### THE LEATHER FACTORY REPORTS 2ND QUARTER 2004 RESULTS

FORT WORTH, TEXAS - The Leather Factory, Inc. (AMEX: TLF) today reported financial results for the second quarter of 2004. Consolidated net income for the quarter ended June 30, 2004 was \$516,000 compared to consolidated net income of \$778,000 for the second quarter of 2003. Fully diluted earnings per share for the quarter was \$0.05, compared to \$0.07 in the second quarter of last year. Total sales for the quarter ended June 30, 2004 increased 4.8% to \$10.9 million from \$10.5 million for the same quarter last year.

Consolidated sales for the six months ended June 30, 2004 were \$23.1 million, an increase of 10% over 2003 first half total sales of \$21.0 million. Consolidated net income for the first half of 2004 was \$1.5 million or \$0.14 per fully-diluted share versus \$1.6 million or \$0.14 per fully-diluted share in the comparable period last year.

Sales at our Tandy Leather subsidiary increased \$860,000 in the second quarter, a 40% improvement over last year's second quarter. Thirty-two stores comprised the Tandy Leather's retail operations on June 30, 2004, compared to twenty-two retail stores a year ago. Three stores were added in the second quarter of 2004 bringing the total number of new stores added in 2004 to six as of the end of the quarter. For the first six months of 2004, Tandy Leather sales increased \$2.2 million, or 54%, over the first six months of 2003. Second quarter sales for the Leather Factory wholesale centers decreased \$378,000 over the same quarter last year, a 4.8% decline. The sales decrease is due to a reduction in sales to our national account customers of \$648,000 that was partially offset by sales gains to our other customer groups of \$270,000. For the first six months of 2004, Leather Factory's sales were down \$136,000 over the same period in 2003.

Consolidated gross profit margin for the current quarter was 54.6%, a slight decline from 54.7% for the second quarter of 2003. For the first two quarters, consolidated gross profit margin for the current year was 54.9%, an improvement over last year's gross profit margin at this point of 54.1%. Consolidated operating expenses rose \$560,000 in the current quarter and \$1.3 million for the first six months over the same periods a year ago. Costs associated with the new Tandy Leather stores (personnel, rents, utilities, etc.), marketing and advertising costs, and rising health insurance costs account for the majority of the increase.

Wray Thompson, Chairman and Chief Executive Officer, commented, "Our second quarter story is one of positives and negatives. The Leather Factory wholesale centers performed well, generating a 4.5% and 5.6% sales gain for the quarter and the year, respectively. However, that success was more than offset by the poor performance of our national account group. Overall, we're pleased with the performance of the Tandy stores as we've opened or acquired ten new Tandy stores so far this year and expect to open two more in the third quarter. Our cost management initiatives are working as many expenses showed decreases from last year. Unfortunately, this progress was masked by increases in a few expenses such as employee health insurance costs and reserves for uncollectible customer accounts. Overall, we have made good progress in the first half of 2004, and we believe we are still on track to meet our guidance for the year."
