Note 1. BASIS OF PRESENTATION

In the opinion of management, the accompanying unaudited consolidated condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the Company's financial position as of June 30, 2001 and the results of its operations and cash flows for the three and six months ended June 30, 2001 have been made. Operating results for the six months ended June 30, 2001 are not necessarily indicative of the results that may be expected for the year ended December 31, 2001.

These condensed financial statements should be read in conjunction with the financial statements and notes thereto contained in the Company's Form 10-KSB for the year ended December 31, 2000.

ITEM 2. PLAN OF OPERATION

Edgar Filing: ARMITEC INC - Form 10QSB/A

The Company's operations since inception have been limited due to its inability to obtain financing on the net assets it was to liquidate of an established local uniform company pursuant to a management contract previously entered into. The Company is financially dependent on its principal shareholder, who has financed the majority of its cash flows to date. Management of the Company believes that the Company will be successful in selling its outstanding stock subscriptions, thereby raising sufficient capital to pursue its business plan.
