CryptoLogic subsidiary secures exclusive Bejeweled license

E-gaming software leader to bring slot-version of popular game to the Internet for the first time

May 9, 2005 (Toronto, ON) CryptoLogic Inc., a leading software developer to the global Internet gaming market, announced today that its subsidiary, WagerLogic Limited, has signed an exclusive five-year agreement for the Internet rights to the slot version of Bejeweled – a wildly popular game with online players. WagerLogic will be the first and only gaming provider to bring a play-for-real, 10-line slot variation of this globally renowned, fast-paced gem-matching game to the Internet as part of a new version of its casino software targeted for release this autumn.

Bejeweled is loved by players worldwide – and now it’s one of the many gems in CryptoLogic’s growing suite of exciting online casino games, said Lewis Rose, CryptoLogic’s President and CEO. As the first and only gaming developer to offer this exceptionally popular game in a play-for-real, slot version for the Internet, CryptoLogic is again providing our customers with market-tested products that deliver great entertainment to their players.

Bejeweled, called “the best puzzle game since Tetris,” is the creation and flagship product of PopCap Games. According to the company, more than 50 million people have played Bejeweled since it was released in 2000, and it has sold over a million units across multiple channels, while garnering multiple Game of the Year and Hall of Fame awards. Bejeweled continues to be one of the most popular titles on AOL, MSN, and
