SECTION 2 - FINANCIAL INFORMATION

ITEM 2.02. COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES

Edgar Filing: WAUSAU PAPER CORP. - Form 8-K

On July 6, 2005, the Company announced plans to permanently close the sulfite pulp mill at its Brokaw, Wisconsin, papermaking facility. Papermaking operations at the Central Wisconsin facility will be unaffected by the closure, as internally-generated sulfite pulp will be replaced by market pulp sourced from existing suppliers. The plan to close the sulfite pulp mill was outlined to affected employees on July 6.

The closure, which is due to the pulp mill's high cost of operations and capital investment requirements related to the unit's aging plant and equipment, is expected to take place by the end of 2005. The closure of the sulfite pulp mill is expected to reduce the Company's average pre-tax cash cost of operations by approximately \$4 million annually, with avoided capital investment adding another \$4 million average annual benefit.

In 2004, the pulp mill supplied 80,000 tons of pulp, or approximately half of the fiber requirements necessary to operate Brokaw's four paper machines. The shutdown will affect approximately 60 permanent jobs.

Pre-tax closure and operating charges over the most recent and the next four quarters are estimated to be approximately \$44 million, consisting primarily of non-cash charges related to the write-down of long-lived assets and inventories. The charges also include one-time termination benefits and other associated costs. Pre-tax closure charges of approximately \$9 million, \$23 million, and \$11 million are expected in the second, third, and fourth quarters of 2005, respectively. The Company expects that the remaining pre-tax closure costs of approximately \$1 million will be incurred during the first two quarters of 2006.

The estimated costs to be incurred by the Company include approximately \$33 million in accelerated depreciation charges through the anticipated closure date, \$6 million related to the write-down of pulpwood and other inventories, \$3 million in costs associated with the isolation of certain utility and other operations from the ongoing papermaking operations, \$1 million in training and other employee-related costs, and \$1 million in other related closure costs. The Company estimates that, net of amounts received from the liquidation of pulpwood inventories, cash needs to complete the closure will be minimal.

Including the \$0.12 per share after-tax charge related to the sulfite mill closure, the Company expects second quarter net losses of approximately \$0.06 per share, which is consistent with the Company's earlier guidance for the second quarter.

FORWARD LOOKING STATEMENTS

Statements concerning the Company's announced closure of the Brokaw sulfite pulp mill constitute forward-looking information regarding the Company pursuant to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. While the Company believes that these forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance, and all such statements involve risk and

uncertainties that could cause actual results to differ materially from those contemplated in this report. The assumptions, risks, and uncertainties relating to the forward-looking statements in this report include general economic and business conditions, changes in the prices and supply of raw materials or energy, competitive pricing in the markets served by the Company as a result of economic conditions, overcapacity in the industry and the demand for paper products, manufacturing problems at Company facilities and various other risks and assumptions. These and other assumptions, risks, and uncertainties are described under the caption "Cautionary Statement Regarding Forward-Looking Information" in Item 1 of the Company's Annual Report on Form

Edgar Filing: WAUSAU PAPER CORP. - Form 8-K

10-K for the year ended December 31, 2004, and from time to time, in the Company's other filings with the Securities and Exchange Commission. The Company assumes no obligation to update or supplement forward-looking statements that become untrue because of subsequent events.
