarily included the actual cost of the product as well as fees for sourcing and consolidation services. All costs other than the sourcing and consolidation service fees were passed through from other vendors. Anco Far East fees, net of the passed-through costs, were \$33,000 and \$7,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

The Company sold books to Anderson Media in the amounts of \$1,000 and

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

\$53,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company provided \$4,000 and \$47,000, respectively, of internet services to Magazines.com. The Company provided internet services to American Promotional Events, an affiliate through common ownership, of \$20,000 and \$17,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

7

BOOKS-A-MILLION, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The Company leases its principal executive offices from a trust, beneficiaries of which are the grandchildren of Mr. Charles C. Anderson, a former member of the Board of Directors. The lease extends to January 31, 2006. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company paid rent of \$34,000 in each period to the trust under this lease. Anderson & Anderson LLC ("A&A"), an affiliate through common ownership, also leases three buildings to the Company. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company paid A&A a total of \$111,000 and \$110,000, respectively, in connection with such leases. Total minimum future rental payments under all of these leases are \$103,000 at April 30, 2005. The Company subleases certain property to Hibbett Sporting Goods, Inc. ("Hibbett"), a sporting goods retailer in the southeastern United States. The Company's Executive Chairman, Clyde B. Anderson, is a member of Hibbett's board of directors. During each of the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company received \$48,000 in rent payments from Hibbett.

The Company shares ownership of a plane, which the Company uses in the operation of its business, with an affiliated company. The Company rents the plane to affiliated companies at rates that cover all of the variable cost, and a portion of the fixed cost of the plane. The total amounts received from affiliated companies for use of the plane during the thirteen weeks ended April 30, 2005 and May 1, 2004, was \$72,000 and \$63,000, respectively. The Company also occasionally rents a plane from A&A as well. The amounts paid to A&A for plane rental were \$15,000 and \$11,000 for the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

4. DERIVATIVE AND HEDGING ACTIVITIES

The Company is subject to interest rate fluctuations involving its credit facilities and debt related to an industrial development revenue bond (the "Bond"). However, the Company uses fixed interest rate hedges to manage this exposure. The Company entered into two separate \$10 million swaps on July 24, 2002. Both expire in August 2005 and effectively fix the interest rate on \$20 million of variable credit facility debt at 5.13%. In addition, the Company entered into a \$7.5 million interest rate swap in May 1996 that expires in June 2006 and effectively fixes the interest rate on the Bond at 8.73%. The counter parties to the interest rate swaps are two primary banks in the Company's credit facility. The Company believes the credit and liquidity risks of the counter parties failing to meet their obligation are remote as the Company settles its interest position with the banks on a quarterly basis.

The Company's hedges are designated as cash flow hedges because they are interest rate swaps that convert variable payments to fixed payments. Cash flow hedges protect against the variability in future cash outflows of current or forecasted debt and related interest expense. The changes in the fair value of these hedges are reported on the balance sheet with a corresponding adjustment

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

to accumulated other comprehensive income (loss) or in earnings, depending on the type of hedging relationship. Over time, amounts held in accumulated other comprehensive income (loss) will be reclassified to earnings if the hedge transaction becomes ineffective.

The Company's interest rate swaps described above are reported as a liability classified in other long-term liabilities in the accompanying condensed consolidated balance sheets at their fair value of \$367,000 and \$543,000 as of April 30, 2005 and January 29, 2005, respectively. For the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively, adjustment gains of \$51,000 (net of tax provision of \$38,000) and \$93,000 (net of tax provision of \$57,000) were recorded as unrealized gains in accumulated other comprehensive income (loss) and are detailed in Note 5. During the fourth quarter of fiscal 2005, one interest rate swap no longer qualified for hedge accounting under SFAS No. 133; as a result, the Company de-designated the hedge. In addition, in the fourth quarter of fiscal 2004, the other \$10 million interest rate swap no longer qualified for hedge accounting under SFAS No. 133 and the Company de-designated that hedge at that time. For the thirteen weeks ended April 30, 2005 and May 1, 2004 a pre-tax gain of \$85,000 and \$70,000, respectively, was recorded in earnings related to the de-designated hedges.

8

BOOKS-A-MILLION, INC. AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (UNAUDITED)

5. COMPREHENSIVE INCOME

Comprehensive income is net income plus certain other items that are recorded directly to stockholders' equity. The only such items currently applicable to the Company are the unrealized gains (losses) on the hedges explained in Note 4, as follows:

COMPREHENSIVE INCOME (LOSS)	Thirteen Weeks Ended (in thousands)	
	April 30, 2005	May 1, 2004
Net income	\$1,060	\$1,228
Unrealized gains (losses) on hedges, net of deferred tax provision (benefit) for the thirteen-week periods of \$38 and \$57, respectively	51	93
Total comprehensive income	\$1,111	\$1,321

6. COMMITMENTS AND CONTINGENCIES

The Company is a party to various legal proceedings incidental to its business. In the opinion of management, after consultation with legal counsel, the ultimate liability, if any, with respect to those proceedings is not presently expected to materially affect the financial position, results of operations or cash flows of the Company.

From time to time, the Company enters into certain types of agreements that require the Company to indemnify parties against third party claims under

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

certain circumstances. Generally these agreements relate to: (a) agreements with vendors and suppliers under which the Company may provide customary indemnification to its vendors and suppliers in respect of actions they take at the Company's request or otherwise on its behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for the Company to indemnify vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of the Company, (c) real estate leases, under which the Company may agree to indemnify the lessors from claims arising from the Company's use of the property, and (d) agreements with the Company's directors, officers and employees, under which the Company may agree to indemnify such persons for liabilities arising out of their relationship with the Company. The Company has Directors and Officers Liability Insurance, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by the Company with respect to its directors and officers up to specified limits and subject to certain deductibles.

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. Generally, the Company's maximum liability under such indemnities is not explicitly stated, and, therefore, the overall maximum amount of the Company's obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at April 30, 2005 and January 29, 2005 as such liabilities are considered de minimis.

7. INVENTORIES

Inventories were:

8. BUSINESS SEGMENTS

The Company has two reportable segments, retail trade and electronic commerce trade. The retail trade segment is a strategic business segment that is engaged in the retail trade of mostly book merchandise and includes the Company's distribution center operations, which predominantly supplies merchandise to the Company's retail stores. The electronic commerce trade segment is a strategic business segment that transacts business over the internet and is managed separately due to divergent technology and marketing requirements.

The accounting policies of the segments are substantially the same as those described in the Company's Fiscal 2005 Annual Report on Form 10-K. The Company evaluates performance of the segments based on net income from operations before interest and income taxes. Certain intersegment cost allocations have been made based upon consolidated and segment revenues.

9. RECENT ACCOUNTING PRONOUNCEMENTS

In December 2004, the Financial Accounting Standards Board ("FASB") issued SFAS No. 123 (revised 2004, "Share-Based Payment") SFAS No. 123R is a revision of SFAS No. 123, "Accounting for Stock-Based Compensation" and supersedes ABP Opinion No. 25, "Accounting for Stock Issued to Employees." SFAS No. 123R requires all share-based payments to employees and directors, including grants of employee stock options, to be recognized in the financial statements based on their fair values. SFAS No. 123R is effective at the beginning of the first annual period beginning after June 15, 2005 (as modified by the SEC on April 14, 2005). Under ABP Opinion No. 25, no stock-based compensation cost had been reflected in the net income of the Company for grants of stock options to employees. Beginning in fiscal 2007, the Company will recognize compensation expense in its financial statements based on the fair value of all share-based payments to employees. The impact of adopting this new accounting standard on the Company's financial position, results of operations or cash flows has not yet been determined.

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

In November 2004, the Emerging Issues Task Force ("EITF") issued EITF No. 03-13 "Applying the Conditions in Paragraph 42 of FASB No. 144 in Determining Whether to Report Discontinued Operations." EITF No. 03-13 addresses how an ongoing entity should evaluate whether the operations and cash flows of a disposed component have been or will be eliminated from the ongoing operations of the entity and the types of continuing involvement that constitute significant continuing involvement in the operations of the disposed component. EITF No. 03-13 is effective with the fiscal year beginning January 30, 2005. The adoption of this EITF did not have a material effect on the Company's financial position, results of operations or cash flows.

FASB Interpretation (FIN) No. 46, "Consolidation of Variable Interest Entities," ("FIN 46") was issued in January 2003. This interpretation requires consolidation of variable interest entities ("VIE"), also formerly referred to as "special purpose entities," if certain, conditions are met. The interpretation applied immediately to VIE's created after January 31, 2003, and to interests obtained in VIE's after January 31, 2003. Beginning after June 15, 2003, the interpretation applied also to VIE's created or interest obtained in VIE's before January 31, 2003. In December 2003, the FASB issued FASB Interpretation No. 46R, "Consolidation of Variable Interest Entities - An Interpretation of ARB 51," (revised December 2003) ("FIN 46R"), which includes significant amendments to previously issued FIN No. 46. Among other provisions, FIN 46R includes revised transition dates for public entities. The Company adopted the provisions of FIN 46R in the first quarter of fiscal 2005. The adoption of this interpretation did not have a material effect on the Company's financial position, results of operations or cash flows.

10. DISCONTINUED OPERATIONS

Discontinued operations represent the fiscal 2005 closure of two retail stores in markets in Florida and Mississippi and the fiscal 2006 closure of one retail store in a Tennessee market where the Company does not expect another of its existing stores to absorb the closed store's customers. For the thirteen week periods ended April 30, 2005 and May 1, 2004, these stores had net sales of \$109,000 and \$602,000, respectively, and pretax operating income (losses) of (\$34,000) and \$4,000, respectively. Also included in the loss on discontinued operations are store closing costs of \$16,000 for the thirteen weeks ended April 30, 2005. Expenses relating to store closings when the store is not classified as a discontinued operation are reported in operating, selling and administrative expenses. If the store is closed and another store is in the same market and the cash flows are expected to be materially recovered, the store is not considered a discontinued operation.

GENERAL

We were founded in 1917 and currently operate 207 retail bookstores, including 172 superstores, concentrated in the southeastern United States.

Our growth strategy is focused on opening superstores in new and existing market areas, particularly in the Southeast. In addition to opening new stores, management intends to continue its practice of reviewing the profitability trends and prospects of existing stores and closing or relocating under-performing stores or converting stores to different formats.

Comparable store sales are determined each fiscal quarter during the year based on all stores that have been open at least 12 full months as of the first day of the fiscal quarter. Any stores closed during a fiscal quarter are excluded from comparable store sales as of the first day of the quarter in which they close.

RESULTS OF OPERATIONS

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

Net sales increased \$5.1 million, or 4.7%, to \$113.0 million in the thirteen weeks ended April 30, 2005, from \$107.9 million in the thirteen weeks ended May 1, 2004. Comparable store sales in the thirteen weeks ended April 30, 2005 increased 3.6% when compared with the same thirteen week period for the prior year. The increase in comparable store sales for the thirteen weeks was primarily due to higher sales in the book department. The book sales increase was primarily driven by sales in categories such as Inspirational, Fiction, Children's, Cooking and Humor. Bestselling titles included Nicholas Spark's True Believer, Rick Warren's The Purpose Driven Life, Joel Osteen's Your Best Life Now and James Patterson's Honeymoon. During the thirteen weeks ended April 30, 2005, the Company opened four superstores, relocated one superstore and closed two traditional stores and one newsstand.

Net sales for the retail trade segment increased \$5.8 million, or 5.5%, to \$111.8 million in the thirteen weeks ended April 30, 2005 from \$106.0 million in the same period last year. The increase in sales was primarily due to higher comparable store sales, which increased 3.6% for the thirteen weeks. Net sales for the electronic commerce segment increased \$0.2 million or 3.5 %, to \$6.5 million in the thirteen weeks ended April 30, 2005, related primarily to higher business to business and bestseller title order volume.

Gross profit increased \$1.5 million, or 4.9%, to \$31.7 million in the thirteen weeks ended April 30, 2005 when compared with \$30.2 million in the same thirteen week period for the prior year. Gross profit as a percentage of net sales for the thirteen weeks ended April 30, 2005 and May 1, 2004 was 28.0%.

Operating, selling and administrative expenses were \$25.6 million in the thirteen week period ended April 30, 2005 compared to \$23.1 million in the same period last year. Operating, selling and administrative expenses as a percentage of net sales for the thirteen weeks ended April 30, 2005 increased to 22.6 % from 21.4% in the same period last year. The increase in operating, selling and administrative expenses stated as a percent to sales was primarily due to higher store selling costs due to increased staffing to improve customer service, permanently shifting the costs of taking physical inventories for some stores to the first quarter from later quarters and new store costs incurred for four stores opened in this quarter compared to no new stores opened in the first quarter of fiscal 2005.

Depreciation and amortization was \$3.9 million and \$4.6 million respectively in the thirteen week periods ended April 30, 2005 and May 1, 2004. Decrease in depreciation and amortization expense was due to the impact of certain assets becoming fully depreciated during the prior year.

Consolidated operating income was \$2.1 million for the thirteen weeks ended April 30, 2005, compared to \$2.5 million in the same period last year. Operating income for the retail trade segment decreased \$0.2 million for the thirteen weeks ended April 30, 2005. The decrease in operating income for the quarter was due to higher operating, selling and administrative expenses, primarily due to

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

higher store selling costs due to increased staffing to improve customer service, permanently shifting the costs of taking physical inventories for some stores to the first quarter from later quarters and new store costs incurred for four stores opened in this quarter compared to no new stores opened in the first quarter of fiscal 2005. The operating profit for the electronic commerce segment decreased \$0.1 million for the thirteen weeks ended April 30, 2005 compared to the same period last year. The decrease in profit was due to higher freight and handling costs as a percentage of sales.

Interest expense was \$0.4 million in the thirteen weeks ended April 30, 2005 versus \$0.5 million in the same period last year. The decrease was primarily due to lower average debt balances compared with the prior year.

Discontinued operations represent the fiscal 2005 closure of two retail stores in markets in Florida and Mississippi and the fiscal 2006 closure of one retail store in a Tennessee market where the Company does not expect another of its existing stores to absorb the closed store's customers. For the thirteen week periods ended April 30, 2005 and May 1, 2004, these stores had net sales of \$109,000 and \$602,000, respectively, and pretax operating income (losses) of (\$34,000) and \$4,000, respectively. Also included in the loss on discontinued operations are store closing costs of \$16,000 for the thirteen weeks ended April 30, 2005. Expenses relating to store closings when the store is not classified as a discontinued operation are reported in operating, selling and administrative expenses. If the store is closed and another store is in the same market and the cash flows are expected to be materially recovered, the store is not considered a discontinued operation.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

LIQUIDITY AND CAPITAL RESOURCES

The Company's primary sources of liquidity are cash flows from operations, including credit terms from vendors, and borrowings under its credit facility. The Company has an unsecured revolving credit facility that allows borrowings up to \$100 million, for which no principal repayments are due until the facility expires in July 2007. The credit facility has certain financial and non-financial covenants, the most restrictive of which is the maintenance of a minimum fixed charge coverage ratio. As of April 30, 2005 and January 29, 2005, \$11.8 million and \$0 respectively, were outstanding under this credit facility. The maximum and average outstanding balances during the thirteen weeks ended April 30, 2005 were \$19.3 million and \$9.3 million, respectively, compared to \$33.2 million and \$25.8 million, respectively for the same period in the prior year. The decrease in the maximum and average outstanding balances from the prior year was due to the pay down of debt during fiscal 2005 with cash provided by operating activities. The outstanding borrowings as of April 30, 2005 had interest rates ranging from 3.89% to 4.70%.

Additionally, as of April 30, 2005 and January 29, 2005, the Company has outstanding borrowings under an industrial revenue bond totaling \$7.5 million, which is secured by certain property.

Financial Position

Inventory balances at April 30, 2005 compared to January 29, 2005 increased

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

due to seasonal fluctuation in inventory. Inventory levels are lowest at January 29, 2005 due to large post holiday returns to vendors. Accrued expenses at April 30, 2005 compared to January 29, 2005 decreased due to lower capital expenditures and payment of fiscal 2005 management bonuses in the first quarter of fiscal 2006.

Future Commitments

The following table lists the aggregate maturities of various classes of obligations and expiration amounts of various classes of commitments related to Books-A-Million, Inc. at April 30, 2005 (in thousands):

Guarantees

From time to time, the Company enters into certain types of agreements that contingently require the Company to indemnify parties against third party claims. Generally these agreements relate to: (a) agreements with vendors and suppliers, under which the Company may provide customary indemnification to its vendors and suppliers in respect of actions they take at the Company's request or otherwise on its behalf, (b) agreements with vendors who publish books or manufacture merchandise specifically for the Company to indemnify the vendors against trademark and copyright infringement claims concerning the books published or merchandise manufactured on behalf of the Company, (c) real estate leases, under which the Company may agree to indemnify the lessors from claims arising from the Company's use of the property, and (d) agreements with the Company's directors, officers and employees, under which the Company may agree to indemnify such persons for liabilities arising out of their relationship with the Company. The Company has Directors and Officers Liability Insurance, which, subject to the policy's conditions, provides coverage for indemnification amounts payable by the Company with respect to its directors and officers up to specified limits and subject to certain deductibles.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The nature and terms of these types of indemnities vary. The events or circumstances that would require the Company to perform under these indemnities are transaction and circumstance specific. Generally, the Company's maximum

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

liability under such indemnities is not explicitly stated, and therefore the overall maximum amount of the Company's obligations cannot be reasonably estimated. Historically, the Company has not incurred significant costs related to performance under these types of indemnities. No liabilities have been recorded for these obligations on the Company's balance sheet at April 30, 2005 and January 29, 2005 as such liabilities are considered de minimis.

Cash Flows

Operating activities used cash of \$18.4 million and \$9.2 million in the thirteen week periods ended April 30, 2005 and May 1, 2004, respectively, and included the following effects:

- o Cash used for inventories in the thirteen week periods ended April 30, 2005 and May 1, 2004 was \$11.0 million and \$6.7 million, respectively. The higher usage was primarily due to opening four new stores during the current period.
- o Cash used for accounts payable in the thirteen week periods ended April 30, 2005 and May 1, 2004 was \$1.6 million and \$0.8 million, respectively. This change was due to improved leveraging of accounts payable with vendors in the first quarter of fiscal 2005.
- o Depreciation and amortization expenses were \$3.9 million and \$4.6 million, respectively in the thirteen week periods ended April 30, 2005 and May 1, 2004. Decrease in depreciation and amortization expense was due to the impact of certain assets becoming fully depreciated during the prior year.

Cash flows used in investing activities reflected a \$1.7 million and \$2.8 million net use of cash for the thirteen week periods ended April 30, 2005 and May 1, 2004, respectively. Cash was used primarily to fund capital expenditures for new stores, store relocations, renovation and improvements to existing stores, and investments in management information systems.

Financing activities provided cash of \$9.9 million and \$11.7 million in the thirteen week periods ended April 30, 2005 and May 1, 2004, respectively, principally from net borrowings under the revolving credit facility.

OUTLOOK

During the thirteen weeks ended April 30, 2005, the Company opened four stores, relocated one store, remodeled two stores and closed three stores. For the remainder of fiscal 2006, the Company expects to open four to six stores, complete remodels on approximately fifteen to twenty stores, and close one to two stores. The Company's capital expenditures totaled \$1.7 million in the thirteen week period ended April 30, 2005. Management estimates that capital expenditures for the remainder of fiscal 2006 will be approximately \$14.3 million and that such amounts will be used primarily for opening new stores, making relocations, renovation and improvements to existing stores, upgrading and expanding warehouse distribution facilities, and investing in management information systems. Management believes that existing cash on hand and net cash from operating activities, together with borrowings under the Company's credit facilities, will be adequate to finance the Company's planned capital expenditures and to meet the Company's working capital requirements for the remainder of fiscal 2006.

RELATED PARTY ACTIVITIES

Charles C. Anderson, a former director of the Company, Terry C. Anderson, a director of the Company, and Clyde B. Anderson, a director and officer of the Company, have controlling ownership interests in other entities with which the Company conducts business. Significant transactions between the Company and these various other entities ("related parties") are summarized in the following

paragraphs.

The Company purchases a substantial portion of its magazines as well as certain of their seasonal music and newspapers from Anderson Media Corporation ("Anderson Media"), an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items from Anderson Media totaled \$6,734,000 and \$7,006,000, respectively. The Company purchases certain of its collectibles and books from Anderson Press, Inc. ("Anderson Press"), an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, such purchases from Anderson Press totaled \$313,000 and \$420,000,

15

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

respectively. The Company purchases certain of its greeting cards and gift products from C.R. Gibson, Inc., an affiliate through common ownership. The purchases of these products during the thirteen weeks ended April 30, 2005 and May 1, 2004 were \$24,000 and \$142,000, respectively. The Company purchases certain magazine subscriptions from Magazines.com, an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items were \$17,000 and \$24,000, respectively. The Company purchases content for publication from Publication Marketing Corporation, an affiliate through common ownership. During the thirteen weeks ended April 30, 2005 and May 1, 2004, purchases of these items were \$17,000 and \$18,000, respectively. The Company utilizes import sourcing and consolidation services from Anco Far East Importers, LTD ("Anco Far East"), an affiliate through common ownership. The total paid to Anco Far East was \$477,000 and \$95,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively. These amounts paid to Anco Far East primarily included the actual cost of the product as well as fees for sourcing and consolidation services. All costs other than the sourcing and consolidation service fees were passed through from other vendors. Anco Far East fees, net of the passed-through costs, were \$33,000 and \$7,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

The Company sold books to Anderson Media in the amounts of \$1,000 and \$53,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company provided \$4,000 and \$47,000, respectively, of internet services to Magazines.com. The Company provided internet services to American Promotional Events, and affiliate through common ownership, of \$20,000 and \$17,000 during the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

The Company leases its principal executive offices from a trust, beneficiaries of which are the grandchildren of Mr. Charles C. Anderson, a former member of the Board of Directors. The lease extends to January 31, 2006. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company paid rent of \$34,000 in each period to the trust under this lease. Anderson & Anderson LLC ("A&A"), an affiliate through common ownership, also leases three buildings to the Company. During the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company paid A&A a total of \$111,000 and \$110,000, respectively, in connection with such leases. Total minimum future rental payments under all of these leases are \$103,000 at April 30, 2005. The Company subleases certain property to Hibbett Sporting Goods, Inc. ("Hibbett"), a sporting goods retailer in the southeastern United States. The Company's Executive Chairman, Clyde B. Anderson, is a member of Hibbett's board of directors. During each of the thirteen weeks ended April 30, 2005 and May 1, 2004, the Company received \$48,000 in rent payments from Hibbett.

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

The Company shares ownership of a plane, which the Company uses in the operation of its business, with an affiliated company. The Company rents the plane to affiliated companies at rates that cover all of the variable cost, and a portion of the fixed cost of the plane. The total amounts received from affiliated companies for use of the plane during the thirteen weeks ended April 30, 2005 and May 1, 2004, was \$72,000 and \$63,000, respectively. The Company also occasionally rents a plane from A&A as well. The amounts paid to A&A for plane rental were \$15,000 and \$11,000 for the thirteen weeks ended April 30, 2005 and May 1, 2004, respectively.

16

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is subject to interest rate fluctuations involving its credit facilities. The average amount of debt outstanding under the Company's credit facilities was \$21.6 million during fiscal 2005. However, the Company utilizes both fixed and variable debt to manage this exposure. The Company entered into two separate \$10 million swaps on July 24, 2002. Both expire in August 2005 and, prior to the payoff of the related debt in prior years, effectively fixed the interest rate on \$20 million of variable debt at 5.13%. Also, on May 14, 1996, the Company entered into an interest rate swap agreement, with a ten-year term, which carries a notional principal amount of \$7.5 million. The swap effectively fixes the interest rate on \$7.5 million of variable rate debt at 8.73%. The swap agreement expires on June 7, 2006. The counter parties to the interest rate swaps are parties to the Company's revolving credit facilities. The Company believes the credit and liquidity risk of the counter parties failing to meet their obligations is remote as the Company settles its interest position with the banks on a quarterly basis.

To illustrate the sensitivity of the results of operations to changes in interest rates on its debt, the Company estimates that a 66% increase in LIBOR rates would have increased interest expense by approximately \$16,000 for the thirteen weeks ended April 30, 2005. Likewise, a 66% decrease in LIBOR rates would have decreased interest expense by \$16,000 for the thirteen weeks ended May 1, 2004. This hypothetical change in LIBOR rates was calculated based on the fluctuation in LIBOR in 2002, which was the maximum LIBOR fluctuation in the last ten years. The estimates do not consider the effect of the potential termination of the interest rate swaps associated with the debt will have on interest expense.

CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the Company's Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

As required by SEC Rule 13a-15(b), management carried out an evaluation, our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the fiscal quarter covered by this report. Based on the foregoing, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective at the reasonable assurance level as of the end of the fiscal quarter covered by this report. There has been no change in our internal controls over financial reporting during our most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, our internal controls over financial reporting. In performing this evaluation, in light of the pronouncement on February 7, 2005 by the Office of the Chief Accountant of the SEC in a letter to the AICPA, management focused on our lease accounting practices. Specifically, we determined that: (i) our practice of depreciating leasehold improvements over a period of ten years was incorrect, which we corrected by changing the depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease; (ii) our practice of using the store opening date as the starting date for the rent expense calculation was incorrect, which we corrected by changing the calculation of leasehold expense so that straight-line rent expense begins on the date we take possession and have the right to control use of the leased premises; and (iii) our practice of classifying landlord allowances as a reduction of property and equipment on our balance sheet and as a reduction in capital expenditures in our statements of cash flows was incorrect, which we corrected by changing our method of classification so that landlord allowances are classified as a deferred rent credit on our balance sheet and as an operating activity in our statement of cash flows. Funds received from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense.

Further, after consulting with the Audit Committee and our independent certified public accountants we determined to restate our financial statements for the period ended January 31, 2004 and for the first three quarters of fiscal 2005 and to file a Form 10-K/A amending our Annual Report on Form 10-K for our fiscal year ended January 31, 2004 with restated consolidated financial statements and Forms 10-Q/A amending our interim condensed consolidated financial statements for the first three quarters of fiscal 2005. We did not consider the impact of correcting the previously issued financial statements to be material with respect to any individual reporting period. In most cases, our initial lease term and initial leasehold depreciation matched a 10 year time period and resulted in no material depreciation increase or decrease. Additionally, we did reclassify landlord construction allowances out of leasehold improvements and into the deferred rent credit account. This reclassification did not result in material expense increase or decrease because in most cases the time period of both the straight-line rent expense and leasehold depreciation were matched at 10 years. Management therefore determined the control deficiency in the company's internal control over financial reporting was a significant deficiency and not a material weakness.

Based on the foregoing, the Company's Chief Executive Officer and Chief Financial Officer concluded that, as of the end of the period covered by this quarterly report (Form 10-Q), the Company's disclosure controls and procedures were effective at the reasonable assurance level. In concluding that our disclosure controls and procedures were effective as of April 30, 2005, our management considered, the company's depreciable life for leasehold improvements, the calculation to start straight-line rent expense, and our method of classification of landlord allowances, the circumstances that resulted

Edgar Filing: BOOKS A MILLION INC - Form 10-Q

in the restatement of our previously issued financial statements. We also, described above, determined that the amount of the restatement adjustments had no material effect on our consolidated balance sheet and statement of operations for each annual and quarterly period presented, and that these non-cash adjustments had no effect on historical or future cash flows or the timing of payments under our operating leases.

During the first quarter of fiscal 2006 we made changes in internal control over financial reporting to implement additional review processes relating to our leasing arrangements which were designed to ensure the collection and communication of information necessary for the proper accounting for each lease in accordance with generally accepted accounting principles. The Company also implemented the following accounting changes: (i) we changed the depreciable life for leasehold improvements to the lesser of the economic useful life of the asset or the term of the lease, (ii) we changed the calculation to start straight-line rent expense on the date when the Company takes possession and has the right to control use of the leased premises, and (iii) we changed our method of classification of landlord allowances. As explained above, the Company will now classify landlord allowances as a deferred rent credit on the balance sheet and as an operating activity in the statement of cash flows. Funds received

18

from the landlord intended to reimburse the Company for the cost of leasehold improvements will be recorded as a deferred rent credit resulting from a lease incentive and amortized over the lease term as a reduction to rent expense. Management believes that these changes to our internal control over financial reporting as well as our accounting policies have fully remediated the significant deficiency described above.
