PROXIES; VOTING SECURITIES

Only holders of Common Stock of record at the close of business on April 9, 2007 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were issued and outstanding approximately 27,695,000 shares of Common Stock. Each share of Common Stock entitles the holder thereof to one vote. All shares that are represented by properly executed proxies received prior to or at the Annual Meeting, and not revoked, will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated with respect to any shares for which properly executed proxies are received, such proxies will be voted FOR each of the proposals. For purposes of determining the presence of a quorum for transacting business at the Annual Meeting, abstentions and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares on a particular matter with respect to which the brokers or nominees do not have discretionary power), if applicable, will be treated as shares that are present but which have not been voted.

A proxy may be revoked by delivery of a written statement to the Secretary of the Company stating that the proxy is revoked, by a subsequent proxy executed by the person executing the prior proxy and presented to the Annual Meeting, or by voting in person at the Annual Meeting.

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) which, among other things, establishes, or provides the basis for, a number of new corporate governance standards and disclosure requirements. In addition, the NASDAQ Stock Market has recently finalized changes to its corporate governance and listing requirements.

Director Independence

In accordance with these latest developments and the listing requirements of the NASDAQ Stock Market, a majority of the current members of the Company s Board of Directors are independent: namely, John M. Briggs, Robert L. Frome, Robert J. Moss and Barton D. Weisman. The Board of Directors has also determined that Dino D. Ottaviano, a new nominee to the Board of Directors, is independent pursuant to the listing requirements of the NASDAQ Stock Market.

Mr. Barton D. Weisman, a director of the Company, has an ownership interest in ten nursing homes that have entered into service agreements with the Company. During the year ended December 31, 2006, these agreements resulted in gross revenues of approximately \$3,351,622 to the Company (less than 1% of the Company s total revenues). Management believes that the terms of each of the transactions with the nursing homes described herein are comparable to those available to unaffiliated third parties.

Mr. Robert L. Frome, a director of the Company, is a member of the law firm of Olshan Grundman Frome Rosenzweig & Wolosky, LLP, which law firm has been retained by the Company during the last fiscal year. Fees paid by the Company to such firm during the year ended December 31, 2006 were less than \$120,000. Additionally, the fees paid by the Company did not exceed 5% of such firm s total revenues.

Notwithstanding the abovementioned transactions, both Mr. Frome and Mr. Weisman are independent directors as such term is defined by NASDAQ Rule 4200(a)(15) of the NASDAQ Stock Market listing standards.

Code of Ethics and Business Conduct

We have also adopted a Code of Ethics and Business Conduct for directors, officers and employees of the Company. It is intended to promote honest and ethical conduct, full and accurate reporting and compliance with laws as well as other matters. A copy of the Code of Ethics and Business Conduct is posted on our website at www.hcsgcorp.com.

BOARD OF DIRECTORS AND COMMITTEES

BOARD OF DIRECTORS. The business of the Company is managed under the direction of the Board of Directors (the Board). The Board meets on a regularly scheduled basis during the Company's fiscal year to review significant developments affecting the Company and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. The Board met six times during the 2006 fiscal year. During 2006, each member of the Board participated in at least 75% of all Board and applicable committee meetings held during the period for which he was a director or committee member with the exception of Robert Moss who, due to health reasons in the second and third quarters, attended approximately 50% of Board and committee meetings. Mr. Moss has since resumed full participation as a director. Directors are expected to attend all Board meetings and meetings of committees on which they serve, and each Annual Meeting. In 2006, all seven of the directors attended the Company's Annual Meeting.

The Board has established an Audit Committee, and a Nominating, Compensation and Stock Option Committee to devote attention to specific subjects and to assist it in the discharge of its responsibilities. The functions of those committees, their current members and the number of meetings held during 2006 with respect to the Audit Committee, and the Nominating, Compensation and Stock Option Committee are described below:

AUDIT COMMITTEE. The Audit Committee's primary responsibilities, as described in the Amended and Restated Audit Committee Charter (a copy of which is appended to this proxy statement as Annex A and is available on the Company's website, www.hcsgcorp.com) include:

- (f) reviewing with the Company's legal counsel any legal matters that could have a significant effect on the Company's financial statements, compliance with applicable laws and regulations and inquiries from regulators or other governmental agencies;

(g) reviewing and approving all related party transactions between the Company and any director, executive officer, other employee or family member;

(h) reviewing and overseeing compliance with the Company's Code of Ethics and Business Conduct;

Table of Contents

Mr. Briggs has been designated the audit committee financial expert and he satisfies the attributes required of audit committee financial experts pursuant to Section 407 of Sarbanes-Oxley. The Audit Committee met six times during 2006. The report of Audit Committee for the fiscal year ended December 31, 2006 is included herein under Audit Committee Report below.

NOMINATING, COMPENSATION AND STOCK OPTION COMMITTEE. The Nominating, Compensation and Stock Option Committee (composed of Messrs. Briggs & Moss) are to assist the Board by:

- (a) developing and recommending to the Board a set of effective corporate governance policies and procedures applicable to the Company;

- (c) discharging the Board's responsibilities relating to the compensation of Company executives; and
- (d) administering the Company's stock option plans or other equity-based compensation plans.

Each of Messrs. Briggs and Moss are Independent Directors as such term is defined by Rule 4200(a)(15) of the NASDAQ Stock Market listing standards. The Nominating, Compensation and Stock Option Committee met once during 2006.

The Nominating, Compensation and Stock Option Committee has not adopted a policy or process by which shareholders may make recommendations to the Committee of candidates to be considered by this Committee for nomination for election as Directors. The Committee has determined that it is not appropriate to have such a policy because such recommendations may be informally submitted to and considered by the Committee under its Charter. Shareholders may make such recommendations by giving written notice to Healthcare Services Group, Inc., 3220 Tillman Drive, Suite 300, Bensalem, PA 1902, Attention: Corporate Secretary either by personal delivery or by United States mail, postage prepaid. The Charter of the Nominating, Compensation and Stock Option Committee is provided on the Company's website, www.hcsgcorp.com, and is included as Annex B to this proxy statement. The Committee has not established a formal process for identifying and evaluating nominees for Director, although generally the Committee may use multiple sources for identifying and evaluating nominees for Director, including referrals from current Directors and shareholders. The Committee has identified certain qualifications it believes an individual should possess before it recommends such person as a nominee for election to the Board of Directors. The Committee believes that nominees for Director should possess the highest personal and professional ethics, integrity, values and judgment and be committed to representing the long-term interests of the Company's shareholders. The Committee seeks to ensure that the composition of the Board at all times adheres to the independence requirements of the NASDAQ Stock Market, Inc. and reflects a range of talents, skills, and expertise, particularly in the areas of management, leadership, and experience in the Company's and related industries, sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. See below for the Report of the Nominating, Compensation and Stock Option Committee regarding executive compensation.

MANAGEMENT COMPENSATION

Compensation Discussion and Analysis

Compensation Objectives

We refer to our chief executive officer, the chief financial officer, and each of our other three most highly compensated executive officers as our named executive officers. For all named executive officers compensation is intended to be performance-based. Our Nominating, Compensation and Stock Option Committee believes that compensation paid to executive officers should be closely aligned with our performance on both a short-term and long-term basis to create value for shareholders, and that such compensation should assist us in attracting and retaining key executives critical to our long-term success.

In establishing compensation for executive officers, the following are the Nominating, Compensation and Stock Option Committee's objectives:

Attract and retain individuals of superior ability and managerial talent;

Ensure officer compensation is aligned with our corporate strategies, business objectives and the long-term interests of our shareholders; and

Enhance the officers' incentive to increase our stock price and maximize shareholder value, as well as promote retention of key people, by providing a portion of total compensation for management in the form of direct ownership in us through stock options and other compensatory stock-based plans.

To achieve these objectives, our overall compensation program aims to pay our named executive officers competitively, consistent with our success and their contribution to that success. To accomplish this we rely on programs that provide compensation in the form of both cash and equity. Although our Nominating, Compensation and Stock Option Committee has not adopted any formal guidelines for allocating total compensation between cash and equity, the Nominating, Compensation and Stock Option Committee considers the balance between providing short-term incentives and long-term parallel investment with shareholders to align the interests of management with shareholders.

We have not retained a compensation consultant to review our policies and procedures with respect to executive compensation, although the Nominating, Compensation and Stock Option Committee may elect to retain such a consultant in the future if it determines that so doing would be helpful in developing, implementing or maintaining compensation plans.

The Nominating, Compensation and Stock Option Committee conducts an annual review of the aggregate level of our executive compensation, as well as the mix of elements used to compensate our executive officers. In addition, the Nominating, Compensation and Stock Option Committee has historically taken into account input from other independent members of our board of directors and, to the extent available, publicly available data relating to the compensation practices and policies of other companies within and outside our industry. The Nominating, Compensation and Stock Option Committee compares our executive compensation against the compensation paid by these peer companies. While such comparisons may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this information is an important part of our compensation-related decision-making process.

Although generally we believe that executive base salaries should be targeted taking into consideration the median of the range of salaries for executives in similar positions at comparable companies, we recognize that, to attract, retain and motivate key individuals, such as the named executive officers, the compensation committee may determine that it is in our best interests to negotiate total compensation packages with our executive management that may deviate from the general principle of targeting total compensation at the median level for the peer group.

Actual pay for each named executive officer is determined around this structure, driven by the performance of the executive over time, as well as our annual performance.

Table of Contents

Determination of Compensation Awards

The compensation of the Chief Executive Officer of the Company is determined by the Nominating, Compensation and Stock Option Committee. Such Committee's determinations regarding compensation are based on a number of factors including, in order of importance:

Consideration of the operating and financial performance of the Company, primarily its income before income taxes during the preceding fiscal year, as compared with prior operating periods;

Attainment of a level of compensation designed to retain a superior executive in a highly competitive environment; and

Consideration of the individual's overall contribution to the Company.

Compensation for the Named Executive Officers (referred to in the summary compensation table) other than the Chief Executive Officer is determined by the Nominating, Compensation and Stock Option Committee based upon consultation with the Chief Executive Officer, taking into account the same factors considered by the Board in determining the Chief Executive Officer's compensation as described above. Except as set forth below, the Company has not established a policy with regard to Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), since the Company has not paid salaried compensation in excess of \$1 million per annum to any employee. Under the 1995 Plan, no recipient of options may be granted options to purchase more than 125,000 shares of Common Stock. Therefore, compensation received as a result of options granted under the 1995 Plan qualify as performance-based for purposes of Section 162(m) of the Code. In addition, under the 2002 Plan, no recipient of options may be granted options to purchase more than 50,000 shares of Common Stock in any calendar year. Therefore, compensation received as a result of options granted under the 2002 Plan, qualify as performance-based for purposes of Section 162(m) of the Code (the options exercised by the Named Executive Officers in fiscal 2006 were granted under either the 1995 Plan or the 2002 Plan). No stock options were granted in 2006.

The Company applies a consistent approach to compensation for all employees, including senior management. This approach is based on the belief that the achievements of the Company result from the coordinated efforts of all employees working toward common objectives.

Elements of Compensation

Base Salary. Base salaries for our executives are established based on the scope of their responsibilities and individual experience, taking into account competitive market compensation paid by companies in our industry. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. Base salaries are also adjusted annually to take into account performance-based compensation.

Performance-Based Compensation. We structure our annual incentive program to reward executive officers based on our performance and the individual executive's contribution to that performance. This allows executive officers to receive such compensation based on the results that they helped us to achieve in the previous year. The incentive payment, based upon the Company's prior year performance, becomes the major portion of the named executive officer's salary for the following year. Currently, this payment is only made to Mr. Daniel P. McCartney and Mr. Thomas A. Cook and is based on a rate of 2.3% of the income from operations before income taxes of the Company in accordance with generally accepted accounting principles in the fiscal year immediately preceding the year for which such annual salary is calculated. The Company had previously calculated this portion of these named

executive officers' compensation at a rate of 3%. The Company had used this 3% rate for more than 20 years. The Company believes that the revised 2.3% rate provides an accurate benchmark upon which to build the compensation for these executives. The 3% figure was initially selected as it was deemed to be representative of performance-based compensation for chief executive officers and chief operating officers, as well as providing for a compensation level which reflects the performance of the Company. The Company reduced the rate to 2.3% for 2007, as it believes that this reduced rate is an appropriate measure by reason of the continued increase in the Company's income before income taxes. Joseph F. McCartney, as well as all of our other divisional, regional and district operational managers, is provided with compensation that is based on achieving financial and non-financial measures attributable to the service locations under his supervision in conjunction with the goals and objectives of the business plans formulated for those

locations. The incentive level escalates as the number of locations being managed increases. The Nominating, Compensation and Stock Option Committee believes that the annual incentive program provides incentives necessary to retain executive officers and reward them for short-term company performance.

Discretionary Long-Term Equity Incentive Awards. The Nominating, Compensation and Stock Option Committee of the Board of Directors is responsible for determining the individuals who will be granted options, the number of options each individual will receive, the option price per share, and the exercise period of each option. Guidelines for the number of stock options granted to each executive officer are determined using a procedure approved by the Nominating, Compensation and Stock Option Committee based upon several factors, including the executive officer's salary grade, performance and the value of the stock option at the time of grant. We grant options at the fair market value of the underlying stock on the date of grant.

Deferred Compensation Plan. Since January 1, 2000, we have had a Supplemental Executive Retirement Plan (the SERP) for certain key executives and employees. The SERP is not qualified under section 401 of the Code. Under the SERP, participants may defer up to 15% of their earned income on a pre-tax basis. As of the last day of each plan year, each participant will receive a 25% match of their deferral in our Common Stock based on the then current market value. SERP participants fully vest in our matching contribution three years from the first day of the initial year of participation. The income deferred and our matching contribution are unsecured and subject to the claims of our general creditors. Under the SERP, we are authorized to issue up to 450,000 shares of our common stock to our employees. Pursuant to such authorization, we have 275,000 shares available for future grant at December 31, 2006 (after deducting the 2006 funding of shares delivered in 2007). In the aggregate, since initiation of the SERP, 175,000 shares (including the 2006 funding of shares delivered in 2007) held by the trustee are accounted for at cost, as treasury stock. At December 31, 2006, a total 149,000 of such shares are vested in the participants' accounts.

Employee Stock Purchase Plan. Since January 1, 2000, we have had a non-compensatory Employee Stock Purchase Plan (ESPP) for all eligible employees. All full-time and certain part-time employees who have completed two years of continuous service with us are eligible to participate. The ESPP was implemented through five annual offerings. The first annual offering commenced on January 1, 2000. On February 12, 2004 (effective January 1, 2004), our Board of Directors extended the ESPP for an additional eight annual offerings. Annual offerings commence and terminate on the respective year's first and last calendar day. Under the ESPP, we are authorized to issue up to 1,800,000 shares of our common stock to our employees. Furthermore, under the terms of the ESPP, eligible employees can choose each year to have up to \$25,000 of their annual earnings withheld to purchase our common stock. The purchase price of the stock is 85% of the lower of its beginning or end of the plan year market price.

Other Elements of Compensation and Perquisites.

Medical Insurance. We provide to each named executive officer, the named executive officer's spouse and children such health, dental and optical insurance as we may from time to time make available to our other executives of the same level of employment. This insurance requires an employee co-payment of the insurance premium.

Life and Disability Insurance. We provide each named executive officer such disability and/or life insurance as we in our sole discretion may from time to time make available to our other executive employees of the same level of employment.

Automobile Allowance. We provide each named executive officer with an automobile allowance during the term of the named executive officer's employment with us as we in our sole discretion may from time to time make available to our other executive employees of the same level of employment. In lieu of an automobile allowance, we lease an automobile for Thomas A. Cook.

Sporting Event Tickets. We obtain season tickets for several Philadelphia sports teams. Although these tickets are intended to be used for entertaining clients, unused tickets are made available to employees, including the named executive officers, for personal use.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE COMPANY S RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF THE COMPANY S CAPITAL STOCK

Our Board has recommended that the shareholders approve a proposal to permit us to amend our Amended and Restated Articles of Incorporation to increase the number of authorized shares of our capital stock. If our shareholders approve this proposal, the increase would only become effective upon the filing of an Articles of Amendment to our Amended and Restated Articles of Incorporation (the Articles of Amendment).

On March 7, 2007, the Board of Directors authorized an amendment to the Company s Amended and Restated Articles of Incorporation to increase the number of authorized shares of the Company s capital stock from thirty million (30,000,000) shares to one hundred million (100,000,000) shares, of which all shares would be designated as Common Stock. The shareholders are being asked to approve this proposed amendment. The shares of the Company s Common Stock, including the additional shares proposed for authorization, do not have preemptive or similar rights.

Under the Company s Amended and Restated Articles of Incorporation, the Company is authorized to issue up to 30,000,000 shares of Common Stock. On March 7, 2007, the Board of Directors approved and authorized an Amendment to the Company s Amended and Restated Articles of Incorporation that increases this maximum number of authorized shares of Common Stock by thirty million (30,000,000) shares to a total of one hundred million (100,000,000) shares, subject to approval by the shareholders of the Company. If the shareholders do not approve the Amendment, then the number of authorized shares of the Company s Common Stock will remain at 30,000,000.

The purpose of the proposed Amendment is to provide sufficient shares for future acquisitions, benefit plans, recapitalizations and other corporate purposes. No such use other than to provide for an adequate number of shares for issuance pursuant to the Company s stock option plans currently is planned. Once authorized, the additional shares of Common Stock may be issued by the Board of Directors without further action by the shareholders, unless such action is required by law or applicable stock exchange requirements. Accordingly, this solicitation may be the only opportunity for the shareholders to take action in connection with such acquisitions, benefit plans, recapitalizations and other corporate actions. As of the Record Date, 27,695,000 shares of Common Stock were issued and outstanding. In addition, the Company has reserved approximately 3,423,000 shares of Common Stock for issuance in connection with the Company s stock option plans or other employee benefit plans or, pursuant to shares issuable upon the exercise of approximately 2,263,000 outstanding incentive and non-qualified options. Consequently, although there is currently a sufficient number of shares authorized to provide for the issuance of shares to be issued in connection with outstanding grants, there is an insufficient number of authorized shares to provide for the issuance of shares in connection with future grants made pursuant to the Company s stock option plans.

The resolution to be considered by the shareholders at the meeting reads as follows;

RESOLVED, that Article 4 of the Amended and Restated Articles of Incorporation of Healthcare Services Group, Inc., shall be amended and restated to read in full as follows:

4. The aggregate number of shares of capital stock which the Corporation shall have authority to issue is 100,000,000 shares of common stock with a par value of \$.01 per share.

FURTHER RESOLVED, that the proper officers of Healthcare Services Group, Inc. are hereby authorized and directed, after shareholder approval of the proposed amendment, to execute, under its corporate seal, Articles of

Amendment to the Amended and Restated Articles of Incorporation, and to file such Articles of Amendment with the Pennsylvania Department of State.

FURTHER RESOLVED, that the Board of Directors of Healthcare Services Group, Inc. may, notwithstanding approval by the shareholders of Healthcare Services Group, Inc., at any time prior to the filing of the Articles of Amendment with the Pennsylvania Department of State, terminate the proposed amendment and all transactions contemplated by or incident thereto.

Principal Effects of Additional Authorized Shares

Our Board of Directors believes that it is advisable and in the best interests of the Company to have available additional authorized but unissued shares of Common Stock in an amount adequate to provide for the present and future needs of the Company. The increase in authorized Common Stock will provide the Company with a sufficient number of shares to provide for the issuance of shares in connection with future grants made pursuant to the Company's stock option plans. The issuance of these shares will dilute the equity interests of existing shareholders. Additional shares also will be available for issuance from time to time by the Company in the discretion of the Board of Directors without further shareholder action, except as may be required under applicable law. These shares may be issued for any proper corporate purpose including, without limitation, acquiring other businesses in exchange for shares of common stock, entering into collaborative arrangements with other companies in which common stock or the right to acquire common stock are part of the consideration, facilitation of broader ownership of the Common Stock by effecting a stock split or issuing a stock dividend, raising capital through the sale of Common Stock or securities convertible into, or exercisable or exchangeable for, shares of Common Stock, and attracting and retaining valuable employees by the issuance of additional stock options or restricted stock.

The issuance of the additional shares of Common Stock could have the effect of diluting earnings per share and book value per share, which could adversely affect the Company's existing shareholders. Issuing additional shares of Common Stock may also have the effect of delaying or preventing a change of control of the Company. The Company's authorized but unissued Common Stock could be issued in one or more transactions that would make more difficult or costly, and less likely, a takeover of the Company. The proposed amendment to the Company's Amended and Restated Articles of Incorporation, is not being recommended in response to any specific effort of which the Company is aware to obtain control of the Company and the Board of Directors has no current intention to use the additional shares of Common Stock in order to impede a takeover attempt.

Description of Common Stock

The following statements are brief summaries of certain information relating to the Common Stock. These summaries do not purport to be complete and are subject in all respects to the applicable provisions of the Company's Amended and Restated Articles of Incorporation with respect to certain rights of the holders of Common Stock.

Each share of Common Stock is entitled to dividends when and as declared by the Board of Directors out of sources legally available therefor. Each share of Common Stock is entitled to one vote on all matters. On liquidation, the holders of Common Stock are entitled to share pro rata in the net assets of the Company remaining after the payment of creditors. The Board of Directors is authorized to issue all unissued shares of Common Stock from time to time, as well as previously issued shares held in treasury, without any further action or authorization by shareholders. The holders of Common Stock have no preemptive or conversion rights. The shares of Common Stock presently outstanding are, and the shares reserved for issuance under existing option plans will be, upon issue, fully paid and nonassessable.

Vote Required

Shareholder approval of this proposal is required under Pennsylvania law. Unless authority has been withheld the proxy agents intend to vote FOR approval of the amendment. Approval of the amendment to the Company's Amended and Restated Articles of Incorporation, as amended increasing the number of authorized shares of Common Stock by 70,000,000 shares requires the affirmative vote of the holders of a majority of all outstanding shares. An abstention, withholding of authority to vote or broker non-vote, therefore, will have the same legal effect as an "against" vote.

The Board of Directors unanimously recommends that you vote **FOR** approval of the amendment to the Company's Amended and Restated Articles of Incorporation.
