STATEMENT OF CORPORATE GOVERNANCE

Our Board of Directors held a total of nine meetings in fiscal 2002. All directors attended at least seventy-five percent (75%) of all of the meetings held by the Board of Directors and meetings held by committees of the Board of Directors on which that director served.

Our Board of Directors considers all major decisions. The Board has established two standing committees, an Audit Committee and a Compensation Committee, so that certain areas can be addressed in more depth than may be possible at a full Board of Directors meeting. The Board does not have a nominating committee. On July 17, 2001, the Board established a Special Committee to review the terms of our proposed acquisition of Scalable Software, Inc. and other related party transactions.

Audit Committee. The Audit Committee selects our independent auditors, reviews the results and scope of the audit and other accounting related services and reviews and evaluates our internal control functions. Members of

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

the Audit Committee in the fiscal year ended March 31, 2002 included George H. Ellis, Charles E. Noell, III, Richard Holcomb (added on June 1, 2001), and Norris van den Berg. The Audit Committee met and/or took action four times during fiscal 2002. The Audit Committee's report is included below in "Audit Committee Report." On December 5, 2002, the Board accepted the resignations of Charles E. Noell, III, Richard Holcomb, and Norris van den Berg from the Audit Committee and appointed David F. Cary and Loretta Cross as independent directors to serve on the Audit Committee from such date until their successors are elected or they resign from such position. On December 5, 2002, the Board also adopted a new Audit Committee Charter which is attached to this Proxy Statement as Exhibit A.

Compensation Committee. The Compensation Committee makes recommendations to our Board of Directors concerning salaries and incentive compensation for our officers and employees and administers our 1993 Stock Option Plan, the Stock Option Plan for Non-Employee Directors, the 1999 Long-Term Incentive Plan, the 2002 Stock Plan and the 2002 Director Stock Option Plan. Members of the Compensation Committee include John J. Moores, Charles E. Noell, III, Norris van den Berg and Richard Holcomb. The Compensation Committee met five times during fiscal 2002.

Special Committee. On July 17, 2001, NEON entered into a letter of intent to acquire Scalable Software, Inc. Several members of NEON's Board of Directors have a financial interest in Scalable Software. Therefore, on July 17, 2001, the Board of Directors formed a special committee composed solely of directors who have no interest in Scalable Software to review the terms of the acquisition. The members of the Special Committee are George Ellis and Richard Holcomb. The Special Committee met twelve times during fiscal 2002. On December 9, 2002, the Board of Directors voted to increase the size of the Special Committee by two positions and appointed Loretta Cross and David F. Cary to fill the two new positions on the Special Committee. See "Certain Transactions--Scalable Software, Inc. Agreements."

AUDIT COMMITTEE REPORT

Composition. The Audit Committee of the Board of Directors in the fiscal year ended March 31, 2002 was composed of four directors, two of which were independent directors as defined by Nasdaq rules, and operated under a written charter adopted by the Board of Directors, a copy of which was attached as Exhibit A to the proxy statement for our 2000 annual meeting. The members of the Audit Committee in the fiscal year ended March 31, 2002 were George H. Ellis, Charles E. Noell, III, Richard Holcomb (added June 1, 2001), and Norris van den Berg. On December 5, 2002, the Audit committee was reconstituted with the following directors, all of whom qualify as independent directors under NASDAQ rules: George Ellis, Loretta Cross and David F. Cary.

Responsibilities. The responsibilities of the Audit Committee include selecting an accounting firm to be engaged as our independent accountants. The independent accountants are responsible for performing an independent audit of NEON's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibilities include the oversight of NEON's financial reporting process, system of internal controls and corporate compliance process.

Review with Management and Independent Accountants. In this context, the Audit Committee has met and held discussions with management and the independent accountants, including discussions regarding the audited consolidated financial statements. Management represented to the Audit

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

Committee that NEON's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees."

NEON's independent accountants also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Audit Committee discussed with the independent accountants, KPMG LLP, the firm's independence.

Summary. Based upon the Audit Committee's discussions with management and the independent accountants and the Audit Committee's review of the representations of management, and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in NEON's Annual Report on Form 10-K for the year ended March 31, 2002, as filed with the Securities and Exchange Commission.

COMPENSATION OF DIRECTORS

During fiscal 2002, each of our non-employee directors was monetarily compensated for serving as a member of our Board of Directors effective January 1, 2002. From such date each of the non-employee directors received a fee of \$1,000 for each of the board meetings and committee meetings that they attended. In addition, George Ellis received a fee of \$1,000 for each of the seven board meetings and two Audit Committee meetings he attended prior to January 28, 2002 pursuant to a letter agreement. In July 2001, we authorized paying each of the members of our Special Committee a fee of \$1,000 per committee meeting attended. The Special Committee met 12 times in the fiscal year ended March 31, 2002.

In 1999 we adopted the Stock Option Plan for Non-Employee Directors for

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

compensation of our non-employee directors and reserved 100,000 shares of our common stock for issuance thereunder. Under such plan, non-employee directors on the Board of Directors would be granted an option to purchase 7,500 shares of our common stock in connection with their respective appointments to our Board. The options granted under the Stock Option Plan for Non-Employee Directors vest equally in 33 1/3% increments on the date of each successive annual meeting during the three-year period following the date of grant.

At the annual meeting commenced on March 26, 2002 and reconvened on April 5, 2002, the 2002 Director Option Plan was approved by our stockholders to replace the Stock Option Plan for Non-Employee Directors. Each current non-employee director who was serving on the Board of Directors immediately following the Annual Meeting of Stockholders commenced on March 26, 2002 and who served on the Board of Directors in any of the last three fiscal years ended March 31, 2001, received a one-time initial "Election" option grant to purchase 12,500 shares of common stock for each of such three previous fiscal years, up to a maximum grant of 37,500 shares of common stock of NEON. Non-employee directors subsequently joining the Board of Directors,

12

whether by appointment or election, will also receive a one-time initial "Election" option grant to purchase 12,500 shares of common stock under the 2002 Director Option Plan. On December 5, 2002, the Board expanded the Board of Directors from eight members to ten members and appointed David F. Cary and Loretta Cross as directors. On such date, the Board also authorized the issuance of an initial "Election" option grant to purchase 12,500 shares of common stock of NEON to Mr. Cary and Ms. Cross at an exercise price of \$2.50 per share.

Additionally, all non-employee directors serving on the Board of Directors of NEON immediately following any subsequent annual meeting of stockholders after the adoption of the 2002 Director Option Plan who have served as a director of NEON for at least the preceding six months will receive an "Annual" grant of an option to purchase 12,500 shares of common stock under the 2002 Director Option Plan. The Election options granted under the 2002 Director Option Plan vest equally in quarterly increments during the three-year period following the date of grant. The Annual options granted will vest equally in quarterly increments during a two-year period following the date of grant.

All stock options granted pursuant to the Stock Option Plan for Non-Employee Directors are nonqualified stock options and will remain exercisable for a period of ten years from the date of grant or, if sooner, six months after the option holder ceases to be a director of NEON. In the event of a change in control of NEON or certain other significant events, all options outstanding under the Stock Option Plan for Non-Employee Directors would terminate, provided that immediately before the effective date of such transaction each holder of an outstanding option under the Stock Option Plan for Non-Employee Directors would be entitled to purchase the total number of shares of common stock that such option holder would have been entitled to purchase during the entire remaining term of the option.

All stock options granted pursuant to the 2002 Director Option Plan are and will be nonqualified stock options and will remain exercisable for a period of ten years from the date of grant. If a non-employee director's status as a director terminates for any reason (excluding death and disability), then all options held by him or her under the 2002 Director Option Plan will expire three months following the termination. If the non-employee director's status as a director terminates due to death or disability, then all options held by him or her under the 2002 Director Option Plan expire twelve months following

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

the termination. In the event of any proposed dissolution or liquidation of NEON, any unexercised option would terminate immediately prior to the consummation of such proposed action. In the event of our merger or the sale of substantially all of our assets, each option may be assumed or an equivalent option substituted for by the successor corporation. If following such assumption or substitution a non-employee director's status as a director terminates other than by his or her voluntary resignation, the option will become fully vested and exercisable. If the successor corporation does not agree to assume or substitute for the option, each option will become fully vested and exercisable for a period of 30 days from the date our Board of Directors notifies the non-employee director of the option's full exercisability, after which the option will terminate.

COMPENSATION COMMITTEE REPORT

Decisions on compensation of our executive officers generally are made by the four-member Compensation Committee of our Board of Directors. Each member of the current Compensation Committee is a non-employee director. All decisions by the Compensation Committee relating to compensation of our executive officers are reviewed by the Board of Directors. Decisions with respect to awards under certain of NEON's employee benefit plans are made by the Compensation Committee in order for such awards to satisfy applicable legal and regulatory considerations. Set forth below is a report prepared by Messrs. Moores, Noell, van den Berg and Holcomb in their capacity as all of the members of the Compensation Committee addressing our compensation policies for fiscal 2002 as they affected our executive officers.

Compensation Philosophy. In the calendar year 2001, the Compensation Committee's executive compensation policies were designed to provide a conservative base salary complemented with a bonus system to reward those executives with competitive levels of compensation when compared with similar positions at

13

companies similarly situated, thus integrating pay with the Company's annual and long-term performance goals, rewarding above average corporate performance, recognizing individual initiative and achievements, and assisting NEON in attracting and retaining qualified executives. Targeted levels of total executive compensation were generally set at levels that the Compensation Committee believed to be consistent with others in NEON's industry, although actual compensation levels in any particular year may be above or below those of NEON's competitors, depending upon NEON's performance. Effective January 1, 2002, the Compensation Committee and the full Board of Directors approved an executive compensation plan that eliminates performance based cash compensation bonuses in favor of fixed annual salaries.

Grant of Stock Awards. The Compensation Committee endorses the position that stock ownership by management and performance-based compensation arrangements are beneficial in aligning management's and stockholders' interests in the enhancement of stockholder value and helps to attract and retain these persons, and takes this factor into account in designing the compensation packages of the Company's executive officers. Under our 2002 Stock Plan NEON may grant non-qualified stock options, stock purchase rights and incentive stock options to employees of NEON and its subsidiaries. Options are exercisable over a period of time in accordance with the terms of option agreements entered into at the time of the grant. Stock options provide value to the recipients only if and when the market price of NEON's common stock increases above the option grant price. Stock acquired pursuant to a stock purchase right provides value to the recipient if, at the time of its vesting,

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

the market price of NEON's common stock exceeds the recipient's purchase price for the stock.

Base Salary and Incentive Bonus Compensation. In addition to stock-based awards in the form of option grants, in calendar year 2001, there were two components of NEON's non-stock-based compensation program. First, executive officers received an annual base salary, which was believed to be consistent with similar positions at similar companies in the industry. Second, executive officers were eligible to receive an annual bonus comprised of (i) an amount, up to a maximum established amount per year, awarded based upon the executive's meeting and exceeding established performance and other corporate goals set by the Compensation Committee, and/or (ii) an amount equal to a percentage of sales based upon NEON's sales performance. The Compensation Committee believes these principal components of NEON's compensation plan were commensurate with others in the industry. However, effective January 1, 2002, the Compensation Committee and the full Board of Directors approved an executive compensation plan that eliminates performance based cash compensation bonuses in favor of fixed annual salaries.

Fiscal 2002 Chief Executive Officer Compensation. In the fiscal year ended March 31, 2002, the Compensation Committee considered several factors in establishing our Chief Executive Officer's compensation package, including compensation practices in the industry, performance level, contributions toward achievement of strategic goals and NEON's overall financial and operating success. On October 15, 2001, the Board of Directors appointed Louis R. Woodhill as the President and Chief Executive Officer of NEON. Mr. Woodhill served as President and Chief Executive Officer from October 15, 2001 to December 31, 2001 without a compensation package. The Compensation Committee authorized a bonus of \$135,000 based on Mr. Woodhill's achievement of a number of operational improvements resulting in a refocusing of NEON's strategic direction in the quarter ended December 31, 2001. Effective January 1, 2002, the Compensation Committee and the full Board of Directors approved an executive compensation plan setting Mr. Woodhill's annual compensation at a base salary of \$450,000 and authorizing the grant of an option to purchase 400,000 shares under the 1999 Long-Term Incentive Plan. The Compensation Committee has determined that such compensation package is commensurate with the policies set forth above for setting the compensation of our Chief Executive Officer and is believed by the Compensation Committee to be consistent with similar positions at similar companies in the industry.

Limit on the Deductibility of Executive Compensation. In 1993, Congress amended the Internal Revenue Code to add Section 162(m). Section 162(m) of the Internal Revenue Code limits the deductibility of compensation paid to specified executive officers to \$1,000,000 per officer in any one year. Compensation which qualifies as performance based compensation does not have to be taken into account for the purposes of this

14

limitation. The Compensation Committee intends to recommend action in connection with NEON's benefit plans and salary and bonus policies to address this issue if and when circumstances require.

Submitted by the Compensation
Committee,

Messrs. Moores, Noell, van den Berg, and Holcomb served on NEON's Compensation Committee during fiscal 2002 and are continuing to serve on that committee. These individuals currently do not serve as officers or employees of NEON. Mr. Moores served as interim Chief Executive Officer from June 2001 to October 15, 2001 during which time no Compensation Committee meetings were held. Other than Mr. Moores, none of these directors have served as officers or employees of NEON or any of its subsidiaries prior to or while serving on NEON's Compensation Committee. The following sets forth interlocks involving the executive officers and directors of NEON.

NEON interlocks with NEON Enterprise Software, Inc. Mr. Noell and Mr. van den Berg serve as directors of NEON Enterprise Software, Inc., formerly known as Peregrine/Bridge Transfer Corporation. Through his interest in Skunkware, Inc., Mr. Moores beneficially owns approximately 90% of NEON Enterprise Software, Inc. Through their interests in Skunkware, Inc., each of Messrs. Noell, van den Berg and Webb beneficially own approximately 1%, and Mr. Pate beneficially owns less than 1%, of NEON Enterprise Software, Inc. See "Certain Transactions--Peregrine/Bridge Transfer Corporation."

This term sheet reflected a revision by NEON and Scalable Software of NEON's previously announced plan to acquire Scalable Software. In addition, NEON also announced that Louis R. Woodhill, its Chief Executive Officer, and Jim Woodhill had been appointed to the Board of Directors of NEON. On June 26, 2002, NEON entered into an Agreement and Plan of Merger which documented the grant of the two-year option to acquire Scalable Software as outlined therein. MANAGEMENT

Security Ownership of Certain Beneficial Owners and Management

The percentage of shares owned provided in the table is based on 8,739,627 shares outstanding as of December 11, 2002. Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. Except as indicated by footnote, the persons named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. The determination of whether these persons have

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

sole voting and investment power is based on information provided by them. In computing an individual's beneficial ownership, the number of shares of common stock subject to options held by that individual that are exercisable within 60 days of December 11, 2002 are also deemed outstanding. These shares, however, are not deemed outstanding for the purpose of computing the beneficial ownership of any other person.

The following table sets forth certain information regarding beneficial ownership of our common stock as of December 11, 2002 by:

- . each of our directors;
- . Louis R. Woodhill, our President and Chief Executive Officer, and each of the four other most highly compensated individuals who served as our executive officers at fiscal year end;
- . all individuals who serve as directors or executive officers as a group; and

EMPLOYEE STOCK OPTION PLANS

Under the 1993 Stock Plan (1993 Plan) for the officers and employees of NEON, the Board of Directors authorized the grant of non-qualified incentive stock options to purchase up to 2,600,000 shares of NEON's Common Stock. Such options become exercisable either on the date of grant or in such installments as the grant may specify up to 10 years from the date of grant.

In January 1999, NEON adopted the 1999 Long-Term Incentive Plan (1999 Plan) that provides for the grant of incentive stock options and non-qualified stock options to purchase NEON common stock, stock appreciation rights, restricted stock and performance units, to key employees of NEON. NEON reserved 2,000,000 shares of its common stock for issuance under the 1999 Plan. In connection with NEON's adoption of the 1999 Plan, NEON has not made any new grants under the 1993 Plan and options previously issued under the 1993 Plan are exercisable in accordance with their terms.

On January 28, 2002, the Board of Directors adopted the 2002 Stock Plan, and reserved 2,000,000 shares of NEON common stock for issuance under the 2002 Stock Plan plus (a) any shares of NEON common stock that had been reserved but not issued under our 1999 Long-Term Incentive Plan as of the date of stockholder approval of the 2002 Stock Plan, (b) any shares of NEON common stock returned to the 1999 Long-Term Incentive Plan as a result of termination of options or repurchase of shares of NEON common stock issued under the 1999 Long-Term Incentive Plan and (c) annual increases on the first day of each fiscal year, beginning April 1, 2003, equal to the lesser of (i) 750,000 shares of NEON common stock, (ii) 5% of the outstanding shares of NEON common stock on such date or (iii) a lesser amount determined by our Board of Directors. The 2002 Stock Plan replaces the 1999 Long-Term Incentive Plan. At the annual meeting commenced on March 26, 2002 and reconvened on April 5, 2002, the stockholders of NEON approved the 2002 Stock Plan at NEON's Annual Meeting of Stockholders. As of March 31, 2002, no options had been granted pursuant to the 2002 Stock Plan.

In January 1999, NEON adopted the Stock Option Plan for Non-Employee Directors for compensation of its outside directors and reserved 100,000 shares of its common stock for issuance thereunder. Outside directors joining the Board of Directors were to receive options to purchase 7,500 shares of NEON common stock exercisable at the fair market value of the common stock at the close of business on the date immediately preceding the date of grant (the initial outside directors will be eligible for such grants upon their re-election to the Board of Directors). These annual options would vest equally in 33 1/3% increments over the three-year period from the date of grant. All stock options granted pursuant to the Stock Option Plan for Non-Employee Directors were to be nonqualified stock options and remain exercisable for a period of ten years from the date of grant or, if earlier, six months after the option holder ceases to be a director of NEON. In the event of a change in control of NEON or certain other significant events, all options outstanding

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

under the Stock Option Plan for Non-Employee Directors would terminate, provided that immediately before the effective date of such transaction each holder of an outstanding option under the Stock Option Plan for Non-Employee Directors shall be entitled to purchase the total number of shares of common stock that such option holder would have been entitled to purchase during the entire remaining term of the option.

On January 28, 2002, the Board of Directors adopted the 2002 Director Option Plan. The 2002 Director Option Plan is intended to replace the Stock Option Plan for Non-Employee Directors, which the Board of Directors terminated after approval of the 2002 Director Option Plan. The Board of Directors has reserved a maximum of 250,000 shares of NEON common stock for issuance under the 2002 Director Option Plan plus (a) any shares of NEON common stock which had been reserved but not issued under the Stock Option Plan for Non-Employee Directors as of the date of stockholder approval of the 2002 Director Option Plan, (b) any shares of NEON common stock returned to the Stock Option Plan for Non-Employee Directors as a result of termination of options or repurchase of shares issued under the Stock Option Plan for Non-Employee Directors, and (c) annual increases on the first day of each fiscal year, beginning on April 1, 2003, equal to the lesser of (i) 2% of the outstanding shares of NEON common stock on such date or (ii) an amount determined by our Board of Directors. At the annual meeting commenced on March 26, 2002 and reconvened on April 5, 2002, the

18

stockholders of NEON approved the 2002 Director Option Plan at the NEON Annual Meeting of Stockholders. At the conclusion of the April 5th reconvened Annual Meeting, options to purchase 187,500 of the available 305,000 share option pool were issued as initial "Election" options to Non-Employee Directors who had served in any of the previous three fiscal years as previously disclosed in the proxy statement for the fiscal year ended March 31, 2001. On December 5, 2002, the Board authorized the issuance of initial "Election" options to purchase 12,500 shares of NEON common stock to Loretta Cross and David F. Cary upon their appointment to the Board of Directors on such date.

CERTAIN TRANSACTIONS

Members of NEON's Board of Directors and certain executive officers of NEON are shareholders and/or directors in other companies with which NEON has business relationships. Transactions between NEON and these other companies are described below.

Peregrine/Bridge Transfer Corporation

In January 1996, NEON entered into a distribution agreement with Peregrine/Bridge Transfer Corporation ("PBTC"), a database software company whose sole stockholder is an affiliate of John J. Moores, NEON's Chairman of the Board of Directors. The agreement provided that NEON pay royalties to PBTC for the license of products and for maintenance and support and upgrade services equal to 50% of the revenues received by NEON for NEON's distribution of PBTC's only products, its Enterprise Subsystem Management products. In December 1998, NEON amended its distribution agreement with Peregrine/Bridge Transfer Corporation and PBTC granted NEON an exclusive, worldwide license to market and sublicense PBTC's Enterprise Subsystem Management products in exchange for NEON's agreement to extend the term of the agreement through March 31, 2004 and pay PBTC a minimum advance royalty of \$250,000 per quarter during fiscal year 2000, \$500,000 per quarter during fiscal year 2001, \$750,000 per quarter during fiscal year 2002, \$1,000,000 per quarter during fiscal year 2003 and \$1,250,000 per quarter during fiscal year 2004, for an aggregate payment of

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

\$15 million. This advance royalty payment has historically been recorded by NEON as a prepaid expense and offset by 50% of NEON's sales of PBTC products. The amended distribution agreement also provided that PBTC would reimburse NEON for the amount of unearned royalty advances when the agreement terminated in 2004. NEON also had a services agreement with PBTC pursuant to which PBTC reimbursed NEON for PBTC's share of the general and administrative expenses supplied to it by NEON. Such amounts are presented as a reduction of general and administrative expenses in NEON's consolidated financial statements. NEON revised the services agreement with PBTC in October 2001, as a result of which PBTC's monthly payment to NEON declined from \$30,000 per month to \$5,000 per month and NEON's services were reduced.

On June 30, 2002, the balance of the unearned advance payments was \$3.0 million, an increase of \$822,000 from March 31, 2002. Management believed that while the then-current and reasonably foreseeable business prospects for revenue received by NEON from licenses and maintenance for PBTC products was expected to be sufficient to offset the unearned advance payments as of June 30, 2002, these revenues did not appear to be sufficient to meet the aggregate future minimum royalties required to be paid by NEON to PBTC. As a result, the balance of unearned advance payments was projected to increase substantially by the time the distribution agreement was scheduled to terminate on March 31, 2004. On June 30, 2002, PBTC's sole source of income was the royalty payments made by NEON and PBTC had a substantial negative net worth. As a result, NEON's Board had concerns regarding PBTC's ability to repay any unearned advances at the termination of the agreement in 2004.

Therefore, on July 2, 2002, the independent directors of NEON authorized the officers of NEON to review the distributor relationship with PBTC and to negotiate a termination of the distribution agreement. On July 24, 2002, the independent directors of NEON approved a letter of intent with proposed terms for a termination of the distribution agreement, which letter of intent was executed by PBTC and NEON on such date.

19

Pursuant to the provisions of the letter of intent and after the review and approval of the independent directors of NEON and the ratification by the full Board of Directors on August 12, 2002, NEON and PBTC entered into a Termination and Customer Support Agreement dated August 14, 2002 pursuant to which the distribution agreement, the services agreement, and all other agreements between NEON and PBTC were terminated effective as of August 1, 2002.

Upon the closing of the Termination and Customer Support Agreement on August 14, 2002, PBTC's right to receive from NEON, and NEON's corresponding obligation to pay to PBTC, the advance royalty payments described in the distribution agreement terminated. Additionally, NEON's option to purchase PBTC and right of first refusal under the distribution agreement also terminated. The Termination and Customer Support Agreement provides that, in consideration of PBTC's consent to terminate its existing agreements with NEON, NEON paid PBTC a final cash advance of \$2.2 million, which amount will be consolidated with the \$884,028 remaining balance of the outstanding unearned royalty advance under the distribution agreement and the \$500,000 payment with respect to the transfer of rights described above and represented by the consolidated promissory note payable to NEON in the aggregate principal amount of \$3,584,028, bearing no interest to its due date of March 31, 2005. This consolidated promissory note is secured by all of the intellectual property of PBTC. The Termination and Customer Support Agreement also provided that the outstanding unearned royalty advance of approximately \$3,884,028 as of July 31, 2002 was converted into (i) a \$3.0 million dollar convertible promissory note payable to NEON bearing no interest to its due date of March 31, 2005 which

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

promissory note is secured by all of the intellectual property of PBTC and (ii) the remaining balance of \$884,000 was consolidated into a second loan as described above. The \$3.0 million convertible note is convertible by NEON, in its discretion, into equity in PBTC at an agreed pre-cash valuation of \$30.0 million dollars. Such conversion right will expire on the due date of the \$3.0 million convertible note.

Pursuant to the terms of the Termination and Customer Support Agreement and in consideration of NEON's assignment to PBTC of license and maintenance agreements related to the PBTC software products, NEON's grant to PBTC of a license to use the "NEON" trademark in connection with the marketing of the PBTC software products, and NEON's agreement to provide PBTC with certain administrative services, PBTC agreed to pay NEON \$500,000, which amount was consolidated in the promissory note described below.

Pursuant to the Termination and Customer Support Agreement and an assignment executed in connection with the closing of the Termination and Customer Support Agreement and effective as of August 1, 2002, PBTC was assigned all of NEON's rights and obligations under any customer license and maintenance agreements related to the PBTC software products previously marketed by NEON, including customer support obligations. In addition, the terms of the Termination and Customer Support Agreement provide that PBTC offered employment to certain sales and support personnel of NEON that were assigned to market the PBTC software products. The Termination and Customer Support Agreement also contemplated the resignation of Wayne E. Webb Jr. as Senior Vice President and General Counsel of NEON effective as of August 1, 2002 to focus on his role as President and CEO of PBTC.

At the closing of the Termination and Customer Support Agreement, Skunkware, Inc., PBTC's sole stockholder, entered into a Subordination Agreement whereby all of the promissory notes described above from PBTC to NEON were made senior in priority to all other indebtedness from PBTC to Skunkware. Pursuant to the terms of the convertible promissory note and the consolidated promissory note, PBTC has agreed to preserve and maintain the senior status of its indebtedness to NEON and pursuant to the Security Agreement agreed to not issue any additional debt unless such debt does not encumber the PBTC IP.

In further consideration of PBTC entering into the Termination and Customer Support Agreement, NEON agreed to provide PBTC with administrative, accounting and legal services pursuant to the terms of a new services agreement. Such services will be provided by NEON at no cost to PBTC, other than reimbursement of reasonable business expenses, for the twelve-month period beginning August 1, 2002. After the initial twelve-month period of the services agreement, PBTC may elect to receive the services, at its option, for up to an

20

additional twelve months for a fee of \$10,000 per month. At the end of such additional term, or in the event PBTC does not elect to continue receiving the services described above for the additional term, at the end of the initial term, NEON shall have no further obligations under the services agreement.

Additionally, in connection with the closing of the Termination and Customer Support Agreement on August 14, 2002, NEON and PBTC entered into a license and distribution agreement whereby PBTC agreed to market and distribute NEON's 24x7 software product. The NEON 24x7 software product was developed by PBTC as an OEM software product using the Shadow source and object code under a remarketing agreement dated January 25, 2000. This remarketing agreement provided that NEON would distribute the NEON 24x7 software product under the terms of the distributor agreement.

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

Finally, in connection with the closing of the Termination and Customer Support Agreement on August 14, 2002, NEON and PBTC entered into a trademark license agreement granting PBTC a license to use the "NEON(R)" registered trademark in its marketing of NEON 24x7 and the PBTC software products. Under the terms of this agreement, NEON granted PBTC the option to acquire the "NEON(R)" trademarks in the event that NEON discontinues its use of such marks.

NEON incurred royalty expense of \$1.8 million and \$283,000 for the six months ended September 30, 2002 and 2001, respectively, to PBTC. NEON does not expect to recognize any gain or loss in its consolidated financial statements for the three months ended September 30, 2002, as a result of this transaction.

Subsequent to the closing of the Termination and Customer Support Agreement, PBTC changed its company name to NEON Enterprise Software, Inc.

NEON interlocks with NEON Enterprise Software, Inc. John J. Moores, Charles E. Noell, III and Norris van den Berg, directors of NEON, also serve as directors of NEON Enterprise Software, Inc., successor to Peregrine/Bridge Transfer Corporation. Wayne E. Webb, Jr., formerly Senior Vice President and General Counsel of NEON, served as the Vice President and General Counsel of PBTC until February of 2002, when he was appointed its President and CEO. On June 1, 2001, Mr. Webb was appointed President and Chief Executive Officer of NEON Systems, Inc., an office he held until Mr. Louis Woodhill assumed those positions on October 15, 2001. As mentioned above, on August 1, 2002 and in connection with the closing of the Termination and Customer Support Agreement described above, Mr. Webb resigned from his position as Senior Vice President and General Counsel of NEON. Through his interest in Skunkware, Inc., John J. Moores, Chairman of the NEON Board of Directors, beneficially owns approximately 90% of NEON Enterprise Software, Inc. Through their interests in Skunkware, Inc., each of Messrs. Noell, van den Berg and Webb beneficially own approximately 1% of PBTC. Additionally, Messrs. Noell, Moores and van den Berg serve as directors of Skunkware, Inc.

Scalable Software, Inc.

Scalable Software, Inc., a Houston-based provider of software solutions for IT portfolio management, is a company founded by Louis R. Woodhill, NEON's Chief Executive Officer. Several members of NEON's Board of Directors, including Louis R. Woodhill, John J. Moores and Jim Woodhill, have a financial interest in Scalable Software. The percentage beneficial ownership of the NEON directors and executive officers that have a financial interest in Scalable Software is set forth below:

On July 17, 2001, NEON announced that it had entered into a letter of intent to acquire Scalable Software, Inc. Louis R. Woodhill, is also a director, and the President and Chief Executive Officer of Scalable Software. In connection with the letter of intent, NEON and Scalable Software entered into a Promissory Note dated July 17, 2001, which provided bridge financing to Scalable in a maximum amount of \$3.0 million with a maturity date of December 31, 2001, secured by the personal guarantees of John J. Moores, Louis R. Woodhill and Jim Woodhill. On November 13, 2001, the promissory note was amended to increase the maximum lending limit to \$3.5 million with an original maturity date of March 31, 2002, with such increased amount also being guaranteed by Messrs. Moores, Woodhill and Woodhill.

Due to the interests in Scalable Software of several members of NEON's Board of Directors, the Board of Directors concluded that it would be appropriate to create a Special Committee comprised solely of independent directors who had no interest in Scalable Software to review the terms of the proposed acquisition. After thorough consideration and discussion by the Special Committee and its advisors, the Special Committee proposed that the payment of the consideration for the proposed acquisition be structured as an earn out, in which the NEON stock to be used as consideration would be placed in escrow subject to release to the Scalable Software shareholders upon Scalable Software's attainment of specified revenue and profitability goals. This proposal was unacceptable to Scalable Software's management and its Board of Directors and was rejected. The status of the proposed acquisition was then discussed at a special meeting of NEON's Board of Directors in December 2001. After thorough consideration and discussion and upon endorsement by the Special Committee, NEON's Board of Directors approved modifications to the proposed terms and conditions for the acquisition such that the transaction would be structured as an option to acquire Scalable Software as discussed below. In addition, NEON also announced on December 21, 2001, that Louis R. Woodhill, its President and Chief Executive Officer, and Jim Woodhill had been appointed to the Board of Directors of NEON. As of September 30, 2002, there has been no change to the status of the directors and officers of NEON who are listed as shareholders, directors or officers of Scalable Software above.

NEON has obtained a two-year option to acquire Scalable Software as outlined in the Agreement and Plan of Merger dated June 26, 2002. In connection with this Option, NEON agreed to provide bridge financing of up to \$5.5 million, in addition to the \$3.5 million previously loaned to Scalable Software that is secured by personal guarantees from John J. Moores, Louis R. Woodhill and Jim Woodhill. The aggregate financing has a 36-month term and will not bear interest during the term of the two-year option to acquire Scalable Software. After the expiration of the option, the loan will bear interest at the prime rate plus two percentage points. In addition to the personal guarantees of John J. Moores, Louis R. Woodhill and Jim Woodhill for the initial \$3.5 million loaned to Scalable Software, the \$5.5 million loan will be secured by all of the intellectual property rights of Scalable Software. NEON may exercise the option to acquire Scalable Software at any time during the two-year term, subject to provisions that require NEON to exercise its option within a 30-day window under certain circumstances or forfeit the option. If NEON exercises the option and acquires Scalable Software, each of the approximately 19,400,000 outstanding shares of common stock of Scalable Software will be converted into approximately 0.135 of a share of NEON common stock and outstanding options and warrants to purchase approximately 3,000,000 shares of common stock of Scalable Software will become options and warrants to purchase common stock of NEON on the same conversion basis. If Scalable Software incurs more indebtedness for borrowed money or issues more equity, the exchange ratio will be adjusted accordingly. Prior to NEON exercising the option to acquire Scalable Software, a Special Committee would be appointed to review the negotiated terms of the proposed acquisition and NEON would seek to obtain a fairness opinion regarding

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

the transaction from a financial advisory firm. The acquisition of Scalable Software will also require approval of the stockholders of NEON and the NEON Board of Directors.

Scalable Software may exhaust its line of credit from NEON before it is able to generate cash from operations sufficient to sustain its operations. In that event, and if Scalable Software is unable to secure additional financing, it could become the subject of bankruptcy proceedings. If Scalable Software is subject to bankruptcy proceedings, it is possible that the security interests held by NEON in the intellectual property of Scalable Software could be set aside, and NEON could be an unsecured creditor with respect to the \$5.5 million

22

loan. On October 16, 2002, the Board of Directors reviewed the progress of Scalable Software with respect to the timing of its anticipated break-even quarter and determined that Scalable Software may require an additional infusion of approximately \$500,000 in additional capital to meet its projections. In the interest of preserving its investment, the Special Committee approved an increase in the aggregate borrowing limit under the \$5.5 million loan to a aggregate principal amount of \$6.0 million, an increase of \$500,000 in Scalable Software's aggregate borrowing limits under its line of credit with NEON. Such increase will be memorialized in an amendment to the relevant promissory notes and security agreements and will be subject in all respect to the current terms and conditions of the \$5.5 million loan.

As noted above, certain member's of NEON's board of directors and executive officers also serve as directors and executive officers of Scalable Software and claim beneficial ownership of approximately 81% of Scalable's common stock. In addition, NEON has an option to acquire all of the outstanding shares of Scalable Software and is currently providing Scalable's primary financing for its operations. Therefore, NEON recognizes 100% of Scalable Software's losses to the extent of advances made in excess of the guaranteed amount. At September 30, 2002, NEON had made total advances of \$8.3 million to Scalable Software (including \$4.8 million of unguaranteed advances) and recognized cumulative losses of \$4.3 million. Due to the uncertainties regarding NEON's ultimate ability to recover any unguaranteed advances to Scalable Software, NEON has recorded the carrying value of its net advance to Scalable Software at the guaranteed amount of \$3.5 million.

Sheer Genius Software, Inc.

On January 3, 2002, NEON entered into a services agreement with Sheer Genius Software, Inc. of Austin, Texas, a company owned by Jim Woodhill. Also, JMI Services, Inc., a private company owned by John J. Moores, NEON's Chairman, is a creditor of Sheer Genius, holding a promissory note dated August 31, 2001 in the amount of \$200,000. Under the first project description negotiated for such services agreement, Sheer Genius provided development services to NEON on a budgeted time and materials basis and delivered fixed deliverables consisting primarily of developed source code. The term of the initial project description was six months and the maximum aggregate fees were \$480,000. This agreement was extended by the Board for an additional three months with additional maximum aggregate fees of \$300,000. On October 16, 2002, the Board determined that the Services Agreement with Sheer Genius should be extended on a month-to-month basis at \$75,000 per month. While NEON is currently Sheer Genius' sole source of income. Sheer Genius is free to solicit other customers. Under the services agreement, all intellectual property created by Sheer Genius in the course of performing the services shall be owned by NEON. Sheer Genius will receive a license back of such intellectual property for limited use in the development by Sheer Genius of software that does not compete with software distributed by

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

NEON. The Board of Directors reviewed the terms of the services agreement and project description and approved such agreements following disclosure of the interest of its officers and directors associated with Sheer Genius.

Lakeview Advisors Corporation (BVI) Limited

On March 29, 2002, NEON entered into an Asset Purchase Agreement with Lakeview Advisors Corporation (BVI) Limited, an entity formed under the laws of the British Virgin Islands, to acquire all of the assets relating to certain software formerly owned by Socato Ltd for a purchase price of \$600,000 in the form of the promissory note to be paid over the course of 48 months. No payments were due under the promissory note in the fiscal year ended March 31, 2002. This acquisition fulfilled certain requirements required by NEON's offer of employment to Mark Cresswell, NEON's Vice President and General Manager of the Shadow Division, dated October 11, 2001. Mr. Cresswell is a Principal in Lakeview Advisors Corporation (BVI) Limited.

Other Directorships

Members of our Board of Directors also serve as officers or directors of other software or computing companies. NEON and such companies, despite each being software companies, are not sufficiently similar in their operations to be competitors. We do not believe that the concurrent service of our directors as officers and/or directors of the entities listed in their biographical descriptions poses potential conflicts of interest.

The audit committee believes that the provision of the services described under "Financial Information Systems Design and Implementation Fees" and "All Other Fees" was compatible with maintaining KPMG LLP's independence from the Company.

Stockholder Ratification and Board Recommendation

Stockholder ratification of the selection of KPMG LLP as the Company's independent public accountants is not required by the Company's By-Laws or other applicable legal requirement. However, the Board is submitting the selection of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit

Edgar Filing: NEON SYSTEMS INC - Form DEF 14A

committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Adoption of Proposal Two requires approval by the holders of a majority of shares of common stock present in person or represented by proxy, and entitled to vote at the annual meeting. Abstentions may be specified on this proposal to ratify the selection of the independent auditors. Abstentions will be considered present and entitled to vote at the annual meeting. Abstentions will have the effect of a vote against this proposal to ratify the selection of the independent auditors.

YOUR BOARD UNANIMOUSLY RECOMMENDS A VOTE FOR THIS PROPOSAL.
