Item 1.01 Entry into a Material Definitive Agreement.

On August 24, 2018, Century Resorts Alberta Inc. (“CRA”), Century Casino St. Albert Inc. (“CSA”) and Century Mile Inc. (“CMI”), which are wholly-owned subsidiaries of Century Casinos, Inc. (the “Company”), entered into the Third Amended and Restated Credit Agreement (the “BMO Credit Agreement”) dated as of June 30, 2018, as borrowers, with the Bank of Montreal (“BMO”), as lender. The BMO Credit Agreement amends and restates the Second Amended and Restated Credit Agreement, dated September 30, 2016, among CRA, Century Casino Calgary Inc., CSA and BMO.

The BMO Credit Agreement was amended primarily to include an additional credit facility of up to CAD 33.0 million, Credit Facility F, to provide additional financing for the construction and development of a horse racing facility in the Edmonton market area, which the Company is planning to operate as Century Mile Racetrack and Casino (“CMR”). CMR will be a one-mile horse racetrack and a multi-level REC. The project is located on Edmonton International Airport land close to the city of Leduc, south of Edmonton. The Company began construction of the CMR project in July 2017 and estimates that it will be completed in March 2019. Advances for funding the CMR project can be borrowed through the BMO Credit Agreement until the earliest of (i) the date on which demand for payment is made by BMO; (ii) August 24, 2019; (iii) the Project Construction Completion Date, as defined in the BMO Credit Agreement; or (iv) the occurrence of event of default, as defined in the BMO Credit Agreement (each, a “Facility Termination Date”). On the Facility Termination Date, the funds will be converted into Credit Facility G, a committed, reducing term credit facility with a term of five years. The BMO Credit Agreement is guaranteed by the Company. Subject to the terms of the BMO Credit Agreement, the Company may choose to reduce the balances outstanding under Credit Facility A, Credit Facility B, Credit Facility C, Credit Facility D, Credit Facility G and Credit Facility H, each as described below, by prepaying the loans in advance without penalty.

The BMO Credit Agreement consists of the following credit facilities. References to “CAD” are to the Canadian dollar.

1. Credit Facility A is a CAD 1.1 million revolving credit facility, which may be used for general corporate purposes, including for the payment of costs related to the BMO Credit Agreement, ongoing working capital requirements and operating regulatory requirements. As of August 24, 2018, the Company had CAD 1.1 million available for borrowing under Credit Facility A.
2. Credit Facility B is an approximately CAD 15.6 million committed, non-revolving, reducing standby facility, which was used for the construction and development of the Century Downs Racetrack and Casino (“CDR”) project, repayment of a mortgage loan related to CRA, other investments and for working capital and general corporate purposes. Once the principal amount of an advance under Credit Facility B has been repaid, it cannot be re-borrowed. As of August 24, 2018, the Company had no additional available borrowings under Credit Facility B.
3. Credit Facility C is a CAD 11.0 million revolving credit facility, which may be used as additional financing for the construction and development of CDR. The Company may re-borrow the principal amount within the limits described in the BMO Credit Agreement for Capital Expenditures or Permitted Investments, each as defined in the BMO Credit Agreement. As of August 24, 2018, the Company had CAD 5.6 million that remained available for borrowing under Credit Facility C.
4. Credit Facility D is an approximately CAD 26.3 million committed, reducing term credit facility to finance the Company’s acquisition of CSA in September 2016. Once the principal amount of an advance under Credit Facility

D has been repaid, it cannot be re-borrowed. As of August 24, 2018, the Company had no additional available borrowings under Credit Facility D.

5. Credit Facility E is a CAD 3.0 million treasury risk management facility. The Company may use this facility to hedge interest rate risk or currency exchange rate risk. Credit Facility E has a term of five years.
 6. Credit Facility F is a CAD 33.0 million demand, non-revolving, construction credit facility for use for the construction and development of the CMR project. Upon the maturity of Credit Facility F on the Facility Termination Date, the principal balance will be converted to Credit Facility G. Once funds are advanced from Credit Facility F, they cannot be re-borrowed.
-

7. Credit Facility G is a committed, non-revolving, term credit facility. The Company cannot re-borrow funds that have been repaid under Credit Facility G.
8. Credit Facility H is a CAD 3.0 million equipment leasing credit facility for use for the CMR project pursuant to the Interim Funding Agreement and Master Lease Agreement described in the BMO Credit Agreement. The Company may re-borrow the principal amount within the limits described in the BMO Credit Agreement pursuant to the Interim Funding Agreement and Master Lease Agreement.
