Compensation Committee Determination on Executive Compensation

The Compensation Committee (the *Committee*) of the Board of Directors of Capital Pacific Holdings, Inc. (the *Company*) establishes the *Company*'s general compensation policies, compensation plans, and specific compensation levels for the *Company*'s Chief Executive Officer and any other executive officer which may in the future be specifically designated by the Board of Directors. The Compensation Committee also reviews the design, administration and effectiveness of compensation programs for other key executives. The general policy and philosophy of the Compensation Committee is to provide total compensation opportunities that are competitive with the opportunities offered to executives in similar positions at competing companies and to strongly link compensation to the financial performance of the *Company* in an effort to enable the *Company* to attract and retain the key personnel necessary to fuel continued growth and profitability.

The Committee has examined the compensation of the executives of comparatively placed homebuilders to determine whether or not the compensation of the *Company*'s CEO is within the range of his peers. In undertaking such examination, the Committee has sought publicly available information regarding homebuilders which are at a similar stage in their growth and development to that of the *Company*, and therefore compete for the same executive personnel.

Performance-Based Compensation

The *Company* has utilized a performance bonus structure for over five years that is intended to incentivize the *Company*'s CEO and other executive officers to maximize the financial performance of the *Company*. With respect to the CEO, the bonus has in the past been set at four percent (4%) of the *Company*'s pre-tax income. Since Fiscal Year 1999, stockholder's equity in the *Company* has risen from approximately \$65 million to over \$100 million. While this increase does not necessarily bear a causal relationship to the performance bonus structure, the Committee believes that it serves as rational support for maintaining the existing structure.

The Committee has reviewed the *Company*'s performance in Fiscal Year 2003 under the direction of the CEO with respect to homebuilding and effecting strategic transactions, the continued improvement in financial performance and stockholder's equity, and the compensation of chief executives of similarly-placed homebuilders. Based on this information, the Committee found that, taking into account base salary and non-cash compensation, the performance-based compensation derived from application of the existing four percent (4%) of pre-tax income formula is appropriate and consistent with the lower end of the range of the *Company*'s peer group.

Section 162(m) of the Internal Revenue Code of 1986 limits deductions for certain executive compensation in excess of \$1 million. The Code permits deduction of compensation in excess of \$1 million only if it is performance based, the criteria for award are specified in detail, and stockholder approval is obtained prior to payment. The policy of the *Company* is to maintain the tax deductibility of all compensation paid to its executives. The annual performance bonus of the CEO has been structured to meet the requirements for deductibility. Any payments exceeding \$1 million under the compensation structure it has approved will be contingent upon shareholder approval.

Other Compensation

The Committee notes that, unlike most other members of the peer group, prior to Fiscal Year 2003 the *Company*'s CEO received virtually no non-cash compensation. For Fiscal Year 2003, the Committee determined that the CEO should receive certain additional fringe benefits consisting of personal use the *Company*'s aircraft for up to 50 flying hours (subject to the superior right of the *Company* to use the aircraft), only a small portion of which was used. The Committee has considered this element of compensation for Fiscal Year 2004 in light of the overall value of the CEO's compensation package and the aggregate amount

Table of Contents

being paid to chief executives of the Company's peer group. The direct incremental cost to the Company of this benefit continues to be approximately \$2,100 per flying hour, while the amount of income realized by the CEO for such use may be substantially less under applicable regulations. The Committee has considered that the cost to the Company should be deductible in full under current law. In light of the fact that the CEO's aggregate compensation falls at the lower end of the range of the Company's peer group and that a balance of unused flying hours remains, the Committee determined that this non-cash compensation should be continued for Fiscal Year 2004, but increased to 60 flying hours with unused flying hours carried forward into subsequent periods so that the CEO's compensation remains competitive. Accordingly, the Company will properly include the value of the flights in the CEO's income in accordance with applicable rules. Even in the event that the Company is only able to deduct such amount as is included in the CEO's income and assuming that the CEO exercises in full his option to utilize the aircraft for personal use, the other compensation of the CEO is still within the range of the Company's peer group.

Base Salary

The annualized base salary of the Company's CEO was \$456,750 for Fiscal Year 2003. The Company has studied changes in cost of living in the various areas in which its executives are located, including Newport Beach, California, where the cost of living increased by approximately three percent during calendar 2002. Accordingly, the Company has raised the salaries of Newport Beach-based executives by three percent for Fiscal Year 2004, and the Committee has determined to recommend the same increase of the CEO's base salary to \$470,453 for Fiscal Year 2004.

The Company's policy is that all transactions between the Company and its officers, directors and principal stockholders, and their respective affiliates, must be on terms no less favorable to the Company than terms with unaffiliated parties for similar transactions. All such transactions that are required to be reported in the Company's 10-K or annual proxy statement must be approved by the Company's Audit Committee, which is composed entirely of independent directors.

In May 2002, as the final component of a fiscal 2001 transaction (the Exchange Transaction) in which the Company exchanged its interests in certain joint ventures with an investment company, California Housing Finance, L.P. (CHF) in return for the bulk of CHF's interest in Capital Pacific Holdings, LLC (CPH, LLC) and certain other joint ventures, the Company issued 1,235,000 shares of its non-voting common stock to CHF in exchange for CHF's remaining 7% interest in CPH, LLC. In fiscal 2001 CHF contributed the interests in the joint ventures it acquired from the Company to Makallon, LLC (Makallon). Paul Makarechian, a former director and officer of the Company, and the son of the Chairman of the Board and Chief Executive Officer of the Company, is an executive and has a contingent minority interest in Makallon.

The Company has entered into an agreement to purchase developed lots in a project controlled by Makallon in California. No lots had been purchased under this agreement as of February 28, 2003. The Company has also entered into an agreement with Makar Properties, an affiliate of Makallon controlled by the son of the Chairman, to develop lots in a project owned by the Company in Texas.

During fiscal 2003, the son of the Chairman purchased a home from the Company for \$1,735,000. During fiscal 2003, the Chairman paid approximately \$100,000 to Newport Design Center, a subsidiary of the Company, for personal residential design and improvement services.

In February 2003, the Company sold an undeveloped parcel of land to an entity controlled by the son of the Chairman for \$5.2 million, resulting in a gain to the Company of approximately \$2.9 million. The Company holds a note receivable from that entity in the amount of \$4.1 million in connection with that transaction.

Subsequent to February 28, 2003, the Company entered into an agreement to purchase developed lots in Texas from an entity controlled by Makar Properties, as well as to lease office space from an affiliate of Makar Properties.

ADDENDUM A CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, establishes, or provides the basis for, a number of new corporate governance standards and disclosure requirements. Below is a summary of the Company's corporate governance structure.

Independent Directors

A majority of the members of the Company's Board of Directors are independent.

Audit Committee

All Audit Committee members possess the required level of financial literacy. The SEC recently adopted a rule requiring disclosure concerning the presence of at least one audit committee financial expert (a newly defined term) on audit committees; upon effectiveness of the rule, this disclosure will be required to be included in the Company's Annual Report on Form 10-K for its fiscal year ending February 29, 2004 or in the proxy statement for the Company's 2004 Annual Meeting of the Stockholders.

The Audit Committee operates under a formal charter that governs its duties and conduct. The Charter is reproduced as Addendum B to this proxy statement.

Ernst & Young LLP, the Company's independent auditors, report directly to the Audit Committee.

The Audit Committee, consistent with the Sarbanes-Oxley Act of 2002 and the rules adopted thereunder, meets with management and the auditors prior to the filing of officers' certifications with the SEC to receive information concerning, among other things, significant deficiencies in the design or operation of internal controls.

The Company has notified all of its employees of their opportunity to communicate any concerns directly to the Chairman of the Audit Committee.

The Audit Committee receives periodic updates and a formal report from the Company's internal audit group on an annual basis.

Compensation Committee

All members of the Compensation Committee meet the appropriate tests for independence.

Disclosure Committee

The Company has formed a Disclosure Committee consisting of selected Directors, Executive Officers and a rotating group of other representative employees which meets periodically to address the Company's disclosure processes and controls.

Personal Loans to Executive Officers and Directors

The Company complies with and will operate in a manner consistent with recently-enacted legislation outlawing extensions of credit in the form of a personal loan to or for its Directors and Executive Officers.

ADDENDUM B AUDIT COMMITTEE CHARTER

Capital Pacific Holdings, Inc.

Audit Committee Charter

The Audit Committee (the Committee), of the Board of Directors (the Board) of Capital Pacific Holdings, Inc. (the Company), will have the oversight responsibility, authority and specific duties as described below. This Charter shall be amended to take into account changes in the applicability or content of applicable law, regulation or listing standards and if at any time the Company is no longer subject to the obligation to file periodic reports with the Securities Exchange Commission (SEC).

Composition

The Committee will be comprised of directors designated by the Board in a number which meets the applicable requirements of the American Stock Exchange (AMEX). The Audit Committee shall be composed solely of Independent Directors (as defined below) all of whom are financially literate and shall include an audit committee financial expert as defined by the SEC who will be required to undertake periodic continuing financial education. No director qualifies as an Independent Director unless the Board affirmatively determines that the director has no relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company), which may interfere with the exercise of the director's independence from management and the Company. In addition: (i) no director who is a former employee of the Company can be an Independent Director until five years after the employment has ended; (ii) no director who is, or in the past five years has been, affiliated with or employed by a (present or former) auditor of the Company (or of an affiliate) can be an Independent Director until five years after the end of either the affiliation or the auditing relationship; (iii) no director can be an Independent Director if he or she is, or in the past five years has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that concurrently employs the director. The members of the Committee will be elected annually at the organizational meeting of the full Board held immediately following the annual shareholders' meeting and will be listed in the annual report to shareholders. One of the members of the Committee will be elected Committee Chair by the Board.

Responsibility

The Committee is a Committee of the Board. Its primary function is to assist the Board in fulfilling its oversight responsibilities with respect to (i) the annual financial information and disclosures to be filed with the SEC; (ii) the system of internal accounting and financial controls that management has established; (iii) the internal audit and external independent audit process; (iv) the Company's review of related party transactions as set forth below; and (v) the independent auditors' qualifications, independence, compensation and performance by the independent auditor of non-audit services. In addition, through its meetings the Committee provides an avenue for communication between the internal audit staff, the independent auditors, the Company's accounting functions and the Board. The Committee should have a clear understanding with the independent auditors that they must maintain an open and transparent relationship with the Committee, and that the ultimate accountability of the independent auditors is to the Board and the Committee. The Committee will make regular reports to the Board concerning its activities.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to independently ascertain that generally accepted accounting principles have been utilized in generating Company financial statements. This is the responsibility of management and the independent auditors.

Authority

The Committee is granted the authority to investigate any matter or activity involving financial accounting and financial reporting, as well as the internal controls of the Company. In that regard, the Committee will have full access to all of the Company's books, records and facilities at all reasonable times

Table of Contents

(under the relevant circumstances) and will have the authority to approve the retention of independent counsel and experts to render advice and counsel in such matters and obtain opinions and reports from financial consultants and experts. All employees will be directed to cooperate with respect thereto as requested by members of the Committee.

The Audit Committee will be directly and solely responsible for appointing, compensating, terminating, and overseeing the work of the Company's independent auditors and approving any non audit services provided by the Company's independent auditors. The Company's independent auditors will report directly to the Audit Committee. The Audit Committee shall ensure that Company management has adequate records of all relevant budgets and expenditures for such services.

Meetings

The Committee is to meet at least four times annually and as many additional times as the Committee deems necessary. Content of the agenda for each meeting should be cleared by the Committee Chair. The Committee shall be available to meet in executive session (without the presence of management) with the independent auditors at their request.

Attendance

Committee members will strive to be present in person or by telephone at all meetings.

Specific Duties

In carrying out its oversight responsibilities, the Committee will:

1. Review and reassess this charter at least annually in light of the accounting, legal, regulatory and listing standards then applicable to the Company and recommend any proposed changes to the Board for approval. This should be done in compliance with applicable regulatory and listing requirements.
2. Review with the Company's management, internal audit staff and independent auditors the Company's accounting and financial reporting controls. Obtain annually in writing from the independent auditors their letter to management including their recommendations on the system of internal controls and thereafter monitor and review the implementation of any changes approved by the Company's Board of Directors with respect thereto.
3. Receive annually from independent auditors a written report on the significant accounting and reporting principles, practices and procedures applied by the Company in preparing its financial statements and all material alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, including the ramifications of such alternative treatment and disclosures and the treatment preferred by the independent auditors. Review the report and such discussions with the Company management and internal audit staff.
4. Review the scope of internal audit's work plan for the year and receive a summary report of major findings by internal audit staff and how management is addressing the conditions reported.
5. Review the scope and general extent of the independent auditors' annual audit. The Committee's review should include an explanation from the independent auditors of the factors considered by the auditors in determining the audit scope. The independent auditors should confirm to the Committee that no limitations have been placed on the scope or nature of their audit procedures. The Committee will review annually with management the fee arrangement with the independent auditors.
6. Inquire as to the independence of the independent auditors and obtain from the independent auditors, at least annually, a formal written statement delineating all relationships between the independent auditors and the Company as contemplated by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

Table of Contents

7. The Committee shall pre-approve all audit and non-audit services provided by the independent auditors to the Company and shall not engage the independent auditors to perform the non-audit services specifically proscribed by law or regulation.
8. Have a predetermined arrangement with the independent auditors that they will advise management of the Company and the Committee, through its Chair or at regularly scheduled quarterly Committee meetings, of any matters arising from the independent auditor review procedures followed for interim quarterly financial statements. Such notification shall be performed as required under applicable standards for communication with audit committees and shall be made prior to the related press release or, if not practicable, prior to filing the relevant Forms 10-Q.
9. At the completion of the annual audit, review with management, internal audit staff and the independent auditors the following:

The annual financial statements and related footnotes and financial information to be included in the Company's annual report to shareholders and on Form 10-K.

Results of the audit of the financial statements and the related report thereon and, if applicable, a report on changes during the year in accounting principles and their application.

Significant changes to the audit plan, if any, and any serious disputes or difficulties with management encountered during the audit. Inquire about the cooperation received by the independent auditors during their audit, including access to all requested records, data and information. Inquire of the independent auditors whether there have been any disagreements with management which, if not satisfactorily resolved, would have caused them to issue a nonstandard report on the Company's financial statements.

Other communications as required to be communicated by the independent auditors by Statement of Auditing Standards (SAS) 61 as amended by SAS 90 relating to the conduct of the audit. Further, receive a written communication provided by the independent auditors concerning their judgment about the quality of the Company's accounting principles, as outlined in SAS 61 as amended by SAS 90, and that they concur with management's representation concerning audit adjustments.

If deemed appropriate after such review and discussion, recommend to the Board that the financial statements be included in the Company's annual report on Form 10-K.

10. After preparation by management and review by internal audit staff and independent auditors, approve the report regarding the Company's independent auditors required under SEC rules to be included in the Company's annual proxy statement. The charter is to be published as an appendix to the proxy statement every three years.
11. Review at least annually including through discussion with the independent auditors the Company's financial and accounting personnel and internal audit function. Also, elicit the comments of management regarding the responsiveness of the independent auditors to the Company's needs.
12. Meet with management, internal audit staff and the independent auditors to discuss any relevant significant recommendations that the independent auditors may have, particularly those characterized as material or serious. Typically, such recommendations will be presented by the independent auditors in the form of a Letter of Comments and Recommendations to the Committee. The Committee should review responses of management to the Letter of Comments and Recommendations from the independent auditors and receive follow-up reports on action taken concerning the aforementioned recommendations.
13. Approve all related party transactions which must be reported in the Company's annual report, proxy statement or other SEC filing. Compensation arrangements or agreements, incentive plans, stock option plans or similar arrangements shall not be subject to review under this Paragraph 13.

14. Review with management, internal audit staff and the independent auditors the methods used to establish and monitor the Company's policies and controls with respect to unethical or illegal activities by Company employees that may have a material impact on the Company's finances.
