PROXY STATEMENT  
ANNUAL MEETING OF SHAREHOLDERS  
APRIL 5, 2002

GENERAL

## Edgar Filing: CHESAPEAKE FINANCIAL SHARES INC - Form DEF 14A

The enclosed proxy is solicited by the Board of Directors of Chesapeake Financial Shares, Inc. (the "Company") for the Annual Meeting of Shareholders of the Company to be held on Friday, April 5, 2002, at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. The approximate mailing date of this Proxy Statement and accompanying proxy is March 6, 2002.

### Revocation and Voting of Proxies

Execution of a proxy will not affect a shareholder's right to attend the Annual Meeting and to vote in person. Any shareholder who has executed and returned a proxy may revoke it by attending the Annual Meeting and requesting to vote in person. A shareholder may also revoke his proxy at any time before it is exercised by filing a written notice with the Company or by submitting a proxy bearing a later date. Proxies will extend to, and will be voted at, any adjourned session of the Annual Meeting.

### Voting Rights of Shareholders

Only shareholders of record at the close of business on February 1, 2002, the record date, are entitled to notice of and to vote at the Annual Meeting or any adjournment thereof. As of the close of business on February 1, 2002, 1,255,398 shares of the Company's common stock, par value \$5.00 per share, were outstanding and entitled to vote at the Annual Meeting. The Company has no other class of stock outstanding. A majority of the votes entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business. Shares for which the holder has elected to abstain or to withhold the proxies' authority to vote (including broker non-votes) on a matter will count toward a quorum, but will not be included in determining the number of votes cast with respect to such matter.

Each share of the Company's common stock entitles the record holder thereof to one vote upon each matter to be voted upon at the Annual Meeting, except with respect to the election of directors for which shareholders have cumulative voting rights. Cumulative voting entitles a shareholder to give one nominee as many votes as is equal to the number of directors to be elected, multiplied by the number of shares owned by such shareholder, or in the alternative, to distribute his or her votes on the same principle between two or more nominees as he or she sees fit.

### Solicitation of Proxies

The cost of solicitation of proxies will be borne by the Company. Solicitation is being made by mail, and if necessary, may be made in person or by telephone, or special letter by officers and regular employees of the Company or its subsidiaries, acting without compensation other than regular compensation.

### Principal Shareholders

Mr. Douglas D. Monroe, Jr., who is a director and executive officer of the Company and its wholly-owned subsidiaries, Chesapeake Bank (the "Bank") and Chesapeake Investment Group, Inc., is the only individual who beneficially owns 5% or more of the common stock of the Company. His ownership as of February 1, 2002 is shown in the table below. The address of Mr. Monroe is the same as the Company's principal offices.

As of February 1, 2002, the directors and executive officers of the Company beneficially owned as a group 547,314 shares, or approximately 41.9% of the Company's common stock (including shares for which they hold presently

exercisable stock options).

### ELECTION OF DIRECTORS - PROPOSAL ONE

The Bylaws of the Company provide that the Board shall consist of not less than three nor more than nine directors, with the exact number within such limits to be fixed according to the number elected by the shareholders. The Board is nominating eight persons as directors of the Company for 2002. The persons named below, each of whom are members of the present Board of Directors of the Company, will be nominated for election to serve until the next annual meeting and until their successors have been duly elected and have qualified.

It is the intention of the persons named in the proxy to vote for the election of the eight nominees named below. The election of each nominee requires the affirmative vote of the holders of a plurality of the shares of common stock cast in the election of directors. If for any reason any of the persons named below should become unavailable to serve, then the proxies will be voted for such substitute nominees as the Board of Directors may designate. Management has no reason to believe that any of the nominees will be unavailable.

### Employee Benefit Plans

Pension Plan. The Bank has a noncontributory defined benefit pension plan for all full-time employees at least 18 years of age. The pension plan is designed to assist employees in providing for their retirement income security. All employees who complete at least 1,000 hours of service each year are automatically eligible to participate. The Bank funds pension costs in accordance with the funding provisions of the Employee Retirement Income Security Act. All contributions to the pension plan are made by the Bank. Employees become fully vested after five years of credited service.

Upon retiring at normal retirement age, pension plan participants will receive an annual pension based on their years of service. The normal retirement age under the pension plan is 65. Reduced benefits are available as early as age 55 if at least ten years of credited service have been completed. Cash benefits under the pension plan generally commence on retirement, death, or other termination of employment and are payable in various forms, generally at the election of the participant.

Employee Stock Ownership Plan. The Bank has adopted a tax-credit employee stock ownership plan (the "ESOP"). Each employee of the Bank who completes at least 1,000 hours of service each year is eligible to participate in the ESOP beginning on any January 1 after he or she completes one year of service and reaches the age of 18.

Contributions each year are at the discretion of the Board of Directors, within certain limitations prescribed by federal tax regulations. Compensation expense related to the ESOP was \$30,000 in 2001, and was \$20,000 in each of 2000 and 1999. The ESOP intends to invest contributions received in shares of the Company's common stock.

Under the ESOP, the Bank will make contributions in cash necessary to service loans to the ESOP and may make additional discretionary contributions in cash or stock of the Company (the "ESOP Contribution"). In addition, the Bank will make further contributions designed to satisfy certain nondiscrimination requirements of the Internal Revenue Service, if such requirements should ever become applicable (the "Top-Heavy Contribution"). Participants in the ESOP are neither required nor permitted to make contributions.

ESOP and Top-Heavy Contributions become fully vested when a participant reaches age 65, whether or not he retires at that time, when a participant has completed 7 years of service, becomes permanently or totally disabled, or dies while employed by the Bank. If a participant leaves before the occurrence of one of these events, the ESOP and Top-Heavy Contributions allocated to his account will

6

become 20% vested after 3 years of service, 40% vested after 4 years of service, 60% vested after 5 years of service, 80% vested after 6 years of service, and 100% vested after 7 years of service.

Distribution of benefits under the ESOP to a participant or beneficiary is made after death, retirement, or termination of employment in a single payment consisting of cash and to the extent allocated to his account, common stock of the Company. Each participant or beneficiary may direct that all

## Edgar Filing: CHESAPEAKE FINANCIAL SHARES INC - Form DEF 14A

distributions be made in the form of common stock of the Company or, conversely, may direct that all distributions be made in the form of cash.

401(k) Plan. The Company maintains a defined contribution plan established in accordance with Section 401(k) of the Internal Revenue Code (the "401(k) Plan"). Employees who have attained age 18 are eligible to participate after one year of employment. The 401(k) Plan provides for employee pre-tax contributions not to exceed 15% of the employee's compensation. The Company matches 25% of an employee's contributions up to the first 6% of the employee's compensation. Company contributions, if any, vest 30% after 3 years of service, 40% after 4 years of service, 60% after 5 years of service, 80% after 6 years of service, and 100% after 7 years of service. Distributions are made at death, retirement or other termination of employment. Distributions may be made in a lump sum cash payment, in the form of annuities, or in annual installment payments.

401(k) Overflow Deferred Compensation Plan. The Company maintains a voluntary non-qualified deferred compensation plan for certain highly compensated employees under which participants may elect to contribute on a pre-tax basis compensation the participants would have contributed to the Company's 401(k) Plan but for limits on contributions to that plan imposed under the Internal Revenue Code. Distributions are made at death, retirement, or other termination of employment. Distributions may be made in a lump sum cash payment, in the form of annuities, or in annual installment payments.

Stock Options. As of February 1, 2002, the Company had options outstanding covering 102,520 shares of common stock, of which options covering 59,520 shares are currently exercisable. Options are generally not exercisable until after three years from the date of issuance. The table below shows the stock option grants made to each of the executive officers named in the Summary Compensation Table during 2001.

Name -----	Number of Securities Underlying Options Granted -----	% of Total Options Granted To Employees in 2001 -----	Exercise Price (1) -----	Expiration Date (2) -----

Jeffrey M. Szyperski	3,500	28.0	14.50	2008
John H. Hunt, II	1,000	8.0	14.50	2008

-----  
 (1) The exercise price is based on the market value of a share of common stock at the time the option was granted, with the exception of the options granted to Mr. Monroe which exercise price must be set at 10% above market value in accordance with the provisions of the Company's stock option plan and applicable regulations.

(2) The expiration date for the options granted to Mr. Monroe is shortened by two years in accordance with the provisions of the Company's stock option plan and applicable regulations.

The following table shows information with respect to exercises of options to purchase common stock by each executive officer named in the Summary Compensation Table during 2001 and with

respect to the aggregate value of options held by each executive officer named in the Summary Compensation Table as of December 31, 2001.

- (1) Calculated by subtracting the exercise price from the fair market value of the stock as of the exercise date.
- (2) Calculated by subtracting the exercise price from the market value of the stock at December 31, 2001.

Deferred Compensation Arrangement. In 1984, the Company entered into a deferred compensation agreement with Mr. Monroe under the terms of which Mr. Monroe was required to work through April of 1994 in order to earn the right to receive payments from the Company of \$3,042 per month for 180 months beginning at the date of his retirement from the Company, but in no event prior to his reaching age 70. The Company has funded its deferred compensation commitment through a life insurance policy on Mr. Monroe.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to Section 16(a) of the Securities Exchange Act of 1934, directors and executive officers of the Company are required to file reports with the Securities and Exchange Commission indicating their holdings of and transactions in the Company's equity securities. To the Company's knowledge, based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required, insiders of the Company complied with all filing requirements during the fiscal year ended December 31, 2001.

INDEBTEDNESS AND CERTAIN TRANSACTIONS

In calendar year 2001 and up to the present time, there were transactions between the Bank and certain of the officers and directors of the Company and the Bank and their known associates, all consisting of extensions of credit by the Bank in the ordinary course of its business. Each transaction was made on substantially the same terms, including interest rates, collateral, and repayment terms, as those prevailing at the time for comparable transactions with the general public. In the opinion of management, none of the transactions involves more than the normal risk of collectibility or presents other unfavorable features. Thus, the Bank has had, and the Bank expects to have in the future, banking transactions in the ordinary course of its business with the officers and directors of the Company and the Bank and their associates on the same terms, including interest rate, collateral and repayment terms on loans, as

Edgar Filing: CHESAPEAKE FINANCIAL SHARES INC - Form DEF 14A

those prevailing at the same time for comparable transactions with others.
