Middlesex Water Company Postpones Common Stock Offering

Iselin, NJ - February 10, 2004 - Middlesex Water Company (NASDAQ:MSEX) today announced that it has decided to delay its proposed offering of 700,000 shares of common stock to allow for the filing of its 2003 Annual Report on Form 10-K with the Securities and Exchange Commission (SEC). The Company expects to file its 2003 Form 10-K in early March 2004. The Form 10-K will contain the Company's results of operations for the full year of 2003, which the Company previously announced on February 3, 2004. In addition, there will be a reclassification on the balance sheet for December 31, 2002 to show proceeds from bond offerings used to fund qualified construction projects as non-current assets rather than current assets, as was previously reported in the Company's 2002 Form 10-K. This reclassification will not have an impact on net income or earnings applicable to common stock.

The Company expects the offering to resume in mid-March following the filing of the Form 10-K.

Middlesex Water Company, (NASDAQ:MSEX), organized in 1897, is an investor-owned water utility and is engaged in the business of supplying water for domestic, commercial, industrial and fire protection purposes.

A registration statement relating to the Company's common stock has been filed with the Securities and Exchange Commission but has not yet become effective. These securities may not be sold, nor may offers to buy be accepted, prior to the time the registration statement becomes effective. This press release shall not constitute an offer to sell or the solicitation of an offer to
