Benefits are calculated, at normal retirement, at 1.25% of pay up to the employee's benefit integration level, plus 1.9% of such excess pay, multiplied by service to normal retirement date, capped at 35 years of such excess pay, multiplied by service to normal retirement date of age 65. Average pay is the highest annual average of total pay during any 5 consecutive years within the 10 calendar-year period prior to normal retirement date. The benefit integration level is based on the 2004 Summary Compensation Table. The benefit amounts are not subject to any deduction for Social Security benefits or other offset amounts.

During the year 2004, the Company was required to make a statutory contribution to the Qualified Plan in the amount of \$0.5 million. All assets of the Qualified Plan are held in a trust.

The estimated credited years of service based on normal retirement at age 65 includes 22 years, 19 years, 33 years, 19 years, 18 years and 32 years for Messrs. Sullivan, Doll, O'Connor, Williams, Esposito and Risoldi, respectively.

Supplemental Executive Retirement Plan - The Named Executive Officers and other executive officers are eligible to participate in the deferred compensation plan known as the Supplemental Executive Retirement Plan (Executive Plan) at the discretion of the Board of Directors.

A participant who retires on his normal retirement date is entitled to an annual retirement benefit equal to 75% of his compensation (and in the case of two participants, 50% of his compensation) reduced by his primary Social Security benefit and further reduced by any benefit payable from the Qualified Plan. In certain cases further reductions are made for benefits from other employment. Generally, a participant is vested at 10 years of service. Annual retirement benefits are payable for 15 years either to the participant or his beneficiary. Retirement benefits may be in the form of single life annuity, joint and 50% survivors annuity, joint and 100% survivors annuity, single life annuity with a 10-year certain period and single life annuity with a 15-year certain period paid on an actuarial equivalent basis.

The Company is not obligated to set aside or earmark any monies or other assets specifically for the purpose of funding the Executive Plan, except that upon a change of control the Company would be obligated to make contributions to a trust anticipated to be sufficient to meet its obligations under the Executive Plan. In any event, the benefits are in the form of an unfunded obligation of the Company. The Company has elected to purchase corporate-owned life insurance as a means of satisfying its obligation under the Executive Plan. The Company

Edgar Filing: MIDDLESEX WATER CO - Form DEF 14A

reserves the right to terminate any plan or life insurance at any time; however, a participant is entitled to any benefits he would have been entitled to under the Executive Plan provisions. For the year 2004 the Company paid life insurance premiums totaling \$0.1 million for the Named Executive Officers, which provides a pre-retirement net death benefit of 1-1/2 times base salary at date of death.

10

Defined Contribution Plan - Under its 401(k) Plan, the Company matches 100% of that portion of the employee contribution that does not exceed 1% of base pay, plus an additional 50% of that portion from 2% to 6% of base pay. Distributions under the 401(k) Plan are made upon normal retirement, total and permanent disability or death and are subject to certain vesting provisions as to Company contributions.

Change of Control Agreements - The Company has change of control termination agreements with the named executive officers and other executive officers. These agreements generally provide that if the executive is terminated by the Company, other than for death, disability, cause (as defined in the agreement) or good reason (as defined in the agreement) within three years after a change of control, the executive is entitled to receive (a) a lump sum severance payment equal to the sum of three times the executive's average total compensation for the five years prior to the termination; (b) continued coverage for three years under any health or welfare plan in which the executive and the executive's dependents were participating; and (c) an additional amount sufficient to pay any additional tax liability resulting from the severance payments and benefits under this, and any other plans or agreements. In addition, the executive will be entitled to receive benefits under the Executive Plan, at the executive's otherwise normal retirement date, with such benefits calculated as if the executive had continued employment to age 65, unless the executive elects to receive such benefits at a lesser amount at termination. Further, all restricted stock held by the executive will become unrestricted (with respect to the plan's five year holding period) upon a change of control.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The members of the 2004 Compensation Committee were Annette Catino, John R. Middleton, M.D., Stephen H. Mundy and Jeffries Shein. During 2004, no member of the Compensation Committee was an officer or employee of the Company or a subsidiary.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview

The Compensation Committee of the Board of Directors administers the compensation program for executive officers of the Company. The Committee for the year 2004 was composed of four independent Directors: Annette Catino (appointed in September 2004), John R. Middleton, M.D., Stephen H. Mundy and Jeffries Shein. Mr. Mundy retired from the Board of Directors effective January 25, 2005. Mr. Shein currently serves as Chairman of this Committee. The Committee is responsible for setting and administering the policies that govern annual compensation and Restricted Stock awards. The full Board of Directors approves policies and plans developed by the Committee. The Board of Directors has adopted a written Charter for the Compensation Committee, which is available on the Company's website at www.middlesexwater.com.

The Committee's compensation policies and plans applicable to the executive officers seek to enhance the profitability of the Company and shareholder value,

Edgar Filing: MIDDLESEX WATER CO - Form DEF 14A

as well as to control costs and maintain reasonable rates for the customers. The Committee's practices reflect policies that compensation should (1) attract and retain well-qualified executives, (2) support short and long-term goals and objectives of the Company, (3) reward individuals for superior contributions to the Company's success, (4) be meaningfully related to the value created for shareholders, and (5) relate to maintenance of good customer relations and reasonable rates.

The Committee meets with the Chief Executive Officer to evaluate the performance of the other executive officers and meets in the absence of the Chief Executive Officer to evaluate his performance. The Committee reports on all executive evaluations to the full Board of Directors.

Salary Compensation

Base salary levels are reviewed annually using compensation data produced by an independent compensation consultant for comparable companies and similar positions. Base salaries for satisfactory performance are targeted at the median of the competitive market. Individual performance of the executive is assessed and taken into account when setting salaries against the competitive market data. The Committee reviews, as well, the individual's efforts at cost control and his or her

11

contributions to the results of the year. The Committee also reviews the Company's financial results compared with prior years and compared with other companies. It compares salaries with both water utility companies and general industry.

The factors and criteria upon which the Chief Executive Officer's compensation was based generally include those discussed with respect to all the executive officers. Specifically, however, his salary is based on his overall performance and that of the Company. His salary was set based on the Board's assessment of his individual performance as well as time in the position and the competitive rates of pay among comparably sized utilities and general industry firms. In addition, in evaluating the performance of the Chief Executive Officer, the Committee has taken particular note of management's success with respect to the continuing growth of the Company.

Restricted Stock

The Company maintains a Restricted Stock Plan for the purpose of attracting and retaining key executives and other employees having managerial or supervisory responsibility who have contributed, or are likely to contribute, significantly to the long-term performance and growth of the Company and its subsidiaries. This plan is designed to enhance financial performance, customer service and corporate efficiency through a performance-based stock award. Annual stock awards are based upon several factors including the participant's ability to contribute to the overall success of the Company.

The level of awards and the value of the performance are reviewed annually by the Committee. The Committee submits reports on all executive evaluations and restricted stock awards to the full Board of Directors for approval.

AUDIT COMMITTEE REPORT

Edgar Filing: MIDDLESEX WATER CO - Form DEF 14A

The Audit Committee of the Board of Directors is composed of four independent directors, one of whom is designated by the Board as the "Audit Committee Financial Expert," as defined by the Securities and Exchange Commission. The Committee for the year 2004 was composed of: Annette Catino, John C. Cutting, John R. Middleton, M.D. and John P. Mulkerin. The Audit Committee operates under a written Charter adopted by the Board of Directors and reviewed annually by the Committee. The Board of Directors has adopted a written Charter for the Audit Committee, which is available on the Company's website at www.middlesexwater.com.

Management is responsible for the Company's financial statements and internal controls. The independent accountants of Middlesex Water, Deloitte & Touche LLP, are responsible for performing an independent audit of the Company's annual consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Committee's responsibility is to oversee the quality and integrity of the Company's accounting, auditing and financial reporting practices.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated audited financial statements with management and the independent accountants. The Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees), which includes, among other things:

- o Changes in significant accounting policies;
- o The process used by management in formulating accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of these estimates;
- o Any disagreements, if any, with management over the application of accounting principles;
- o Audit adjustments; and
- o Disclosures in the financial statements.

12

The independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants the firm's independence with respect to Middlesex Water and its management. The Committee has the sole authority to preapprove permitted non-audit services performed by the independent accountants and has considered whether the independent accountants' provision of non-audit services to the Company is compatible with maintaining their independence.

Based on the Committee's discussions with management and the independent accountants, the Committee's review of the audited financial statements, the representations of management regarding the audited financial statements and the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2004, for filing with the Securities and Exchange Commission.

The Committee also discussed with senior management the process used for the establishment and maintenance of disclosure controls and procedures in quarterly and annual reports which is required by the Securities and Exchange

Edgar Filing: MIDDLESEX WATER CO - Form DEF 14A

Commission (SEC) and the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the SEC. In that connection, the Committee noted that in April 2004, the Company filed an amended 2003 Form 10-K with the SEC to reflect restated financial results. Separately, the Company also filed an amended Form 10-Q for each of the first, second and third quarters of 2003 reflecting reclassifications regarding Restricted Cash. The changes made in the 2003 Form 10-K/A and the reclassifications made in the 2003 Form 10-QA's and the 2003 Form 10-K did not affect the Company's total assets, net income, earnings applicable to common stock, cash flows from operations or liquidity.

The Committee met privately with the independent auditors who have unrestricted access to the Audit Committee.

Each shall be an independent Director of the Company as defined by applicable laws, regulations and listing requirements and as summarized herein. In any instance where this summary is inconsistent with applicable laws, regulations or listing requirements, the laws, regulations or listing requirements shall control. To be considered independent, a member of the Committee must not, other than in his or her capacity as a member of the Committee, the Board, or any other Board committee, accept any consulting advisory fee or other compensation from the Company, nor may a Family Member of a member (as that term is defined by applicable NASDAQ listing standards) accept any such fee or other compensation. Further, a member of the Committee must not, other than in his or her capacity as a member of the Committee, the Board, or any other Board committee, be affiliated with the Company or any of its subsidiaries (except as a Director of the Company and/or its subsidiaries) including, but not limited to, affiliation with any entity controlling, controlled by or under common control with the Company. Additionally, at least one (1) member of the Committee must either fall within the definition of "Audit Committee Financial Expert," as that term is defined by the Securities and Exchange Commission ("SEC"), or, be capable of serving the functions expected of such an audit committee expert, as determined by the Board within its business judgment. In determining a member's financial expertise, the Board may consider one's past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background resulting in the member's financial sophistication. The Board may also take into consideration a member's status as, or having been, a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

The Board must determine annually that the Committee members are able to read and understand fundamental financial statements as explained in this Charter. The duties and responsibilities of a member of the Committee are in addition to those duties set out for a member of the Board.
