(3)

the level of achievement of specified individual performance objectives, including, by way of example, achievement of targeted levels with respect to working capital efficiency, sales volume and product mix, operating efficiencies, cost containment, and rates of return on approved capital projects, and the achievement of specific goals with respect to timberlands divestiture, human resources, and strategic direction or development.

Maximum potential payments under the plan are described in the following table.

### Equity-Based Incentive Compensation

On January 2, 2007, the Compensation Committee awarded restricted stock units and options under the Company's Equity Incentive Plan. An individual officer's grant at each tier will vest upon the Company's achievement of targeted levels of return on capital employed for such tier and, with respect to the restricted stock units, the satisfaction of minimum service criteria. The maximum potential award for the CEO, CFO, and each of the named executive officers is the cumulative award payable under each of Tiers I, II, and III.

Tier I	Tier II	Tier III
Restricted stock units equal to 12% of base salary <sup>(1)</sup>	Options (100 shares per \$2,000 base salary) <sup>(2)</sup>	Options (100 shares per \$2,000 base salary) <sup>(2)</sup>

(1) Number of shares determined by closing price of Company stock (\$14.99) on last business day preceding grant as markets were closed on date of grant.

(2) Exercise price of \$14.99 per share (closing price of Company stock on last business day preceding grant as markets were closed on date of grant).
