SUMMIT PROPERTIES INC.
 NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

Unless the context otherwise requires, all references to "we," "our" or "us" in this report refer collectively to Summit Properties Inc., a Maryland corporation ("Summit"), and its subsidiaries, including Summit Properties Partnership, L.P., a Delaware limited partnership (the "Operating Partnership"), considered as a single enterprise. Summit is the sole general partner of the Operating Partnership.

1. Basis of Presentation

We conduct substantially all of our business through the Operating Partnership. Summit is the sole general partner and majority owner of the Operating Partnership. We focus on the development, acquisition and operation of luxury apartment communities throughout the Southeast and Mid-Atlantic states and have chosen to focus our current efforts in five markets consisting of Atlanta, Charlotte, Raleigh, Southeast Florida and Washington, D.C.

We have prepared the accompanying unaudited consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and in conformity with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by GAAP for complete financial statements. We have included all material adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation. The

results of operations for the three months ended March 31, 2004 are not necessarily indicative of the results that may be expected for the full year. You should read our December 31, 2003 audited financial statements and notes included in our Annual Report on Form 10-K in conjunction with these interim statements. Certain reclassifications have been made to the 2003 financial statements to conform to the 2004 presentation.

Per Share Data - Basic earnings per share are computed based upon the weighted average number of shares outstanding during the respective period. The difference between "basic" and "diluted" weighted average shares is the dilutive effect of our stock-based compensation outstanding. The number of shares added to weighted average shares outstanding for the diluted calculation was 216,527 for the three months ended March 31, 2004. Due to the loss from continuing operations for the three months ended March 31, 2003, we have excluded the effect of our stock-based compensation outstanding for that period. Dilution caused by these options had no effect on net income per share for the three months ended March 31, 2004.

Stock-Based Compensation - We have a Stock Option and Incentive Plan (the "Option and Incentive Plan") and an Employee Stock Purchase Plan ("ESPP"). Effective January 1, 2003, we adopted the fair value recognition provisions of Statement of Financial Accounting Standards ("SFAS") No. 123, "Accounting for Stock-Based Compensation," prospectively to all stock options granted, modified, or settled after January 1, 2003 as allowed by SFAS No. 148, "Accounting for Stock-Based Compensation Transition and Disclosure."

Business Segments - We develop, acquire, and operate primarily luxury apartment communities. Due to the similarities of our communities and their similar economic characteristics as exhibited through similar long-term financial performance, our communities have been aggregated into one reportable segment as allowed by SFAS No. 131, "Disclosures about Segments of an Enterprise and Related Information."

7

Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Real Estate Joint Ventures

We own a 25% equity interest in a joint venture named Station Hill, LLC ("Station Hill"), in which we and Hollow Creek, LLC, a subsidiary of a major financial services company, are members. We are entitled to 25% of the joint venture's cash flow based on our equity interest. If certain benchmarks are achieved in the future, we would be entitled to a preferred return in excess of 25% of the cash flow. The operating agreement of the joint venture provides that we will be entitled to 25% of the net proceeds upon liquidation of Station Hill, although our interest in the residual value of the joint venture could increase above or decrease below 25%. Our interest in the residual value of the joint venture could decrease below 25% only if we receive more than 25% of cash flow at any time prior to liquidation. Any such decrease would be limited to the extent of cash flow in excess of 25%. Station Hill currently owns four communities and is accounted for on the equity method of accounting and, therefore, our 25% equity interest is presented in "Loss on unconsolidated real estate joint ventures" in our consolidated statements of earnings.

The following are condensed balance sheets as of March 31, 2004 and December 31, 2003 and condensed statements of earnings for the three months ended March 31, 2004 and 2003 for Station Hill (in thousands). The balance sheets and statements of earnings set forth below reflect the financial position and operations of Station Hill in its entirety, not just our interest in the joint venture .

	Balance Sheets	
	March 31, 2004	December 31, 2003
Real estate assets, net	\$ 69,177	\$ 69,795

Partners' capital	12,010	12,383
Total liabilities and partners' capital	\$ 70,483	\$ 70,797
	Statements of Earnings	
	Three Months Ended March 31,	
	2004	2003
Revenues	\$ 2,298	\$ 2,369
Expenses:		
Property operating	939	953
Depreciation and amortization	765	765
Interest	967	981
Total expenses	2,671	2,699
Net loss	\$ (373)	\$ (330)

Prior to July 3, 2003, we owned a 29.78% interest in a joint venture named SZF, LLC, which owns substantially all of the interests in Coral Way, LLC, a limited liability company that is developing, through a third-party contractor, an apartment community in Miami, Florida. On July 3, 2003, we purchased our joint venture partner's 70.22% interest in SZF, LLC for \$10.0 million in cash. The community will consist of 323 apartment homes and approximately 17,500 square feet of office/retail space. The limited liability company also owns an adjacent piece of land. The construction costs are being funded through the equity that the joint venture contributed to the limited liability company and by a loan to that company from an unrelated third party. We repaid the construction loan on January 30, 2004. As a result of construction costs exceeding the construction loan amount, SZF, LLC has agreed to advance to Coral Way, LLC the amount required to fund such costs in excess of the construction loan. Certain affiliates of the developer of the apartment community have guaranteed the reimbursement of those costs to Coral Way, LLC and SZF, LLC. These

advances accrue a preferential return at the rate of eleven percent (11%) per year to be paid from the distributions from the joint venture. The preferred return will not be recognized until the community has earnings or gains to fund such a return. As of March 31, 2004, we had advanced \$12.7 million to SZF, LLC which, in turn, advanced such amounts to Coral Way, LLC. Prior to July 3, 2003, this joint venture was accounted for under the equity method of accounting and its balance sheet and income statement information was not material to our consolidated financial statements taken as a whole. As a result of the purchase of our joint venture partners' interest in SZF, LLC, the assets, liabilities and operating activities of this joint venture are now consolidated into our financial statements.

On August 12, 2003, we received notice of a suit filed by certain affiliates of Coral Way, LLC against us, the Operating Partnership and the Management Company (see Part II, Item 1. "Legal Proceedings" included in this report). One of the remedies demanded in the suit is termination of the guarantee agreements to which reference is made above. We believe that the allegations made in this suit are not supported by the facts and we intend to vigorously defend against this suit. If we are successful, the guarantee agreements will remain in place and the guarantors will remain obligated to reimburse Coral Way, LLC and SZF, LLC for the costs in excess of the construction loan.

In 2002, we entered into two separate joint ventures with a major financial services institution (the "investor member") to redevelop Summit Roosevelt and Summit Grand Parc, both located in Washington, D.C., in a manner to permit the use of federal rehabilitation income tax credits. The investor member contributed approximately \$6.5 million for Summit Roosevelt and approximately \$2.6 million for Summit Grand Parc in equity to fund a portion of the total estimated costs for the respective communities and will receive a preferred return on these capital investments and an annual asset management fee with respect to each community. The investor member's interests in the joint ventures are subject to put/call rights during the sixth and seventh years after the respective communities are placed in service. These joint ventures are consolidated into our financial statements.

3. Notes Payable

New Mortgages On March 30, 2004, we obtained a \$16.6 million mortgage note collateralized by Summit Ashburn Farm. This mortgage bears interest at a fixed rate of 4.69% until its maturity on April 1, 2011. The mortgage requires monthly principal and interest payments on a 30-year amortization schedule with a balloon payment due at maturity.

On March 30, 2004, we obtained a \$27.5 million mortgage note collateralized by Summit Crest. This mortgage bears interest at a fixed rate of 4.63% until its maturity on April 1, 2011. The mortgage requires monthly interest payments only during the first year of the mortgage and requires monthly principal and interest payments on a 30-year amortization schedule starting with the second year of the mortgage with a balloon payment due at maturity.

Medium-Term Notes On April 20, 2000, we commenced a new program for the sale by the Operating Partnership of up to \$250.0 million aggregate principal amount of medium-term notes ("MTNs"), due nine months or more from the date of issuance. We had notes with an aggregate principal amount of \$95.0 million outstanding in connection with this MTN program as of March 31, 2004.

On May 29, 1998, we established a program for the sale by the Operating Partnership of up to \$95.0 million aggregate principal amount of MTNs due nine months or more from the date of issuance. We had MTNs with an aggregate principal amount of \$25.0 million outstanding in connection with this MTN program as of March 31, 2004. As a result of the commencement of the \$250.0 million MTN program, we cannot issue any additional notes under the \$95.0 million MTN program.

The MTNs require that we comply with certain affirmative, negative and financial covenants. We were in compliance with these covenants as of March 31, 2004.

Unsecured Notes The unsecured notes consist of \$50.0 million of notes due in 2004 and \$50.0 million of notes due in 2007. The unsecured notes require semi-annual interest payments until the end of the respective terms. The unsecured notes require that we comply with certain affirmative, negative and financial covenants. We were in compliance with these covenants as of March 31, 2004.

Credit Facilities On July 28, 2003, we obtained a secured credit facility with a total current commitment of \$200.0 million and current availability of \$189.0 million. We have the ability to increase this commitment and availability pursuant to the terms of the credit agreement. The secured credit facility replaced our then-existing \$225.0 million unsecured credit facility and provides funds for new development, acquisitions and general working capital purposes. This facility is secured by nine of our communities (Summit Fair Oaks, Summit Governor's Village, Summit Grandview, Summit Lake, Summit Peachtree City, Summit Portofino, Summit Sedgebrook, Summit Shiloh and Summit Sweetwater) and matures in July 2008. As described in the credit agreement, loans under the credit facility are limited subject to debt service coverage and loan to value ratios and bear interest at the Reference Bill Index Rate (defined as the money market yield for the Reference Bills as established by the most recent Reference Bill auction conducted by Freddie Mac) plus 58 to 91 basis points depending on the level of debt service coverage. As of March 31, 2004, the outstanding balance of the credit facility was \$126.9 million and the interest rate was 1.55%.

On July 28, 2003, we obtained an unsecured letter of credit facility, which matures in July 2008 and has a total commitment of \$20.0 million. The letters of credit issued under this facility will serve as collateral for performance on contracts and as credit guarantees to banks and insurers. As of March 31, 2004, there were \$7.5 million of letters of credit outstanding under this facility.

Construction Loan Concurrent with the purchase of our joint venture partner's equity interest in SZF, LLC in July 2003 (see Note 2), we consolidated the construction loan related to the community that is being developed by such joint venture. We repaid the construction loan on January 30, 2004.

4. Minority Interest

Minority interests of common unitholders consist of the following as of March 31, 2004 and December 31, 2003 (in thousands):

	2004	2003
Minority interest of common unitholders in Operating Partnership	\$ 49,203	\$ 50,255
Minority interest in four operating communities (1)	7,477	7,469
	<u>\$ 56,680</u>	<u>\$ 57,724</u>

(1) Represents Summit Foxcroft, which is held by a partnership in which we are a 75% managing general partner, Coral Way, LLC, of which 0.007% is owned by an affiliate of the developer (see Note 2) and minority interests related to two joint ventures with a major financial services institution involving federal rehabilitation income tax credits (see Note 2).

As of March 31, 2004, there were 34,812,705 common units outstanding, of which 31,423,276, or 90.3%, were owned by Summit and 3,389,429, or 9.7%, were owned by other partners (including certain of our directors). As of December 31, 2003, Summit owned 90.2% of the common units outstanding.

Proceeds from common stock issued are contributed to the Operating Partnership for an equivalent number of common units. Total common stock issued and related proceeds contributed to the Operating Partnership for an equivalent number of common units was 88,200 shares valued at \$1.9 million (\$21.92 per share average) for the three months ended March 31, 2004 and 145,000 shares valued at \$3.0 million (\$21.03 per share average) for the three months ended March 31, 2003.

Under certain circumstances, if the holders of common units request redemption of their units, the Operating Partnership may elect to have us issue shares of our common stock in exchange for those common units on a one-for-one basis (subject to adjustment), or we may purchase those common units for cash. In addition to the amounts set forth in the preceding paragraph, we issued 14,456 shares of common stock valued at \$213,000 in exchange for common units owned by other partners on a one-for-one basis during the three months ended March 31, 2004. The shares exchanged were valued based upon the market price per share of our common stock on the date of exchange. There were no common units exchanged for shares of common stock during the three months ended March 31, 2003.

5. Land Sale and Communities Held For Sale

We did not sell any communities during the three months ended March 31, 2004. We sold one parcel of land for \$88,000 during the three months ended March 31, 2004. This land was located at one of the communities which was held for sale as of March 31, 2004 and was sold to the municipality in which it is located as an easement for highway construction. We recognized a gain on sale of \$47,000 related to this land.

In accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," income and gain on disposition of real estate for communities sold or considered held for sale are reflected in our consolidated statements of earnings as "discontinued operations" for all periods presented. In addition, we have separately reflected the assets and liabilities of these communities as "Net real estate assets assets held for sale," "Other assets assets held for sale" and "Notes payable and other liabilities assets held for sale" in our consolidated balance sheets for all periods presented.

We have five apartment communities, Summit Square and Summit Highland, both located in Raleigh, North Carolina, Summit Belmont, located in Fredericksburg, Virginia, Summit Fair Oaks, located in Fairfax, Virginia and Summit Reston, located in Reston, Virginia, which were all considered held for sale as of March 31, 2004. The real estate assets of these five communities were recorded at the lower of cost or fair value less costs to sell, or \$66.4 million in the aggregate, as of March 31, 2004. The revenues from these five communities represented 9.6% of our revenues for the three months ended March 31, 2004.

Below is a summary of discontinued operations for the three months ended March 31, 2004 for the five communities considered held for sale as of that date, and for the three months ended March 31, 2003 for the five communities mentioned above as well as the eight communities sold since January 1, 2003.

	Three Months Ended March 31,	
	2004	2003
Property revenues:		
Rental	\$ 3,657	\$ 9,917
Other property	225	688

Total property revenues	3,882	10,605
Property operating expenses	1,217	3,931
Depreciation	838	2,227
Interest and amortization	63	1,379
Income from discontinued operations before gain on disposition of discontinued operations and minority interest of common unitholders in Operating Partnership	1,764	3,068
Gain on disposition of discontinued operations	47	3,136
Income from discontinued operations before minority interest	1,811	6,204
Minority interest of common unitholders in Operating Partnership	(177)	(714)
Total discontinued operations	\$ 1,634	\$ 5,490

11

6. Notes Receivable from Employees

Our Board of Directors believes that ownership of our common stock by our executive officers and certain other qualified employees aligns the interests of these officers and employees with the interests of our stockholders. To this end, our Board of Directors approved, and we instituted, a loan program. As a result of the Sarbanes-Oxley Act of 2002, we are no longer permitted to make loans to our executive officers and, therefore, new issuances to our executive officers under the loan program have been terminated. Under the terms of the loan program, we lent amounts to certain of our executive officers and other qualified employees to (a) finance the purchase of our common stock on the open market at then-current market prices, (b) finance the payment of the exercise price of one or more stock options to purchase shares of our common stock, or (c) finance the annual tax liability or other expenses of an executive officer related to the vesting of shares of common stock which constitute a portion of a restricted stock award granted to the executive officer. The relevant officer or employee has executed a promissory note and security agreement related to each loan extended. Each outstanding note bears interest at a rate established on the date of the note, is full recourse to the officers and employees and is collateralized by the shares of our common stock which are the subject of the loans. If the market price of Summit's common stock falls materially below the price at which the shares of stock were purchased, the proceeds of the sale of the common stock may not be sufficient to repay the loan. As of March 31, 2004, we had employee loans receivable in the amount of \$16.8 million which were collateralized by 810,953 shares of our common stock valued at \$19.3 million. We had employee loans receivable in the amount of \$17.4 million as of December 31, 2003.

7. Commitments and Contingencies

The estimated cost to complete the five development projects currently under construction was \$59.2 million as of March 31, 2004. Anticipated construction completion dates of the projects range from the second quarter of 2004 to the fourth quarter of 2006.

As collateral for performance on contracts and as credit guarantees to banks and insurers, we were contingently liable under standby letters of credit in the aggregate amount of \$7.5 million as of March 31, 2004.

We carry terrorism insurance on all communities. The terrorism insurance is subject to coverage limitations, which we believe are commercially reasonable. No assurance can be given that material losses in excess of insurance proceeds will not occur in the future, or that insurance coverage for acts of terrorism will be available in the future.

We are subject to a variety of claims and suits that arise in the ordinary course of business, including actions with respect to contracts and cases in which claims have been brought against us by current and former employees, residents, independent contractors and vendors. While the resolution of these matters cannot be predicted with certainty, we believe that the final outcome of such matters will not be material to our financial position or results of operations. If we determine that a loss is probable to occur, the estimated amount of that loss would be recorded in the financial statements.

We are a party to a number of agreements and contracts pursuant to which we may be obligated to indemnify the other party with respect to certain matters. Typically, these obligations arise in contracts into which we enter, under which we customarily agree to hold the other party harmless against certain losses arising from breaches of representations, warranties and/or covenants related to such matters as, among others, title to assets, specified environmental matters, qualification to do business, due organization, non-compliance with restrictive covenants, laws, rules and regulations, maintenance of insurance and payment of tax bills due and owing. Additionally, with respect to retail and office lease agreements we enter into as landlord, we may also indemnify the other party against damages caused by our willful misconduct or negligence associated with the operation and management of the building. Although no assurances can be made, we believe that if we were to incur a loss in any of these matters, such loss should not have a material effect on our financial condition or results of operations. Historically, payments made with regard to these agreements have not had a material effect on our financial condition or results of operations.

12

We have employment agreements with two of our former executive officers, both of whom resigned from such executive positions, but who remain as employees and have agreed to provide various services to us from time to time through December 31, 2011. Each employment agreement requires that we pay to the former officers a base salary aggregating up to \$2.1 million over the period from July 1, 2001 to December 31, 2011 (beginning with calendar year 2002, up to \$200,000 on an annual basis). Each employment agreement also requires that we provide participation in our life insurance plan, office space, information systems support and administrative support for the remainder of each employee's life, and participation in our health and dental insurance plans until the last to die of the employee or such employee's spouse. Either party can terminate the employment agreements effective 20 business days after written notice is given. The full base salary amount due shall be payable through 2011 whether or not the agreements are terminated earlier in accordance with their terms.

We are obligated to redeem each common unit in the Operating Partnership at the request of the holder for cash equal to the fair market value of one share of common stock, except that the Operating Partnership may elect to cause us to acquire each common unit presented for redemption for one share of common stock (subject to adjustment).

8. Restricted and Unrestricted Stock

On January 2, 2004, we issued 27,982 shares of restricted stock valued at \$658,000 pursuant to our 2001 Performance Stock Award Plan. One-half of these shares, valued at \$329,000, vested on January 2, 2004. The remaining shares will vest in two equal annual installments on January 2, 2005 and January 2, 2006.

During the three months ended March 31, 2004, we issued 40,063 shares of unrestricted stock (representing 20% of the total 200,315 shares of common stock that could have been received by employees at the date of issuance) valued at \$881,000 to employees under our 1994 Stock Option and Incentive Plan. During the three months ended March 31, 2003, we issued 33,342 shares of unrestricted stock (representing 15% of the total 222,270 shares of common stock

that could have been received by employees at the date of issuance) valued at \$660,000 to employees under the same plan. These shares were issued pursuant to stock award agreements entered into with certain employees dated February 6, 2002 (the "2002 Stock Grants"). The remaining shares will be issued based on the following schedule of dates and percentages: an additional 20% on each of March 1, 2005 and 2006 and the final 25% on March 1, 2007. As of March 31, 2004, following the issuance of the shares mentioned above and certain employee forfeitures, a total of 130,205 shares remained available for issuance under the 2002 Stock Grants. The respective employee will receive the applicable number of shares on each date if he or she continues to be employed by us on such date, or earlier upon his or her death or disability or upon a "change of control" of Summit. Employees surrendered 14,760 shares of stock during the three months ended March 31, 2004 and surrendered 12,589 shares during the three months ended March 31, 2003 to satisfy the personal income tax liability related to the 2002 Stock Grants and an additional 6,640 shares during the three months ended March 31, 2004 and 12,772 shares during the three months ended March 31, 2003 to satisfy the personal income tax liability related to shares of restricted stock granted prior to January 1, 2004 which vested during the three months ended March 31, 2004 and 2003, respectively.

9. Dividend Reinvestment and Stock Purchase Plan

We have a dividend reinvestment and direct stock purchase plan ("DRIP"). On May 1, 2003, we filed a registration statement under which we registered an additional 4.0 million shares of our common stock that may be issued under the DRIP. On July 11, 2003, we re-activated the stock purchase component of the DRIP, and on August 15, 2003, we re-activated the dividend reinvestment component of the DRIP. Direct stock purchases under the DRIP had been suspended effective October 31, 2002 and dividend reinvestment under the DRIP had been suspended effective November 15, 2002. The DRIP provides both new investors and existing shareholders of our stock with a method to purchase shares of common stock and/or the ability for those shareholders to designate all, a portion or none of the cash dividends on shares of our common stock owned for reinvestment in more shares of our common stock.

13

10. Preferred Units

On September 18, 2003, we redeemed all 3.4 million of the Operating Partnership's preferred units of limited partnership interest designated as 8.95% Series B Cumulative Redeemable Perpetual Preferred Units for cash in the amount of \$25.20 per unit plus all unpaid distributions through the redemption date. Distributions on the Series B preferred units were cumulative from the date of original issuance and were payable quarterly at the rate of 8.95% per year of the \$25.00 original capital contribution. We made distributions to the holders of the Series B preferred units in the aggregate amount of \$1.9 million during the three months ended March 31, 2003.

As of March 31, 2004, the Operating Partnership had outstanding 2.2 million preferred units of limited partnership interest designated as 8.75% Series C Cumulative Redeemable Perpetual Preferred Units. These preferred units are redeemable by the Operating Partnership on or after September 3, 2004 for cash at a redemption price equal to the holder's capital account. The holder of the Series C preferred units has the right to exchange these preferred units for shares of our Series C preferred stock on a one-for-one basis, subject to adjustment: (a) on or after September 3, 2009, (b) if full quarterly distributions are not made for six quarters, (c) upon the occurrence of specified events related to the treatment of the Operating Partnership or the preferred units for federal income tax purposes, or (d) if the holdings in the Operating Partnership of the Series C unitholder exceed 18% of the total profits of or capital interest in the Operating Partnership for a taxable year. Distributions on the Series C preferred units are cumulative from the date of original issuance and are payable quarterly at the rate of 8.75% per year of the \$25.00 original capital contribution. We made distributions to the holder of the Series C preferred units in the aggregate amount of \$1.2 million during each of the three months ended March 31, 2004 and 2003.

11. Derivative Financial Instruments

We are exposed to capital market risk, such as changes in interest rates. To manage the volatility relating to interest rate risk, we may enter into interest rate hedging arrangements from time to time. We generally do not utilize derivative financial instruments for trading or speculative purposes.

On June 14, 2002, we entered into an interest rate swap with a notional amount of \$50.0 million, relating to \$50.0 million of 7.20% fixed rate notes issued under our medium-term note program. Under the interest rate swap agreement, through the maturity date of August 15, 2007, (a) we have agreed to pay to the counterparty the interest on a \$50.0 million notional amount at a floating interest rate of three-month LIBOR plus 241.75 basis points, and (b) the counterparty has agreed to pay to us the interest on the same notional amount at the fixed rate of the underlying debt obligation. The floating rate as of March 31, 2004 was 3.5375%. The fair value of the interest rate swap was an asset of approximately \$3.8 million as of March 31, 2004. The swap has been designated as a fair value hedge of the underlying fixed rate debt obligation and has been recorded in "Other assets" in our consolidated balance sheets. We assume no ineffectiveness as the interest rate swap meets the short-cut method conditions required under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," for fair value hedges of debt instruments. Accordingly, no gains or losses were recorded in income relative to our underlying debt and interest rate swap.

12. Common Stock Repurchase Program

We have a common stock repurchase program, originally approved by our Board of Directors in March 2000, pursuant to which we are authorized to purchase up to an aggregate of \$56.0 million of currently issued and outstanding shares of our common stock. All repurchases have been, and will be, made on the open market at prevailing prices or in privately negotiated transactions. This authority may be exercised from time to time and in such amounts as market conditions warrant.

We made no stock repurchases during the three months ended March 31, 2004. As of March 31, 2004, we had repurchased 1.2 million shares of our common stock valued at \$23.6 million (an average price per share of \$18.88) under this plan. We had \$32.4 million remaining for authorized repurchases under the program as of March 31, 2004.

14

13. Supplemental Cash Flow Information

Non-cash investing and financing activities for the three months ended March 31, 2004 and 2003 are as follows:

- A. We accrued dividends and distributions payable of \$11.7 million as of March 31, 2004 and December 31, 2003.
- B. We granted 40,063 shares of unrestricted stock valued at \$881,000 during the three months ended March 31, 2004. There were 14,760 shares of stock valued at \$325,000 surrendered to satisfy the income tax liability of grantees during the same period.
- C. We granted 33,342 shares of unrestricted stock valued at \$660,000 during the three months ended March 31, 2003. There were 25,361 shares of stock valued at \$460,000 surrendered to satisfy the income tax liability of grantees during the same period.
- D. On January 2, 2004, we issued 27,982 shares of restricted stock valued at \$658,000 pursuant to our 2001 Performance Stock Award Plan. One-half of these shares, valued at \$329,000, vested on January 2, 2004. The remaining shares will vest in two equal annual installments on January 2, 2005 and January 2, 2006.
- E. We issued 14,456 shares of common stock in exchange for 14,456 common units during the three months ended March 31, 2004. The value of these shares of common

stock was \$213,000.

14. SUBSEQUENT EVENTS

Subsequent to March 31, 2004, we executed separate contracts to purchase two communities in Charlotte, North Carolina for an aggregate purchase price of \$62.8 million. The acquisitions of these two communities are expected to be completed before the end of the second quarter of 2004 and are subject to normal and customary closing terms.

15

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Unless the context otherwise requires, all references to "we," "our" or "us" in this report refer collectively to Summit Properties Inc., a Maryland corporation ("Summit"), and its subsidiaries, including Summit Properties Partnership, L.P., a Delaware limited partnership (the "Operating Partnership"), considered as a single enterprise. Summit is the sole general partner of the Operating Partnership.

Executive Summary

Summit is a self-administered real estate investment trust that focuses on the operation, development and acquisition of luxury apartment communities in select neighborhoods throughout the Southeast and Mid-Atlantic United States. We focus our efforts in five markets which consist of Washington, D.C., Southeast Florida, Atlanta, Raleigh and Charlotte. As of March 31, 2004, our portfolio consisted of 47 completed communities comprising 14,382 apartment homes; four communities owned in a joint venture, comprised of 1,203 apartment homes; and four apartment communities with 1,403 apartment homes in various stages of development.

Our income from continuing operations is generated primarily from operations of our apartment communities. The changes in operating results from period to period reflect changes in existing community performance and changes in the number of apartment homes due to development, acquisition, or disposition of communities. To better understand our overall operating performance, our communities have been categorized in five "status" groups. We consider a community to be "stabilized" when it has attained a physical occupancy level of at least 93%. A community that we have developed is deemed "same-property" when stabilized for at least one year as of the beginning of the current year. A community that we have acquired is deemed "same-property" when we have owned it for one year or more as of the beginning of the current year. A community is deemed to be a "stabilized development" community when stabilized as of the beginning of the current year but not the entire prior year. A "lease-up" community is defined as one that has commenced rental operations but was not stabilized as of the beginning of the current year. As of March 31, 2004, we had 11,006 same-property apartment homes in 37 communities, 1,095 acquisition apartment homes in two communities, 1,997 stabilized development apartment homes in seven communities and 1,199 lease-up apartment homes in four communities (three of which communities comprising 915 apartment homes are not yet complete).

During 2003, we developed and implemented a rent optimization software program. This program will help us manage revenue by allowing us to set daily rents on apartment homes as they become available for rental. Automating the balance between vacancy and rents provides a more efficient method to pricing and will be a valuable tool to help us manage our properties at their greatest rental revenue producing potential.

We have been experiencing weakening apartment fundamentals over the past several years due to the downturn of the national economy as well as declining economic conditions in our markets. As a result, local demand for apartment homes has declined due to lower job growth and/or job losses, primary drivers of apartment demand, which has led to

lower rental rates in order to maintain desired occupancy rates. Additionally, the low interest rate environment has produced record home sales which, when combined with the slowing economy, has reduced the number of prospective residents. The low interest rate environment has also provided the opportunity for developers to continue to add to the supply of apartments in our markets.

Looking forward, we view the primary risk to our business as continued economic malaise in our markets. However, we believe that fundamentals in our markets have stabilized. Our core markets produced 115,000 new jobs during the twelve months ended February 2004, which we expect will drive future demand. Additionally, permit issuance in 2003 was at a six-year low and we expect that this will result in a decreased supply of competitive apartment homes during 2004. Among our five markets, the fundamentals in our Washington, D.C. and South Florida markets are the strongest, and we expect the ability to raise rents to return to these markets first. Fundamentals are not as strong in the Atlanta, Charlotte and Raleigh markets, and, accordingly, we expect it will take longer for the ability to raise rents to gain momentum in these markets. We will continue to closely monitor and act upon key market dynamics by making disciplined strategic investments, sound operating decisions, and utilizing prudent financial measures.

16

Critical Accounting Policies

We prepare our financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"). A summary of our significant accounting policies is disclosed in Note 3 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2003. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. We consider critical accounting policies to be those policies that have the most impact on the reporting of our financial condition and those requiring significant judgments and estimates. Our critical accounting policies relate to cost capitalization and asset impairment evaluation.

Cost Capitalization

Expenditures directly related to the acquisition, development and improvement of real estate assets are capitalized at cost as land, buildings and improvements or furniture, fixtures and equipment in accordance with Statement of Financial Accounting Standards ("SFAS") No. 67, "Accounting for Costs and Initial Rental Operations of Real Estate Projects." These amounts are depreciated over estimated useful lives determined by management. Determining whether expenditures meet the criteria for capitalization and the assignment of depreciable lives requires our management to exercise significant judgment. Improvements are categorized as either non-recurring or recurring capitalized expenditures. Non-recurring capitalized expenditures primarily consist of major renovations and upgrades of apartment homes. Recurring capitalized expenditures consist primarily of exterior painting, new appliances, vinyl flooring, blinds, tile, wallpaper and carpet. Repairs and maintenance, such as landscaping maintenance, interior painting and cleaning and supplies used in such activities, are expensed as incurred and we do not accrue for such costs in advance. In addition, we have a group of employees responsible for the supervision of our capital expenditure projects and capitalize a portion of their direct costs. The amounts capitalized depend on the level of such activities.

During the development and construction of a new community, we capitalize all direct and indirect costs, including interest related to apartment construction and certain operational costs for communities under construction and in lease-up. Included in these costs is management's estimate of the portion of internal costs that are incremental and considered related to such development activities. The amounts capitalized depend on the timing of such activities. Interest costs are capitalized in accordance with SFAS No. 34, "Capitalization of Interest Cost," based on the ratio of those units available for rental to the total number of units in the community, and depreciated over the lives of the

constructed assets. We capitalize the cost of our development department efforts to projects currently under construction, currently at a rate of 3.0% of such construction assets. Such costs are then depreciated over the lives of the constructed assets upon their completion. We treat each unit in an apartment community separately for capitalization and expense recognition purposes, resulting in a proration of interest and operational costs in a development community between costs that are capitalized or expensed. As units become available for their intended use, we cease capitalization of interest and operational costs on those units based on the ratio of those units available for rental to the total number of units in the community.

17

Asset Impairment Evaluation

We record our real estate assets to be held and used at cost, less accumulated depreciation, unless considered impaired. If events or circumstances indicate that the carrying amount of a community may be impaired, we will assess its recoverability by estimating the undiscounted future cash flows of the community. If our recoverability assessment results in an indication of impairment for communities to be held and used, or if a community is considered to be held for sale, then we determine the community's fair value. Applying capitalization rates to a community's property operating income is a widely used measure of fair value. Determining appropriate capitalization rates requires significant judgment and is generally based on the prevailing rate for the submarket in which the community is located. Capitalization rates can fluctuate due to changes in the general economy or within specific submarkets. If the actual capitalization rate for a community varies significantly from management's estimate, the impairment evaluation may be significantly affected. For assets to be held and used, if the carrying amount exceeds the undiscounted future cash flows, we would recognize an impairment loss to the extent the carrying amount exceeds the estimated fair value of the community and such loss would be included in income from continuing operations. Assets to be disposed of are recorded at the lower of carrying amount or fair value less cost to sell. An impairment loss will be recognized for any write-down to fair value less cost to sell and reported in the discontinued operations section of the consolidated statements of earnings.

In accordance with SFAS No. 144, "Accounting for the Impairment or Disposal of Long-Lived Assets," we present operating results of communities we consider held for sale, as well as those sold, in discontinued operations in our consolidated statements of earnings.

Results of Operations for the Three Months Ended March 31, 2004 and 2003

Net income decreased to \$2.3 million for the three months ended March 31, 2004 from \$5.2 million for the same period in 2003 primarily due to a decrease of \$3.1 million in gain on disposition of discontinued operations. In the first quarter of 2003, we sold one community, whereas in 2004, there were no community sales.

Income from continuing operations before loss on unconsolidated real estate joint ventures, minority interest of common unitholders in the Operating Partnership and dividends to preferred unitholders in the Operating Partnership decreased to \$2.0 million for the three months ended March 31, 2004 from \$2.9 million for the same period 2003. The primary factors causing this decrease are a decrease in interest income due to a decrease of \$246,000 in interest earned on sales proceeds placed with qualified intermediaries in accordance with like-kind exchange rules and regulations as well as a decrease in other income due to proceeds received in 2003 related to a pursuit project which did not come to fruition, with no similar fee in 2004. In addition, general and administrative expenses increased by \$333,000 primarily due to an increase of \$311,000 related to performance-based compensation.

We evaluate community performance based on growth of property operating income, which is defined as rental and other property revenues less property operating and maintenance expense. We believe that property operating income

is a meaningful measure for an investor's analysis of community performance as it represents the most consistent, comparable operating performance among our communities. Depreciation is a fixed cost not controllable by our property management staff and not all communities are encumbered by financing instruments. Therefore, all property operating and maintenance expense amounts in this Management's Discussion and Analysis section are presented before depreciation, interest and amortization. Property operating income does not include any allocation of corporate overhead. You should not consider property operating income as an alternative to net income (determined in accordance with GAAP) as an indication of our financial performance or as an alternative to cash flows from operating activities (determined in accordance with GAAP), as a measure of our liquidity. Our calculation of property operating income may differ from the methodology and definition used by other apartment companies, and, accordingly, may not be comparable to similarly entitled measures used by other apartment companies.

18

A community's average physical occupancy is defined as the number of apartment homes occupied divided by the total number of apartment homes contained in the community, expressed as a percentage. Average physical occupancy has been calculated using the average of the occupancy that existed on Sunday during each week of the period. Average rent per occupied apartment home represents collected rent per occupied apartment home. Our methodology for calculating average physical occupancy and average rent per occupied apartment home may differ from the methodology used by other apartment companies and, accordingly, may not be comparable to other apartment companies.

A summary of our apartment homes (excluding joint ventures) for the three months ended March 31, 2004 and 2003 is as follows:

	2004	2003
Apartment homes at January 1 of the year	14,554	15,428
Developments which began rental operations during the period	743	502
Sale of apartment homes	-	(240)
Apartment homes at March 31 of the year	15,297	15,690

The property operating income of our communities (excluding joint venture communities) and a reconciliation to net income is summarized below (dollars in thousands):

	Three Months Ended March 31,		
	2004	2003	% Change
Property revenue:			
Same-property communities	\$ 29,223	\$ 29,269	-0.2%
Acquisition communities	3,772	-	100.0%
Stabilized development communities	6,200	3,476	78.4%
Lease-up communities	435	-	100.0%
Disposition communities	-	6,674	-100.0%
Total property revenue	39,630	39,419	0.5%

Property operating and maintenance expense:

Operating Performance of our Same-Property Communities

The operating performance of our same-property communities is summarized below (dollars in thousands, except average rent per occupied apartment home). The comparison of 2004 to 2003 includes those communities and apartment homes that were considered same-property as of March 31, 2004.

Three Months Ended March 31,

	2004	2003	% Change
Property revenues:			
Rental	\$ 27,127	\$ 27,478	-1.3%
Other	2,096	1,791	17.0%
Total property revenues	29,223	29,269	-0.2%
Property operating expenses:			
Personnel	2,589	2,380	8.8%
Advertising and promotion	395	354	11.6%
Utilities	1,535	1,531	0.3%
Building repairs and maintenance	1,045	1,284	-18.6%
Real estate taxes and insurance	3,899	3,609	8.0%
Other operating expense	404	420	-3.8%
Total property operating expense	9,867	9,578	3.0%
Property operating income	\$ 19,356	\$ 19,691	-1.7%
Average physical occupancy	94.2%	94.7%	-0.5%
Average rent per occupied apartment home	\$ 872	\$ 889	-1.9%
Number of apartment homes	11,006	11,006	
Number of apartment communities	37	37	

Property revenues remained stable at \$29.2 million for the three months ended March 31, 2004 and \$29.3 million for the same period in 2003. Personnel costs increased by \$209,000, or 8.8%, from 2003 to 2004 primarily due to an increase in medical costs in 2004 when compared to 2003. Real estate taxes and insurance increased by \$290,000, or 8.0%, from 2003 to 2004 primarily due to an increase in insurance rates and an increase in expected real estate tax rates and valuations in 2004 when compared to 2003. Repairs and maintenance expense decreased by \$239,000, or 18.6%, from 2003 to 2004 primarily due to the fact that turnover of our same-property apartment homes due to move-outs is down 4.4% over the 2003 period and our maintenance personnel are completing more in-house painting and other repair work rather than having third-party vendors complete such tasks.

Operating Performance of our Acquisition Communities

On May 6, 2003, the Operating Partnership purchased certain assets of Brickell Grand, Inc., including the community known as Summit Brickell and a note receivable from the developer, located in Miami, Florida for \$59.4 million. Summit Brickell contains 405 apartment homes and approximately 18,000 square feet of retail space. On December 31, 2003, we purchased Summit Lansdowne, located in Loudon County, Virginia, for \$99.2 million. Summit Lansdowne contains 690 apartment homes. We did not acquire any communities during the first quarter of 2003. The

operating performance of our acquisition communities is summarized below (dollars in thousands, except average rent per occupied apartment home):

	Three Months Ended March 31,	
	2004	2003
Property revenues:		
Rental	\$ 3,581	\$ -
Other	191	-
Total property revenues	3,772	-
Property operating expenses	1,387	-
Property operating income	\$ 2,385	\$ -
Average physical occupancy	92.2%	-
Average rent per occupied apartment home	\$ 1,195	-
Number of apartment homes	1,095	-

20

Operating Performance of our Stabilized Development Communities

Stabilized development communities include seven communities with a total of 1,997 apartment homes (Summit Valleybrook, Summit Brookwood, Summit Grand Parc, Summit Roosevelt, Summit Stockbridge, Summit at Lenox and Summit Reunion Park I). Summit at Lenox is an existing community with 431 apartment homes that has recently been undergoing major renovations. Its operating results are included in results of stabilized development communities as it has not yet reached stabilization after renovation. With the exception of Summit at Lenox, the communities considered stabilized development were in the early stages of lease-up (i.e. had not yet stabilized) during 2003 and, therefore, the levels of property operating income and average physical occupancy are lower in 2003 when compared to 2004. The average rent per occupied apartment home was \$997 for the three months ended March 31, 2004. The operating performance of our stabilized development communities is summarized below (dollars in thousands, except average rent per occupied apartment home):

	Three Months Ended March 31,	
	2004	2003
Property revenues:		
Rental	\$ 5,715	\$ 3,255
Other	485	221

Edgar Filing: SUMMIT PROPERTIES INC - Form 10-Q

Total property revenues	6,200	3,476
Property operating expenses	2,563	1,346
Property operating income	\$ 3,637	\$ 2,130
Average physical occupancy	92.7%	57.7%
Number of apartment homes	1,997	1,997

Operating Performance of our Communities in Lease-Up

The table below summarizes the four communities in lease-up during the three months ended March 31, 2004 (dollars in thousands):

Community	Number of Apartment Homes	Total Actual/Anticipated Cost	Actual/Anticipated Construction Completion	Actual/Anticipated Stabilization	Average Physical Occupancy Three Months Ended March 31, 2004	% Leased as of March 31, 2004
Summit Silo Creek - Washington, D.C.	284	\$ 39,040	Q1 2004	Q4 2004	37.1%	49.6%
Summit Reunion Park II - Raleigh, NC	172	10,800	Q2 2004	Q4 2004	11.6%	23.8%
Summit Brickell View - Miami, FL	323	74,000	Q4 2004	Q4 2005	0.0%	5.3%
Summit Las Olas - Ft. Lauderdale, FL	420	73,700	Q4 2004	Q1 2006	0.0%	6.9%
	1,199	\$ 197,540				

The actual stabilization dates for our communities in lease-up may be later than anticipated. The operating performance of our lease-up communities is summarized below (dollars in thousands). None of the communities in lease-up at March 31, 2004 had begun leasing activity as of March 31, 2003. Summit Brickell View and Summit Las Olas had begun pre-leasing activities as of March 31, 2004, but neither of these communities were complete, nor had residents occupied any units as of that date. Therefore, the information below does not include any rental income for these two communities for either year.

Three Months Ended March 31,

2004	2003
------	------

Property revenues:				
Rental	\$	383	\$	-
Other		52		-
		<u> </u>		<u> </u>
Total property revenues		435		-

		<u> </u>		<u> </u>
Number of apartment homes		1,199		1,199
		<u> </u>		<u> </u>

21

Operating Performance of our Disposition Communities

We did not dispose of any communities during the three months ended March 31, 2004.

The 2003 disposition communities consist of the former Summit Fairways, Summit Turtle Rock, Summit Camino Real, Summit Buena Vista, Summit Belcourt, Summit Las Palmas, Summit Arboretum and Summit San Raphael (comprised of an aggregate of 2,927 apartment homes), all of which were sold during the year ended December 31, 2003. With the exception of Summit Fairways, all of the communities disposed of during 2003 were located in Texas and, therefore, completed our exit of the Texas market.

The operating performance of the disposition communities is summarized below (dollars in thousands):

	Three Months Ended March 31,			
	2004	2003		
Property revenues:				
Rental	\$	-	\$	6,194
Other		-		480
		<u> </u>		<u> </u>
Total property revenues		-		6,674
Property operating expenses		-		2,742
		<u> </u>		<u> </u>
Property operating income	\$	-	\$	3,932
		<u> </u>		<u> </u>
Number of apartment homes		-		2,927
		<u> </u>		<u> </u>

Communities Sold or Held for Sale

We did not sell any communities during the three months ended March 31, 2004. We sold one parcel of land for \$88,000 during the three months ended March 31, 2004. This land was located at one of the communities which was held for sale as of March 31, 2004 and was sold to the municipality in which it is located as an easement for highway construction. We recognized a gain on sale of \$47,000 related to this land.

During the three months ended March 31, 2003, we sold one community, Summit Fairways (240 apartment homes) for \$18.8 million, resulting in an aggregate gain on sale of \$3.1 million. Net proceeds from the sale of Summit Fairways of \$18.3 million were used to reduce amounts outstanding under our credit facility.

In accordance with SFAS No. 144, net income and gain on disposition of real estate for communities sold or considered held for sale are reflected in our statements of earnings as "discontinued operations" for all periods presented. Below is a summary of discontinued operations for the three months ended March 31, 2004 for the five communities considered held for sale as of that date, and for the five communities mentioned above as well as the eight communities sold since January 1, 2003 for the three months ended March 31, 2003 (in thousands).

	Three Months Ended March 31,	
	2004	2003
Property revenues:		
Rental	\$ 3,657	\$ 9,917
Other property	225	688
Total property revenues	3,882	10,605
Property operating expenses	1,217	3,931
Depreciation	838	2,227
Interest and amortization	63	1,379
Income from discontinued operations before gain on disposition of discontinued operations and minority interest of common unitholders in Operating Partnership	1,764	3,068
Gain on disposition of discontinued operations	47	3,136
Income from discontinued operations before minority interest	1,811	6,204
Minority interest of common unitholders in Operating Partnership	(177)	(714)
Total discontinued operations	\$ 1,634	\$ 5,490

22

Development Activity

Development communities in process as of March 31, 2004 are summarized as follows (dollars in thousands):

Community	Apartment Homes	Total Estimated Costs	Cost To Date	Estimated Cost To Complete	Anticipated Construction Completion
Summit Reunion Park II - Raleigh, NC	172	\$ 10,800	\$ 9,631	\$ 1,169	Q2 2004
Summit Brickell View - Miami, FL	323	74,000	71,223	2,777	Q4 2004

Edgar Filing: SUMMIT PROPERTIES INC - Form 10-Q

Summit Las Olas - Ft. Lauderdale, FL	420	73,700	70,245	3,455	Q4 2004
Summit Fairfax Corner - Washington, D.C.	488	74,500	22,717	51,783	Q4 2006
Total - communities under construction	1,403	233,000	173,816	59,184	
Other development and construction costs (1)	-	-	17,272	-	
	1,403	\$ 233,000	\$ 191,088	\$ 59,184	

(1) Consists primarily of land held for development and other pre-development costs.

The estimated cost to complete for the development communities listed above of \$59.2 million represents substantially all of our material commitments for capital expenditures as of March 31, 2004.

Factors Affecting the Performance of Our Development Communities

As with any development project, there are uncertainties and risks associated with the development of the communities described above. While we have prepared development budgets and have estimated completion and stabilization target dates based on what we believe are reasonable assumptions in light of current conditions, there can be no assurance that actual costs will not exceed current budgets or that we will not experience construction delays due to the unavailability of materials, weather conditions or other events. We also may be unable to obtain, or experience delays in obtaining, all necessary zoning, land-use, building, occupancy, and other required governmental permits and authorizations. Similarly, market conditions at the time these communities become available for leasing will affect rental rates and the period of time necessary to achieve stabilization.

Other development risks include the possibility of incurring additional costs or liabilities resulting from increased costs for materials or labor or other unexpected costs or defects in construction material, and the possibility that financing may not be available on favorable terms, or at all, to pursue or complete development activities.

In addition, we are conducting feasibility and other pre-development work for four communities. We could abandon the development of any one or more of these potential communities in the event that we determine that market conditions do not support development, financing is not available on favorable terms or at all, or we are unable to obtain necessary permits and authorizations, or due to other circumstances which may prevent development. There can be no assurance that, if we do pursue one or more potential communities, that we will be able to complete construction within the currently estimated development budgets or that construction can be started at the time currently anticipated.

Other Income and Expenses

Interest income decreased by \$406,000 to \$236,000 during the three months ended March 31, 2004 compared to the same period in 2003 primarily due to a reduction of \$246,000 of interest earned on proceeds placed with qualified intermediaries in accordance with like-kind exchange rules and regulations and a reduction of interest earned on notes receivable of \$116,000.

Other income decreased by \$226,000 to \$134,000 during the three months ended March 31, 2004 compared to the same period in 2003 primarily due to \$222,000 in settlement proceeds received in 2003 related to a pursuit project

which did not come to fruition with no similar fee earned in 2004.

Depreciation and amortization for both continuing and discontinued operations increased to \$11.4 million during the three months ended March 31, 2004 from \$9.8 million for the same period in 2003 primarily due to \$1.1 million of amortization related to the intangible assets acquired with the 2003 acquisition communities.

23

Depreciation and amortization expense for continuing operations increased by \$3.0 million to \$10.6 million during the three months ended March 31, 2004 compared to the same period in 2003 primarily due to the amount described above in addition to depreciation recorded for recent development communities as well as for the communities acquired during 2003.

Interest expense for both continuing and discontinued operations decreased by \$769,000 to \$7.0 million for the three months ended March 31, 2004 when compared to the same period in 2003, primarily due to a decrease in our average effective interest rate of 0.57% in 2004 when compared to 2003.

General and administrative expenses increased by \$333,000 to \$1.9 million for the three months ended March 31, 2004 when compared to the same period in 2003 primarily due to an increase of \$311,000 related to performance-based compensation. As a percentage of total revenues, general and administrative expenses were 4.7% in 2004 and 3.8% in 2003.

Property management expenses for both owned and third-party communities increased by \$195,000 to \$1.7 million for the three months ended March 31, 2004 when compared to the same period in 2003 primarily due to an increase in performance-based compensation of \$299,000.

The \$3.1 million gain on disposition of discontinued operations during the three months ended March 31, 2003 resulted from the disposition of one community, Summit Fairways, which was sold as part of our plan to dispose of assets that no longer meet our growth objectives or to make desired changes in the number of apartment homes in each of our markets.

Liquidity and Capital Resources

Liquidity

Net cash provided by operating activities increased to \$18.0 million for the three months ended March 31, 2004 from \$9.9 million for the three months ended March 31, 2003 primarily due to a decrease of \$7.4 million in cash used for accounts payable and accrued expenses, driven by timing of real estate tax payments in 2004 when compared to those made in 2003.

Net cash used in investing activities was \$23.8 million for the three months ended March 31, 2004. Net cash provided by investing activities was \$3.1 million for the three months ended March 31, 2003. The increase in cash used in investing activities is primarily due to a decrease of \$30.0 million in proceeds from the sale of real estate assets in 2004 when compared to 2003. Prior year cash proceeds from the sale of real estate assets included prior year expenditures from qualified like-kind exchange escrows that related to 2002 sales as well as proceeds received from the sale of one community during the three months ended March 31, 2003.

Net cash provided by financing activities was \$6.4 for the three months ended March 31, 2004. Net cash used in financing activities was \$13.0 million for the three months ended March 31, 2003. The increase in cash provided by financing activities during 2004 is primarily due to an increase in borrowings on the credit facility of \$31.9 million, an

increase in proceeds received from the issuance of mortgage debt of \$12.9 million and a decrease in the amount of cash used to repurchase shares of our common stock of \$7.5 million, all offset by an increase in the amount of cash used to repay the construction loan of \$35.3 million.

We have elected to be taxed as a Real Estate Investment Trust ("REIT") under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended. REITs are subject to a number of organizational and operational requirements, including a requirement that 90% of ordinary taxable income be distributed. As a REIT, we generally will not be subject to federal income tax on net income to the extent taxable income is distributed.

24

As of January 1, 2004, we had \$2.7 million of cash and cash equivalents and \$70.0 million available under our credit facility. As of March 31, 2004, after considering the transactions listed below and our cash provided by operating activities of \$18.0 million during the period, we had \$3.4 million of cash and cash equivalents and \$62.1 million available under our secured credit facility. During the three months ended March 31, 2004, we generated cash proceeds from various transactions, including:

- Issued \$44.1 million in fixed rate mortgages collateralized by two communities; and
- Borrowed \$7.9 million under our credit facility.

The proceeds were used primarily to:

- Construct development communities of \$19.1 million;
- Repay \$35.3 million under the construction loan; and
- Fund capital expenditures and other corporate additions and tenant improvements of \$2.1 million.

Our outstanding indebtedness (excluding fair value adjustments of hedged debt instruments of \$3.8 million) as of March 31, 2004 totaled \$740.3 million. This amount includes \$376.4 million in fixed rate conventional mortgages, \$10.1 million of variable rate tax-exempt bonds, \$220.0 million of unsecured notes, \$6.9 million of variable rate mortgages and \$126.9 million under our secured credit facility.

We expect that our primary uses of cash in 2004 will be to fund development spending (refer to the section entitled "Development Activity" on page 23 of this report), to fund debt maturities, acquisition opportunities and the possible redemption of the Series C Cumulative Redeemable Perpetual Preferred Units (see the section entitled "Preferred Units" below). Any decision to redeem the Series C Cumulative Redeemable Perpetual Preferred Units in the future will be made at our discretion, based on our evaluation of financial and other relevant factors at such time. Other uses of cash in 2004 will include funding principal amortization of debt, funding capital expenditures relating to maintaining our existing communities and to fund dividend and distribution payments.

We expect that the primary source of funds for these uses, in addition to our cash provided by operating activities, will be the proceeds from the disposition of communities as we continue our capital recycling strategy of selling older communities and using those proceeds to fund development and/or acquisition investment opportunities. We also may issue additional fixed rate mortgage debt or issue common or preferred equity, subject to market conditions. There can be no assurance that we will be able to effect any such financing transactions on favorable terms. In addition, we have adequate borrowing capacity under our credit facility.

Credit Facilities

On July 28, 2003, we obtained a secured credit facility with a total current commitment of \$200.0 million and current availability of \$189.0 million. We have the ability to increase this commitment and availability pursuant to the terms of the credit agreement. The secured credit facility replaced our \$225.0 million unsecured credit facility and provides funds for new development, acquisitions and general working capital purposes. This facility is secured by nine of our communities (Summit Fair Oaks, Summit Governor's Village, Summit Grandview, Summit Lake, Summit Peachtree City, Summit Portofino, Summit Sedgebrook, Summit Shiloh and Summit Sweetwater) and matures in July 2008. As described in the credit agreement, loans under the credit facility are limited subject to debt service coverage and loan to value ratios and bear interest at the Reference Bill Index Rate (defined as the money market yield for the Reference Bills as established by the most recent Reference Bill auction conducted by Freddie Mac) plus 58 to 91 basis points depending on the level of debt service coverage. As of March 31, 2004, the outstanding balance of the credit facility was \$126.9 million and the interest rate was 1.55%.

On July 28, 2003, we obtained an unsecured letter of credit facility, which matures in July 2008 and has a total commitment of \$20.0 million. The letters of credit issued under this facility will serve as collateral for performance on contracts and as credit guarantees to banks and insurers. As of March 31, 2004, there were \$7.5 million of letters of credit outstanding under this facility.

25

New Mortgages

On March 30, 2004, we obtained a \$16.6 million mortgage note collateralized by Summit Ashburn Farm. This mortgage bears interest at a fixed rate of 4.69% until its maturity on April 1, 2011. The mortgage requires monthly principal and interest payments on a 30-year amortization schedule with a balloon payment due at maturity.

On March 30, 2004, we obtained a \$27.5 million mortgage note collateralized by Summit Crest. This mortgage bears interest at a fixed rate of 4.63% until its maturity on April 1, 2011. The mortgage requires monthly interest payments only during the first year of the mortgage and requires monthly principal and interest payments on a 30-year amortization schedule starting with the second year of the mortgage with a balloon payment due at maturity.

Preferred Units

On September 18, 2003, we redeemed all 3.4 million of the Operating Partnership's preferred units of limited partnership interest designated as 8.95% Series B Cumulative Redeemable Perpetual Preferred Units for cash in the amount of \$25.20 per unit plus all unpaid distributions through the redemption date. Distributions on the Series B preferred units were cumulative from the date of original issuance and were payable quarterly at the rate of 8.95% per year of the \$25.00 original capital contribution. We made distributions to the holders of the Series B preferred units in the aggregate amount of \$1.9 million during the three months ended March 31, 2003.

As of March 31, 2004, the Operating Partnership had outstanding 2.2 million preferred units of limited partnership interest designated as 8.75% Series C Cumulative Redeemable Perpetual Preferred Units. These preferred units are redeemable by the Operating Partnership on or after September 3, 2004 for cash at a redemption price equal to the holder's capital account. The holder of the Series C preferred units has the right to exchange these preferred units for shares of our Series C preferred stock on a one-for-one basis, subject to adjustment: (a) on or after September 3, 2009, (b) if full quarterly distributions are not made for six quarters, (c) upon the occurrence of specified events related to the treatment of the Operating Partnership or the preferred units for federal income tax purposes, or (d) if the holdings in the Operating Partnership of the Series C unitholder exceed 18% of the total profits of or capital interest in the

Operating Partnership for a taxable year. Distributions on the Series C preferred units are cumulative from the date of original issuance and are payable quarterly at the rate of 8.75% per year of the \$25.00 original capital contribution. We made distributions to the holder of the Series C preferred units in the aggregate amount of \$1.2 million during each of the three months ended March 31, 2004 and 2003.

Derivative Financial Instruments

Our capital structure includes the use of variable rate and fixed rate debt and, therefore, we are exposed to the impact of changes in interest rates. We generally refinance maturing debt instruments at then-existing market interest rates and terms which may be more or less favorable than the interest rates and terms of the maturing debt. While we have historically had limited involvement with derivative financial instruments, we may utilize such instruments in certain situations to hedge interest rate exposure by modifying the interest rate characteristics of related balance sheet instruments and prospective financing transactions. We generally do not utilize derivative financial instruments for trading or speculative purposes.

We are party to an interest rate swap with a notional amount of \$50.0 million, relating to \$50.0 million of 7.20% fixed rate notes issued under our medium-term note ("MTN") program. Under the interest rate swap agreement, through the maturity date of August 15, 2007, (a) we have agreed to pay to the counterparty the interest on a \$50.0 million notional amount at a floating interest rate of three-month LIBOR plus 241.75 basis points, and (b) the counterparty has agreed to pay to us the interest on the same notional amount at the fixed rate of the underlying debt obligation. The floating rate as of March 31, 2004 was 3.5375%. The fair value of the interest rate swap was an asset of \$3.8 million as of March 31, 2004. The swap has been designated as a fair value hedge of the underlying fixed rate debt obligation and has been recorded in "Other assets" in the accompanying balance sheets. We assume no ineffectiveness as the interest rate swap meets the short-cut method conditions required under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities," for fair value hedges of debt instruments. Accordingly, no gains or losses were recorded in income relative to our underlying debt and interest rate swap.

26

Contractual Obligations

A summary of our future contractual obligations related to long-term debt, non-cancelable operating leases and other obligations as of March 31, 2004 is as follows (in thousands):

Payments Due by Period

	2004	2005-2006	2007-2008	Thereafter	Total
Long-term debt principal payments and maturities	\$ 51,167	\$ 70,318	\$ 325,521	\$ 293,265	\$ 740,271
Standby letters of credit (1)	6,036	1,472	-	-	7,508
Development expenditures (2)	25,864	33,320	-	-	59,184
Operating lease commitments (3)	149	314	295	212	970
Employment agreement payments (4)	300	800	800	1,200	3,100
Total	\$ 83,516	\$ 106,224	\$ 326,616	\$ 294,677	\$ 811,033

- (1) As collateral for performance on contracts and as credit guarantees to banks and insurers, we were contingently liable under standby letters of credit in the aggregate amount of \$7.5 million as of March 31, 2004.
- (2) The estimated cost to complete the four development projects currently under construction was \$59.2 million as of March 31, 2004. Anticipated construction completion dates of the projects range from the second quarter of 2004 to the fourth quarter of 2006.
- (3) Includes operating leases related to rental of office space.
- (4) We have employment agreements with two of our former executive officers, both of whom resigned from such executive positions, but who remain as employees and have agreed to provide various services to us from time to time through December 31, 2011. Each employment agreement requires that we pay to the former officers a base salary aggregating up to \$2.1 million over the period from July 1, 2001 to December 31, 2011 (beginning with calendar year 2002, up to \$200,000 on an annual basis). Each employment agreement also requires that we provide participation in our life insurance plan, office space, information systems support and administrative support for the remainder of each employee's life, and participation in our health and dental insurance plans until the last to die of the employee or such employee's spouse. Either party can terminate the employment agreements, effective 20 business days after written notice is given. The full base salary amount due shall be payable through 2011 whether or not the agreements are terminated earlier in accordance with their terms.

Subsequent to March 31, 2004, we executed separate contracts to purchase two communities in Charlotte, North Carolina for an aggregate purchase price of \$62.8 million. The acquisitions of these two communities are expected to be completed before the end of the second quarter of 2004 and are subject to normal and customary closing terms.

We carry terrorism insurance on all communities. The terrorism insurance is subject to coverage limitations, which we believe are commercially reasonable. No assurance can be given that material losses in excess of insurance proceeds will not occur in the future, or that insurance coverage for acts of terrorism will be available in the future.

We are subject to a variety of claims and suits that arise in the ordinary course of business, including actions with respect to contracts and cases in which claims have been brought against us by current and former employees, residents, independent contractors and vendors. While the resolution of these matters cannot be predicted with certainty, we believe that the final outcome of such matters will not be material to our financial position or results of operations. If we determine that a loss is probable to occur, the estimated amount of that loss would be recorded in the financial statements.

We are a party to a number of agreements and contracts pursuant to which we may be obligated to indemnify the other party with respect to certain matters. Typically, these obligations arise in contracts into which we enter, under which we customarily agree to hold the other party harmless against certain losses arising from breaches of representations, warranties and/or covenants related to such matters as, among others, title to assets, specified environmental matters, qualification to do business, due organization, non-compliance with restrictive covenants, laws, rules and regulations, maintenance of insurance and payment of tax bills due and owing. Additionally, with

respect to retail and office lease agreements we enter into as landlord, we may also indemnify the other party against damages caused by our willful misconduct or negligence associated with the operation and management of the building. Although no assurances can be made, we believe that if we were to incur a loss in any of these matters, such loss should not have a material effect on our financial condition or results of operations. Historically, payments made with regard to these agreements have not had a material effect on our financial condition or results of operations.

Funds from Operations

Funds from Operations ("FFO"), as defined by the National Association of Real Estate Investment Trusts ("NAREIT"), represents net income (loss) excluding gains from sales of property and extraordinary items, plus depreciation of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures, all determined on a consistent basis in accordance with GAAP. Effective January 1, 2003, we no longer add back impairment losses when calculating FFO pursuant to NAREIT's clarified FFO definition. Debt extinguishment costs which are recorded in discontinued operations because they were incurred directly as a result of the sale of a community are not specifically addressed by the NAREIT definition. Because of the limitations of the NAREIT FFO definition, we have made an interpretation in applying the definition to maintain consistent treatment with previous years' results. We include such debt extinguishment costs as a component of the community's total gain and, therefore, exclude them in the calculation of FFO. We believe that this interpretation is consistent with NAREIT's definition.

Our methodology for computing FFO may differ from the methodologies utilized by other real estate companies and, accordingly, may not be comparable to other real estate companies. FFO should not be considered as an alternative to net income (determined in accordance with GAAP) as an indication of financial performance, nor is it indicative of funds available to fund our cash needs, including our ability to make dividend or distribution payments. We believe that FFO is helpful to investors as a measure of the performance of an equity REIT because, along with cash flows from operating activities, financing activities and investing activities, it provides investors with an understanding of our ability to incur and service debt and to make capital expenditures. The denominator for FFO per share is diluted weighted average shares and units outstanding. Funds from Operations are calculated as follows (dollars in thousands, except per share amounts):

	Three Months Ended March 31,	
	2004	2003
Net income	\$ 2,299	\$ 5,189
Minority interest of Common Unitholders	249	676
Gain on sale of real estate assets	(47)	(3,136)
Depreciation and amortization:		
Real estate assets	11,180	9,575
Real estate joint venture	189	189
Funds from Operations	\$ 13,870	\$ 12,493
Net income per share - diluted	\$ 0.07	\$ 0.19
Funds from operations per share - diluted	\$ 0.40	\$ 0.41
Recurring capital expenditures (1)	\$ 1,329	\$ 799

Non-recurring capital expenditures (2)	\$ 468	\$ 220
Weighted average shares outstanding - basic	31,391,441	27,211,165
Weighted average shares outstanding - diluted	31,607,968	27,232,895
Weighted average shares and units outstanding -- basic	34,792,059	30,755,631
Weighted average shares and units outstanding -- diluted	35,008,586	30,777,361

(1) Recurring capital expenditures consist primarily of exterior painting, new appliances, vinyl flooring, blinds, tile, wallpaper and carpet.

(2) Non-recurring capital expenditures consist primarily of major renovations and upgrades of apartment homes.

Forward-Looking Statements

This report contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. You can identify forward-looking statements by the use of the words "believe," "expect," "anticipate," "intend," "estimate," "may," "assume" and other similar expressions which predict or indicate future events and trends and which do not relate solely to historical matters. In addition, information concerning the following are forward-looking statements:

- the future operating performance of stabilized communities;
- national economic conditions and economic conditions in our markets;
- the proposed development, acquisition or disposition of communities;
- anticipated construction commencement, completion, lease-up and stabilization dates; and
- estimated development costs.

You should not rely on forward-looking statements because they involve known and unknown risks, uncertainties and other factors, some of which are beyond our control. These risks, uncertainties and other factors may cause our actual results, performance or achievements to be materially different from the anticipated future results, performance or achievements expressed or implied by the forward-looking statements. Factors which could have a material adverse effect on our operations and future prospects include, but are not limited to:

- economic conditions generally and the real estate market specifically, including changes in occupancy rates, market rents and rental rate concessions and the failure of national and local economic conditions to rebound in a timely manner;
- changes in job growth, household formation and population growth in our markets;
- uncertainties associated with our development activities, including the failure to obtain zoning and other approvals, actual costs exceeding our budgets, construction material defects and increases in construction costs;

- the failure of investments to yield expected results;
- the failure to sell communities on favorable terms, in a timely manner or at all;
- the failure to locate favorable investment opportunities in our markets;
- construction delays due to the unavailability of materials, weather conditions or other delays;
- potential environmental liabilities and related property damages, costs of investigation and remediation, and liability to third parties;
- competition, which could limit our ability to secure attractive investment opportunities, lease apartment homes, or increase or maintain rents;
- supply and demand for apartment communities in our current market areas;
- availability and cost of financing and access to cost-effective capital;
- the inability to refinance existing indebtedness or to refinance existing indebtedness on favorable terms;
- changes in interest rates;
- changes in our debt ratings which could increase our cost of capital or impede our ability to raise debt financing;
- legislative and regulatory changes, including changes to laws governing the taxation of REITs;
- changes in GAAP, or policies and guidelines applicable to REITs; and
- those factors discussed below and in the sections entitled "Results of Operations for the Three Months Ended March 31, 2004 and 2003" on page 18 of this report, "Operating Performance of Our Same-Property Communities" beginning on page 20 of this report, "Operating Performance of Our Communities in Lease-Up" beginning on page 21 of this report, "Factors Affecting the Performance of Our Stabilized Development Communities" beginning on page 23 of this report and "Contractual Obligations" beginning on page 27 of this report.

You should consider these risks and uncertainties in evaluating forward-looking statements and you should not place undue reliance on forward-looking statements. These forward-looking statements represent our estimates and assumptions only as of the date of this report. We do not undertake to update these forward-looking statements. You should read this quarterly report on Form 10-Q in its entirety in conjunction with our financial statements for the three months ended March 31, 2004 and the related notes included in this report.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

There have been no material changes in our financial market risk since the filing of our Annual Report on Form 10-K for the year ended December 31, 2003.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures . As required by Rule 13a-15 under the Securities Exchange Act of 1934, as of the end of the period covered by this report, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures are effective to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms. We continue to review and document our disclosure controls and procedures, including our relevant internal control over financial reporting, and may from time to time make changes aimed at enhancing their effectiveness and to ensure that our systems evolve with our business.

(b) Changes in Internal Control Over Financial Reporting . There was no change in our internal control over financial reporting that occurred during the first quarter of the period covered by this Quarterly Report on Form 10-Q that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

30

PART II

Item 1. Legal Proceedings

On May 25, 2001, through our joint venture SZF, LLC, a Delaware limited liability company in which we owned 29.78% until July 3, 2003, on which date we purchased our joint venture partner's 70.22% interest, we entered into an agreement with Brickell View, L.C. ("Brickell View"), a Florida limited liability company, and certain of its affiliates relating to the formation of Coral Way, LLC, a Delaware limited liability company, to develop a new community in Miami, Florida. Brickell View agreed to be the developer of that community and certain of its affiliates signed guarantees obligating them to pay certain costs relating to the development (see Note 2 to our unaudited consolidated financial statements, which accompany this report). On August 12, 2003, we received notice of a suit filed by Brickell View and certain of its affiliates against SZF, LLC and certain Summit entities, including us, the Operating Partnership and Summit Management Company. The suit was originally filed in the Miami- Dade Circuit Court, but has been removed to the U.S. District Court for the Southern District of Florida. The suit relates to the business agreement among the parties in connection with the development and construction of the community by Coral Way. Brickell View and its affiliates allege breach of contract, breach of implied covenant of good faith and fair dealing, breach of fiduciary duties and constructive fraud on the part of SZF, LLC and constructive fraud on the part of the Summit entities, and seek both a declaratory judgment that the guarantee agreements have been constructively terminated and unspecified monetary damages. We intend to enforce our rights under the joint venture agreements. Although we may determine to terminate the development agreement based on Brickell View's failure to perform its obligations in accordance with the development agreement, we do not believe that there is any basis for allowing Brickell View or its affiliates to be released from their obligations under the development agreement or the guarantees. We believe that the allegations made by Brickell View and its affiliates are not supported by the facts and we intend to vigorously defend against this suit. On December 19, 2003, we received notice of a demand for arbitration asserted by Bermello, Ajamil & Partners, Inc. against Coral Way, LLC for unpaid architectural fees. In this demand, Bermello, Ajamil & Partners, Inc. allege that they are entitled to an increased architectural fee as a result of an increase in the cost of the project. We believe that the allegations made by Bermello, Ajamil & Partners, Inc. are not supported by the facts, and we will vigorously defend against this claim. Additionally, we will be asserting a cross-claim against Bermello, Ajamil & Partners, Inc. for damages related to the cost to correct certain structural and other design defects.

On May 6, 2003, the Operating Partnership purchased certain assets of Brickell Grand, Inc. ("Brickell Grand"), including the community known as Summit Brickell. At the time of purchase, Summit Brickell was subject to a \$4.1 million claim of construction lien filed by the general contractor, Bovis Land Lease, Inc. ("Bovis"), due to Brickell Grand's alleged failure to pay the full amount of the construction costs. Bovis sought to enforce this claim of lien against Brickell Grand in a suit filed on October 18, 2002 in Miami-Dade Circuit Court, Florida. We have met with Bovis to discuss the validity of its claim and have requested access to its backup and documentation; however, Bovis, to date, has failed to honor this request. In mid-2003, litigation with Bovis was temporarily stayed pending mediation. In September 2003, Bovis filed an amended complaint seeking to enforce an increased claim of lien of \$4.6 million. Mediation with Bovis ended unsuccessfully in November 2003. The litigation is proceeding in the Miami-Dade Circuit Court. As the current owner of Summit Brickell, which property is subject to the claim of lien, we are vigorously defending against these claims of lien and related litigation. As a result of several items claimed by Bovis in their amended claim of lien, we are asserting a counterclaim for a fraudulent mechanic's lien, as well as

counterclaims for breach of contract and breach of warranties. In early 2004, three subcontractors of Bovis, Gulf Plumbing, Inc., Big Bear Plastering, Inc., and Kone, Inc., filed separate suits in Miami-Dade Circuit Court against Brickell Grand, Bovis, Summit Properties Partnership, L.P., and other named parties to enforce claims of construction lien and/or claims against the contractor's bond in an aggregate amount of approximately \$600,000 filed due to the defendants' alleged failure to pay the full amount of the construction cost. These claims should be subject to dismissal based on the contractor's bond, as well as other defenses, and we are vigorously defending against these claims.

31

Item 2. Changes in Securities

During the three months ended March 31, 2004, we issued to limited partners of the Operating Partnership 14,456 shares of our common stock in exchange for the corresponding number of common units. These shares of our common stock were issued in reliance upon an exemption under Section 4(2) of the Securities Act of 1933, as amended. In light of the information obtained by us in connection with these transactions, we believe that we may rely on this exemption.

Item 3. Defaults Upon Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

No matters were submitted to a vote of our security holders during the first quarter of 2004.

Item 5. Other Information

None

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits

- 10.7 Indemnification Agreements, dated as of various dates, by and among Summit, the Operating Partnership, and each director and each of the following executive officers of Summit: Steven R. LeBlanc, Michael L. Schwarz, Randall M. Ell, Gregg D. Adzema, Keith L. Downey and Todd R. Farrell (Incorporated by reference to Exhibit 10.3 to Summit's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 1999, File No. 001-12792).
- *10.8.8 Employment Agreement, dated December 8, 2003 by and among Summit, Summit Management Company and Todd R. Farrell.
- *10.9.6 Noncompetition Agreement, dated December 8, 2003 by and among Summit, Summit Management Company and Todd R. Farrell.
- *10.10.6 Executive Severance Agreement, dated December 8, 2003, between Summit and Todd R. Farrell.
- * 12.1 Statement regarding calculation of Ratio of Earnings to Fixed Charges for the three months ended March 31, 2004.

- * 31.1 Certification by Chief Executive Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- * 31.2 Certification by Chief Financial Officer pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
- ** 32.1 Certification by Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- ** 32.2 Certification by Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
- * Filed herewith.
Furnished herewith. This certification shall not be deemed "filed" for purposes of Section 18 of the Exchange Act, or otherwise subject to the liability of that section, nor shall it be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act.
- **
- (b) Reports on Form 8-K
- None
