PROSPECTUS

NEOMEDIA TECHNOLOGIES, INC.

113,408,376 SHARES OF COMMON STOCK

This prospectus relates to the sale of up to 113,408,376 shares of NeoMedia's common stock by persons who are, or will become, stockholders of NeoMedia. Please refer to "Selling Shareholders" beginning on page 16. NeoMedia will receive proceeds from the sale of common stock under the Equity Line of Credit and from the proceeds from the exercise of the warrants for 1,904,900 shares of common stock. All costs associated with this registration will be borne by NeoMedia.

The shares of common stock are being offered for sale by the selling stockholders at prices established on the Over the Counter Bulletin Board. The prices will fluctuate based on the demand for the shares of common stock. Our common stock trades on the OTC Bulletin Board under the symbol "NEOM." On December 3, 2002, the last reported sale price of our common stock on the OTC Bulletin Board was \$0.04 per share.

The selling stockholders consist of:

- o Cornell Capital Partners, L.P., which intends to sell up to 102,000,000 shares of common stock.
- o Other selling stockholders, who intend to sell up to 11,408,376 shares of common stock.

Cornell Capital Partners is an "underwriter" within the meaning of the Securities Act of 1933 in connection with the sale of common stock under the Equity Line of Credit Agreement. Cornell Capital Partners will pay NeoMedia 98% of the market price of our common stock. NeoMedia has paid Cornell Capital

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Partners a one-time commitment fee of 2,000,000 shares of common stock. In addition, Cornell Capital Partners is entitled to retain 5% of each advance under the Equity Line of Credit. The 2% discount, the one-time commitment fee and the 5% retention are underwriting discounts.

NeoMedia has engaged Westrock Advisors, Inc., an unaffiliated registered broker-dealer, to advise us in connection with the Equity Line of Credit. Westrock Advisors, Inc. was paid a fee of 62,500 shares of NeoMedia's common stock.

Brokers or dealers effecting transactions in these shares should confirm that the shares are registered under applicable state law or that an exemption from registration is available.

THESE SECURITIES ARE SPECULATIVE AND INVOLVE A HIGH DEGREE OF RISK. BEGINNING ON PAGE 3, WE HAVE LISTED SEVERAL RISK FACTORS WHICH YOU SHOULD CONSIDER. YOU SHOULD READ THE ENTIRE PROSPECTUS CAREFULLY BEFORE YOU MAKE YOUR INVESTMENT DECISION.

With the exception of Cornell Capital Partners which is an "underwriter" within the meaning of the Securities Act of 1933, no other underwriter or person has been engaged to facilitate the sale of shares of common stock in this offering. This offering will terminate 24 months after the accompanying registration statement is declared effective by the Securities and Exchange Commission. None of the proceeds from the sale of stock by the selling stockholders will be placed in escrow, trust or any similar account.

NEITHER THE SECURITIES AND EXCHANGE COMMISSION NOR ANY STATE SECURITIES COMMISSION HAS APPROVED OR DISAPPROVED OF THESE SECURITIES, OR DETERMINED IF THIS PROSPECTUS IS TRUTHFUL OR COMPLETE. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

The date of this prospectus is December __, 2002.

PROSPECTUS SUMMARY

OVERVIEW

NeoMedia develops proprietary technologies that link physical information and objects to the Internet marketed under its "PaperClick™" brand name and automate print production operations.

NeoMedia is structured as two distinct business units: Internet Switching Service and Consulting and Integration Services.

NeoMedia Internet Switching Service (NISS), our physical world-to-Internet offerings, is our core business and is based in the United States, with development and operating facilities in Fort Myers, Florida. Application services develops and supports all of our physical world to Internet technology, including our linking "switch" and our application platforms, and manages our patent portfolio surrounding our technology. NISS also provides the systems integration resources needed to design and build custom customer solutions predicated on our infrastructure technology.

NeoMedia Consulting and Integration Services (NCIS) is the original business line upon which we were organized. This unit resells client-server equipment and related software. The unit also provides general and specialized consulting services targeted at software driven print applications, and especially at process automation of production print facilities through its integrated document factory solution. NCIS also identifies prospects for custom applications based on our products and services. The operations are based in Lisle, Illinois.

ABOUT US

Our principal executive offices are located at 2201 Second Street, Suite 402, Fort Myers, Florida 33901. Our general telephone number is (239) 337-3434. Our Web site is located at WWW.NEOM.COM. Information contained on our Web site is not part of this prospectus.

THE OFFERING

This offering relates to the sale of common stock by certain persons who

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

are, or will become, our stockholders. The selling stockholders consist of:

- o Cornell Capital Partners, which intends to sell up to 102,000,000 shares of common stock.
- o Other selling stockholders, who intend to sell up to 11,408,376 shares of common stock.

Pursuant to the Equity Line of Credit, we may, at our discretion, periodically issue and sell to Cornell Capital Partners shares of common stock for a total purchase price of \$10 million. For each share of common stock purchased under the Equity Line of Credit, Cornell Capital Partners will pay 98% of the lowest closing bid price of our common stock on the Over the Counter Bulletin Board for the five trading days immediately following the notice date. The amount of each advance is subject to a maximum of \$150,000 per advance, with a minimum of six trading days between advances. In addition, Cornell Capital Partners will retain 5% of each advance under the Equity Line of Credit. Cornell Capital Partners received 2,000,000 shares of common stock as a one-time commitment fee in connection with the Equity Line of Credit. Cornell Capital Partners intends to sell any shares purchased under the Equity Line of Credit at the then prevailing market price. This prospectus relates to the shares of our common stock to be issued under the Equity Line of Credit, as well as shares of common stock issued as a commitment fee pursuant to the Equity Line of Credit, shares of common stock to be acquired pursuant to the exercise of warrants previously issued by NeoMedia and shares of common stock previously issued by NeoMedia.

We have engaged Westrock Advisors, Inc., an unaffiliated registered broker-dealer, to advise us in connection with the Equity Line of Credit. Westrock Advisors, Inc. was paid a fee of 62,500 shares of our common stock.

COMMON STOCK OFFERED	113,408,376 shares
OFFERING PRICE	Market Price
COMMON STOCK OUTSTANDING PRIOR TO THIS OFFERING(1)	25,391,298 shares
USE OF PROCEEDS	The shares of common stock offered pursuant to this prospectus are offered by the Selling Stockholders listed on page 16. We will not receive any proceeds from the sale of the shares offered hereby, except the exercise price of warrants being registered hereunder. We will also receive proceeds from the sale of common stock to Cornell Capital Partners under the Equity Line of Credit, which will be used for general working capital. See "Use of Proceeds."
RISK FACTORS	An investment in our common stock is highly speculative and involves a high degree of risk and immediate substantial dilution. You should read the "Risk Factors" and "Dilution" sections.
OTC BULLETIN BOARD SYMBOL	NEOM

(1) This table excludes options and warrants to purchase 8,755,219 and 7,705,090 shares of common stock, respectively, and up to 100,000,000 shares of common stock to be issued under the Equity Line of Credit. Outstanding shares of common stock excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted, and the note holder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding.

2

RISK FACTORS

WE ARE SUBJECT TO VARIOUS RISKS WHICH MAY MATERIALLY HARM OUR BUSINESS, FINANCIAL CONDITION AND RESULTS OF OPERATIONS. BEFORE PURCHASING OUR SHARES OF COMMON STOCK, YOU SHOULD CAREFULLY CONSIDER THE RISKS DESCRIBED BELOW IN ADDITION TO THE OTHER INFORMATION IN THIS PROSPECTUS. IF ANY OF THESE RISKS OR UNCERTAINTIES ACTUALLY OCCUR, OUR BUSINESS, PROSPECTS, FINANCIAL CONDITION, AND RESULTS OF OPERATIONS COULD BE MATERIALLY AND ADVERSELY AFFECTED. IN THAT CASE, THE TRADING PRICE OF OUR COMMON STOCK COULD DECLINE AND YOU COULD LOSE ALL OR PART OF YOUR INVESTMENT.

RISKS SPECIFIC TO NEOMEDIA

WE HAVE CURRENTLY PENDING LEGAL ACTIONS WHICH THREATEN TO DIVEST US OF CRITICAL INTELLECTUAL PROPERTY

On September 6, 2001, AirClic filed suit against NeoMedia in the Court of Common Pleas, Montgomery County, Pennsylvania, seeking, among other things, the accelerated repayment of a \$500,000 loan it advanced to NeoMedia under the terms of a letter of intent entered into between AirClic and NeoMedia. The letter of intent was subsequently abandoned on the basis of NeoMedia's alleged breach of certain representations in the promissory note issued to AirClic in respect of such advance. The note issued by NeoMedia in respect of AirClic's \$500,000 advance is secured by substantially all of NeoMedia's property, including our core physical world-to-Internet technologies. If we are deemed to have defaulted under such note, and do not pay the judgment, AirClic, which is one of our key competitors, could acquire NeoMedia's core intellectual property and other assets, which could force us to reduce or cease operations. We are vigorously defending this claim and have interposed counterclaims against AirClic. As of the date of this filing, pleadings were closed and the parties have engaged in written discovery. Whether or not AirClic is successful in asserting its claims that we breached certain representations made by us in the note, the note became due and payable in accordance with its terms on January 11, 2002. Based on the cash currently available to NeoMedia, payment of the note and related interest would have a material adverse effect on NeoMedia's financial condition. If we fail to pay such note, AirClic could proceed against our intellectual property and other assets securing the note which could force us to reduce or cease operations.

WE HAVE HISTORICALLY LOST MONEY AND LOSSES MAY CONTINUE

We have incurred substantial losses since our inception, and anticipate incurring substantial losses for the foreseeable future. We incurred a loss of \$6,502,000 in the nine months ended September 30, 2002, \$25,469,000 in the year ended December 31, 2001, \$5,409,000 in the year ended December 31, 2000 and \$10,472,000 in the year ended December 31, 1999. Our accumulated losses were approximately \$69,845,000 as of September 30, 2002, \$63,344,000 as of December

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

31, 2001 and \$37,875,000 as of December 31, 2000. We had a working capital (deficit) of approximately \$(8,208,000) as September 30, 2002, \$(5,163,000) as of December 31, 2001 and \$8,426,000 as of December 31, 2000. We had stockholders' equity of \$(5,183,000), \$(263,000) and \$19,110,000 at September 30, 2002, December 31, 2001 and December 2000, respectively. We generated revenues of \$8,452,000 for the nine months ended September 30, 2002, \$8,142,000 for the year ended December 31, 2001 and \$27,565,000 for the year ended December 31, 2000. In addition, we recorded negative cash flows from operations of (\$669,000) during the nine months ended September 30, 2002, (\$5,202,000) for the year ended December 31, 2001 and (\$6,775,000) for the year ended December 31, 2000, respectively. To succeed, we must develop new client and customer relationships and substantially increase our revenue derived from improved products and additional value-added services. To the extent we have available financing, we intend to expend substantial resources to develop and improve our products, increase our valued-added services and to market our products and services. These development and marketing expenses must be incurred well in advance of the recognition of revenue. As a result, we may not be able to achieve or sustain profitability.

WE WILL NEED TO RAISE ADDITIONAL CAPITAL TO FINANCE OPERATIONS

On May 6, 2002, we entered into an Equity Line of Credit Agreement with Cornell Capital Partners L.P. The agreement was terminated and a new agreement was entered into on November 11, 2002. Under the terms of the revised agreement, Cornell has agreed to purchase up to \$10.0 million of NeoMedia common stock over the next two years at NeoMedia's discretion. The maximum amount of each purchase is \$150,000, with a minimum of seven days between purchases. For each share of common stock purchased under the Equity Line of Credit, Cornell Capital will pay 98% of the lowest closing bid price on the Over-the-Counter Bulletin Board during the five-day period following the delivery of a notice of purchase by NeoMedia. We will pay 5% of the gross proceeds of each purchase to Cornell Capital as a commission. According to the terms of the revised agreement, NeoMedia cannot draw on the Equity Line of Credit until the shares underlying

3

the agreement are registered for with Securities and Exchange Commission. We have not secured any other financing as of the date of this filing to fund operations.

Our cash balance as of September 30, 2002, was approximately \$9,000. Based on current cash balances and operating budgets, we believe we only have enough operating capital to last the next 30 days. If our financial resources are insufficient, we may be forced to seek protection from our creditors under the United States Bankruptcy Code or analogous state statutes unless we are able to engage in a merger or other corporate finance transaction with a better capitalized entity. We cannot predict whether additional financing will be available, the type of any future financing, if available, or whether we will be successful in identifying entities with which we may consummate a merger or other corporate finance transactions.

On December 2, 2002, we issued to a private investor a promissory note in the principal amount of \$165,000, bearing interest at a rate of 12% per annum, with a maturity of 150 days. We will pay an administrative fee of \$16,500 and legal fees of \$10,000 relating to the issuance of the note, resulting in net proceeds to us of \$138,500. In the event we default on the note, the investor will receive sufficient stock to comprise a non-dilutable 51% of our fully-diluted common stock. In connection with the default provision of the note, we entered into a Pledge Agreement under which we have issued 53,620,020 shares to an unrelated third party as collateral for the note. In the event of

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

default, the third party will issue the shares to the investor, and we would issue additional shares as required to increase the investor's ownership to 51% of our fully-diluted outstanding shares at the time of default.

During November 2002, NeoMedia issued Convertible Secured Promissory Notes with an aggregate face value of \$60,000 to 3 separate parties, including Charles W. Fritz, Chairman of our Board of Directors; William E. Fritz, outside director of NeoMedia; and James J. Keil, outside director of NeoMedia. The notes bear interest at a rate of 15% per annum, and mature at the earlier of four months, or that date the shares of common stock underlying the Equity Line of Credit are registered with the Securities and Exchange Commission. The notes are convertible, at the option of the holder, into either cash or shares of NeoMedia's common stock at a 30% discount to the market price upon either the closing date or the conversion date, whichever is lower. NeoMedia will also grant to the holders an additional 192,000 shares of common stock and 60,000 warrants to purchase shares of NeoMedia's common stock at \$0.03 per share, with a term of three years. In the event NeoMedia defaults on the note, we will issue an additional 1,404,330 shares of our common stock to the note holders. The notes are secured by our intellectual property, which is subject to first lien by AirClic, Inc.

Over the next two years, we anticipate that in addition to the \$10 million available to us under the Equity Line of Credit, we will need to raise additional capital to fund our anticipated operating expenses. Among other things, external financing will be required to cover our operating costs. We cannot assure you that financing, whether from external sources or related parties, will be available if needed or on favorable terms. In the absence of financing, we believe that we will have sufficient capital to sustain operations through December 31, 2002. Our belief is based on our operating plan, which in turn is based on assumptions that may prove to be incorrect. If capital raised from financing efforts and our financial resources are insufficient we may require additional financing in order to execute on our operating plan and continue as a going concern. We may not be able to obtain the necessary additional capital on a timely basis, on acceptable terms, or at all. In any of these events, we may be unable to implement our current plans for expansion, repay our debt obligations as they become due or respond to competitive pressures, any of which circumstances could force us to reduce or cease operations. In the event that any future financing should take the form of a sale of equity securities, the holders of the common stock may experience additional dilution.

OUR INDEPENDENT ACCOUNTANTS HAVE ADDED GOING CONCERN LANGUAGE TO THEIR REPORT ON OUR FINANCIAL STATEMENTS, WHICH MEANS THAT WE MAY NOT BE ABLE TO CONTINUE OPERATIONS

The report of Stonefield Josephson, Inc., our independent auditors, with respect to our financial statements and the related notes for the year ended December 31, 2001, indicates that, at the date of their report, we had suffered recurring losses from operations and our current cash position raised substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from this uncertainty. The report of Arthur Andersen LLP, our former independent auditors, with respect to our financial statements and the related notes for the years ended December 21, 2000 and 1999, indicates that, at the date of their report, we had suffered recurring losses from operations and our current cash position raised substantial doubt about our ability to continue as a going concern. Our financial statements do not include any adjustments that might result from this uncertainty.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

THERE IS LIMITED INFORMATION UPON WHICH INVESTORS CAN EVALUATE OUR BUSINESS BECAUSE THE PHYSICAL WORLD - TO - INTERNET MARKET HAS EXISTED FOR A SHORT PERIOD OF TIME

The physical world-to-Internet market in which we operate is a recently developed market. Further, we have conducted operations in this market only since March 1996. Consequently, we have a relatively limited operating history upon which you may base an evaluation of our primary business and determine our prospects for achieving our intended business objectives. To date, we have sold our physical world-to-Internet products to only 12 companies. Further, Digital Convergence, our primary customer for our physical world-to-Internet products, has filed Chapter 7 of the United States Bankruptcy Code and is presently being sued by us for default on a promissory note issued to us in lieu of payment. We are prone to all of the risks inherent to the establishment of any new business venture, including unforeseen changes in our business plan. You should consider the likelihood of our future success to be highly speculative in light of our limited operating history in our primary market, as well as the limited resources, problems, expenses, risks, and complications frequently encountered by similarly situated companies in the early stages of development, particularly companies in new and rapidly evolving markets, such as the physical world-to-Internet space. To address these risks, we must, among other things,

- o maintain and increase our client base;
- o implement and successfully execute our business and marketing strategy;
- o continue to develop and upgrade our products;
- o continually update and improve our service offerings and features;
- o respond to industry and competitive developments; and
- o attract, retain, and motivate qualified personnel.

We may not be successful in addressing these risks. If we are unable to do so, our business, prospects, financial condition, and results of operations would be materially and adversely affected.

OUR SHARES HAVE BEEN DE-LISTED FROM TRADING ON THE NASDAQ SMALLCAP MARKET, WHICH MAY HAVE A MATERIAL ADVERSE EFFECT ON YOUR ABILITY TO RESELL YOUR SHARES OR OBTAIN ACCURATE PRICE QUOTATIONS

On March 11, 2002, we received a Nasdaq Staff Determination stating that, as of December 31, 2001, we did not meet either the minimum net tangible assets (\$2,000,000) or minimum stockholders' equity (\$2,500,000) criteria for continued listing on the Nasdaq SmallCap Market and advising that, accordingly, our shares were subject to de-listing from such market. On May 16, 2002, we received notification from the Nasdaq Listing Qualifications Panel that our shares were delisted effective May 17, 2002. Our shares are now trading on the OTC Bulletin Board. Your ability to resell shares of our stock, obtain accurate or timely price quotations on our shares, and, potentially, our ability to sell shares for our own account in order to raise equity financing could possibly be materially adversely affected by this delisting.

WE ARE SUBJECT TO PRICE VOLATILITY DUE TO OUR OPERATIONS MATERIALLY FLUCTUATING

As a result of the emerging and evolving nature of the markets in which we compete, as well as the current nature of the public markets and our current financial condition, we believe that our operating results may fluctuate materially, as a result of which quarter-to-quarter comparisons of our results

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

of operations may not be meaningful. If in some future quarter, whether as a result of such a fluctuation or otherwise, our results of operations fall below the expectations of securities analysts and investors, the trading price of our common stock would likely be materially and adversely affected. You should not rely on our results of any interim period as an indication of our future performance. Additionally, our quarterly results of operations may fluctuate significantly in the future as a result of a variety of factors, many of which are outside our control. Factors that may cause our quarterly results to fluctuate include, among others:

- o our ability to retain existing clients and customers;
- o our ability to attract new clients and customers at a steady rate;
- o our ability to maintain client satisfaction;

5

- o our ability to motivate potential clients and customers to acquire and implement new technologies;
- o the extent to which our products gain market acceptance; o the timing and size of client and customer purchases;
- o introductions of products and services by competitors;
- o price competition in the markets in which we compete;
- o the pricing of hardware and software which we resell or integrate into our products;
- o the level of use of the Internet and online services and the rate of market acceptance of physical world-to-Internet marketing;
- o our ability to upgrade and develop our systems and infrastructure in a timely and effective manner;
- o our ability to attract, train, and retain skilled management, strategic, technical, and creative professionals;
- o the amount and timing of operating costs and capital expenditures relating to the expansion of our business, operations, and infrastructure;
- o unanticipated technical, legal, and regulatory difficulties with respect to use of the Internet; and
- o general economic conditions and economic conditions specific to Internet technology usage and electronic commerce.

OUR COMMON STOCK IS DEEMED TO BE "PENNY STOCK," WHICH MAY MAKE IT MORE DIFFICULT FOR INVESTORS TO SELL THEIR SHARES DUE TO SUITABILITY REQUIREMENTS

Our common stock is deemed to be "penny stock" as that term is defined in Rule 3a51-1 promulgated under the Securities Exchange Act of 1934. These requirements may reduce the potential market for our common stock by reducing the number of potential investors. This may make it more difficult for investors in our common stock to sell shares to third parties or to otherwise dispose of them. This could cause our stock price to decline. Penny stocks are stock:

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

- o With a price of less than \$5.00 per share;
- o That are not traded on a "recognized" national exchange;
- o Whose prices are not quoted on the NASDAQ automated quotation system (NASDAQ listed stock must still have a price of not less than \$5.00 per share); or
- o In issuers with net tangible assets less than \$2.0 million (if the issuer has been in continuous operation for at least three years) or \$10.0 million (if in continuous operation for less than three years), or with average revenues of less than \$6.0 million for the last three years.

Broker/dealers dealing in penny stocks are required to provide potential investors with a document disclosing the risks of penny stocks. Moreover, broker/dealers are required to determine whether an investment in a penny stock is a suitable investment for a prospective investor.

WE ARE UNCERTAIN OF THE SUCCESS OF OUR INTERNET SWITCHING SERVICES BUSINESS UNIT AND THE FAILURE OF THIS UNIT WOULD NEGATIVELY AFFECT OUR OPERATIONS

We provide products and services that provide a seamless link from physical objects, including printed material, to the Internet. We can provide no assurance that:

- o this Internet Switching Services business unit will ever achieve profitability;

6

- o our current product offerings will not be adversely affected by the focusing of our resources on the physical world-to-Internet space; or
- o the products we develop will obtain market acceptance.

In the event that the Internet Switching Services business unit should never achieve profitability, that our current product offerings should so suffer, or that our products fail to obtain market acceptance, we could be forced to reduce or cease operations.

OUR SUCCESS IS DEPENDENT UPON THE RESALE OF SOFTWARE AND EQUIPMENT FOR REVENUE; A REDUCTION IN THESE SALES WOULD MATERIALLY ADVERSELY AFFECT OUR OPERATIONS AND THE PRICE OF OUR STOCK

During the three and nine months ended September 30, 2002 and the years ended December 31, 2001 and 2000, we derived 96%, 96%, 93%, and 69%, respectively, of our revenues from the resale of computer software and technology equipment. A loss or a reduction of this revenue would have a material adverse effect on our business, prospects, financial condition, and results of operations, as well as our stock price. We can provide no assurance that:

- o the market for our products and services will continue;
- o we will be successful in marketing these products due to competition and other factors;
- o we will continue to be able to obtain short-term financing for the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

purchase of the products that we resell; or

- o our relationship with companies whose products and services we sell will continue, including our relationship with Sun Microsystems Computer Company.

Further, the technology and equipment resale business is becoming a commodity industry for products undifferentiated by value-added proprietary elements and services. A large number of companies act as re-marketers of another party's products, and therefore, the competition in this area is intense. Resale operations are also being compressed as equipment manufacturers consolidate their distribution channels. In some instances, we, in acting as a re-marketer, may compete with the original manufacturer. An inability to effectively compete and generate revenues in this industry could force us to reduce or cease operations.

A LARGE PERCENTAGE OF OUR ASSETS ARE INTANGIBLE ASSETS, WHICH WILL HAVE LITTLE OR NO VALUE IF OUR OPERATIONS ARE UNSUCCESSFUL

At September 30, 2002, approximately 33% of our total assets were intangible assets, consisting primarily of rights related to our patents and other intellectual property. If our operations are unsuccessful, these assets will have little or no value, which will materially adversely affect the value of our stock and the ability of our stockholders to recoup their investments in our capital stock.

OUR ISS BUSINESS UNIT MARKETING STRATEGY HAS NOT BEEN TESTED AND MAY NOT RESULT IN SUCCESS

To date, we have conducted limited marketing efforts directly relating to our NISS business unit. All of our marketing efforts have been largely untested in the marketplace, and may not result in sales of our products and services. To penetrate the markets in which we compete, we will have to exert significant efforts to create awareness of, and demand for, our products and services. With respect to our marketing efforts conducted directly, we intend to expand our sales staff upon the receipt of sufficient operating capital. Our failure to further develop our marketing capabilities and successfully market our products and services could force us to reduce or cease operations.

OUR INTERNALLY DEVELOPED SYSTEMS ARE INEFFICIENT AND MAY PUT US AT A COMPETITIVE DISADVANTAGE

We use internally developed technologies for a portion of our systems integration services, as well as the technologies required to interconnect our clients' and customers' physical world-to-Internet systems and hardware with our own. As we developed these systems in order to integrate disparate systems and hardware on a case-by-case basis, these systems are inefficient and require a significant amount of customization. Such client and customer specific customization is time-consuming and costly and may place us at a competitive disadvantage when compared to competitors with more efficient systems.

7

WE COULD FAIL TO ATTRACT OR RETAIN KEY PERSONNEL

Our future success will depend in large part on our ability to attract, train, and retain additional highly skilled executive level management, creative, technical, and sales personnel. Competition is intense for these types of personnel from other technology companies and more established organizations, many of which have significantly larger operations and greater financial,

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

marketing, human, and other resources than we have. We may not be successful in attracting and retaining qualified personnel on a timely basis, on competitive terms, or at all. Our failure to attract and retain qualified personnel would have a material adverse effect on our business, prospects, financial condition, and results of operations will be materially adversely affected.

WE DEPEND UPON OUR SENIOR MANAGEMENT AND THEIR LOSS OR UNAVAILABILITY COULD PUT US AT A COMPETITIVE DISADVANTAGE

Our success depends largely on the skills of certain key management and technical personnel, including Charles T. Jensen, our President, Chief Executive Officer and Chief Operating Officer. The loss of the services of Mr. Jensen could materially harm our business because of the cost and time necessary to replace and train a replacement. Such a loss would also divert management attention away from operational issues. We do not presently maintain a key-man life insurance policy on Mr. Jensen.

WE MAY BE UNABLE TO PROTECT OUR INTELLECTUAL PROPERTY RIGHTS AND WE MAY BE LIABLE FOR INFRINGING THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS

Our success in the physical world-to-Internet and the value-added systems integration markets is dependent upon our proprietary technology, including our patents and other intellectual property, and on our ability to protect our proprietary technology and other intellectual property rights. In addition, we must conduct our operations without infringing on the proprietary rights of third parties. We also intend to rely upon unpatented trade secrets and the know-how and expertise of our employees, as well as our patents. To protect our proprietary technology and other intellectual property, we rely primarily on a combination of the protections provided by applicable patent, copyright, trademark, and trade secret laws as well as on confidentiality procedures and licensing arrangements. We have five patents for our physical world-to-Internet technology. We also have several trademarks relating to our proprietary products. Although we believe that we have taken appropriate steps to protect our unpatented proprietary rights, including requiring that our employees and third parties who are granted access to our proprietary technology enter into confidentiality agreements with us, we can provide no assurance that these measures will be sufficient to protect our rights against third parties. Others may independently develop or otherwise acquire patented or unpatented technologies or products similar or superior to ours.

We license from third parties certain software tools that we include in our services and products. If any of these licenses were terminated, we could be required to seek licenses for similar software from other third parties or develop these tools internally. We may not be able to obtain such licenses or develop such tools in a timely fashion, on acceptable terms, or at all. Companies participating in the software and Internet technology industries are frequently involved in disputes relating to intellectual property. We may in the future be required to defend our intellectual property rights against infringement, duplication, discovery, and misappropriation by third parties or to defend against third-party claims of infringement. Likewise, disputes may arise in the future with respect to ownership of technology developed by employees who were previously employed by other companies. Any such litigation or disputes could result in substantial costs to, and a diversion of effort by, us. An adverse determination could subject us to significant liabilities to third parties, require us to seek licenses from, or pay royalties to, third parties, or require us to develop appropriate alternative technology. Some or all of these licenses may not be available to us on acceptable terms or at all, and we may be unable to develop alternate technology at an acceptable price or at all. Any of these events could have a material adverse effect on our business, prospects, financial condition, and results of operations.

WE ARE EXPOSED TO PRODUCT LIABILITY CLAIMS FOR WHICH WE DO HAVE COVERAGE AND AN

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

UNINSURED CLAIM COULD HAVE A MATERIAL ADVERSE EFFECT ON OUR BUSINESS, PROSPECTS, FINANCIAL CONDITION, AND RESULTS OF OPERATIONS, AS WELL AS THE VALUE OF OUR STOCK

Many of our projects are critical to the operations of our clients' businesses. Any failure in a client's information system could result in a claim for substantial damages against us, regardless of our responsibility for such failure. We could, therefore, be subject to claims in connection with the products and services that we sell. We currently maintain product liability insurance up to \$1 million per occurrence. We do not currently maintain errors and omissions insurance. There can be no assurance that: we have contractually limited our liability for such claims adequately or at all; or we would have sufficient resources to satisfy any liability resulting from any such claim.

8

The successful assertion of one or more large claims against us could have a material adverse effect on our business, prospects, financial condition, and results of operations.

WE WILL NOT PAY CASH DIVIDENDS AND INVESTORS MAY HAVE TO SELL THEIR SHARES IN ORDER TO REALIZE THEIR INVESTMENT

We have not paid any cash dividends on our common stock and do not intend to pay cash dividends in the foreseeable future. We intend to retain future earnings, if any, for reinvestment in the development and marketing of our products and services. We are currently a party to a Credit Agreement with Bank One, which restricts our ability to pay dividends. Any future credit agreements into which we may enter with institutional lenders may similarly restrict our ability to pay dividends. As a result, investors may have to sell their shares of common stock to realize their investment.

SOME PROVISIONS OF OUR CERTIFICATE OF INCORPORATION AND BY-LAWS MAY DETER TAKEOVER ATTEMPTS, WHICH MAY LIMIT THE OPPORTUNITY OF OUR STOCKHOLDERS TO SELL THEIR SHARES AT A PREMIUM TO THE THEN MARKET PRICE

Some of the provisions of our Certificate of Incorporation and By-Laws could make it more difficult for a third party to acquire us, even if doing so might be beneficial to our stockholders by providing them with the opportunity to sell their shares at a premium to the then market price. On December 10, 1999, our Board of Directors adopted a stockholders rights plan and declared a non-taxable dividend of one right to acquire Series A Preferred Stock of NeoMedia, par value \$0.01 per share, on each outstanding share of our common stock to stockholders of record on December 10, 1999 and each share of common stock issued thereafter until a pre-defined hostile takeover date. The stockholder rights plan was adopted as an anti-takeover measure, commonly referred to as a "poison pill." The stockholder rights plan was designed to enable all stockholders not engaged in a hostile takeover attempt to receive fair and equal treatment in any proposed takeover of NeoMedia and to guard against partial or two-tiered tender offers, open market accumulations and other hostile tactics to gain control of NeoMedia. The stockholders rights plan, which is similar to plans adopted by many leading public companies, was not adopted in response to any effort to acquire control of NeoMedia at the time of adoption. This stockholders rights plan may have the effect of rendering more difficult, delaying, discouraging, preventing, or rendering more costly an acquisition of NeoMedia or a change in control of NeoMedia. Certain of our directors, officers and principal stockholders, including Charles W. Fritz, William E. Fritz and The Fritz Family Limited Partnership and their holdings were exempted from the triggering provisions of our "poison pill" plan, as their holdings as of the date of plans adoption might have otherwise triggered the "poison pill."

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

In addition, our Certificate of Incorporation authorizes the issuance of blank-check preferred stock (that is, preferred stock which our Board of Directors can create and issue without prior stockholder approval) with rights senior to those of our common stock. This provision may have the effect of delaying or preventing changes of control or management of NeoMedia, even if such transactions would have significant benefits to our stockholders. As a result, this could limit the price some investors might be willing to pay in the future for shares of our common stock.

9

RISKS RELATING TO OUR INDUSTRY

WE WILL ONLY BE ABLE TO EXECUTE OUR PHYSICAL WORLD-TO-INTERNET BUSINESS PLAN IF INTERNET USAGE AND ELECTRONIC COMMERCE CONTINUE TO GROW

Our future revenues and any future profits are substantially dependent upon the widespread acceptance and use of the Internet and other online services as an effective medium of information and commerce. If use of the Internet and other online services does not continue to grow or grows more slowly than we expect, if the infrastructure for the Internet and other online services does not effectively support the growth that may occur, or if the Internet and other online services do not become a viable commercial marketplace, our physical world-to-Internet business, and therefore our business, prospects, financial condition, and results of operations, could be materially adversely affected. Rapid growth in the use of, and interest in, the Internet, the Web, and online services is a recent phenomenon, and may not continue on a lasting basis. Concerns over the security of the Internet and other electronic transactions and the privacy of consumers and merchants may inhibit the growth of the Internet and other online services generally, especially as a means of conducting commercial transactions. In addition, new consumers may not adopt, and existing consumers may not continue to use, the Internet and other online services as a medium of information retrieval or commerce. Demand and market acceptance for recently introduced services and products over the Internet are subject to a high level of uncertainty, and few services and products have generated profits. For us to be successful, consumers and businesses must be willing to accept and use new ways of conducting business and exchanging information.

In addition, the public in general may not accept the Internet and other online services as a viable commercial or information marketplace for a number of reasons, including, but not limited to, potentially inadequate development of the necessary network infrastructure and delayed development of enabling technologies and performance improvements. To the extent that the Internet and other online networks continue to experience significant growth in the number of users, their frequency of use, and in their bandwidth requirements, the infrastructure for the Internet and online networks may be unable to support the demands placed upon them. In addition, the Internet and other online networks could lose their viability due to delays in the development or adoption of new standards and protocols required to handle increased levels of Internet activity and increased governmental regulation. Significant issues concerning the commercial and informational use of the Internet and online networks technologies, including security, reliability, cost, ease of use, and quality of service, remain unresolved and may inhibit the growth of Internet business solutions that utilize these technologies. Changes in, or insufficient availability of, telecommunications services to support the Internet or other online services also could result in slower response times and adversely affect usage of the Internet and other online networks generally and our physical world-to-Internet product and networks in particular. In the event that we are unable to successfully execute our physical world-to-Internet business plan, we

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

could be forced to reduce or cease operations.

WE MAY NOT BE ABLE TO ADAPT AS THE INTERNET, PHYSICAL WORLD-TO-INTERNET, EQUIPMENT RESALES AND SYSTEMS INTEGRATIONS MARKETS, AND CUSTOMER DEMANDS CONTINUE TO EVOLVE

We may not be able to adapt as the Internet, physical world-to-Internet, equipment resales and systems integration markets, and consumer demands continue to evolve. Our failure to respond in a timely manner to changing market conditions or client requirements could force us to reduce or cease operations. The Internet, physical world-to-Internet, equipment resales, and systems integration markets are characterized by:

- o rapid technological change;
- o changes in user and customer requirements and preferences;
- o frequent new product and service introductions embodying new technologies; and
- o the emergence of new industry standards and practices that could render proprietary technology and hardware and software infrastructure obsolete.

Our success will depend, in part, on our ability to:

- o enhance and improve the responsiveness and functionality of our products and services;

10

- o license or develop technologies useful in our business on a timely basis;
- o enhance our existing services, and develop new services and technologies that address the increasingly sophisticated and varied needs of our prospective or current customers; and
- o respond to technological advances and emerging industry standards and practices on a cost-effective and timely basis.

WE MAY NOT BE ABLE TO COMPETE EFFECTIVELY IN MARKETS WHERE OUR COMPETITORS HAVE MORE RESOURCES

While the market for physical world-to-Internet technology is relatively new, it is already highly competitive and characterized by an increasing number of entrants that have introduced or developed products and services similar to those offered by us. We believe that competition will intensify and increase in the future. Our target market is rapidly evolving and is subject to continuous technological change. As a result, our competitors may be better positioned to address these developments or may react more favorably to these changes, which could force us to reduce or cease operations.

In addition, the equipment resales and systems integration markets are increasingly competitive. We compete in these industries on the basis of a number of factors, including the attractiveness of the services offered, the breadth and quality of these services, creative design and systems engineering expertise, pricing, technological innovation, and response to clients' needs. A number of these factors are beyond our control. Our competitors may develop or offer products or services that provide significant technological, creative,

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

performance, price, or other advantages over the products and services offered by us.

Many of our competitors have longer operating histories, larger customer bases, longer relationships with clients, and significantly greater financial, technical, marketing, and public relations resources than NeoMedia. Based on total assets and annual revenues, we are significantly smaller than our two largest competitors in the physical world-to-Internet industry, which is the primary focus of our business. Similarly, we compete against significantly larger and better-financed companies in our systems integration and resales businesses, including the manufacturers of the equipment and technologies that we integrate and resell. If we compete with our primary competitors for the same geographical or institutional markets, their financial strength could prevent us from capturing those markets. We may not successfully compete in any market in which we conduct currently or in the future. In addition, based on the increasing consolidation, price competition and participation of equipment manufacturers in the systems integration and equipment resales markets, we believe that we will no longer be able to compete effectively in these markets in the future. It is for this reason, that we have increasingly focused our business plan on competing in the emerging market for physical world-to-Internet products. In the event that we do not successfully execute our physical world-to-Internet business plan, we could be forced to reduce or cease operations.

IN THE FUTURE THERE COULD BE GOVERNMENT REGULATIONS AND LEGAL UNCERTAINTIES WHICH COULD HARM OUR BUSINESS

We are not currently subject to direct regulation by any government agency other than laws or regulations applicable generally to electronic commerce. Any new legislation or regulation, the application of laws and regulations from jurisdictions whose laws do not currently apply to our business, or the application of existing laws and regulations to the Internet and other online services, could have a material adverse effect on our business, prospects, financial condition, and results of operations. Due to the increasing popularity and use of the Internet and other online services, federal, state, and local governments may adopt laws and regulations, or amend existing laws and regulations, with respect to the Internet or other online services covering issues such as taxation, user privacy, pricing, content, copyrights, distribution, and characteristics and quality of products and services. The growth and development of the market for electronic commerce may prompt calls for more stringent consumer protection laws to impose additional burdens on companies conducting business online. The adoption of any additional laws or regulations may decrease the growth of the Internet or other online services, which could, in turn, decrease the demand for our services and increase our cost of doing business, or otherwise force us to reduce or cease operations. Moreover, the relevant governmental authorities have not resolved the applicability to the Internet and other online services of existing laws in various jurisdictions governing issues such as property ownership and personal privacy and it may take time to resolve these issues definitively.

Certain of our proprietary technology allow for the storage of demographic data from our users. In 2000, the European Union adopted a directive addressing data privacy that may limit the collection and use of certain information regarding Internet users. This directive may limit our ability to collect and use information collected by our technology in certain European countries. In addition, the Federal Trade Commission and several state governments have investigated the use by certain Internet companies of personal

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

information. We could incur significant additional expenses if new regulations regarding the use of personal information are introduced or if our privacy practices are investigated.

EXISTING SHAREHOLDERS WILL EXPERIENCE SIGNIFICANT DILUTION FROM OUR SALE OF SHARES UNDER THE EQUITY LINE OF CREDIT AND THE SALE OF CONVERTIBLE DEBENTURES

The sale of shares pursuant to the conversion of debentures and pursuant to the Equity Line of Credit will have a dilutive impact on our stockholders. As a result, our net income per share could decrease in future periods, and the market price of our common stock could decline. In addition, the lower our stock price is the more shares of common stock we will have to issue under the Equity Line of Credit to draw down the full amount. If our stock price is lower, then our existing stockholders would experience greater dilution. For example, if we assume that we will issue 100,000,000 shares of common stock under the Equity Line of Credit at an assumed offering price of \$0.04 (approximately 91% of our lowest closing bid price for the five trading days before December 3, 2002), then new shareholders would experience dilution of \$0.0717 per share.

RISKS SPECIFIC TO THIS OFFERING

In addition, as of December 1, 2002, we have outstanding options and warrants to purchase up to an aggregate 16,460,309 shares of common stock. Up to an additional 100,000,000 shares of common stock may be issued under the Equity Line of Credit.

THE INVESTOR UNDER THE EQUITY LINE OF CREDIT WILL PAY LESS THAN THE THEN-PREVAILING MARKET PRICE OF OUR COMMON STOCK

The common stock to be issued under the Equity Line of Credit will be issued at a 2% discount to the lowest closing bid price for the 5 trading days immediately following the notice date of an advance. These discounted sales could cause the price of our common stock to decline.

THE SALE OF OUR STOCK UNDER OUR EQUITY LINE OF CREDIT COULD ENCOURAGE SHORT SALES BY THIRD PARTIES, WHICH COULD CONTRIBUTE TO THE FURTHER DECLINE OF OUR STOCK PRICE

The significant downward pressure on the price of our common stock caused by the sale of significant amounts of common stock under the Equity Line of Credit could encourage short sales by third parties. Up to 100,000,000 shares of our common stock may be issued under the Equity Line of Credit. Such an event could place further downward pressure on the price of our common stock.

THE PRICE YOU PAY IN THIS OFFERING WILL FLUCTUATE AND MAY BE HIGHER OR LOWER THAN THE PRICES PAID BY OTHER PEOPLE PARTICIPATING IN THIS OFFERING

The price in this offering will fluctuate based on the prevailing market price of the common stock on the OTC Bulletin Board. Accordingly, the price you pay in this offering may be higher or lower than the prices paid by other people participating in this offering.

THE SELLING STOCKHOLDERS INTEND TO SELL THEIR SHARES OF COMMON STOCK IN THE PUBLIC MARKET, WHICH SALES MAY CAUSE OUR STOCK PRICE TO DECLINE

The selling stockholders intend to sell the shares of common stock being registered in this offering in the public market. That means that up to 113,408,376 shares of common stock, the number of shares being registered in this offering may be sold. Such sales may cause our stock price to decline.

OUR COMMON STOCK TRADES SPORADICALLY; THE MARKET PRICE OF OUR SECURITIES MAY BE VOLATILE

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Our common stock currently trades sporadically on the OTC Bulletin Board. The market for our common stock may continue to be an inactive market. Accordingly, unless and until an active public market develops, you may have difficulty selling your shares of common stock at a price that is attractive to you.

Our common stock has traded as low as \$0.02 and as high as \$6.75 between September 30, 2000 and October 29, 2002. From time to time after this offering, the market price of our common stock may experience significant volatility. Our

12

quarterly results, failure to meet analysts expectations, announcements by us or our competitors regarding acquisitions or dispositions, loss of existing clients, new procedures or technology, changes in general conditions in the economy, and general market conditions could cause the market price of the common stock to fluctuate substantially. In addition, the stock market has experienced significant price and volume fluctuations that have particularly affected the trading prices of equity securities of many technology companies. These price and volume fluctuations often have been unrelated to the operating performance of the affected companies.

YOU MAY SUFFER SIGNIFICANT ADDITIONAL DILUTION IF OUTSTANDING OPTIONS AND WARRANTS ARE EXERCISED

As of December 1, 2002, we had outstanding stock options to purchase approximately 8.8 million shares of common stock and warrants to purchase approximately 7.7 million shares of common stock, some of which may in the future, but do not currently, have exercise prices at or below the price of our common shares on the public market. To the extent such options or warrants are exercised, there will be further dilution. In addition, in the event that any future financing should be in the form of, be convertible into, or exchangeable for, equity securities, and upon the exercise of options and warrants, investors may experience additional dilution.

EXISTING STOCKHOLDERS WILL EXPERIENCE SIGNIFICANT DILUTION FROM THE SALE OF SHARES UNDER THE EQUITY LINE OF CREDIT

The sale of shares of common stock pursuant to the Equity Line of Credit will have a dilutive impact on our stockholders. As a result, our net income per share could decrease in future periods, and the market price of our common stock could decline. In addition, for a given advance, we will need to issue a greater number of shares of common stock under the Equity Line of Credit as our stock price declines. If our stock price is lower, then our existing stockholders would experience greater dilution.

FUTURE SALES OF COMMON STOCK BY OUR STOCKHOLDERS COULD ADVERSELY AFFECT OUR STOCK PRICE AND OUR ABILITY TO RAISE FUNDS IN NEW STOCK OFFERINGS

The market price of our common stock could decline as a result of sales of a large number of shares of our common stock in the market as a result of this offering, or the perception that these sales could occur. These sales also might make it more difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate. Immediately following this offering, we will have outstanding 140,799,674 shares of common stock. Up to 100,000,000 of the shares being registered in this offering underlie our Equity Line of Credit Agreement with Cornell Capital Partners. Under the terms of the agreement, in our discussion, Cornell Capital Partners is obligated to buy up to \$150,000 worth of our common stock every seven days at a price equal to 98% of

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

the lowest closing bid price during the five-day period subsequent to delivery by us of an advance notice. Assuming the market price is \$0.04 (closing price on December 3, 2002) on the day this registration statement becomes effective, and that we deliver an advance notice of purchase of \$150,000 worth of our common stock, we would issue 3,750,000 shares of our common stock. Remaining shares would become outstanding as we continue to sell them under the agreement, with the number of shares dependent on the market price of our common stock at the time of the put. The number of shares to be issued upon each put is dependent on the stock price and cannot be determined exactly at this time.

Sales of our common stock in the public market following this offering could lower the market price of our common stock. Sales may also make it more difficult for us to sell equity securities or equity-related securities in the future at a time and price that our management deems acceptable or at all. Of the 25,391,298 shares of common stock outstanding as of December 1, 2002, 22,239,248 shares are, or will be, freely tradable without restriction, unless held by our "affiliates." The remaining 3,152,050 shares of common stock held by existing stockholders are "restricted securities" and may be resold in the public market only if registered or pursuant to an exemption from registration. Some of these shares may be resold under Rule 144. The amount of outstanding shares excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted, and the noteholder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding.

SELLING STOCKHOLDERS

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

The following table presents information regarding the selling stockholders. The table identifies the selling stockholders. None of the selling stockholders have held a position or office, or had any other material relationship, with NeoMedia, except as follows:

- o Cornell Capital Partners, L.P. is the investor under the Equity Line of Credit. All investment decisions of Cornell Capital Partners are made by its general partner, Yorkville Advisors, LLC. Mark Angelo, the managing member of Yorkville Advisors, makes the investment decisions on behalf of Yorkville Advisors.
- o Westrock Advisors, Inc. is an unaffiliated registered broker/dealer that has been retained by us. It has provided advice to us in connection with the Equity Line of Credit. Greg Martino makes the investment decisions for Westrock Advisors, Inc. For its services, Westrock Advisors, Inc. received 62,500 shares of NeoMedia's common stock.
- o Ronald Breckner makes the investment decisions for Data Sales Corporation.
- o Alan Refkin makes the investment decisions for Thornhill Capital LLC.
- o Thomas S. Rogers makes the investment decisions for About.com, Inc.
- o Qode.com, Inc. is currently proceeding under Chapter 7 of the United States Bankruptcy Code. The trustee, Soneet Kapila, makes the investment decisions for Qode.com, Inc.
- o Michael Pritchett makes the investment decisions for 2150 Western Court LLC.
- o Greg Wharton makes the investment decisions for Ripfire, Inc.

- (1) Applicable percentage of ownership is based on 25,391,298 shares of common stock outstanding as of December 1, 2002, together with securities exercisable or convertible into shares of common stock within 60 days of December 1, 2002, for each stockholder. Outstanding shares excludes 53,000 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia Technologies to an investor. The shares are restricted, and the note holder does not have title to the securities until NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not included in the outstanding. Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to the securities. Shares of common stock subject to securities exercisable or convertible into shares of common stock that are currently exercisable or exercisable within 60 days of December 1, 2002, are included in the beneficially owned by the person holding such securities for the purpose of computing the percentage ownership of such person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. USE OF PROCEEDS

This prospectus relates to shares of our common stock that may be offered and sold from time to time by certain selling stockholders. There will be no proceeds to us from the sale of shares of common stock in this offering. However, we will receive the proceeds from the sale of shares of common stock to Cornell Capital Partners under the Equity Line of Credit. The purchase price of the shares purchased under the Equity Line of Credit will be equal to 98% of the lowest closing bid price of our common stock on the OTC Bulletin Board for the 5 trading days immediately following the notice date.

For illustrative purposes, we have set forth below our intended use of proceeds for the range of net proceeds indicated below to be received under the Equity Line of Credit. The table assumes estimated offering expenses of \$85,000 and 5% retention of the gross proceeds raised under the Equity Line of Credit.

GROSS PROCEEDS	\$1,000,000	\$5,000,000	\$10,000,000
NET PROCEEDS	\$865,000	4,665,000	9,415,000

DILUTION

The net tangible book value of our company as of September 30, 2002 was \$(7,678,000) or \$(0.3054) per share of common stock. Net tangible book value per share is determined by dividing the tangible book value of NeoMedia (total tangible assets less total liabilities) by the number of outstanding shares of our common stock. Since this offering is being made solely by the selling stockholders and none of the proceeds will be paid to NeoMedia, our net tangible book value will be unaffected by this offering. Our net tangible book value, however, will be impacted by the common stock to be issued under the Equity Line of Credit. The amount of dilution will depend on the offering price and number of shares to be issued under the Equity Line of Credit. The following example shows the dilution to new investors at an offering price of \$0.04 per share.

If we assume that NeoMedia had issued 100,000,000 shares of common stock under the Equity Line of Credit at an assumed offering price of \$0.04 per share (I.E., the maximum number of shares registered in this offering under the Equity Line of Credit), less retention fees of \$200,000 and offering expenses of \$85,000, our net tangible book value as of September 30, 2002 would have been \$(3,963,000) or \$(0.0317) per share. Note that at an offering price of \$0.04 per share, NeoMedia would receive gross proceeds of \$4,000,000 or \$6,000,000 less than is available under the Equity Line of Credit. Such an offering would represent an immediate increase in net tangible book value to existing stockholders of \$0.2737 per share and an immediate dilution to new stockholders of \$0.0717 per share. The following table illustrates the per share dilution:

Assumed public offering price per share		\$0.0400
Net tangible book value per share before this offering	\$(0.3054)	
Increase attributable to new investors	\$ 0.2737	

Net tangible book value per share after this offering		\$(0.0317)

Dilution per share to new stockholders		\$0.0717
		=====

The offering price of our common stock is based on the then-existing market price. In order to give prospective investors an idea of the dilution per share they may experience, we have prepared the following table showing the dilution per share at various assumed offering prices:

ASSUMED OFFERING PRICE	NO. OF SHARES TO BE ISSUED (1)	DILUTION PER SHARE TO NEW INVESTORS
-----	-----	-----
\$0.1000	100,000,000	\$0.0861
\$0.0400	100,000,000	\$0.0717

DIVIDEND POLICY

We have not declared or paid any dividends on our common stock during the years ended December 31, 2001 or 2000. Following this offering, our dividend practices with respect to our common stock will be determined and may be changed from time to time by our board of directors. We will base any issuance of dividends upon our earnings, financial condition, capital requirements and other factors considered important by our board of directors. Delaware law and our Certificate of Incorporation do not require our Board of Directors to declare dividends on our common stock. In addition, we have a letter of credit with Bank One, Chicago, Illinois, which requires Bank One's written consent prior to the declaration of cash dividends. We expect to retain all earnings, if any, generated by our operations for the development and growth of our business and do not anticipate paying any dividends to our stockholders for the foreseeable future.

CAPITALIZATION

The following table sets forth as of September 30, 2002, NeoMedia's actual capitalization and pro forma capitalization after giving effect to the issuance of 100,000,000 shares of common stock under the Equity Line of Credit. This information assumes a purchase price under the Equity Line of Credit of \$0.04 per share, less estimated offering expenses of \$85,000 and a retention of \$200,000. This table should be read in conjunction with the information contained in "Management's Discussion and Analysis or Plan of Operation" and the consolidated financial statements and the notes thereto included elsewhere in this prospectus.

-
- (1) This table excludes outstanding options and warrants which if exercised into shares of common stock would result in NeoMedia issuing 8,755,219 and 7,705,090, respectively, additional shares of common stock.

 - (2) On June 6, 2002, our stockholders approved an amendment to our articles of incorporation that increased the authorized capital stock to 200,000,000 shares of common stock and 25,000,000 shares of preferred stock.

 - (3) As of December 31, 2001, there were 452,489 shares of Series B Convertible Preferred Stock that were converted to shares of common stock on January 2, 2002. As of December 1, 2002, no Preferred Stock was outstanding.

 - (4) An additional 19,000,000 shares were issued in February 2002 in exchange for \$190,000 cash and promissory notes for \$3,230,000 maturing at the earlier of August 12, 2002 or 30 days from the date of registration of the shares. On August 12, 2002, the notes matured without payment, and we subsequently cancelled the 19,000,000 shares issued in connection with such notes. As a result, as of December 1, 2002, we had total outstanding shares of 25,391,298 shares. Outstanding shares excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted, and the note holder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding. As of December 1, 2002, we had outstanding options to purchase 8,755,219 shares of common stock and 7,705,090 warrants.

22

EQUITY LINE OF CREDIT

SUMMARY. On November 12, 2002, we entered into an Equity Line of Credit with Cornell Capital Partners. Pursuant to the Equity Line of Credit, we may, at our discretion, periodically sell to Cornell Capital Partners shares of common stock for a total purchase price of up to \$10.0 million. For each share of common stock purchased under the Equity Line of Credit, Cornell Capital Partners will pay 98% of the lowest closing bid price of our common stock on the OTC Bulletin Board or other principal market on which our common stock is traded for the 5 trading days immediately following the notice date. Cornell Capital Partners is a private limited partnership whose business operations are conducted through its general partner, Yorkville Advisors, LLC. Further, Cornell Capital Partners will retain a fee of 5% of each advance under the Equity Line of Credit. In addition, we engaged Westrock Advisors, Inc., an unaffiliated registered broker-dealer, to advise us in connection with the Equity Line of Credit. For its services, Westrock Advisors, Inc. received 62,500 shares of our common stock. The effectiveness of the sale of the shares under the Equity Line of Credit is conditioned upon us registering the shares of common stock with the Securities and Exchange Commission. The costs associated with this registration will be borne by us.

EQUITY LINE OF CREDIT EXPLAINED. Pursuant to the Equity Line of Credit, we may periodically sell shares of common stock to Cornell Capital Partners to raise capital to fund our working capital needs. The periodic sale of shares is

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

known as an advance. We may request an advance every 7 days. A closing will be held 7 days after such written notice at which time we will deliver shares of common stock and Cornell Capital Partners will pay the advance amount, less the 5% retention.

We may request advances under the Equity Line of Credit once the underlying shares are registered with the Securities and Exchange Commission. Thereafter, we may continue to request advances until Cornell Capital Partners has advanced \$10.0 million or two years after the effective date of the accompanying registration statement, whichever occurs first.

The amount of each advance is subject to a maximum of \$150,000 with a minimum of 6 trading days between advances. The amount available under the Equity Line of Credit is not dependent on the price or volume of our common stock. Cornell Capital Partners may not own more than 9.9% of our outstanding common stock at any time.

We cannot predict the actual number of shares of common stock that will be issued pursuant to the Equity Line of Credit, in part, because the purchase price of the shares will fluctuate based on prevailing market conditions and we have not determined the total amount of advances we intend to draw. Nonetheless, we can estimate the number of shares of our common stock that will be issued using certain assumptions. Assuming we issued 100,000,000 shares to Cornell Capital Partners (i.e., the maximum number of shares being registered in the accompanying registration statement), based on a recent price of \$0.04 per share under the Equity Line of Credit, we would receive gross proceeds of \$4,000,000 less estimated offering expenses of \$85,000 and a retention of \$200,000. These shares would represent 80% of our outstanding common stock upon issuance. Proceeds used under the Equity Line of Credit will be used in the manner set forth in the "Use of Proceeds" section of this prospectus. We cannot predict the total amount of proceeds to be raised in this transaction because we have not determined the total amount of the advances we intend to draw.

We expect to incur expenses of approximately \$85,000 in connection with this registration, consisting primarily of professional fees. In addition, Cornell Capital Partners will retain 5% of each advance. In connection with the Equity Line of Credit, we paid Cornell Capital Partners a commitment of 2,000,000 shares of common stock. In addition, we issued 62,500 shares of common stock, valued at \$10,000, to Westrock Advisors, Inc., an unaffiliated registered broker-dealer, as a placement agent fee.

23

PLAN OF DISTRIBUTION

The selling stockholders have advised us that the sale or distribution of our common stock owned by the selling stockholders may be effected directly to purchasers by the selling stockholders or by pledgees, donees, transferees or other successors in interest, as principals or through one or more underwriters, brokers, dealers or agents from time to time in one or more transactions (which may involve crosses or block transactions) (i) on the OTC Bulletin Board or in any other market on which the price of our shares of common stock are quoted or (ii) in transactions otherwise than on the OTC Bulletin Board or in any other market on which the price of our shares of common stock are quoted. Any of such transactions may be effected at market prices prevailing at the time of sale, at prices related to such prevailing market prices, at varying prices determined at the time of sale or at negotiated or fixed prices, in each case as determined by the selling stockholders or by agreement between the selling stockholders and underwriters, brokers, dealers or agents, or purchasers. If the selling stockholders effect such transactions by selling their shares of common stock to

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

or through underwriters, brokers, dealers or agents, such underwriters, brokers, dealers or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or commissions from purchasers of common stock for whom they may act as agent (which discounts, concessions or commissions as to particular underwriters, brokers, dealers or agents may be in excess of those customary in the types of transactions involved). The selling stockholders and any brokers, dealers or agents that participate in the distribution of the common stock may be deemed to be underwriters, and any profit on the sale of common stock by them and any discounts, concessions or commissions received by any such underwriters, brokers, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act.

Cornell Capital Partners is an "underwriter" within the meaning of the Securities Act of 1933 in connection with the sale of common stock under the Equity Line of Credit. Cornell Capital Partners will pay us 98% of the lowest closing bid price of our common stock on the OTC Bulletin Board or other principal trading market on which our common stock is traded for the 5 trading days immediately following the advance date. In addition, Cornell Capital Partners will retain 5% of the proceeds received by us under the Equity Line of Credit and received a one-time commitment fee paid by the issuance of 2,000,000 shares of common stock. The 2% discount, the 5% retention, and the one-time commitment fee are underwriting discounts. In addition, we engaged Westrock Advisors, Inc., an unaffiliated registered broker-dealer, to advise us in connection with the Equity Line of Credit. For its services, Westrock Advisors, Inc. received 62,500 shares of our common stock.

Cornell Capital Partners, L.P. was formed in February 2000 as a Delaware limited partnership. Cornell Capital Partners is a domestic hedge fund in the business of investing in and financing public companies. Cornell Capital Partners does not intend to make or market in NeoMedia's stock or to otherwise engage in stabilizing or other transactions intended to help support the stock price. Prospective investors should take these factors into consideration before purchasing NeoMedia's common stock.

Under the securities laws of certain states, the shares of common stock may be sold in such states only through registered or licensed brokers or dealers. The selling stockholders are advised to ensure that any underwriters, brokers, dealers or agents effecting transactions on behalf of the selling stockholders are registered to sell securities in all fifty states. In addition, in certain states the shares of common stock may not be sold unless the shares have been registered or qualified for sale in such state or an exemption from registration or qualification is available and is complied with.

We will pay all the expenses incident to the registration, offering and sale of the shares of common stock to the public hereunder other than commissions, fees and discounts of underwriters, brokers, dealers and agents. We have agreed to indemnify Cornell Capital Partners and its controlling persons against certain liabilities, including liabilities under the Securities Act. We estimate that the expenses of the offering to be borne by us will be approximately \$85,000, and a one-time fee payable by the issuance of 2,000,000 shares of common stock. In addition, we engaged Westrock Advisors, Inc., a registered broker-dealer, to advise us in connection with the Equity Line of Credit. For its services, Westrock Advisors, Inc. received 62,500 shares of our common stock. The offering expenses consist of: a SEC registration fee of \$210, printing expenses of \$2,500, accounting fees of \$15,000, legal fees of \$50,000 and miscellaneous expenses of \$17,282. We will not receive any proceeds from the sale of any of the shares of common stock by the selling stockholders. We will, however, receive proceeds from the sale of common stock under the Equity Line of Credit.

The selling stockholders should be aware that the anti-manipulation provisions of Regulation M under the Exchange Act will apply to purchases and

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

sales of shares of common stock by the selling stockholders, and that there are restrictions on market-making activities by persons engaged in the distribution of the shares. Under Registration M, the selling stockholders or their agents may not bid for, purchase, or attempt to induce any person to bid for or purchase, shares of our common stock while such selling stockholders are distributing shares covered by this prospectus. Accordingly, except as noted below, the selling stockholders are not permitted to cover short sales by

24

purchasing shares while the distribution is taking place. Cornell Capital Partners can cover any short positions only with shares received from us under the Equity Line of Credit. The selling stockholders are advised that if a particular offer of common stock is to be made on terms constituting a material change from the information set forth above with respect to the Plan of Distribution, then, to the extent required, a post-effective amendment to the accompanying registration statement must be filed with the Securities and Exchange Commission.

MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

THE FOLLOWING INFORMATION SHOULD BE READ IN CONJUNCTION WITH THE CONSOLIDATED FINANCIAL STATEMENTS OF NEOMEDIA AND THE NOTES THERETO APPEARING ELSEWHERE IN THIS FILING. STATEMENTS IN THIS MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION AND ELSEWHERE IN THIS PROSPECTUS THAT ARE NOT STATEMENTS OF HISTORICAL OR CURRENT FACT CONSTITUTE "FORWARD-LOOKING STATEMENTS."

OVERVIEW

Beginning in the second quarter of 2002, NeoMedia's continued focus was aimed toward the intellectual property commercialization unit of its Internet Switching Systems (NISS, formerly NAS) business. NISS consists of the patented PaperClick™ technology that enables users to link directly from the physical to the digital world, as well as the patents surrounding certain physical-world-to-web linking processes. NeoMedia's mission is to invent, develop, and commercialize technologies and products that effectively leverage the integration of the physical and electronic to provide clear functional value for NeoMedia's end-users, competitive advantage for their business partners and return-on-investment for their investors. To this end, the Company signed an intellectual property license with Brandkey Systems Corporation, the fourth intellectual property license into which the Company has entered. NeoMedia also continued its movement into the Storage Area Network (SAN) market through its NeoMedia Consulting and Integration Services (NCIS) business unit.

NeoMedia's quarterly operating results have been subject to variation and will continue to be subject to variation, depending upon factors, such as the mix of business among NeoMedia's services and products, the cost of material, labor and technology, particularly in connection with the delivery of business services, the costs associated with initiating new contracts, the economic condition of NeoMedia's target markets, and the cost of acquiring and integrating new businesses.

RESULTS OF OPERATIONS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2002 AS COMPARED TO THE NINE MONTHS ENDED SEPTEMBER 30, 2001

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

NET SALES. Total net sales for the nine months ended September 30, 2002 were \$8.5 million, which represented a \$4.7 million, or 124%, increase from \$3.8 million for the nine months ended September 30, 2001. This increase primarily resulted from revenues relating to NeoMedia's newly created SAN practice in 2002. NeoMedia will continue to pursue additional sales of SAN products and services, and to the extent that such sales can be made, NeoMedia expects total net sales to more closely resemble the results for the first nine months of 2002, rather than the first nine months of 2001.

LICENSE FEES. License fees were \$0.3 million for the nine months ended September 30, 2002, a decrease of \$0.2 million or 40%, compared with \$0.5 million for the nine months ended September 30, 2001. The decrease was due to lower sales of internally developed software licenses in 2002. Demand for such licenses has historically fluctuated from year to year. NeoMedia intends to continue to increase sales efforts of its internally developed software licenses in the future.

RESALES OF SOFTWARE AND TECHNOLOGY EQUIPMENT AND SERVICE FEES. Resales of software and technology equipment and service fees increased by \$4.8 million, or 145%, to \$8.1 million for the nine months ended September 30, 2002, as compared to \$3.3 million for the nine months ended September 30, 2001. This increase primarily resulted from revenues relating to NeoMedia's newly created SAN practice in 2002. NeoMedia will continue to pursue additional sales of SAN products and services.

COST OF SALES. Cost of license fees was \$0.8 million for the nine months ended September 30, 2002, a decrease of \$1.2 million, or 150%, compared with \$2.0 million for the nine months ended September 30, 2001. The decrease resulted from reduced amortization expense of capitalized development costs in 2002 relating to the PaperClick, MLM/Affinity, and Qode products that were written off during 2002. Cost of resales was \$6.6 million for the nine months ended September 30, 2002, an increase of \$3.9 million, or 144%, compared with \$2.7 million for the nine months ended September 30, 2001. The increase resulted from increased resales in 2002 compared with 2001. Cost of resales as a percentage of related resales was 81% in 2002 and 84% in 2001. NeoMedia expects the cost of resales as a percentage of related resales to remain relatively stable in the next 12 months.

GROSS PROFIT. Gross profit was \$1.1 million for the nine months ended September 30, 2002, an increase of \$2.0 million, or 222%, compared with a negative gross profit of (\$0.9) million in 2001. The increase was due to higher SAN-related sales in 2002, as well as lower software amortization costs in 2002

26

due to the write-off of Qode-related assets at the end of 2001, and PaperClick assets in the second quarter of 2002.

SALES AND MARKETING. Sales and marketing expenses were \$0.7 million for the nine months ended September 30, 2002, compared to \$2.1 million for the nine months ended September 30, 2001, a decrease of \$1.4 million or 67%. This decrease resulted from a reduction in sales and marketing personnel following NeoMedia's cost-reduction initiative started in the second half of 2001. NeoMedia does not expect sales and marketing expenses to fluctuate dramatically from 2002 levels over the next 12 months.

GENERAL AND ADMINISTRATIVE. General and administrative expenses were \$3.6 million for the nine months ended September 30, 2002 compared with general and administrative expenses of \$3.4 million for the nine months ended September 30, 2001, an increase of \$0.2 million or 6%. The increase resulted primarily

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

from increased legal and professional service. NeoMedia expects general and administrative expense to decrease slightly in the next 12 months due to reduced professional service expenses, lease restructuring, and other cost reduction efforts.

RESEARCH AND DEVELOPMENT. During the nine months ended September 30, 2002, NeoMedia charged to expense \$0.7 million of research and development costs, compared to \$0.3 million for the nine months ended September 30, 2001, an increase of \$0.4 million or 133%. The increase is primarily due to the fact that NeoMedia was capitalizing the majority of its product development costs in 2001 as the Qode Commerce Solution was being implemented. The implementation was cancelled and the product discontinued in the third quarter of 2001. During the third quarter of 2002, development resources were devoted primarily to system maintenance. NeoMedia expects research and development costs will decline over the next 12 months.

LOSS ON IMPAIRMENT OF ASSETS. During the nine months ended September 30, 2002, NeoMedia recognized a loss on impairment of assets of \$1.0 million for the write-off capitalized development costs relating to its PaperClick physical-world-to-internet software. Due to capital constraints, NeoMedia is not currently able to devote full-time resources and infrastructure to commercializing the technology. NeoMedia intends to re-focus sales and marketing efforts surrounding the product upon the receipt of sufficient capital. During the nine months ended September 30, 2001, NeoMedia recognized a loss or impairment of assets of \$2.9 million relating to NeoMedia's MLM/Affinity product line.

WRITE-OFF OF DIGITAL CONVERGENCE LICENSE CONTRACT. During the second quarter of 2001, NeoMedia took a \$7.4 million charge to income to write off the net assets associated with the Digital Convergence intellectual property license contract. There were no charges related to the contract in 2002. No charges are expected in the next 12 months.

INTEREST EXPENSE/(INCOME). Net Interest expense/(income) consists primarily of interest paid to creditors as part of financed purchases, notes payable and NeoMedia's asset-based collateralized line of credit net of interest earned on cash equivalent investments. Interest expense increased by \$129,000 to \$99,000 for the nine months ended September 30, 2002 from income of \$(30,000) for the nine months ended September 30, 2001, due to lower cash balances in 2002, as well as interest charges in 2002 relating to notes payable not held during 2001. NeoMedia expects net interest expense similar to 2002 levels over the next 12 months, due to capital constraints and borrowing costs.

LOSS FROM CONTINUING OPERATIONS. The loss from continuing operations for the nine months ended September 30, 2002 was \$5.0 million, which represented a \$12.0 million, or 71% decrease from a \$17.0 million loss for the nine months ended September 30, 2001. The decrease resulted primarily from the \$7.4 million write-off of the Digital Convergence license contract during the second quarter of 2001, combined with a loss on impairment of the Company's MLM/Affinity product line of \$2.9 million in 2001 and decrease of sales and marketing expense by \$1.4 million due to reduction of sales force.

LOSS FROM OPERATIONS OF DISCONTINUED BUSINESS UNITS. NeoMedia discontinued operations of its Qode business unit in 2001, resulting in a loss from operations of discontinued business units of \$3.7 million for the nine months ended September 30, 2001. The business unit's assets were purchased in March 2001 and the implementation was cancelled during the second quarter of 2001. NeoMedia does not expect any charges relating to the Qode business unit in the next 12 months.

LOSS ON DISPOSAL OF DISCONTINUED BUSINESS UNITS. During the third quarter of 2001, NeoMedia discontinued operations of its Qode business unit,

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

resulting in a loss on disposal of discontinued business unit of \$3.2 million. The remaining Qode system assets were held for sale subject to a letter of intent with the Finx Group, Inc. As of September 30, 2001, December 31, 2001, and March 31, 2002, NeoMedia recorded on its consolidated balance sheet net assets held for sale in the amount of \$210,000, which was the estimated value to be received by NeoMedia from the Finx Group in exchange for the Qode assets. During the second quarter of 2002, the Finx group withdrew its letter of intent. As a result, during the nine months ended September 30, 2002, NeoMedia

27

recognized an additional loss on disposal of discontinued business unit of \$1.5 million to write off the remaining Qode-related assets. NeoMedia does not expect any charges relating to the Qode business unit in the next 12 months.

NET LOSS. The net loss for the nine months ended September 30, 2002 was \$6.5 million, which represented a \$17.3 million, or 73% decrease from a \$23.8 million loss for the nine months ended September 30, 2001. The decrease primarily resulted from the \$7.4 million write-off of the Digital Convergence license contract during the second quarter of 2001, a loss on impairment of NeoMedia's MLM/Affinity product line of \$2.9 million in 2001, loss from discontinued Qode operations of \$6.9 million in 2001, and a reduction in overhead expenses resulting from a reduction in force initiated in the third quarter of 2001.

RESULTS OF OPERATIONS FOR THE THREE MONTHS ENDED SEPTEMBER 30, 2002 AS COMPARED TO THE THREE MONTHS ENDED SEPTEMBER 30, 2001

NET SALES. Total net sales for the three months ended September 30, 2002 were \$3.4 million, which represented a \$2.5 million, or 278%, increase from \$0.9 million for the three months ended September 30, 2001. This increase primarily resulted from revenues relating to a \$1.7 million equipment and software order in 2002. NeoMedia intends to continue to pursue additional software and equipment sales, as well as sales of its SAN products and services, and to the extent that such sales can be made, NeoMedia expects future net sales to more closely resemble the results for the first nine months of 2002, rather than the first nine months of 2001.

LICENSE FEES. License fees were \$0.2 million for the three months ended September 30, 2002, an increase of \$0.1 million or 100%, compared with \$0.1 million for the three months ended September 30, 2001. The increase was due to higher sales of internally developed software licenses in 2002. Demand for such licenses has historically fluctuated from year to year. NeoMedia intends continue to increase sales efforts of its internally developed software licenses in the future.

RESALES OF SOFTWARE AND TECHNOLOGY EQUIPMENT AND SERVICE FEES. Resales of software and technology equipment and service fees increased by \$2.5 million, or 313%, to \$3.3 million for the three months ended September 30, 2002, as compared to \$0.8 million for the three months ended September 30, 2001. This increase primarily resulted from revenues relating to a \$1.7 million equipment and software order in 2002. NeoMedia intends to continue to pursue additional software and equipment sales, as well as sales of its SAN products and services.

COST OF SALES. Cost of license fees was \$0.1 million for the three months ended September 30, 2002, a decrease of \$0.6 million, or 86%, compared with \$0.7 million for the three months ended September 30, 2001. The decrease resulted from reduced amortization expense of capitalized development costs in 2002 relating to the PaperClick, MLM/Affinity, and Qode products that were written off during 2002. Cost of resales was \$2.7 million for the nine months

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

ended September 30, 2002, an increase of \$2.0 million, or 286%, compared with \$0.7 million for the nine months ended September 30, 2001. The increase resulted from increased resales in 2002 compared with 2001. Cost of resales as a percentage of related resales for the three months ended September 30 was 84% in 2002 and 91% in 2001. This decrease is primarily due to a higher sales mix of higher-margin equipment, software, and services in 2002.

GROSS PROFIT. Gross profit was \$0.6 million for the three months ended September 30, 2002, an increase of \$1.1 million, or 220%, compared with a negative gross profit of (\$0.5) million in 2001. The increase was due to higher SAN-related sales in 2002, as well as lower software amortization costs in 2002 due to the write-off of Qode-related assets at the end of 2001, and PaperClick assets in the second quarter of 2002.

SALES AND MARKETING. Sales and marketing expenses were \$0.2 million for the three months ended September 30, 2002, compared to \$0.7 million for the three months ended September 30, 2001, a decrease of \$0.5 million or 71%. This decrease resulted from a reduction in sales and marketing personnel resulting from NeoMedia's cost-reduction initiative started in the second half of 2001. NeoMedia does not expect sales and marketing expenses to fluctuate dramatically from 2002 levels over the next 12 months.

GENERAL AND ADMINISTRATIVE. General and administrative expenses increased by \$0.2 million, or 25%, to \$1.0 million for the three months ended September 30, 2002, compared to \$0.8 million for the three months ended September 30, 2001. The increase resulted primarily from increased legal and professional service. NeoMedia expects general and administrative expense to decrease slightly in the next 12 months due to reduced professional service expenses, lease restructuring, and other cost reduction efforts.

28

RESEARCH AND DEVELOPMENT. During the three months ended September 30, 2002, NeoMedia charged to expense \$150,000 of research and development costs, an increase of \$13,000, or 9%, compared to \$137,000 for the three months ended September 30, 2001. NeoMedia expects research and development costs to remain materially constant over the next 12 months.

LOSS ON IMPAIRMENT OF ASSETS. During the three months ended September 30, 2002, NeoMedia did not recognize a loss on impairment of assets. During the three months ended September 30, 2001, NeoMedia recognized an impairment loss of \$2.9 million relating to its MLM/Affinity product line. NeoMedia does not expect any additional losses from asset impairment in the next 12 months.

INTEREST EXPENSE/(INCOME). Net Interest expense/(income) consists primarily of interest paid to creditors as part of financed purchases, notes payable and NeoMedia's asset-based collateralized line of credit net of interest earned on cash equivalent investments. Interest expense decreased by \$20,000 to \$2,000 for the three months ended September 30, 2002 from \$22,000 for the three months ended September 30, 2001. NeoMedia expects net interest expense similar to 2002 levels over the next 12 months, due to capital constraints and borrowing costs.

LOSS FROM CONTINUING OPERATIONS. The loss from continuing operations for the three months ended September 30, 2002 was \$0.8 million, which represented a \$4.3 million, or 84% decrease from a \$5.1 million loss for the three months ended September 30, 2001. The decrease resulted primarily from an impairment loss of \$2.9 million relating to NeoMedia's MLM/Affinity product line during the second quarter of 2001, combined with continued company-wide cost reduction efforts during the last quarter of 2001 and the first three quarters of 2002.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

LOSS FROM OPERATIONS OF DISCONTINUED BUSINESS UNITS. NeoMedia discontinued operations of its Qode business unit in 2001, resulting in a loss from operations of discontinued business units of \$1.0 million for the three months ended September 30, 2001. The business unit's assets were purchased in March 2001 and the implementation was cancelled during the second quarter of 2001. NeoMedia does not expect any charges relating to the Qode business unit in the next 12 months.

NET LOSS. The net loss for the three months ended September 30, 2002 was \$0.8 million, which represented an \$8.5 million, or 91% decrease from a \$9.3 million loss for the three months ended September 30, 2001. The decrease resulted from the \$7.4 million write-off of the Digital Convergence license contract and an impairment loss of \$2.9 million relating to the Company's MLM/Affinity product line during the second quarter of 2001.

RESULTS OF OPERATIONS FOR THE YEAR ENDED DECEMBER 31, 2001 AS COMPARED TO THE YEAR ENDED DECEMBER 31, 2000

NET SALES. Total net sales for the year ended December 31, 2001 were \$8.1 million, which represented a \$19.5 million, or 70.1%, decrease from \$27.6 million for the year ended December 31, 2000. This decrease primarily resulted from reduced resales of Sun Microsystems equipment due to increased competition and general economic conditions. Additionally, we recognized \$7.8 million of revenue in 2000 related to the DC license contract. No revenue was recognized related to this contract in 2001. We expect net sales in 2002 will increase significantly from 2001, due to a resurgence in demand for software and technology equipment and services, combined with anticipated revenue streams from intellectual property licenses.

Total net sales during the fourth quarter of 2001 were \$4.5 million, compared with \$0.9 million in the third quarter of 2001, \$1.2 million in the second quarter of 2001, and \$1.5 million in the first quarter of 2001. The fourth-quarter increase is primarily due to a large Storage Area Network (SAN) sale of \$1.1 million in that quarter. Additionally, sales from our Consulting and Integration Services business unit have been historically higher in the fourth quarter of the calendar year.

LICENSE FEES. License fees were \$0.6 million for the year ended December 31, 2001, compared with \$8.4 million for the year ended December 31, 2000, a decrease of \$7.8 million, or 92.9%. The decrease resulted primarily from the recognition of \$7.8 million revenue during 2000 related to the Digital:Convergence license contract. No revenue was recognized related to this contract in 2001. We are anticipating license revenue growth in 2002 compared with 2001 as we aggressively pursue license contracts relating to our intellectual property.

RESALES OF SOFTWARE AND TECHNOLOGY EQUIPMENT AND SERVICE FEES. Resales of software and technology equipment and service fees decreased by \$11.5 million, or 63.4%, to \$7.6 million for the year ended December 31, 2001, as compared to \$19.1 million for the year ended December 31, 2000. This decrease primarily resulted from fewer sales of Sun Microsystems hardware due to increased competition and general economic conditions. We believe that resurgent demand for such products, combined with our movement into higher margin and Value-Add products and services such as Storage Area Networks, will result in increased revenue from resales of software and technology equipment and service fees during 2002.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

COST OF SALES. Cost of resales as a percentage of related resales was 86.0% in 2001, compared to 90% in 2000. This decrease is substantially due to a sales mix of higher-margin products such as service fees and maintenance contracts.

SALES AND MARKETING. A portion of the compensation to the sales and marketing staff constitutes salary and is fixed in nature and the remainder of this compensation, which is paid as a commission, is directly related to sales volume. Sales and marketing expenses were \$2.5 million for the year ended December 31, 2001, compared to \$6.5 million for the year ended December 31, 2000, a decrease of \$4.0 million or 61.5%. This decrease primarily resulted from fewer marketing personnel in 2001, coupled with a decrease in sales commissions from reduced sales. Sales and marketing expense will continue to decrease in 2002 as we move away from its applications service provider model.

GENERAL AND ADMINISTRATIVE. General and administrative expenses decreased by \$2.2 million, or 30.1%, to \$4.8 million for the year ended December 31, 2001, compared to \$7.0 million for the year ended December 31, 2000. The decrease is primarily related to a reduction in personnel as a result of our cost reduction initiative. We expect general and administrative expenses will continue to decline in 2002 as we realize the full-year benefit of cost-reduction measures begun in the fourth quarter of 2001.

RESEARCH AND DEVELOPMENT. During the year ended December 31, 2001, we charged to expense \$0.5 million of research and development costs, a decrease of \$0.6 million or 54.5% compared to \$1.1 million charged to expense for the year ended December 31, 2000. This decrease is predominately associated with decreased personnel devoted to our development during the second half of 2001, combined with increased capitalization of software development costs associated with our "switching" platform and the Qode Universal Commerce Solution during the first half of 2001. We expect research and development expense to continue to decrease in 2002 as we move away from its applications service provider model.

LOSS ON IMPAIRMENT OF ASSETS. During the third quarter of 2001, we wrote off all assets associated with its discontinued MLM/Affinity product line, resulting in an impairment charge of \$2.9 million.

LOSS ON DIGITAL:CONVERGENCE. During the second quarter of 2001, we wrote off all assets and liabilities relating to its intellectual property license with Digital:Convergence, resulting in a net charge of \$7.4 million.

INTEREST EXPENSE (INCOME), NET. Interest expense/(income) consists primarily of interest paid to creditors as part of financed purchases, notes payable and our asset-based collateralized line of credit net of interest earned on cash equivalent investments. Interest (income) decreased by \$153,000, or 87.9%, to \$(21,000) for the year ended December 31, 2001 from \$(174,000) for the year ended December 31, 2000, due to reduced cash balances throughout 2001 as compared to 2000.

LOSS FROM CONTINUING OPERATIONS. During the year ended December 31, 2001, our loss from continuing operations increased by \$13.4 million or 248.1% from \$5.4 million in 2000 to \$18.8 million in 2001. This increase is primarily due to the loss on the Digital:Convergence license contract of \$7.4 in the second quarter of 2001 and an impairment loss of \$2.8 million in the third quarter of 2001 related to the discontinuation of our MLM/Affinity product line.

LOSS FROM OPERATIONS AND DISPOSAL OF DISCONTINUED OPERATIONS. We discontinued operations of our Qode business unit in 2001, resulting in a loss from operations of discontinued business units of \$3.6 million. There was no loss from this business unit during 2000. The business unit's assets were purchased in March 2001 and the implementation was cancelled during the second quarter of 2001.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

LOSS ON DISPOSAL OF DISCONTINUED OPERATIONS. We sustained a loss of \$3.1 million in 2001 from the disposal of the Qode business unit in 2001.

NET LOSS. Our net loss for the year ended December 31, 2001 was \$25.5 million, which represented a \$20.1 million, or 372.2% increase from a \$5.4 million loss for the year ended December 31, 2000. The increase in net loss is due primarily to the loss on the Digital:Convergence contract, an impairment loss of in the third quarter of 2001 related to the discontinuation of our MLM/Affinity product line and the discontinuation of our Qode business unit, and reduced resales of software and technology equipment and service fees resulting from increased competition and general economic conditions, offset by lower expenses as a result of our cost reduction effort.

30

RESULTS OF OPERATIONS FOR THE YEAR ENDED DECEMBER 31, 2000 AS COMPARED TO THE YEAR ENDED DECEMBER 31, 1999

NET SALES. Total net sales for the year ended December 31, 2000 were \$27.6 million, which represented a \$2.3 million, or 9.1%, increase from \$25.3 million for the year ended December 31, 1999. This increase primarily resulted from the intellectual property license contract signed with Digital:Convergence, offset by decreased sales of Y2K licenses and services from \$3.3 million in 1999 to \$0.1 million in 2000.

LICENSE FEES. Total license fees increased from \$2.4 million to \$8.4 million, or 250.0%, for the years ended December 31, 1999 and December 31, 2000. The increase was due to a license agreement, entered into during the fourth of quarter of 2000, between us and Digital:Convergence, granting Digital:Convergence a worldwide, non-exclusive license of our patent portfolio. Revenue from this agreement totaled \$7.8 million in 2000. This was offset by a decrease of \$1.8 million due to the discontinuation of our Y2K product line. Cost of sales as a percentage of related sales was 15.4% during 2000 compared to 73.7% during 1999. This decrease in the cost of sales as a percentage of related sales was primarily due to the Digital:Convergence license sale in 2000 and the discontinuation of Y2K licenses on which we paid royalties.

RESALES OF SOFTWARE AND TECHNOLOGY EQUIPMENT AND SERVICE FEES. Resales of software and technology equipment and service fees decreased by \$3.7 million, or 16.1%, to \$19.1 million for the year ended December 31, 2000, as compared to \$22.8 million for the year ended December 31, 1999. This decrease primarily resulted from decreased resales of IBM equipment due to discontinuation of sales in the Canadian market. Also contributing to the decrease was reduced service revenue from Y2K products of \$1.6 million. Cost of sales as a percentage of related sales decreased to 90.0% during 2000 from 90.5% during 1999.

SALES AND MARKETING. A portion of the compensation to the sales and marketing staff constitutes salary and is fixed in nature and the remainder of this compensation, which is paid as a commission, is directly related to sales volume. Sales and marketing expenses decreased \$0.3 million, or 4.4%, to \$6.5 million for the year ended December 31, 2000 from \$6.8 million for the year ended December 31, 1999, due to a decrease in our application services direct sales force, offset by personnel additions in marketing.

GENERAL AND ADMINISTRATIVE. General and administrative expenses increased by \$1.7 million, or 32.1%, to \$7.0 million for the year ended December 31, 2000, from \$5.3 million for the year ended December 31, 1999. This increase was due to the accrual of executive performance incentives in 2000. No performance incentive expense was incurred in 1999. Also, increased legal costs

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

of \$0.5 million were expensed in 2000.

RESEARCH AND DEVELOPMENT. During the year ended December 31, 2000, we charged to expense \$1,101,000 of research and development expenses, an increase of \$114,000 or 11.6% compared to \$986,000 charged to expense for the year ended December 31, 1999. This increase was due to increased resources directed toward the development of the application services business. To the extent we can obtain additional capital, we will continue to make significant investments in research and development.

NET INTEREST (INCOME) EXPENSE. Interest expense consists primarily of interest paid to creditors as part of financed purchases, capitalized leases and our asset-based collateralized line of credit net of interest earned on cash equivalent investments. Interest expense decreased by \$400,000, or 177%, to income of \$174,000 for the year ended December 31, 2000 from \$226,000 of expense for the year ended December 31, 1999. This was due to reduced interest expense resulting from the repayment of notes in the first quarter of 2000, as well as interest income from higher cash balances during 2000.

NET LOSS. Our net loss for the year ended December 31, 2000 was \$5.4 million, which represented a \$5.1 million, or 48.6% decrease from a \$10.5 million loss for the year ended December 31, 1999. The decrease was primarily due to revenue from the licensing of our intellectual property in 2000. This was offset by a 97% decrease of Y2K revenue in 2000 along with increased general and administrative expenses.

INTANGIBLE ASSETS

At the end of each quarter we perform impairment tests on each of our intangible assets, which include capitalized patent costs, capitalized software development costs, and purchased software. In doing so, we evaluate the carrying value of each intangible asset with respect to several factors, including historical revenue generated from each intangible asset, application of the assets in our current business plan, and projected revenue to be derived from the asset. Intangible asset balances are then adjusted to their current net realizable value based on these criteria if impaired.

31

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2002, NeoMedia's cash balance was \$9,000 compared to \$10,000 at June 30, 2002 and \$134,000 at December 31, 2001.

Net cash used in operating activities for the nine months ended September 30, 2002 and 2001, was \$0.7 million and \$4.8 million, respectively. During the nine months ended September 30, 2002, trade accounts receivable increased \$0.6 million, while accounts payable inclusive of amounts due under financing agreements, liabilities in excess of assets of discontinued business unit, accrued expenses and deferred revenue increased \$2.0 million. During the nine months ended September 30, 2001, trade accounts receivable decreased \$1.3 million, while accounts payable inclusive of amounts due under financing agreements, accrued expenses and deferred revenue decreased \$0.1 million. NeoMedia's net cash flow from/(used in) investing activities for the nine months ended September 30, 2002 and 2001 was \$0.1 and (\$3.0) million, respectively.

Net cash provided by financing activities for the nine months ended September 30, 2002 and 2001, was \$0.5 million and \$3.7 million, respectively. The decrease was due to \$1.6 million proceeds for the sale of common stock and \$1.2 million from the exercise of stock options and warrants in 2001. During the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

nine months ended September 30, 2002, NeoMedia sold 19 million shares of its common stock at \$0.17 per share in exchange for promissory notes maturing at the earlier of i), August 12, 2002, or ii) 30 days from registration of the shares. During August 2002, the notes matured without payment, and NeoMedia subsequently cancelled the 19 million shares issued in connection with such notes. NeoMedia has accrued a liability in the third quarter of \$190,000 relating to the par value paid in connection with the issuance of the shares.

The accompanying unaudited financial statements have been prepared assuming NeoMedia will continue as a going concern. Accordingly, the financial statements do not include any adjustments that might result from NeoMedia's inability to continue as a going concern. Based on current cash balances and operating budgets, NeoMedia believes it only has sufficient financing to last until December 31, 2002. If NeoMedia's financial resources are insufficient, NeoMedia may be forced to seek protection from its creditors under the United States Bankruptcy Code or analogous state statutes unless it is able to engage in a merger or other corporate finance transaction with a better capitalized entity. NeoMedia cannot predict whether additional financing will be available, its form, whether equity or debt, or be in another form, or if NeoMedia will be successful in identifying entities with which it may consummate a merger or other corporate finance transactions.

On November 12, 2002, NeoMedia and Cornell Capital Partners terminated the May 2002 Equity Line of Credit Agreement and entered into a new Equity Line of Credit Agreement with Cornell Capital Partners under which Cornell Capital Partners agreed to purchase up to \$10.0 million of NeoMedia's common stock over the next two years, with the timing and amount of the purchase at NeoMedia's discretion. The maximum amount of each purchase is \$150,000 with a minimum of 7 days between purchases. The shares will be valued at 98% of the lowest closing bid price during the 5-day period following the delivery of a notice of purchase by NeoMedia. NeoMedia will pay 5% of the gross proceeds of each purchase to Cornell Capital Partners as a commission. According to the terms of the agreement, NeoMedia cannot request an advance pursuant to the Equity Line of Credit until the shares underlying the Equity Line of Credit Agreement are registered for trading with the Securities and Exchange Commission.

OTHER DEBTS

On December 2, 2002, NeoMedia issued to Michael Kesselbrenner, a private investor, a Promissory Note in the principal amount of \$165,000, bearing interest at a rate of 12% per annum, with a maturity of 150 days. In connection with the default provision of the Promissory Note, NeoMedia entered into a Pledge Agreement, dated December 2, 2002, under which NeoMedia issued 53,620,020 shares of common stock to an unrelated third party as collateral for the Promissory Note. In the event of default, the third party will issue the shares to Mr. Kesselbrenner, and NeoMedia would issue additional shares as required to increase the Mr. Kesselbrenner's ownership of securities of NeoMedia to equal 51% of its fully-diluted outstanding shares at the time of such default.

On November 12, 2002, NeoMedia settled the lawsuit with its former General Counsel over payment of the 2000 executive incentive, severance and unpaid vacation days in the amount of approximately \$154,000. The settlement calls for cash payments totaling approximately \$100,000 over a period of 10 months, plus 250,000 vested options to purchase shares of NeoMedia's common stock at an exercise price of \$0.01 and a term of five years.

During November 2002, NeoMedia issued Convertible Secured Promissory Notes in an aggregate principal amount equal to \$60,000 to 3 separate parties, including Charles W. Fritz, Chairman of our Board of Directors; William E. Fritz, outside director of NeoMedia; and James J. Keil, outside director of NeoMedia. The notes bear interest at a rate of 15% per annum, and mature at the

earlier of four months or that date the shares underlying the Equity Line of Credit are registered with the Securities and Exchange Commission. The notes are convertible, at the option of the holder, into either cash or shares of NeoMedia's common stock at a 30% discount to the market price upon either the closing date, or upon the conversion date, whichever is lower. NeoMedia will also grant to the holders an additional 192,000 shares of NeoMedia's common stock and 60,000 warrants to purchase shares of NeoMedia's common stock at \$0.03 per share, with a term of three years. In the event NeoMedia defaults on the notes, NeoMedia will issue an additional 1,404,330 shares of its common stock to the note holders. The notes are secured by NeoMedia's intellectual property, which is subject to first lien by AirClic, Inc.

GOING CONCERN

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

Through September 30, 2002, NeoMedia has not been able to generate sufficient revenues from its operations to cover its costs and operating expenses. Although NeoMedia has been able to issue its common stock or other financing for a significant portion of its expenses, it is not known whether NeoMedia will be able to continue this practice, or if its revenue will increase significantly to be able to meet its cash operating expenses.

This, in turn, raises substantial doubt about NeoMedia's ability to continue as a going concern. Management believes that NeoMedia will be able to raise additional funds through an offering of its common stock or alternative sources of financing. However, no assurances can be given as to the success of these plans. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

CRITICAL ACCOUNTING POLICIES

The U.S. Securities and Exchange Commission ("SEC") recently issued Financial Reporting Release No. 60, "CAUTIONARY ADVICE REGARDING DISCLOSURE ABOUT CRITICAL ACCOUNTING POLICIES" ("FRR 60"), suggesting companies provide additional disclosure and commentary on their most critical accounting policies. In FRR 60, the SEC defined the most critical accounting policies as the ones that are most important to the portrayal of a company's financial condition and operating results, and require management to make its most difficult and subjective judgments, often as a result of the need to make estimates of matters that are inherently uncertain. Based on this definition, our most critical accounting policies include: inventory valuation, which affects our cost of sales and gross margin; the valuation of purchased intangibles and goodwill, which affects our amortization and write-offs of goodwill and other intangibles; the valuation of strategic equity investments, which affects our other income and expense; and valuation of deferred income taxes, which affects our income tax expense and benefit. We also have other key accounting policies, such as our policies for revenue recognition, including the deferral of a portion of revenues on sales to distributors, and allowance for bad debt. The methods, estimates and judgments we use in applying these most critical accounting policies have a significant impact on the results we report in our financial statements.

INVENTORY VALUATION

Our policy is to value inventories at the lower of cost or market on a part-by-part basis. This policy requires us to make estimates regarding the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

market value of our inventories, including an assessment of excess or obsolete inventories. We determine excess and obsolete inventories based on an estimate of the future demand for our products within a specified time horizon, generally 12 months. The estimates we use for demand are also used for near-term capacity planning and inventory purchasing and are consistent with our revenue forecasts. If our demand forecast is greater than our actual demand we may be required to take additional excess inventory charges, which will decrease gross margin and net operating results in the future. In addition, as a result of the downturn in demand for our products, we have excess capacity in our manufacturing facilities. Currently, we are not capitalizing any inventory costs related to this excess capacity as the recoverability of such costs is not certain. The application of this policy adversely affects our gross margin.

INTANGIBLE ASSET VALUATION

The determination of the fair value of certain acquired assets and liabilities is subjective in nature and often involves the use of significant estimates and assumptions. Determining the fair values and useful lives of intangible assets especially requires the exercise of judgment. While there are a number of different generally accepted valuation methods to estimate the value of intangible assets acquired, we primarily use the discounted cash flow method. This method requires significant management judgment to forecast the future operating results used in the analysis. In addition, other significant estimates are required such as residual growth rates and discount factors. The estimates we have used are consistent with the plans and estimates that we use to manage our business, based on available historical information and industry averages. The judgments made in determining the estimated useful lives assigned to each

33

class of assets acquired can also significantly affect our net operating results.

ALLOWANCE FOR BAD DEBT

We maintain an allowance for doubtful accounts for estimated losses resulting from the inability of our customers to make required payments. Our allowance for doubtful accounts is based on our assessment of the collectibility of specific customer accounts, the aging of accounts receivable, our history of bad debts, and the general condition of the industry. If a major customer's credit worthiness deteriorates, or our customers' actual defaults exceed our historical experience, our estimates could change and impact our reported results.

EFFECT OF RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

On July 21, 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141 (SFAS No. 141), "Business Combinations", and No. 142 (SFAS No. 142), "Goodwill and Other Intangible Assets." SFAS No. 141 addresses financial accounting and reporting for goodwill and other intangible assets acquired in a business combination at acquisition. SFAS No. 141 requires the purchase method of accounting to be used for all business combinations initiated after June 30, 2001 and establishes specific criteria for the recognition of intangible assets separately from goodwill; SFAS No. 142 addresses financial accounting and reporting for goodwill and other intangible assets subsequent to their acquisition. SFAS No. 142 provides that goodwill and intangible assets which have indefinite useful lives will not be amortized, but rather will be tested at least annually for impairment. It also provides that intangible assets that have finite useful lives will continue to be amortized over their useful lives, but those lives will no longer be limited

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

to forty years. SFAS No. 141 is effective for all business combinations after June 30, 2001. The provisions of SFAS No. 142 are effective beginning January 1, 2002. NeoMedia has implemented the provisions of SFAS No. 141 and No. 142 and has concluded that the adoption does not have a material impact on the Company's financial statements.

In October 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations," which requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of a tangible long-lived asset that results from the acquisition, construction, and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the carrying amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company incurs a gain or loss. The statement is effective for fiscal years beginning after June 30, 2002. NeoMedia does not expect the adoption to have a material impact to NeoMedia's financial position or results of operations.

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". Statement 144 addresses the accounting and reporting for the impairment or disposal of long-lived assets. The statement provides a single accounting model for long-lived assets to be disposed of. New criteria must be met to classify the asset as an asset held-for-sale. This statement also focuses on reporting the effects of a disposal of a segment of a business. This statement is effective for fiscal years beginning after December 15, 2001. The Company does not expect the adoption to have a material impact to its financial position or results of operations.

In April 2002, the FASB issued Statement No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." This Statement rescinds FASB Statement No. 4, "Reporting Gains and Losses from Extinguishment of Debt," and an amendment of that Statement, FASB Statement No. 64, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements" and FASB Statement No. 44, "Accounting for Intangible Assets of Motor Carriers." This Statement amends FASB Statement No. 13, "Accounting for Leases," to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. NeoMedia does not expect the adoption to have a material impact to NeoMedia's financial position or results of operations.

In July 2002, the FASB issued SFAS No. 146 "Accounting for Exit or Disposal Activities." The provisions of this statement are effective for disposal activities initiated after December 31, 2002, with early application encouraged. The Company does not expect the adoption of FASB No. 146 to have a material impact on the Company's financial position or results of operations.

PURCHASE AND DISPOSAL OF QODE.COM, INC.

On March 1, 2001, NeoMedia purchased all of the net assets of Qode.com, Inc. (Qode), except for cash. Qode is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting By Development Stage Enterprises". In consideration for these assets, NeoMedia issued 274,699 shares of common stock, valued at \$1,359,760.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Additionally, the Company placed in escrow 1,676,500 shares of its common stock valued at \$8,298,675 at the time of issuance. Stock issued was valued at \$4.95 per share, which is the average closing price for the few days before and after the measurement date of March 1, 2001. As of December 31, 2001 NeoMedia had released 35,074 shares of common stock from escrow for performance for the period March 1, 2001 to August 31, 2001. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with respect to the performance of the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

NeoMedia accounted for this purchase using the purchase method of accounting in accordance with Accounting Principles Board Opinion No. 16, "Business Combinations". The excess fair market value of the net assets acquired over the purchase price was allocated to reduce proportionately the values assigned to noncurrent assets. The accompanying consolidated statements of operations include the operations of Qode from March 1, 2001, through September 30, 2002.

The purchase price at the original purchase date was calculated and allocated as follows:

Original Shares: 274,699 issued at \$4.95	1,360,000
Contingent shares: 35,074 issued at \$0.39	\$ 13,000

Total purchase price	\$ 1,373,000

PURCHASE PRICE ALLOCATED AS FOLLOWS:	
ASSETS PURCHASED	
Trade receivables	\$ 5,000
Inventory	144,000
Prepaid expenses	49,000
Furniture & fixtures	913,000
Capitalized development costs	2,132,000
Capitalized software	83,000
Refundable deposits - non-current	38,000
LIABILITIES ASSUMED	
Accounts payable	(981,000)
Forgiveness of note receivable	(440,000)
Interest receivable	(10,000)
Current portion of long-term debt	(117,000)
Note payable	(24,000)
Capitalized lease obligation	(419,000)

Total purchase price allocated	\$ 1,373,000
	=====

During the third quarter of 2001, NeoMedia issued an additional 35,074 shares under the terms of the earn-out with Qode.com, Inc. (see explanation below). The value of these shares in the amount of \$13,000 was allocated \$9,000 to capitalized development costs and \$4,000 to furniture and fixtures.

CONTINGENT CONSIDERATION

In accordance with the purchase of the assets of Qode.com, Inc., NeoMedia has placed 1,676,500 shares of its common stock in escrow for a period of one year, subject to downward adjustment, based upon the achievement of certain performance targets over the period of March 1, 2001 to February 28, 2002. As of March 1, 2002, these performance targets were not met and therefore, the remaining 1,641,426 shares held in escrow were not issued. The criteria used

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

to determine the number of shares released from escrow is a weighted combination of revenue, page views, and fully allocated earnings before taxes relating to the Qode Universal Commerce Solution.

35

At the end of each of certain interim periods as outlined in the purchase agreement, the number of cumulative shares earned by Qode.com is calculated based on revenue and page views and the shares are released. The resulting financial impact on NeoMedia is a proportionate increase in the long-term assets acquired from Qode, resulting in an increase in depreciation expense from that point forward. The amount of the increase in long-term assets is dependent upon the number of shares released from escrow, as well as the value of NeoMedia stock at the time of measurement. The first such measurement date was July 1, 2001. At the end of the 12-month measurement period (February 28, 2002), the number of shares issued to Qode under the earn-out was 309,773, allocated as outlined in the table above. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with respect to a disagreement over the performance of, and investment in, the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

INTANGIBLE ASSETS

Intangible assets acquired from Qode.com include:

(i) Purchased software licenses relating to the development of the Qode Universal Commerce Solution, amortized on a straight-line basis over three years.

(ii) Capitalized software development costs relating to the development of the Qode Universal Commerce Solution.

All Qode related assets were written off during the third and fourth quarters of 2001.

OTHER

On May 31, 2001, three creditors of Qode.com, Inc. filed in the U.S. Bankruptcy Court an involuntary bankruptcy petition for Qode.com, Inc. On July 22, 2002, the case was converted to Chapter 7, U.S. Bankruptcy Code.

DISPOSAL OF QODE BUSINESS UNIT

On August 31, 2001, the Company signed a non-binding letter of intent to sell the assets and liabilities of its Ft. Lauderdale-based Qode business unit, which it acquired in March 2001, to The Finx Group, Inc., a holding company based in Elmsford, NY. The Finx Group was to assume \$620,000 in Qode payables and \$800,000 in long-term leases in exchange for 500,000 shares of the Finx Group, right to use and sell Qode services, and up to \$5 million in affiliate revenues over the next five years. During the third and fourth quarters of 2001 and the first quarter of 2002, NeoMedia recorded a \$2.6 million expense from the write-down of the Qode assets/liabilities to net realizable value.

The loss for discontinued operations during the phase-out period from August 31, 2001 (measurement date) to September 30, 2001 was \$439,000. No further loss is anticipated.

During June 2002, the Finx Group notified NeoMedia that it did not

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

intend to carry out the letter of intent due to capital constraints. As a result, during the three-month period ended June 30, 2002, the Company recorded an additional expense of \$1.5 million for the write-off of remaining Qode assets. As of September 30, 2002, NeoMedia had \$1.5 million of liabilities relating to the Qode system on its books.

IMPAIRMENT OF PAPERCLICK ASSET

During the three-month period ending June 30, 2002, NeoMedia recognized an impairment charge of \$1.0 million relating to its PaperClick physical-world-to-internet software solution. Due to capital constraints, the Company is not currently able to devote full-time resources and infrastructure to commercializing the technology. NeoMedia intends to re-focus sales and marketing efforts surrounding the product upon the receipt of sufficient capital.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the potential loss arising from adverse changes in market rates and prices, such as foreign currency exchange, interest rates and a decline in the stock market. NeoMedia does not enter into derivative or other financial instruments for trading or speculative purposes. NeoMedia has limited exposure to market risks related to changes in interest rates and foreign currency exchange rates. NeoMedia does not currently invest in equity instruments of public or private companies for business or strategic purposes.

36

NeoMedia generally conducts business, including sales to foreign customers, in U.S. dollars, and as a result, has limited foreign currency exchange rate risk. The effect of an immediate 10 percent change in foreign exchange rates would not have a material impact on NeoMedia's financial condition or results of operations.

37

DESCRIPTION OF BUSINESS

We develop proprietary technologies that link physical information and objects to the Internet marketed under our "PaperClick™" brand name and automate print production operations. We are structured as two distinct business units: Internet Switching Service and Consulting and Integration Service.

NeoMedia Internet Switching Service (NISS) is our core business and is based in the United States, with development and operating facilities in Fort Myers, Florida. Application services develops and supports all of our physical world to Internet technology as well as its suite of application service provider services, including our linking "switch" and our application platforms. NISS also provides the systems integration resources needed to design and build custom customer solutions predicated on our infrastructure technology.

NeoMedia Consulting and Integration Service (NCIS) is the original business line upon which we were organized. This unit resells client-server equipment and related software. The unit also provides general and specialized consulting services targeted at software driven print applications, and especially at process automation of production print facilities through its integrated document factory solution. NCIS also identifies prospects for custom applications based on our products and services. The operations are based in

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Lisle, Illinois.

OUR PRODUCTS AND SERVICES

INTERNET SWITCHING SERVICE

PAPERCLICK™ SWITCHING SERVICE. PaperClick™ is a state-of-the-art application-switching platform that links physical objects to digital media through the use of scanned UPC, EAN, or custom PaperClick™ codes. This dynamic open solution serves a wide variety of customers in industrial, commercial, and educational applications.

INTELLECTUAL PROPERTY LICENSING. We currently hold five U.S. patents relating to the physical world-to-Internet marketplace. We intend to license this intellectual property portfolio to companies endeavoring to tap the potential of this emerging market. To date, we have entered into such agreements with Digital:Convergence, A.T. Cross Company, and Symbol Technologies. During January 2002, we announced that we had entered into an agreement with Baniak Pine and Gannon, a law firm specializing in patent licensing and litigation, under which the firm will represent NeoMedia in seeking out potential licensees of our patent portfolio.

CONSULTING AND INTEGRATION SERVICE

NCIS is a group of highly skilled application developers thoroughly familiar with MSS and other associated NeoMedia technologies who contract to develop custom applications for clients.

STORAGE AREA NETWORKS (SAN). SAN is a Storage Management solutions and consultancy offering consisting of tools and services that insure data integrity, efficiency and accessibility, achieved through moving data backup, access and archival functions off of traditional LANs/WANs that are added on to a highly reliable independent managed network.

PRODUCT SALES AND EQUIPMENT RE-SALES. NCIS markets and sells proprietary software products, including high-density symbology encoders (e.g. PDF417 and UPS Maxicode) and resells client-server hardware and related systems such as Sun Microsystems, IBM and others, as well as related applications software and services.

INTEGRATED DOCUMENT FACTORY (IDF). The IDF solution provides design and implementation of a collection of tested hardware and software solutions utilizing Xerox's printers and Sun servers to turn document creation, production, and printing into an assembly line manufacturing process. The system particularly assists financial service concerns such as banks, insurance companies, and brokerage firms as well as helps to manage high-volume printing of statements on a frequent basis.

OUR MARKETS

INTERNET SWITCHING SERVICE

We believe that our switching platform is a state-of-the-art open and extensible cross-media publishing tool serving customers in a variety of industrial, commercial, and educational applications. This business segment is also responsible for licensing our intellectual property to others as a means of promoting this new market as well as providing a revenue and cash resource. We have been developing our physical world-to-Internet technology and offerings

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

since 1996 and consider ourselves an innovator and pioneer in this industry. In the past two years, we have seen similar technologies and concepts emerge in the marketplace, and see these events as a positive validation of the physical world-to-internet concept.

Press from competitors is expected to continue to raise consumer awareness of physical-to-Web convergence. We believe the key to the adoption of physical world-to-Internet technologies in the marketplace will be in the development of real world applications that provide the end user a valuable experience. Our service offering, however, differs from those of AirClic and other competitors in that, unlike their products and services, our products do not require the use of a proprietary or specified device, and we offer our service on a private label basis. We believe that we are positioned to provide solutions that preserve the customer's brand and also provide tailored solutions to fit the customer needs.

CONSULTING AND INTEGRATION SERVICE

The technology and equipment resale business is becoming a commodity industry for products undifferentiated by value added proprietary elements and services. Resale operations are also being compressed as equipment manufacturers consolidate their distribution channels.

Proprietary products, such as our encoders, systems integration services, and integrated document factory solutions, offer a competitive value-add to our consulting and integration business. We believe that we have unique offerings, which, to the extent that they meet market needs, offer the potential for growth in this industry.

This segment also sells migration products, tools designed to migrate software code from one platform to another platform, primarily to mid-sized to large corporations and government agencies. The products include proprietary products and software tools to migrate Wang, HP3000, Data General, DEC and IBM DOS/VSE platforms, legacy systems, to a Unix or NT open system platform.

RECENT DEVELOPMENTS

QODE.COM ASSETS

In March 2001, we acquired the assets of Qode.com, a Web-based commerce facilitation service. On September 7, 2001, we announced that we had signed a non-binding letter of intent to sell the assets of our Fort Lauderdale-based Qode business unit, which we acquired in March 2001, to The Finx Group, Inc., a holding company in Elmsford, New York. The agreement called for The Finx Group to assume approximately \$620,000 of Qode's payables and approximately \$800,000 in long-term assets. We were expecting to receive 500,000 shares of The Finx Group common stock, a five-year license to use and sell Qode Services, and up to \$5 million in affiliate revenues from The Finx Group from Qode sales over the next five years. In connection with the sale of Qode assets, we recognized a loss of approximately \$3.1 million in 2001.

During June 2002, the Finx Group notified us that it did not intend to carry out the letter of intent due to capital constraints. As a result, during the three-month period ended June 30, 2002, we recorded an additional expense of \$1.5 million for the write-off of remaining Qode assets. As of June 30, 2002, we had \$1.3 million of liabilities relating to the Qode system on our books.

ABOUT.COM, INC. RELATIONSHIP

In June 2001, we announced that we entered into a one-year license agreement with About.com, Inc. to provide our Qode Universal Commerce Solution™ to About.com's estimated 36 million worldwide users. We and About.com intended

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

to promote the co-branded shopping service throughout the About.com network. In June 2001, About.com ran banner ads on its site promoting the Qode Universal Commerce Solution™. As part of the emerging About.com and NeoMedia relationship, About.com received 452,489 shares of our Series A Convertible Preferred Stock, par value \$0.01 per share, of the 500,000 total Series A Convertible Preferred shares which we are authorized to issue, in consideration for these promotions. On January 2, 2002, these 452,489 shares were converted

39

into 452,489 shares of common stock, which are being registered for resale in this prospectus. Those shares are currently subject to a right of first refusal in favor of us prior to resale. See "Principal and Selling Stockholders." We recorded an expense of \$882,000 associated with this transaction in the second quarter of 2001 in sales and marketing expense in the accompanying consolidated statements of operations. The agreement with About.com was terminated on August 31, 2001, in anticipation of the sale of the Qode assets to the Finx Group.

AIRCLIC, INC. RELATIONSHIP

On July 3, 2001, we entered into a non-binding letter of intent with AirClic, Inc., which contemplated an intellectual property cross-licensing transaction between us and AirClic. Under the terms of the letter of intent, AirClic was to provide us with bridge financing of \$2,000,000, which was to be paid to us in installments. On July 11, 2001, AirClic advanced \$500,000 in bridge financing to us in return for a promissory note secured by all of our assets. During the negotiation of a definitive set of agreements, the parties decided not to proceed with the cross-licensing transaction. AirClic has since initiated two currently pending lawsuits against us.

DIGITAL:CONVERGENCE CORPORATION RELATIONSHIP

We entered into an agreement with a competitor, Digital:Convergence Corporation, a private company located in the US, in October 2000, granting them a worldwide, non-exclusive license of our patent portfolio for directly linking documents, objects, transaction and voice commands to the internet. The agreement provided for annual license fees over a period of ten years in excess of \$100 million through a combination of cash and equity. We recognized \$7.8 million of revenue in 2000 related to this contract, including a \$5.0 million cash payment received in October 2000 for royalties earned before contract execution, \$2.5 million related to the \$10 million of payments in Digital Convergence common stock and cash expected to be received in the first year of the contract, and \$0.3 million related to DC stock received by us to be recognized over the life of the contract.

As part of the contract, we issued to Digital Convergence a warrant to purchase 1.4 million shares of our common stock.

In the first quarter of 2001, Digital Convergence issued us an interest bearing \$3 million note payable in lieu of a \$3 million cash payment due in January 2001. We also received shares of Digital Convergence stock in January with a contractual value of \$2 million as part of the first contract-year royalties due. The note was originally due on April 24, 2001, however, on that date we agreed to extend it until June 24, 2001. We also partially wrote down, in the first quarter of 2001, the value of the remaining Digital Convergence stock receivable, and Digital Convergence stock that had been received in January, to a value that management believed was reasonable at the time (50% of the valuation stipulated in the contract). The write-down consisted of a reduction in assets of \$7.7 million and a corresponding reduction in liabilities of \$7.7 million. The Digital Convergence stock received in January 2001 was

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

valued at \$1 million and the Digital Convergence receivable was valued at \$9.2 million. In April 2001, we received additional shares of Digital Convergence stock with a \$5 million value based on the valuation method stipulated in the contract. No revenue was recognized related to these shares and the shares were not recorded as an asset due to Digital Convergence's worsening financial condition. All assets and liabilities relating to the contract were subsequently written off in the second quarter.

Also in April 2001, an agreement was entered into with Digital Convergence whereby for a period from the date of registration of the shares underlying the warrant to purchase 1.4 million shares of our common stock until October 24, 2001, if we would identify a purchaser for our shares, Digital Convergence would exercise the warrant and purchase 1.4 million shares of common stock and sell the shares to the identified purchaser. One third of the net proceeds received by Digital Convergence on the sale of our common stock shall be paid to us toward repayment of Digital Convergence's obligations under the note to us in the amount of \$3 million. In consideration for this, the warrant exercise price was reduced during this period to 38 percent of the closing sale price of our common stock on the day prior to the date of exercise, subject to a minimum price. Because the exercise of the warrants at this reduced price is contingent upon our finding a purchaser of the underlying 1.4 million shares, the value of this re-pricing will be measured and recorded at the time the shares are sold. As of October 24, 2001, we were not able to locate a purchaser and therefore, the warrant was not exercised.

On June 24, 2001, Digital Convergence did not pay the note that was due, and on June 26, 2001, we filed a \$3 million lawsuit against Digital Convergence for breach of contract regarding the \$3 million promissory note. It was also learned in the second quarter of 2001 that Digital Convergence's capital raising efforts and business operations were having difficulty, and we decided to write off all remaining amounts related to the Digital Convergence contract. The net effect of the write-off is a \$7,354,000 non-cash charge to income during the second quarter of 2001, which is included in Loss on Digital:Convergence License

40

Contract in our consolidated statements of operations for the year ending December 31, 2001. Any future revenues related to this contract will be recorded as payments are received.

On March 22, 2002, Digital:Convergence filed for bankruptcy under Chapter 7 of the United States Bankruptcy Code.

OUR STRATEGY

We have spent the past six years developing and patenting the now confirmed space of linking the physical and Internet environments, and developing and implementing five generations of continuously refined switch technology that seamlessly bridges these environments. We are strategically pursuing potential licensees of the PaperClick switching platform, as well as intellectual property licensing opportunities with organizations attempting to commercialize physical world-to-Internet technology, such as Symbol Technologies, A.T. Cross Company and Brandkey Systems Corporation.

While pursuing these goals we remain aware of strategic issues, opportunities, and constraints that will govern the interplay of competition and alliances in this rapidly emerging market.

OUR STRATEGIC RELATIONSHIPS

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

INTERNET SWITCHING SERVICES

In this segment, we have a number of customers who have used or are using our products and services, including Amway, Solar, A.T. Cross Company, NYCO and two universities in Latin America. During the year ended December 31, 2000, we entered into a license agreement with Digital:Convergence. This customer accounted for 28.2% of NeoMedia's total revenue and 96.1% of our Application Services revenue during such year. During the year ended December 31, 2001, we did not recognize any revenue related to the Digital:Convergence contract, and we wrote off approximately \$7.4 million in net assets and liabilities related to the contract. In March 2002, Digital Convergence filed for bankruptcy under Chapter 7. We are aggressively pursuing numerous additional opportunities for our products and services.

In January 2001, we entered into a patent license with A.T. Cross Company, a major international manufacturer of fine writing instruments and pen computing products. A.T. Cross Company obtained the rights under our physical world-to-Internet patents for personal portable scanning devices used to link bar codes on documents and other physical consumer goods to corresponding Internet content. A.T. Cross Company will pay a royalty per device to us for license rights granted under this agreement. We have not recognized any revenue relating to this contract as of the date of this prospectus.

In May 2001, we entered into an agreement with Symbol Technologies, Inc., granting Symbol a worldwide, non-exclusive license of our patents surrounding the sale and use of scanning devices used in physical world-to-Internet technologies. Symbol will pay us a royalty per qualified device shipped. We have not recognized any revenue relating to this contract as of the date of this filing.

During January 2002, we engaged Baniak Pine and Gannon, a Chicago law firm specializing in intellectual property licensing and litigation. The firm will assist us in seeking out potential licensees of our intellectual property portfolio, including any resulting litigation.

During May 2002, we granted a personal, worldwide, non-exclusive, limited intellectual property licensing agreement to Brandkey Systems Corporation. Brandkey has paid us a \$50,000 upfront licensing fee and is obligated to pay 2.5% of all royalty-based revenues earned by Brandkey, with minimum royalties of \$25,000 in 2003, \$50,000 in 2004, and \$75,000 in 2005 and after.

CONSULTING AND INTEGRATION SERVICES

Through this segment, we provide services and products to a spectrum of customers, ranging from closely held companies to Fortune 500 companies. For the years ended December 31, 2001, 2000, and 1999, one customer, SBC/Ameritech Services, Inc., accounted for 37%, 30%, and 24%, respectively, of our revenue. We expect sales to Ameritech as a percentage of total sales to decline in the future. Furthermore, we do not have a written agreement with Ameritech and, therefore, there are no contractual provisions to prevent Ameritech from terminating its relationship with us at any time. Accordingly, the loss of this customer, or a significant reduction by it in buying the products and services offered by us, absent diversification, would materially and adversely affect our business, prospects, financial condition, and results of operations. In addition, a single supplier supplies the equipment and software, which is re-marketed to this customer. Accordingly, the loss of this supplier would materially adversely affect our business, prospects, financial condition, and results of operations. For these reasons, we are seeking, and continue to seek,

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

to diversify our sources of revenue and vendors from whom we purchase.

SALES AND MARKETING

INTERNET SWITCHING SERVICE

PAPERCLICKTM. While we eliminated the majority of our sales and marketing staff during the third quarter of 2001, we continue to promote our PaperClickTM line of products to potential customers in a wide array of industries. Upon receipt of sufficient financing, we plan to re-focus our efforts on the sale of PaperClickTM licenses through the hiring of additional sales and marketing staff. We have refocused our sales efforts by focusing on signing up channel partners who have industry market presence. We intend to negotiate with a number of industry-focused companies who will be our "go-to-market" partners. No assurances can be given that any successful association will result.

INTELLECTUAL PROPERTY LICENSING. During January 2002, we engaged Baniak Pine and Gannon, a law firm specializing in intellectual property licensing and litigation. The firm will assist us in seeking out potential licensees of our intellectual property portfolio, including any resulting litigation. On August 13, 2002, our fifth patent surrounding our Physical-World-to-Internet technology was issued by the U.S. Patent and Trademark Office.

CONSULTING AND INTEGRATION SERVICE

We, through our systems integration services segment, market our products and services, as well as those for which we act as a re-marketer, primarily through a direct sales force, which was composed of five individuals as of December 31, 2001. In addition, this business unit also relies upon strategic alliances with industry leaders to help market products and services, provide lead referrals, and establish informal co-marketing arrangements. Our representatives attend seminars and trade shows, both as speakers and participants, to help market products and services. In addition, this business segment has two agents in the United States that sell our products and services.

CUSTOMERS

INTERNET SWITCHING SERVICES

PAPERCLICKTM. Our customers for our physical world-to-Internet offerings have included Amway, Solar Communications, Inc., NYCO Products Company, and several large organizations in Latin America, including several prestigious universities.

INTELLECTUAL PROPERTY LICENSING. To date, we have entered into IP licensing agreements with Digital:Convergence Corporation, A.T. Cross Company, Symbol Technologies, and Brandkey Systems Corporation. We intend to pursue additional license agreements in the future.

CONSULTING AND INTEGRATION SERVICES

We provide equipment and software reselling and integration and automation consulting services to a variety of customers across a range of industries, including telecommunications, insurance, financial services, manufacturing, government entities, and more.

RESEARCH AND DEVELOPMENT

INTERNET SWITCHING SERVICE

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

NISS employed 3, 24 and 19 persons in the area of product development as of December 31, 2001, 2000, and 1999, respectively. During the years ended December 31, 2001, 2000 and 1999, NeoMedia ISS incurred total software development costs of \$2,064,000, \$2,888,000 and \$1,722,000, respectively, of which \$1,515,000, \$1,787,639 and \$736,000, respectively, were capitalized as software development costs and \$549,000, \$1,101,000 and \$986,000, respectively, were expensed as research and development costs.

42

CONSULTING AND INTEGRATION SERVICES

All significant research and development relating to our consulting and integration products was discontinued at December 31, 1999 when we discontinued our Y2K business. All employees that were in this area were reassigned or released at or prior to such time. If any future research or development of products is needed, it will be performed by the application services division or outside contractors.

COMPETITION

INTERNET SWITCHING SERVICES

Although, we have been developing our physical world-to-Internet technology and offerings since 1996, the physical world-to-Internet market in which we compete is relatively new. In the past year, new technologies and concepts have emerged in the physical world-to-Internet space. We view the increased development of other products in this space as a validation of the physical world-to-Internet concept and believe that the increased promotion of these products and services by us and other companies in this space, including AirClic, Inc., will raise consumer awareness of this technology, resulting in a larger market. We believe that the significant portfolio of physical world-to-Internet technologies that we have developed over the last five years will provide a barrier to entry for most potential competitors.

CONSULTING AND INTEGRATION SERVICES

The largest competition, in terms of number of competitors, is for customers desiring systems integration, including the re-marketing of another party's products, and document solutions. These competitors range from local, small privately held companies to large national and international organizations, including large consulting firms. A large number of companies act as re-marketers of another party's products, and therefore, the competition in this area is intense. In some instances, we, in acting as a re-marketer, may compete with the original manufacturer.

INTELLECTUAL PROPERTY

Our success in the physical world-to-Internet and the value-added systems integration markets is dependent upon our proprietary technology, including patents, and other intellectual property, and on our ability to protect our proprietary technology and other intellectual property rights. In addition, we must conduct our operations without infringing on the proprietary rights of third parties. We also intend to rely upon unpatented trade secrets and the know-how and expertise of our employees. To protect our proprietary technology and other intellectual property, we rely primarily on a combination of the protections provided by applicable patent, copyright, trademark, and trade secret laws as well as on confidentiality procedures and licensing arrangements. We have five patents for our physical world-to-Internet

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

technology. We also have several trademarks relating to our proprietary software products. In addition, we license from third parties certain software tools that we include in our services and products. We require our employees and third parties who are granted access to our proprietary technology to enter into confidentiality agreements with us in order to attempt to protect our unpatented proprietary rights. We are currently engaged in two lawsuits initiated against us by one of our primary competitors, AirClic. AirClic seeks, among other things, to succeed to our core assets, by suing for alleged default under a promissory note in the principal amount of \$500,000 issued to AirClic by us, secured by our core assets. AirClic is also suing to invalidate our patents on our key physical world-to-Internet technologies.

EMPLOYEES

As of December 1, 2002, we employed 18 persons. Of the 18 employees, 8 are located at our headquarters in Fort Myers, Florida, and 10 at other domestic locations. Of the 18 employees, 3 are dedicated to the Application Services business unit, 10 are dedicated to the Systems Integration Services business unit, and 5 provide shared services used by both business units. None of our employees are represented by a labor union or bound by a collective bargaining agreement. We believe that our employee relations are good.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

During June 2002, Mr. Jensen was promoted to President, Chief Operating Officer, and Acting Chief Executive Officer. Prior to joining NeoMedia in November 1995, Mr. Jensen was Chief Financial Officer of Jack M. Berry, Inc., a Florida corporation which grows and processes citrus products, from December 1994 to October 1995, and at Viking Range Corporation, a Mississippi corporation which manufactures gas ranges, from November 1993 to December 1994. From December 1992 to February 1994, Mr. Jensen was Treasurer of Lin Jensen, Inc., a Virginia corporation specializing in ladies clothing and accessories. Prior to that, from January 1982 to March 1993, Mr. Jensen was Controller and Vice-President of Finance of The Pinkerton Tobacco Co., a tobacco manufacturer. Mr. Jensen holds a B.B.A. in accounting from Western Michigan University and is a Certified Public Accountant.

DAVID A. DODGE joined NeoMedia in 1999 as the Financial Reporting Manager. Since then, Mr. Dodge has acted as NeoMedia's Director of Financial Planning and Controller, and currently holds the title of Vice President, Chief Financial Officer and Controller. Prior to joining NeoMedia in 1999, Mr. Dodge was an auditor with Ernst & Young LLP for 2 years. Mr. Dodge holds a B.A. in economics from Yale University and an M.S. in accounting from the University of Hartford, and is also a Certified Public Accountant.

WILLIAM E. FRITZ is a founder of NeoMedia and has served as Secretary and Director of NeoMedia since our inception. Mr. Fritz also served as Treasurer of NeoMedia from its inception until May 1, 1996. Since February 1981, Mr. Fritz has been an officer and either the sole stockholder or a majority stockholder of G.T. Enterprises, Inc. (formerly Gen-Tech, Inc.), D.M., Inc. (formerly Dev-Mark, Inc.) and EDSCO, three railroad freight car equipment manufacturing companies. Mr. Fritz holds a B.S.M.E. and a Bachelor of Naval Science degree from the University of Wisconsin. Mr. Fritz is the father of Charles W. Fritz, NeoMedia's former Chief Executive Officer and Chairman of the Board of Directors.

JAMES J. KEIL has been a Director of NeoMedia since August 6, 1996. Mr. Keil currently is a member of the Compensation Committee, the Stock Option Committee and the Audit Committee. He is founder and President of Keil & Keil Associates, a business and marketing consulting firm located in Washington, D.C., specializing in marketing, sales, document application strategies, recruiting and electronic commerce projects. Prior to forming Keil & Keil Associates in 1990, Mr. Keil worked for approximately 38 years at IBM Corporation and Xerox Corporation in various marketing, sales and senior

44

executive positions. From 1989-1995, Mr. Keil was on the Board of Directors of Elixir Technologies Corporation (a non-public corporation), and from 1990-1992 was the Chairman of its Board of Directors. From 1992-1996, Mr. Keil served on the Board of Directors of Document Sciences Corporation. Mr. Keil holds a B.S. degree from the University of Dayton and did Masters level studies at the Harvard Business School and the University of Chicago in 1961/62.

A. HAYES BARCLAY has been a Director of NeoMedia since August 6, 1996, and currently is a member of the Stock Option Committee and the Audit Committee. Mr. Barclay has practiced law for approximately 37 years and, since 1967, has been an officer, owner and employee of the law firm of Barclay & Damisch, Ltd. and its predecessor, with offices in Chicago, Wheaton and Arlington Heights, Illinois. Mr. Barclay holds a B.A. degree from Wheaton College, a B.S. from the University of Illinois and a J.D. from the Illinois Institute of Technology - Chicago Kent College of Law.

ELECTION OF DIRECTORS AND OFFICERS

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Directors are elected at each annual meeting of stockholders and hold office until the next succeeding annual meeting and the election and qualification of their respective successors. Officers are elected annually by the Board of Directors and hold office at the discretion of the Board of Directors. NeoMedia's By-Laws permit the Board of Directors to fill any vacancy and such director may serve until the next annual meeting of shareholders and the due election and qualification of his successor.

MEETINGS OF THE BOARD OF DIRECTORS

During our fiscal year ended December 31, 2001, our Board of Directors held 13 meetings. All members of the Board of Directors attended at least 75% of such meetings.

COMMITTEES OF THE BOARD OF DIRECTORS

NeoMedia's Board of Directors has an Audit Committee, Compensation Committee and a Stock Option Committee. The Board of Directors does not have a standing Nominating Committee.

AUDIT COMMITTEE. The Audit Committee is responsible for nominating NeoMedia's independent accountants for approval by the Board of Directors, reviewing the scope, results and costs of the audit with NeoMedia's independent accountants, and reviewing the financial statements, audit practices and internal controls of NeoMedia. During 2001, members of the Audit Committee were nonemployee directors - James J. Keil, A. Hayes Barclay and, until September 2001 when he resigned as a Director, John Lopiano. During 2001, the Audit Committee held two meetings.

COMPENSATION COMMITTEE. The Compensation Committee is responsible for recommending compensation and benefits for the executive officers of NeoMedia to the Board of Directors and for administering NeoMedia's Incentive Plan for Management. Charles W. Fritz, Charles T. Jensen, James J. Keil, Paul Reece, and, until September 2001, John Lopiano, were members of NeoMedia's Compensation Committee during 2001. During January 2002, Mr. Reece resigned from the Board of Directors and Compensation Committee. This Committee held seven meetings throughout 2001.

STOCK OPTION COMMITTEE. The Stock Option Committee, which is comprised of non-employee directors, is responsible for administering NeoMedia's Stock Option Plans. A. Hayes Barclay and James J. Keil are the current members of NeoMedia's Stock Option Committee. During 2001, this Committee held four meetings.

COMPENSATION OF DIRECTORS

Directors are reimbursed for expenses incurred in connection with attending meetings of the Board of Directors. Upon election or re-election as a director, non-employee directors receive options to purchase 15,000 shares of NeoMedia's common stock under the 1998 Stock Option Plan. Each employee director receives either fees of \$2,000 per meeting attended or, at his election, options to purchase an additional 3,000 shares of NeoMedia's common stock under the 1998 Stock Option Plan. The options vest immediately upon grant.

GENERAL COMPENSATION PHILOSOPHY

Under the supervision of the Committee, NeoMedia's compensation policy is designed to attract, motivate and retain qualified key executives critical to NeoMedia's success. It is the objective of NeoMedia to have a portion of each executive's compensation dependent upon NeoMedia's performance as well as upon the executive's individual performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary which

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

reflects individual performance and expertise, (ii) variable bonus payable in

45

cash and tied to the achievement of certain annual performance goals and (iii) stock options which are designed to align the long-term interests of the executive officer with those of NeoMedia's stockholders.

The Committee considers the total compensation of each executive officer in establishing each element of compensation, other than stock options which are the responsibility of the Stock Option Committee. All incentive compensation plans are reviewed at least annually to assure they meet the current strategies and needs of NeoMedia.

The summary below describes in more detail the factors that the Committee considers in establishing each of the three primary components of the compensation package provided to the executive officers.

BASE SALARY

Base salary ranges are established based on benchmark data from nationally recognized surveys of similar high-technology companies that compete with NeoMedia for executive officers and Company research of peer companies. Each executive officer's base salary is established on the basis of the individual's qualifications and relevant experience.

VARIABLE BONUS

The Committee believes that a substantial portion of the annual compensation of each executive should be in the form of variable incentive pay to reinforce the attainment of Company goals. The Incentive Plan rewards achievement of specified levels of corporate profitability. A pre-determined formula, which takes into account profitability against the annual plan approved by the Board of Directors, is used to determine the bonus award. The individual executive officer's bonus award is based upon discretionary assessment of each officer's performance during the prior fiscal year.

COMPENSATION FOR THE CHIEF EXECUTIVE OFFICER

Since August 1996, Charles W. Fritz has served as NeoMedia's Chairman of the Board and Chief Executive Officer. Mr. Fritz resigned as Chief Executive Officer in June 2002. Charles T. Jensen is currently acting Chief Executive Officer, President, Chief Operating Officer and a Director.

BASE SALARY: The Committee reviews the Chief Executive Officer's major accomplishments and reported base salary information for the chief executive officers of other companies in NeoMedia's peer group. Based on this information, the Committee recommends a salary adjustment to the Board of Directors. Beginning in 1996, NeoMedia and Mr. Fritz entered into a five-year employment agreement under which Mr. Fritz was paid \$170,000 per year. In January 1998, the Committee increased Mr. Fritz's salary to \$250,000. In April 2001, the employment agreement expired. In June 2002, Mr. Fritz resigned as Chief Executive Officer. His salary is currently \$120,000 in his capacity as a part-time business development executive. NeoMedia owes Mr. Fritz approximately \$56,000 relating to deferred salary from 2001 to 2002. Charles T. Jensen is currently Acting Chief Executive Officer with a salary of \$180,000 per year.

CASH INCENTIVE: The Chief Executive Officer's incentive target is at the discretion of the Committee. Achievement of the target is based on overall company income versus annual Plan income. Mr. Fritz did not earn a bonus

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

relating to fiscal 2001. During June 2001, the Committee approved an adjustment, relating to the Digital:Convergence patent license fees, to the 2000 Incentive Plan that reduced the bonus payout by approximately \$1.1 million. Mr. Fritz's incentive relating to fiscal 2000 was reduced from \$430,800 to \$148,800. The award had not been paid as of December 1, 2002.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors currently consists of Messrs. Fritz, Jensen, and Keil. During the last fiscal year, no interlocking relationship existed between NeoMedia's Board of Directors or Compensation Committee and the board of directors or compensation committee of any other company.

AUDIT COMMITTEE REPORT

The Audit Committee for the last fiscal year consisted of two nonemployee Directors (a third resigned in September 2001). The Board of Directors has determined that none of the members of the Audit Committee has a relationship to NeoMedia that may interfere with his independence from NeoMedia and its management.

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing financial reports and other financial information provided by NeoMedia to any governmental body or the public, NeoMedia's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board of Directors have established, and NeoMedia's auditing, accounting and financial processes generally. The Audit Committee annually recommends to the Board of Directors the appointment of a firm of independent auditors to audit the financial statements of NeoMedia and meets with such personnel of NeoMedia to review the scope and the results of the annual audit, the amount of audit fees, NeoMedia's internal accounting controls, NeoMedia's financial statements contained in NeoMedia's Annual Report to Stockholders and other related matters.

The Audit Committee has reviewed and discussed with management the financial statements for fiscal year 2001 audited by Stonefield Josephson, Inc., NeoMedia's independent auditors. The Audit Committee has discussed with Stonefield Josephson, Inc. various matters related to the financial statements, including those matters required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU ss. 380). The Audit Committee has also received the written disclosures and the letter from Stonefield Josephson, Inc. required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), and has discussed with the firm its independence. Based upon such review and discussions the Audit Committee recommended to the Board of Directors that the audited financial statements be included in NeoMedia's Annual Report on Form 10-K for the fiscal year ending December, 2001 for filing with the Securities and Exchange Commission.

AUDIT COMMITTEE:

James J. Keil
A. Hayes Barclay

OPTION REPRICING PROGRAM

To encourage the exercise of options, our Board of Directors in April 2002 adopted an option repricing program. Under the program, those persons holding options granted under the 1996, 1998 and 2002 Stock Option Plans, to the extent their options are exercisable during the period ending October 9, 2002, were allowed to exercise the option at a price which is the greater of \$0.12 per share or 50% of the last sale price of a share of our common stock on the OTC Bulletin Board on the trading date immediately preceding the date of exercise. No options were exercised under the program.

Under applicable provisions of the Internal Revenue Code, to the extent the nonqualified options are exercised, the holders will be deemed to have the taxable income to the extent of the difference between the fair market value and the exercise price and we will suffer a comparable charge to our earnings. Alpine Securities Inc., a broker-dealer registered under the Securities Exchange Act has agreed to assist option holders in the option exercise and the sale of shares acquired and the payment to us of the exercise price from the sale proceeds.

EMPLOYMENT AGREEMENTS

The five year employment agreements between NeoMedia and each of Charles W. Fritz, as Chief Executive Officer and Chairman of the Board, and Charles T. Jensen, as Executive Vice-President and Chief Technical Officer expired on April

49

30, 2001. Their annual compensation, which at the time of expiration was \$250,000 and \$150,000, respectively, was continued except that each agreed, along with other officers of NeoMedia, to a 20% reduction in the annual rate for the two month period ended July 15, 2001 in the effort to reduce expenses. We plan to renegotiate new employment agreements with Mr. Jensen. Mr. Fritz resigned as Chief Executive Officer in June 2002. In the interim, we entered into agreements providing for six months severance in the event of termination related to a change of control. During the year ended December 31, 2001, the Board of Directors granted Mr. Fritz options to purchase 400,000 shares of common stock under the 1998 Stock Option Plan, 200,000 of which were exercisable at the price of \$0.20 per share, and 200,000 of which were exercisable at a price of \$2.50 per share. During the year ended December 31, 2001, the Board of Directors granted Mr. Jensen options to purchase 240,000 shares of common stock under the 1998 Stock Option Plan, 150,000 of which were exercisable at the price of \$0.20 per share, and 90,000 of which were exercisable at a price of \$2.50 per share. Mr. Fritz had received under the 1998 Stock Option Plan during the year ended December 31, 2000, options to purchase 49,000 shares of common stock at a price of \$4.44 per share and during the year ended December 31, 1999, options to purchase 200,000 shares at a price of \$3.63 per share and options to purchase 200,000 shares at a price of \$5.13. Mr. Jensen received options to purchase 37,000 shares at \$4.44 per share during 2000, and 90,000 shares at \$3.63 and 90,000 shares at \$5.13 during 1999, in each case under the 1998 Stock Option Plan.

INCENTIVE PLAN FOR MANAGEMENT

Effective as of January 1, 1996, NeoMedia adopted an Annual Incentive Plan for Management, which provides for annual bonuses to eligible employees based upon the attainment of certain corporate and/or individual performance goals during the year. The Incentive Plan is designed to provide additional incentive to NeoMedia's management to achieve these growth and profitability

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

goals. Participation in the Incentive Plan is limited to those employees holding positions assigned to incentive eligible salary grades and whose participation is authorized by NeoMedia's Compensation Committee which administers the Incentive Plan, including determination of employees eligible for participation or exclusion. The Board of Directors can amend, modify or terminate the Incentive Plan for the next plan year at any time prior to the commencement of such next plan year.

To be eligible for consideration for inclusion in the Incentive Plan, an employee must be on NeoMedia's payroll for the last three months of the year involved. Death, total and permanent disability or retirement are exceptions to such minimum employment, and awards in such cases are granted on a pro-rata basis. In addition, where employment is terminated due to job elimination, a pro rata award may be considered. Employees who voluntarily terminate their employment, or who are terminated by NeoMedia for unacceptable performance, prior to the end of the year are not eligible to participate in the Incentive Plan. All awards are subject to any governmental regulations in effect at the time of payment.

Performance goals are determined for both NeoMedia's and/or the employee's performance during the year, and if performance goals are attained, eligible employees are entitled to an award based upon a specified percentage of their base salary.

STOCK OPTION PLANS

Effective as of February 1, 1996, NeoMedia adopted its 1996 Stock Option Plan, which was amended and restated effective July 18, 1996 and further amended through November 18, 1996. The 1996 Stock Option Plan provides for the granting of non-qualified stock options and "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended, and provides for the issuance of a maximum of 1,500,000 shares of common stock. Nonqualified options granted under the 1996 Stock Option Plan with respect to 155,664 shares were outstanding as of December 1, 2002.

Effective March 27, 1998, NeoMedia adopted its 1998 Stock Option Plan. The 1998 Stock Option Plan provides for authority for the Board of Directors to the grant non-qualified stock options with respect to a maximum of 8,000,000 shares of common stock. Nonqualified options granted under the 1998 Stock Option Plan with respect to 5,454,555 shares were outstanding as of December 1, 2002.

Effective June 6, 2002, NeoMedia adopted its 2002 Stock Option Plan. The 2002 Stock Option Plan provides for authority for the Board of Directors to the grant non-qualified stock options with respect to a maximum of 10,000,000 shares of common stock. Nonqualified options granted under the 2002 Stock Option Plan with respect to 3,145,000 shares were outstanding as of December 1, 2002.

401(K) PLAN

NeoMedia maintains a 401(k) Profit Sharing Plan and Trust. All employees of NeoMedia who are 21 years of age and who have completed three months of service are eligible to participate in the 401(k) Plan. The 401(k) Plan provides that each participant may make elective contributions of up to 20% of such participant's pre-tax salary (up to a statutorily prescribed annual limit, which is \$10,500 for 2001 and \$11,000 for 2002) to the 401(k) Plan, although the percentage elected by certain highly compensated participants may be required to be lower. All amounts contributed to the 401(k) Plan by employee participants and earnings on these contributions are fully vested at all times. The 401(k)

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Plan also provides for matching and discretionary contributions by NeoMedia. To date, NeoMedia has not made any such contributions.

PROPERTIES

Our principal executive, development and administrative office is located at 2201 Second Street, Suite 402, Fort Myers, Florida 33901. We occupy approximately 5,000 square feet under terms of a written lease from an unaffiliated party which expires on January 31, 2004, with monthly rent totaling approximately \$16,000. During September 2002, we entered into an agreement with the landlord of this facility under which we vacated approximately 70% of our previously rented space in exchange for reduced rent. We maintain a sales facility at 2150 Western Court, Suite 230, Lisle, Illinois 60532, where we occupy approximately 6,000 square feet under the terms of a written lease from an unaffiliated party expiring on October 31, 2003. Monthly rent on this facility was negotiated from approximately \$9,000 per month to \$3,000 per month for a period of nine months as part of a settlement agreement between us and the landlord finalized in August 2002. In March 2001, with the acquisition of the assets of Qode.com, Inc., we added an additional 8,388 square feet office lease at 4850 N. State Road 7, Suite 104, Ft. Lauderdale, Florida, with monthly rent totaling approximately \$9,200. Upon the discontinuation of the Qode business unit, we vacated the premises. We were subsequently sued by Headway Associates, the landlord, for past and future rents on the facility. We settled the suit for cash payments of \$100,000, all of which have been made. During 2001, we closed our office in Monterrey, Mexico, which was primarily used for sales and consulting efforts. We believe that existing office space is adequate to meet current and short-term requirements.

LEGAL PROCEEDINGS

INTERNATIONAL DIGITAL SCIENTIFIC, INC.

On October 21, 2002, International Digital Scientific, Inc. ("IDSI") filed a demand for arbitration relating to past due payments on an uncollateralized note payable from us to IDSI dated October 1, 1994. The note was issued in exchange for the purchase by us of computer software from IDSI. The note calls for the Company to make payments of the greater of: (i) 5% of the collected gross revenues from sales of software or (ii) \$16,000 per month. As of September 30, 2002, we had a past due balance under the IDSI note of approximately \$256,000. We have filed a counterclaim with the arbitrator relating to this matter. The arbitration hearing has not yet been scheduled.

NEOMEDIA SHAREHOLDERS

During January 2002, certain of NeoMedia's shareholders filed a complaint with the Securities and Exchange Commission, alleging that the shareholders were not included in the special shareholders meeting of November 25, 2001, to vote on the issuance of 19 million shares of NeoMedia common stock. On March 11, 2002, NeoMedia filed its response claiming that NeoMedia had fully complied with all of its obligations under the laws and regulations administered by the Securities and Exchange Commission, as well as with its obligation under Delaware General Corporation Law.

AIRCLIC, INC. LITIGATION

On July 3, 2001, we entered into a non-binding letter of intent with AirClic which contemplated an intellectual property cross-licensing transaction between us and AirClic. Under the terms of the letter of intent, AirClic was to

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

provide us with bridge financing of \$2,000,000, which was to be paid to us in installments. On July 11, 2001, AirClic advanced \$500,000 in bridge financing to us in return for a promissory note from us secured by all of our assets, including our physical world-to-Internet patents. During the negotiation of definitive agreements, the letter of intent was abandoned on the basis of our alleged breach of certain representations made by us in the promissory note.

On September 6, 2001, AirClic filed suit against us in the Court of Common Pleas, Montgomery County, Pennsylvania, seeking, among other things, the accelerated repayment of a \$500,000 loan it advanced to us under the terms of a letter of intent entered into between AirClic and us. The letter of intent was subsequently abandoned on the basis of our alleged breach of certain representations made by us in the promissory note issued to AirClic in respect of such advance. The note issued by us in respect of AirClic's \$500,000 advance is secured by substantially all of our property, including our core physical world-to-Internet technologies. If we are unsuccessful in this litigation, AirClic, which is one of our key competitors, could acquire our core intellectual property and other assets, which would have a material adverse effect on our business, prospects, financial condition, and results of operations. We are vigorously defending this claim and have filed counterclaims against AirClic. As of the date of this prospectus, pleadings were closed and the parties have engaged in written discovery. Whether or not AirClic is successful in asserting its claims that we breached certain representations made by it in the note, the note became due and payable in accordance with its terms on January 11, 2002. Based on the cash currently available to us, payment of the note and related interest would have a material adverse effect on our financial condition. If we fail to pay such note, AirClic could proceed against our intellectual property and other assets securing the note which would have a material adverse effect on our business, prospects, financial condition, and results of operations. We have not accrued any additional liability over and above the note payable and related accrued interest. As of December 3, 2002, pleadings were closed and the parties have engaged in written discovery.

AirClic has also filed suit against us in the United States District Court for the Eastern District of Pennsylvania. In this second action, AirClic seeks a declaration that certain core intellectual property securing the note issued by us to AirClic, some of which is patented and others for which a patent application is pending, is invalid and in the public domain. Any declaration that our core patented or patentable technology is non-protectable and in the public domain would have a material adverse effect on our business, prospects, financial condition, and results of operations. We are vigorously defending this second action as well. On November 21, 2001, we filed a motion to dismiss the complaint. On December 19, 2001, AirClic filed a response opposing that position. On September 18, 2002, the court ruled in favor of the Company and dismissed AirClic's complaint. The Company has not accrued any liability in connection with this matter.

DIGITAL: CONVERGENCE LITIGATION

On June 26, 2001, we filed a \$3 million lawsuit in the U.S. District Court, Northern District of Texas, Dallas Division, against Digital:Convergence Corporation for breach of contract regarding a \$3 million promissory note due on June 24, 2001 that was not paid. We are seeking payment of the \$3 million note plus interest and attorneys fees. We have not accrued any gain contingency related to this matter. On March 22, 2002, Digital:Convergence filed for bankruptcy under Chapter 7 of the United States Bankruptcy Code.

OTHER LITIGATION

In April 2001, our former President and director filed a lawsuit against us and several of our directors. The suit was filed in the Circuit Court of the Twentieth Judicial Circuit for Sarasota, Florida. The claim alleges the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

individual was fraudulently induced into accepting employment and that we

52

breached the employment agreement. The individual's employment with us ended in January 2001. During May 2002, we settled the suit. We will make cash payments of \$90,000 directly to the plaintiff during the period May 2002 through December 2002, of which \$50,000 has been paid as of the date of this prospectus. We will also make cash payments to the plaintiff's attorney for legal fees in the amount of \$45,000 over the next several months, of which \$7,500 has been paid as of the date of this prospectus. In addition, the plaintiff was granted 360,000 options to purchase shares of our common stock at an exercise price of \$0.08. As of March 31, 2002, we had accrued a \$347,000 liability relating to the suit. As a result, we recognized an increase to net income of approximately \$176,000 during the three-month period ended June 30, 2002 to adjust the liability to the settlement amount. As of September 30, 2002 we had an accrued liability of \$72,000 relating to this matter.

On August 20, 2001, Ripfire, Inc. filed suit against us in the San Francisco County Superior Court seeking payment of \$138,000 under a software license agreement entered into between Ripfire and us in May 2001 relating to implementation of the Qode Universal Commerce Solution. On September 6, we settled the suit for \$133,000 of our common stock, to be valued at the average closing price for the five days preceding the date that such shares are registered for resale with the Securities and Exchange Commission.

On October 3, 2001, Headway Associates, Ltd. filed a complaint for damages in the Circuit Court of the Seventeenth Judicial Circuit for Broward County, Florida. Headway Associates, Ltd. is seeking payment of all amounts due under the terms the lease agreement of the Ft. Lauderdale office of NeoMedia's Qode business unit. The lease commenced on March 3, 2000 and terminates on March 31, 2005. On February 25, 2002, Headway agreed to accept \$100,000 cash payment over a two-month period for settlement of all past-due and future amounts owed under the lease. As of June 30, 2002, we had made all payments relating to the settlement.

On November 30, 2001, Orsus Solutions USA, Inc., filed a summons seeking payment in full of approximately \$525,000 relating to a software and services contract associated with implementation of the Qode Universal Commerce Solution. We are currently negotiating settlement of this matter. We have accrued a liability of \$525,000 in the accompanying financial statements.

On March 20, 2002, IOS Capital, Inc. filed a summons seeking full payment of approximately \$38,700 relating to past due and future payments under an office equipment lease. During April 2002, we settled this matter for cash payments totaling \$29,000. As of September 30, 2002, we had made all payments under the settlement agreement.

On July 22, 2002, 2150 Western Court, L.L.C., the property manager for our Lisle, IL, office, filed a summons seeking payment of approximately \$72,000 for all past due rents on the facility. The summons asked for a judgment for the above amount plus possession of the premises. On August 8, 2002, we settled for cash payments of approximately \$72,000 on past due amounts over the remaining term of the lease, which expires in October 2003. Additionally, we issued 900,000 shares of our common stock, which are included in this registration statement, in exchange for a reduction in rent of approximately \$55,000 over the period from August 2002 to March 2003. NeoMedia had a liability of approximately \$61,000 relating to this matter as of September 30, 2002.

On July 27, 2002, our former General Counsel filed suit in U.S. District

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Court, Ft. Myers division, seeking payment of the 2000 executive incentive, severance and unpaid vacation days in the amount of approximately \$154,000. In June 2001, our compensation committee approved an adjustment to the 2000 executive incentive plan that reduced the executive incentive payout as a result of the write-off of the Digital:Convergence intellectual property license contract in the second quarter of 2001. As a result, we reduced the accrual for such payout by an aggregate of approximately \$1.1 million in the second quarter of 2002. On November 12, 2002, NeoMedia settled the lawsuit with its former General Counsel over payment of the 2000 executive incentive, severance and unpaid vacation days in the amount of approximately \$154,000. The settlement calls for cash payments totaling approximately \$100,000 over a period of 10 months, plus 250,000 vested options to purchase shares of NeoMedia's common stock at an exercise price of \$0.01 and a term of five years.

On September 12, 2002, R. R. Donnelley & Sons Company filed a summons in the Circuit Court of The Twentieth Judicial Circuit in and for Lee County, Florida, seeking payment of approximately \$92,000 in past due professional services bills. We have accrued approximately \$92,000 relating to this matter. We are attempting to negotiate settlement of this issue out of court prior to the court date.

53

On September 13, 2002, Wachovia Bank, N.A. filed a complaint in Circuit Court of The Twentieth Judicial Circuit in and for Lee County, Florida, seeking payment of approximately \$225,000 in past due rents on our headquarters in Ft. Myers, Florida. On October 28, 2002, NeoMedia settled this lawsuit. The settlement calls for cash payments of past due rents of approximately \$250,000 over a period of 16 months. NeoMedia will also vacate approximately 70% of the unused space in its headquarters, and the rent for the remainder of the lease, which expires January 2004, will be reduced according to square footage used. NeoMedia accrued a liability of approximately \$250,000 relating to this matter as of September 30, 2002.

On October 28, 2002, Merrick and Klimek, P.C., a law firm that formerly represented us, filed a complaint in Circuit Court for the Twentieth Judicial Circuit of Florida, seeking payment of a note payable in the amount of approximately \$170,000. The note was entered into in September 2001 between us and Merrick and Klimek and matured unpaid in February 2002. The balance of the note consists of fees for legal services provided in 2001 and earlier.

(1) Applicable percentage of ownership is based on 25,391,298 shares of common stock outstanding as of December 1, 2002, together with securities exercisable or convertible into shares of common stock within 60 days of December 1, 2002 for each stockholder. Beneficial ownership

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

is determined in accordance with the rules of the Commission and generally includes voting or investment power with respect to securities. Shares of common stock subject to securities exercisable or convertible into shares of common stock that are currently exercisable or exercisable within 60 days of December 1, 2002 are deemed to be beneficially owned by the person holding such options for the purpose of computing the percentage of ownership of such person, but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Outstanding shares excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted,

55

and the note holder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding.

- (2) Shares beneficially owned include 100 shares owned by each of Mr. Fritz's four minor children for an aggregate of 400 shares, 1,369,400 shares of common stock issuable upon exercise of options granted under our 2002 and 1998 stock option plans, 1,500,000 shares issuable upon exercise of stock warrants, 42,186 shares of common stock owned by Mr. Charles W. Fritz directly, and 1,542,969 shares of common stock held by the CW/LA II Family Limited Partnership, a family limited partnership for the benefit of Mr. Fritz's family.
- (3) William E. Fritz, our corporate secretary, and his wife, Edna Fritz, are the general partners of the Fritz Family Limited Partnership and therefore each are deemed to be the beneficial owner of the 1,511,742 shares held in the Fritz Family Partnership. As trustee of each of the Chandler R. Fritz 1994 Trust, Charles W. Fritz 1994 Trust and Debra F. Schiafone 1994 Trust, William E. Fritz is deemed to be the beneficial owner of the shares of NeoMedia held in each trust. Accordingly, Mr. William E. Fritz is deemed to be the beneficial owner of an aggregate of 2,207,519 shares, 165,467 of which as a result of being trustee of the Chandler T. Fritz 1994 Trust, Charles W. Fritz 1994 Trust and Debra F. Schiafone 1994 Trust, 1,511,742 shares as a result of being co-general partner of the Fritz Family Partnership, 268,787 shares owned by Mr. Fritz or his spouse, 12,523 shares to be issued upon the exercise of warrants held by Mr. Fritz or his spouse and 249,000 shares to be issued upon the exercise of options held by Mr. Fritz or his spouse. Mr. William E. Fritz may be deemed to be a parent and promoter of NeoMedia, as those terms are defined in the Securities Act.
- (4) William E. Fritz is the trustee of this Trust and therefore is deemed to be the beneficial owner of such shares.
- (5) Chandler T. Fritz, son of William E. Fritz, is the primary beneficiary of this trust.
- (6) Charles W. Fritz, son of William E. Fritz and our president, chief executive officer, and Chairman of the Board, is the primary beneficiary of this trust.
- (7) Debra F. Schiafone, daughter of William E. Fritz, is the primary beneficiary of this trust.
- (8) Includes 1,418,586 shares of common stock issuable upon exercise of options granted under our 2002, 1998, and 1996 stock option plans.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

- (9) Includes 188,820 shares of common stock issuable upon exercise of options granted under our 2002 and 1998 stock option plans.
- (10) Includes 264,000 shares of common stock issuable upon exercise of options granted under our 1996 and 1998 stock option plans. The address of the referenced individual is c/o Barclay & Damisch Ltd. 115 West Wesley Street Wheaton, IL 60187.
- (11) Includes 283,000 shares of common stock issuable upon exercise of options granted under NeoMedia's 1996 and 1998 stock option plans, and 140,000 shares owned by Mr. Keil directly. The address of the referenced individual is c/o Keil & Keil Associates 733 15th Street, N.W. Washington D.C., 20005.
- (12) Includes an aggregate of 3,772,806 currently exercisable options to purchase shares of common stock granted under our 1996 stock option plan and 1998 stock option plan and 1,512,523 currently exercisable warrants to purchase shares of common stock.
- (13) Beneficial ownership is comprised of 1,432,055 shares issuable upon exercise of stock options granted under our 2002 and 1998 stock option plans, and 1,904,900 shares issuable upon exercise of stock warrants.

56

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During November 2002, NeoMedia issued Convertible Secured Promissory Notes with an aggregate face value of \$60,000 to 3 separate parties, including Charles W. Fritz, Chairman of the Board of Directors of NeoMedia; William E. Fritz, an outside director; and James J. Keil, an outside director. The notes bear interest at a rate of 15% per annum, and mature at the earlier of i.) four months, or ii.) that date the shares underlying the Cornell Equity Line of Credit are registered with the SEC. The notes are convertible, at the option of the holder, into either cash or shares of our common stock at a 30% discount to either market price upon closing, or upon conversion, whichever is lower. NeoMedia will also grant to the holders an additional 192,000 shares of our common stock and 60,000 warrants to purchase shares of our common stock at \$0.03 per share, with a term of three years. In the event NeoMedia defaults on the note, NeoMedia will issue an additional 1,404,330 shares of its common stock to the note holders. The notes are secured by our intellectual property, which is subject to first lien by AirClic, Inc. NeoMedia will continue to pursue additional capital through the issuance of Convertible Secured Promissory Notes with the same terms as above.

During April 2002, we borrowed \$11,000 from William E. Fritz under a note payable bearing interest at 8% per annum with a term of 60 days. The note had not been repaid as of the date of this filing and continues to accrue interest.

During March 2002, we borrowed \$190,000 from William E. Fritz under a note payable bearing interest at 8% per annum with a term of 16 days. The note was repaid during March 2002.

During February 2002, we borrowed \$10,000 from William E. Fritz under a note payable bearing interest at 8% per annum with a term of 30 days. The note has not been repaid as of the date of this filing and continues to accrue interest.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

During October 2001, we borrowed \$4,000 from Charles W. Fritz, our Chairman, our former Chief Executive Officer and a director, under a note payable bearing interest at 10% per annum with a term of six months. The note has not been repaid as of the date of this filing and continues to accrue interest.

We believe that all of the above transactions were conducted at "arm's length", representing what we believe to be fair market value for those services.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires NeoMedia's officers and directors, and persons who own more than ten percent of a registered class of NeoMedia's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Officers, directors and greater than ten-percent shareholders are required by SEC regulation to furnish NeoMedia with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such forms furnished to NeoMedia, NeoMedia believes that during 2001 there was no delinquency in the Section 16(a) filing obligations of NeoMedia's officers, directors and ten percent beneficial owners.

COMPARATIVE STOCK PERFORMANCE

The following graph compares the yearly percentage change in the cumulative total stockholder return (change in stock price plus reinvested dividends) on NeoMedia's common stock with the cumulative total return for the Nasdaq Stock Market Index (U.S.) and the Dow Jones Internet Composite Index. The graph assumes that \$100 was invested in the common stock of NeoMedia and in each of the comparative indices on December 31, 1996, the trading day before the beginning of NeoMedia's fifth preceding fiscal year. The graph further assumes that such amount was initially invested in the common stock of NeoMedia at a per share price of \$5.625, the price at which shares of NeoMedia's common stock closed on the Nasdaq SmallCap Market on December 31, 1996. The comparisons in the graph are required by the Securities and Exchange Commission and are not intended to forecast or be indicative of possible future performance of NeoMedia's common stock.

MARKET PRICE OF AND DIVIDENDS ON THE REGISTRANT'S COMMON EQUITY AND OTHER STOCKHOLDER MATTERS

Our common stock began trading on The Nasdaq SmallCap Market under the symbol "NEOM" on November 25, 1996, the date of our initial public offering. On March 11, 2002, we received a Nasdaq Staff Determination stating that, as of December 31, 2001, we did not meet either the minimum net tangible assets (\$2,000,000) or minimum stockholders' equity (\$2,500,000) criteria for continued listing on the Nasdaq SmallCap Market and advising that, accordingly, our shares were subject to de-listing from such market. Our shares are now trading on the OTC Bulletin Board under the symbol "NEOM." As of December 1, 2002, there were 25,391,298 common shares outstanding. This amount of outstanding shares excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted, and the note holder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding.

The following table summarizes the high and low closing sales prices per share of the common stock for the periods indicated as reported on The Nasdaq SmallCap Market:

DIVIDENDS

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

We have not declared or paid any dividends on our common stock during the nine months ended September 30, 2002 or the years ended December 31, 2002, 2001 or 2000. Following this offering, our dividend practices with respect to our common stock will be determined and may be changed from time to time by our board of directors. We will base any issuance of dividends upon our earnings, financial condition, capital requirements and other factors considered important by our board of directors. Delaware law and our certificate of incorporation do not require our board of directors to declare dividends on our common stock. In addition, we have a letter of credit with Bank One, Chicago, Illinois, the terms of which require Bank One's written consent prior to the declaration of cash dividends. We expect to retain all earnings, if any, generated by our operations for the development and growth of our business and do not anticipate paying any dividends to our stockholders for the foreseeable future.

RECENT SALES OF UNREGISTERED SECURITIES

On December 2, 2002, Jerald Eicke was issued 4,000,000 shares of common stock in exchange for consulting services rendered. The shares of common stock were priced at \$0.05 totaling a value of \$200,000.

On December 2, 2002, NeoMedia issued to Michael Kesselbrenner, a private investor, a Promissory Note in the principal amount of \$165,000, bearing interest at a rate of 12% per annum, with a maturity of 150 days. In connection with the default provision of the Promissory Note, NeoMedia entered into a Pledge Agreement, dated December 2, 2002, by and between NeoMedia and the Investor under which NeoMedia issued 53,620,020 shares of common stock to an unrelated third party as collateral for the Promissory Note. In the event of default, the third party would issue the shares to the Investor, and NeoMedia would issue additional shares as required to increase Mr. Kesselbrenner's ownership of securities of NeoMedia to equal 51% of its fully-diluted outstanding shares at the time of such default.

On November 12, 2002, NeoMedia and Cornell Capital Partners terminated the May 2002 Equity Line of Credit Agreement and entered into a new Equity Line of Credit Agreement with Cornell under which Cornell agreed to purchase up to \$10.0 million of NeoMedia's common stock and over the next two years, with the timing and amount of the purchase at NeoMedia's discretion. The maximum amount of each purchase is \$150,000 with a minimum of seven days between purchases. The shares will be valued at 98% of the lowest closing bid price during the five day period following the delivery of a notice of advance by NeoMedia. NeoMedia will pay 5% of the gross proceeds of each purchase to Cornell as a commission. According to the terms of the agreement, NeoMedia cannot draw on the line of credit until the shares underlying the agreement are registered for trading with the Securities and Exchange Commission. Cornell Capital received a one-time commitment fee payable in 2,000,000 shares of our common stock. Additionally, Westrock Advisors, Inc. was paid a fee of 62,500 shares of NeoMedia's common stock for acting as the placement agent.

In September 2002, NeoMedia issued 1,161,402 shares of common stock upon exercise of outstanding options by an unrelated consultant at a price of \$0.01 per share. The gross proceeds of such transaction were approximately \$12,000.

In August 2002, NeoMedia issued 900,000 shares of common stock to 2150 Western Court L.L.C, the landlord of its Lisle, Illinois sales office, as settlement of a lawsuit relating to past-due and future building rents. The shares were valued at \$0.03 per share, the market price at the date of issuance. There were no cash proceeds to NeoMedia in this transaction.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

In July, August and September 2002, we issued an aggregate of 3,000,000 shares of our common stock upon the exercise of outstanding options by a consultant at a price of \$0.01 per share. The gross proceeds of such transaction were \$30,000.

In June 2002, we issued 10,000 shares of common stock to an unrelated vendor as an interest payment on past-due accounts payable. There were no cash proceeds to us in these transactions.

In May 2002, we issued an aggregate of 200 shares of our common stock upon the exercise of outstanding options by an employee at a price of \$0.12 per share. The gross proceeds of such transaction were \$24.

During April 2002, NeoMedia repriced 7.4 million of its common stock options held by employees, consultants and advisors for a period of six months. During the term of the option repricing program, participating holders are entitled to exercise subject options at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Shortly after the announcement of the repricing program, the market price for the Company's common stock fell below \$0.12, and has not closed above \$0.12 since. As a result, no options were exercised under the terms of the program and NeoMedia did not recognize any expense relating to the repricing program during the nine months ended September 30, 2002 due to immaterial effect on the financial statements.

In April 2002, we issued an aggregate of 140,775 shares of our common stock upon the exercise of outstanding warrants by Charles W. Fritz, its Chairman and Chief Executive Officer, at a price of \$0.12 per share. Mr. Fritz subsequently sold the shares into the market. The gross proceeds of such transaction were approximately \$17,000. In accordance with Section 16(b), all proceeds from the sales were retained by us.

In April 2002, we issued an aggregate of 1,962,255 shares of our common stock upon the exercise of outstanding options by two unrelated parties at a price of \$0.12 per share. The gross proceeds of such transaction were approximately \$235,000.

60

In April 2002, we issued an aggregate of 40,000 shares of our common stock upon the exercise of outstanding options by James J. Keil, an outside director. Mr. Keil purchased 25,000 shares at an exercise price of \$0.135 and 15,000 shares at \$0.20. The gross proceeds of such transaction were approximately \$6,000.

During March 2002, NeoMedia repriced 1.2 million of its common stock warrants for a period of six months. During the term of the warrant repricing program, participating holders are entitled to exercise qualified warrants at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date

In January 1999, we issued 42,857 shares of our common stock at a price of \$3.50 per share to an individual related party. In connection with the sale, we also issued 4,286 warrants with an exercise price of \$3.50. The gross proceeds of such transaction were approximately \$150,000.

In January 1999, we issued 82,372 shares of our common stock to an individual related party at a price of \$3.04 per share. In connection with the sale, we also issued 8,237 warrants with an exercise price of \$3.04. The gross proceeds of such transaction were approximately \$250,000.

In January 1999, we issued warrants to purchase 230,000 shares of common stock at a price of \$2.13 per share to an outside consultant for services performed.

In November 1998, we borrowed \$500,000, in two separate notes from unrelated third parties. These notes were due in November 1999 with an interest rate of 20%. One \$250,000 note was extended until January 6, 2000, and the other was extended until February 25, 2000. These notes were secured by 375,000 shares of our common stock by placing them in an escrow account. These shares were

63

considered issued but not outstanding for 1999. As part of obtaining the financing, 37,500 stock warrants, exercisable at \$2.00 per share, were issued to the lender. These warrants were exercised in February 2000. During 2000, both notes were repaid and the 375,000 shares securing the notes have been released from escrow and retired by us.

We relied upon the exemption provided in Section 4(2) of the Securities Act and/or Rule 506 thereunder, which cover "transactions by an issuer not involving any public offering," to issue securities discussed above without registration under the Securities Act of 1933. We made a determination in each

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

case that the person to whom the securities were issued did not need the protection that registration would afford. The certificates representing the securities issued displayed a restrictive legend to prevent transfer except in compliance with applicable laws, and our transfer agent was instructed not to permit transfers unless directed to do so by us, after approval by our legal counsel. We believe that the investors to whom securities were issued had such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the prospective investment. We also believe that the investors had access to the same type of information as would be contained in a registration statement.

64

DESCRIPTION OF SECURITIES

The following description of our capital stock and certain provisions of our Certificate of Incorporation and By-Laws is a summary and is qualified in its entirety by the provisions of our Certificate of Incorporation and By-Laws, which have been filed as exhibits to our registration statement of which this prospectus is a part.

On June 6, 2002, our shareholders voted to (i) increase the number of shares of common stock, par value \$0.01 per share, that we are authorized to issue from 50,000,000 to 200,000,000 and the number of share of preferred stock, par value \$0.01 per share, that we are authorized to issue from 10,000,000 to 25,000,000; and (ii) implement the 2002 Stock Option Plan, under which NeoMedia is authorized to grant to employees, directors, and consultants up to 10,000,000 options to purchase shares of its common stock. As of December 1, 2002, 25,391,298 shares of common stock were outstanding, and no shares of preferred stock were outstanding. This amount of outstanding shares excludes 53,620,023 shares issued into escrow on December 2, 2002, as collateral for a note payable by NeoMedia to an unrelated investor. The shares are restricted, and the note holder does not have title to the securities unless NeoMedia defaults on the note, which matures on May 1, 2003. The shares are therefore not deemed to be outstanding. None of our shares of preferred stock are outstanding as of the date of this prospectus.

COMMON STOCK

Holders of common stock are entitled to one vote for each share held of record on each matter submitted to a vote of stockholders. Holders of the common stock do not have cumulative voting rights, which means that the holders of more than one half of our outstanding shares of common stock, subject to the rights of the holders of preferred stock, can elect all of our directors, if they choose to do so. In this event, the holders of the remaining shares of common stock would not be able to elect any directors. Subject to the prior rights of any class or series of preferred stock which may from time to time be outstanding, if any, holders of common stock are entitled to receive ratably, dividends when, as, and if declared by the Board of Directors out of funds legally available for that purpose and, upon our liquidation, dissolution, or winding up, are entitled to share ratably in all assets remaining after payment of liabilities and payment of accrued dividends and liquidation preferences on the preferred stock, if any. Holders of common stock have no preemptive rights and have no rights to convert their common stock into any other securities. The outstanding common stock is duly authorized and validly issued, fully paid, and nonassessable. In the event we were to elect to sell additional shares of common stock following this offering, investors in this offering would have no right to purchase additional shares. As a result, their percentage equity interest in us would be diluted.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

The shares of our common stock offered in this offering will be, when issued and paid for, fully paid and not liable for further call and assessment. Except as otherwise permitted by Delaware law, and subject to the rights of the holders of preferred stock, all stockholder action is taken by the vote of a majority of the outstanding shares of common stock voted as a single class present at a meeting of stockholders at which a quorum consisting of a majority of the outstanding shares of common stock is present in person or proxy.

PREFERRED STOCK

We may issue preferred stock in one or more series and having the rights, privileges, and limitations, including voting rights, conversion rights, liquidation preferences, dividend rights and preferences and redemption rights, as may, from time to time, be determined by the Board of Directors. Preferred stock may be issued in the future in connection with acquisitions, financings, or other matters, as the Board of Directors deems appropriate. In the event that we determine to issue any shares of preferred stock, a certificate of designation containing the rights, privileges, and limitations of this series of preferred stock shall be filed with the Secretary of State of the State of Delaware. The effect of this preferred stock designation power is that our Board of Directors alone, subject to Federal securities laws, applicable blue sky laws, and Delaware law, may be able to authorize the issuance of preferred stock which could have the effect of delaying, deferring, or preventing a change in control of NeoMedia without further action by our stockholders, and may adversely affect the voting and other rights of the holders of our common stock. The issuance of preferred stock with voting and conversion rights may also adversely affect the voting power of the holders of our common stock, including the loss of voting control to others.

During December 1999, our Board of Directors approved a Certificate of Resolutions Designating Rights and Preferences of Preferred Stock, filed with the Secretary of State of the State of Delaware on December 20, 1999. By this approval and filing, 200,000 shares of Series A Preferred Stock were designated. Series A Preferred carries the following rights:

65

- o The right to receive mandatory cash dividends equal to the greater of \$0.001 per share or 100 times the amount of all dividends (cash or non-cash, other than dividends of shares of common stock) paid to holders of the common stock, which dividend is payable 30 days after the conclusion of each calendar quarter and immediately following the declaration of a dividend on common stock;
- o One hundred votes per each share of Series A Preferred on each matter submitted to a vote of our stockholders;
- o The right to elect two directors at any meeting at which directors are to be elected, and to fill any vacancy on the Board of Directors previously filled by a director appointed by the Series A Preferred holders;
- o The right to receive an amount, in preference to the holders of common stock, equal to the amount per share payable to holders of common stock, plus all accrued and unpaid dividends, and following payment of 1/100th of this liquidation preference to the holders of each share of common stock, an additional amount per share equal to 100 times the per share amount paid to the holders of common stock.
- o The right to exchange each share of Series A Preferred for 100

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

times the consideration received per share of common stock in connection with any merger, consolidation, combination or other transaction in which shares of common stock are exchanged for or converted into cash, securities or other property.

- o The right to be redeemed in accordance with our stockholders rights plan.

While accrued mandatory dividends are unpaid, we may not declare or pay dividends or distributions on, or redeem, repurchase or reacquire, shares of any class or series of junior or parity stock.

The Series A Preferred was created to be issued in connection with our stockholders rights plan, described below. No shares of Series A Preferred have been issued to date.

On June 19, 2001, our Board of Directors approved a Certificate of Designations to Create a Class of Series A Convertible Preferred Stock for NeoMedia Technologies, Inc., filed with the Secretary of State of the State of Delaware on June 20, 2001. By this approval and filing, 47,511 shares are designated as Series A Convertible Preferred Stock. Our Series A Convertible Preferred Stock, par value \$0.01 per share, has the following rights:

- o Series A Convertible Preferred is convertible into shares of our common stock at a one-to-one ratio, subject to proportional adjustments in the event of stock splits or combinations, and dividends or distributions of shares of common stock, at the option of the holder; shares are subject to automatic conversion as determined in each agreement relating to the purchase of shares of Series A Convertible Preferred;
- o Each share of Series A Convertible Preferred is entitled to receive a liquidation preference equal to the original purchase price of such share in the event of liquidation, dissolution, or winding up;
- o Upon merger or consolidation, or the sale, lease or other conveyance of all or substantially all of our assets, shares of Series A Convertible Preferred are automatically convertible into the number of shares of stock or other securities or property (including cash) to which the common stock into which it is convertible would have been entitled;
- o Shares of Series A Convertible Preferred are entitled to one vote per share, and vote together with holders of common stock.

In June 2001, 452,489 shares of Series A Convertible Preferred were issued to About.com, Inc. pursuant to a certain Agreement for Payment in Common Stock, in lieu of cash payment to About.com for online advertising services. On January 2, 2002, such shares were converted into 452,489 shares of common stock, which are being registered for sale hereby.

On January 16, 2002, our Board of Directors approved a Certificate of Designation, Preferences, Rights and Limitations of Series B 12% Convertible Redeemable Preferred Stock of NeoMedia Technologies, Inc., filed with the Secretary of State of the State of Delaware on February 28, 2002. By this approval and filing, 100,000 shares are designated as Series B 12% Convertible

Redeemable Preferred Stock. Our Series B 12% Convertible Redeemable Preferred

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Stock, par value \$0.01 per share, has the following rights:

- o Series B Preferred shares accrue dividends at a rate of 12% per annum, or \$1.20 per share, between the date of issuance and the first anniversary of issuance;
- o Series B Preferred is redeemed to the maximum extent permitted by law (based on our funds legally available for redemption) at a price per share of \$15.00, plus accrued dividends (a total of \$16.20 per share) on the first anniversary of issuance;
- o Series B Preferred receive proceeds of \$12.00 per share upon our liquidation, dissolution or winding up;
- o To the extent, not redeemed on the first anniversary of issuance, Series B Preferred is automatically convertible into our then existing general class of common stock on the first anniversary of issuance at a price equal to \$16.20 divided by the greater of \$0.20 and the lowest publicly-sold share price during the 90 day period preceding the conversion date, but in no event more than 19.9% of our outstanding capital stock as of the date immediately prior to conversion.
- o Upon merger or consolidation, or the sale, lease or other conveyance of all or substantially all of our assets, shares of Series B Preferred are automatically convertible into the number of shares of stock or other securities or property (including cash) to which the common stock into which it is convertible would have been entitled; and
- o Shares of Series B Preferred are entitled to one vote per share and vote with common stock, except where the proposed action would adversely affect the Series B Preferred or where the non-waivable provisions of applicable law mandate that the Series B Preferred vote separately, in which case Series B Preferred vote separately as a class, with one vote per share.

Our Preferred Stock is currently comprised of 25,000,000 shares, par value \$0.01 per share, of which 200,000 shares are designated as Series A Preferred Stock, none of which are issued or outstanding, and, following the conversion into common stock of 452,489 shares of Series A Convertible Preferred Stock issued to About.com, of which 47,511 shares are designated as Series A Convertible Preferred Stock, none of which are issued and outstanding, and of which 100,000 shares of Series B 12% Convertible Redeemable Preferred Stock, none of which are issued and outstanding. We have no present agreements relating to or requiring the designation or issuance of additional shares of preferred stock.

WARRANTS AND OPTIONS

As of December 1, 2002 there were outstanding warrants and options to purchase 7,705,090 and 8,755,219, shares of our common stock, respectively, with exercise prices ranging from \$0.00 to \$15.00. The number of shares issuable upon exercise and the exercise prices of the warrants are subject to adjustment in the event of certain events such as stock dividends, splits and combinations, capital reorganization and with respect to certain warrants, issuance of shares of common stock at prices below the then exercise price of the warrants.

As of June 6, 2002, NeoMedia shareholders approved the 2002 Option Plan. Under this plan, NeoMedia is authorized to grant to employees, directors, and consultants up to 10,000,000 options to share of its common stock. As of November 20, 2002, we had issued 6,415,000 options under the 2002 plan, of which

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

3,250,000 had been exercised.

In March 2002, we adopted a warrant repricing program. The program entitled holders of up to 1.2 million warrants to exercise the warrants within a period ending the earlier of September 19, 2002 or the expiration date of the warrant at a price per share equal to the greater of \$0.12 or 50% of the closing sales per share price on the OTC Bulletin Board of our common stock on the trading date immediately preceding the date of exercise. Approximately 0.4 million of the warrants placed in the program were exercised. We recognized approximately \$38,000 in expense relating to the program during the first nine months of 2002.

During April 2002, we repriced 7.4 million of our common stock options held by employees, consultants and advisors for a period of six months. During the term of the option repricing program, participating holders were entitled to exercise subject options at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Shortly after the announcement of the repricing program, the market price for our common

67

stock fell below \$0.12, and has not closed above \$0.12 since. As a result, no options were exercised under the terms of the program and we did not recognize any expense relating to the repricing program during the first six months of 2002.

ANTI-TAKEOVER EFFECTS OF PROVISIONS OF THE ARTICLES OF INCORPORATION

On December 10, 1999, our Board of Directors adopted a stockholders rights plan and declared a non-taxable dividend of one right on each outstanding share of our common stock to stockholders of record on December 10, 1999 and each share of common stock issued prior to the rights plan trigger date. The stockholder rights plan was adopted as an anti-takeover measure, commonly referred to as a "poison pill." The stockholder rights plan was designed to enable all stockholders to receive fair and equal treatment in any proposed takeover of the corporation and to guard against partial or two-tiered tender offers, open market accumulations and other hostile takeover tactics to gain control of NeoMedia. The stockholders rights plan, which is similar to plans adopted by many leading public companies, was not adopted in response to any effort to acquire control of NeoMedia at the time of adoption. Certain of our directors, officers and principal stockholders, Charles W. Fritz, William E. Fritz and The Fritz Family Limited Partnership and their holdings were exempted from the triggering provisions of our "poison pill" plan, as a result of the fact that, as of the plans adoption, their holdings might have otherwise triggered the "poison pill".

TRANSFER AGENT

The transfer agent and registrar for our common stock is American Stock Transfer, located in New York, New York. The transfer agent's phone number is (718) 921-8293.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

As permitted by the Delaware General Corporation Law ("DGCL"), we have included in our Certificate of Incorporation a provision to eliminate the personal liability of our directors for monetary damages for breach or alleged breach of their fiduciary duties as directors, except for liability (i) for any breach of the director's duty of loyalty to NeoMedia or its stockholders, (ii)

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

for acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law, (iii) in respect of certain unlawful dividend payments or stock redemptions or repurchases, as provided in Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. The effect of this provision is to eliminate the rights of NeoMedia and its stockholders (through stockholders' derivative suits on behalf of NeoMedia) to recover monetary damages against a director for breach of the fiduciary duty of care as a director except in the situations described in (i) through (iv) above. This provision does not limit nor eliminate the rights of NeoMedia or any stockholder to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's duty of care. These provisions will not alter the liability of directors under federal securities laws.

The certificate of incorporation and the by-laws of NeoMedia provide that we are required and permitted to indemnify our officers and directors, employees and agents under certain circumstances. In addition, if permitted by law, we are required to advance expenses to our officers and directors as incurred in connection with proceedings against them in their capacity as a director or officer for which they may be indemnified upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to indemnification. At present, we are not aware of any pending or threatened litigation or proceeding involving a director, officer, employee or agent of NeoMedia in which indemnification would be required or permitted.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers or controlling persons of NeoMedia pursuant to the foregoing provisions, or otherwise, NeoMedia has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

respect to the uncertainty regarding NeoMedia's ability to continue as a going concern, as discussed in Note 3 to the financial statements. In accordance with Securities Act Rule 437a, the consent of Arthur Andersen LLP has not been included as an exhibit herewith. NeoMedia has been unable to obtain a consent of Arthur Andersen LLP due to the departure of their engagement team leaders from such firm. Any recovery by investors posed by the lack of consent is limited by Securities Act Rule 437a.

The financial statements of Qode.com, Inc. (A Development Stage Enterprise) at December 31, 1999 and for the period from March 29, 1999 (inception) through December 31, 1999, appearing in this Prospectus and Registration Statement have been audited by Ernst & Young LLP, independent certified public accountants, as set forth in their report thereon (which contain an explanatory paragraph describing conditions that raise substantial doubt about NeoMedia's ability to continue as a going concern as described in Note 1 to the financial statements) appearing elsewhere herein, and are included in reliance upon such report given on the authority of such firm as experts in accounting and auditing.

CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURES

On June 7, 1999, we filed a Report on Form 8-K reporting that KPMG LLP had resigned as our independent auditors. In connection with the audit of NeoMedia's financial statements for the fiscal year ended December 31, 1998 and in the subsequent interim periods, there were no disagreements with KPMG LLP on any matters of accounting principles or practice, financial statement disclosure, or auditing scope and procedures which, if not resolved to the satisfaction of KPMG LLP, would have caused KPMG LLP to make reference to the matter in their report. In their report ended March 18, 1998 for the year ended December 31, 1997, KPMG LLP did not issued a qualified or adverse opinion. Effective July 14, 1999, we engaged Arthur Andersen LLP to audit our consolidated financial statements for the fiscal year ending December 31, 1999.

On October 29, 2001, we filed a Report on Form 8-K reporting that we had dismissed Arthur Andersen LLP as our independent auditors. In connection with the audit of NeoMedia's financial statements for the fiscal years ended December 31, 2000 and 1999 and in the subsequent interim periods, there were no disagreements with Arthur Andersen LLP on any matters of accounting principles or practice, financial statement disclosure, or auditing scope and procedures which, if not resolved to the satisfaction of Arthur Andersen LLP would have caused Arthur Andersen LLP, to make reference to the matter in their report. In their report dated March 30, 2001, for the years ended December 31, 2000 and 1999, Arthur Andersen LLP did not issue an adverse opinion, but did issue a qualified opinion with a "going concern" clause. Effective October 25, 2001 we engaged Stonefield Josephson, Inc. as our new independent accountants.

FINANCIAL INFORMATION

Report of Independent Certified Public Accountants

To Qode.com, Inc.:

We have audited the accompanying balance sheet of Qode.com, Inc. (a Florida corporation in the development stage) as of December 31, 2000, and the related statements of operations, changes in redeemable preferred stock and stockholders' deficit, and cash flows for the year then ended and the related statements of operations and cash flows for the period from inception (March 29, 1999) to December 31, 2000. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of Qode.com, Inc. for the period from inception to December 31, 1999. Such statements are included in the cumulative inception to December 31, 2000, totals of the statements of operations and cash flows and reflect total revenues and net loss of zero percent and 13 percent, respectively, of the related cumulative totals. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to amounts for the period from inception to December 31, 1999, included in the cumulative totals, is based solely upon the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of Qode.com, Inc. as of December 31, 2000, and the results of its operations and its cash flows for the year then ended and for the period from inception to December 31, 2000, in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has suffered losses from operations and the current cash position of the Company raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

QODE.COM, INC.
(A Development Stage Enterprise)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2000

1 NATURE OF BUSINESS ORGANIZATION

Qode.com, Inc. (Qode.com or the Company) commenced operations on March 29, 1999, and is incorporated in the State of Florida. Qode.com is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting By Development Stage Enterprises". The Company intends to provide manufacturers, retailers, advertisers and users a unique tool for Website navigation through the use of imbedded standard bar codes and Uniform Product Codes (UPC). It is the Company's mission to develop, operate, maintain and promote the use of Qode.com technologies to enable any bar code to interface with their technology.

The Company's financial statements have been prepared assuming that the Company will continue as a going concern. The Company has incurred losses since its inception and during its development stage as it has devoted substantially all of its efforts toward building network infrastructure, internal staffing, developing systems, expanding into new markets, building a proprietary database and raising capital. The Company has generated little revenue to date and is subject to a number of risks, including dependence on key individuals, the ability to demonstrate technological feasibility, and the need to obtain adequate additional financing necessary to fund the development and marketing of its products and services, and customer acceptance. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may results from the outcome of this uncertainty.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

For purposes of reporting cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

INVENTORY

Inventory is stated at the lower of cost or market, and at December 31, 2000 was comprised of QoderTM handheld scanning systems. Cost is determined using the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

weighted average method.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost less accumulated depreciation. Repairs and maintenance are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Computer hardware and purchased software are being depreciated over a three-year period, and furniture and fixtures are being depreciated over a five-year period.

Depreciation expense was \$278,590 for the year ended December 31, 2000.

CAPITALIZED SOFTWARE DEVELOPMENT COSTS

In accordance with the American Institute of Certified Public Accountants Statement of Position No. 98-1, "Accounting for Costs of Computer Software Developed or Obtained for Internal Use," all costs related to the development or purchase of internal use software other than those incurred during the

F-8

application development stage are to be expensed as incurred. Costs incurred during the application development stage are required to be capitalized and amortized over the useful life of the software. The Company has expensed \$1,109,686 in research and development costs for the year ended December 31, 2000. The Company has capitalized \$2,498,752 in software development costs for the year ended December 31, 2000. Amortization expense was \$138,820 for the year ended December 31, 2000.

REDEEMABLE PREFERRED STOCK

Redeemable preferred stock is carried at the net consideration to the Company at time of issuance, increased by accrued and unpaid cumulative dividends and periodic accretion to redemption value using the interest method. Accrued and unpaid dividends and redemption accretion are affected by charges against retained earnings, or, in the absence of retained earnings, additional paid-in capital.

REVENUE RECOGNITION

Revenue is generated from the sale of Qode's proprietary hand held bar code scanners. Revenue is recognized when the product is delivered to the customer.

INCOME TAXES

In accordance with Statement of Financial Accounting Standards (SFAS) No. 109, "Accounting for Income Taxes", income taxes are accounted for using the assets and liabilities approach. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities, and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be recognized. The Company has recorded a 100% valuation allowance as of December 31, 2000.

COMPUTATION OF NET LOSS PER SHARE

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Basic and diluted net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. The Company has excluded all common stock equivalents from the calculation of diluted net loss per share because these securities are anti-dilutive. The shares excluded from the calculation of diluted net loss per share and reserved for future issuance are detailed in the table below:

	2000

Outstanding stock OPTIONS	1,540,511
Outstanding warrants	1,229,146
Shares issuable on conversion of notes payable	6,800,000
Shares issuable on conversion of Series A preferred stock	4,049,701

Shares issuable on conversion of notes payable were calculated based on the terms of the notes as if they were converted on December 31, 2000.

FINANCIAL INSTRUMENTS

The Company believes that the fair value of its financial instruments approximate carrying value.

CONCENTRATION OF CREDIT RISK

Revenue was generated from the selling of barcode scanners with approximately 91 percent of those sales to one customer.

ACCOUNTING FOR STOCK-BASED COMPENSATION

The Company has adopted SFAS No. 123, "Accounting for Stock-Based compensation." The provisions of SFAS 123 allow companies to either expense the estimated fair value of stock options or to continue to follow the intrinsic value method set

F-9

forth in Accounting Principles Board (APB) Opinion No. 25, "Accounting for Stock Issued to Employees" (APB 25), but disclose the pro forma effects on net income or loss as if the fair value had been expensed. The Company has elected to apply APB 25 in accounting for its employee stock options and, accordingly recognizes compensation expense for the difference between the fair value of the underlying common stock and the grant price of the option at the measurement date.

RECENT ACCOUNTING PRONOUNCEMENTS

In June 1998 the FASB issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities", as amended by SFAS No. 137 and SFAS 138. SFAS No. 133, as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It requires that an entity recognize all derivatives as either assets or liabilities in the balance sheet and measure those instruments at fair value. The adoption of these new accounting standards did not have an impact on the Company's financial position or results of operations.

On December 3, 1999 the Securities and Exchange Commission (SEC) staff released Staff Accounting Bulletin (SAB) No. 101, "Revenue Recognition". This SAB provides guidance on the recognition, presentation and disclosure of revenue in

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

financial statements. The Company implemented SAB No. 101 for the quarter ended June 30, 2000. It did not have an impact on the Company's results of operations.

COMPREHENSIVE INCOME

For the year ended December 31, 2000, there were no differences between the balance sheet and income statement and therefore no comprehensive income.

3 LOANS FROM OFFICERS

Between October and December 2000, several of the Company's officers elected to defer their salaries due to cash flow difficulties experienced by the Company. The total amount deferred was \$83,154.

On November 28, 2000, the Company issued promissory notes to officers totaling \$135,000, with an interest rate of 6.09 percent. The principal and interest are payable on February 26, 2001

4 PROPERTY AND EQUIPMENT

Property and equipment consists of the following as of December 31, 2000:

	2000
Computer hardware and purchased software	\$ 1,139,578

5 NOTES PAYABLE

CONVERTIBLE NOTES

On January 18, 2000, the Company entered into a note purchase agreement with an investor for \$3,000,000, with an interest rate of 12 percent. The principal and interest were due July 17, 2000. The principal and interest are convertible at the option of the holder upon or after a \$10 million financing. The conversion rate is 85 percent of the price per share in the financing. In connection with this note, 200,000 warrants were issued with an exercise price of \$4.50 per share for the Company's common stock. These warrants may be exercised at anytime following the closing of a \$10 million financing and expire January 17, 2005. The Company allocated the proceeds from the issuance of the note between the note and warrants based on the relative fair value method. The difference between the face amount of the note and the amount allocated to it was recorded as a discount, and amortized to interest expense over the life of the note.

F-10

On August 1, 2000, the Company extended this note to November 17, 2000. As additional consideration for the extension of the note, the Company reduced the exercise price of the 200,000 warrants to \$1.00. The additional expense of \$63,180 that resulted from the re-pricing was charged to interest expense. As of December 31, 2000, the note had not been repaid.

During 2000, the Company entered into four separate note purchase agreements with investors totaling \$400,000 with interest rates of 12 percent. The

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

principal and interest on three of the notes were due October 9, 2000 through November 4, 2000, and principal and interest on the other note is due January 6, 2001. The principal and interest are convertible at the option of the holder upon or after a \$7 million financing. The conversion rate is 85 percent of the price per share in the financing. In connection with these notes, 26,666 warrants were issued with an exercise price of \$2.00 per share for the Company's common stock. These warrants may be exercised at anytime following the closing of a \$7 million financing. The proceeds from the issuance of these notes and warrants were allocated between the two using the relative fair value method. The resulting discount on the notes was amortized to interest expense over the life of the notes.

OTHER NOTE PAYABLE

During March 2000, the Company entered into a note agreement in the amount of \$42,500, bearing interest at a rate of 11 percent per year and expiring on March 15, 2002, to finance its phone system. The note is secured by telephone equipment.

On November 28, 2000 and December 14, 2000, the Company signed two promissory notes in the amounts of \$20,000 and \$200,000, bearing interest at a rate of 6.09 percent and 15 percent per year, with principal and accrued interest payable February 26, 2001 and January 28, 2001, respectively. In connection with the December 14, 2000 note, 100,000 warrants were issued with an exercise price of \$.50 per share for the Company's common stock. These warrants may be exercised at anytime following the closing of the Next Financing, as defined in the warrant agreement. The proceeds from the issuance of this note and warrants were allocated between the two using the relative fair value method. The resulting discount on the note is being amortized to interest expense over the life of the note.

Notes payable consists of the following:

	AMOUNT

Convertible notes, interest bearing at 12% per annum	\$ 3,400,000
Note payable, interest bearing at 11% per annum, due in monthly installments through March 2002	27,679

6 INCOME TAXES

For the years ended December 31, 2000, the components of income tax expense were

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

as follows:

	2000
Current	\$ -
Deferred	-
Income tax expense	\$ -

The net amounts of deferred tax assets recorded in the balance sheet at December 31, 2000, are as follows:

	2000
Deferred tax asset:	
Depreciation of property and equipment	\$ 17,901
Start-up costs	199,566
Net operating loss carryforward	3,443,643
Less- Valuation allowance	(3,661,110)
Total deferred tax asset	\$ --
Deferred tax liabilities:	\$ --
Total net deferred taxes	\$ --

SFAS No. 109 requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more likely than not, that some portion or all of the deferred tax assets will not be realized. After consideration of all the evidence, both positive and negative, management has determined that a \$3,661,110 valuation allowance at December 31, 2000 is necessary to reduce the deferred tax assets to the amount that will more likely than not be realized. The change in the valuation allowance for the current year is \$3,194,880. At December 31, 2000, the Company has available net operating loss carryforwards of \$9,151,323, which expire in the year 2020 and 2019.

A reconciliation of income taxes computed at the U.S. federal statutory tax rate to income tax expense for the year ended December 31, 2000, is as follows:

	2000
Taxes at the U.S. statutory rate	\$(2,895,430)

8 PREFERRED STOCK

SERIES A 15% CUMULATIVE CONVERTIBLE REDEEMABLE PREFERRED STOCK

The Board of Directors (the Board) has authorized the issuance of up to 3,000,000 shares of Series A 15 percent \$.0001 par value, voting, cumulative, redeemable, convertible preferred stock (the Series A Preferred Stock). Series A Preferred Stock is convertible at any time at the option of the holder prior to the closing of a Public Offering, as defined in the agreement, or within 20 days following receipt of a Notice of Redemption, as defined in the agreement, into the Company's common stock for each share of the Series A Preferred Stock held plus accrued and unpaid dividends on the Series A Preferred Shares. The Series A Preferred Stock has a liquidation preference of \$1 per share and is mandatorily redeemable on April 15, 2004.

In June 2000, the Company issued 19,560 shares of the Series A Preferred Stock at \$2.50 per share for services rendered.

Dividends on the Series A Preferred Stock accrue, on a daily basis, commencing on the date of issuance at an interest rate of 15 percent per annum and are payable on a semi-annual basis. The Company, at its option, may pay dividends either in cash or by the issuance of additional shares of Series A Preferred Stock. Aggregate cumulative dividends in arrears at December 31, 2000 totaled \$458,081, and are included in Series A 15 % cumulative convertible redeemable preferred stock on the accompanying balance sheet.

SERIES U CONVERTIBLE PREFERRED STOCK

The Board has authorized the issuance of up to 1,500,000 shares of Series U, 8 percent \$.0001 par value, voting, cumulative, convertible preferred stock (the Series U Preferred Stock). Series U Preferred Stock is convertible at any time at the option of the holder prior to the closing of a Public Offering into the Company's common stock for each share of the Series U Preferred Stock held plus accrued and unpaid dividends on the Series U Preferred Shares. Between May and October 2000, the Company issued 1,500,000 at \$2 per share, with proceeds to the Company of \$3,000,000.

Dividends on the Series U Preferred Stock accrue, on a daily basis, commencing on the date of issuance at an interest rate of 8 percent per annum and are payable on a semi-annual basis. The Company, at its option, may pay dividends either in cash or by the issuance of additional shares of Series U Preferred Stock. Aggregate cumulative dividends in arrears at December 31, 2000, totaled \$94,119.

9 COMMON STOCK

The Company is authorized to issue up to 25,000,000 shares of its \$.0001 par value common stock. During 2000, no shares of common stock were issued. As of December 31, 2000, 8,023,000 shares were issued and outstanding.

10 STOCK BASED COMPENSATION

STOCK WARRANTS GRANTED IN EXCHANGE FOR SERVICES

During 2000, the Company granted 372,780 warrants, with exercise prices ranging from \$1.00 to \$4.50 per share, to consultants for certain advisory and consulting services. The warrants vest immediately upon issuance and can be exercised over a five-year period. In August 2000, 250,000 warrants granted at

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

\$4.50 were re-priced to \$1.00 per share. In September 2000, 100,000 warrants granted at \$1.50 were re-priced to \$0.01 per share. The Company valued these warrants, and their re-pricing, at \$1,126,790 in accordance with SFAS 123, and recognized the entire amount in 2000 as general and administrative expenses in the accompanying statement of operations.

STOCK WARRANTS GRANTED ATTACHED TO DEBT AGREEMENTS

During 2000, the Company granted 326,666 warrants, with exercise prices ranging from \$.50 to \$4.50, attached to various debt agreements. The warrants vest immediately upon issuance and can be exercised over a five-year period. The Company applied APB Opinion No. 14, "Accounting for Convertible Debt and Debt Issued with Stock Purchase Warrants", and accounted for the portion of the proceeds of the debt issued with warrants, which was allocable to the warrants, as additional paid-in capital based on the relative fair values of the securities at the time of issuance, and also recognized a discount on the debt as a result.

F-14

In September 2000, 200,000 warrants granted at \$4.50 were re-priced to \$1.00 per share in connection with an extension of the term date of the debt. The Company valued the re-pricing at \$63,180, and recognized the entire amount in 2000 as interest expense in the accompanying statement of operations.

Warrant activity for the year ended December 31, 2000, is as follows:

F-15

In June 2000, the Company reduced the exercise price on all its outstanding stock options. As a result, the Company recognized \$395,682 in compensation expense in 2000 for the vested portion of these options, and will recognize \$933,568 in subsequent periods as these options vest.

The Company accounts for issuances to employees under APB 25, and accordingly, \$545,898 of compensation expense, including the amount discussed above, has been recognized for the year ended December 31, 2000.

SFAS 123 requires pro forma information regarding net income as if the Company has accounted for its employee stock options under the fair value method of that statement. The fair value for these options was estimated at the date of grant using the Black-Scholes option pricing model with the following assumptions: (i) risk-free interest rate of 6 percent, which approximates the four-year U.S. Treasury Bill rate at the date of grant, (ii) dividend yield of 0 percent (iii) expected volatility of 80 percent (iv) and an average expected life of the option of four years.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period. The Company's pro forma information is as follows:

Report of Independent Certified Public Accountants

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

The Stockholders and Board of Directors Qode.com, Inc.

We have audited the accompanying balance sheet of Qode.com, Inc. (the Company) (A Development Stage Enterprise) as of December 31, 1999 and the related statement of operations, and statement of changes in redeemable preferred stock and stockholders' deficit, and statement of cash flows for the period from March 29, 1999 (inception) through December 31, 1999. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Qode.com, Inc. at December 31, 1999, and the results of its operations and its cash flows for the period March 29, 1999 (inception) through December 31, 1999, in conformity with accounting standards generally accepted in the United States.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As more fully described in Note 1, the Company, which is in the developmental stages has incurred a net operating loss, experienced negative cash flow from operations and has a net capital deficit. These conditions raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 1. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty.

QODE.COM, INC.
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO FINANCIAL STATEMENTS
PERIOD FROM MARCH 29, 1999 (INCEPTION) TO DECEMBER 31, 1999

1. NATURE OF BUSINESS

ORGANIZATION

Qode.com, Inc. (the Company) commenced operations on March 29, 1999 and is incorporated in the state of Florida. Qode.com is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, Accounting and Reporting By Development Stage Enterprises. The Company intends to provide manufactures, retailers, advertisers, and users a unique tool for Web site navigation by the use of imbedded standard bar codes and Uniform Product Codes (UPC). It is the Company's mission to develop, operate, maintain and promote the use of Qode.com technologies to enable any bar code to interface with their technology.

The Company has incurred losses since its inception as it has devoted substantially all of its efforts toward building network infrastructure, internal staffing, developing systems, expanding into new markets, building a proprietary database and raising capital. The Company has generated no revenue

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

to date and is subject to a number of risks similar to those of other development stage companies, including dependence on key individuals, the ability to demonstrate technological feasibility, and the need to obtain adequate additional financing necessary to fund the development and marketing of its products and services, and customer acceptance.

The Company's financial statements have been prepared assuming that the Company will continue as a going concern. The Company has a limited operating history and intends to significantly increase its operational expenses in fiscal year 2000 to pursue certain sales and marketing plans. These conditions raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the outcome of this uncertainty. In fiscal year 2000, the Company plans to raise additional financing from private equity financing. The Company entered into a financing agreement subsequent to year end that will provide the Company with an additional \$3 million, see Note 8.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

For purposes of reporting cash flows, the Company considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets. Computer hardware and software are being depreciated over a three year period and furniture and fixtures are being depreciated over a five year period.

SOFTWARE DEVELOPMENT COSTS

In accordance with the AICPA SOP No. 98-1, Accounting for Costs of Computer Software Developed or Obtained for Internal Use, all costs related to the development or purchase of internal use software other than those incurred during the application development stage are to be expensed as incurred. Costs incurred during the application development stage are required to be capitalized and amortized over the useful life of the software. The Company has incurred \$259,480 in software development costs for the period from March 29, 1999 (inception) through December 31, 1999. All costs have been expensed since the Company has not entered the application development stage as of December 31,

1999.

QODE.COM, INC.
(A DEVELOPMENT STAGE ENTERPRISE)
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

INCOME TAXES

The Company accounts for income taxes under the liability method, which requires the establishment of a deferred tax asset or liability for the recognition of future deductions or taxable amounts, and operating loss and tax credit carryforwards. Deferred tax expense or benefit is recognized as a result of the change in the deferred asset or liability during the year. If necessary, the Company will establish a valuation allowance to reduce any deferred tax asset to an amount which will, more likely than not, be realized.

CONCENTRATION OF CREDIT RISK

Financial instruments that potentially subject the Company to a concentration of credit risk consist principally of cash and cash equivalents. The Company maintains its cash and cash equivalents with high quality financial institutions to mitigate this credit risk.

REDEEMABLE PREFERRED STOCK

Redeemable preferred stock is carried at the net consideration to the Company at time of issuance (fair value), increased by accrued and unpaid cumulative dividends and periodic accretion to redemption value using the interest method. Accrued and unpaid dividends and redemption accretion are affected by charges against retained earnings, or, in the absence of retained earnings, paid-in capital (capital deficiency).

ACCOUNTING FOR STOCK-BASED COMPENSATION

The Company has adopted Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation. The provisions of SFAS 123 allow companies to either expense the estimated fair value of stock options or to continue to follow the intrinsic value method set forth in Accounting Public Bulletin (APB) Opinion 25, Accounting for Stock Issued to Employees but disclose the pro forma effects on net income or loss as if the fair value had been expensed. The Company has elected to apply APB 25 in accounting for its employee stock options and, accordingly, recognizes compensation expense for the difference between the fair value of the underlying common stock and the grant price of the option at the date of grant.

15% CUMULATIVE CONVERTIBLE REDEEMABLE PREFERRED STOCK SERIES A

The Board of Directors has authorized the issuance of up to 3,000,000 shares of Series A 15% \$.0001 par value, voting, cumulative, redeemable, convertible, preferred stock (the Preferred Stock) which may be issued in series from time to time with such designations, rights, preferences and limitations as the Board of Directors may declare by resolution. In May 1999, the Company issues 2,025,000 shares of Preferred Stock at \$1.00 per share, less issuance costs of \$25,000. One detachable warrant was attached to each share of the Preferred Stock. The Preferred Stock was recorded at \$1,954,000, net of the value of the detachable warrants which was estimated to be \$46,000. The detachable warrants were valued in accordance with SFAS No. 123 at \$.23 per share and are convertible into common stock at \$1.50 per share. The Preferred Stock is convertible at any time at the option of the holder prior to the closing of a Public Offering, as defined in the agreement, or within 20 days following receipt of a Notice of Redemption, as defined in the agreement, into the Company's common stock for each share of the Preferred Stock held plus accrued and unpaid dividends on the Series A Preferred Shares. The Preferred Stock has a liquidation preference of \$1 per share and is mandatorily redeemable on April 15, 2004. As of December 31, 1999, all 2,025,000 shares of the Preferred Stock and related 202,500 detachable warrants remain outstanding.

Dividends on the preferred stock accrue on a daily basis commencing on the date of issuance at an interest rate of 15% per annum and are payable on a semi-annual basis. The Company, at its option, may pay dividends either in cash or by the issuance of additional shares of Series A Preferred Stock. Aggregate cumulative dividends in arrears at December 31, 1999 totaled \$195,997.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

COMMON STOCK

The Company is authorized to issue up to 20,000,000 shares of its \$.0001 par value common stock. On March 29, 1999 (inception) the Company received \$800 by issuing 8,000,000 shares of its common stock to its founders.

6. STOCKHOLDERS' EQUITY (CONTINUED)

Additionally, the Company issued 13,000 shares of common stock to a Company employee in lieu of relocation expense reimbursement of \$13,000, and 10,000 shares of common stock to an executive recruiter for a corporate staffing fee of \$10,000. These amounts were expensed.

STOCK OPTIONS AND WARRANTS GRANTED IN EXCHANGE FOR SERVICES

During 1999, the Company granted 327,200 common stock warrants with an exercise price of \$1.50 per share to consultants for certain advisory and consulting services performed during the Company's start-up phase. The warrants vest immediately upon issuance and can be exercised over a five year period. The Company valued the warrants at \$82,156 in accordance with SFAS No. 123, and recognized the entire amount as a general and administrative expense in the accompanying statement of operations. The Company had 327,200 warrants outstanding at December 31, 1999.

During 1999, the Company granted 400,000 in common stock options to purchase shares of common stock at an exercise price of \$.10 per share to an investment advisor in exchange for investment advisory services. The options expired on June 30, 2000 without being exercised and accordingly no expense has been recorded.

STOCK OPTIONS

In 1999, the Company's Board of Directors and stockholders approved the 1999 Equity Compensation Plan (the Plan). The Plan provides for the issuance of incentive stock options, nonqualified stock options and restricted stock to directors, officers, and key employees of the Company as well as non-employee directors, advisors, and consultants. The Board administers the Plan. The Company has reserved 5,000,000 shares of common stock to be issued under the Plan.

The exercise price (as established by the Board) of the stock options granted is in excess of fair market value of the Company's Common Stock on the date of the grant. All stock options expire five years from the grant date in 2004. Options granted under the Plan are exercisable as determined by the Board.

8. SUBSEQUENT EVENTS (CONTINUED)

On March 27, 2000, the Company entered into a consulting agreement with a consultant for a five month period in return for 250,000 common stock options convertible into the Company's common stock. The options have a term of five years and an exercise price of \$2 per share. 125,000 options vest 45 days from the commencement of the agreement based on the fulfillment of certain contractual obligations. The remaining 125,000 options vest 90 days from the commencement of the agreement based on the fulfillment of certain contractual obligations. Additionally, the Company will pay the consultants \$100,000 over the period of the contract.

On May 22, 2000, the Board of Directors authorized the issuance of 1,500,000 shares of Series U Convertible Preferred Stock (the Series U Preferred Stock). Dividends on the preferred stock accrue on a daily basis commencing on the date of issuance at an interest rate of 8% per annum. The Series U Preferred Stock is convertible at any time at the option of the holder prior to the closing of a Public Offering, as defined in the agreement, into one share of the Company's common stock for each share of the Company's Series U Preferred Stock held plus accrued and unpaid dividends on the Series U Preferred Shares. In the event of the closing of the next financing of \$4,000,000 or more within 90 days from the authorization of the Series U Preferred Stock, the holder of the Series U Preferred Stock shall have the right to convert all Series U Preferred Shares into a number of shares of stock issued in the next financing which represents the equivalent amount for the consideration paid for the Series U Preferred Stock. The Series U Preferred Stock has a liquidation preference of \$2.00 per share. On May 22, 2000, the Company entered into an agreement for the issuance of 1,500,000 shares of Series U Preferred Stock in exchange for \$3,000,000. The shares will be issued in three separate financings. The initial 500,000 shares are to be issued on the date of the agreement. The next 500,000 shares are to be issued upon the Company meeting certain performance goals defined in the agreement. The remaining 500,000 shares are to be issued, not earlier than August 1, 2000 nor later than October 15, 2000, upon the Company meeting certain performance goals defined in the agreement.

On May 31, 2001, three creditors of Qode.com, Inc. filed in the U.S. Bankruptcy Court an involuntary bankruptcy petition for Qode.com, Inc. Qode.com, Inc. has consulted with legal counsel and will be opposing the Chapter 7 proceeding and plans to proceed under Chapter 11, U.S. Code, to reorganize its debts.

PRO FORMA FINANCIAL INFORMATION

The unaudited pro forma condensed combined statements of operations give effect to the acquisition by NeoMedia Technologies, Inc. of the assets of Qode.com, Inc. The pro forma condensed combined statement of operations for the year December 31, 2000 gives effect to the acquisition as if it had occurred as of January 1, 2000, combining the results of NeoMedia Technologies, Inc. for the year ended December 31, 2000 with those of the same period for Qode.com, Inc.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

The pro-forma condensed combined statement of operations for the year ended December 31, 2001, gives effect to the acquisition as if it had occurred as of January 1, 2001, combining the results of NeoMedia Technologies, Inc. for the year ended December 31, 2001 with those of Qode.com, Inc. through the acquisition date. The pro forma adjustments are based on estimates, available information and certain assumptions that management deems appropriate. The pro forma financial data do not purport to represent what our results of operations would actually have been if such transactions had occurred on those dates and are not necessarily representative of our results of operations for any future period. The pro forma financial statements should be read in conjunction with the separate historical financial statements and footnotes of NeoMedia Technologies, Inc. and Qode.com, Inc.

PURCHASE PRICE

On March 1, 2001, NeoMedia purchased all of the net assets of Qode.com, Inc. (Qode), except for cash. Qode is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting By Development Stage Enterprises". In consideration for these assets, NeoMedia issued 274,699 shares of common stock, valued at \$1,359,760. Additionally, the Company placed in escrow 1,676,500 shares of its common stock valued at \$8,298,675. Stock issued was valued at \$4.95 per share, which is the average closing price for the few days before and after the measurement date of March 1, 2001. As of December 31, 2001 the Company had released 35,074 shares of common stock from escrow for performance for the period March 1, 2001 to August 31, 2001. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with respect to the performance of the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

The Company accounted for this purchase using the purchase method of accounting in accordance with Accounting Principles Board Opinion No. 16, "Business Combinations". The excess fair market value of the net assets acquired over the purchase price was allocated to reduce proportionately the values assigned to noncurrent assets. The accompanying consolidated statements of operations include the operations of Qode from March 1, 2001, through June 30, 2002.

Total purchase price allocated \$ 1,373,000

During the third quarter of 2001, the Company issued an additional 35,074 shares under the terms of the earn-out with Qode.com, Inc. (see explanation below). The value of these shares in the amount of \$13,000 was allocated \$9,000 to capitalized development costs and \$4,000 to furniture and fixtures.

CONTINGENT CONSIDERATION

In accordance with the purchase of the assets of Qode.com, Inc., NeoMedia has placed 1,676,500 shares of its common stock in escrow for a period of one year, subject to downward adjustment, based upon the achievement of certain performance targets over the period of March 1, 2001 to February 28, 2002. As of March 1, 2002, these performance targets were not met and therefore, the remaining 1,641,426 shares held in escrow were not issued. The criteria used to determine the number of shares released from escrow is a weighted combination of revenue, page views, and fully allocated earnings before taxes relating to the Qode Universal Commerce Solution.

At the end of each of certain interim periods as outlined in the purchase agreement, the number of cumulative shares earned by Qode.com is calculated based on revenue and page views and the shares are released. The resulting financial impact on NeoMedia is a proportionate increase in the long-term assets acquired from Qode, with a corresponding increase in depreciation expense from that point forward. The amount of the increase in long-term assets is dependent upon the number of shares released from escrow, as well as the value of NeoMedia stock at the time of measurement. The first such measurement date was July 1, 2001. At the end of the 12-month measurement period (February 28, 2002), the number of shares issued to Qode under the earn-out was 309,773, allocated as outlined in the table above. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with respect to a disagreement over the performance of, and investment in, the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

F-37

INTANGIBLE ASSETS

Intangible assets acquired from Qode.com include:

- i). Purchased software licenses relating to the development of the Qode Universal Commerce Solution, amortized on a straight-line basis over three years.
- ii). Capitalized software development costs relating to the development of the Qode Universal Commerce Solution.

OTHER

On May 31, 2001, three creditors of Qode.com, Inc. filed in the U.S. Bankruptcy Court an involuntary bankruptcy petition for Qode.com, Inc. Qode.com, Inc. has

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

converted the proceedings to Chapter 11, U.S. Code to re-organize its debts.

Disposal of Qode Business Unit

On August 31, 2001, the Company signed a non-binding letter of intent to sell the assets and liabilities of its Ft. Lauderdale-based Qode business unit, which it acquired in March 2001, to The Finx Group, Inc., a holding company based in Elmsford, NY. The Finx Group was to assume \$620,000 in Qode payables and \$800,000 in long-term leases in exchange for 500,000 shares of the Finx Group, right to use and sell Qode services, and up to \$5 million in affiliate revenues over the next five years. During the third and fourth quarters of 2001 and the first quarter of 2002, the company recorded a \$2.6 million expense from the write-down of the Qode assets/liabilities to net realizable value.

The loss for discontinued operations during the phase-out period from August 31, 2001 (measurement date) to September 30, 2001 was \$439,000. No further loss is anticipated.

During June 2002, the Finx Group notified the Company that it did not intend to carry out the letter of intent due to capital constraints. As a result, during the three-month period ended June 30, 2002, the company recorded an additional expense of \$1.5 million for the write-off of remaining Qode assets. As of June 30, 2002, the Company had \$1.3 million of liabilities relating to the Qode system on its books.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To NeoMedia Technologies, Inc.:

We have audited the accompanying consolidated balance sheets of NeoMedia Technologies, Inc. (a Delaware corporation) and subsidiaries as of December 31, 2000 and 1999, and the related consolidated statements of operations, shareholders' equity and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

all material respects, the financial position of NeoMedia Technologies, Inc. and subsidiaries as of December 31, 2000 and 1999, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the consolidated financial statements, the Company has suffered recurring losses from operations and the current cash position of the Company raises substantial doubt about its ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

1. BASIS OF PRESENTATION AND NATURE OF BUSINESS OPERATIONS

BASIS OF PRESENTATION

The consolidated financial statements include the financial statements of NeoMedia Technologies, Inc. and its wholly-owned subsidiaries, NeoMedia Migration, Inc., a Delaware corporation; Distribuidora Vallarta, S.A. incorporated in Guatemala; NeoMedia Technologies of Canada, Inc. incorporated in Canada; NeoMedia Tech, Inc. incorporated in Delaware; NeoMedia EDV GmbH incorporated in Austria; NeoMedia Technologies Holding Company B.V. incorporated in the Netherlands; NeoMedia Technologies de Mexico S.A. de C.V. incorporated in Mexico; NeoMedia Migration de Mexico S.A. de C.V. incorporated in Mexico; NeoMedia Technologies do Brasil Ltd. incorporated in Brazil and NeoMedia Technologies UK Limited incorporated in the United Kingdom, and are collectively referred to as "NeoMedia" or the "Company". The consolidated financial statements of NeoMedia are presented on a consolidated basis for all periods

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

presented. All significant intercompany accounts and transactions have been eliminated in preparation of the consolidated financial statements.

NATURE OF BUSINESS OPERATIONS

The Company is structured and evaluated by its Board of Directors and Management as two distinct business units:

NeoMedia Internet Switching Services (NISS), and

NeoMedia Consulting and Integration Services (NCIS)

NEOMEDIA INTERNET SWITCHING SERVICES (NISS)

NISS (physical world-to-Internet offerings) is the core business and is based in the United States, with development and operating facilities in Fort Myers, Florida. NISS develops and supports the Company's physical world to Internet core technology, including our linking "switch" and application platforms. NISS also manages the Company's valuable intellectual property portfolio, including the identification and execution of licensing opportunities surrounding the patents.

NEOMEDIA CONSULTING AND INTEGRATION SERVICES (NCIS)

NCIS (systems integration service offerings) is the original business line upon which the Company was organized. This unit resells client-server equipment and related software. The unit also provides general and specialized consulting services targeted at software driven print applications, and especially at process automation of production print facilities through its integrated document factory solution. Systems integration services also identifies prospects for custom applications based on NeoMedia's products and services. The operations are based in Lisle, Illinois.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CASH AND CASH EQUIVALENTS

For the purposes of the consolidated balance sheets and consolidated statements of cash flows, all highly liquid investments with original maturities of three months or less are considered cash equivalents.

ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

REVENUE RECOGNITION

License fees, including Intellectual Property license, represent revenue from the licensing of NeoMedia's proprietary software tools and applications products. NeoMedia licenses its development tools and application products pursuant to non-exclusive and non-transferable license agreements. Resales of software and technology equipment represent revenue from the resale of purchased

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

third party hardware and software products and from consulting, education, maintenance and post contract customer support services.

Under American Institute of Certified Public Accountants ("AICPA") Statement of Position 97-2 "Software Revenue Recognition" ("SOP 97-2"), as amended, license revenue is recognized if persuasive evidence of an agreement exists, delivery has occurred, pricing is fixed and determinable, and collectibility is probable.

Software and technology equipment resale revenue is recognized when all of the components necessary to run software or hardware have been shipped. Service revenues include maintenance fees for providing system updates for software products, user documentation and technical support and are recognized over the life of the contract. Software license revenue from long-term contracts has been recognized on a percentage of completion basis, along with the associated services being provided. Other service revenues, including training and consulting, are recognized as the services are performed. The Company uses stand-alone pricing to determine an element's vendor specific objective evidence (VSOE) in order to allocate an arrangement fee amongst various pieces of a multi-element contract. NeoMedia records an allowance for uncollectible accounts on a customer-by-customer basis as appropriate.

PURCHASE AND DISPOSAL OF QODE.COM, INC.

On March 1, 2001, NeoMedia purchased all of the net assets of Qode.com, Inc. (Qode), except for cash. Qode is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting By Development Stage Enterprises". In consideration for these assets, NeoMedia issued 274,699 shares of common stock, valued at \$1,359,760. Additionally, the Company placed in escrow 1,676,500 shares of its common stock valued at \$8,298,675. Stock issued was valued at \$4.95 per share, which is the average closing price for the few days before and after the measurement date of March 1, 2001. As of December 31, 2001 the Company had released 35,074 shares of common stock from escrow for performance for the period March 1, 2001 to August 31, 2001. The remaining 1,641,426 shares held in escrow as contingent compensation will not be issued due to the business unit not attaining certain performance targets.

The Company accounted for this purchase using the purchase method of accounting in accordance with Accounting Principles Board Opinion No. 16, "Business Combinations". The excess fair market value of the net assets acquired over the purchase price was allocated to reduce proportionately the values assigned to noncurrent assets. The accompanying consolidated statements of operations include the operations of Qode from March 1, 2001, through September 30, 2001.

The purchase price at the original purchase date was calculated and allocated as follows:

Original Shares:	274,699 issued at \$4.95	1,360,000

F-48

During the third quarter of 2001, the Company issued an additional 35,074 shares under the terms of the earn-out with Qode.com, Inc. (see explanation below). The value of these shares in the amount of \$13,000 was allocated \$9,000 to capitalized development costs and \$4,000 to furniture and fixtures.

CONTINGENT CONSIDERATION

In accordance with the purchase of the assets of Qode.com, Inc., NeoMedia has placed 1,676,500 shares of its common stock in escrow for a period of one year, subject to downward adjustment, based upon the achievement of certain performance targets over the period of March 1, 2001 to February 28, 2002. As of March 1, 2002, these performance targets were not met and therefore, the remaining 1,641,426 shares held in escrow were not issued. The criteria used to determine the number of shares released from escrow is a weighted combination of revenue, page views, and fully allocated earnings before taxes relating to the Qode Universal Commerce Solution.

At the end of each of certain interim periods as outlined in the purchase agreement, the number of cumulative shares earned by Qode.com is calculated based on revenue and page views and the shares are released. The resulting financial impact on NeoMedia is a proportionate increase in the long-term assets acquired from Qode, with a corresponding increase in depreciation expense from that point forward. The amount of the increase in long-term assets is dependent upon the number of shares released from escrow, as well as the value of NeoMedia stock at the time of measurement. The first such measurement date is July 1, 2001. At the end of the 12-month measurement period (February 28, 2002), the final number of shares issued to Qode under the earn-out was 309,773, allocated as outlined in the table above.

INTANGIBLE ASSETS

Intangible assets acquired from Qode.com include:

- i). Purchased software licenses relating to the development of the Qode Universal Commerce Solution, amortized on a straight-line basis over three years.
- ii). Capitalized software development costs relating to the development of the Qode Universal Commerce Solution.

PROFORMA INFORMATION

DISPOSAL OF QODE BUSINESS UNIT

On August 31, 2001, the Company signed a non-binding letter of intent to sell the assets and liabilities of its Ft. Lauderdale-based Qode business unit, which it acquired in March 2001, to The Finx Group, Inc., a holding company based in Elmsford, NY. The final contract is contingent upon the completion of due diligence and definitive terms and conditions stated in the letter of intent. The Company intends to sell the assets and liabilities of Qode, which consist of all inventory, equipment and the ownership and operation of the comprehensive universal internet database along with the corresponding patents. The Finx Group will assume \$620,000 in Qode payables and \$800,000 in long-term leases in exchange for 500,000 shares of the Finx Group, right to use and sell Qode services, and up to \$5 million in affiliate revenues over the next five years. As of December 31, 2001, the transaction had not been consummated due to the encumbrance of certain of NeoMedia's Qode-related assets under the Company's note payable to Airclic, Inc. The Finx group has taken possession of certain Qode system assets and has taken over ongoing expenses related to the business unit. Management believes that the sale will be completed immediately upon resolution of Airclic litigation. During the third and fourth quarters of 2001, the company recorded a \$2.6 million expense from the write-down of the Qode assets/liabilities to the following net realizable value:

The loss for discontinued operations during the phase-out period from August 31, 2001 (measurement date) to September 30, 2001 was \$439,000. No further loss is anticipated.

On May 31, 2001, three creditors of Qode.com, Inc. filed in the U.S. Bankruptcy Court an involuntary bankruptcy petition for Qode.com, Inc. Qode.com, Inc. has

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

converted the proceedings to Chapter 11, U.S. Code to re-organize its debts.

DIGITAL: CONVERGENCE CORPORATION INTELLECTUAL PROPERTY LICENSE AGREEMENT

The Company entered into an agreement with a competitor, Digital:Convergence Corporation ("DC"), a private company located in the US, in October 2000, granting them a worldwide, non-exclusive license of the Company's extensive patent portfolio for directly linking documents, objects, transaction and voice commands to the internet. The agreement provided for annual license fees over a period of ten years in excess of \$100 million through a combination of cash and equity. The Company recognized \$7.8 million of revenue in 2000 related to this contract, including a \$5.0 million cash payment received in October 2000 for royalties earned before contract execution, \$2.5 million related to the \$10 million of payments in DC common stock and cash expected to be received in the first year of the contract, and \$0.3 million related to DC stock received by NeoMedia to be recognized over the life of the contract.

As part of the contract, the Company issued to DC a warrant to purchase 1.4 million shares of NeoMedia common stock.

In the first quarter of 2001, DC issued the Company an interest bearing \$3 million note payable in lieu of a \$3 million cash payment due in January 2001. The Company also received shares of DC stock in January with a contractual value of \$2 million as part of the first contract-year royalties due. The note was originally due on April 24, 2001, however, on that date the Company agreed to extend it until June 24, 2001. The Company also partially wrote down, in the first quarter of 2001, the value of the remaining DC stock receivable, and DC stock that had been received in January, to a value that management believed was reasonable at the time (50% of the valuation stipulated in the contract). The write-down consisted of a reduction in assets of \$7.7 million and a corresponding reduction in liabilities of \$7.7 million. The DC stock received in January 2001 was valued at \$1 million and the DC receivable was valued at \$9.2 million. In April 2001, the Company received additional shares of DC stock with a \$5 million value based on the valuation method stipulated in the contract. No revenue was recognized related to these shares and the shares were not recorded as an asset due to DC's worsening financial condition. All assets and liabilities relating to the contract were subsequently written off in the second quarter (see below).

Also in April, an agreement was entered into with DC whereby for a period from the date of registration of the shares underlying the warrant to purchase 1.4 million shares of the Company's common stock until October 24, 2001, if the Company would identify a purchaser for the Company's shares, DC would exercise the warrant and purchase 1.4 million shares of common stock and sell the shares to the identified purchaser. One third of the net proceeds received by DC on the sale of the Company's common stock shall be paid to the Company toward repayment of DC's obligations under the note to the Company in the amount of \$3 million. In consideration for this, the warrant exercise price was reduced during this period to 38 percent of the closing sale price of the Company's common stock on the day prior to the date of exercise, subject to a minimum price. Because the exercise of the warrants at this reduced price is contingent upon the Company finding a purchaser of the underlying 1.4 million shares, the value of this re-pricing will be measured and recorded at the time the shares are sold. As of October 24, the Company was not able to locate a purchaser and therefore, the warrant was not exercised.

On June 24, 2001, DC did not pay the note that was due, and on June 26, 2001, the Company filed a \$3 million lawsuit against DC for breach of contract regarding the \$3 million promissory note. It was also learned in the second quarter of 2001 that DC's capital raising efforts and business operations were

having difficulty, and the Company decided to write off all remaining amounts related to the DC contract. The following table represents balance sheet balances at December 31, 2000 and March 31, 2001, as well as all amounts written off during the second quarter of 2001:

The net effect of the write-off is a \$7,354,000 non-cash charge to income during the second quarter, which is included in Loss on Digital:Convergence License Contract in the consolidated statements of operations for the year ending December 31, 2001. Any future revenues related to this contract will be recorded as payments are received.

AIRCLIC, INC. RELATIONSHIP

On July 3, 2001, NeoMedia signed a non-binding letter of intent with AirClic, Inc. to cross-license the companies' intellectual property. The terms of the proposed agreement called for NeoMedia to: (i) acquire an equity interest in AirClic, and (ii) issue a significant equity interest in NeoMedia to AirClic, which interest would likely have exceeded 50% of NeoMedia's outstanding equity securities. Further terms of the agreement called for NeoMedia to acquire AirClic's Connect2 comparison shopping business unit, which was to be combined with NeoMedia's Qode business unit. AirClic has loaned NeoMedia \$500,000 under a secured note due on the earlier of (i) the date on which NeoMedia raises \$5 million in equity financing from a source other than AirClic, (ii) a change in control of NeoMedia, or (iii) January 11, 2002.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

During the negotiation of a definitive set of agreements between the companies, it was determined that the consummation of the transaction as provided in the non-binding letter of intent would not be completed. As a result, additional notes aggregating \$1,500,000 will not be executed between the companies.

On September 6, 2001, AirClic filed suit against the Company in the Court of Common Pleas, Montgomery County, PA, for breach of contract relating to the July 3, 2001 non-binding letter of intent signed by the Company and AirClic. AirClic claims that the Company violated express representations and warranties relating to the Company's assets and state of business affairs. AirClic seeks a judgment to accelerate repayment of the \$500,000 note due January 11, 2002, and to relieve AirClic from any obligation to make further loans to the Company as outlined in the letter of intent. AirClic has also filed suit against the Company in the United States District Court for the Eastern District of Pennsylvania. In this second action, AirClic seeks a declaration that certain core intellectual property securing the note issued by us to AirClic, some of which is patented and others for which a patent application is pending, is invalid and in the public domain. (see "Legal Proceedings" in Footnote 11)

ADVERTISING EXPENSE

During the year ended December 31, 2001, the Company entered into a one-year license agreement with About.com, Inc. to provide the Qode Universal Commerce Solution™ to About.com's users. In June 2001, About.com ran banner ads on its site promoting the Qode Universal Commerce Solution™. As part of this transaction, About.com received 452,489 shares of our Series B Convertible Preferred Stock, par value \$0.01 per share, of the 500,000 total Series B Convertible Preferred shares the Company is authorized to issue, in

F-51

consideration for these promotions. The Company recorded an advertising expense of \$882,000 associated with this transaction in sales and marketing expense in the accompanying consolidated statements of operations. The agreement with About.com was terminated on August 31, 2001, in anticipation of the sale of the Qode assets to the Finx Group.

SEVERANCE EXPENSE

During the third quarter of 2001, the Company laid off 55 employees, including the chief technology officer and the chief operating officer, representing a 60% decrease in its total workforce. In connection with the layoffs, the Company recognized a severance expense of approximately \$494,000 during the third quarter of 2001. The layoffs were part of a company-wide cost reduction initiative.

EXECUTIVE INCENTIVE EXPENSE

In June 2001, the Company's compensation committee approved an adjustment, relating to the Digital:Convergence patent license fees, to the 2000 executive incentive plan that reduced the bonus payout by approximately \$1.1 million. This was recorded as a negative expense in the accompanying consolidated statement of operations.

WARRANT REPRICING PROGRAM

In May 2001, the Company re-priced approximately 1.5 million additional warrants

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

subject to a limited exercise period and other conditions, including certain warrants issued in connection with NeoMedia's initial public offering in 1996, which will expire at the end of 2001. The repricing program allowed the warrant exercise price to be reduced to 33 percent of the closing sale price of the Company's common stock (subject to a minimum) on the day prior to the date of exercise for a period of six months from the date the repricing program began. The exercise of the warrants and sale of the underlying common stock was at the discretion of a broker selected by the Company, within the parameters of the repricing arrangement. In accordance with FASB Interpretation, FIN 44, Accounting for Certain Transactions Involving Stock Transactions, the award was accounted for as variable from the date of modifications on May 1, 2001. Accordingly, \$181,000 was recorded as compensation in the accompanying consolidated statement of operations.

WARRANT ISSUANCE

In June 2001, the Board of Directors' approved the issuance of 414,000 warrants for Charles W. Fritz, NeoMedia's Chairman, CEO, and president at a exercise price of \$2.09. However, the warrants were not issued during 2001. The Company does not intend to issue these warrants in 2002.

VALUATION AND RESERVES

Allowance for doubtful accounts activity for the years ended December 31, 2001 and 2000 was as follows:

	(DOLLARS IN THOUSANDS)	
	2001	2000
Beginning balance	\$ 484	\$ 888

Ending balance	\$ 65	\$ 484

INVENTORIES

Inventory is stated at the lower of cost or market, and at December 31, 2001, 2000 and 1999 was comprised of purchased computer technology resale products. Cost is determined using the first-in, first-out method.

F-52

PROPERTY AND EQUIPMENT

Property and equipment are carried at cost less allowance for accumulated depreciation. Repairs and maintenance are charged to expense as incurred. Depreciation is generally computed using the straight-line method over the estimated useful lives of the related assets. The estimated useful lives range from three to five years for equipment and seven years for furniture and fixtures. Leasehold improvements are amortized over the shorter of the life of the lease or the useful lives of the related assets. Upon retirement or sale, cost and accumulated depreciation are removed from the accounts and any gain or loss is reflected in the consolidated statements of operations.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Depreciation expense was \$249,000, \$263,000 and \$367,000 for the years ended December 31, 2001, 2000 and 1999 respectively.

CAPITALIZED AND PURCHASED SOFTWARE COSTS AND OTHER INTANGIBLE ASSETS

Intangible assets consist of capitalized software development costs and patents.

Software development costs are accounted for in accordance with Statement of Accounting Standards (SFAS) No. 86, "Accounting for the Costs of Computer Software to be Sold, Leased, or Otherwise Marketed." Costs associated with the planning and designing phase of software development, including coding and testing activities necessary to establish technological feasibility, are classified as research and development and expensed as incurred. Once technological feasibility has been determined, additional costs incurred in development, including coding, testing, quality assurance and documentation are capitalized. Once a product is made available for sale, capitalization is stopped unless the related costs are associated with a technologically feasible enhancement to the product. Amortization of purchased and developed software is provided on a product-by-product basis over the estimated economic life of the software, generally three years, using the straight-line method.

In accordance with SFAS No. 86, at the end of each quarterly reporting period, the Company evaluates each of its software products for impairment by adjusting the unamortized capitalized costs of each computer software product to its net realizable value. Net realizable value is equal to the estimated future gross revenues from each product reduced by the estimated future costs of completing and disposing of that product, including the costs of performing maintenance and customer support required to satisfy the Company's responsibility set forth at the time of sale. It is reasonably possible that the estimates underlying the impairment analysis could change in the near term, and the effect of the change could be material to the financial statements.

Patents (including patents pending and intellectual property) and acquired customer lists are stated at cost, less accumulated amortization. Patents are generally amortized over periods ranging from five to seventeen years.

Intangible assets activity for the years ended December 31, 2001 and 2000 was as follows:

	DECEMBER 31,	
	2001	2000
Beginning Balance	\$ 9,043	\$ 5,296
Additions	2,493	5,837
Intangible Assets Moved To "Assets Held for Sale"	(1,027)	---
Amortization/Write-offs	(6,181)	(2,090)
Ending Balance	\$ 4,328	\$ 9,043

Amortization expense of intangible assets was \$3,120,000 \$2,073,000 and \$1,662,000 for the years ended December 31, 2001, 2000 and 1999, respectively.

LOSS ON IMPAIRMENT OF ASSETS

In connection with the Company's reduction in work force during the third quarter 2001, the Company sold the rights to its Pacer Advantage end-user

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

software product for \$40,000 cash. Accordingly, the Company wrote off all its assets aggregating \$2.9 million related to the MLM/Affinity program including assets pertaining to the purchase of Daystar services, LLC and a customer list purchased in 1998. Revenue related to the MLM/Affinity program was \$92,000, \$259,000, and \$0 for the years ended December 31, 2001, 2000, and 1999,

F-53

respectively. Net loss allocated to the MLM/Affinity program was \$832,000, \$1,075,000, and \$0 for the years ended December 31, 2001, 2000, and 1999, respectively.

EVALUATION OF LONG-LIVED ASSETS

The Company periodically performs an evaluation of the carrying value of its long-lived assets, including intangible assets, in accordance with SFAS No. 121 "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of". This evaluation consists primarily of a comparison to the future undiscounted net cash flows from the associated assets in comparison to the carrying value of the assets. As of December 31, 2001, the Company is of the opinion that no impairment of its long-lived assets has occurred.

INCOME TAXES

In accordance with SFAS No. 109, "Accounting for Income Taxes", income taxes are accounted for using the assets and liabilities approach. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities, and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is more likely than not that some portion or all of the deferred tax assets will not be recognized. The Company has recorded a 100% valuation allowance as of December 31, 2001, 2000 and 1999.

COMPUTATION OF NET LOSS PER SHARE

Basic net loss per share is computed by dividing net loss by the weighted average number of shares of common stock outstanding during the period. The Company has excluded all outstanding stock options and warrants from the calculation of diluted net loss per share because these securities are anti-dilutive for all years presented. The shares excluded from the calculation of diluted net loss per share are detailed in the table below:

	DECEMBER 31, 2001	DECEMBER 31, 2000	DECEMBER 31, 2000
Outstanding Stock Options	4,214,000	4,294,000	3,418,000
Outstanding Warrants	3,240,000	3,968,000	2,676,000

FINANCIAL INSTRUMENTS

The Company believes that the fair value of its financial instruments approximate carrying value.

CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject NeoMedia to concentrations of credit risk consist primarily of trade accounts receivable with customers.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Credit risk is generally minimized as a result of the large number and diverse nature of NeoMedia's customers, which are located throughout the United States. NeoMedia extends credit to its customers as determined on an individual basis and has included an allowance for doubtful accounts of \$65,000, \$484,000 and \$888,000 in its December 31, 2001, 2000 and 1999 consolidated balance sheets, respectively. NeoMedia had net sales to one major customer in the telecommunications industry (Ameritech) of \$2,983,000, \$5,824,000 and \$5,843,000 during the years ended December 31, 2001, 2000 and 1999, respectively, resulting in trade accounts receivable of \$1,499,000, \$229,000 and \$225,000 as of December 31, 2001, 2000 and 1999, respectively. In addition, a single company supplies the equipment and software, which is re-marketed to this customer. Accordingly, the loss of this customer or supplier would materially adversely affect NeoMedia CIS. Revenue generated from the remarketing of computer software and technology equipment has accounted for a significant percentage of NeoMedia's revenue. Such sales accounted for approximately 73%, 66% and 78% of NeoMedia's revenue for the years ended December 31, 2001, 2000 and 1999, respectively. NeoMedia had license fees to one major customer (DC) of \$7,768,000 during the year ended December 31, 2000, resulting in an accounts receivable of \$2,500,000 as of December 31, 2000. Revenue generated from this licensing agreement accounted for approximately 28% of NeoMedia revenue for the year ended December 31, 2000. No revenue was recognized under this agreement during the year ended December 31, 2001.

RECLASSIFICATIONS

Certain reclassifications have been made to the 1999 and 2000 financial statements to conform to the 2001 presentation.

COMPREHENSIVE INCOME

For the years ended December 31, 2001, 2000 and 1999, the Company did not have other comprehensive income and therefore has not included the statement of comprehensive income in the accompanying financial statements.

RECENT ACCOUNTING PRONOUNCEMENTS

On July 21, 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141 (SFAS No. 141), "Business Combinations", and No. 142 (SFAS No. 142), "Goodwill and Other Intangible Assets." SFAS No. 141 addresses financial accounting and reporting for goodwill and other intangible assets acquired in a business combination at acquisition. SFAS No. 141 requires the purchase method of accounting to be used for all business combinations initiated after June 30, 2001 and establishes specific criteria for the recognition of intangible assets separately from goodwill; SFAS No. 142 addresses financial accounting and reporting for goodwill and other intangible assets subsequent to their acquisition. SFAS No. 142 provides that goodwill and intangible assets which have indefinite useful lives will not be amortized but rather will be tested at least annually for impairment. It also provides that intangible assets that have finite useful lives will continue to be amortized over their useful lives, but those lives will no longer be limited to forty years. SFAS No. 141 is effective for all business combinations after June 30, 2001. The provisions of SFAS No. 142 are effective beginning January 1, 2002. The Company is considering the provisions of SFAS No. 141 and No. 142 and at present has not determined the impact of adopting SFAS No. 141 and SFAS No. 142. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

In October 2001, the FASB recently issued SFAS No. 143, "Accounting for Asset

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

Retirement Obligations," which requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of a tangible long-lived asset that results from the acquisition, construction, and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the carrying amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company incurs a gain or loss. The statement is effective for fiscal years beginning after June 30, 2002. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". Statement 144 addresses the accounting and reporting for the impairment or disposal of long-lived assets. The statement provides a single accounting model for long-lived assets to be disposed of. New criteria must be met to classify the asset as an asset held-for-sale. This statement also focuses on reporting the effects of a disposal of a segment of a business. This statement is effective for fiscal years beginning after December 15, 2001. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

3. LIQUIDITY

During the years ended December 31, 2001, 2000 and 1999 the Company's net loss totaled approximately \$25,469,000, \$5,409,000 and \$10,472,000 respectively. As of December 31, 2001 the Company had an accumulated deficit of approximately \$63,344,000 and approximately \$134,000 in unrestricted cash balances. As of December 31, 2001, the working capital was negative \$5,163,000 and cash flow from operations was negative \$5,202,000. The Company's unrestricted cash balance as of March 12, 2002 was approximately \$134,000 (unaudited).

The Company cannot be certain that anticipated revenues from operations will be sufficient to satisfy its ongoing capital requirements. Management's belief is based on the Company's operating plan, which in turn is based on assumptions that may prove to be incorrect. If the Company's financial resources are insufficient the Company may require additional financing in order to execute its operating plan and continue as a going concern. The Company cannot predict whether this additional financing will be in the form of equity or debt, or be in another form. The Company may not be able to obtain the necessary additional capital on a timely basis, on acceptable terms, or at all. In any of these events, the Company may be unable to implement its current plans for expansion, repay its debt obligations as they become due or respond to competitive pressures, any of which circumstances would have a material adverse effect on its business, prospects, financial condition and results of operations.

F-55

Subsequent to December 31, 2001, the Company has undertaken the following initiatives:

During February 2002, the Company sold 19 million shares of its common stock at \$0.17 per share in exchange for promissory notes maturing at the earlier of i) 90 days from the date of issuance, or ii) 30 days from registration of the shares. Proceeds from this transaction will be \$3,230,000.

During March 2002, the Company repriced 1.2 million of its common stock warrants for a period of six months. During the term of the warrant repricing program,

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

participating holders are entitled to exercise qualified warrants at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the NASDAQ Small Cap Market on the trading date immediately preceding the date of exercise.

Should these financing sources fail to materialize, management would seek alternate funding sources through sale of common and/or preferred stock. Management's plan is to secure adequate funding to bridge to revenue generation from the Company's valuable intellectual property portfolio and PaperClick™ internet "switching" software. To this end, the Company has retained the law firm of Baniak Pine & Gannon to pursue potential license agreements, and plans to implement a sales strategy for PaperClick™ upon receipt of adequate funding.

4. CONTRACT ACCOUNTING

NeoMedia periodically enters into long-term software development and consultation agreements with certain customers. As of December 31, 2001, 2000 and 1999, certain contracts were not completed and information regarding these uncompleted contracts was as follows:

	2001	2000
	-----	-----
Costs Incurred on Contracts	\$ 50	\$ 321

6. CAPITALIZED PATENTS, CAPITALIZED AND PURCHASED SOFTWARE COSTS, AND OTHER INTANGIBLE ASSETS

As of December 31, 2001 and 2000 , intangible assets consisted of the following:

	2001	2000
	-----	-----
	(IN THOUSANDS)	
Capitalized and purchased software costs	\$ 8,520	\$ 6,418

At December 31, 1999, the Company had a liability of \$1,862,500 to the seller of a patent purchased by the Company in 1998. The liability was settled by the Company in cash during 2000. The patent is being amortized over seventeen years.

7. FINANCING AGREEMENTS

The Company has entered into two separate financing agreements during the years ended December 31, 2001 and 2000.

IBM COMMERCIAL CREDIT. During the years ended December 31, 2001 and 2000, the Company had an agreement with IBM Commercial Credit that provided short-term financing for certain computer hardware and software purchases. Under the agreement, there were generally no financing charges for amounts paid within 30 or 45 days, depending on the vendor used to source the product. Under this agreement there were two separate lines of credit. The first line had credit availability of \$750,000. The second line had credit availability of up to \$2,000,000, based upon the Company's customer credit rating. Borrowings were collateralized by all inventory, property and equipment, and accounts receivable. In addition, as of December 31, 2000, a \$750,000 letter of credit was issued to the benefit of the commercial finance company. At December 31, 2000, NeoMedia collateralized this letter with a restricted cash balance of \$750,000. This line of credit expired during 2001. As of December 31, 2001 and 2000, amounts due under this financing agreement included in "Amounts due under financing agreements" were \$0 and \$1,101,000, respectively.

GE ACCESS. The Company has an agreement with GE Access that provides short-term financing for certain computer hardware and software purchases. Under the agreement, there are generally no financing charges for amounts paid within 30 days. Under this agreement there are two separate lines of credit. The first line has credit availability of up to \$1,500,000 as of December 31, 2001. The second line has unlimited credit availability, based upon the Company's customer credit rating. Under this second agreement, the financing company finances the purchase pending credit approval of NeoMedia's customer. Payments are then remitted directly to the finance company, at which time the finance company forwards to NeoMedia the Company's margin on the sale. Borrowings are collateralized by all inventory, property and equipment, and accounts receivable. As of December 31, 2001 and 2000, amounts due under this financing agreement included in "Amounts due under financing agreements" were \$2,283,000 and \$13,000, respectively.

8. LONG-TERM DEBT

As of December 31, 2001 and 2000, long-term debt consisted of the following:

	2001	2000
	-----	-----
	(IN THOUSANDS)	
Note payable to International Digital Scientific, Inc. (IDSI), non-interest bearing with interest imputed at 9%, due with minimum monthly installments of \$16,000 through March 2005	\$ 624	\$ 816

Less: current portion	(150)	(137)
	-----	-----
Long-term debt, net of current portion	\$ 390	\$ 539
	=====	=====

The long-term debt repayments for each of the next five fiscal years ending December 31 are as follows:

	(IN THOUSANDS)

2002	\$ 192
2003	192
2004	192
2005	48
2006	----

Total	\$ 624

In October 1994, the Company purchased, via seller financing, certain computer software from IDSI. The aggregate purchase price was \$2,000,000 and was funded by the seller with an uncollateralized note payable, without interest, in an amount equal to the greater of: (i) 5% of the collected gross revenues of NeoMedia Migration for the preceding month; or (ii) the minimum installment payment as defined, until paid in full. The minimum installment payment is the

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

amount necessary to provide an average monthly payment for the most recent twelve month period of \$16,000 per month. The present value of \$2,000,000 discounted at 9% (the Company's then incremental borrowing rate) for 125 months was approximately \$1,295,000, the capitalized cost of the assets acquired. The discount is being accreted to interest expense over the term of the note. The software acquired was amortized over its estimated useful life of three years. As of December 31, 2001 and 2000, the balance of the note payable, net of unamortized discount, was \$540,000 and \$676,000, respectively.

F-58

9. INCOME TAXES

For the years ended December 31, 2001, 2000 and 1999, the components of income tax expense were as follows:

	2001	2000	1999
	-----	-----	-----

As of December 31, 2001, 2000 and 1999, the types of temporary differences between the tax basis of assets and liabilities and their financial reporting amounts which gave rise to deferred taxes, and their tax effects were as follows:

	2001	2000	1999
	-----	-----	-----

Net deferred income tax asset	\$ --	\$ --	\$ --
	=====	=====	=====

Because it is more likely than not that NeoMedia will not realize the benefit of its deferred tax assets, a valuation reserve has been established against them.

For the years ended December 31, 2001, 2000 and 1999, the income tax benefit differed from the amount computed by applying the statutory federal rate of 34% as follows:

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

	2001	2000	1999
	-----	-----	-----
	(IN THOUSANDS)		
Benefit at federal statutory rate	\$ (8,659)	\$ (1,839)	\$ (3,561)

	=====	=====	=====

As of December 31, 2001, NeoMedia had net operating loss carryforwards for federal tax purposes totaling approximately \$57.3 million which may be used to offset future taxable income, or, if unused expire between 2011 and 2020. As a result of certain of NeoMedia's equity activities occurring during the year ended December 31, 1997, NeoMedia anticipates that the annual usage of its pre-1998 net operating loss carryforwards may be further restricted pursuant to the provisions of Section 382 of the Internal Revenue Code.

10. TRANSACTIONS WITH RELATED PARTIES

In January 1999, Edna Fritz, spouse of William Fritz, purchased 82,372 shares of the Company's common stock at a price of \$3.03 per share. In January 1999, William Fritz purchased 42,857 shares of the Company's common stock at a price

F-59

of \$3.50 per share. As part of these purchases, Edna Fritz received a total of 8,237 warrants to purchase stock at \$3.04 per share and William Fritz received 4,286 warrants to purchase stock at \$3.50 per share.

In June 1999, the Company sold a license for the right to utilize its Neolink Information Server to Daystar Services L.L.C. ("Daystar") a Tennessee limited liability company, owned in part by an officer and one of the Company's board members, for \$500,000. The original business purpose of the sale was to generate revenue through the sale of an exclusive license to Daystar. In April 2000, in anticipation of either a potential acquisition of the Company by Digital:Convergence ("DC") (which subsequently did not occur), or a long-term intellectual property license with DC, the Company purchased substantially all the assets of Daystar, including the rights to the license it sold to Daystar in 1999, for approximately \$3.5 million of our common stock. In order to enter into a 10-year intellectual property license agreement with DC, the Company was required to re-purchase the exclusive license agreement. Additional Daystar assets purchased were to be employed in our MLM/Affinity licensing program. The assets purchased were recorded as intangible assets at approximately \$3.5 million on the accompanying consolidated balance sheets. The Company believes this transaction was conducted on terms as good as favorable as those would have been derived from an arm's length negotiation.

In July 1999, the Company paid professional fees in the amount of \$73,000 to James J. Keil, a director of the Company, for services related to the recruitment of the Company's President and Chief Operating Officer and one sales representative.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

During the years ended December 31, 1999 and 1998, the Company leased from William E. Fritz a trade show booth for rental payments totaling \$31,000 and \$34,000, respectively. The lease expired during 1999.

During each of the years ended December 31, 2000 and 1999, the Company leased office and residential facilities from related parties for rental payments totaling \$5,000 and \$13,000, respectively. The lease expired during 2000.

During October 2001, the Company borrowed \$4,000 from Charles W. Fritz, its Chairman and Chief Executive Officer, under a note payable bearing interest at 10% per annum with a term of six months.

The Company believes this transaction was conducted on terms as good as favorable as those would have been derived from an arm's length negotiation.

11. COMMITMENTS AND CONTINGENCIES

NeoMedia leases its office facilities and certain office and computer equipment under various operating leases. These leases provide for minimum rents and generally include options to renew for additional periods. For the years ended December 31, 2001, 2000 and 1999, NeoMedia's rent expense was \$1,246,000, \$1,067,000 and \$1,268,000, respectively.

The following is a schedule of the future minimum lease payments under non-cancelable operating leases as of December 31, 2001:

	PAYMENTS

	(IN THOUSANDS)
2002	\$ 844
2003	473
2004	56
2005	2
2006	--

Total	\$ 1,375
	=====

Of the \$844,000 minimum lease payment due in 2002, approximately \$205,000 relates to leases for Qode Universal Commerce Solution equipment that will be assumed by the Finx Group, Inc. upon consummation of The Finx Group's letter of intent with the Company.

As of December 31, 2001, none of the Company's employees were under contract. Additionally, the Company was not party to any long-term consulting agreements as of December 31, 2001.

LEGAL PROCEEDINGS

The Company is involved in various legal actions arising in the normal course of business, both as claimant and defendant. While it is not possible to determine with certainty the outcome of these matters, it is the opinion of management that the eventual resolution of the following legal actions could have a material adverse effect on the Company's financial position or operating results.

On September 6, 2001, AirClic, Inc. ("AirClic") filed suit against the Company

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

in the Court of Common Pleas, Montgomery County, Pennsylvania, seeking, among other things, the accelerated repayment of a \$500,000 loan it advanced to the Company under the terms of a letter of intent entered into between AirClic and the Company. The letter of intent was subsequently abandoned on the basis of the Company's alleged breach of certain representations made by the Company in the promissory note issued by the Company to AirClic in respect of such advance. The note issued by the Company in respect of AirClic's \$500,000 advance is secured by substantially all of the Company's intellectual property, including its core physical world-to-Internet technologies. If the Company is deemed to have defaulted under the note, and does not pay the judgment, AirClic, which is one of the NeoMedia's key competitors, could acquire the Company's core intellectual property, which would have a material adverse effect on the Company's business, prospects, financial condition, and results of operations. The Company is vigorously defending this lawsuit and has interposed counterclaims against AirClic. The lawsuit is in its preliminary stages and, as such, at this time it is difficult to assess the outcome. Whether or not AirClic is successful in asserting its claims that the Company breached certain representations made by the Company in the note, the note became due and payable in accordance with its terms on January 11, 2002. Based on the cash currently available to the Company, payment of the note and related interest would have a material adverse effect on the Company's financial condition. If the Company fails to pay such note, AirClic could proceed against the Company's intellectual property securing the note, which would have a material adverse effect on the Company's business, prospects, financial condition, and results of operations. The Company is aggressively seeking bridge financing to enable it to pay the principal and interest remaining under the note following the resolution of the counterclaims against AirClic. The Company has not accrued any additional liability over and above the note payable and related accrued interest.

AirClic has also filed suit against the Company in the United States District Court for the Eastern District of Pennsylvania. In this second action, AirClic seeks a declaration that certain core intellectual property securing the note issued by the Company to AirClic, some of which is patented and others for which a patent application is pending is invalid and unenforceable. Any declaration that the Company's core patented or patentable technology is invalid and unenforceable would have a material adverse effect on the Company's business, prospects, financial condition, and results of operations. The Company is vigorously defending against this lawsuit as well. The Company has not accrued any liability in connection with this matter.

On June 26, 2001, the Company filed a \$3 million lawsuit in the U.S. District Court, Northern District of Texas, Dallas Division, against Digital:Convergence Corporation for breach of contract regarding a \$3 million promissory note due on June 24, 2001 that was not paid. The Company is seeking payment of the \$3 million note plus interest and attorneys fees. The Company has not accrued any gain contingency related to this matter.

In April 2001, the former President and director of NeoMedia filed a lawsuit against the Company and several of its directors. The suit was filed in the Circuit Court of the Twentieth Judicial Circuit for Sarasota, Florida. The claim alleges the individual was fraudulently induced into accepting employment and that the Company breached the employment agreement. The individual's employment with the Company ended in January 2001. The Company believes the claim is without merit and is vigorously defending itself. Final outcome of this matter is uncertain and a range of loss cannot reasonably be estimated. The Company has accrued approximately \$347,000 in severance and incentive payments payable to Mr. Goins. The Company has not accrued any additional liability related to the suit.

On August 20, 2001, Ripfire, Inc. filed suit against the Company in the San Francisco County Superior Court seeking payment of \$138,000 under a software license agreement entered into between the Company and Ripfire in May 2001

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

relating to implementation of the Qode Universal Commerce Solution. The Company has entered into a letter of intent with the Finx Group, Inc. to sell certain assets and liabilities relating to Qode. As part of the letter of intent, the Finx Group will assume all liabilities up to \$138,000 relating to the Ripfire contract. Accordingly, the Company has not accrued a liability in the accompanying financial statements. The Company, along with the Finx Group, is currently negotiating settlement of this matter.

On October 3, 2001, Headway Associates, Ltd. filed a complaint for damages in the Circuit Court of the Seventeenth Judicial Circuit for Broward County, Florida. Headway Associates, Ltd. is seeking payment of all amounts due under the terms the lease agreement of the Ft. Lauderdale office of NeoMedia's Qode business unit. The lease commenced on March 3, 2000 and terminates on March 31, 2005. On February 25, 2002, Headway agreed to accept \$100,000 cash payment over

F-61

a two-month period for settlement of all past-due and future amounts owed under the lease. This amount is accrued in the accompanying financial statements.

On November 30, 2001, Orsus Solutions USA, Inc., filed a summons seeking payment in full of approximately \$525,000 relating to a software and services contract associated with implementation of the Qode Universal Commerce Solution. The Company has entered into a letter of intent with the Finx Group, Inc. to sell certain assets and liabilities relating to Qode. As part of the letter of intent, the Finx Group will assume all liabilities up to \$530,000 relating to the Orsus contract. Accordingly, the Company has not accrued a liability in the accompanying financial statements. The Company, along with the Finx Group, is currently negotiating settlement of this matter.

On March 20, 2002, IOS Capital, Inc. filed a summons seeking full payment of approximately \$38,700 relating to past due and future payments under an office equipment lease. The Company has returned the equipment and intends to settle the past due amounts. As of December 31, 2001, the Company had recorded a liability of approximately \$10,000 relating to this matter.

12. DEFINED CONTRIBUTION SAVINGS PLAN

NeoMedia maintains a defined contribution 401(k) savings plan. Participants may make elective contributions up to established limits. All amounts contributed by participants and earnings on these contributions are fully vested at all times. The plan provides for matching and discretionary contributions by NeoMedia, although no such contributions to the plan have been made to date.

13. EMPLOYEE STOCK OPTION PLAN

Effective February 1, 1996, NeoMedia adopted the 1996 Stock Option Plan making available for grant to employees of NeoMedia options to purchase up to 1,500,000 shares of NeoMedia's common stock. The stock option committee of the board of directors has the authority to determine to whom options will be granted, the number of options, the related term, and exercise price. The option exercise price shall be equal to or in excess of the fair market value per share of NeoMedia's common stock on the date of grant. These options granted expired ten years from the date of grant. These options vest 100% one year from the date of grant.

Effective March 27, 1998, NeoMedia adopted the 1998 Stock Option Plan making available for grant to employees of NeoMedia options to purchase up to 8,000,000 shares of NeoMedia's common stock. The stock option committee of the board of directors has the authority to determine to whom options will be granted, the number of options, the related term, and exercise price. The option exercise

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

price may be less than the fair market value per share of NeoMedia's common stock on the date of grant. Options granted during 2000 and 1999 were granted at an exercise price equal to fair market value on the date of grant. Options generally vest 20% upon grant and 20% per year thereafter. The options expire ten years from the date of grant.

Effective January 1, 1996, NeoMedia adopted SFAS No. 123, "Accounting for Stock-Based Compensation" defines a fair-value based method of accounting for an employee stock option or similar equity instrument and encourages all entities to adopt that method of accounting for all of their employee stock compensation plans. However, SFAS 123 also allows an entity to continue to measure compensation cost for stock-based compensation plans using the intrinsic-value method of accounting prescribed by Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"). Entities electing to continue using the accounting method in APB 25 must make pro forma disclosures of net income and earnings per share as if the fair-value method of accounting had been adopted. Because NeoMedia elected to continue using the accounting method in APB 25, no compensation expense was recognized in the consolidated statements of operations for the years ended December 31, 2000 and 1999 for stock-based employee compensation.

For grants in 2001, 2000 and 1999, the following assumptions were used: (i) no expected dividends; (ii) a risk-free interest rate of 4.5% for 2001, 6% for 2000 and 5% for 1999; (iii) expected volatility of 135% for 2001, 80% for 2000 and 70% for 1999 and (iv) an expected life of 5 years for options granted in 2001 and 4 years for options granted in 2000 and 1999. The fair-value was determined using the Black-Scholes option-pricing model.

The estimated fair value of grants of stock options and warrants to non-employees of NeoMedia is charged to expense in the consolidated financial statements. These options vest in the same manner as the employee options granted under the 1998 Stock Option Plan.

In December 1999, the Company issued 20,000 options to buy shares of the Company's common stock to an outside consultant at a price of \$7.00 per share for consulting services rendered, and recognized \$28,200 in expense in its 1999 consolidated financial statements. These options vest in the same manner as the employee options granted under the 1998 Stock Option Plan. All these options were outstanding at December 31, 2000 and 1999. Of these options, 8,000 and

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

4,000 were vested at December 31, 2000 and 1999, respectively.

In October 2000, the Company issued 80,000 warrants to buy shares of the Company's common stock to an outside consultant at a price of \$4.13 per share for consulting services rendered, and recognized approximately \$253,000 in expense in its 2000 consolidated financial statements. These warrants vest in the same manner as the employee options granted under the 1998 Stock Option Plan. All these warrants were outstanding at December 31, 2001. Of these warrants, 16,000 were vested at December 31, 2001.

F-63

In September 2001, the Company issued 150,000 options to buy shares of the Company's common stock to an outside consultant at a price of \$0.20 per share for consulting services rendered, and recognized \$18,800 in expense in the 2001 consolidated financial statements. The warrants vest 40% upon grant and the remaining 60% one year from the grant date. As of December 31, 2001, all 150,000 warrants were outstanding and 60,000 were vested.

WARRANTS

Warrant activity as of December 31, 2001, 2000 and 1999, is as follows:

Balance December 31, 1998	1,639,832
Warrants issued	1,118,630
Warrants exercised	82,100

Balance December 31, 1999	2,676,362

Warrants exercised	505,450
Warrants expired	1,110,000

Balance December 31, 2001	3,239,897
	=====

During 2000, the Company issued 1,400,000 warrants as part of a ten year license of the Company's intellectual property. These warrants were immediately vested and exercisable. The associated expense is being recognized over the life of the contract. During 2000, \$118,000 was recorded as a reduction of the license revenue related to the contract.

During 2001, the Company re-priced approximately 1.5 million additional warrants subject to a limited exercise period and other conditions, including certain warrants issued in connection with NeoMedia's initial public offering in 1996, which expired at the end of 2001. The repricing program allowed the warrant

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

exercise price to be reduced to 33 percent of the closing sale price of the Company's common stock (subject to a minimum) on the day prior to the date of exercise for a period of six months from the date the repricing program began. The exercise of the warrants and sale of the underlying common stock was at the discretion of a broker selected by the Company, within the parameters of the repricing arrangement. In accordance with FASB Interpretation, FIN 44, Accounting for Certain Transactions Involving Stock Transactions, the award was accounted for as variable from the date of modifications on May 1, 2001. Accordingly, \$181,000 was recorded in during 2001 as compensation expense.

In June 2001, the Board of Directors approved the issuance of 404,900 warrants to an outside consultant at an exercise price of \$2.09. The Company recognized an expense of approximately \$742,000 related to this transaction, which is included in general and administrative expense in the accompanying consolidated statements of operations. The Company used the Black-Scholes option-pricing model to value the shares, with the following assumptions: (i) no expected dividends (ii) a risk-free interest rate of 4.5% (iii) expected volatility of 135% and (iv) an expected life of 3 years.

F-64

The following table summarizes information about warrants outstanding at December 31, 2001, all of which are exercisable:

14. SEGMENT INFORMATION

Beginning with the year ended December 31, 1999, the Company adopted SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information" (SFAS 131). SFAS 131 supersedes Financial Accounting Standards Board's SFAS No. 14, "Financial Reporting for Segments of a Business Enterprise." SFAS 131 establishes standards for the way that business enterprises report information about operating segments in annual financial statements. SFAS 131 also establishes standards for related disclosures about products and services, geographic areas and major customers.

The Company is organized into two business segments: (a) NeoMedia ISS, and (b) NeoMedia CIS. Performance is evaluated and resources allocated based on specific segment requirements and measurable factors. Management uses the Company's internal income statements to evaluate each business unit's performance. Assets of the business units are not available for management of the business segments or for disclosure.

Operational results for the two segments for the years ended December 31, 2001, 2000 and 1999 are presented below (in thousands):

16. COMMON STOCK

On October 24, 2001, the Company filed a proxy statement with the SEC to request a shareholder vote to increase the number of the Company's authorized shares of common stock from 50,000,000 shares to 100,000,000 and increase the number of the Company's authorized shares of preferred stock from 10,000,000 shares to 25,000,000. The shareholder meeting was held on December 11, 2001. This resolution did not pass as a result of the failure to secure favorable votes from holders of a majority of the outstanding shares.

The proxy also requested approval to sell 19,000,000 shares of common stock to accredited investors in exchange for limited recourse promissory notes accruing interest at a rate of 6% per annum, with a term of three months, providing for mandatory repayment of principal in the amount of the proceeds of any sale of the shares of common stock (or other securities or assets issued in respect of such shares of common stock) purchased by means of such promissory notes, with sole recourse under the event of default under the promissory note limited to recovery of the shares of common stock purchased (or other assets or securities issued in respect thereof) by means of such promissory note. This resolution passed. During the fourth quarter of 2001, the Company issued 3,000,000 of the 19,000,000 shares at \$0.08 per share in exchange for limited recourse promissory notes as described above. The Company has recorded a stock subscription receivable of \$240,000 as of December 31, 2001 with respect to these shares. Subsequent to December 31, 2001, the Company has cancelled the 3,000,000 shares issued in 2001 and re-issued them, along with 16,000,000 additional shares, at a price of \$0.17 per share, subject to the same terms described above.

During the year ended December 31, 2001, the Company issued through private placements 3,490,750 shares of the Company's Common Stock for proceeds of \$1,637,000.

During the year ended December 31, 2000, the Company issued through private placements 1,415,279 shares of the Company's Common Stock for proceeds of \$9,203,000. In connection with these private placements, the Company also issued 387,073 warrants with strike prices ranging from \$6.00 to \$12.74. These warrants were immediately vested and have a life of three to five years.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

In 1999, an unrelated third party converted their \$2.0 million note receivable from the Company into shares of the Company's common stock at a price of \$4.00 per share. The unrelated third party also received 200,000 warrants. These warrants were 100% vested upon issuance. Of these warrants, 100,000 were issued at \$5.00 and 100,000 were issued at \$7.00. All 200,000 warrants had a three-year expiration and were subsequently exercised in 2000.

17. PREFERRED STOCK

In June 2001, the Company entered into a one-year license agreement with About.com, Inc. to provide the Qode Universal Commerce Solution™ to About.com's estimated 36 million worldwide users. The Company and About.com intended to promote the co-branded shopping service throughout the About.com network. In June 2001, About.com ran banner ads on its site promoting the Qode Universal Commerce Solution™. As part of the emerging About.com and NeoMedia relationship, About.com received 452,489 shares of our Series B Convertible Preferred Stock, par value \$0.01 per share, of the 500,000 total Series B Convertible Preferred shares which we are authorized to issue, in consideration for these promotions. Each share was convertible into one share of NeoMedia common stock. We recorded an expense of \$882,000 associated with this transaction in the second quarter in sales and marketing expense in the accompanying consolidated statements of operations. The agreement with About.com was terminated on August 31, 2001, in anticipation of the sale of the Qode assets to the Finx Group, Inc. Subsequent to December 31, 2001, the Series B Convertible Preferred Stock issued to About.com automatically converted to 452,289 shares of NeoMedia common stock on January 2, 2002.

18. SUBSEQUENT EVENTS

Subsequent to December 31, 2001, the following events have occurred:

- o During January 2002, certain of the Company's shareholders filed a complaint with the Securities and Exchange Commission, alleging that the shareholders were not included in the special shareholders meeting of November 25, 2001, to vote on the issuance of 19 million shares of NeoMedia common stock. On March 11, the Company filed its response claiming that the Company had fully complied with all of its obligations under the laws and regulations administered by the Securities and Exchange Commission, as well as with its obligation under Delaware General Corporation Law.
- o During February 2002, the Company sold 19 million shares of its common stock at \$0.17 per share in exchange for promissory notes maturing at the earlier of i) 90 days from the date of issuance, or ii) 30 days from registration of the shares. During 2001, the Company had issued 3 million shares to unrelated investors at \$0.08 per share payable in the same manner. Those shares were cancelled and re-issued as part of the 19 million share offering in 2002.
- o During February 2002, the Company issued 1,646,987 shares of its common stock to two separate vendors as settlement of past due liabilities and future payments relating to equipment leases.
- o During March 2002, the Company requested a hearing before a Nasdaq listing qualifications panel to review a staff determination issued by Nasdaq. The determination indicated that as of December 31, 2001 the Company did not comply with either the minimum \$2 million net tangible assets or the minimum \$2.5 million stockholders' equity requirement for continued listing, and that the company's shares were therefore subject to delisting. NeoMedia responded by requesting a hearing before a Nasdaq

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

listing panel to review the staff determination. The hearing is scheduled for April 18, 2002.

- o During March 2002, the Company repriced 1.2 million of its common stock warrants for a period of six months. During the term of the warrant repricing program, participating holders are entitled to exercise qualified warrants at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the NASDAQ Small Cap Market on the trading date immediately preceding the date of exercise. We are accounting for the repricing using variable accounting at each reporting date, in accordance with FIN 44. Under this treatment, expense is recognized for unexercised stock warrants repriced below market based on the closing price of NeoMedia stock on the last day of each reporting period. Additionally, if any warrants are exercised pursuant to the repricing program, expense is recognized for the difference between the market price of NeoMedia stock at the time of exercise and the restated exercise price.

NEOMEDIA TECHNOLOGIES, INC. AND SUBSIDIARIES UNAUDITED NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND NATURE OF BUSINESS OPERATIONS

BASIS OF PRESENTATION

The condensed consolidated financial statements include the financial statements of NeoMedia Technologies, Inc. and its wholly-owned subsidiaries. The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and do not include all of the information and footnotes required by generally accepted accounting principles for complete consolidated financial statements. These condensed consolidated financial statements and related notes should be read in conjunction with the Company's Form 10-K for the fiscal year ended December 31, 2001. In the opinion of management, these condensed consolidated financial statements reflect all adjustments which are of a normal recurring nature and which are necessary to present fairly the consolidated financial position of NeoMedia as of September 30, 2002, and the results of operations for the three- and nine-month periods ended September 30, 2002 and 2001, and cash flows for the nine-month period ended September 30, 2002 and 2001. The results of operations for the three- and nine-month periods ended September 30, 2002 are not necessarily indicative of the results which may be expected for the entire fiscal year. All significant intercompany accounts and transactions have been eliminated in preparation of the condensed consolidated financial statements.

NATURE OF BUSINESS OPERATIONS

The Company is structured and evaluated by its Board of Directors and Management as two distinct business units: NeoMedia Internet Switching Service (NISS) and NeoMedia Consulting and Integration Service (NCIS).

NEOMEDIA INTERNET SWITCHING SERVICE (NISS)

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

NISS (physical world-to-Internet offerings) is the core business and is based in the United States, with development and operating facilities in Fort Myers, Florida. NISS develops and supports the Company's physical world to Internet core technology, including its linking "switch" and application platforms. NISS also manages the Company's valuable intellectual property portfolio, including the identification and execution of licensing opportunities surrounding the patents.

NEOMEDIA CONSULTING AND INTEGRATION SERVICES (NCIS)

NCIS (systems integration service offerings) is the original business line upon which the Company was organized. This unit resells client-server equipment and related software, and general and specialized consulting services targeted at software driven print applications, especially at process automation of production print facilities through its integrated document factory solution. Systems integration services also identify prospects for custom applications based on the Company's products and services. This unit recently moved its business offerings to a much higher Value-Add called Storage Area Networks (SAN). The operations are based in Lisle, Illinois.

RECLASSIFICATIONS

Certain amounts in the 2001 condensed consolidated financial statements have been reclassified to conform to the 2002 presentation.

RECENT ACCOUNTING PRONOUNCEMENTS

On July 21, 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141 (SFAS No. 141), "Business Combinations", and No. 142 (SFAS No. 142), "Goodwill and Other Intangible Assets." SFAS No. 141 addresses financial accounting and reporting for goodwill and other intangible assets acquired in a business combination at acquisition. SFAS No. 141 requires the purchase method of accounting to be used for all business combinations initiated after June 30, 2001 and establishes specific criteria for the recognition of intangible assets separately from goodwill; SFAS No. 142 addresses financial accounting and reporting for goodwill and other intangible assets subsequent to their acquisition. SFAS No. 142 provides that goodwill and intangible assets which have indefinite useful lives will not be amortized, but rather will be tested at least annually for impairment. It also provides that

F-73

intangible assets that have finite useful lives will continue to be amortized over their useful lives, but those lives will no longer be limited to forty years. SFAS No. 141 is effective for all business combinations after June 30, 2001. The provisions of SFAS No. 142 are effective beginning January 1, 2002. The Company has implemented the provisions of SFAS No. 141 and No. 142 and has concluded that the adoption does not have a material impact on the Company's financial statements.

In October 2001, the FASB issued SFAS No. 143, "Accounting for Asset Retirement Obligations," which requires companies to record the fair value of a liability for asset retirement obligations in the period in which they are incurred. The statement applies to a company's legal obligations associated with the retirement of a tangible long-lived asset that results from the acquisition, construction, and development or through the normal operation of a long-lived asset. When a liability is initially recorded, the company would capitalize the cost, thereby increasing the carrying amount of the related asset. The capitalized asset retirement cost is depreciated over the life of the respective asset while the liability is accreted to its present value. Upon settlement of the liability, the obligation is settled at its recorded amount or the company

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

incurs a gain or loss. The statement is effective for fiscal years beginning after June 30, 2002. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets". Statement 144 addresses the accounting and reporting for the impairment or disposal of long-lived assets. The statement provides a single accounting model for long-lived assets to be disposed of. New criteria must be met to classify the asset as an asset held-for-sale. This statement also focuses on reporting the effects of a disposal of a segment of a business. This statement is effective for fiscal years beginning after December 15, 2001. The Company does not expect the adoption to have a material impact to its financial position or results of operations.

In April 2002, the FASB issued Statement No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." This Statement rescinds FASB Statement No. 4, "Reporting Gains and Losses from Extinguishment of Debt," and an amendment of that Statement, FASB Statement No. 64, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements" and FASB Statement No. 44, "Accounting for Intangible Assets of Motor Carriers." This Statement amends FASB Statement No. 13, "Accounting for Leases," to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. The Company does not expect the adoption to have a material impact to the Company's financial position or results of operations.

In July 2002, the FASB issued SFAS No. 146 "Accounting for Exit or Disposal Activities." The provisions of this statement are effective for disposal activities initiated after December 31, 2002, with early application encouraged. The Company does not expect the adoption of FASB No. 146 to have a material impact on the Company's financial position or results of operations.

PURCHASE AND DISPOSAL OF QODE.COM, INC.

On March 1, 2001, NeoMedia purchased all of the net assets of Qode.com, Inc. (Qode), except for cash. Qode is a development stage company, as defined in Statement of Financial Accounting Standards (SFAS) No. 7, "Accounting and Reporting By Development Stage Enterprises". In consideration for these assets, NeoMedia issued 274,699 shares of common stock, valued at \$1,359,760. Additionally, the Company placed in escrow 1,676,500 shares of its common stock valued at \$8,298,675 at the time of issuance. Stock issued was valued at \$4.95 per share, which is the average closing price for the few days before and after the measurement date of March 1, 2001. As of December 31, 2001 the Company had released 35,074 shares of common stock from escrow for performance for the period March 1, 2001 to August 31, 2001. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with respect to the performance of the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

The Company accounted for this purchase using the purchase method of accounting in accordance with Accounting Principles Board Opinion No. 16, "Business Combinations". The excess fair market value of the net assets acquired over the purchase price was allocated to reduce proportionately the values assigned to noncurrent assets. The accompanying consolidated statements of operations include the operations of Qode from March 1, 2001, through September 30, 2002.

		=====

During the third quarter of 2001, the Company issued an additional 35,074 shares under the terms of the earn-out with Qode.com, Inc. (see explanation below). The value of these shares in the amount of \$13,000 was allocated \$9,000 to capitalized development costs and \$4,000 to furniture and fixtures.

CONTINGENT CONSIDERATION

In accordance with the purchase of the assets of Qode.com, Inc., NeoMedia has placed 1,676,500 shares of its common stock in escrow for a period of one year, subject to downward adjustment, based upon the achievement of certain performance targets over the period of March 1, 2001 to February 28, 2002. As of March 1, 2002, these performance targets were not met and therefore, the remaining 1,641,426 shares held in escrow were not issued. The criteria used to determine the number of shares released from escrow is a weighted combination of revenue, page views, and fully allocated earnings before taxes relating to the Qode Universal Commerce Solution.

At the end of each of certain interim periods as outlined in the purchase agreement, the number of cumulative shares earned by Qode.com is calculated based on revenue and page views and the shares are released. The resulting financial impact on NeoMedia is a proportionate increase in the long-term assets acquired from Qode, with a corresponding increase in depreciation expense from that point forward. The amount of the increase in long-term assets is dependent upon the number of shares released from escrow, as well as the value of NeoMedia stock at the time of measurement. The first such measurement date was July 1, 2001. At the end of the 12-month measurement period (February 28, 2002), the number of shares issued to Qode under the earn-out was 309,773, allocated as outlined in the table above. The remaining 1,641,426 shares are being held in escrow pending the results of negotiations between the Company and Qode with

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

respect to a disagreement over the performance of, and investment in, the Qode business unit for the period March 1, 2001 through February 28, 2002. As a result, all such shares may be released to Qode.

INTANGIBLE ASSETS

Intangible assets acquired from Qode.com include:

i). Purchased software licenses relating to the development of the Qode Universal Commerce Solution, amortized on a straight-line basis over three years.

ii). Capitalized software development costs relating to the development of the Qode Universal Commerce Solution.

F-75

OTHER

On May 31, 2001, three creditors of Qode.com, Inc. filed in the U.S. Bankruptcy Court an involuntary bankruptcy petition for Qode.com, Inc. On July 22, the case was converted to Chapter 7, U.S. Code.

DISPOSAL OF QODE BUSINESS UNIT

On August 31, 2001, the Company signed a non-binding letter of intent to sell the assets and liabilities of its Ft. Lauderdale-based Qode business unit, which it acquired in March 2001, to The Finx Group, Inc., a holding company based in Elmsford, NY. The Finx Group was to assume \$620,000 in Qode payables and \$800,000 in long-term leases in exchange for 500,000 shares of the Finx Group, right to use and sell Qode services, and up to \$5 million in affiliate revenues over the next five years. During the third and fourth quarters of 2001 and the first quarter of 2002, the company recorded a \$2.6 million expense from the write-down of the Qode assets/liabilities to net realizable value.

The loss for discontinued operations during the phase-out period from August 31, 2001 (measurement date) to September 30, 2001 was \$439,000. No further loss is anticipated.

During June 2002, the Finx Group notified the Company that it did not intend to carry out the letter of intent due to capital constraints. As a result, during the three-month period ended June 30, 2002, the Company recorded an additional expense of \$1.5 million for the write-off of remaining Qode assets. As of September 30, 2002, the Company had \$1.5 million of liabilities relating to the Qode system on its books.

IMPAIRMENT OF PAPERCLICK ASSET

During the three-month period ending June 30, 2002, the Company recognized an impairment charge of \$1.0 million relating to its PaperClick physical-world-to-internet software solution. Due to capital constraints, the Company is not currently able to devote full-time resources and infrastructure to commercializing the technology. The Company intends to re-focus sales and marketing efforts surrounding the product upon the receipt of sufficient capital.

OTHER EVENTS

During January 2002, certain of the Company's shareholders filed a complaint

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

with the Securities and Exchange Commission, alleging that the shareholders were not included in the special shareholders meeting of November 25, 2001, to vote on the issuance of 19 million shares of NeoMedia common stock. On March 11, 2002, the Company filed its response claiming that the Company had fully complied with all of its obligations under the laws and regulations administered by the Securities and Exchange Commission, as well as with its obligation under Delaware General Corporation Law.

During January 2002, NeoMedia announced that it had entered into an agreement with Baniak Pine and Gannon, a law firm specializing in patent licensing and litigation, under which the firm will represent NeoMedia in seeking out potential licensees of the Company's patent portfolio.

During February 2002, the Company sold 19 million shares of its common stock to five individuals and two institutional unrelated parties at \$0.17 per share in exchange for promissory notes maturing at the earlier of i) August 12, 2002, or ii) 30 days from registration of the shares. Assuming full payment of the notes, proceeds from this transaction would have been \$3,230,000, of which \$190,000 par value was paid during the first quarter of 2002. During August 2002, the notes matured without payment, and the Company subsequently cancelled the 19 million shares issued in connection with such notes. The Company has accrued a liability in the third quarter of \$190,000 relating to the par value paid in connection with the issuance of the shares.

During February 2002, the Company issued 1,646,987 shares of its common stock to two separate vendors as settlement of past due liabilities and future payments relating to equipment leases.

During March 2002, the Company repriced 1.2 million of its common stock warrants for a period of six months. During the term of the warrant repricing program, participating holders are entitled to exercise qualified warrants at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Approximately 370,000 warrants were exercised in connection with the program, and the Company recognized approximately \$38,000 in expense relating to the repricing during the nine months ended September 30, 2002.

F-76

On March 20, 2002, IOS Capital, Inc. filed a summons seeking full payment of approximately \$38,700 relating to past due and future payments under an office equipment lease. The Company returned the equipment and settled the liability for cash payments totaling \$30,000.

During April 2002, the Company repriced 7.4 million of its common stock options held by employees, consultants and advisors for a period of six months. During the term of the option repricing program, participating holders are entitled to exercise subject options at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Shortly after the announcement of the repricing program, the market price for the Company's common stock fell below \$0.12, and has not closed above \$0.12 since. As a result, no options were exercised under the terms of the program and the Company did not recognize any expense relating to the repricing program during the nine months ended September 30, 2002 due to immaterial effect on the financial statements.

On May 16, 2002, the Company received notification from the Nasdaq Listing Qualifications Panel that its shares were delisted effective May 17, 2002, due to failure to meet either the minimum net tangible assets (\$2,000,000) or

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

minimum stockholders' equity (\$2,500,000) criteria for continued listing. The Company's shares are now trading on the Over-the-Counter Bulletin Board ("OTCBB").

During May 2002, the Company settled its lawsuit with William Goins, its former President and Chief Operating Officer (see "Legal Proceedings"). The Company is obligated to make cash payments of \$90,000 directly to the plaintiff from the period May 2002 through December 2002, and cash payments to the plaintiff's attorney for legal fees in the amount of \$45,000 due in July and August 2002. In addition, Mr. Goins was granted 360,000 options to purchase shares of NeoMedia common stock at an exercise price of \$0.08. These options were valued at approximately \$36,000. The Company had a remaining liability of approximately \$72,000 as of September 30, 2002.

During May 2002, the Company entered into an Equity Line of Credit Agreement with Cornell Capital Partners LP ("Cornell"). Under the terms of the agreement, Cornell has agreed to purchase up to \$5.0 million of NeoMedia common stock over the next two years at the Company's discretion.

During May 2002, the Company granted a personal, worldwide, non-exclusive, limited intellectual property licensing agreement to Brandkey Systems Corporation. Brandkey will pay the Company \$50,000 upfront licensing fee plus 2.5 % of all royalty-based revenues earned by Brandkey, with minimum royalties of \$25,000 in 2003, \$50,000 in 2004, and \$75,000 in 2005 and after. Royalty revenue earned by the Company may not exceed \$1.0 million in any given year. The Company recognized approximately \$16,000 in revenue relating to this contract during the nine months ended September 20, 2002.

On June 6, 2002, the Company held its annual meeting of shareholders, at which shareholders approved proposals to: i.) amend NeoMedia's Certificate of Incorporation to increase the number of shares of authorized common stock, par value \$.01, from 50,000,000 to 200,000,000 shares and to increase the number of shares of authorized preferred stock, par value \$0.01, from 10,000,000 to 25,000,000; and ii.) implement the 2002 Stock Option Plan, under which the Company is authorized to grant to employees, directors, and consultants up to 10,000,000 options to purchase shares of its common stock.

On June 26, 2002, the Company announced that its chairman, Charles W. Fritz, had been granted a 90-day leave of absence from his responsibilities as Chief Executive Officer by the company's Board, which, concurrently, elected Charles T. Jensen president and Chief Operating Officer, and also named him acting CEO. The Company also announced that it had promoted David Dodge, its Controller, to Vice President and Chief Financial Officer. On September 23, 2002, Mr. Fritz officially resigned his duties as Chief Executive Officer. He will remain Chairman of the Board of Directors and a part-time executive of the Company. Mr. Jensen has assumed the role of acting CEO.

On August 9, 2002, the Company settled its lawsuit with 2150 Western Court L.L.C., the property manager for the Company's Lisle, IL, office, in which 2150 Western Court L.L.C. was seeking payment of past due rent plus possession of the premises. The settlement calls for past due rents of approximately \$72,000 to be paid over a 15-month period, as well as reduced rents for the period August 2002 through March 2003. As additional consideration in the settlement, the Company issued 900,000 shares of its common stock to 2150 Western Court L.L.C. The Company had a liability of approximately \$61,000 relating to this matter as of September 30, 2002.

2. LIQUIDITY AND CAPITAL RESOURCES

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

The accompanying unaudited financial statements have been prepared assuming the Company will continue as a going concern. Accordingly, the financial statements do not include any adjustments that might result from the Company's inability to continue as a going concern. Based on current cash balances and operating budgets, the Company believes it will need to raise operating capital in the next 30 days. If the Company's financial resources are insufficient, the Company may be forced to seek protection from its creditors under the United States Bankruptcy Code or analogous state statutes unless it is able to engage in a merger or other corporate finance transaction with a better capitalized entity. The Company cannot predict whether additional financing will be available, its form, whether equity or debt, or be in another form, or if the Company will be successful in identifying entities with which it may consummate a merger or other corporate finance transactions.

3. GOING CONCERN

The accompanying consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

Through September 30, 2002, the Company has not been able to generate significant revenues from its operations to cover its costs and operating expenses. Although the Company has been able to issue its common stock or other financing for a significant portion of its expenses, it is not known whether the Company will be able to continue this practice, or if its revenue will increase significantly to be able to meet its cash operating expenses.

This, in turn, raises substantial doubt about the Company's ability to continue as a going concern. Management believes that the Company will be able to raise additional funds through an offering of its common stock or alternative sources of financing. However, no assurances can be given as to the success of these plans. The consolidated financial statements do not include any adjustments that might result from the outcome of these uncertainties.

4. SUBSEQUENT EVENTS

On October 28, 2002, the Company settled its lawsuit with Wachovia Bank, N.A., the owner of the building in which the Company's headquarters is located. Wachovia was seeking payment of past due rents under its lease agreement with the Company. The settlement calls for cash payments of past due rents of approximately \$250,000 over a period of 16 months. The Company will also vacate approximately 70% of the unused space in its headquarters, and the rent for the remainder of the lease, which expires in January 2004, will be reduced according to square footage used. The Company has accrued a liability of approximately \$250,000 relating to this matter as of September 30, 2002.

On November 12, 2002, the Company settled the lawsuit with its former General Counsel over payment of the 2000 executive incentive, severance and unpaid vacation days in the amount of approximately \$154,000. The settlement calls for cash payments totaling approximately \$100,000 over a period of 10 months, plus 250,000 vested options to purchase shares of the Company's common stock at an exercise price of \$0.01 and a term of five years.

During November 2002, the Company issued Convertible Secured Promissory Notes with an aggregate face value of \$60,000 to 3 separate parties, including Charles W. Fritz, Chairman of the Board of Directors; William E. Fritz, outside director; and James J. Keil, outside director. The notes bear interest at a rate of 15% per annum, and mature at the earlier of i.) four months, or ii.) that date the shares underlying the Cornell Equity Line of Credit are registered with the SEC. The notes are convertible, at the option of the holder, into either cash or shares of the Company's common stock at a 30% discount to either market price upon closing, or upon conversion, whichever is lower. The Company will

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

also grant to the holders an additional 192,000 shares of the Company's common stock and 60,000 warrants to purchase shares of the Company's common stock at \$0.03 per share, with a term of three years. In the event the Company defaults on the note, the Company will issue an additional 1,404,330 shares of its common stock to the note holders. The notes are secured by the Company's intellectual property, which is subject to first lien by AirClic, Inc. (see "Legal Proceedings").

On November 12, 2002, the Company and Cornell terminated the May 2002 Equity Line of Credit Agreement and entered into a new Equity Line of Credit Agreement with Cornell under which Cornell agreed to purchase up to \$10.0 million of NeoMedia's common stock and over the next two years, with the timing and amount of the purchase at the Company's discretion. The maximum amount of each purchase is \$150,000 with a minimum of seven days between purchases. The shares will be valued at 98% of the lowest closing bid price during the five day period following the delivery of a notice of purchase by NeoMedia. The Company will pay 5% of the gross proceeds of each purchase to Cornell as a commission. According

F-78

to the terms of the agreement, the Company cannot draw on the line of credit until the shares underlying the agreement are registered for trading with the Securities and Exchange Commission.

Miscellaneous	\$	17,290
TOTAL	\$	85,000

ITEM 14. INDEMNIFICATION OF DIRECTORS AND OFFICERS

As permitted by the Delaware General Corporation Law, we have included in our Certificate of Incorporation a provision to eliminate the personal liability of our directors for monetary damages for breach or alleged breach of their fiduciary duties as directors, except for liability (i) for any breach of the director's duty of loyalty to NeoMedia or its stockholders, (ii) for acts or omissions not in good faith or which involved intentional misconduct or a knowing violation of law, (iii) in respect of certain unlawful dividend payments or stock redemptions or repurchases, as provided in Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. The effect of this provision is to eliminate the rights of NeoMedia and its stockholders (through stockholders' derivative suits on behalf of NeoMedia) to recover monetary damages against a director for breach of the fiduciary duty of care as a director except in the situations described in (i) through (iv) above. This provision does not limit nor eliminate the rights of NeoMedia or any stockholder to seek non-monetary relief such as an injunction or rescission in the event of a breach of a director's duty of care. These provisions will not

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

alter the liability of directors under federal securities laws.

The certificate of incorporation and the by-laws of NeoMedia provide that we are required and permitted to indemnify our officers and directors, employees and agents under certain circumstances. In addition, if permitted by law, we are required to advance expenses to our officers and directors as incurred in connection with proceedings against them in their capacity as a director or officer for which they may be indemnified upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that such person is not entitled to indemnification. At present, we are not aware of any pending or threatened litigation or proceeding involving a director, officer, employee or agent of NeoMedia in which indemnification would be required or permitted.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the "Act") may be permitted to directors, officers or controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the Company has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

RECENT SALES OF UNREGISTERED SECURITIES

On December 2, 2002, Jerald Eicke was issued 4,000,000 shares of common stock in exchange for consulting services rendered. The shares of common stock were priced at \$0.05 totaling a value of \$200,000.

On December 2, 2002, NeoMedia issued to Michael Kesselbrenner, a private investor, a Promissory Note in the principal amount of \$165,000, bearing interest at a rate of 12% per annum, with a maturity of 150 days. In connection with the default provision of the Promissory Note, NeoMedia entered into a Pledge Agreement, dated December 2, 2002, by and between NeoMedia and the Investor under which NeoMedia issued 53,620,020 shares of common stock to an unrelated third party as collateral for the Promissory Note. In the event of default, the third party would issue the shares to the Investor, and NeoMedia would issue additional shares as required to increase Mr. Kesselbrenner's ownership of securities of NeoMedia to equal 51% of its fully-diluted outstanding shares at the time of such default.

II-1

On November 12, 2002, NeoMedia and Cornell Capital Partners terminated the May 2002 Equity Line of Credit Agreement and entered into a new Equity Line of Credit Agreement with Cornell under which Cornell agreed to purchase up to \$10.0 million of NeoMedia's common stock and over the next two years, with the timing and amount of the purchase at NeoMedia's discretion. The maximum amount of each purchase is \$150,000 with a minimum of seven days between purchases. The shares will be valued at 98% of the lowest closing bid price during the five day period following the delivery of a notice of advance by NeoMedia. NeoMedia will pay 5% of the gross proceeds of each purchase to Cornell as a commission. According to the terms of the agreement, NeoMedia cannot draw on the line of credit until the shares underlying the agreement are registered for trading with the Securities and Exchange Commission. Cornell Capital received a one-time commitment fee payable in 2,000,000 shares of our common stock. Additionally, Westrock Advisors, Inc. was paid a fee of 62,500 shares of NeoMedia's common stock for acting as the placement agent.

In September 2002, NeoMedia issued 1,161,402 shares of common stock upon exercise of outstanding options by an unrelated consultant at a price of \$0.01

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

per share. The gross proceeds of such transaction were approximately \$12,000.

In August 2002, NeoMedia issued 900,000 shares of common stock to 2150 Western Court L.L.C, the landlord of its Lisle, Illinois sales office, as settlement of a lawsuit relating to past-due and future building rents. The shares were valued at \$0.03 per share, the market price at the date of issuance. There were no cash proceeds to NeoMedia in this transaction.

In July, August and September 2002, we issued an aggregate of 3,000,000 shares of our common stock upon the exercise of outstanding options by a consultant at a price of \$0.01 per share. The gross proceeds of such transaction were \$30,000.

In July 2002, we issued 575,980 shares of common stock upon the exercise of outstanding options by an unrelated consultant at a price of \$0.01 per share. The gross proceeds of such transaction were approximately \$6,000.

In June 2002, we issued 900,000 shares of common stock to two unrelated consultants as payment for consulting services to be performed from June 2002 through June 2003. There were no cash proceeds to us in these transactions.

In June 2002, we issued 10,000 shares of common stock to an unrelated vendor as an interest payment on past-due accounts payable. There were no cash proceeds to us in these transactions.

In May 2002, we issued an aggregate of 200 shares of our common stock upon the exercise of outstanding options by an employee at a price of \$0.12 per share. The gross proceeds of such transaction were \$24.

During April 2002, NeoMedia repriced 7.4 million of its common stock options held by employees, consultants and advisors for a period of six months. During the term of the option repricing program, participating holders are entitled to exercise subject options at an exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Shortly after the announcement of the repricing program, the market price for the Company's common stock fell below \$0.12, and has not closed above \$0.12 since. As a result, no options were exercised under the terms of the program and NeoMedia did not recognize any expense relating to the repricing program during the nine months ended September 30, 2002 due to immaterial effect on the financial statements.

In April 2002, we issued an aggregate of 140,775 shares of our common stock upon the exercise of outstanding warrants by Charles W. Fritz, its Chairman and Chief Executive Officer, at a price of \$0.12 per share. Mr. Fritz subsequently sold the shares into the market. The gross proceeds of such transaction were approximately \$17,000. In accordance with Section 16(b), all proceeds from the sales were retained by us.

In April 2002, we issued an aggregate of 1,962,255 shares of our common stock upon the exercise of outstanding options by two unrelated parties at a price of \$0.12 per share. The gross proceeds of such transaction were approximately \$235,000.

In April 2002, we issued an aggregate of 40,000 shares of our common stock upon the exercise of outstanding options by James J. Keil, an outside director. Mr. Keil purchased 25,000 shares at an exercise price of \$0.135 and 15,000 shares at \$0.20. The gross proceeds of such transaction were approximately \$6,000.

During March 2002, NeoMedia repriced 1.2 million of its common stock warrants for a period of six months. During the term of the warrant repricing

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

program, participating holders are entitled to exercise qualified warrants at an

II-2

exercise price per share equal to the greater of (1) \$0.12 or (2) 50% of the last sale price of shares of Common Stock on the OTCBB, on the trading date immediately preceding the date of exercise. Approximately 370,000 warrants were exercised in connection with the program, and NeoMedia recognized approximately \$38,000 in expense relating to the repricing during the nine months ended September 30, 2002.

In March 2002, we issued an aggregate of 228,675 shares of our common stock upon the exercise of outstanding warrants by an unrelated party at a price of \$0.12 per share. The gross proceeds of such transaction were approximately \$27,000.

In February 2002, we issued 19,000,000 shares of our common stock at a price of \$0.17 per share to five individuals and two institutional unrelated parties. The shares were issued in exchange for limited recourse promissory notes maturing at the earlier of i.) 90 days from the date of issuance, or ii.) 30 days from the date of registration of the shares. The gross proceeds of such transaction will be approximately \$3,040,000 upon maturity of the notes, as a purchase price of \$0.01 per share, or \$190,000 in aggregate, was paid in cash. During August 2002, the notes matured without payment, and we subsequently cancelled the 19 million shares issued in connection with such notes. We have accrued a liability in the third quarter of \$190,000 relating to the par value paid in connection with the issuance of the shares.

In January 2002, we issued 452,489 shares of common stock to About.com, Inc. The shares were issued upon conversion of 452,489 shares of Series A Convertible Preferred Stock issued to About.com, Inc. as payment for advertising expenses incurred during 2001. This issuance was made pursuant to Section 3(a)(9) of the Act.

In connection with the sale, we issued as a commission 175,000 warrants to purchase shares of our common stock at an exercise price of \$3.45 per share to a foreign institutional unrelated party.

In April 1999, we issued warrants to purchase 50,000 shares of common stock at a price of \$0.01 per share to an outside institution for services performed.

In February 1999, we issued 250,000 shares of our common stock at a price of \$4.00 per share to A.T. Cross Company, an unrelated party. In connection with the sale, we also issued 100,000 warrants with an exercise price of \$5.00. The gross proceeds of such transaction were \$1,000,000.

In January and February, 1999, we issued an aggregate of 145,000 shares of our common stock at a price of \$3.50 per share to six unrelated parties, two of which were foreign institutions, two of which were foreign individuals, and two of which were domestic individuals. In connection with the sale, we also issued an aggregate of 3,000 warrants with an exercise price of \$3.50. The gross proceeds of such transaction were approximately \$507,500. In connection with the sale, we also issued as a commission 280,000 warrants to purchase shares of our common stock at an exercise price of \$2.13 per share to five of the purchasers.

In January 1999, we issued 42,857 shares of our common stock at a price of \$3.50 per share to an individual related party. In connection with the sale, we also issued 4,286 warrants with an exercise price of \$3.50. The gross proceeds of such transaction were approximately \$150,000.

In January 1999, we issued 82,372 shares of our common stock to an individual related party at a price of \$3.04 per share. In connection with the sale, we also issued 8,237 warrants with an exercise price of \$3.04. The gross proceeds of such transaction were approximately \$250,000.

In January 1999, we issued warrants to purchase 230,000 shares of common stock at a price of \$2.13 per share to an outside consultant for services performed.

In November 1998, we borrowed \$500,000, in two separate notes from unrelated third parties. These notes were due in November, 1999 with an interest rate of 20%. One \$250,000 note was extended until January 6, 2000, and the other was extended until February 25, 2000. These notes were secured by 375,000 shares of our common stock by placing them in an escrow account. These shares were considered issued but not outstanding for 1999. As part of obtaining the financing, 37,500 stock warrants, exercisable at \$2.00 per share, were issued to the lender. These warrants were exercised in February 2000. During 2000, both notes were repaid and the 375,000 shares securing the notes have been released from escrow and retired by us.

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

We relied upon the exemption provided in Section 4(2) of the Securities Act and/or Rule 506 thereunder, which cover "transactions by an issuer not involving any public offering," to issue securities discussed above without registration under the Securities Act of 1933. We made a determination in each case that the person to whom the securities were issued did not need the protection that registration would afford. The certificates representing the securities issued displayed a restrictive legend to prevent transfer except in compliance with applicable laws, and our transfer agent was instructed not to permit transfers unless directed to do so by us, after approval by our legal counsel. We believe that the investors to whom securities were issued had such knowledge and experience in financial and business matters as to be capable of evaluating the merits and risks of the prospective investment. We also believe that the investors had access to the same type of information as would be contained in a registration statement.

UNDERTAKINGS

The undersigned registrant hereby undertakes:

(1) To file, during any period in which it offers or sells securities, a post-effective amendment to this registration statement to:

(i) Include any prospectus required by Sections 10(a)(3) of the Securities Act of 1933 (the "Act");

(ii) Reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective Registration Statement;

(iii) Include any additional or changed material information on the plan of distribution;

(2) That, for the purpose of determining any liability under the Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities that remain unsold at the end of the offering.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act

Edgar Filing: NEOMEDIA TECHNOLOGIES INC - Form S-1

and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
