**Maritrans Integration Planning Update  
Operations Structure Announced**

A shoreside employee town hall meeting was held this week, attended by Morten Arntzen, President and CEO of OSG, where we announced the first phase of the post-merger organizational structure of the new U.S. Flag Strategic Business Unit (SBU).

Due to the enormous number of seafarers we must recruit to crew the all of the new vessels coming into the fleet over the next few years, we chose to initially focus our planning on vessel operations, maintenance and marine personnel.

Therefore, the following new positions have been established:

- Norm Gauslow; Vice President, U.S. Flag Marine Labor Relations
- Jack Robinson; Vice President, U.S. Flag Marine Operations
- Chris Flanagan; Vice President, U.S. Flag Marine Technical

As the crewing, operational and technical leaders of the U.S. Flag SBU, all three positions will report to both me and to Captain Bob Johnston, OSG Senior Vice President and Head of Shipping Operations following the closing of the acquisition. As the integration planning continues, additional decisions will be made with respect to the organizational structure of commercial, financial and corporate service operations. Morten and I look forward to continuing to provide updates on the progress of integration planning following next week's integration kick-off meeting slated to be held on Wednesday, Oct. 25, 2006.

Please be reminded that all current titles and responsibilities are still in affect and that all future organizational, policy or procedural announcements will not go into affect until after the transaction closes.
