COMPENSATION COMMITTEE REPORT

In the fourth quarter of 2002, a Compensation Committee was established consisting solely of outside Directors. The full Board of Directors of the Company review and approve this Committee's recommendations.

The goal of this Committee is to more closely align performance with compensation. Recognizing that recruiting, retaining and rewarding top talent is essential to the ultimate success of the Institution, the Committee is working on designing an incentive program that incorporates bank wide, departmental and individual goals and objectives.

A rigorous budget process setting clearly defined targets for bank wide performance and return for shareholder equity was the first task of the Committee. In addition, goals were established for 2003 for company wide, departmental and individual performance with methodology pre-determined for base salary increases and annual incentives in the form of a cash bonus (short term incentives). Developing appropriate long term incentives for key executive officers is the task before the Committee for 2003.

In 2002, the Company retained a compensation consulting firm to: aid in the architecture of this plan; to help establish clearly defined goals; to perform peer group analysis on different forms of compensation to ensure that Salisbury Bank remains competitive; and, to make clear to the Committee the myriad of long term incentives that are available in our peer group market place.

In establishing levels of remuneration, the compensation committee takes into consideration an individual's performance, level of expertise, responsibilities, length of service to the Company and comparable levels of remuneration paid to executives of other companies of comparable size and development within the industry. The individual interested executive does not participate in the review, discussion or decisions of the compensation committee regarding this remuneration.

Pension benefits are based upon average salary (determined as of each January 1st) during the highest five (5) consecutive years of services prior to attaining normal retirement age. The amount of the annual benefit is 2% of Average Salary offset by .65% of Social Security wage base as provided under the 1994 Act per year of service (to a maximum of 25 years) plus one-half of 1% of Average Salary for each year of service over 25 years (to a maximum of ten years). This benefit formula may be modified to conform with changes in the pension laws.

The present average salary (using last five years of salary only) and years of service to date of Messrs. Perotti, Cantele, Clinton and Ms. Johnstone are: Mr. Perotti: \$190,900 with; 30 years of service; Mr. Cantele: \$100,642 with; 21 years of service; Mr. Clinton: \$81,550 with; 16 years of service; and Ms. Johnstone: \$85,385 with; 15 years of service. The above table shows estimated annual retirement benefits payable at normal retirement date as a straight life annuity for various average salary and service categories. The offset of social security was included in the table based on a participant being 65 years of age in 2002.

SUPPLEMENTAL RETIREMENT ARRANGEMENT

Edgar Filing: SALISBURY BANCORP INC - Form DEF 14A

In 1994, the Bank entered into a supplemental retirement arrangement (the "Supplemental Retirement Agreement") with John F. Perotti. Following disability or retirement at the earlier of the age of 65, or after thirty (30) years of service to the Bank, Mr. Perotti will receive monthly payments of \$1,250 (adjusted annually to reflect the lesser of a five percent (5%) increase or "The Monthly Consumer Price Index for All Urban Consumers, United States City Average, All Items" published by the Bureau of Labor Statistics) for a period of ten (10) years. These payments are in addition to any payments under the Bank's retirement plan. The Supplemental Retirement Agreement includes provisions which would prevent Mr. Perotti from working for a competitor in the proximity of the Bank.

12

DIRECTORS STOCK RETAINER PLAN

The shareholders of the Company voted to approve the "Directors Stock Retainer Plan of Salisbury Bancorp, Inc." (the "Plan") at the 2001 Annual Meeting of Shareholders. The Plan provides non-employee directors of the Company with shares of restricted stock of the Company as a component of their compensation for services as non-employee directors. The maximum number of shares of stock that may be issued pursuant to the Plan shall not exceed 15,000. The first grant date under the plan was April 26, 2002. The "annual stock retainer" consisted of 120 shares of restricted common stock for each non-employee director who served for twelve months and a prorated number of shares to reflect the number of months served for any new non-employee director. The total number of restricted shares issued was 880. The next grant date under this plan will immediately precede the 2003 Annual Meeting of Shareholders.

CHANGE IN CONTROL AGREEMENTS

The Bank entered into change in control agreements in 2001 with the following Executive Officers of the Bank: John F. Perotti, Richard J. Cantele, Jr., John F. Foley, Todd M. Clinton and Diane E. R. Johnstone. The agreements provide that if following a "change-in-control" of the Company or Bank, an Executive Officer is terminated under certain defined circumstances, or is reassigned, within a period of twelve (12) months following the change in control, such Executive Officer will be entitled to a lump sum payment equal to his or her annual compensation based upon the most recent aggregate base salary paid to the Executive Officer in the twelve (12) month period immediately preceding the date of change in control. In no event shall such payments be made in an amount which would cause them to be deemed non-deductible to the Bank by reason of the operation of Section 280G of the Internal Revenue Code.

401(K) PLAN

The Bank offers a 401(k) profit sharing plan. This plan began in the year 2000. Each Plan Year, the Bank will announce the amount of the matching contributions, if any. The amount of the matching contributions is directly related to the employees' 401(k) salary deferral contribution. For the Plan Year that began January 1, 2002, all eligible participants received a matching contribution equal to fifty percent (50%) of their 401(k) salary deferral contribution to the Plan; however, it is limited to two percent (2%) of the plan compensation not to exceed \$4,000.
