Notes to Condensed Financial Statements
(Unaudited)

Note 1 - Unaudited interim financial statements:

In the opinion of management, the accompanying unaudited condensed financial statements reflect all adjustments, consisting of normal recurring accruals, necessary to present fairly the financial position of Image Technology Laboratories, Inc. (the "Company") as of June 30, 2001, its results of operations for the six and three months ended June 30, 2001 and 2000, changes in stockholders' equity for the six months ended June 30, 2001 and cash flows for the six months ended June 30, 2001 and 2000 and the related cumulative amounts for the period from January 1, 1998 (date of inception) to June 30, 2001. Certain terms used herein are defined in the audited financial statements of the Company as of December 31, 2000 and for the years ended December 31, 2000 and 1999 and period from January 1, 1998 (date of inception) to December 31, 2000 (the "Audited Financial Statements") included in the Company's Annual Report

Edgar Filing: IMAGE TECHNOLOGY LABORATORIES INC - Form 10QSB

on Form 10-KSB previously filed with the Securities and Exchange Commission (the "SEC"). Pursuant to rules and regulations of the SEC, certain information and disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted from these financial statements unless significant changes have taken place since the end of the most recent fiscal year. Accordingly, the accompanying unaudited condensed financial statements should be read in conjunction with the Audited Financial Statements and the other information included in the Form 10-KSB.

The results of operations for the six and three months ended June 30, 2001 are not necessarily indicative of the results of operations for the full year ending December 31, 2001.

Note 2 - Earnings (loss) per share:

The Company presents basic earnings (loss) per share and, if appropriate, diluted earnings per share in accordance with the provisions of Statement of Financial Accounting Standards No. 128, "Earnings per Share" ("SFAS 128").

The rights of the Company's preferred and common stockholders are substantially equivalent. The Company has included the 1,500,000 preferred shares from the date of their issuance in the weighted average number of shares outstanding in the computation of basic loss per share for the six and three months ended June 30, 2001 and 2000 in accordance with the "two class" method of computing earnings (loss) per share set forth in SFAS 128.

Since the Company had net losses for the six and three months ended June 30, 2001, the assumed effects of the exercise of 3,000,000 options and 3,561,362 and 1,083,062 warrants outstanding at June 30, 2001 and 2000, respectively, would have been anti-dilutive.

Item 2. Management's discussion and Analysis of Financial Condition and Results of operations

OVERVIEW

The following is a discussion of certain factors affecting Image Technology Laboratories, Inc.'s results of operations, liquidity, and capital resources. You should read the following discussion and analysis in conjunction with Image Technology Laboratories, Inc.'s unaudited condensed financial statements and related notes which are included elsewhere in this filing.

Image Technology Laboratories, Inc. was incorporated on December 5, 1997 and commenced operations on January 1, 1998. We are in the process of developing software to manage the entire practice of radiology, including the scheduling of patient examinations, display of images on workstations, generation of worklists for all members of the enterprise, production and distribution of illustrated radiologic reports, and billing for the services provided.

At the heart of the system are software modules referred to as the WorkLoadExecutive and WorkLoadRouter. This software equitably distributes the work to be done, and ensures its timely completion. Images are displayed for the radiologist on a proprietary, multimonitor workstation controlled with a unique touchscreen controller. The combination of the backoffice software and the versatile workstation increase the accuracy and efficiency of diagnosis. Such software is applicable to any setting of a radiology practice, including hospitals and free standing imaging centers.

RESULTS OF OPERATIONS FOR THE SIX AND THREE MONTHS ENDED JUNE 30, 2001 COMPARED TO THE SIX AND THREE MONTHS ENDED JUNE 30, 2000

REVENUES:

As of June 30, 2001, we had not generated any revenues from operations and, accordingly, we were still in the development stage. We do not expect to generate any revenues from our planned operations before the end of the third quarter of 2001.

RESEARCH AND DEVELOPMENT EXPENSES;

During the six and three months ended June 30, 2001, the Company incurred research and development expenses of \$319,908 and \$168,144, respectively, as compared to \$300,000 and \$150,000 in the comparable prior periods. These expenses consisted primarily of compensation to the Company's three founders under their employment contracts. In addition, \$75,000 and \$37,500 of these expenses in both the six and three month period ending June 30, 2001 and 2000, were attributable to compensation associated with the issuance of

Edgar Filing: IMAGE TECHNOLOGY LABORATORIES INC - Form 10QSB

the shares of preferred stock to the founders, a non-cash charge.

GENERAL AND ADMINISTRATIVE EXPENSES:

During the Six months ended June 30, 2001, General and Administrative Expenses was approximately \$94,000 as compared to \$97,000 during the six months ended June 30, 2000. Although the General and Administrative expenses are comparable for the periods, the Company's spending has increased while it is building its infrastructure. During the first quarter of 2000, the Company incurred a \$75,000 charge for legal services, which was associated with the issuance of common stock for services, a non-cash charge.

During the Three months ended June 30, 2001, General and Administrative Expenses increased by approximately \$57,000 to approximately \$73,000 from approximately \$16,000 for the three months ended June 30, 2000. The increase was primarily associated with approximately \$38,000 more in professional fees being incurred and as well as \$29,000 in compensation during the three months ended June 30, 2001 as compared to the three months ended June 30, 2000.

NET LOSS:

As a result of the aforementioned, the Company incurred a loss of approximately \$414,000 (\$.03 per share) and approximately \$241,000 (\$.02 per share) for the six and three months ended June 30, 2001, respectively, as compared to approximately \$397,000 (\$.04 per share) and approximately \$166,000 for the six and three months ended June 30, 2000. The loss was based on the basic weighted average shares outstanding of 12,450,823 and 12,471,774 for the six and three months ended June 30, 2001, respectively, as compared to 9,522,816 and 9,838,750 for the comparable prior period.

CAUTIONARY STATEMENT FOR THE PURPOSES OF THE SAFE HARBOR PROVISIONS OF THE PRIVATE SECURITIES REFORM ACT OF 1995

The statements contained in the section captioned Management's Discussion and Analysis of Financial Condition and Results of Operations which are not historical are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements represent the Company's present expectations or beliefs concerning future events. The Company cautions that such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance, or achievements expressed or implied by such forward-looking statements. Such factors include, among other things, the uncertainty as to the Company's future profitability, the uncertainty as to the demand for the Internet virtual communities; increasing competition; the ability to hire, train, and retain sufficient qualified personnel; the ability to obtain financing on acceptable terms to finance the Company's growth.
