USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities offered by this prospectus for general corporate purposes unless otherwise indicated in the prospectus supplement or pricing supplement relating to a specific issue of securities. Our general corporate purposes may include repurchasing shares of our common stock, acquisitions of other companies, extending credit to, or funding investments in, our subsidiaries and such other purposes indicated in the applicable prospectus supplement or pricing supplement. The precise amounts and timing of our use of the net proceeds will depend upon our, and our subsidiaries', funding requirements and the availability of other funds. Until we use the net proceeds from the sale of any of our securities for general corporate purposes, we will use the net proceeds to reduce our short-term indebtedness or for temporary investments. CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES

Our consolidated ratios of earnings to fixed charges were as follows for the five fiscal years in the period ended December 31, 2002 and the three months ended March 31, 2003 and March 31, 2002:

	Three Months Ended		Year Ended December 31,				
	March 31,						
	2003	2002	2002	2001	2000	1999	1998
Earnings to fixed charges:							
Including interest on deposits	2.27 x	1.95 x	2.05 x	1.56 x	1.39 x	1.56 x	1.55 x
Excluding interest on deposits	3.91	3.30	3.52	2.56	2.12	2.69	2.86

For purposes of computing these ratios, earnings represent income from continuing operations before extraordinary items and cumulative effects of changes in accounting principles plus income taxes and fixed charges

(excluding capitalized interest). Fixed charges excluding interest on deposits represent interest (other than on deposits, but including capitalized interest), one-third (the proportion representative of the interest factor) of rents and all amortization of debt issuance costs. Fixed charges, including interest on deposits, represent all interest (including interest on deposits and capitalized interest), one-third (the proportion representative of the interest factor) of rents and all amortization of debt issuance costs.

REGULATORY CONSIDERATIONS

The Federal Reserve Board regulates, supervises and examines BB&T, which is a financial holding company under the Bank Holding Company Act. For a discussion of the material elements of the regulatory framework applicable to financial holding companies and their subsidiaries and specific information relevant to BB&T, please refer to our annual report on Form 10-K for the fiscal year ended December 31, 2002 and any subsequent reports we file with the SEC, which are incorporated by reference in this prospectus. This regulatory framework is intended primarily for the protection of account holders. As a result of this regulatory framework, our earnings are affected by actions of the Federal Reserve Board, the Federal Deposit Insurance Corporation, which insures the deposits of our banking subsidiaries within certain limits and regulates our banking subsidiaries, and the SEC, which regulates the activities of certain subsidiaries engaged in the securities business. In addition, our banking subsidiaries are subject to regulation by state banking authorities.

Depository institutions, like BB&T's bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. BB&T also has other financial services subsidiaries that are regulated, supervised and examined by the Federal Reserve Board and other state and federal regulatory agencies and self-regulatory organizations. BB&T's insurance subsidiaries are regulated, supervised and examined by various state insurance authorities.

Changes to federal laws and regulations and to the laws and regulations in the states where we and our subsidiaries do business can affect the operating environment of financial holding companies and their subsidiaries in substantial and unpredictable ways. We cannot accurately predict whether legislation will ultimately be enacted, and, if enacted, the ultimate effect that it, or implementing regulations, would have upon our or our subsidiaries' financial condition or results of operations.

DESCRIPTION OF THE DEBT SECURITIES

The debt securities will constitute either senior debt securities or subordinated debt securities. The senior debt securities will be issued under a senior indenture with State Street Bank and Trust Company, as senior trustee. The subordinated debt securities will be issued under a subordinated indenture, with State Street Bank and Trust Company, as subordinated trustee. We collectively refer to the senior indenture and the subordinated indenture as the indentures and the senior trustee and the subordinated trustee as the trustee.

In the event of the resignation or removal of the trustee prior to the issuance of a particular series of debt securities, the trustee for such series of debt securities will be identified in the prospectus supplement for such series, and all references to trustee shall be deemed to mean the trustee so identified. No trustee shall be responsible for the acts, obligations, liabilities or responsibilities of any other trustee. The following summaries of certain provisions of the indentures may not be complete and are subject to, and are qualified in their entirety by reference to, all the provisions of the indentures. Wherever particular sections or defined terms of the indentures are referred to, we intend

that such sections or definitions shall be incorporated herein by reference. Capitalized terms not otherwise defined in this prospectus or in the applicable prospectus supplement have the meanings given such terms in the indentures.

The following sets forth certain terms and provisions of the debt securities to which any prospectus supplement or pricing supplement may relate. When we offer any debt securities -- which we refer to as Offered Securities -- we will describe in that prospectus supplement or pricing supplement the particular terms of the Offered Securities and the extent, if any, to which such general provisions may apply to the Offered Securities.

Debt Securities Generally

The indentures do not limit the aggregate principal amount of debt securities that may be issued under them and provide that debt securities may be issued from time to time in one or more series. The debt securities will be our direct, unsecured obligations and will not be obligations of a bank insured by the FDIC or any other government agency. Neither the indentures nor the debt securities will limit or otherwise restrict the amount of other indebtedness that we may incur or other securities that we or any of our subsidiaries may issue.

We refer you to the prospectus supplement or pricing supplement relating to each particular series of Offered Securities for definitions of the following terms of those Offered Securities:

- the title;
- any limit on the aggregate principal amount;
- whether the Offered Securities are senior debt securities or subordinated debt securities;
- the price or prices, expressed as a percentage of the aggregate principal amount of the Offered Securities, at which the Offered Securities will be issued;
- the date or dates on which the Offered Securities will mature;
- the rate or rates, which may be fixed or floating, per year at which the Offered Securities will bear interest, if any, or the method of determining the interest rates;
- the date from which interest, if any, on the Offered Securities will accrue, the dates on which interest, if any, will be payable, the date on which payment of interest, if any, will commence and the regular record dates for such interest payment dates, if any;
- the extent to which any of the Offered Securities will be issuable in the form of one or more temporary or permanent global securities, and if so, the identity of the depository for the global securities, or the manner in

which any interest payable on temporary or permanent global securities will be paid;

- the dates, if any, on which, and the price or prices at which, we will, pursuant to any mandatory sinking fund provisions, or may, pursuant to any optional sinking fund or any purchase fund provisions, redeem the Offered Securities, and the other detailed terms and provisions of such sinking and/or purchase funds;
- the date, if any, after which, and the price or prices at which, we may, pursuant to an optional redemption provision, redeem the Offered Securities or the holder of the Offered Securities may require us to redeem them, and the other detailed terms and provisions of such optional redemption;

9

-
- the denomination or denominations in which the Offered Securities are authorized to be issued;
 - whether the Offered Securities will be issued as registered securities, bearer securities, or both and any limitations on the issuance of such bearer securities, including exchange for registered securities of the same series;
 - information with respect to book-entry procedures;
 - each office or agency where, subject to the terms of the applicable indenture, the Offered Securities may be presented for registration of transfer or exchange; and
 - any other terms of the Offered Securities, which will not be inconsistent with the provisions of the applicable indenture.

We may issue debt securities as original issue discount securities to be sold at a substantial discount below their principal amount. If we do, we will describe special federal income tax and other considerations relating to the original discount securities in the applicable prospectus supplement or pricing supplement.

We may issue debt securities as registered securities, bearer securities or both. Unless we otherwise indicate in the applicable prospectus supplement or pricing supplement, each series of debt securities will be registered securities. Debt securities issued as bearer securities will have interest coupons attached, unless issued as zero coupon securities. Unless we otherwise indicate in the applicable prospectus supplement or pricing supplement, we will issue registered securities only in denominations of \$1,000 or integral multiples thereof and bearer securities only in denominations of \$5,000 or integral multiples thereof.

We will not offer, sell or deliver bearer securities in connection with their original issuance in the United States or to any United States person other than to offices located outside the United States of certain United States financial institutions. United States person means any citizen or resident of the United States, any corporation, partnership or

other entity created or organized in or under the laws of the United States or any estate or trust the income of which is subject to United States federal income taxation regardless of its source. United States means the United States of America, including the States and the District of Columbia, and its possessions. Purchasers of bearer securities will be subject to certification procedures and may be affected by certain limitations under United States tax laws. Those procedures and limitations will be described in the prospectus supplement relating to the offering of the bearer securities.

The applicable prospectus supplement will include a description of the requirements for certification of ownership by non-United States persons that will apply prior to the issuance of bearer securities or the payment of interest that occurs prior to the issuance of bearer securities.

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, registered securities of any series, other than a global security, except as set forth below, will be exchangeable into an equal aggregate principal amount of registered securities of the same series, tenor and terms of different authorized denominations and bearer securities may be exchanged for registered securities on the terms set forth in the applicable prospectus supplement. Registered securities will not be exchangeable for bearer securities. Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, debt securities may be presented for exchange, and registered securities (other than a global security) may be presented for registration of transfer, at the offices of the appropriate trustee. We also may designate in the applicable prospectus supplement or pricing supplement the corporate trust department of Branch Bank as an office where the transfer of the registered securities may be registered.

No service charge will be made for any registration of transfer or exchange of the debt securities, but we may require payment sufficient to cover any tax or other governmental charge payable in connection therewith.

Payment and Paying Agent

Unless otherwise indicated in the applicable prospectus supplement or pricing supplement, payment of principal of and any premium and interest on registered securities will be made at the office of the appropriate trustee, except that at our option interest may be paid by mailing a check to the address of the person entitled thereto as it appears on the security register (Section 3.02 of the senior indenture; Section 4.02 of the subordinated indenture). We also may designate in the applicable prospectus supplement or pricing supplement the corporate trust department of Branch Bank, as an office where principal and any premium and interest on registered securities may be paid. Paying agents will be named in the prospectus supplement or pricing supplement and may be terminated at any time.

Unless otherwise indicated in the applicable prospectus supplement, payment of principal of and any premium and interest on bearer securities will be made, subject to applicable laws and regulations, at such paying agencies outside the United States as we may designate from time to time. Any such payment may be made, at the option of the holder, by check or by transfer to an account maintained by the payee with a bank located outside the United States.

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on bearer securities will be made only against surrender of the coupon relating to the relevant interest payment date. No payment with respect to any bearer security will be made at any office or agency in the United States or by check mailed to any address in the United States or by transfer to an account maintained with a bank located in the United States.

Restriction on Sale or Issuance of Voting Stock of Principal Constituent Banks

Except as described below under Consolidation, Merger, Sale, Conveyance and Lease, each indenture prohibits our sale or other disposition of shares of or securities convertible into, or options, warrants or rights to subscribe for or purchase shares of voting stock of a Principal Constituent Bank or a Principal Constituent Bank's issuance of its own shares of or securities convertible into, or options, warrants or rights to subscribe for or purchase its own shares of voting stock if, in each case, after giving effect to such transaction the Principal Constituent Bank would cease to be a Controlled Subsidiary. In addition, each indenture prohibits the merger or consolidation of a Principal Constituent Bank with any other corporation unless we are or a Controlled Subsidiary is the surviving corporation, and the lease, sale or transfer of all or substantially all the assets of a Principal Constituent Bank to any corporation or person, except to us or a Controlled Subsidiary or a person that, upon such lease, sale or transfer, will become our successor company or a Controlled Subsidiary. The indentures, however, do not prohibit any such sale, assignment, transfer or disposition of securities, any such merger or consolidation or any such lease, sale or transfer of properties and assets if required by law or as a condition imposed by law to the acquisition by us or any Controlled Subsidiary, directly or indirectly, of any person if, thereafter:

- such person would be a Controlled Subsidiary;
- our Consolidated Net Banking Assets would not be decreased; and
- Branch Bank would still be a Controlled Subsidiary (Section 3.06 of the senior indenture; Section 4.06 of the subordinated indenture).

Controlled Subsidiary means any subsidiary of which more than 80% of the aggregate voting power of the outstanding shares of the voting stock is at the time owned directly or indirectly by us or by one or more of our Controlled Subsidiaries, after giving effect to the issuance to any person other than us or any Controlled Subsidiary of voting stock of the subsidiary issuable on exercise of options, warrants or rights to subscribe for such voting stock or on conversion of securities convertible into such voting stock.

Principal Constituent Bank means Branch Bank and, at any time, any other bank subsidiary the total assets of which, as set forth in the most recent statement of condition of such bank subsidiary, equal more than 30% of the total assets of all bank subsidiaries as determined from the most recent statements of condition of the bank subsidiaries.

Limitation on Creation of Liens

Each indenture provides that we will not create, assume, incur or suffer to exist any pledge, encumbrance or lien, as security for indebtedness for borrowed money, upon any shares of, or securities convertible into, or options, warrants or rights to subscribe for or purchase shares of, voting stock of a Principal Constituent Bank, if, treating the pledge, encumbrance or lien as a transfer to the secured party, the Principal Constituent Bank would not be a Controlled Subsidiary (Section 3.07 of the senior indenture; Section 4.07 of the subordinated indenture).

Neither indenture restricts us from incurring, assuming or becoming liable for any type of debt nor from creating, assuming, incurring or permitting to exist any mortgage, pledge, encumbrance, lien or charge on our property (except the voting stock of a Principal Constituent Bank). In addition, neither indenture requires us to maintain any financial ratios or specified levels of net worth or liquidity and or any other provisions that would provide protection to holders of the debt securities due to a sudden or dramatic decline in the credit quality of the debt securities caused by a change in control, recapitalization or other capital restructuring.

Modification of the Indentures; Waiver of Covenants

Each indenture contains provisions permitting us and the trustee to modify the indenture with the consent of the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of each series affected thereby, except that, without the consent of the holder of each debt security affected thereby, no such modification may, among other things:

- change the stated maturity date of the principal of or any premium, or any installment of interest on, any outstanding security;
- reduce the principal amount of, or any premium or interest on, any outstanding security;
- reduce the amount of principal of an original issue discount security payable upon acceleration of the maturity thereof;
- change the place of payment of principal of, or any premium or interest on, any outstanding security;
- impair the right to institute suit for the enforcement of any payment on or with respect to any outstanding security;
- reduce the percentage in principal amount of outstanding securities of any series the consent of whose holders is required for modification or amendment of the indenture or for waiver of compliance with certain provisions of the indenture or for waiver of certain defaults and their consequences; or
- in the case of the subordinated indenture, make any change in the subordination provisions that adversely affects the rights of any holder of subordinated debt securities.

Prior to any acceleration of the debt securities of any series, the holders of a majority in aggregate principal amount of the outstanding debt securities of such series may waive any past default or event of default under the applicable indenture, except a default under a covenant that cannot be modified without the consent of each holder of a debt security of the series affected thereby (Section 4.07(b) of the senior indenture; Section 5.07(b) of the subordinated indenture). In addition, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may rescind a declaration of acceleration of the debt securities of any series before any judgment has been obtained if:

- we pay the trustee certain amounts due the trustee plus all matured installments of principal of and any premium and interest on the debt securities of such series, other than installments due by acceleration, and interest on the overdue installments to the extent provided in the applicable indenture, and

12

-
- all other defaults with respect to the debt securities of that series under the applicable indenture have been cured or waived (Section 4.01 of the senior indenture; Section 5.01 of the subordinated indenture).

Consolidation, Merger, Sale, Conveyance and Lease

Each indenture provides that we may not consolidate with or merge into another corporation, or convey, transfer or lease our properties and assets substantially as an entirety to any person unless:

- the successor is organized under the laws of any domestic jurisdiction and assumes our obligations on the debt securities and under the applicable indenture;
- after giving effect to the transaction, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, has occurred and is continuing; and
- certain other conditions are met (Section 9.01 of the senior indenture; Section 10.01 of the subordinated indenture).

In that event, the successor will be substituted for us and, except in the case of a lease, we will be relieved of our obligations under the applicable indenture and the debt securities of each series (Section 9.02 of the senior indenture; Section 10.02 of the subordinated indenture).

The Trustee

We will have no material relationship with the trustee other than as trustee. Any Principal Constituent Bank may transact business with the trustee in the ordinary course.

The indentures, under the Trust Indenture Act of 1939, are deemed to contain certain limitations on the right of the trustee, as our creditor, to obtain payment of claims in certain cases or to realize on certain property received in respect of any such claim, as security or otherwise. The trustee will be permitted to engage in transactions with us, provided that those transactions do not result in a material relationship between the trustee and us. The occurrence of a default under either indenture with respect to subordinated debt securities or senior debt securities could create a conflicting interest for the trustee under the Trust Indenture Act. If the default has not been cured or waived within 90 days after the trustee has or acquires a conflicting interest, the trustee generally is required by the Trust Indenture Act

to eliminate such conflicting interest or resign as trustee with respect to the senior debt securities or the subordinated debt securities. In the event of the trustee's resignation, we promptly will appoint a successor trustee with respect to the affected securities.

Senior Debt Securities

The senior debt securities will be our direct, unsecured obligations and will rank equally and ratably with all our outstanding unsecured and unsubordinated indebtedness.

Events of Default

The senior indenture defines an event of default with respect to any particular series of senior debt securities as being any one of the following events unless it is either inapplicable to a particular series or specifically deleted or modified for the senior debt securities of such series:

- default for 30 days in the payment of any interest upon any of the senior debt securities of that series;

13

-
- default in the payment of the principal of or any premium on any of the senior debt securities of that series when due;
 - default in the payment of any sinking fund installment or analogous obligation with respect to any of the senior debt securities of that series when due;
 - a default or event of default under any instrument under which there may be issued or borrowed, or by which there may be secured or evidenced, any of our indebtedness, other than the senior debt securities of that series or indebtedness to a subsidiary, or any indebtedness of any subsidiary, other than indebtedness of any subsidiary to us or to another subsidiary, shall happen and not less than \$1,000,000 of such indebtedness shall be past due, or become due by acceleration, and such indebtedness or acceleration is not discharged or rescinded within 15 days after notice by the senior trustee or holders of at least 25% in aggregate principal amount of the outstanding senior debt securities of that series calculated in accordance with the formula set forth in such series in the case of a series of senior debt securities issued as original issue discount securities;
 - final judgment(s) or order(s) for the payment of money in excess of \$1,000,000 is entered against us or one or more Principal Constituent Banks and within 90 days of entry is not discharged or the execution thereof is not stayed pending appeal, or within 90 days after the expiration of the stay the judgment(s) or order(s) is not discharged;
 - default in the observance or performance of any other covenant or agreement in the senior debt securities of such series or the senior indenture for 90 days after notice by the senior trustee or holders of at least 25% in

aggregate principal amount of the outstanding senior debt securities of the series calculated in accordance with the formula set forth in such series in the case of a series of senior debt securities issued at an original issue discount; or

- certain events of bankruptcy, insolvency or reorganization involving us or a Principal Constituent Bank (Section 4.01).

If an event of default with respect to the senior debt securities of any series shall occur and be continuing, the senior trustee or the holders of not less than 25% in aggregate principal amount (in the case of a series of senior debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of all the outstanding senior debt securities of that series may declare the principal (or in the case of a series of senior debt securities issued at an original issue discount, the amount calculated in accordance with the formula set forth in such series of senior debt securities) of all the securities of that series to be immediately due and payable (Section 4.01). The senior indenture provides that the senior trustee, within 90 days after the occurrence of a default with respect to senior debt securities of any series under the senior indenture, shall mail to the holders of the senior debt securities of that series notice of all uncured defaults known to it that have not been waived. The term defaults includes events specified above that, after notice or lapse of time or both, would become an event of default. Except in the case of default in the payment of principal of or any premium or interest on any of the senior debt securities of that series or in the making of any sinking fund payment or analogous obligation with respect to the senior debt securities of that series, however, the senior trustee may withhold such notice if it in good faith determines that withholding such notice is in the interest of the holders of the securities of that series (Section 4.08).

Subject to the provisions of the senior indenture relating to the duties of the senior trustee in case an event of default shall occur and be continuing, the senior trustee is under no obligation to exercise any of the rights or powers vested in it under the senior indenture at the request, order or direction of any of the holders of the senior debt securities, unless such holders offer to the senior trustee reasonable security or indemnity (Section 5.02(d)). Subject to certain limitations contained in the senior indenture, including among other limitations that the senior trustee will not be exposed to personal liability, the holders of a majority in aggregate principal amount of the outstanding senior debt securities of all series affected, voting as one class, have the right to direct the time, method and place of conducting any proceeding for any remedy available to the senior trustee, or exercising any trust or power conferred on the senior trustee (Section 4.07).

No holder of any senior debt security of any series will have any right to institute any proceeding with respect to the senior indenture or for any remedy thereunder, unless:

- such holder previously shall have given to the senior trustee written notice of a continuing event of default with respect to senior debt securities of that series,

- the holders of not less than 25% in aggregate principal amount (in the case of a series of senior debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of the outstanding senior debt securities of that series shall have made written request, and offered reasonable indemnity, to the senior trustee to institute such proceeding as trustee, and
- the senior trustee shall not have received from the holders of a majority in principal amount of the outstanding senior debt securities of that series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days (Section 4.04).

The holder of any senior debt security, however, will have an absolute right to receive payment of the principal of and any premium and interest, if any, on such senior debt security on or after the due dates expressed in such senior debt security and to institute suit for the enforcement of any such payment (Section 4.04).

We are obligated to furnish annually to the senior trustee a statement as to our performance of our obligations under the senior indenture and as to any default in such obligations (Section 3.04).

Defeasance

We may terminate certain of our obligations under the senior indenture with respect to the senior debt securities of any series on the terms and subject to the conditions contained in the senior indenture, by:

- depositing irrevocably with the senior trustee as trust funds in trust:
 - U.S. dollars or U.S. Government Obligations (as defined below) in an amount which through the payment of interest, principal and premium, if any, in respect thereof in accordance with their terms will provide, without any reinvestment of such interest, principal or premium, not later than one business day before the due date of any payment, money, or
 - a combination of money and U.S. Government Obligations sufficient to pay the principal of and any premium and interest on the senior debt securities of such series as such are due, and
- satisfying certain other conditions precedent specified in the senior indenture.

Such deposit and termination are conditioned among other things upon our delivery of an opinion of independent counsel that the holders of the senior debt securities of such series will have no federal income tax consequences as a result of such deposit and termination. Such termination will not relieve us of our obligation to pay when due the principal of and premium and interest on the senior debt securities of such series if the senior debt securities of such series are not paid from the money or U.S. Government Obligations held by the senior trustee for payment thereof (Section 13.05).

U.S. Government Obligations means securities that are direct obligations of the United States of America for the payment of which its full faith and credit are pledged or obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America the payment of which is unconditionally guaranteed as a full faith and credit obligation by the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof.

Subordinated Debt Securities

The subordinated debt securities will be our direct, unsecured obligations and will rank equally and ratably with all our outstanding subordinated indebtedness. The subordinated debt securities will have a minimum weighted maturity of at least five years.

Subordination

Our obligation to make any payment of principal, premium or interest on the subordinated debt securities, to the extent set forth in the subordinated indenture, will be subordinate and junior in right of payment to the prior payment in full of all existing and future senior indebtedness, as that term is defined in the subordinated indenture. Upon any distribution of our assets upon any dissolution, winding up, liquidation or reorganization, the holders of senior indebtedness are entitled to receive payment in full of principal and any premium and interest before the holders of the subordinated debt securities are entitled to receive any payment on account of the principal of and any premium or interest on the subordinated debt securities. In a reorganization or readjustment, however, holders of the subordinated debt securities may receive our securities or securities of any other corporation that are subordinated to both senior indebtedness and any securities received in the reorganization or readjustment by holders of senior indebtedness, except to the extent that any securities so received are by their terms expressly not superior in right of payment to the subordinated debt securities (Section 3.03). Our dissolution, winding up, liquidation or reorganization following a conveyance, transfer or lease of our properties and assets substantially as an entirety in compliance with the terms described above under Consolidation, Merger, Sale, Conveyance and Lease will not be deemed to be a dissolution, winding up, liquidation or reorganization for this purpose (Section 3.03(d)). In addition, we may not pay principal of, or any premium or interest on, the subordinated debt securities and may not acquire any subordinated debt securities for cash or property other than our capital stock if a default on senior indebtedness occurs and is continuing that permits holders of such senior indebtedness to accelerate its maturity and such default is the subject of judicial proceedings or we receive written notice of such default from a representative of all holders of the senior indebtedness. If we receive any such notice, a similar notice received within 360 days thereafter relating to the same default on the same issue of senior indebtedness shall not be effective for such purpose. We may resume payments on the subordinated debt securities and may acquire them when that default is cured or waived or shall have ceased to exist, or the senior indebtedness to which such default relates shall have been paid in full in cash or cash equivalents or if that default is not the subject of judicial proceedings, 120 days pass after we receive such written notice (Section 3.02(b)).

By reason of this subordination, in the event of our insolvency, holders of senior indebtedness may receive more, ratably, and holders of the subordinated debt securities may receive less, ratably, than other of our creditors. However, this subordination will not prevent the occurrence of any event of default (Section 3.12).

The subordinated indenture does not restrict the incurrence of additional senior indebtedness.

Senior indebtedness means the principal of, and premium, if any, on:

- all of our obligations for money borrowed, whenever created, except:
 - such indebtedness as is by its terms expressly stated to be junior in right of payment to the subordinated debt securities, and
 - such indebtedness as is by its terms expressly stated to rank equal or *pari passu* in right of payment with the subordinated debt securities, and
- any deferrals, renewals or extensions of any such senior indebtedness.

Limited Rights of Acceleration

Unless otherwise specified in the prospectus supplement or pricing supplement relating to any series of subordinated debt securities, payment of principal of the subordinated debt securities may be accelerated only in the case of an *Acceleration Event* which is defined in the indenture as any of the bankruptcy, insolvency or reorganization events with respect to us that constitute an event of default. There is no right of acceleration in the case of a default in the payment of principal of or any premium or interest on the subordinated debt securities or our performance of any other covenant in the subordinated indenture.

Conversion or Exchange

If and to the extent mentioned in the relevant prospectus supplement, any subordinated debt securities series may be convertible or exchangeable into other debt securities or common stock, preferred stock or depositary shares. The specific terms on which any subordinated debt securities series may be so converted or exchanged will be described in the relevant prospectus supplement. These terms may include provisions for conversion or exchange, either mandatory, at the holder's option or at our option, in which case the amount or number of securities the subordinated debt securities holders would receive would be calculated at the time and in the manner described in the relevant prospectus supplement.

Events of Default

The subordinated indenture defines an event of default with respect to any particular series of subordinated debt securities as being any one of the following events unless it is either inapplicable to a particular series or specifically deleted or modified for the subordinated debt securities of that series:

- default for 30 days in the payment of any interest on any of the subordinated debt securities of that series;
- default in the payment of the principal of or any premium on any of the subordinated debt securities of that

series when due;

- default in the payment of any sinking fund installment or analogous obligation with respect to that series when due;
- a default or event of default under any instrument under which there may be issued or borrowed, or by which there may be secured or evidenced, any of our indebtedness, other than the subordinated debt securities of that series or indebtedness to a subsidiary, or any indebtedness of any subsidiary, other than indebtedness of any subsidiary owing to us or to another subsidiary, shall happen and not less than \$1,000,000 of such indebtedness shall be past due, or become due by acceleration, and such indebtedness or acceleration is not discharged or rescinded within 15 days after notice by the subordinated trustee or holders of at least 25% in aggregate principal amount (in the case of a series of subordinated debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of the outstanding subordinated debt securities of that series;
- final judgment(s) or order(s) for the payment of money in excess of \$1,000,000 is entered against us or one or more Principal Constituent Banks and within 90 days of entry is not discharged, or the execution thereof is not stayed pending appeal, or within 90 days after the expiration of the stay, the judgment(s) or order(s) is not discharged; · default in the observance or performance of any other covenant or agreement in the subordinated debt securities of such series or the subordinated indenture for 90 days after notice by the subordinated trustee or holders of at least 25% in aggregate principal amount (in the case of a series of subordinated debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of the outstanding subordinated debt securities of the series; or

17

-
- certain events of bankruptcy, insolvency or reorganization involving us or a Principal Constituent Bank (Section 5.01).

Rights of acceleration in case an event of default occurs are limited. See Limited Rights of Acceleration.

In case an Acceleration Event shall have occurred and be continuing, the subordinated trustee or the holders of not less than 25% in aggregate principal amount (in the case of a series of subordinated debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of the outstanding subordinated debt securities of that series may declare the principal (or, in the case of a series of subordinated debt securities issued at an original issue discount, the amount calculated in accordance with the formulas set forth in such series of subordinated debt securities) of all the securities of such series to be immediately due and payable (Section 5.01). The subordinated indenture provides that the subordinated trustee, within 90 days after the occurrence of a default with respect to subordinated debt securities of any series under the subordinated indenture, shall mail to the holders of the subordinated debt securities of that series notice of all uncured defaults known to it that have not

been waived. The term "defaults" includes events specified above which, after notice or lapse of time or both, would become an event of default. Except in the case of default in the payment of principal of or any premium or interest on any of the subordinated debt securities of that series or in the making of any sinking fund payment or analogous obligation with respect to the subordinated debt securities of that series, however, the subordinated trustee may withhold such notice if it in good faith determines that withholding such notice is in the interest of the holders of the subordinated debt securities of that series (Section 5.08).

Subject to the provisions of the subordinated indenture relating to the duties of the subordinated trustee in case an event of default shall occur and be continuing, the subordinated trustee is under no obligation to exercise any of the rights or powers vested in it under the subordinated indenture at the request, order or direction of any of the holders of the subordinated debt securities, unless such holder offers to the subordinated trustee reasonable security or indemnity (Section 6.02(d)). Subject to certain limitations contained in the subordinated indenture, including among other limitations that the subordinated trustee will not be exposed to personal liability, the holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of all series affected, voting as one class, have the right to direct the time, method and place of conducting any proceeding for any remedy available to the subordinated trustee, or exercising any trust or power conferred on the subordinated trustee (Section 5.07).

No holder of any subordinated debt security of any series will have any right to institute any proceeding with respect to the subordinated indenture or for any remedy thereunder unless:

- such holder previously shall have given to the subordinated trustee written notice of a continuing event of default with respect to subordinated debt securities of that series, and
- the holders of not less than 25% in aggregate principal amount (in the case of a series of subordinated debt securities issued at an original issue discount, calculated in accordance with the formula set forth in such series) of the outstanding subordinated debt securities of that series shall have made written request, and offered reasonable indemnity, to the subordinated trustee to institute such proceeding as trustee, and
- the subordinated trustee shall not have received from the holders of a majority in principal amount of the outstanding subordinated debt securities of that series a direction inconsistent with such request and shall have failed to institute such proceeding within 60 days (Section 5.04).

The holder of any subordinated debt security will have an absolute right, however, to receive payment of the principal of and any premium and interest on such subordinated debt security on or after the due dates expressed in such subordinated debt security and to institute suit for the enforcement of any such payment (Section 5.04).

We are obligated to furnish to the subordinated trustee annually a statement as to our performance of our obligations under the subordinated indenture and as to any default in such obligations (Section 4.04).

DESCRIPTION OF PREFERRED STOCK

Our articles of incorporation authorize us to issue up to 5,000,000 shares of preferred stock in one or more series, and our board has the authority to fix the voting, conversion, exchange, redemption, liquidation and other rights, preferences, privileges, qualifications and limitations of the preferred stock, all without any further vote or action by our shareholders. Of the 5,000,000 shares of preferred stock that we are authorized to issue, we have reserved for issuance 2,000,000 shares, and have designated such shares as our Series B Junior Participating Preferred Stock, in connection with our shareholder rights plan described below under Description of Common Stock. No shares of preferred stock are currently outstanding. The issuance of preferred stock could decrease the amount of earnings and assets available for distribution to holders of common stock, and adversely affect the rights and powers, including voting rights, of such holders. We will describe the particular terms of any series of preferred stock in the applicable prospectus supplement. When issued, shares of preferred stock will be fully paid and nonassessable.

The issuance of shares of preferred stock, or the issuance of rights to purchase such shares, could be used to discourage an unsolicited acquisition proposal. For instance, the issuance of a series of preferred stock might impede a business combination by including class voting rights that would enable the holders to block such a transaction. We could also issue shares of preferred stock to facilitate a business combination proposed by us in opposition to an unsolicited acquisition proposal. In addition, under certain circumstances, the issuance of preferred stock could adversely affect the voting power of the holders of the common stock. Although the board of directors is required to make any determination to issue such stock based on its judgment as to the best interests of our shareholders, the board could act in a manner that would discourage an acquisition attempt or other transaction that some or even a majority of the shareholders might believe to be in their best interests or in which shareholders might receive a premium for their stock over the then market price of such stock. The board of directors does not at present intend to seek shareholder approval prior to any issuance of currently authorized stock, unless otherwise required by law or the rules of any market on which our securities are traded.

Under Federal Reserve Board regulations, if the holders of any series of preferred stock become entitled to vote for the election of directors because dividends on that series are in arrears, that series may then be deemed a class of voting securities, and a holder of 25% or more of that series (or a holder of 5% or more if it otherwise exercises a controlling influence over us) may then be subject to regulation as a bank holding company. In addition, in that event

- any bank holding company may be required to obtain Federal Reserve Board approval, and any foreign bank, and any company that controls a foreign bank, that has certain types of U.S. banking operations may be required to obtain Federal Reserve Board approval under the International Banking Act of 1978, to acquire 5% or more of any series of preferred stock, and
- any person other than a bank holding company may be required to obtain Federal Reserve Board approval under the Change in Bank Control Act to acquire 10% or more of that series of preferred stock.

DESCRIPTION OF DEPOSITARY SHARES

The description set forth below and in any prospectus supplement of certain provisions of the deposit agreement and of the depositary shares and depositary receipts does not purport to be complete and is subject to and qualified in its entirety by reference to the forms of deposit agreement and depositary receipts relating to each series of preferred stock which have been or will be filed with the SEC in connection with the offering of such series of preferred stock.

General

At our option, we may elect to offer fractional interests in shares of preferred stock, rather than shares of preferred stock. If we exercise this option, we will provide for the issuance by a depository to the public of receipts for depositary shares. Each depositary share will represent fractional interests of a particular series of preferred stock, which will be set forth in the prospectus supplement relating to a particular series of preferred stock.

The shares of any series of preferred stock underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company selected by us having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000. The prospectus supplement relating to a series of depositary shares will set forth the name and address of the depository. Subject to the terms of the deposit agreement, each owner of depositary shares will be entitled, in proportion to the applicable fractional interests in shares of preferred stock underlying such depositary shares, to all the rights and preferences of the preferred stock underlying such depositary shares including dividend, voting, redemption, conversion and liquidation rights.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional interests in shares of the related series of preferred stock in accordance with the terms of the offering described in the related prospectus supplement.

Dividends and Other Distributions

The depository will distribute all cash dividends or other cash distributions received in respect of preferred stock to the record holders of depositary shares relating to such preferred stock in proportion to the numbers of such depositary shares owned by such holders on the relevant record date. The depository shall distribute only the amount, however, that can be distributed without attributing to any holder of depositary shares a fraction of one cent, and any balance not so distributed shall be added to and treated as part of the next sum received by the depository for distribution to record holders of depositary shares.

In the event of a distribution other than in cash, the depository will distribute property received by it to the record holders of depositary shares entitled thereto, unless the depository determines that it is not feasible to make such distribution. If this happens, the depository may, with our approval, sell the property and distribute the net sale proceeds to the holders.

The deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights offered by us to holders of the preferred stock shall be made available to the holders of depositary shares.

Redemption of Depositary Shares

If a series of the preferred stock underlying the depositary shares is subject to redemption, the depositary shares

will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of such series of the preferred stock held by the depositary. The depositary shall mail notice of redemption not less than 30 and not more than 60 days prior to the date fixed for redemption to the record holders of the depositary shares to be so redeemed at their respective addresses appearing in the depositary's books. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable with respect to that series of the preferred stock. Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares relating to shares of preferred stock so redeemed. If less than all of the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata as may be determined by the depositary.

After the date fixed for redemption, the depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the money, securities or other property payable upon such redemption and any money, securities or other property to which the holders of the depositary shares were entitled upon such redemption upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

20

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in such notice of meeting to the record holders of the depositary shares relating to such preferred stock. Each record holder of depositary shares on the record date, which will be the same date as the record date for the preferred stock, will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock underlying such holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock underlying such depositary shares in accordance with such instructions, and we will agree to take all action that the depositary may deem necessary to enable the depositary to do so.

Amendment and Termination of Depositary Agreement

We may enter into an agreement with the depositary at any time to amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement. However, the holders of a majority of the depositary shares must approve any amendment which materially and adversely alters the rights of the existing holders of depositary shares. A deposit agreement may be terminated by us or by the depositary only if all outstanding depositary shares relating thereto have been redeemed or there has been a final distribution in respect of the preferred stock of the relevant series in connection with any liquidation, dissolution or winding up and such distribution has been distributed to the holders of the related depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will also pay charges of the depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay transfer and other taxes and governmental charges and such other charges as are expressly provided in the deposit agreement to be for their accounts.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the depositary, any such resignation or removal to take effect upon the appointment of a successor depositary and its acceptance of such appointment. Such successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Miscellaneous

The depositary will forward to the holders of depositary shares all reports and communications from us which are delivered to the depositary and which we are required to furnish to the holders of the preferred stock.

Neither the depositary nor BB&T will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. The obligations of BB&T and the depositary under the deposit agreement will be limited to performance in good faith of their duties thereunder and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock for deposit, holders of depositary shares or other persons believed to be competent and on documents believed to be genuine.

DESCRIPTION OF COMMON STOCK

We are authorized to issue 1,000,000,000 shares of common stock, par value \$5.00 per share. As of April 30, 2003, there were 471,289,163 shares of common stock outstanding.

Holders of shares of common stock are entitled to one vote for each share held of record on all matters submitted to a vote of shareholders. There are no cumulative voting rights with respect to the election of directors. Accordingly, the holder or holders of a majority of the outstanding shares of common stock will be able to elect our entire board of directors. Holders of common stock have no preemptive rights to acquire additional shares and are

entitled to such dividends as may be declared by the board of directors out of legally available funds. The common stock is not entitled to any sinking fund, redemption or conversion provisions. If BB&T liquidates, dissolves or winds up its business, the holders of common stock will be entitled to share ratably in our net assets remaining after the payment of all creditors, if any, and the liquidation preferences of any preferred shareholders. When issued, the shares of common stock will be fully paid and nonassessable. The common stock is listed on the New York Stock Exchange under the symbol BBT. The transfer agent and registrar for the common stock is Branch Bank.

Shareholder Rights Plan

On December 17, 1996, the board of directors adopted a shareholder rights plan pursuant to which stock purchase rights were distributed as a dividend to our common shareholders at a rate of one right for each share of common stock held of record as of January 17, 1997 and for each share of stock issued thereafter. Each right entitles the holder to purchase from BB&T 1/100th of a share of BB&T Series B Junior Participating Preferred Stock (which is substantially equivalent to one share of our common stock) at a price of \$145.00, subject to anti-dilution adjustments, or, under certain circumstances, other securities or property.

The rights plan is designed to enhance the board's ability to prevent an acquiror from depriving shareholders of the long-term value of their investment and to protect shareholders against attempts to acquire BB&T by means of unfair or abusive takeover tactics that have been prevalent in many unsolicited takeover attempts.

Under the rights plan, the rights will become exercisable only if a person or a group acquires or commences a tender offer for 20% or more of our outstanding common stock or our board declares any person to be an adverse person. Our board will declare a person to be an adverse person upon its determinations

- that the person, alone or together with its affiliates and associates, has or will become the beneficial owner of 10% or more of our common stock and
- that the beneficial ownership by the person (a) is intended or is reasonably likely to cause us to repurchase the common stock beneficially owned by the person or otherwise provide the person with short-term financial gain contrary to our best long-term interests, (b) is reasonably likely to have a material adverse effect on our business or prospects or (c) otherwise is not in the best interests of BB&T and our shareholders, employees, customers and communities in which we and our subsidiaries do business.

Until they become exercisable, the rights attach to and trade with the common stock. The rights will expire December 31, 2006. The rights may be redeemed by the board at \$0.01 per right until 10 days after a person or group has accumulated 20% or more of the common stock or, if earlier, the effective date of the board's declaration that a person has become an adverse person. All rights held or acquired by a person or group holding 20% or more of our shares or by an adverse person are void.

If a person or group acquired 25% or more of our common stock or the board declared a person to be an adverse person, the rights would then be modified to represent the right to receive, for the exercise price, common stock having a value worth twice the exercise price.

If we were acquired in a merger or other business combination at any time after a person or group has acquired 20% or more of our common stock, the rights would be modified so as to entitle a holder to buy a number of shares of common stock of the acquiring entity having a market value of twice the exercise price of each right.

Other Provisions

Our articles and bylaws contain various provisions which may discourage or delay attempts to gain control of BB&T. Our articles include provisions

- classifying the board of directors into three classes, each class to serve for three years, with one class elected annually;
- authorizing the board of directors to fix the size of the board between three and 30 directors;
- authorizing directors to fill vacancies on the board occurring between annual shareholder meetings;
- providing that directors may be removed only for cause and only by majority vote of shares entitled to vote;
- authorizing only the board of directors, BB&T's chief executive officer, president or secretary to call a special meeting of shareholders; and
- requiring a vote by the holders of two-thirds of the common stock to alter certain of the above provisions.

Our bylaws include specific conditions under which business may be transacted at annual shareholders meetings, and persons may be nominated for election as directors at annual shareholders meetings.

Under the Bank Holding Company Act, any company would be required to obtain Federal Reserve Board approval before acquiring 25% or more of the outstanding common stock of BB&T. If the acquiror is a bank holding company, this approval is required before acquiring 5% of the outstanding stock. Obtaining control over BB&T would also require Federal Reserve Board prior approval. Control generally means

- the ownership or control of 25% or more of a bank holding company voting securities class,
- the ability to elect a majority of the bank holding company's directors, or
- the ability otherwise to exercise a controlling influence over the bank holding company's management and policies.

Certain provisions of the North Carolina banking statute apply to the acquisition of voting stock resulting in the change of control of a bank or bank holding company if the acquisition is not otherwise subject to approval under the federal Bank Holding Company Act or does not involve acquisition of voting stock of a bank holding company whose principal banking subsidiary is a national bank. The North Carolina statutes provide that the acquisition may not be consummated without prior approval of the Commissioner of Banks, upon application filed 60 days before the effective date. For these purposes, acquisition of control is presumed upon acquisition of 10 percent or more of the

outstanding voting stock of the bank or bank holding company.

In addition, the federal Change in Bank Control Act prohibits a person or group of persons (not constituting a company under the Bank Holding Company Act) from acquiring control of a bank holding company unless the Federal Reserve Board has been given 60 days prior written notice of the proposed acquisition, and within that time period, the Federal Reserve Board has not issued a notice disapproving the proposed acquisition or extending for up to another 30 days the period during which such a disapproval may be issued, or unless the acquisition otherwise requires Federal Reserve Board approval. An acquisition may be made before expiration of the disapproval period if the Federal Reserve Board issues written notice that it intends not to disapprove the action. It is generally assumed that the acquisition of more than 10% of a class of voting stock of a bank holding company with publicly held securities, such as BB&T, would constitute the acquisition of control.

23

The North Carolina Control Share Acquisition Act applies to BB&T. This Act is designed to protect shareholders of publicly owned North Carolina corporations based in the state against certain changes in control and to provide shareholders with the opportunity to vote on whether to afford voting rights to certain shareholders. The Act is triggered upon the acquisition by a person of shares of voting stock of a covered corporation that, when added to all other shares beneficially owned by the person, would result in that person holding one-fifth, one-third or a majority of the voting power in the election of directors. Under the Act, shares that are the subject of an acquisition causing a person to cross any of these thresholds have no voting rights until they are conferred by the affirmative vote of the holders of a majority of all outstanding voting shares, excluding those shares held by any person involved or proposing to be involved in the acquisition of shares in excess of the thresholds, any officer of the corporation and any employee of the corporation who is also a director of the corporation. If voting rights are conferred on the acquired shares, all shareholders of the corporation have the right to require that their shares be redeemed at the highest price paid per share by the acquiror for any of the acquired shares.

In addition, in certain instances the ability of our board to issue authorized but unissued shares of common stock or preferred stock may have an anti-takeover effect.

Existence of the above provisions could result in our being less attractive to a potential acquiror, or result in our shareholders receiving less for their shares of common stock than otherwise might be available if there were a takeover attempt.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

We may issue stock purchase contracts, including contracts obligating holders to purchase from us, and us to sell to the holders, a specified number of shares of our common stock, preferred stock or depositary shares at a future date or dates. The price per share of common stock, preferred stock or depositary shares and the number of shares of each may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of units, often known as stock purchase units, consisting of a stock purchase contract and beneficial interests in:

- debt securities,
- debt obligations of third parties, including U.S. treasury securities, or
- trust preferred securities issued by trusts, all of whose common securities are owned by us or by one of our subsidiaries,

securing the holders' obligations to purchase the common stock, preferred stock or depositary shares under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and these payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations under those contracts in a specified manner.

The applicable prospectus supplement will describe the terms of the stock purchase contracts and stock purchase units, including, if applicable, collateral or depositary arrangements.

GLOBAL SECURITIES

Book-Entry, Delivery and Form

We have obtained the information in this section concerning DTC, Clearstream, Euroclear and the book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of

this information.

Unless otherwise mentioned in the relevant prospectus supplement, we anticipate that securities other than common stock will be issued in the form of one or more global certificates, or global securities, registered in the name of a depository or its nominee. Unless otherwise mentioned in the relevant prospectus supplement, the depository will be The Depository Trust Company, commonly referred to as DTC, and global securities will be registered, at the request of DTC, in the name of Cede & Co. Beneficial interests in the global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as participants in DTC. Unless otherwise mentioned in the relevant prospectus supplement, investors may elect to hold their interests in the global securities through either DTC (in the United States) or (in Europe) through Clearstream Banking S.A., or Clearstream, formerly Cedelbank, or through Euroclear Bank S.A.I.N.V., as operator of the Euroclear System, or Euroclear. Investors may hold their interests in the securities directly if they are participants in such systems, or indirectly through organizations that are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold these interests in customers' securities accounts in the depositories' names on the books of DTC. Unless otherwise mentioned in the relevant prospectus supplement, Citibank, N.A. will act as depository for Clearstream and J.P. Morgan Chase & Co. will act as depository for Euroclear. We refer to Citibank and J.P. Morgan Chase in these capacities as the U.S. Depositories. Beneficial interests in the global securities will be held in authorized denominations of such securities. Except as set forth below, the global securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Securities represented by a global security can be exchanged for definitive securities in registered form only if:

- DTC notifies us that it is unwilling or unable to continue as depository for that global security and we do not appoint a successor depository within 90 days after receiving that notice;
- at any time DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and we do not appoint a successor depository within 90 days after becoming aware that DTC has ceased to be registered as a clearing agency;
- we in our sole discretion determine that that global security will be exchangeable for definitive securities in registered form and notify the trustee of our decision; or
- an event of default with respect to the securities represented by that global security has occurred and is continuing.

A global security that can be exchanged as described in the preceding sentence will be exchanged for definitive

securities issued in authorized denominations of such securities in registered form for the same aggregate amount. The definitive securities will be registered in the names of the owners of the beneficial interests in the global security as directed by DTC.

If applicable, we will make payments with respect to all securities represented by a global security to the paying agent which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the securities represented by global securities. Accordingly, we, the trustee and any paying agent will have no responsibility or liability for:

- any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a note represented by a global security;
- any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global security held through those participants; or
- the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

DTC has advised us that its current practice is to credit participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. The underwriter will initially designate the accounts to be credited. Payments by participants to owners of beneficial interests in a global security will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in street name, and will be the sole responsibility of those participants.

DTC

So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the securities represented by that global security for all purposes of the securities. Owners of beneficial interests in the securities will not be entitled to have securities registered in their names. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of DTC and, if that person is not a DTC participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder of securities. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in a global security.

We understand that, under existing industry practices, if we request holders to take any action, or if an owner of a beneficial interest in a global security desires to take any action which a holder is entitled to take, then DTC would

authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Beneficial interests in a global security will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for that global security. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the securities will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised us that it is a limited-purpose trust company organized under the New York banking law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the Securities Exchange Act of 1934.

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include securities brokers and dealers, including the underwriter, banks, trust companies, clearing corporations and certain other organizations, some of which, and/or their representatives, own DTC. Banks, brokers, dealers, trust companies and others that clear through or maintain a custodial relationship with a participant, either directly or indirectly, also have access to DTC's book-entry system. The rules applicable to DTC and its participants are on file with the SEC.

DTC has advised us that the above information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Clearstream

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a bank. Clearstream holds securities for its participating organizations, or Clearstream Participants, and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interacts with domestic securities markets in over 30 countries through established depository and custodial relationships. As a bank, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriter. Clearstream's U.S. Participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear, or Euroclear Participants, and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing and interacts with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., or the Euroclear Operator, under contract with Euroclear Clearance Systems plc, a Belgian corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not Euroclear Clearance Systems. Euroclear Clearance Systems establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriter. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is a Belgian bank. As such it is regulated by the Belgian Banking Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, which we refer to in this prospectus as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository for Euroclear.

Euroclear has further advised us that investors that acquire, hold and transfer interests in the securities by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

The Euroclear Operator has advised us that under Belgian law, investors which are credited with securities on the records of the Euroclear Operator have a co-proprietary right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear Participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular

type to cover the claims of all Euroclear Participants credited with such interests in securities on the Euroclear Operator's records, all Euroclear Participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would then have the right under Belgian law only to the return of their pro rata share of the amount of interests in securities actually on deposit.

29

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it (such as dividends, voting rights and other entitlements) to any person credited with such interest in securities on its records.

Global Clearance and Settlement Procedures

Initial settlement for the securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final settlement on its behalf by delivering or receiving securities through DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of securities received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such securities settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of securities by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate

transfers of securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we nor the paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

PLAN OF DISTRIBUTION

We may sell securities to or through underwriters, including broker dealer affiliates of BB&T, to be designated at various times, and also may sell securities to dealers, directly to other purchasers or through agents. The distribution of securities may be effected at various times in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

30

The debt securities, preferred stock, depositary shares and warrants will be new issues of securities with no established trading market. It has not presently been established whether the underwriters, if any, of these securities will make a market in these securities. If a market in these securities is made by those underwriters, this market making may be discontinued at any time without notice. No assurance can be given as to the liquidity of the trading market for these securities.

This prospectus and the related prospectus supplements may be used by our broker dealer affiliates for offers and sales related to market-making transactions in the securities. Such broker dealer affiliates may act as principal or agent in these transactions. These sales will be made at prices related to prevailing market prices at the time of sale or otherwise.

In facilitating the sale of securities, underwriters may receive compensation from us or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and these dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may be considered underwriters, and any discounts or commissions received by them from us and any profit on the resale of securities by them may be considered underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified, and any such compensation received from us will be described, in the prospectus supplement relating to those securities.

Unless otherwise mentioned in the relevant prospectus supplement, the obligations of any underwriters to purchase the securities will be subject to certain conditions precedent, and each of the underwriters with respect to a

sale of securities will be obligated to purchase all of its securities if any are purchased. Unless otherwise mentioned in the relevant prospectus supplement, any such agent involved in the offer and sale of the securities in respect of which this prospectus is being delivered will be acting on a best efforts basis for the period of its appointment.

In connection with an offering of securities, underwriters may purchase and sell these securities in the open market. These transactions may include over allotment and stabilizing transactions and purchases to cover short positions created by underwriters with respect to the offering. Stabilizing transactions consist of certain bids or purchases for preventing or retarding a decline in the market price of the securities; and short positions created by underwriters involve the sale by underwriters of a greater number of securities than they are required to purchase from us in the offering. Underwriters also may impose a penalty bid, by which selling concessions allowed to broker dealers in respect of the securities sold in the offering may be reclaimed by underwriters if such securities are repurchased by underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

Under agreements which we may enter into, underwriters, agents and their controlling persons who participate in the distribution of securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act.

If so noted in the prospectus supplement relating to any securities, we will authorize dealers or other persons acting as our agents to solicit offers by certain institutions to purchase any securities from BB&T under contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. We must approve such institutions in all cases. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of any securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

The participation of BB&T broker dealer affiliates in the offer and sale of the securities must comply with the requirements of Rule 2720 of the National Association of Securities Dealers, Inc. regarding underwriting securities of an affiliate. No NASD member participating in offers and sales will execute a transaction in the securities in a discretionary account without the prior specific written approval of such member's customer.

If we offer and sell securities directly to a purchaser or purchasers in respect of which this prospectus is delivered, purchasers involved in the reoffer or resale of such securities, if these purchasers may be considered underwriters as that term is defined in the Securities Act, will be named and the terms of their reoffers or resales will be mentioned in the relevant prospectus supplement. These purchasers may then reoffer and resell such securities to the public or otherwise at varying prices to be determined by such purchasers at the time of resale or as otherwise

described in the relevant prospectus supplement. Purchasers of securities directly from us may be entitled under agreements that they may enter into with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for us in the ordinary course of their business or otherwise.

Underwriters or agents and their associates may be customers of (including borrowers from), engage in transactions with, and/or perform services for, us, the senior trustee and the subordinated trustee, in the ordinary course of business.

EXPERTS

Our consolidated financial statements as of and for the year ended December 31, 2002, incorporated in this prospectus by reference to the Annual Report on Form 10-K for the year ended December 31, 2002, have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, independent accountants, given on the authority of said firm as experts in auditing and accounting.

The consolidated financial statements as of December 31, 2001 and for each of the two years in the period ended December 31, 2001, incorporated by reference in this prospectus, have been audited by Arthur Andersen LLP, independent certified public accountants, as stated in their report incorporated by reference herein.

On March 20, 2002, we announced that we had appointed PricewaterhouseCoopers LLP to replace Arthur Andersen LLP as our independent accountants. After reasonable efforts, we have been unable to obtain Arthur Andersen's updated written consent to the incorporation by reference into this registration statement of Arthur Andersen's audit reports with respect to our financial statements. Under these circumstances, Rule 437a under the Securities Act permits us to omit Arthur Andersen's updated written consent from this registration statement.

Section 11(a) of the Securities Act provides that if any part of a registration statement at the time it becomes effective contains an untrue statement of a material fact or an omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, any person acquiring a security pursuant to such registration statement (unless it is proved that at the time of such acquisition such person knew of such untruth or omission) may sue, among others, every accountant who has consented to be named as having prepared or certified any part of the registration statement or as having prepared or certified any report or valuation which is used in connection with the registration statement with respect to the statement in such registration statement, report or valuation which purports to have been prepared or certified by the accountant.

Accordingly, Arthur Andersen may not be liable under Section 11(a) of the Securities Act because it has not consented to being named as an expert in the registration statement. We believe, however, that other persons who may be liable under Section 11(a) of the Securities Act, including our officers and directors, may still rely on Arthur Andersen's audit reports as being made by an expert under the due diligence defense provision of Section 11(b) of the Securities Act.

We file annual, quarterly and periodic reports, proxy statements and other information with the SEC. You may inspect and obtain copies of these documents without charge at the principal office of the SEC located at 450 Fifth Street, N.W., Washington, D.C. 20549. INCORPORATION OF CERTAIN INFORMATION BY REFERENCE

The SEC allows us to incorporate by reference the information we file with the SEC, which means that we can disclose important information to you by referring you to those documents that are considered part of this prospectus. Information filed with the SEC after the date of this prospectus will automatically update and supersede this information. The following documents filed with the SEC are incorporated by reference:

- (1) annual report on Form 10-K for the year ended December 31, 2002;
- (2) quarterly report on Form 10-Q for the quarter ended March 31, 2003;
- (3) current report on Form 8-K filed January 13, 2003; and
- (4) descriptions of BB&T's common stock and preferred stock purchase rights set forth in registration statements on Form 8-A filed September 4, 1991 and January 10, 1997, respectively, and in any amendment or report filed for the purpose of updating such descriptions.

Future documents that we file with the SEC, such as annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and proxy statements, are incorporated by reference in this prospectus until we complete the offering of the securities.

No separate financial statements of the trust are included in this prospectus. BB&T and the trusts do not

consider that such financial statements would be material to holders of trust preferred securities because the trust is a special purpose entity, has no operating history or independent operations and is not engaged in and does not propose to engage in any activity other than holding as trust assets the corresponding junior subordinated debentures of BB&T and issuing the trust securities. Furthermore, taken together, BB&T's obligations under each series of corresponding junior subordinated debentures, the junior indenture pursuant to which the corresponding junior subordinated debentures will be issued, the related trust agreement, the related expense agreement and the related guarantee provide, in the aggregate, a full, irrevocable and unconditional guarantee of payments of distributions and other amounts due on the related trust preferred securities of the trust. For a more detailed discussion see [The Trust](#) , [Description of Trust Preferred Securities](#) , [Description of Junior Subordinated Debentures -- Corresponding Junior Subordinated Debentures](#) and [Description of Guarantees](#) . In addition, we do not expect that the trust will be filing reports with the SEC under the Securities Exchange Act of 1934.

Neither we nor the trust have authorized anyone to give any information or make any representation about us that is different from, or in addition to, the representations contained in this prospectus or in any of the materials that we have incorporated into this prospectus. If anyone does give you information of this sort, you should not rely on it. If you are in a jurisdiction where offers to sell, or solicitations of offers to purchase, the securities offered by this prospectus are unlawful, or if you are a person to whom it is unlawful to direct these types of activities, then the offer presented in this prospectus does not extend to you. The information contained in this prospectus speaks only as of the date of this prospectus unless the information specifically indicates that another date applies.

THE TRUST

The trust is a statutory trust formed under Delaware law pursuant to a trust agreement, signed by BB&T, as depositor of the trust, and the property trustee, the Delaware trustee and the administrative trustees (each as defined below), and the filing of a certificate of trust with the Delaware Secretary of State. The trust agreement of the trust will be amended and restated in its entirety, as so amended and restated, the trust agreement, prior to the issuance of trust preferred securities by the trust. The trust agreement will be qualified as an indenture under the Trust Indenture Act of 1939.

The trust exists for the exclusive purposes of:

- issuing the trust preferred securities and common securities representing undivided beneficial interests in the assets of the trust;
- investing the gross proceeds of the trust preferred securities and the common securities, together the trust securities, in junior subordinated debentures; and
- engaging in only those activities necessary or incidental thereto.

All of the common securities will be directly or indirectly owned by us. The common securities of the trust will rank equally, and payments will be made pro rata, with the trust preferred securities of the trust, except that upon an event of default under the trust agreement, the rights of the holders of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the trust preferred securities. We will acquire common securities of the trust in an aggregate liquidation amount equal to at least three percent of the total capital of the trust.

The trust's business and affairs will be conducted by its trustees, each appointed by BB&T as holder of the common securities. The trustees of the trust will be State Street Bank and Trust Company, as the property trustee, the property trustee, Wilmington Trust Company, as the Delaware trustee, the Delaware trustee, and two individual trustees, the administrative trustees, who are employees or officers of or affiliated with BB&T. State Street Bank and Trust Company, as property trustee, will act as sole trustee under the trust agreement for purposes of compliance with the Trust Indenture Act. State Street Bank and Trust Company will also act as trustee under the guarantees and the junior subordinated indenture. See Description of Guarantees and Description of Junior Subordinated Debentures.

The holder of the common securities of the trust, or the holders of a majority in liquidation amount of the trust's trust preferred securities if an event of default under the trust agreement has occurred and is continuing, will be entitled to appoint, remove or replace the property trustee and/or the Delaware trustee. The right to vote to appoint, remove or replace the administrative trustees is vested exclusively in the holders of the common securities, and in no event will the holders of trust preferred securities have such right.

Unless otherwise specified in the applicable prospectus supplement, the trust has a term of approximately 50 years, but may be terminated earlier as provided in the trust agreement.

BB&T will pay all fees and expenses related to the trust and the offering of trust securities.

The principal executive office of the trust is c/o BB&T Corporation, 200 West Second Street, Winston-Salem, North Carolina 27101, telephone number (336) 733-2000.

REASON FOR TRANSACTION

On October 21, 1996, the Federal Reserve Board announced that it had approved the use of certain cumulative preferred stock instruments, such as the trust preferred securities, as Tier 1 capital for purposes of the Federal Reserve Board's capital guidelines for bank holding companies. Because BB&T intends to treat the trust preferred as Tier 1 capital and, under current United States federal tax law, will receive a tax deduction for interest in respect of the junior subordinated debentures, the issuance of the trust preferred securities is a cost-effective method of raising capital on an after-tax basis.

[Return to Table of Contents](#)

USE OF PROCEEDS

The trust will use the proceeds from the sale of the trust preferred securities to acquire junior subordinated

debentures from BB&T. BB&T intends to use the net proceeds from the sale of the securities for general corporate purposes unless otherwise indicated in the prospectus supplement or pricing supplement relating to a specific issue of securities. Our general corporate purposes may include repurchasing shares of our common stock, acquisitions of other companies, extending credit to, or funding investments in, our subsidiaries and such other purposes indicated in the applicable prospectus supplement or pricing supplement. The precise amounts and timing of our use of the net proceeds will depend upon our, and our subsidiaries', funding requirements and the availability of other funds. Until we use the net proceeds from the sale of any of the trust's securities for general corporate purposes, we will use the net proceeds to reduce our short-term indebtedness or for temporary investments. We expect that we will, on a recurrent basis, engage in additional financings as the need arises to finance our growth, through acquisitions or otherwise, or to fund our subsidiaries.

CONSOLIDATED RATIOS OF EARNINGS TO FIXED CHARGES

Our consolidated ratios of earnings to fixed charges were as follows for the five fiscal years in the period ended December 31, 2002 and the three months March 31, 2003 and March 31, 2002:

	Three Months Ended		Year Ended December 31,				
	March 31,						
	2003	2002	2002	2001	2000	1999	1998
Earnings to fixed charges:							
Including interest on deposits	2.27 x	1.95 x	2.05 x	1.56 x	1.39 x	1.56 x	1.55 x
Excluding interest on deposits	3.91	3.30	3.52	2.56	2.12	2.69	2.86

For purposes of computing these ratios, earnings represent income from continuing operations before extraordinary items and cumulative effects of changes in accounting principles plus income taxes and fixed charges (excluding capitalized interest). Fixed charges excluding interest on deposits represent interest (other than on deposits, but including capitalized interest), one-third (the proportion representative of the interest factor) of rents and all amortization of debt issuance costs. Fixed charges, including interest on deposits, represent all interest (including interest on deposits and capitalized interest), one-third (the proportion representative of the interest factor) of rents and all amortization of debt issuance costs.

REGULATORY CONSIDERATIONS

The Federal Reserve Board regulates, supervises and examines BB&T, which is a financial holding company under the Bank Holding Company Act. For a discussion of the material elements of the regulatory framework applicable to financial holding companies and their subsidiaries and specific information relevant to BB&T, please refer to our annual report on Form 10-K for the fiscal year ended December 31, 2002 and any subsequent reports we file with the SEC, which are incorporated by reference in this prospectus. This regulatory framework is intended primarily for the protection of account holders. As a result of this regulatory framework, our earnings are affected by actions of the Federal Reserve Board, the Federal Deposit Insurance Corporation, which insures the deposits of our banking subsidiaries within certain limits and regulates our banking subsidiaries, and the SEC, which regulates the activities of certain subsidiaries engaged in the securities business. In addition, our banking subsidiaries are subject to regulation by state banking authorities.

Depository institutions, like BB&T's bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. BB&T also has other financial services subsidiaries that are regulated, supervised and examined by the Federal Reserve Board and other state and federal regulatory agencies and self-regulatory organizations. BB&T's insurance subsidiaries are regulated, supervised and examined by various state insurance authorities.

Changes to federal laws and regulations and to the laws and regulations in the states where we and our subsidiaries do business can affect the operating environment of financial holding companies and their subsidiaries in substantial and unpredictable ways. We cannot accurately predict whether legislation will ultimately be enacted, and, if enacted, the ultimate effect that it, or implementing regulations, would have upon our or our subsidiaries' financial condition or results of operations.

DESCRIPTION OF JUNIOR SUBORDINATED DEBENTURES

We may issue junior subordinated debentures from time to time in one or more series under a junior subordinated indenture, as supplemented from time to time, the junior subordinated indenture, between us and State Street Bank and Trust Company, as trustee, the debenture trustee. The junior subordinated indenture will be qualified under the Trust Indenture Act, and terms of the junior subordinated debentures will include those stated in the junior subordinated indenture and those made part of the junior subordinated indenture by reference to the Trust Indenture Act.

Set forth below is a description of the general terms of the junior subordinated debentures in which the trust will invest the proceeds from the issuance and sale of the trust securities. The particular terms of the junior subordinated debentures will be described in the prospectus supplement relating to the particular trust preferred securities being offered.

General

We will issue the junior subordinated debentures as unsecured debt. The junior subordinated debentures will be fully subordinated as set forth in the junior subordinated indenture. See Subordination. Each series of junior subordinated debentures will rank equally with all other series of junior subordinated indentures. The junior subordinated indenture does not limit the aggregate principal amount of junior subordinated debentures which may be issued and provides that the junior subordinated debentures may be issued from time to time in one or more series. Because we are a holding company, our rights and the rights of our creditors, including the holders of the junior subordinated debentures, to participate in the assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary. Except as otherwise provided in the applicable prospectus supplement, the junior subordinated indenture does not limit the incurrence or issuance by us of other secured or unsecured debt.

The prospectus supplement relating to the particular junior subordinated debentures being offered will describe the terms of those securities, which may include:

- the title of the junior subordinated debentures;
- any limit upon the aggregate principal amount of junior subordinated debentures;
- the date or dates on which the principal of the junior subordinated debentures is payable or the method of determination thereof;
- any fixed or variable interest rate or rates per annum;
- the place where the principal of and premium, if any, and interest on the junior subordinated debentures will be payable and where the junior subordinated debentures may be presented for registration of transfer or exchange;
- any provisions for redemption, the redemption price and any remarketing arrangements;
- the minimum denominations;
- whether the debt securities are denominated or payable in United States dollars or a foreign currency or units of two or more foreign currencies;
- if other than the principal amount, the portion of the principal amount of the debt securities payable upon acceleration of the maturity of the debt securities;
- any index used to determine the amount of payment of principal of, and any premium and interest on, the debt securities;
- any additional or different events of default that apply to any debt securities of the series and any change in the right of the trustee or the required holders of those debt securities to declare the principal thereof due and payable;
- any additional or different covenants that apply to any debt securities of the series;
- any additions or changes to the junior subordinated indenture with respect to such junior subordinated debentures necessary to permit the issuance of the junior subordinated debentures in bearer form, registrable

or not registrable as to principal, and with or without interest coupons;

9

-
- the terms and conditions relating to the issuance of a temporary global security representing all of the junior subordinated debentures and the exchange of such temporary global security for definitive junior subordinated debentures;
 - whether the junior subordinated debentures will be issued in whole or in part in the form of one or more global securities and the depositary for any such global securities;
 - the appointment of any paying agent or agents;
 - the terms and conditions of any obligation or right of BB&T or a holder to convert or exchange the junior subordinated debentures into trust preferred securities; and
 - any other terms of the debt securities that are not inconsistent with the provisions of the applicable indenture.

Junior subordinated debentures may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. Certain United States federal income tax consequences and special considerations applicable to any such junior subordinated debentures will be described in the applicable prospectus supplement.

If a prospectus supplement specifies that the junior subordinated debentures will be denominated in a currency or currency unit other than United States dollars, the prospectus supplement shall also specify the denomination in which the junior subordinated debentures will be issued and the coin or currency in which the principal, premium, if any, and interest, if any, on the junior subordinated debentures will be payable, which may be United States dollars based upon the exchange rate for such other currency or currency unit existing on or about the time a payment is due.

If any index is used to determine the amount of payments of principal of, premium, if any, or interest on any series of junior subordinated debentures, special United States federal income tax, accounting and other considerations will be described in the applicable prospectus supplement.

Additional Interest

If, at any time the trust is required to pay any taxes, duties, assessments or governmental charges of whatever nature, other than withholding taxes, imposed by the United States, or any other taxing authority, then we will be required to pay additional interest on the junior subordinated debentures. The amount of any additional interest will be an amount sufficient so that the net amounts received and retained by the trust after paying any such taxes, duties, assessments or other governmental charges will be not less than the amounts that the trust would have received had no

such taxes, duties, assessments or other governmental charges been imposed. This means that the trust will be in the same position it would have been in if it did not have to pay such taxes, duties, assessments or other charges.

Denominations, Registration and Transfer

Unless otherwise indicated in the applicable prospectus supplement, we will issue the junior subordinated debentures in registered form only, without coupons. Junior subordinated debentures of any series will be exchangeable for other junior subordinated debentures of the same issue and series, of any authorized denominations, of a like principal amount, of the same original issue date and stated maturity and bearing the same interest rate.

10

Junior subordinated debentures may be presented for exchange as provided above, and may be presented for registration of transfer at the office of the appropriate securities registrar or at the office of any transfer agent designated by us for such purposes. No service charge will be made for any transfer or exchange of the junior subordinated debentures. However, we or the debenture trustee may require a holder to pay an amount sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange. We will appoint the debenture trustee as securities registrar under the junior subordinated indenture. If the applicable prospectus supplement refers to any transfer agents, in addition to the securities registrar, initially designated by us with respect to any series of junior subordinated debentures, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, provided that we maintain a transfer agent in each place of payment of such series. We may at any time designate additional transfer agents with respect to any series of junior subordinated debentures. We also may designate in the applicable prospectus supplement or pricing supplement the corporate trust department of Branch Bank as an office where the transfer of the registered securities may be registered.

In the event of any redemption, neither we nor the debenture trustee will be required to:

- issue, register the transfer of, or exchange, junior subordinated debentures of any series during a period beginning at the opening of business 15 days before the day of selection for redemption and ending at the close of business on the day of mailing of notice of redemption; or
- transfer or exchange any junior subordinated debentures so selected for redemption, except, in the case of any junior subordinated debentures being redeemed in part, any portion thereof not to be redeemed.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, we will pay principal and any premium and interest on junior subordinated debentures (other than those in global form) at the office of the debenture trustee in the city of New York or at the office of any paying agent that we may designate from time to time. However, at our

option, we may pay any interest by check mailed to the holders of registered junior subordinated debentures at their registered addresses or by transfer to an account maintained by a holder of registered junior subordinated debentures, as specified in the securities register. Unless otherwise indicated in the applicable prospectus supplement, payment of any interest on junior subordinated debentures will be made to the person in whose name the junior subordinated debentures are registered on the applicable record date, except in the case of defaulted interest. We may at any time designate additional paying agents or rescind the designation of any paying agent, provided that we at all times maintain a paying agent in each place of payment for each series of junior subordinated debentures. We also may designate in the applicable prospectus supplement or pricing supplement the corporate trust department of Branch Bank as an additional paying agent.

Any amounts deposited with the debenture trustee or any paying agent, or then held by us in trust, for the payment of the principal of any premium, if any, or interest on any junior subordinated debentures and remaining unclaimed for two years after such amounts have become due and payable shall, at our request, be repaid to us, and the holder of the junior subordinated debenture will be able to look only to us for payment, as a general unsecured creditor.

Option to Defer Interest Payments

If provided in the applicable prospectus supplement, we will have the right from time to time during the term of any series of junior subordinated debentures to defer payment of interest for up to such number of consecutive interest payment periods as may be specified in the applicable prospectus supplement, subject to the terms, conditions and covenants, if any, specified in such prospectus supplement. Such deferral, however, may not extend beyond the stated maturity of such series of junior subordinated debentures. Certain United States federal income tax consequences and special considerations applicable to any such junior subordinated debentures will be described in the applicable prospectus supplement.

Redemption

Unless otherwise indicated in the applicable prospectus supplement, the junior subordinated debentures will not be subject to any sinking fund.

Unless otherwise indicated in the applicable prospectus supplement, we may, at our option and subject to receipt of prior approval by the Federal Reserve (if required), redeem the junior subordinated debentures of any series in whole at any time or in part from time to time. If the junior subordinated debentures of any series are so redeemable only on or after a specified date or upon the satisfaction of additional conditions, the applicable prospectus supplement will specify such date or describe such conditions. Except as otherwise specified in the applicable prospectus supplement, the redemption price for any junior subordinated debenture so redeemed will equal any accrued and unpaid interest thereon to the redemption date, plus 100% of the principal amount thereof.

Except as otherwise specified in the applicable prospectus supplement, if a tax event (as defined below) in respect of a series of junior subordinated debentures or an investment company event or capital treatment event (each as defined below) shall occur and be continuing, we may, at our option and subject to receipt of prior approval by the Federal Reserve (if required), redeem such series of junior subordinated debentures in whole, but not in part, at any time within 90 days following of the occurrence of such tax event, investment company event or capital treatment event, at a redemption price equal to 100% of the principal amount of such junior subordinated debentures then outstanding plus accrued and unpaid interest to the date fixed for redemption, except as otherwise specified in the applicable prospectus supplement.

Tax event means the receipt by the trust of an opinion of counsel experienced in such matters to the effect that, as a result of any amendment to, or change (including any announced proposed change) in, the laws (or any regulations thereunder) of the United States or any political subdivision or taxing authority thereof or therein, or as a result of any official administrative pronouncement or judicial decision interpreting or applying such laws or regulations, which amendment or change is effective or which proposed change, pronouncement or decision is announced on or after the date of issuance of such trust preferred securities, there is more than an insubstantial risk that (i) the trust is, or will be within 90 days of the date of such opinion, subject to United States federal income tax with respect to income received or accrued on the corresponding series of corresponding junior subordinated debentures, (ii) interest payable by BB&T on such series of corresponding junior subordinated debentures is not, or within 90 days of the date of such opinion, will not be, deductible by BB&T, in whole or in part, for United States federal income tax purposes, or (iii) the trust is, or will be within 90 days of the date of such opinion, subject to more than a de minimis amount of other taxes, duties or other governmental charges.

Investment company event means the receipt by the trust of an opinion of counsel experienced in such matters to the effect that, as a result of the occurrence of a change in law or regulation or a written change (including any announced prospective change) in interpretation or application of law or regulation by any legislative body, court, governmental agency or regulatory authority, there is more than an insubstantial risk that the trust is or will be considered an investment company that is required to be registered under the Investment Company Act of 1940, which change or prospective change becomes effective or would become effective, as the case may be, on or after the date of the issuance of the trust preferred securities.

Capital treatment event means our reasonable determination that, as a result of any amendment to, or change (including any proposed change) in, the laws (or any regulations thereunder) of the United States or any political subdivision thereof or therein, or as a result of any official or administrative pronouncement or action or judicial decision interpreting or applying such laws or regulations, which amendment or change is effective or which proposed change, pronouncement, action or decision is announced on or after the date of issuance of the trust preferred securities under the trust agreement, there is more than an insubstantial risk that we will not be entitled to treat an amount equal to the liquidation amount of the trust preferred securities as Tier I Capital (or the then equivalent thereof) for purposes of the capital adequacy guidelines of the Federal Reserve, as then in effect and applicable to us.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of junior subordinated debentures to be redeemed at its registered address. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on such junior subordinated debentures or portions thereof called for redemption.

Restrictions on Certain Payments

If junior subordinated debentures are issued to the trust or the trustee of the trust in connection with the issuance of trust securities by the trust and:

- there shall have occurred and be continuing an event of default with respect to the junior subordinated debentures of which we have actual knowledge and which we have not taken reasonable steps to cure;
- we shall be in default relating to our payment of any obligations under the guarantee; or
- we shall have given notice of our election to defer payments of interest on the junior subordinated debentures by extending the interest payment period and such period, or any extension of such period, shall be continuing;

then:

- we shall not declare or pay any dividend on, make any distributions relating to, or redeem, purchase, acquire or make a liquidation payment relating to, any of its capital stock or make any guarantee payment with respect thereto other than:
 - repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any employee benefit plans or any other contractual obligation, other than a contractual obligation ranking equally with or junior to the junior subordinated debentures;
 - as a result of an exchange or conversion of any class or series of our capital stock for any other class or series of our capital stock;
 - the purchase of fractional interests in shares of our capital stock pursuant to the conversion or exchange provisions of such capital stock or the security being converted or exchanged;
 - any declaration of a dividend in connection with any rights plan, or the issuance of rights, stock or other property under any rights plan, or the redemption or repurchase of rights pursuant thereto; or
 - any dividend in the form of stock, warrants, options or other rights where the dividend stock or stock issuable upon exercise of such warrants, options or other rights is the same stock as that on which the dividend is being paid or ranks equally with or junior to such stock; and
- we shall not make any payment of interest, principal or premium, if any, on or repay, repurchase or redeem any debt securities issued by us that rank equally with or junior to the junior subordinated debentures.

Limitation on Mergers and Sales of Assets

The junior subordinated indenture provides that we may not consolidate with, or merge into, any other corporation or convey or transfer its properties and assets substantially as an entirety unless:

- the successor entity is a corporation, partnership or trust organized in the United States and expressly assumes our obligations under the junior subordinated indenture;

-
- after giving effect thereto, no event of default and no event which, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing under the junior subordinated indenture;
 - such transaction is permitted under the trust agreement and guarantee; and
 - certain other conditions as prescribed by the junior subordinated indenture are met.

The covenants contained in the indenture would not necessarily protect holders of the junior subordinated debentures in the event of a decline in credit quality resulting from takeovers, recapitalizations or similar restructurings.

Events of Default, Waiver and Notice

The junior subordinated indenture provides that the following are events of default relating to the junior subordinated debentures:

- default in the payment of the principal of, or premium, if any, on, any junior subordinated debentures at maturity;
- default for 30 days in the payment of any installment of interest on any junior subordinated debentures;
- default for 90 days after written notice in the performance of any other covenant in respect of the junior subordinated debentures; and
- specified events of bankruptcy, insolvency or reorganization of BB&T.

If an event of default under the junior subordinated indenture shall occur and be continuing, either the debenture trustee or the holders of not less than 25 percent in aggregate principal amount of the junior subordinated debentures of that series then outstanding may declare the principal of all junior subordinated debentures of that series to be due and payable immediately. If the holders of junior subordinated debentures fail to make such declaration, the holders of at least 25 percent in aggregate liquidation amount of the related trust preferred securities shall have such right.

The holders of a majority in aggregate outstanding principal amount of that series of junior subordinated debentures may annul the declaration and waive the default. If the holders of junior subordinated debentures fail to annul such declaration and waive such default, the holders of at least 25 percent in aggregate liquidation amount of the related trust preferred securities shall have such right.

The holders of a majority in aggregate outstanding principal amount of that series of junior subordinated debentures may waive any default, except a default in payment of principal or interest, unless such default has been cured and a sum sufficient to pay all matured installments of interest and principal due other than by acceleration has been deposited with the debenture trustee, or a default in respect of a covenant or provision that under the junior subordinated indenture cannot be modified or amended without the consent of the holder of each outstanding junior subordinated debenture. If the holders of junior subordinated debentures fail to waive such default, the holders of a majority in aggregate liquidation amount of the related trust preferred securities shall have such right.

The holders of a majority in principal amount of the junior subordinated debentures of any series affected shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the debenture trustee under the junior subordinated indenture.

We are required to furnish to the debenture trustee annually a statement as to the performance of our obligations under the junior subordinated indenture and as to any default in such performance.

If a debenture event of default shall have occurred and be continuing, the property trustee will have the right to declare the principal of and the interest on the corresponding junior subordinated debentures, and any other amounts payable under the junior subordinated indenture, to be due and payable and to enforce its other rights as a creditor with respect to the corresponding junior subordinated debentures.

Distribution of the Junior Subordinated Debentures

Under circumstances discussed more fully in the prospectus supplement involving the dissolution of a trust, provided that any required regulatory approval is obtained, junior subordinated debentures will be distributed to the holders of the trust securities in liquidation of that trust. See Description of Trust Preferred Securities -- Liquidation Distribution upon Dissolution.

If the junior subordinated debentures are distributed to the holders of the trust preferred securities, we will use our best efforts to have the junior subordinated debentures listed on the New York Stock Exchange or on such other national securities exchange or similar organization on which the trust preferred securities are then listed or quoted.

Modification of Junior Subordinated Indenture

From time to time we and the debenture trustee may, without the consent of the holders of the junior

subordinated debentures, waive or supplement the junior subordinated indenture for specified purposes, including, among other things:

- evidencing the succession of another person to BB&T;
- conveying, transferring, assigning, mortgaging or pledging any property to or with the debenture trustee or surrendering any right or power conferred upon us in the junior subordinated indenture;
- adding to the covenants of BB&T for the benefit of other holders of all or any series of securities;
- adding any additional events of default for the benefit of other holders of all or any series of securities;
- changing or eliminating any of the provisions of the junior subordinated indenture, provided that any such change or elimination shall not apply to any outstanding securities, or shall become effective only when there is no security outstanding of any series created prior to the execution of the supplemental indenture that is entitled to the benefit of such provision;
- curing ambiguities, defects or inconsistencies without materially and adversely affecting the holders of the junior subordinated debentures or the related trust preferred securities;
- evidencing and providing for the acceptance of appointment under the junior subordinated indenture by a successor trustee with respect to the securities of one or more series and adding to or changing any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the trust under the indenture by more than one trustee; and
- qualifying the junior subordinated indenture under the Trust Indenture Act.

We and the debenture trustee may make modifications and amendments to the indenture with the consent of the holders of a majority in principal amount of the junior subordinated debentures at the time outstanding. However, no such modification or amendment may, without the consent of the holder of each junior subordinated debenture affected thereby:

- modify the payment terms of the junior subordinated debentures; or

-
- reduce the percentage of holders of junior subordinated debentures necessary to modify or amend the indenture or waive compliance by us with any covenant or past default.

If the junior subordinated debentures are held by the trust or the trustee of the trust, no modification may be made that adversely affects the holders of the related trust preferred securities, and no termination of the junior subordinated indenture may occur, and no waiver of any event of default or compliance with any covenant will be effective without the prior consent of a majority in liquidation preference of trust securities of the trust. If the consent of the holder of each outstanding junior subordinated debenture is required, no modification shall be effective without the prior consent of each holder of related trust preferred securities.

In addition, we and the debenture trustee may execute, without the consent of any holder of junior subordinated debentures, any supplemental junior subordinated indenture for the purpose of creating any new series of junior subordinated indentures.

Enforcement of Certain Rights by Holders of Trust Preferred Securities

If a debenture event of default with respect to a series of corresponding junior subordinated debentures has occurred and is continuing and such event of default is the result of our failure to pay interest or principal on the corresponding junior subordinated debentures when due, a holder of related trust preferred securities may institute a legal proceeding directly against us for enforcement of payment to such holder of the principal of or interest on such corresponding junior subordinated debentures having a principal amount equal to the aggregate liquidation amount of the related trust preferred securities. We may not amend the junior subordinated indenture to remove this right without the prior written consent of the holders of all of the trust preferred securities outstanding. If such right is removed, the trust may become subject to reporting obligations under the Exchange Act. We will have the right under the junior subordinated indenture to set off any payment made by us to such holder of trust preferred securities in connection with any such direct action.

The holders of the trust preferred securities will not be able to exercise directly any remedies other than those set forth in the preceding paragraph unless there shall have been an event of default under the trust agreement. See Description of Trust Preferred Securities -- Events of Default; Notice.

Defeasance and Discharge

The junior subordinated indenture provides that when:

- all junior subordinated debentures not previously delivered to the debenture trustee for cancellation have become due and payable or will become due and payable at their stated maturity within one year,
- we deposit with the debenture trustee, in trust, funds sufficient to pay all the principal of, and interest and premium, if any, on the junior subordinated debentures when such payments are due,
- we have paid all other sums payable under the indenture by us, and
- we have delivered to the debenture trustee an officers' certificate and an opinion of counsel each stating that all conditions precedent in the indenture relating to the satisfaction and discharge of the indenture have been complied with

then the junior subordinated indenture will cease to be of further effect (except as to our obligations to pay all other sums due under the junior subordinated indenture and to provide the officers' certificates and opinions of counsel described therein), and we will be deemed to have satisfied and discharged the junior subordinated indenture.

Conversion or Exchange

The junior subordinated debentures may be convertible or exchangeable into junior subordinated debentures of another series or into trust preferred securities of another series, on the terms provided in the applicable prospectus supplement. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holder, or at our option, in which case the number of shares of trust preferred securities or other securities to be received by the holders of junior subordinated debentures would be calculated as of a time and in the manner stated in the applicable prospectus supplement.

Subordination

The junior subordinated indenture contains a covenant by us that any junior subordinated debentures issued thereunder will be subordinate and junior in right of payment to all senior debt (as defined below) to the extent provided therein. If we make any payment or distribution of our assets upon any liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, marshaling of assets or any bankruptcy, insolvency, debt restructuring or similar proceedings in connection with any insolvency or bankruptcy proceeding, the holders of senior debt will first be entitled to receive payment in full of principal of and premium and interest, if any, on such senior debt before the holders of junior subordinated debentures will be entitled to receive or retain any payment in respect of the principal of and premium and interest, if any, on the junior subordinated debentures. However, holders of senior debt will not be entitled to receive payment of any such amounts if the subordination provisions of such senior debt would require holders to pay such amounts over to the obligees on trade accounts payable or other liabilities arising in the ordinary course of our business.

In the event of the acceleration of the maturity of any junior subordinated debentures, the holders of all senior debt outstanding at the time of such acceleration will first be entitled to receive payment in full of all amounts due thereon, including any amounts due upon acceleration, before the holders of the junior subordinated debentures will be entitled to receive or retain any payment in respect of the principal of or premium or interest, if any, on the junior subordinated debentures. However, the holders of senior debt will not be entitled to receive payment of any such amounts if the subordination provisions of such senior debt would require holders to pay such amounts over to the obligees on trade accounts payable or other liabilities arising in the ordinary course of BB&T's business.

No payments on accounts of principal or premium, if any, or interest in respect of the junior subordinated debentures may be made if there shall have occurred and be continuing a default in any payment with respect to senior debt or an event of default with respect to any senior debt resulting in the acceleration of the maturity thereof, or if any judicial proceeding are pending with respect to any such default.

Debt means, with respect to any person, whether recourse is to all or a portion of the assets of such person and whether or not contingent:

- every obligation of such person for money borrowed;

- every obligation of such person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;
- every reimbursement obligation of such person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of such person;
- every obligation of such person issued or assumed as the deferred purchase price of property or services other than trade accounts payable or accrued liabilities arising in the ordinary course of business;
- every capital lease obligation of such person;

17

-
- every obligation of such person for claims in respect of derivative products such as interest and foreign exchange rate contracts, commodity contracts and similar arrangements; and
 - every obligation of the type referred to above of another person and all dividends of another person the payment of which, in either case, such person has guaranteed or is responsible or liable for, directly or indirectly, as obligor or otherwise.

Senior debt means the principal of and premium and interest, if any, including interest accruing on or after the filing of any petition in bankruptcy or for reorganization relating to us whether or not such claim for post-petition interest is allowed in such proceeding, on debt, whether incurred on or prior to the date of the junior subordinated indenture or thereafter incurred, unless, in the instrument creating or evidencing the same or pursuant to which the same is outstanding, it is provided that such obligations are not superior in right of payment to the junior subordinated debentures or to other debt that is equal or subordinated to the junior subordinated debentures, other than:

- any debt of BB&T which when incurred and without respect to any election under Section 1111(b) of the United States Bankruptcy Code of 1978, as amended, was without recourse to BB&T;
- any debt of BB&T to any of its subsidiaries;
- any debt to any of our employees;
- any debt which by its terms is subordinated to trade accounts payable or accrued liabilities arising in the ordinary course of business to the extent that payments made to the holders of such debt by the holders of the junior subordinated debentures as a result of the subordination provisions of the junior subordinated indenture would be greater than such payments otherwise would have been as a result of any obligation of such holders of such debt to pay amounts over to the obligees on such trade accounts payable or accrued liabilities arising in the ordinary course of business as a result of subordination provisions to which such debt

is subject; and

- any other debt securities issued pursuant to the junior subordinated indenture.

The junior subordinated indenture places no limitation on the amount of senior debt that we may incur. We expect from time to time to incur additional indebtedness and other obligations constituting senior debt.

The junior subordinated indenture provides that any of the subordination provisions described above that relate to any particular issue of junior subordinated debentures may be changed prior to such issuance. Any such change would be described in the applicable prospectus supplement.

Governing Law

The junior subordinated indenture and the junior subordinated debentures will be governed by, and construed in accordance with, the internal laws of the State of New York.

The Debenture Trustee

The debenture trustee will have all of the duties and responsibilities specified under the Trust Indenture Act. Subject to those provisions, the debenture trustee is under no obligation to exercise any of the powers vested in it by the junior subordinated indenture at the request of any holder of junior subordinated debentures unless offered reasonable indemnity by such holder against the costs, expenses and liabilities that might be incurred thereby. The debenture trustee is not required to expend or risk its own funds or otherwise incur personal financial liability in the performance of its duties if the debenture trustee reasonably believes that repayment or adequate indemnity is not reasonably assured it.

Corresponding Junior Subordinated Debentures

BB&T may issue one or more series of junior subordinated debentures under the junior subordinated indenture with terms corresponding to the terms of a series of related trust preferred securities, the corresponding junior subordinated debentures. In each such instance, concurrently with the issuance of the trust's trust preferred securities, the trust will invest the proceeds thereof and the consideration paid by us for the common securities in the series of corresponding junior subordinated debentures issued by us to the trust. Each series of corresponding junior subordinated debentures will be in the principal amount equal to the aggregate stated liquidation amount of the related trust preferred securities and the common securities of the trust and will rank equally with all other series of junior subordinated debentures. Holders of the related trust preferred securities for a series of corresponding junior subordinated debentures will have the rights, in connection with modifications to the junior subordinated indenture or upon occurrence of debenture events of default as described under -- Modification of Junior Subordinated Indenture,

-- Debenture Events of Default" and "Enforcement of Certain Rights by Holders of Trust Preferred Securities.

Unless otherwise specified in the applicable prospectus supplement, if a tax event relating to the trust shall occur and be continuing, we may, at our option and subject to prior approval of the Federal Reserve (if required), redeem the corresponding junior subordinated debentures at any time within 90 days of the occurrence of such tax event, in whole but not in part, subject to the provisions of the junior subordinated indenture and whether or not such corresponding junior subordinated debentures are then redeemable at our option. The redemption price for any corresponding junior subordinated debentures shall be equal to 100% of the principal amount of such corresponding junior subordinated debentures then outstanding plus accrued and unpaid interest to the date fixed for redemption. For so long as the trust is the holder of all the outstanding corresponding junior subordinated debentures of such series, the proceeds of any such redemption will be used by the trust to redeem the corresponding trust securities in accordance with their terms. We may not redeem a series of corresponding junior subordinated debentures in part unless all accrued and unpaid interest has been paid in full on all outstanding corresponding junior subordinated debentures of such series for all interest proceeds terminating on or prior to the date of redemption.

We will covenant, as to each series of corresponding junior subordinated debentures:

- to directly or indirectly maintain 100% ownership of the common securities of the trust unless a permitted successor succeeds to ownership of the common securities
- not to voluntarily terminate, wind up or liquidate any trust, except, if so specified in the applicable prospectus supplement and upon prior approval of the Federal Reserve (if required):
- in connection with a distribution of corresponding junior subordinated debentures to the holders of the trust preferred securities in exchange therefor upon liquidation of the trust, or
- in connection with certain mergers, consolidations or amalgamations permitted by the trust agreement, in either such case, if so specified in the applicable prospectus supplement upon prior approval of the Federal Reserve if then so required under applicable capital guidelines or policies; and
- to use its reasonable efforts, consistent with the terms and provisions of the trust agreement, to cause the trust to remain classified as a grantor trust and not as an association taxable as a corporation for United States federal income tax purposes.

DESCRIPTION OF TRUST PREFERRED SECURITIES

The trust preferred securities will be issued pursuant to the terms of an amended and restated trust agreement. The trust agreement will be qualified as an indenture under the Trust Indenture Act. The property trustee, State Street Bank and Trust Company, will act as trustee for the trust preferred securities under the trust agreement for purposes of compliance with the provisions of the Trust Indenture Act. The terms of the trust preferred securities will include those stated in the trust agreement and those made part of the trust agreement by the Trust Indenture Act.

Set forth below is a summary of the material terms and provisions of the trust preferred securities. This summary, which describes the material provisions of the trust preferred securities, is not intended to be complete and is qualified by the trust agreement, the form of which is filed as an exhibit to the registration statement which contains this prospectus supplement, the Delaware Statutory Trust Act and the Trust Indenture Act.

General

The declaration authorizes the trustees to issue the trust securities on behalf of the trust. The trust securities represent undivided beneficial interests in the assets of the trust. We will own, directly or indirectly, all of the common securities. The common securities rank equally, and payments will be made on a pro rata basis, with the trust preferred securities. However, if an event of default under the trust agreement occurs and is continuing, the rights of the holders of the common securities to receive payments will be subordinated to the rights of the holders of the trust preferred securities.

The trust agreement does not permit the trust to issue any securities other than the trust securities or to incur any indebtedness. Under the trust agreement, the property trustee will own the junior subordinated debentures purchased by the trust for the benefit of the holders of the trust securities. The guarantee agreement we execute for the benefit of the holders of trust preferred securities will be a guarantee on a subordinated basis with respect to the related trust securities but will not guarantee payment of distributions or amounts payable on redemption or liquidation of such trust securities when the trust does not have funds on hand available to make such payments. See Descriptions of Guarantees.

Distributions

Distributions on the trust preferred securities:

- will be cumulative;
- will accumulate from the date of original issuance; and
- will be payable on such dates as specified in the applicable prospectus supplement.

In the event that any date on which distributions are payable on the trust preferred securities is not a business day, then payment of the distribution will be made on the next succeeding business day, and without any interest or other payment in respect to any such delay, except that, if such business day is in the next calendar year, payment of the distribution will be made on the immediately preceding business day. Each date on which distributions are payable in accordance with the foregoing is referred to as a distribution date. The term distribution includes any interest payable on unpaid distributions unless otherwise stated.

The amount of distributions payable for any period will be computed on the basis of a 360-day year of twelve 30-day months. The amount of distributions payable for any period shorter than a full quarterly period will be computed on the basis of the actual number of days elapsed per 30-day month. Distributions to which holders of trust preferred securities are entitled will accumulate additional distributions at the rate per annum if and as specified in the

applicable prospectus supplement.

If provided in the applicable prospectus supplement, we have the right under the junior subordinated indenture, pursuant to which we will issue the corresponding junior subordinated debentures, to defer the payment of interest on any series of the corresponding junior subordinated debentures for up to a number of consecutive interest payment periods that will be specified in the prospectus supplement relating to such series, an extension period, provided, that no extension period may extend beyond the stated maturity of the corresponding junior subordinated debentures.

20

As a consequence of any such deferral, distributions on the related trust preferred securities would be deferred, but would continue to accumulate additional distributions at the rate per annum set forth in the prospectus supplement for such trust preferred securities, by the trust during any extension period. If we exercise our deferral right, then during any extension period, we may not:

- make any payment of principal of or interest or premium, if any, on or repay, repurchase or redeem any debt securities that rank equally in all respects with or junior in interest to the junior subordinated debentures of such series; or
- declare or pay any dividends or distributions on, or redeem, purchase, acquire or make a liquidation payment with respect to, any shares of our capital stock, other than:
 - repurchases, redemptions or other acquisitions of shares of our capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors or consultants, in connection with a dividend reinvestment or stockholder stock purchase plan or in connection with the issuance of our capital stock, or securities convertible into or exercisable for such capital stock, as consideration in an acquisition transaction entered into prior to the applicable extension period,
 - as a result of an exchange or conversion of any class or series of our capital stock or any capital stock of our subsidiaries, for any class or series of our capital stock, or of any class or series of our indebtedness for any class or series of our capital stock,
 - the purchase of fractional interests in shares of our capital stock pursuant to the conversion or exchange provisions of such capital stock or the securities being converted or exchanged,
 - any declaration of a dividend in connection with any rights plan, or the issuance of rights, stock or other property under any rights plan, or the redemption or repurchase of rights pursuant thereto, or
 - any dividend in the form of stock, warrants, options or other rights where the dividend stock or the stock issuable upon exercise of such warrants, options or other rights is the same stock as that on

which the dividend is being paid or ranks equally with or junior to such stock.

The revenue of the trust available for distribution to holders of its trust preferred securities will be limited to payments under the corresponding junior subordinated debentures in which the trust will invest the proceeds from the issuance and sale of its trust securities. See Description of Junior Subordinated Debentures -- Corresponding Junior Subordinated Debentures. If we do not make interest payments on such corresponding junior subordinated debentures, the property trustee will not have funds available to pay distributions on the related trust preferred securities. The payment of distributions, if and to the extent the trust has funds legally available for the payment of such distributions and cash sufficient to make such payments, is guaranteed by us on the basis set forth under Description of Guarantees.

Distributions on the trust preferred securities will be payable to the holders thereof as they appear on the register of the trust on the relevant record dates, which, as long as the trust preferred securities remain in book-entry form, will be one business day prior to the relevant date of distribution. Subject to any applicable laws and regulations and the provisions of the trust agreement, each such payment will be made as described under Book-Entry Issuance. In the event any trust preferred securities are not in book-entry form, the relevant record date for such trust preferred securities shall be the date at least 15 days prior to the relevant date of distribution, as specified in the applicable prospectus supplement.

Redemption or Exchange

Mandatory Redemption

Upon the repayment or redemption, in whole or in part, of any corresponding junior subordinated debentures, whether at maturity or upon earlier redemption as provided in the junior subordinated indenture, the property trustee shall apply the proceeds from such repayment or redemption to redeem a like amount (as defined below) of the trust securities, upon not less than 30 nor more than 60 days' notice, at a redemption price, the redemption price, equal to the aggregate liquidation amount of such trust securities plus accumulated but unpaid distributions to the date of redemption, the redemption date, and the related amount of the premium, if any, paid by us upon the concurrent redemption of such corresponding junior subordinated debentures. See Description of Junior Subordinated Debentures -- Redemption. If less than all of any series of corresponding junior subordinated debentures are to be repaid or redeemed on a redemption date, then the proceeds from such repayment or redemption will be allocated pro rata to the redemption of the related trust preferred securities and the common securities. The amount of premium, if any, paid by us upon the redemption of all or any part of any series of any corresponding junior subordinated debentures to be repaid or redeemed on a redemption date shall be allocated pro rata to the redemption of the related trust preferred securities and the common securities.

We will have the right to redeem any series of corresponding junior subordinated debentures:

- on or after such date as may be specified in the applicable prospectus supplement, in whole at any time or in part from time to time; or
- at any time, in whole, but not in part, upon the occurrence of a tax event, investment company event or capital treatment event, in any case subject to receipt of prior approval by the Federal Reserve (if required). See Description of Junior Subordinated Debentures -- Redemption.

Within 90 days of the occurrence of any tax event, investment company event or capital treatment event in respect of a series of trust preferred securities and common securities shall occur and be continuing, we will have the right to redeem the corresponding junior subordinated debentures in whole, but not in part, and thereby cause a mandatory redemption of such trust preferred securities and common securities in whole, but not in part, at the redemption price. In the event a tax event, investment company event or capital treatment event in respect of a series of trust preferred securities and common securities has occurred and is continuing and we do not elect to redeem the corresponding junior subordinated debentures and thereby cause a mandatory redemption of such trust preferred securities and common securities or to dissolve the related trust and cause the corresponding junior subordinated debentures to be distributed to holders of such trust preferred securities and common securities in exchange therefor upon liquidation of the trust as described below, such trust preferred securities will remain outstanding.

Like amount means:

- with respect to a redemption of any series of trust securities, trust securities of such series having a liquidation amount (as defined below) equal to that portion of the principal amount of corresponding junior subordinated debentures to be contemporaneously redeemed in accordance with the junior subordinated indenture, the proceeds of which will be used to pay the redemption price of such trust securities; and
- with respect to a distribution of corresponding junior subordinated debentures to holders of any series of trust securities in exchange therefor in connection with a dissolution or liquidation of the trust, corresponding junior subordinated debentures having a principal amount equal to the liquidation amount of the trust securities of the holder to whom such corresponding junior subordinated debentures would be distributed.

Liquidation amount means the stated amount per trust security as set forth in the applicable prospectus supplement.

Distribution of Corresponding Junior Subordinated Debentures

We will have the right at any time to liquidate the trust and cause the junior subordinated debentures to be

distributed to the holders of the trust securities. This may require the prior approval of the Federal Reserve Board. If the corresponding junior subordinated debentures are distributed to the holders of the trust preferred securities, we have the right at any time to dissolve the trust and, after satisfaction of the liabilities of creditors of the trust as provided by applicable law, cause such corresponding junior subordinated debentures in respect of the related trust preferred securities and common securities issued by the trust to be distributed to the holders of such related trust preferred securities and common securities in exchange therefor upon liquidation of the trust.

After the liquidation date fixed for any distribution of corresponding junior subordinated debentures for any series of trust preferred securities:

- such series of trust preferred securities will no longer be deemed to be outstanding;
- the depository or its nominee, as the record holder of such series of trust preferred securities, will receive a registered global certificate or certificates representing the corresponding junior subordinated debentures to be delivered upon such distribution; and
- any certificates representing such series of trust preferred securities not held by The Depository Trust Company (DTC) or its nominee will be deemed to represent the corresponding junior subordinated debentures having a principal amount equal to the stated liquidation amount of such series of trust preferred securities, and bearing accrued and unpaid interest in an amount equal to the accrued and unpaid distributions on such series of trust preferred securities until such certificates are presented to the administrative trustees or their agent for transfer or reissuance.

We cannot assure you as to the market prices for the trust preferred securities or the corresponding junior subordinated debentures that may be distributed in exchange for trust preferred securities if a dissolution and liquidation of a trust were to occur. Accordingly, the trust preferred securities that an investor may purchase, or the corresponding junior subordinated debentures that the investor may receive on dissolution and liquidation of the trust, may trade at a discount to the price that the investor paid to purchase the trust preferred securities.

Redemption Procedures

Trust preferred securities redeemed on each redemption date will be redeemed at the redemption price with the applicable proceeds from the contemporaneous redemption of the corresponding junior subordinated debentures. Redemptions of the trust preferred securities shall be made and the redemption price shall be payable on each redemption date only to the extent that the trust has funds on hand available for the payment of such redemption price. See also -- Subordination of Common Securities.

If the trust gives a notice of redemption of its trust preferred securities, then, by 12:00 noon, New York City time, on the redemption date, to the extent funds are available, the property trustee will deposit irrevocably with DTC funds sufficient to pay the applicable redemption price and will give DTC irrevocable instructions and authority to pay the redemption price to the holders of such trust preferred securities. See Book-Entry Issuance. If such trust preferred securities are no longer in book-entry form, the property trustee, to the extent funds are available, will irrevocably deposit with the paying agent for such trust preferred securities funds sufficient to pay the applicable redemption price and will give such paying agent irrevocable instructions and authority to pay the redemption price to the holders thereof upon surrender of their certificates evidencing such trust preferred securities.

Notwithstanding the foregoing, distributions payable on or prior to the redemption date for any trust preferred securities called for redemption will be payable to the holders of such trust preferred securities on the relevant record dates for the related distribution dates. If notice of redemption shall have been given and funds deposited as required, then upon the date of such deposit:

-
- all rights of the holders of such trust preferred securities will cease, except the right of the holders of such trust preferred securities to receive the redemption price, but without interest on such redemption price; and
 - such trust preferred securities will cease to be outstanding.

In the event that any date fixed for redemption of trust preferred securities is not a business day, then payment of the redemption price will be made on the next succeeding business day, and without any interest or any other payment in respect of any such delay, except that, if such business day falls in the next calendar year, such payment will be made on the immediately preceding business day. In the event that payment of the redemption price in respect of trust preferred securities called for redemption is improperly withheld or refused and not paid either by the trust or by us pursuant to the guarantee as described under Description of Guarantees, distributions on such trust preferred securities will continue to accrue at the then applicable rate, from the redemption date originally established by the trust for such trust preferred securities to the date such redemption price is actually paid, in which case the actual payment date will be the date fixed for redemption for purposes of calculating the redemption price.

Subject to applicable law (including, without limitation, United States federal securities law), we or our subsidiaries may at any time and from time to time purchase outstanding trust preferred securities by tender, in the open market or by private agreement.

Payment of the redemption price on the trust preferred securities and any distribution of corresponding junior subordinated debentures to holders of trust preferred securities will be made to the applicable recordholders as they appear on the register for such trust preferred securities on the relevant record date, which shall be one business day prior to the relevant redemption date or liquidation date, as applicable. However, if any trust preferred securities are not in book-entry form, the relevant record date for such trust preferred securities will be a date at least 15 days prior to the redemption date or liquidation date, as applicable, as specified in the applicable prospectus supplement.

If less than all of the trust preferred securities and common securities issued by a trust are to be redeemed on a redemption date, then the aggregate liquidation amount of such trust preferred securities and common securities to be redeemed shall be allocated pro rata to the trust preferred securities and the common securities based upon the relative liquidation amounts of such classes. The property trustee will select the particular trust preferred securities to be redeemed on a pro rata basis not more than 60 days prior to the redemption date from the outstanding trust preferred securities not previously called for redemption, using any method that the property trustee deems fair and appropriate, including the selection for redemption of portions of the liquidation amount of trust preferred securities in the minimum amounts that are specified in the applicable prospectus supplement. The property trustee shall promptly notify the trust registrar in writing of the trust preferred securities selected for redemption and the liquidation amount to be redeemed. For all purposes of the trust agreement, unless the context otherwise requires, all provisions relating to the redemption of trust preferred securities shall relate, in the case of any trust preferred securities redeemed or to be redeemed only in part, to the portion of the aggregate liquidation amount of trust preferred securities which has been or is to be redeemed.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to the registered address of each holder of trust securities to be redeemed.

Subordination of Common Securities

Payment of distributions on, and the redemption price of, the trust's trust preferred securities and common securities, as applicable, shall be made pro rata based on the liquidation amount of such trust preferred securities and common securities. If, however, on any distribution date or redemption date a debenture event of default shall have occurred and be continuing, no payment of any distribution on, or redemption price of, any of the trust's common securities, and no other payment on account of the redemption, liquidation or other acquisition of such common securities, shall be made unless payment in full in cash of all accumulated and unpaid distributions on all of the trust's outstanding trust preferred securities for all distribution periods terminating on or prior thereto, or in the case of payment of the redemption price the full amount of such redemption price on all of the trust's outstanding trust preferred securities then called for redemption, shall have been made or provided for, and all funds available to the property trustee shall first be applied to the payment in full in cash of all distributions on, or redemption price of, the trust's trust preferred securities then due and payable.

24

In the case of any event of default under the trust agreement resulting from a debenture event of default, we as holder of the trust's common securities, will be deemed to have waived any right to act with respect to any such event of default under the trust agreement until the effect of all such events of default with respect to such trust preferred securities have been cured, waived or otherwise eliminated. Until all events of default under the trust agreement with respect to the trust preferred securities have been so cured, waived or otherwise eliminated, the property trustee shall act solely on behalf of the holders of such trust preferred securities and not on our behalf, and only the holders of such trust preferred securities will have the right to direct the property trustee to act on their behalf.

Liquidation Distribution Upon Dissolution

Pursuant to the trust agreement, the trust shall automatically dissolve upon expiration of its term and shall dissolve on the first to occur of:

- certain events of bankruptcy, dissolution or liquidation of BB&T;
- the distribution of a like amount of the corresponding junior subordinated debentures to the holders of its trust securities, if we, as depositor, have given written direction to the property trustee to dissolve the trust, subject to our having received prior approval of the Federal Reserve, if required;
- redemption of all of the trust's trust preferred securities as described under -- Redemption or Exchange -- Mandatory Redemption; and

- the entry of an order for the dissolution of the trust by a court of competent jurisdiction.

If an early dissolution occurs as described above, the trustees will liquidate the trust as expeditiously as possible by distributing, after satisfaction of liabilities to creditors of the trust as provided by applicable law, to the holders of such trust securities a like amount of the corresponding junior subordinated debentures. If the property trustee determines that such distribution is not practical, then the holders will be entitled to receive out of the assets of the trust available for distribution to holders, after satisfaction of liabilities to creditors of the trust as provided by applicable law, an amount equal to, in the case of holders of trust preferred securities, the aggregate liquidation amount plus accrued and unpaid distributions to the date of payment, the liquidation distribution. If the trust has insufficient assets available to pay in full the aggregate liquidation distribution, then the amounts payable directly by the trust on its trust preferred securities shall be paid on a pro rata basis. The holder(s) of the trust's common securities will be entitled to receive distributions upon any such liquidation pro rata with the holders of its trust preferred securities, except that if a debenture event of default has occurred and is continuing, the trust preferred securities shall have a priority over the common securities.

Events of Default; Notice

Any one of the following events constitutes an event of default under the trust agreement, a trust event of default, regardless of the reason for such event of default and whether it shall be voluntary or involuntary or be effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body:

- the occurrence of a debenture event of default with respect to the corresponding junior subordinated debentures held by the trust, a debenture event of default (see Description of Junior Subordinated Debentures -- Debenture Events of Default); or

-
- the default by the property trustee in the payment of any distribution on any trust security of the trust when such becomes due and payable, and continuation of such default for a period of 30 days; or
 - the default by the property trustee in the payment of any redemption price of any trust security of the trust when such becomes due and payable; or
 - the default in the performance, or breach, in any material respect, of any covenant or warranty of the trustees in the trust agreement, other than a covenant or warranty of default in the performance of which or the breach of which is dealt with above, and continuation of such default or breach for a period of 90 days after there has been given, by registered or certified mail, to the defaulting trustee or trustees by the holders of at least 25% in aggregate liquidation amount of the outstanding trust preferred securities of the trust, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a

Notice of Default under the trust agreement; or

- the occurrence of certain events of bankruptcy or insolvency with respect to the property trustee and our failure to appoint a successor property trustee within 90 days.

Within the 90 days after the occurrence of any event of default actually known to the property trustee, the property trustee will transmit notice of such event of default to the holders of the trust preferred securities, the administrative trustees and to us, as depositor, unless such event of default shall have been cured or waived. We, as depositor, and the administrative trustees are required to file annually with the property trustee a certificate as to whether or not we or they are in compliance with all the conditions and covenants applicable to us and to them under the trust agreement.

If a debenture event of default with respect to the corresponding junior subordinated debentures held by the trust has occurred and is continuing, the trust preferred securities of the trust shall have a preference over the trust's common securities as described above. See -- Subordination of Common Securities and -- Liquidation Distribution Upon Termination. The existence of an event of default does not entitle the holders of trust preferred securities to accelerate the maturity.

Removal of Trustees

Unless a debenture event of default shall have occurred and be continuing, any trustee may be removed at any time by the holder of the common securities. If a debenture event of default has occurred and is continuing, the property trustee and the Delaware trustee may be removed by the holders of a majority in liquidation amount of the outstanding trust preferred securities. In no event will the holders of the trust preferred securities have the right to vote to appoint, remove or replace the administrative trustees, which voting rights are vested exclusively in us, as the holder of the common securities. No resignation or removal of a trustee and no appointment of a successor trustee shall be effective until the acceptance of appointment by the successor trustee in accordance with the provisions of the trust agreement.

Co-Trustees and Separate Property Trustee

Unless an event of default shall have occurred and be continuing, at any time or from time to time, for the purpose of meeting the legal requirements of the Trust Indenture Act or of any jurisdiction in which any part of the trust property may at the time be located, we, as the holder of the common securities, and the administrative trustees shall have the power to appoint one or more persons either to act as a co-trustee, jointly with the property trustee, of all or any part of such trust property, or to act as separate trustee of any such property, in either case with such powers as may be provided in the instrument of appointment, and to vest in such person or persons in such capacity any property, title, right or power deemed necessary or desirable, subject to the provisions of the trust agreement. If a debenture event of default has occurred and is continuing, the property trustee alone shall have power to make such appointment.

Merger or Consolidation of Trustees

Any person into which the property trustee, the Delaware trustee or any administrative trustee that is not a natural person may be merged or converted or with which it may be consolidated, or any person resulting from any merger, conversion or consolidation to which such trustee shall be a party, or any person succeeding to all or substantially all the corporate trust business of such trustee, shall be the successor of such trustee under the trust agreement, provided such person shall be otherwise qualified and eligible.

Mergers, Consolidations, Amalgamations or Replacements of the Trust

The trust may not merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to us or any other person, except as described below or as otherwise described in the trust agreement. The trust may, at our request, with the consent of the administrative trustees and without the consent of the holders of the trust preferred securities, the property trustee or the Delaware trustee, merge with or into, consolidate, amalgamate, or be replaced by, or convey, transfer or lease its properties and assets substantially as an entirety to, a trust organized as such under the laws of any state if:

- such successor entity either:
 - expressly assumes all of the obligations of the trust with respect to the trust preferred securities, or
 - substitutes for the trust preferred securities other securities having substantially the same terms as the trust preferred securities, the successor securities, so long as the successor securities rank the same as the trust preferred securities in priority with respect to distributions and payments upon liquidation, redemption and otherwise;
- we expressly appoint a trustee of such successor entity possessing the same powers and duties as the property trustee as the holder of the corresponding junior subordinated debentures;
- the successor securities are listed, or any successor securities will be listed upon notification of issuance, on any national securities exchange or other organization on which the trust preferred securities are then listed, if any;
- such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not cause the trust preferred securities to be downgraded by any nationally recognized statistical rating organization;
- such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the trust preferred securities (including any successor securities) in any material respect;
- such successor entity has a purpose substantially identical to that of the trust;
- prior to such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, we have received an opinion from independent counsel to the trust experienced in such matters to the effect that:
 - such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease does not adversely affect the rights, preferences and privileges of the holders of the trust preferred securities (including any successor securities) in any material respect, and

-
- following such merger, consolidation, amalgamation, replacement, conveyance, transfer or lease, neither the trust nor such successor entity will be required to register as an investment company under the Investment Company Act; and
 - we or any permitted successor or assignee owns all of the common securities of such successor entity and guarantees the obligations of such successor entity under the successor securities at least to the extent provided by the guarantee.

Notwithstanding the foregoing, the trust may not, except with the consent of holders of 100% in liquidation amount of the trust preferred securities, consolidate, amalgamate, merge with or into, or be replaced by or convey, transfer or lease its properties and assets substantially as an entirety to any other entity or permit any other entity to consolidate, amalgamate, merge with or into, or replace it if such consolidation, amalgamation, merger, replacement, conveyance, transfer or lease would cause the trust or the successor entity to be classified as other than a grantor trust for United States federal income tax purposes.

Voting Rights; Amendment of the Trust Agreement

Except as provided below and under *Description of Guarantees -- Amendments and Assignment* and as otherwise required by law and the trust agreement, the holders of the trust preferred securities will have no voting rights.

We and the administrative trustees may amend the trust agreement without the consent of the holders of the trust preferred securities, unless such amendment will materially and adversely affect the interests of any holder of trust preferred securities:

- to cure any ambiguity, correct or supplement any provisions in the trust agreement that may be inconsistent with any other provision, or to make any other provisions with respect to matters or questions arising under the trust agreement, which may not be inconsistent with the other provisions of the trust agreement; or
- to modify, eliminate or add to any provisions of the trust agreement to such extent as shall be necessary to ensure that the trust will be classified for United States federal income tax purposes as a grantor trust at all times that any trust securities are outstanding or to ensure that the trust will not be required to register as an "investment company" under the Investment Company Act.

Any such amendments will become effective when notice thereof is given to the holders of trust securities.

We, the administrative trustees and the property trustee may amend the trust agreement with:

- the consent of holders representing not less than a majority (based upon liquidation amounts) of the outstanding trust securities; and
- receipt by the trustees of an opinion of counsel to the effect that such amendment or the exercise of any power granted to the trustees in accordance with such amendment will not affect the trust's status as a grantor trust for United States federal income tax purposes or the trust's exemption from status as an investment company under the Investment Company Act.

Without the consent of each holder of trust securities, the trust agreement may not be amended to:

- change the amount or timing of any distribution required to be made in respect of the trust securities as of a specified date; or
- restrict the right of a holder of trust securities to institute suit for the enforcement of any such payment on or after such date.

So long as the property trustee holds any corresponding junior subordinated debentures, the trustees may not, without obtaining the prior approval of the holders of a majority in aggregate liquidation amount of all outstanding trust preferred securities:

- direct the time, method and place of conducting any proceeding for any remedy available to the debenture trustee, or executing any trust or power conferred on the property trustee with respect to such corresponding junior subordinated debentures;
- waive any past default that is waivable under the junior subordinated indenture;
- exercise any right to rescind or annul a declaration that the principal of all the corresponding junior subordinated debentures is due and payable; or
- consent to any amendment, modification or termination of the junior subordinated indenture or such corresponding junior subordinated debentures, where such consent shall be required.

If a consent under the junior subordinated indenture would require the consent of each holder of corresponding junior subordinated debentures affected thereby, no such consent may be given by the property trustee without the

prior consent of each holder of the corresponding trust preferred securities. The trustees may not revoke any action previously authorized or approved by a vote of the holders of the trust preferred securities except by subsequent vote of the holders of the trust preferred securities. The property trustee will notify each holder of the trust preferred securities of any notice of default with respect to the corresponding junior subordinated debentures. In addition to obtaining the foregoing approvals of the holders of the trust preferred securities, prior to taking any of the foregoing actions, the trustees will obtain an opinion of counsel experienced in such matters to the effect that such action would not cause the trust to be classified as other than a grantor trust for United States federal income tax purposes.

Any required approval of holders of trust preferred securities may be given at a meeting of holders of trust preferred securities convened for such purpose or pursuant to written consent. The property trustee will cause a notice of any meeting at which holders of trust preferred securities are entitled to vote, or of any matter upon which action by written consent of such holders is to be taken, to be given to each holder of record of trust preferred securities in the manner set forth in the trust agreement.

No vote or consent of the holders of trust preferred securities will be required for the trust to redeem and cancel its trust preferred securities in accordance with the trust agreement.

Notwithstanding that holders of trust preferred securities are entitled to vote or consent under any of the circumstances described above, any of the trust preferred securities that are owned by us or our affiliates or the trustees or any of their affiliates, shall, for purposes of such vote or consent, be treated as if they were not outstanding.

Payment and Paying Agency

Payments on the trust preferred securities shall be made to the depository, which shall credit the relevant accounts at the depository on the applicable distribution dates. If any trust preferred securities are not held by the depository, such payments shall be made by check mailed to the address of the holder as such address shall appear on the register.

Unless otherwise specified in the applicable prospectus supplement, the paying agent shall initially be the property trustee and any co-paying agent chosen by the property trustee and acceptable to us and to the administrative trustees. The paying agent shall be permitted to resign as paying agent upon 30 days' written notice to us and to the property trustee. In the event that the property trustee shall no longer be the paying agent, the administrative trustees will appoint a successor, which will be a bank or trust company acceptable to the administrative trustees and to us, to act as paying agent.

Registrar and Transfer Agent

Unless otherwise specified in the applicable prospectus supplement, the property trustee will act as registrar and transfer agent for the trust preferred securities.

Registration of transfers of trust preferred securities will be effected without charge by or on behalf of the trust, but upon payment of any tax or other governmental charges that may be imposed in connection with any transfer or exchange. The trust will not be required to register or cause to be registered the transfer of its trust preferred securities after such trust preferred securities have been called for redemption.

Information Concerning the Property Trustee

The property trustee, other than during the occurrence and continuance of an event of default, undertakes to perform only the duties that are specifically set forth in the trust agreement. After an event of default, the property trustee must exercise the same degree of care and skill as a prudent individual would exercise or use in the conduct of his or her own affairs. Subject to this provision, the property trustee is under no obligation to exercise any of the powers vested in it by the trust agreement at the request of any holder of trust preferred securities unless offered indemnity satisfactory to it by such holder against the costs, expenses and liabilities that might be incurred. If no event of default has occurred and is continuing and the property trustee is required to decide between alternative causes of action, construe ambiguous provisions in the trust agreement or is unsure of the application of any provision of the trust agreement, and the matter is not one on which holders of trust preferred securities are entitled under the trust agreement to vote, then the property trustee will take any action that we direct. If we do not provide direction, the property trustee may take any action that it deems advisable and in the best interests of the holders of the trust securities and will have no liability except for its own bad faith, negligence or willful misconduct.

Trust Expenses

Pursuant to the trust agreement, we, as depositor, agree to pay:

- all debts and other obligations of the trust (other than with respect to the trust preferred securities);
- all costs and expenses of the trust (including costs and expenses relating to the organization of the trust, the fees and expenses of the trustees and the cost and expenses relating to the operation of the trust); and
- any and all taxes and costs and expenses with respect thereto (other than United States withholding taxes) to which the trust might become subject.

Governing Law

The trust agreement will be governed by and construed in accordance with the laws of Delaware.

Miscellaneous

The administrative trustees are authorized and directed to conduct the affairs of and to operate the trust in such a way that it will not be required to register as an investment company under the Investment Company Act or characterized as other than a grantor trust for United States federal income tax purposes. The administrative trustees are authorized and directed to conduct their affairs so that the corresponding junior subordinated debentures will be treated as indebtedness of BB&T for United States federal income tax purposes. In this connection, we and the administrative trustees are authorized to take any action, not inconsistent with applicable law, the certificate of trust of the trust or the trust agreement, that we and the administrative trustees determine to be necessary or desirable to achieve such end, as long as such action does not materially and adversely affect the interests of the holders of the trust preferred securities.

Holders of the trust preferred securities have no preemptive or similar rights.

No trust may borrow money or issue debt or mortgage or pledge any of its assets.

COMMON SECURITIES

In connection with the issuance of trust preferred securities, the trust will issue one series of common securities having the terms, including distributions, redemption, voting and liquidation rights, set forth in the applicable prospectus supplement. Except for voting rights, the terms of the common securities will be substantially identical to the terms of the trust preferred securities. The common securities will rank equally, and payments will be made on the common securities pro rata, with the trust preferred securities, except that, upon an event of default, the rights of the holders of the common securities to payment in respect of distributions and payments upon liquidation, redemption and otherwise will be subordinated to the rights of the holders of the trust preferred securities. Except in limited circumstances, the common securities of the trust carry the right to vote to appoint, remove or replace any of the trustees of that trust. We will own, directly or indirectly, all of the common securities of the trust.

DESCRIPTION OF GUARANTEES

Set forth below is a summary of information concerning the guarantee that we will execute and deliver for the benefit of the holders of trust preferred securities when we issue trust securities. The trust preferred securities guarantee will be qualified as an indenture under the Trust Indenture Act. State Street Bank and Trust Company will act as the guarantee trustee for purposes of the Trust Indenture Act. The guarantee trustee will hold the trust preferred securities guarantee for the benefit of the holders of the trust preferred securities.

General

Pursuant to and to the extent set forth in the trust preferred securities guarantee, we will irrevocably and unconditionally agree to pay in full to the holders of the trust securities, except to the extent paid by the trust, as and when due, regardless of any defense, right of set-off or counterclaim which the trust may have or assert, the following payments, which are referred to as guarantee payments, without duplication:

- any accrued and unpaid distributions that are required to be paid on the trust preferred securities, to the extent the trust has funds available for distributions;
- the redemption price, plus all accrued and unpaid distributions, to the extent the trust has funds available for

redemptions, relating to any trust preferred securities called for redemption by the trust; and

- upon a voluntary or involuntary dissolution, winding-up or termination of the trust, other than in connection with the distribution of junior subordinated debentures to the holders of trust preferred securities or the redemption of all of the trust preferred securities, the lesser of:
 - the aggregate of the liquidation amount and all accrued and unpaid distributions on the trust preferred securities to the date of payment; and
 - the amount of assets of the trust remaining for distribution to holders of the trust preferred securities in liquidation of the trust.

The redemption price and liquidation amount will be fixed at the time the trust preferred securities are issued.

Our obligation to make a guarantee payment may be satisfied by direct payment of the required amounts to the holders of trust preferred securities or by causing the trust to pay such amounts to such holders.

The trust preferred securities guarantees will not apply to any payment of distributions except to the extent the trust shall have funds available for such payments. If we do not make interest payments on the junior subordinated debentures purchased by a trust, the trust will not pay distributions on the trust preferred securities and will not have funds available for such payments. See -- Status of the Guarantees. Because we are a holding company, our rights to participate in the assets of any of our subsidiaries upon the subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors except to the extent that we may ourselves be a creditor with recognized claims against the subsidiary. Except as otherwise described in the applicable prospectus supplement, the trust preferred securities guarantees do not limit the incurrence or issuance by us of other secured or unsecured debt.

The trust preferred securities guarantee, when taken together with our obligations under the junior subordinated debentures, the related indenture and the trust agreement, including our obligations to pay costs, expenses, debts and liabilities of the trust, other than those relating to trust securities, will provide a full and unconditional guarantee on a subordinated basis of payments due on the trust preferred securities.

We have also agreed separately to irrevocably and unconditionally guarantee the obligations of the trust with respect to the common securities to the same extent as the trust preferred securities guarantees, except that upon an event of default under the indenture, holders of trust preferred securities shall have priority over holders of common securities with respect to distributions and payments on liquidation, redemption or otherwise.

Status of the Guarantees

The guarantee will be unsecured and will rank:

- subordinate and junior in right of payment to all our other liabilities in the same manner as the junior subordinated indenture; and
- equally with all other trust preferred security guarantees that we issue.

The guarantee will constitute a guarantee of payment and not of collection. This means that the guaranteed party may sue the guarantor to enforce its rights under the guarantee without suing any other person or entity. The guarantee will be held for the benefit of the holders of the related trust securities. The guarantee will be discharged only by payment of the guarantee payments in full to the extent not paid by the trust or upon the junior subordinated debentures.

Amendments and Assignment

The trust preferred securities guarantee may be amended only with the prior approval of the holders of not less than a majority in aggregate liquidation amount of the outstanding trust preferred securities. No vote will be required, however, for any changes that do not adversely affect the rights of holders of trust preferred securities. All guarantees and agreements contained in the trust preferred securities guarantee will bind our successors, assignees, receivers, trustees and representatives and will be for the benefit of the holders of the trust preferred securities then outstanding.

Termination of the Guarantees

The trust preferred securities guarantee will terminate upon full payment of the redemption price of all trust preferred securities, upon distribution of the junior subordinated debentures to the holders of the trust securities or upon full payment of the amounts payable in accordance with the trust agreement upon liquidation of the trust. The trust preferred securities guarantee will continue to be effective or will be reinstated, as the case may be, if at any time any holder of trust preferred securities must restore payment of any sums paid under the trust preferred securities or the trust preferred securities guarantee.

Events of Default

An event of default under the trust preferred securities guarantee will occur if we fail to perform any payment or other obligations under the guarantee.

The holders of a majority in liquidation amount of the trust preferred securities have the right to direct the time, method and place of conducting any proceeding for any remedy available to the guarantee trustee in respect of the trust preferred securities guarantee or to direct the exercise of any trust or power conferred upon the guarantee trustee

under the guarantee. Any holder of trust preferred securities may institute a legal proceeding directly against us to enforce the guarantee trustee's rights and our obligations under the trust preferred securities guarantee, without first instituting a legal proceeding against the trust, the guarantee trustee or any other person or entity.

As guarantor, we are required to file annually with the guarantee trustee a certificate as to whether or not we are in compliance with all applicable conditions and covenants applicable under the trust preferred securities guarantee.

Information Concerning the Guarantee Trustee

Prior to the occurrence of a default relating to the trust preferred securities guarantee, the guarantee trustee is required to perform only the duties that are specifically set forth in the trust preferred securities guarantee. Following the occurrence of a default, the guarantee trustee will exercise the same degree of care as a prudent individual would exercise in the conduct of his or her own affairs. Provided that the foregoing requirements have been met, the guarantee trustee is under no obligation to exercise any of the powers vested in it by the trust preferred securities guarantee at the request of any holder of trust preferred securities, unless offered indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred thereby.

We and our affiliates maintain certain accounts and other banking relationships with the guarantee trustee and its affiliates in the ordinary course of business.

Governing Law

The trust preferred securities guarantees will be governed by and construed in accordance with the internal laws of the state of New York.

RELATIONSHIP AMONG TRUST PREFERRED SECURITIES, CORRESPONDING JUNIOR SUBORDINATED DEBENTURES AND GUARANTEES

As set forth in the trust agreement, the sole purpose of the trust is to issue the trust securities and to invest the proceeds in the junior subordinated debentures.

As long as payments of interest and other payments are made when due on the junior subordinated debentures, those payments will be sufficient to cover the distributions and payments due on the trust securities. This is due to the following factors:

- the aggregate principal amount of junior subordinated debentures will be equal to the sum of the aggregate stated liquidation amount of the trust securities;
- the interest rate and the interest and other payment dates on the junior subordinated debentures will match the distribution rate and distribution and other payment dates for the trust securities;
- under the junior subordinated indenture, we will pay, and the trust will not be obligated to pay, directly or indirectly, all costs, expenses, debts and obligations of the trust, other than those relating to the trust securities; and
- the trust agreement further provides that the trustees may not cause or permit the trust to engage in any activity that is not consistent with the purposes of the trust.

To the extent that funds are available, we guarantee payments of distributions and other payments due on the trust preferred securities to the extent described in this prospectus. If we do not make interest payments on the junior subordinated debentures, the trust will not have sufficient funds to pay distributions on the trust preferred securities. The trust preferred securities guarantee is a subordinated guarantee in relation to the trust preferred securities. The trust preferred securities guarantee does not apply to any payment of distributions unless and until the trust has sufficient funds for the payment of such distributions. See Description of Guarantees.

We have the right to set off any payment that we are otherwise required to make under the junior subordinated indenture with any payment that we have previously made or are concurrently on the date of such payment making under a related guarantee.

The trust preferred securities guarantee covers the payment of distributions and other payments on the trust preferred securities only if and to the extent that we have made a payment of interest or principal or other payments on the junior subordinated debentures. The trust preferred securities guarantee, when taken together with our obligations under the junior subordinated debentures and the indenture and our obligations under the trust agreement, will provide a full and unconditional guarantee of distributions, redemption payments and liquidation payments on the trust preferred securities.

If we fail to make interest or other payments on the junior subordinated debentures when due, taking account of any extension period, the trust agreement allows the holders of the trust preferred securities to direct the property trustee to enforce its rights under the junior subordinated debentures. If the property trustee fails to enforce these rights, any holder of trust preferred securities may directly sue us to enforce such rights without first suing the property trustee or any other person or entity. See Description of Trust Preferred Securities -- Book Entry Issuance and -- Voting Rights.

A holder of trust preferred securities may institute a direct action if a trust agreement event of default has occurred and is continuing and such event is attributable to our failure to pay interest or principal on the junior subordinated debentures when due. A direct action may be brought without first (1) directing the property trustee to enforce the terms of the junior subordinated debentures or (2) suing us to enforce the property trustee's rights under the junior subordinated debentures. In connection with such direct action, we will be subrogated to the rights of such holder of trust preferred securities under the trust agreement to the extent of any payment made by us to such holder of trust preferred securities. Consequently, we will be entitled to payment of amounts that a holder of trust preferred securities receives in respect of an unpaid distribution to the extent that such holder receives or has already received full payment relating to such unpaid distribution from the trust.

We acknowledge that the guarantee trustee will enforce the trust preferred securities guarantees on behalf of the holders of the trust preferred securities. If we fail to make payments under the trust preferred securities guarantees, the holders of the trust preferred securities may direct the guarantee trustee to enforce its rights thereunder. If the guarantee trustee fails to enforce the trust preferred securities guarantees, any holder of trust preferred securities may

directly sue us to enforce the guarantee trustee's rights under the trust preferred securities guarantees. Such holder need not first sue the trust, the guarantee trustee, or any other person or entity. A holder of trust preferred securities may also directly sue us to enforce such holder's right to receive payment under the trust preferred securities guarantees. Such holder need not first (1) direct the guarantee trustee to enforce the terms of the trust preferred securities guarantee or (2) sue the trust or any other person or entity.

A default or event of default under any of our senior debt would not constitute a default or event of default under the junior subordinated indenture. However, in the event of payment defaults under, or acceleration of, our senior debt, the subordination provisions of the junior subordinated indenture provide that no payments may be made in respect of the corresponding junior subordinated debentures until such senior debt has been paid in full or any payment default thereunder has been cured or waived. Failure to make required payments on any series of corresponding junior subordinated debentures would constitute an event of default under the junior subordinated indenture.

We and the trust believe that the above mechanisms and obligations, taken together, are equivalent to a full and unconditional guarantee by us of payments due on the trust preferred securities. See Description of Guarantees -- General.

Limited Purpose of Trust

The trust's trust preferred securities evidence a beneficial interest in the trust, and the trust exists for the sole purpose of issuing its trust preferred securities and common securities and investing the proceeds in corresponding junior subordinated debentures issued by BB&T. A principal difference between the rights of a holder of a trust preferred security and a holder of a corresponding junior subordinated debenture is that a holder of a corresponding junior subordinated debenture is entitled to receive from us the principal amount of and interest accrued on corresponding junior subordinated debentures held, while a holder of trust preferred securities is entitled to receive distributions from the trust (or from us under the applicable guarantee) if and to the extent the trust has funds available for the payment of such distributions.

Rights Upon Dissolution

Upon any voluntary or involuntary dissolution, winding up or liquidation of the trust involving the liquidation of the corresponding junior subordinated debentures, after satisfaction of liabilities to creditors of the trust, the holders of the related trust preferred securities will be entitled to receive, out of the assets held by the trust, the liquidation distribution in cash. See Description of Trust Preferred Securities -- Liquidation Distribution Upon Termination. Upon any voluntary or involuntary liquidation or bankruptcy of BB&T, the property trustee, as holder of the corresponding junior subordinated debentures, would be a subordinated creditor of BB&T, subordinated in right of payment to all senior debt as set forth in the junior subordinated indenture, but entitled to receive payment in full of principal and interest before any of our stockholders receive distributions. Since we are the guarantor under the guarantee and have

agreed to pay for all costs, expenses and liabilities of the trust, other than the trust's obligations to the holders of its trust preferred securities, the positions of a holder of such trust preferred securities and a holder of such corresponding junior subordinated debentures relative to other creditors and to our stockholders in the event of liquidation or bankruptcy are expected to be substantially the same.

GLOBAL SECURITIES

Book-Entry, Delivery and Form

We have obtained the information in this section concerning DTC, Clearstream, Euroclear and the book-entry system and procedures from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

Unless otherwise mentioned in the relevant prospectus supplement, we and the trust anticipate that trust preferred securities will be issued in the form of one or more global certificates, or global securities, registered in the name of a depository or its nominee. Unless otherwise mentioned in the relevant prospectus supplement, the depository will be The Depository Trust Company, commonly referred to as DTC, and global securities will be registered, at the request of DTC, in the name of Cede & Co. Beneficial interests in the global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as participants in DTC. Unless otherwise mentioned in the relevant prospectus supplement, investors may elect to hold their interests in the global securities through either DTC (in the United States) or (in Europe) through Clearstream Banking S.A., or Clearstream, formerly Cedelbank, or through Euroclear Bank S.A.I.N.V., as operator of the Euroclear System, or Euroclear. Investors may hold their interests in the securities directly if they are participants in such systems, or indirectly through organizations that are participants in these systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories, which in turn will hold these interests in customers' securities accounts in the depositories' names on the books of DTC. Unless otherwise mentioned in the relevant prospectus supplement, Citibank, N.A. will act as depository for Clearstream and J.P. Morgan Chase & Co. will act as depository for Euroclear. We refer to Citibank and J.P. Morgan Chase in these capacities as the U.S. Depositories. Beneficial interests in the global securities will be held in authorized denominations of such securities. Except as set forth below, the global securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Securities represented by a global security can be exchanged for definitive securities in registered form only if:

-
- DTC notifies us and the trust that it is unwilling or unable to continue as depository for that global security and the trust does not appoint a successor depository within 90 days after receiving that notice;

- at any time DTC ceases to be a clearing agency registered under the Securities Exchange Act of 1934 and the trust does not appoint a successor depository within 90 days after becoming aware that DTC has ceased to be registered as a clearing agency;
- the trust in its sole discretion determines that that global security will be exchangeable for definitive securities in registered form and notify the trustee of our decision; or
- an event of default with respect to the securities represented by that global security has occurred and is continuing.

A global security that can be exchanged as described in the preceding sentence will be exchanged for definitive securities issued in authorized denominations of such securities in registered form for the same aggregate amount. The definitive securities will be registered in the names of the owners of the beneficial interests in the global security as directed by DTC.

If applicable, the trust will make payments with respect to all securities represented by a global security to the paying agent which in turn will make payment to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the securities represented by global securities. Accordingly, we, the trust, the trustee and any paying agent will have no responsibility or liability for:

- any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a note represented by a global security;
- any other aspect of the relationship between DTC and its participants or the relationship between those participants and the owners of beneficial interests in a global security held through those participants; or
- the maintenance, supervision or review of any of DTC's records relating to those beneficial ownership interests.

DTC has advised us that its current practice is to credit participants' accounts on each payment date with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security as shown on DTC's records, upon DTC's receipt of funds and corresponding detail information. The underwriter will initially designate the accounts to be credited. Payments by participants to owners of beneficial interests in a global security will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in street name, and will be the sole responsibility of those participants.

DTC

So long as DTC or its nominee is the registered owner of a global security, DTC or its nominee, as the case may be, will be considered the sole owner and holder of the securities represented by that global security for all purposes of the securities. Owners of beneficial interests in the securities will not be entitled to have securities registered in their names. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of DTC and, if that person is not a DTC participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder of securities. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in certificated form. These laws may impair the ability to transfer beneficial interests in a global security.

We understand that, under existing industry practices, if we or the trust request holders to take any action, or if an owner of a beneficial interest in a global security desires to take any action which a holder is entitled to take, then DTC would authorize the participants holding the relevant beneficial interests to take that action and those participants would authorize the beneficial owners owning through such participants to take that action or would otherwise act upon the instructions of beneficial owners owning through them.

36

Beneficial interests in a global security will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for that global security. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the securities will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect.

DTC has advised us that it is a limited-purpose trust company organized under the New York banking law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the Securities Exchange Act of 1934.

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include securities brokers and dealers, including the underwriter, banks, trust companies, clearing corporations and certain other organizations, some of which, and/or their representatives, own DTC. Banks, brokers, dealers, trust companies and others that clear through or maintain a custodial relationship with a participant, either directly or indirectly, also have access to DTC's book-entry system. The rules applicable to DTC and its participants are on file with the SEC.

DTC has advised us that the above information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Clearstream

Clearstream has advised us that it is incorporated under the laws of Luxembourg as a bank. Clearstream holds securities for its participating organizations, or Clearstream Participants, and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interacts with domestic securities markets in over 30 countries through established depository and custodial relationships. As a bank, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (Commission de

Surveillance du Secteur Financier). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriter. Clearstream's U.S. Participants are limited to securities brokers and dealers and banks. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant either directly or indirectly.

Distributions with respect to securities held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures, to the extent received by the U.S. Depository for Clearstream.

Euroclear

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear, or Euroclear Participants, and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear performs various other services, including securities lending and borrowing, and interacts with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., or the Euroclear Operator, under contract with Euroclear Clearance Systems plc, a Belgian corporation. All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator, not Euroclear Clearance Systems. Euroclear Clearance Systems establishes policy for Euroclear on behalf of Euroclear Participants. Euroclear Participants include banks, including central banks, securities brokers and dealers and other professional financial intermediaries and may include the underwriter. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Euroclear Operator is a Belgian bank. As such it is regulated by the Belgian Banking Commission.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law, which we refer to in this prospectus as the Terms and Conditions. The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear Participants, and has no record of or relationship with persons holding through Euroclear Participants.

Distributions with respect to securities held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Terms and Conditions, to the extent received by the U.S. Depository

for Euroclear.

Euroclear has further advised us that investors that acquire, hold and transfer interests in the securities by book-entry through accounts with the Euroclear Operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the global securities.

The Euroclear Operator has advised us that under Belgian law, investors which are credited with securities on the records of the Euroclear Operator have a co-proprietary right in the fungible pool of interests in securities on deposit with the Euroclear Operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear Operator, Euroclear Participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear Operator. If the Euroclear Operator did not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all Euroclear Participants credited with such interests in securities on the Euroclear Operator's records, all Euroclear Participants having an amount of interests in securities of such type credited to their accounts with the Euroclear Operator would then have the right under Belgian law only to the return of their pro rata share of the amount of interests in securities actually on deposit.

Under Belgian law, the Euroclear Operator is required to pass on the benefits of ownership in any interests in securities on deposit with it (such as dividends, voting rights and other entitlements) to any person credited with such interest in securities on its records.

Global Clearance and Settlement Procedures

Initial settlement for the securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream Participants and/or Euroclear Participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream Participants or Euroclear Participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by its U.S. Depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. Depository to take action to effect final

settlement on its behalf by delivering or receiving securities through DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream Participants and Euroclear Participants may not deliver instructions directly to their respective U.S. Depositories.

Because of time-zone differences, credits of securities received through Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such securities settled during such processing will be reported to the relevant Euroclear Participants or Clearstream Participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of securities by or through a Clearstream Participant or a Euroclear Participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be modified or discontinued at any time. Neither we, the trust nor the paying agent will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective direct or indirect participants of their obligations under the rules and procedures governing their operations.

PLAN OF DISTRIBUTION

We and the trust may sell securities to or through underwriters, including broker dealer affiliates of BB&T, to be designated at various times, and also may sell securities to dealers, directly to other purchasers or through agents. The distribution of securities may be effected at various times in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

The trust preferred securities will be new issues of securities with no established trading market. It has not presently been established whether the underwriters, if any, of these securities will make a market in these securities. If a market in these securities is made by those underwriters, this market making may be discontinued at any time without notice. No assurance can be given as to the liquidity of the trading market for these securities.

This prospectus and the related prospectus supplements may be used by our broker dealer affiliates for offers and sales related to market-making transactions in the securities. Such broker dealer affiliates may act as principal or agent in these transactions. These sales will be made at prices related to prevailing market prices at the time of sale or otherwise.

In facilitating the sale of securities, underwriters may receive compensation from us or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and these dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may be considered underwriters, and any discounts or commissions received by them from us and any profit on the resale of securities by them may be considered underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified, and any such compensation received from us will be described, in the prospectus supplement relating to those securities.

Unless otherwise mentioned in the relevant prospectus supplement, the obligations of any underwriters to purchase the securities will be subject to certain conditions precedent, and each of the underwriters with respect to a sale of securities will be obligated to purchase all of its securities if any are purchased. Unless otherwise mentioned in the relevant prospectus supplement, any such agent involved in the offer and sale of the securities in respect of which this prospectus is being delivered will be acting on a best efforts basis for the period of its appointment.

In connection with an offering of securities, underwriters may purchase and sell these securities in the open market. These transactions may include over allotment and stabilizing transactions and purchases to cover short positions created by underwriters with respect to the offering. Stabilizing transactions consist of certain bids or purchases for preventing or retarding a decline in the market price of the securities; and short positions created by underwriters involve the sale by underwriters of a greater number of securities than they are required to purchase from us in the offering. Underwriters also may impose a penalty bid, by which selling concessions allowed to broker dealers in respect of the securities sold in the offering may be reclaimed by underwriters if such securities are repurchased by underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

Under agreements which we may enter into, underwriters, agents and their controlling persons who participate in the distribution of securities may be entitled to indemnification by us against certain liabilities, including liabilities under the Securities Act.

If so noted in the prospectus supplement relating to any securities, we will authorize dealers or other persons acting as our agents to solicit offers by certain institutions to purchase any securities from the trust under contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. We must approve such institutions in all cases. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of any securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

The participation of BB&T broker dealer affiliates in the offer and sale of the securities must comply with the requirements of Rule 2720 of the National Association of Securities Dealers, Inc. regarding underwriting securities of an affiliate. No NASD member participating in offers and sales will execute a transaction in the securities in a discretionary account without the prior specific written approval of such member's customer.

If BB&T and the trust offer and sell securities directly to a purchaser or purchasers in respect of which this prospectus is delivered, purchasers involved in the reoffer or resale of such securities, if these purchasers may be considered underwriters as that term is defined in the Securities Act, will be named and the terms of their reoffers or

resales will be mentioned in the relevant prospectus supplement. These purchasers may then reoffer and resell such securities to the public or otherwise at varying prices to be determined by such purchasers at the time of resale or as otherwise described in the relevant prospectus supplement. Purchasers of securities directly from us and the trust may be entitled under agreements that they may enter into with us and the trust to indemnification by us against certain liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for us in the ordinary course of their business or otherwise.

Underwriters or agents and their associates may be customers of (including borrowers from), engage in transactions with, and/or perform services for, us, the property trustee and the Delaware trustee, in the ordinary course of business.

Certain legal matters will be passed upon for us by Womble Carlyle Sandridge & Rice, PLLC, Charlotte, North Carolina, and for any underwriters or agents by counsel selected by such underwriters or agents. Womble Carlyle Sandridge & Rice, PLLC and counsel to the underwriters will rely upon Richards, Layton & Finger as to matters of Delaware law. EXPERTS

Our consolidated financial statements as of and for the year ended December 31, 2002, incorporated in this prospectus by reference to the Annual Report on Form 10-K for the year ended December 31, 2002, have been so incorporated in reliance on the report of PricewaterhouseCoopers LLP, independent accountants, given on the authority of said firm as experts in auditing and accounting.

The consolidated financial statements as of December 31, 2001 and for each of the two years in the period ended December 31, 2001, incorporated by reference in this prospectus, have been audited by Arthur Andersen LLP,

independent certified public accountants, as stated in their report incorporated by reference herein.

On March 20, 2002, we announced that we had appointed PricewaterhouseCoopers LLP to replace Arthur Andersen LLP as our independent accountants. After reasonable efforts, we have been unable to obtain Arthur Andersen's updated written consent to the incorporation by reference into this registration statement of Arthur Andersen's audit reports with respect to our financial statements. Under these circumstances, Rule 437a under the Securities Act permits us to omit Arthur Andersen's updated written consent from this registration statement.

Section 11(a) of the Securities Act provides that if any part of a registration statement at the time it becomes effective contains an untrue statement of a material fact or an omission to state a material fact required to be stated therein or necessary to make the statements therein not misleading, any person acquiring a security pursuant to such registration statement (unless it is proved that at the time of such acquisition such person knew of such untruth or omission) may sue, among others, every accountant who has consented to be named as having prepared or certified any part of the registration statement or as having prepared or certified any report or valuation which is used in connection with the registration statement with respect to the statement in such registration statement, report or valuation which purports to have been prepared or certified by the accountant.

Accordingly, Arthur Andersen may not be liable under Section 11(a) of the Securities Act because it has not consented to being named as an expert in the registration statement. We believe, however, that other persons who may be liable under Section 11(a) of the Securities Act, including our officers and directors, may still rely on Arthur Andersen's audit reports as being made by an expert under the due diligence defense provision of Section 11(b) of the Securities Act.

Item 15. Indemnification of Directors and Officers

Sections 55-8-50 through 55-8-58 of the North Carolina Business Corporation Act contain specific provisions relating to indemnification of directors and officers of North Carolina corporations. In general, such sections provide that: (i) a corporation must indemnify a director or officer who is wholly successful in his defense of a proceeding to which he is a party because of his status as such, unless limited by the articles of incorporation, and (ii) a corporation may indemnify a director or officer if he is not wholly successful in such defense if it is determined as provided by statute that the director or officer meets a certain standard of conduct, except that when a director or officer is liable to the corporation or is adjudged liable on the basis that personal benefit was improperly received by him, the corporation may not indemnify him. A director or officer of a corporation who is a party to a proceeding may also apply to a court for indemnification, and the court may order indemnification under certain circumstances set forth in statute. A corporation may, in its articles of incorporation or bylaws or by contract or resolution of the board of directors, provide indemnification in addition to that provided by statute, subject to certain conditions.

BB&T's bylaws provide for the indemnification of any director or officer of the registrant against liabilities and litigation expenses arising out of his status as such, excluding: (i) any liabilities or litigation expenses relating to activities that were at the time taken known or believed by such person to be clearly in conflict with the best interest of BB&T or its affiliates and (ii) that portion of any liabilities or litigation expenses with respect to which such person is entitled to receive payment under any insurance policy.

BB&T's articles of incorporation provide for the elimination of the personal liability of each director of the BB&T to the fullest extent permitted by law.

BB&T maintains directors' and officers' liability insurance that, in general, insures: (i) BB&T's directors and officers against loss by reason of any of their wrongful acts and (ii) BB&T against loss arising from claims against the directors and officers by reason of their wrongful acts, all subject to the terms and conditions contained in the policy.

II-1

Certain rules of the Federal Deposit Insurance Corporation limit the ability of certain depository institutions, their subsidiaries and their affiliated depository institution holding companies to indemnify affiliated parties, including institution directors. In general, subject to the ability to purchase directors and officers liability insurance and to advance professional expenses under certain circumstances, the rules prohibit such institutions from indemnifying a

director for certain costs incurred with regard to an administrative or enforcement action commenced by any federal banking agency that results in a final order or settlement pursuant to which the director is assessed a civil money penalty, removed from office, prohibited from participating in the affairs of an insured depository institution or required to cease and desist from or take an affirmative action described in Section 8(b) of the Federal Deposit Insurance Act (12 U.S.C. 1818(b)).

Under the trust agreement of BB&T Capital Trust I, BB&T will agree to indemnify the trustees of the issuer trust, and to hold the trustees harmless against, any loss, damage, claims, liability or expense incurred without negligence or bad faith on its part, arising out of or in connection with the acceptance or administration of the applicable trust agreement, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under such the agreement.

* To be filed by amendment.

** Previously filed.

Item 17. Undertakings.

Each of the undersigned Registrants hereby undertakes:

- (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (1) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;
 - (2) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement;
 - (3) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;
- provided, however, that paragraphs (1) and (2) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed by the Registrants pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.
- (b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

Each of the undersigned Registrants hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of each Registrant pursuant to the provisions described under Item 15 above, or otherwise, each of the Registrants has been advised that, in the opinion of the Commission, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by each Registrant of expenses incurred or paid by a director, officer or controlling person of each Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, each of the Registrants will, unless, in the opinion of their counsel, the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

Each of the undersigned Registrants hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

Each of the undersigned Registrants hereby undertakes that:

- (1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of a registration statement in reliance upon Rule 430A and contained in the form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be a part of the registration statement as of the time it was declared effective.
- (2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Each of the undersigned Registrants hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act (Act) in accordance with the rules and regulations prescribed by the Commission under section 305(b)(2) of the Act.

To the extent there are no additional Underwriters listed on Schedule I or II other than you, the term Representatives as used herein shall mean you, as Underwriters, and the terms Representatives and Underwriters shall mean either the singular or plural as the context requires. Certain terms used herein are defined in Section 17 hereof.

* Appropriate provisions to be included in each underwriting agreement based on the type of security offered.

The Company has filed with the Commission a registration statement on Form S-3 (No. 333-_____) [and pre-effective amendment[s] no[s]. ___ thereto] for the registration of the Securities under the 1933 Act, and the offering thereof from time to time in accordance with Rule 415, and the Company has filed such post-effective amendments thereto as may be required prior to the execution of this Agreement. Such registration statement (as so amended, if applicable) has been declared effective by the Commission and each Indenture has been duly qualified under the 1939 Act. Such registration statement (as so amended, if applicable), including the Rule 430A Information, if any, or Rule 434 Information, is referred to herein as the **Registration Statement** ; and the final prospectus and the prospectus supplement relating to the offering of the Securities, in the form first furnished to the Underwriters by the Company for use in connection with the offering of the Securities, are collectively referred to herein as the **Prospectus** ; provided, however, that all references to the **Registration Statement** and the **Prospectus** shall be deemed to include all documents incorporated therein by reference pursuant to the 1934 Act, prior to the execution of this Agreement; provided, further, that if the Company files a Rule 462(b) Registration Statement, then, after such filing, all references to **Registration Statement** shall be deemed to include the Rule 462(b) Registration Statement; and provided, further, that if the Company elects to rely upon Rule 434 of the 1933 Act Regulations, then all references to **Prospectus** shall be deemed to include the final or preliminary prospectus and the applicable term sheet or abbreviated term sheet (the **Term Sheet**), as the case may be, in the form first furnished to the Underwriters by the Company in reliance upon Rule 434 of the 1933 Act Regulations, and all references in this Agreement to the date of the **Prospectus** shall mean the date of the **Term Sheet**. A **preliminary prospectus** shall be deemed to refer to any prospectus used before the registration statement became effective and any prospectus that omitted, as applicable, the Rule 430A Information, the Rule 434 Information or other information to be included upon pricing in a form of prospectus filed with the Commission pursuant to Rule 424(b) of the 1933 Act Regulations, that was used after such effectiveness and prior to the execution and delivery of this Agreement. For purposes of this Agreement, all references to the **Registration Statement**, **Prospectus**, **Term Sheet** or preliminary prospectus or to any amendment or supplement to any of the foregoing shall be deemed to include the copy filed with the Commission pursuant to EDGAR.

All references in this Agreement to financial statements and schedules and other information which is contained, included or stated (or other references of like import) in the **Registration Statement**, **Prospectus** or preliminary prospectus shall be deemed to mean and include all such financial statements and schedules and other

information which is incorporated by reference in the Registration Statement, Prospectus or preliminary prospectus, as the case may be; and all references in this Agreement to amendments or supplements to the Registration Statement, Prospectus or preliminary prospectus shall be deemed to mean and include the filing of any document under the 1934 Act which is incorporated by reference in the Registration Statement, Prospectus or preliminary prospectus, as the case may be.

1. Representations and Warranties. The Company represents and warrants to, and agrees with, each Underwriter, as of the date hereof and as of the Closing Date (as defined below) (in each case, a Representation Date) as set forth below in this Section 1.

(a) Compliance with Registration Requirements. The Company meets the requirements for use of Form S-3 under the 1933 Act. Each of the Registration Statement and any Rule 462(b) Registration Statement has become effective under the 1933 Act and no stop order suspending the effectiveness of the Registration Statement or any Rule 462(b) Registration Statement has been issued under the 1933 Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of the Company, are contemplated by the Commission, and any request on the part of the Commission for additional information has been complied with. In addition, each Indenture has been duly qualified under the 1939 Act.

2

At the respective times the Registration Statement, any Rule 462(b) Registration Statement and any post-effective amendments thereto (including the filing of the Company's most recent Annual Report on Form 10-K with the Commission (the Annual Report on Form 10-K)) became effective and at each Representation Date, the Registration Statement, any Rule 462(b) Registration Statement and any amendments and supplements thereto complied and will comply in all material respects with the requirements of the 1933 Act and the 1933 Act Regulations and the 1939 Act and the 1939 Act Regulations and did not and will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading. At the date of the Prospectus and at the Closing Date, the Prospectus and any amendments and supplements thereto did not and will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. If the Company elects to rely upon Rule 434, the Company will comply with the requirements of Rule 434. Notwithstanding the foregoing, the representations and warranties in this subsection shall not apply to statements in or omissions from the Registration Statement or the Prospectus made in reliance upon and in conformity with information furnished to the Company in writing by any Underwriter through the Representatives expressly for use in the Registration Statement or the Prospectus.

Each preliminary prospectus and prospectus filed as part of the Registration Statement as originally filed or as part of any amendment thereto, or filed pursuant to Rule 424, complied when so filed in all material respects with the 1933 Act Regulations and, if applicable, each preliminary prospectus and the Prospectus delivered to the Underwriters for use in connection with the offering of Securities will, at the time of such delivery, be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(b) Incorporated Documents. The documents incorporated or deemed to be incorporated by reference in the Registration Statement and the Prospectus, at the time they were or hereafter are filed with the

Commission, complied and will comply in all material respects with the requirements of the 1934 Act and the 1934 Act Regulations and, when read together with the other information in the Prospectus, at the date of the Prospectus and at the Closing Date, did not and will not include an untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(c) Authorization of this Agreement. This Agreement has been duly authorized, executed and delivered by the Company.

3

(d) Authorization of Securities. The Securities have been duly authorized by the Company for issuance and sale pursuant to this Agreement. Such Securities, when issued and authenticated in the manner provided for in the Indenture and delivered against payment of the consideration therefor specified in this Agreement, will constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws relating to or affecting creditors' rights generally or by general equitable principles, and except further as enforcement thereof may be limited by (A) requirements that a claim with respect to any Securities denominated other than in U.S. dollars (or a foreign or composite currency judgment in respect of such claim) be converted into U.S. dollars at a rate of exchange prevailing on a date determined pursuant to applicable law or (B) governmental authority to limit, delay or prohibit the making of payments outside the United States. Such Securities will be in the form contemplated by, and each registered holder thereof is entitled to the benefits of, the Indenture.

(e) Authorization of the Indenture. The Indenture has been duly authorized, executed and delivered by the Company and constitutes a valid and legally binding agreement of the Company, enforceable against the Company in accordance with its terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws relating to or affecting creditors' rights generally or by general equitable principles.

(f) Descriptions of the Securities and Indenture. The Securities being sold pursuant to this Agreement and the Indenture, as of the date of the Prospectus, will conform in all material respects to the statements relating thereto contained in the Prospectus and will be in substantially the form filed or incorporated by reference, as the case may be, as an exhibit to the Registration Statement.

Any certificate signed by any officer of the Company or any subsidiary and delivered to the Representatives or counsel for the Underwriters in connection with the offering of the Securities shall be deemed a representation and warranty by the Company, as to matters covered thereby, to each Underwriter on the date of such certificate and, unless subsequently amended or supplemented, at each Representation Date subsequent thereto.

2. Purchase and Sale. Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Underwriter, and each Underwriter agrees, severally and not jointly, to purchase from the Company, at the purchase price set forth in Schedule I hereto the principal amount of the Securities set forth opposite such Underwriter's name in Schedule II hereto.

3. Delivery and Payment. Delivery of and payment for the Securities shall be made on the date and at the time specified in Schedule I hereto or at such time on such later date not more than three Business Days after the foregoing date as the Representatives shall designate, which date and time may be postponed by agreement between the Representatives and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the Closing Date). Delivery of the Securities shall be made to the Representatives for the respective accounts of the several Underwriters against payment by the several Underwriters through the Representatives of the purchase price thereof to or upon the order of the Company by wire transfer payable in same-day funds to an account specified by the Company. Delivery of the Securities shall be made through the facilities of The Depository Trust Company unless the Representatives shall otherwise instruct.

4

4. Offering by Underwriters. It is understood that the several Underwriters propose to offer the Securities for sale to the public as set forth in the Prospectus.

5. Agreements. The Company agrees with each of the several Underwriters that:

(a) Compliance with Securities Regulations and Commission Requests. The Company, subject to Section 5(b), will comply with the requirements of Rule 430A and/or Rule 434, if and as applicable, and will notify the Representative(s) immediately of (i) the effectiveness of any post-effective amendment to the Registration Statement or the filing of any supplement or amendment to the Prospectus, (ii) the receipt of any comments from the Commission, (iii) any request by the Commission for any amendment to the Registration Statement or any amendment or supplement to the Prospectus or for additional information, and (iv) the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or of any order preventing or suspending the use of any preliminary prospectus, or of the suspension of the qualification of the Securities for offering or sale in any jurisdiction, or of the initiation or threatening of any proceedings for any of such purposes. The Company will promptly effect the filings necessary pursuant to Rule 424 and will take such steps as it deems necessary to ascertain promptly whether the Prospectus transmitted for filing under Rule 424 was received for filing by the Commission and, in the event that it was not, it will promptly file the Prospectus. The Company will make every reasonable effort to prevent the issuance of any stop order and, if any stop order is issued, to obtain the lifting thereof at the earliest possible moment.

(b) Filing of Amendments. The Company will give the Representatives notice of its intention to file or prepare any amendment to the Registration Statement (including any filing under Rule 462(b)), any Term Sheet or any amendment, supplement or revision to either the prospectus included in the Registration Statement at the time it became effective or to the Prospectus, whether pursuant to the 1933 Act, the 1934 Act or otherwise, will furnish the Representatives with copies of any such documents a reasonable amount of time prior to such proposed filing or use, as the case may be, and will not file or use any such document to which the Representatives or counsel for the Underwriters shall object.

(c) Delivery of Registration Statements. The Company has furnished or will deliver to the Representatives and counsel for the Underwriters, without charge, signed copies of the Registration Statement as originally filed and of each amendment thereto (including exhibits filed therewith or incorporated by reference therein and documents incorporated or deemed to be incorporated by reference therein) and signed copies of all consents and certificates of experts, and will also deliver to the Representatives, without charge, a conformed copy of the

Registration Statement as originally filed and of each amendment thereto (without exhibits) for each of the Underwriters. If applicable, the copies of the Registration Statement and each amendment thereto furnished to the Underwriters will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

5

(d) Delivery of Prospectuses. The Company will deliver to each Underwriter, without charge, as many copies of each preliminary prospectus as such Underwriter may reasonably request, and the Company hereby consents to the use of such copies for purposes permitted by the 1933 Act. The Company will furnish to each Underwriter, without charge, during the period when the Prospectus is required to be delivered under the 1933 Act or the 1934 Act, such number of copies of the Prospectus as such Underwriter may reasonably request. If applicable, the Prospectus and any amendments or supplements thereto furnished to the Underwriters will be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(e) Continued Compliance with Securities Laws. The Company will comply with the 1933 Act, the 1933 Act Regulations, the 1934 Act and the 1934 Act Regulations so as to permit the completion of the distribution of the Securities as contemplated in this Agreement and in the Registration Statement and the Prospectus. If at any time when the Prospectus is required by the 1933 Act or the 1934 Act to be delivered in connection with sales of the Securities, any event shall occur or condition shall exist as a result of which it is necessary, in the opinion of counsel for the Underwriters or for the Company, to amend the Registration Statement in order that the Registration Statement will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or to amend or supplement the Prospectus in order that the Prospectus will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, or if it shall be necessary, in the opinion of such counsel, at any such time to amend the Registration Statement or amend or supplement the Prospectus in order to comply with the requirements of the 1933 Act or the 1933 Act Regulations, the Company will promptly prepare and file with the Commission, subject to Section 5(b), such amendment or supplement as may be necessary to correct such statement or omission or to make the Registration Statement or the Prospectus comply with such requirements, and the Company will furnish to the Underwriters, without charge, such number of copies of such amendment or supplement as the Underwriters may reasonably request.

(f) Blue Sky Qualifications. The Company will use its best efforts, in cooperation with the Underwriters, to qualify the Securities for offering and sale under the applicable securities laws of such states and the jurisdictions (domestic or foreign) as the Representatives may designate and to maintain such qualifications in effect for a period of not less than one year from the date of this Agreement; provided, however, that the Company shall not be obligated to file any general consent to service of process or to qualify as a foreign corporation or as a dealer in securities in any jurisdiction in which it is not so qualified or to subject itself to taxation in respect of doing business in any jurisdiction in which it is not otherwise so subject. In each jurisdiction in which the Securities have been so qualified, the Company will file such statements and reports as may be required by the laws of such jurisdiction to continue such qualification in effect for a period of not less than one year from the date of this Agreement.

(g) Earnings Statement. The Company will timely file such reports pursuant to the 1934 Act as are necessary in order to make generally available to its security holders as soon as practicable an earnings statement for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the 1933 Act.

(h) Use of Proceeds. The Company will use the net proceeds received by it from the sale of the Securities in the manner specified in the Prospectus under "Use of Proceeds."

(i) Listing. The Company will use its best efforts to effect the listing of the Securities prior to the Closing Date on any national securities exchange or quotation system if and as specified in Schedule I hereto.

(j) Restriction on Sale of Securities. Between the date of this Agreement and the Closing Date, the Company will not, without the prior written consent of the Representatives, directly or indirectly, issue, sell, offer to sell, grant any option for the sale of, or otherwise dispose of, the securities as specified in Schedule I hereto.

(k) Reporting Requirements. The Company, during the period when the Prospectus is required to be delivered under the 1933 Act or the 1934 Act, will file all documents required to be filed with the Commission pursuant to the 1934 Act within the time periods required by the 1934 Act and the 1934 Act Regulations.

6. Conditions to the Obligations of the Underwriters. The obligations of the Underwriters to purchase the Securities shall be subject to the accuracy of the representations and warranties on the part of the Company contained herein as of the Execution Time and the Closing Date, to the accuracy of the statements of the Company made in any certificates pursuant to the provisions hereof, to the performance by the Company of its covenants and other obligations hereunder, and to the following additional conditions:

(a) Effectiveness of Registration Statement. The Registration Statement, including any Rule 462(b) Registration Statement, has become effective under the 1933 Act and no stop order suspending the effectiveness of the Registration Statement shall have been issued under the 1933 Act or proceedings therefor initiated or threatened by the Commission, and any request on the part of the Commission for additional information shall have been complied with to the reasonable satisfaction of counsel to the Underwriters. A prospectus containing information relating to the description of the Securities, the specific method of distribution and similar matters shall have been filed with the Commission in accordance with Rule 424(b)(1), (2), (3), (4) or (5), as applicable (or any required post-effective amendment providing such information shall have been filed and declared effective in accordance with the requirements of Rule 430A), or, if the Company has elected to rely upon Rule 434, a Term Sheet including the Rule 434 Information shall have been filed with the Commission in accordance with Rule 424(b)(7).

(b) Opinion of Counsel for Company. At the Closing Date, the Representatives shall have received the favorable opinion, dated as of the Closing Date, of Womble Carlyle Sandridge & Rice, PLLC, counsel for the Company, in form and substance satisfactory to counsel for the Underwriters, together with signed or reproduced copies of such letter for each of the other Underwriters, to the effect set forth in Exhibit A hereto and to such further effect as counsel to the Underwriters may reasonably request.

(c) Opinion of Counsel for Underwriters. At the Closing Date, the Representatives shall have received the favorable opinion, dated as of the Closing Date, of Gibson, Dunn & Crutcher LLP, counsel for the Underwriters, together with signed or reproduced copies of such letter for each of the other Underwriters, with respect to the issuance and sale of the Securities, the Indenture, the Registration Statement, the Prospectus (together with any supplement thereto) and other related matters as the Representatives may reasonably require. In giving such opinion, such counsel may rely, as to all matters governed by the laws of jurisdictions other than the law of the State of New York, the federal law of the United States and the General Corporation Law of the State of Delaware, upon the opinions of counsel satisfactory to the Representatives. Without limiting the generality of the foregoing, such counsel may rely upon the opinion of Womble Carlyle Sandridge & Rice, PLLC, with respect to all matters governed by the laws of the State of North Carolina. Such counsel may also state that, insofar as such opinion involves factual matters, they have relied, to the extent they deem proper, upon certificates of officers of the Company and its subsidiaries and certificates of public officials.

(d) Officers Certificate. At the Closing Date, there shall not have been, since the Execution Time or since the respective dates as of which information is given in the Prospectus, any material adverse change in the condition, financial or otherwise, or in the earnings, business affairs or business prospects of the Company and its subsidiaries considered as one enterprise, whether or not arising in the ordinary course of business, and the Representatives shall have received a certificate of the President or a Vice President of the Company and of the chief financial officer or chief accounting officer of the Company, dated as of the Closing Date, to the effect that (i) there has been no such material adverse change, (ii) the representations and warranties in Section 1 are true and correct with the same force and effect as though expressly made at and as of the Closing Date, (iii) the Company has complied with all agreements and satisfied all conditions on its part to be performed or satisfied at or prior to the Closing Date, and (iv) no stop order suspending the effectiveness of the Registration Statement has been issued and no proceedings for that purpose have been initiated or threatened by the Commission.

(e) Accountant's Comfort Letter. At the Execution Time, the Representatives shall have received from Arthur Andersen LLP a letter dated such date, in form and substance satisfactory to the Representatives, together with signed or reproduced copies of such letter for each of the other Underwriters, containing statements and information of the type ordinarily included in accountants' comfort letters to underwriters with respect to the financial statements and certain financial information contained in the Registration Statement and the Prospectus, including as set forth in Annex I hereto.

(f) Bring-down Comfort Letter. At the Closing Date, the Representatives shall have received from Arthur Andersen LLP a letter, dated as of the Closing Date, to the effect that they reaffirm the statements made in the letter furnished pursuant to subsection (e) of this Section 6, except that the specified date referred to shall

be a date not more than three business days prior to the Closing Date.

(g) Ratings. At the Closing Date, the Securities shall have the ratings accorded by any nationally recognized statistical rating organization, as defined by the Commission for purposes of Rule 436(g)(2), if and as specified in Schedule I hereto, and the Company shall have delivered to the Representatives a letter, dated as of such date, from each such rating organization, or other evidence satisfactory to the Representatives, confirming that the Securities have such ratings. Since the Execution Time, there shall not have occurred a downgrading in the rating assigned to the Securities or any of the Company's other securities by any such rating organization, and no such rating organization shall have publicly announced that it has under surveillance or review, with possible negative implications, its rating of the Securities or any of the Company's other securities.

(h) Approval of Listing. At the Closing Date, the Securities shall have been approved for listing, subject only to official notice of issuance, if and as specified in Schedule I hereto.

(i) No Objection. If the Registration Statement or an offering of Securities has been filed with the NASD for review, the NASD shall not have raised any objection with respect to the fairness and reasonableness of the underwriting terms and arrangements.

(j) Additional Documents. At the Closing Date, counsel for the Underwriters shall have been furnished with such documents and opinions as they may reasonably require for the purpose of enabling them to pass upon the issuance and sale of the Securities as herein contemplated, or in order to evidence the accuracy of any of the representations or warranties, or the fulfillment of any of the conditions, herein contained; and all proceedings taken by the Company in connection with the issuance and sale of the Securities as herein contemplated shall be satisfactory in form and substance to the Representatives and counsel for the Underwriters.

If any condition specified in this Section 6 shall not have been fulfilled when and as required to be fulfilled, or if any of the opinions and certificates mentioned above or elsewhere in this Agreement shall not be in all material respects reasonably satisfactory in form and substance to the Representatives and counsel for the Underwriters, this Agreement and all obligations of the Underwriters hereunder may be terminated by the Representatives by notice to the Company at any time at or prior to the Closing Date and such termination shall be without liability of any party to any other party except as provided in Section 7 and except that Sections 1 and 8 shall survive any such termination and remain in full force and effect. Notice of such termination shall be given to the Company in writing or by telephone or facsimile confirmed in writing.

The documents required to be delivered by this Section 6 shall be delivered at the office of Gibson, Dunn & Crutcher LLP, counsel for the Underwriters, at 200 Park Avenue, New York, New York, 10166, on the Closing Date.

7. Payment of Expenses.

(a) The Company will pay all expenses incident to the performance of its obligations under this Agreement, including (i) the preparation, printing and filing of the Registration Statement (including financial statements and exhibits) as originally filed and of each amendment thereto, (ii) the preparation, printing (if applicable) and delivery to

the Underwriters of this Agreement, any Agreement among Underwriters, the Indenture and such other documents as may be required in connection with the offering, purchase, sale and delivery of the Securities, (iii) the preparation, issuance and delivery of the Securities to the Underwriters, (iv) the fees and disbursements of the Company's counsel, accountants and other advisors or agents, as well as the fees and disbursements of the Trustees and their respective counsel, (v) the qualification of the Securities under state securities laws in accordance with the provisions of Section 5(f) hereof, including filing fees and the reasonable fees and disbursements of counsel for the Underwriters in connection therewith and in connection with the preparation, printing and delivery of the Blue Sky Survey and any Legal Investment Survey, and any amendment thereto, (vi) the printing and delivery to the Underwriters of copies of each preliminary prospectus, any Term Sheet, and the Prospectus and any amendments or supplements thereto, (vii) the fees charged by nationally recognized statistical rating organizations for the rating of the Securities if applicable, (viii) the fees and expenses incurred with respect to the listing of the Securities if applicable, (ix) the filing fees incident to, and the reasonable fees and disbursements of counsel to the Underwriters in connection with, the review, if any, by the NASD of the terms of the sale of the Securities and (x) the fees and expenses of any Underwriter acting in the capacity of a qualified independent underwriter (as defined in Rule 2720 of the Conduct Rules of the NASD), if applicable.

(b) If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Underwriters set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Underwriters, the Company will reimburse the Underwriters severally through the Representatives on demand for all out-of-pocket expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8. Indemnification and Contribution.

(a) The Company agrees to indemnify and hold harmless each Underwriter, the directors, officers, employees and agents of each Underwriter and each person who controls any Underwriter within the meaning of either the 1933 Act or the 1934 Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the 1933 Act, the 1934 Act or other Federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the registration statement for the registration of the Securities as originally filed or in any amendment thereof, or in any preliminary prospectus or the Prospectus, or in any amendment thereof or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and agrees to reimburse each such indemnified party, as incurred, for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the Company will not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made therein in reliance upon and in conformity with written information furnished to the Company by or on behalf of any Underwriter through the Representatives specifically for inclusion therein. This indemnity agreement will be in addition to any liability which the Company may otherwise have.

(b) Each Underwriter severally and not jointly agrees to indemnify and hold harmless the Company, each of its

directors, each of its officers who signs the Registration Statement, and each person who controls the Company within the meaning of either the 1933 Act or the 1934 Act, to the same extent as the foregoing indemnity from the Company to each Underwriter, but only with reference to written information relating to such Underwriter furnished to the Company by or on behalf of such Underwriter through the Representatives specifically for inclusion in the documents referred to in the foregoing indemnity. This indemnity agreement will be in addition to any liability which any Underwriter may otherwise have. The Company acknowledges that the statements set forth in the last paragraph of the cover page regarding delivery of the Securities and, under the heading Underwriting or Plan of Distribution, (i) the list of Underwriters and their respective participation in the sale of the Securities, (ii) the sentences related to concessions and reallowances and (iii) the paragraph related to stabilization, syndicate covering transactions and penalty bids in any preliminary prospectus and the Prospectus constitute the only information furnished in writing by or on behalf of the several Underwriters for inclusion in any preliminary prospectus or the Prospectus.

(c) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest, (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party, (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding.

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to or insufficient to hold harmless an indemnified party for any reason, the Company and the Underwriters severally agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending same) (collectively Losses) to which the Company and one or

more of the Underwriters may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and by the Underwriters on the other from the offering of the Securities; provided, however, that in no case shall any Underwriter (except as may be provided in any agreement among underwriters relating to the offering of the Securities) be responsible for any amount in excess of the underwriting discount or commission applicable to the Securities purchased by such Underwriter hereunder. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and the Underwriters severally shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company on the one hand and of the Underwriters on the other in connection with the statements or omissions which resulted in such Losses as well as any other relevant equitable considerations. Benefits received by the Company shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Underwriters shall be deemed to be equal to the total underwriting discounts and commissions, in each case as set forth on the cover page of the Prospectus. Relative fault shall be determined by reference to, among other things, whether any untrue or any alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the Company on the one hand or the Underwriters on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company and the Underwriters agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Underwriter within the meaning of either the 1933 Act or the 1934 Act and each director, officer, employee and agent of an Underwriter shall have the same rights to contribution as such Underwriter, and each person who controls the Company within the meaning of either the 1933 Act or the 1934 Act, each officer of the Company who shall have signed the Registration Statement and each director of the Company shall have the same rights to contribution as the Company, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Underwriter. If any one or more Underwriters shall fail to purchase and pay for any of the Securities agreed to be purchased by such Underwriter or Underwriters hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Underwriters shall be obligated severally to take up and pay for (in the respective proportions which the principal amount of Securities set forth opposite their names in Schedule II hereto bears to the aggregate principal amount of Securities set forth opposite the names of all the remaining Underwriters) the Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase; provided, however, that in the event that the aggregate principal amount of Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase shall exceed 10% of the aggregate principal amount of Securities set forth in Schedule II hereto, the remaining Underwriters shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities, and if such nondefaulting Underwriters do not purchase all the Securities, this Agreement will terminate without liability to any nondefaulting Underwriter or the Company. In the event of a default by any Underwriter as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representatives shall determine in order that the required changes in the Registration Statement and the Prospectus or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Underwriter of its liability, if any, to the Company and any nondefaulting Underwriter for damages occasioned by its default hereunder.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representatives, by notice given to the Company prior to delivery of and payment for the Securities, if at any time prior to such time (i) trading in the Company's Common Stock shall have been suspended by the Commission or the New York Stock Exchange or trading in securities generally on the New York Stock Exchange shall have been suspended or limited or minimum prices shall have been established on such Exchange, (ii) a banking moratorium shall have been declared either by Federal or New York State authorities or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by the United States of a national emergency or war, or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the Prospectus (exclusive of any supplement thereto).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company or its officers and of the Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or the Company or any of the officers, directors, employees, agents or controlling persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

13

12. Notices. All communications hereunder will be in writing and effective only on receipt, and, if sent to the Representatives, will be mailed, delivered or telefaxed to _____; or, if sent to the Company, will be mailed, delivered or telefaxed to _____.

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the officers, directors, employees, agents and controlling persons referred to in Section 8 hereof, and no other person will have any right or obligation hereunder.

14. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

15. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

**FORM OF OPINION OF COMPANY'S COUNSEL TO
BE DELIVERED PURSUANT TO
SECTION 6(b)**

- (1) The Company is a corporation in existence under the laws of the State of North Carolina.
- (2) The Company has the corporate power to execute, deliver and perform its obligations under the Underwriting Agreement and to carry on its business as described in the Prospectus.
- (3) The Company is duly registered as a financial holding company under the Bank Holding Company Act of 1956, as amended.
- (4) Each material subsidiary of the Company (each, a *Subsidiary*) is a corporation in existence under the laws of the jurisdiction of its incorporation and has the corporate power to carry on its business as described in the Prospectus.
- (5) The Underwriting Agreement has been duly authorized, executed and delivered by the Company.
- (6) The Securities have been duly authorized by the Company for issuance and sale pursuant to the Underwriting Agreement. The Securities, when issued and authenticated in the manner provided for in the Indenture and delivered against payment of the consideration therefor specified in the Underwriting Agreement, will constitute valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws relating to or affecting creditors' rights generally or by general equitable principles, and except further as enforcement thereof may be limited by (A) requirements that a claim with respect to any Securities denominated other than in U.S. dollars (or a foreign or composite currency judgment in respect of such claim) be converted into U.S. dollars at a rate of exchange prevailing on a date determined pursuant to applicable law or (B) governmental authority to limit, delay or prohibit the making of payments outside the United States. The Securities are in the form contemplated by, and each registered holder thereof is entitled to the benefits of, the Indenture.
- (7) The Indenture has been duly authorized, executed and delivered by the Company, has been duly qualified under the 1939 Act and (assuming due authorization, execution and delivery thereof by the Trustee) constitutes a valid and legally binding agreement of the Company, enforceable against the Company in accordance with its terms, except as the enforcement thereof may be limited by bankruptcy, insolvency, reorganization, moratorium or other similar laws relating to or affecting creditors' rights generally or by general equitable principles.

(8) The Securities being sold pursuant to the Underwriting Agreement and the Indenture conform, in all material respects, to the statements relating thereto contained in the Prospectus and are in substantially the form filed or incorporated by reference, as the case may be, as an exhibit to the Registration Statement.

(9) The information in the Prospectus under Description of the Debt Securities or any caption purporting to describe any such Debt Securities and Certain Regulatory Considerations, to the extent that it constitutes matters of law, summaries of legal matters, the Company's charter and bylaws or legal proceedings, or legal conclusions, has been reviewed by us and is correct in all material respects.

(10) The execution and delivery of the Underwriting Agreement and the Indenture by the Company and the consummation by the Company of the transactions provided for in the Underwriting Agreement do not, whether with or without the giving of notice or passage of time or both, violate or constitute a breach of, or default or Repayment Event under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of the Company or any Subsidiary pursuant to, any contract, indenture, mortgage, deed of trust, loan or credit agreement, note, lease or any other agreement or instrument to which the Company or any subsidiary is a party or by which it or any of them may be bound, or to which any of the assets, properties or operations of the Company or any subsidiary is subject, and that is filed as an exhibit to the Company's Annual Report on Form 10-K for the year ended December 31, 20__ or to the Registration Statement except for such violations, breaches, defaults, events or liens, charges or encumbrances that would not result in a material adverse change in the business, financial condition or results of operations of the Company and its subsidiaries, taken as a whole, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Prospectus (exclusive of any supplement thereto) (a Material Adverse Effect), nor will such action violate or constitute a breach of any provision of the charter or bylaws of the Company or any Subsidiary or, to our knowledge, any applicable law or any judgment or order of any government, government instrumentality or court, domestic or foreign, that is binding on the Company or any Subsidiary or any of their assets, properties or operations (provided that we are not rendering any opinion in this paragraph 10 with respect to state securities or blue sky laws or the disclosure provisions of the 1933 Act or the 1934 Act). As used herein, a Repayment Event means any event or condition which gives the holder of any note, debenture or other evidence of indebtedness (or any person acting on such holder's behalf) the right to require the repurchase, redemption or repayment of all or a portion of such indebtedness by the Company or any subsidiary.

(11) To our knowledge, there is no action, suit, proceeding, inquiry or investigation before or by any court or governmental agency or body, domestic or foreign, now pending or threatened, against the Company or any Subsidiary which is required to be disclosed in the Registration Statement and the Prospectus (other than as stated therein) or which might reasonably be expected to materially and adversely affect the consummation of the Underwriting Agreement, the Indenture or the transactions provided for therein.

A-2

(12) All descriptions in the Prospectus of contracts and other documents to which the Company or the Subsidiaries are a party are accurate in all material respects. To our knowledge, there are no contracts, indentures, mortgages, loan agreements, notes, leases or other instruments required to be described or referred to in the Registration Statement or to be filed as exhibits thereto other than those described or referred to therein or filed or

incorporated by reference as exhibits thereto, and the descriptions thereof or references thereto are correct in all material respects.

(13) To our knowledge, there are no statutes or regulations that are required to be described in the Prospectus that are not described as required.

(14) The Registration Statement has been declared effective under the 1933 Act. Any required filing of the Prospectus pursuant to Rule 424(b) has been made in the manner and within the time period required by Rule 424(b). To our knowledge, no stop order suspending the effectiveness of the Registration Statement has been issued under the 1933 Act or proceedings therefor initiated or threatened by the Commission.

(15) The Registration Statement, [the Rule 430A Information,] [the Rule 434 Information,] the Prospectus, excluding the documents incorporated by reference therein, and each amendment or supplement to the Registration Statement and Prospectus, excluding the documents incorporated by reference therein, as of their respective effective or issue dates (other than the financial statements and supporting schedules included therein and each Trustee's Statement of Eligibility on Form T-1 (the Form T-1s)), as to which no opinion need be rendered) complied as to form in all material respects with the requirements of the 1933 Act and the 1933 Act Regulations.

(16) No filing with, or authorization, approval, consent, license, order, registration, qualification or decree of, any court or governmental authority or agency is necessary or required for the performance by the Company of its obligations under the Underwriting Agreement or in connection with the transactions contemplated under the Underwriting Agreement or the Indenture other than under the 1933 Act, the 1933 Act Regulations, the 1939 Act and the 1939 Act Regulations, which have been obtained, or as may be required under state securities or blue sky laws.

Nothing has come to our attention that would lead us to believe that the Registration Statement (except for financial statements and schedules and other financial and statistical data included therein and the Form T-1, as to which we make no statement), at the time the Registration Statement or any post-effective amendment thereto (including the filing of the Company's Annual Report on Form 10-K with the Commission) became effective or at the date of the Underwriting Agreement, contained an untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein not misleading or that the Prospectus or any amendment or supplement thereto (except for financial statements and schedules and other financial and statistical data included therein as to which we make no statement), at the time the Prospectus was issued, at the time any such amended or supplemented prospectus was issued or at the Closing Date, included or includes an untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

A-3

In rendering such opinion, such counsel may rely as to matters of fact (but not as to legal conclusions), to the extent they deem proper, on certificates of responsible officers of the Company and public officials. In rendering the opinion set forth in paragraphs (1) and (3) and the first clause of paragraph (4) above, such counsel may rely exclusively upon certificates of appropriate officials of each such jurisdiction. Such opinion shall not state that it is to be governed or qualified by, or that it is otherwise subject to, any treatise, written policy or other document relating to legal opinions, including, without limitation, the Legal Opinion Accord of the ABA Section of Business Law (1991).

In rendering such opinion, such counsel may rely, as to all matters governed by the laws of jurisdictions other

than the law of the State of North Carolina, the federal law of the United States and the General Corporation Law of the State of Delaware, upon the opinions of counsel satisfactory to the Representatives. Without limiting the generality of the foregoing, such counsel may rely upon the opinion of counsel for the Underwriters with respect to all matters governed by the laws of the State of New York. Such counsel may also state that, insofar as such opinion involves factual matters, they have relied, to the extent they deem proper, upon certificates of officers of the Company and its subsidiaries and certificates of public officials.

Annex I

**FORM OF ACCOUNTANTS' COMFORT LETTER
PURSUANT TO SECTION 6(e)**

We are independent public accountants with respect to the Company within the meaning of the 1933 Act and the applicable published 1933 Act Regulations,

(i) in our opinion, the audited financial statements [and the related financial statement schedules] included or incorporated by reference in the Registration Statement and the Prospectus comply as to form in all material respects with the applicable accounting requirements of the 1933 Act and the 1933 Act Regulations;

[(A) the 10-Q Financials incorporated by reference in the Registration Statement and the Prospectus do not comply as to form in all material respects with the applicable accounting requirements of the 1934 Act and the 1934 Act Regulations applicable to unaudited financial statements included in Form 10-Q or any material modifications should be made to the 10-Q Financials incorporated by reference in the Registration Statement and the Prospectus for them to be in conformity with generally accepted accounting principles;]

(iii) based upon the procedures set forth in clause (ii) above and a reading of the [Selected Financial Data] included in the Registration Statement and the Prospectus [and a reading of the financial statements from which such data were derived], nothing came to our attention that caused us to believe that the [Selected Financial Data] included in the Registration Statement and the Prospectus do not comply as to form in all material respects with the disclosure requirements of Item 301 of Regulation S-K [, that the amounts included in the [Selected Financial Data] are not in agreement with the corresponding amounts in the audited consolidated financial statements for the respective periods or that the financial statements not included in the Registration Statement and the Prospectus from which certain of such data were derived are not in conformity

with generally accepted accounting principles];

(iv) we have compared the information in the Registration Statement and the Prospectus under selected captions with the disclosure requirements of Regulation S-K and on the basis of limited procedures specified herein, nothing came to our attention that caused us to believe that this information does not comply as to form in all material respects with the disclosure requirements of Items 302, 402 and 503(d), respectively, of Regulation S-K;

[(v) based upon the procedures set forth in clause (ii) above, a reading of the unaudited financial statements of the Company for [the most recent period] that have not been included in the Registration Statement and the Prospectus and a review of such financial statements in accordance with SAS 71, nothing came to our attention that caused us to believe that the unaudited amounts for _____ for the [most recent period] do not agree with the amounts set forth in the unaudited consolidated financial statements for those periods or that such unaudited amounts were not determined on a basis substantially consistent with that of the corresponding amounts in the audited consolidated financial statements;]

(A) read the Pro Forma Statement;

(B) performed [an audit] [a review in accordance with SAS 71] of the financial statements to which the pro forma adjustments were applied;

(C) made inquiries of certain officials of the Company who have responsibility for financial and accounting matters about the basis for their determination of the pro forma adjustments and whether the Pro Forma Statement complies as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X; and

(D) proved the arithmetic accuracy of the application of the pro forma adjustments to the historical amounts in the Pro Forma Statement; and

on the basis of such procedures and such other inquiries and procedures as specified herein, nothing came to our attention that caused us to believe that the Pro Forma Statement included in the Registration Statement does not comply as to form in all material respects with the applicable requirements of Rule 11-02 of Regulation S-X or that the pro forma adjustments have not been properly applied to the historical amounts in the compilation of those statements; and

[(vii) in addition to the procedures referred to in clause (ii) above, we have performed other procedures, not constituting an audit, with respect to certain amounts, percentages, numerical data and financial information appearing in the Registration Statement and the Prospectus, which are specified herein, and have

compared certain of such items with, and have found such items to be in agreement with, the accounting and financial records of the Company; and

(a) Compliance with Registration Requirements. The Company meets the requirements for use of Form S-3 under the 1933 Act. Each of the Registration Statement and any Rule 462(b) Registration Statement has become effective under the 1933 Act and no stop order suspending the effectiveness of the Registration Statement or any Rule 462(b) Registration Statement has been issued under the 1933 Act and no proceedings for that purpose have been instituted or are pending or, to the knowledge of the Company, are contemplated by the Commission, and any request on the part of the Commission for additional information has been complied with.

At the date of the Prospectus and at the Closing Date [and any settlement date], the Prospectus and any amendments and supplements thereto did not and will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading. If the Company elects to rely upon Rule 434, the Company will comply with the requirements of Rule 434. Notwithstanding the foregoing, the representations and warranties in this subsection shall not apply to statements in or omissions from the Registration Statement or the Prospectus made in reliance upon and in conformity with information furnished to the Company in writing by any Underwriter through the Representatives expressly for use in the Registration Statement or the Prospectus.

Each preliminary prospectus and prospectus filed as part of the Registration Statement as originally filed or as part of any amendment thereto, or filed pursuant to Rule 424, complied when so filed in all material respects with the 1933 Act Regulations and, if applicable, each preliminary prospectus and the Prospectus delivered to the Underwriters for use in connection with the offering of Securities will, at the time of such delivery, be identical to the electronically transmitted copies thereof filed with the Commission pursuant to EDGAR, except to the extent permitted by Regulation S-T.

(b) Incorporated Documents. The documents incorporated or deemed to be incorporated by reference in the Registration Statement and the Prospectus, at the time they were or hereafter are filed with the Commission, complied and will comply in all material respects with the requirements of the 1934 Act and the 1934 Act Regulations and, when read together with the other information in the Prospectus, at the date of the Prospectus and at the Closing Date [and any settlement date], did not and will not include an untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(c) Authorization of this Agreement. This Agreement has been duly authorized, executed and delivered by the Company.

(d) Authorization of Securities. The Securities have been duly authorized by the Company for issuance and sale pursuant to this Agreement. Such Securities, when issued and delivered against payment of the consideration therefor as specified in this Agreement, will be duly and validly issued, fully paid and nonassessable; the certificates for the Securities are in valid and sufficient form; and the holders of outstanding shares of capital stock of the Company are not entitled to preemptive or other rights to subscribe for the Securities.

(e) Descriptions of the Securities. The Securities being sold pursuant to this Agreement, as of the date of the Prospectus, will conform in all material respects to the statements relating thereto contained in the Prospectus and will be in substantially the form filed or incorporated by reference, as the case may be, as an exhibit to the Registration Statement.

Any certificate signed by any officer of the Company or any subsidiary and delivered to the Representatives or counsel for the Underwriters in connection with the offering of the Securities shall be deemed a representation and warranty by the Company, as to matters covered thereby, to each Underwriter on the date of such certificate and, unless subsequently amended or supplemented, at each Representation Date subsequent thereto.

2. Purchase and Sale.

[(a)] Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company agrees to sell to each Underwriter, and each Underwriter agrees, severally and not jointly, to purchase from the Company, at the purchase price set forth in Schedule I hereto the number of the [Underwritten] Securities set forth opposite such Underwriter's name in Schedule II hereto.

[(b)] Subject to the terms and conditions and in reliance upon the representations and warranties herein set forth, the Company hereby grants an option to the several Underwriters to purchase, severally and not jointly, up to the number of Option Securities set forth in Schedule I hereto at the same purchase price per security as the Underwriters shall pay for the Underwritten Securities. Said option may be exercised only to cover over-allotments in the sale of the Underwritten Securities by the Underwriters. Said option may be exercised in whole or in part at any time (but not more than once) on or before the 30th day after the date of the Prospectus upon written or telegraphic notice by the Representatives to the Company setting forth the number of shares of the Option Securities as to which the several Underwriters are exercising the option and the settlement date. The number of shares of the Option Securities to be purchased by each Underwriter shall be the same percentage of the total number of shares of the Option Securities to be purchased by the several Underwriters as such Underwriter is purchasing of the Underwritten Securities, subject to such adjustments as you in your absolute discretion shall make to eliminate any fractional shares.]

3. Delivery and Payment. Delivery of and payment for the [Underwritten Securities and the Option] Securities [(if the option provided for in Section 2(b) hereof shall have been exercised on or before the third Business Day prior to the Closing Date)] shall be made on the date and at the time specified in Schedule I hereto or at such time on such later date not more than three Business Days after the foregoing date as the Representatives shall designate, which date and time may be postponed by agreement between the Representatives and the Company or as provided in Section 9 hereof (such date and time of delivery and payment for the Securities being herein called the Closing Date). Delivery of the Securities shall be made to the Representatives for the respective accounts of the several Underwriters against payment by the several Underwriters through the Representatives of the purchase price thereof to or upon the order of the Company by wire transfer payable in same-day funds to an account specified by the Company. Delivery of the [Underwritten Securities and the Option] Securities shall be made through the facilities of The Depository Trust Company unless the Representatives shall otherwise instruct.

[If the option provided for in Section 2(b) hereof is exercised after the third Business Day prior to the Closing Date, the Company will deliver the Option Securities (at the expense of the Company) to the Representatives, at the location and on the date specified by the Representatives (which date shall be within three Business Days after exercise of said option) for the respective accounts of the several Underwriters, against payment by the several Underwriters through the Representatives of the purchase price thereof to or upon the order of the Company by wire transfer payable in same-day funds to an account specified by the Company. If settlement for the Option Securities occurs after the Closing Date, the Company will deliver to the Representatives on the settlement date for the Option Securities, and the obligation of the Underwriters to purchase the Option Securities shall be conditioned upon receipt of, supplemental opinions, certificates and letters confirming as of such date the opinions, certificates and letters delivered on the Closing Date pursuant to Section 6 hereof.

4. Offering by Underwriters. It is understood that the several Underwriters propose to offer the Securities for sale to the public as set forth in the Prospectus.

5. Agreements. The Company agrees with each of the several Underwriters that:

(a) Compliance with Securities Regulations and Commission Requests. The Company, subject to Section 5(b), will comply with the requirements of Rule 430A and/or Rule 434, if and as applicable, and will notify the Representative(s) immediately of (i) the effectiveness of any post-effective amendment to the Registration Statement or the filing of any supplement or amendment to the Prospectus, (ii) the receipt of any comments from the Commission, (iii) any request by the Commission for any amendment to the Registration Statement or any amendment or supplement to the Prospectus or for additional information, and (iv) the issuance by the Commission of any stop order suspending the effectiveness of the Registration Statement or of any order preventing or suspending the use of any preliminary prospectus, or of the suspension of the qualification of the Securities for offering or sale in any jurisdiction, or of the initiation or threatening of any proceedings for any of such purposes. The Company will promptly effect the filings necessary pursuant to Rule 424 and will take such steps as it deems necessary to ascertain promptly whether the Prospectus transmitted for filing under Rule 424 was received for filing by the Commission and, in the event that it was not, it will promptly file the Prospectus. The Company will make every reasonable effort to prevent the issuance of any stop order and, if any stop order is issued, to obtain the lifting thereof at the earliest possible moment.

(b) Filing of Amendments. The Company will give the Representatives notice of its intention to file or prepare any amendment to the Registration Statement (including any filing under Rule 462(b)), any Term Sheet or any amendment, supplement or revision to either the prospectus included in the Registration Statement at the time it became effective or to the Prospectus, whether pursuant to the 1933 Act, the 1934 Act or otherwise, will furnish the Representatives with copies of any such documents a reasonable amount of time prior to such proposed filing or use, as the case may be, and will not file or use any such document to which the Representatives or counsel for the Underwriters shall object.

The Company will comply with the 1933 Act, the 1933 Act Regulations, the 1934 Act and the 1934 Act Regulations so as to permit the completion of the distribution of the Securities as contemplated in this Agreement and in the Registration Statement and the Prospectus. If at any time when the Prospectus is required by the 1933 Act or the 1934 Act to be delivered in connection with sales of the Securities, any event shall occur or condition shall exist as a result of which it is necessary, in the opinion of counsel for the Underwriters or for the Company, to amend the Registration Statement in order that the Registration Statement will not contain an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading or to amend or supplement the Prospectus in order that the Prospectus will not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements therein not misleading in the light of the circumstances existing at the time it is delivered to a purchaser, or if it shall be necessary, in the opinion of such counsel, at any such time to amend the Registration Statement or amend or supplement the Prospectus in order to comply with the requirements of the 1933 Act or the 1933 Act Regulations, the Company will promptly prepare and file with the Commission, subject to Section 5(b), such amendment or supplement as may be necessary to correct such statement or omission or to make the Registration Statement or the Prospectus comply with such requirements, and the Company will furnish to the Underwriters, without charge, such number of copies of such amendment or supplement as the Underwriters may reasonably request.

file any general consent to service of process or to qualify as a foreign corporation or as a dealer in securities in any jurisdiction in which it is not so qualified or to subject itself to taxation in respect of doing business in any jurisdiction in which it is not otherwise so subject. In each jurisdiction in which the Securities have been so qualified, the Company will file such statements and reports as may be required by the laws of such jurisdiction to continue such qualification in effect for a period of not less than one year from the date of this Agreement.

(g) Earnings Statement. The Company will timely file such reports pursuant to the 1934 Act as are necessary in order to make generally available to its security holders as soon as practicable an earnings statement for the purposes of, and to provide the benefits contemplated by, the last paragraph of Section 11(a) of the 1933 Act.

(h) Use of Proceeds. The Company will use the net proceeds received by it from the sale of the Securities in the manner specified in the Prospectus under "Use of Proceeds."

7

The documents required to be delivered by this Section 6 shall be delivered at the office of Gibson, Dunn & Crutcher LLP, counsel for the Underwriters, at 200 Park Avenue, New York, New York, 10166, on the Closing Date.

7. Payment of Expenses.

(a) The Company will pay all expenses incident to the performance of its obligations under this Agreement, including (i) the preparation, printing and filing of the Registration Statement (including financial statements and exhibits) as originally filed and of each amendment thereto, (ii) the preparation, printing (if applicable) and delivery to the Underwriters of this Agreement, any Agreement among Underwriters and such other documents as may be required in connection with the offering, purchase, sale and delivery of the Securities, (iii) the preparation, issuance and delivery of the Securities to the Underwriters, (iv) the fees and disbursements of the Company's counsel, accountants and other advisors or agents, (v) the qualification of the Securities under state securities laws in accordance with the provisions of Section 5(f) hereof, including filing fees and the reasonable fees and disbursements of counsel for the Underwriters in connection therewith and in connection with the preparation, printing and delivery of the Blue Sky Survey and any Legal Investment Survey, and any amendment thereto, (vi) the printing and delivery to the Underwriters of copies of each preliminary prospectus, any Term Sheet, and the Prospectus and any amendments or supplements thereto, (vii) the fees and expenses incurred with respect to the listing of the Securities if applicable, (viii) the filing fees incident to, and the reasonable fees and disbursements of counsel to the Underwriters in connection with, the review, if any, by the NASD of the terms of the sale of the Securities and (ix) the fees and expenses of any Underwriter acting in the capacity of a qualified independent underwriter (as defined in Rule 2720 of the Conduct Rules of the NASD), if applicable.

10

(b) If the sale of the Securities provided for herein is not consummated because any condition to the obligations of the Underwriters set forth in Section 6 hereof is not satisfied, because of any termination pursuant to Section 10 hereof or because of any refusal, inability or failure on the part of the Company to perform any agreement herein or comply with any provision hereof other than by reason of a default by any of the Underwriters, the Company will reimburse the Underwriters severally through the Representatives on demand for all out-of-pocket expenses (including reasonable fees and disbursements of counsel) that shall have been incurred by them in connection with the proposed purchase and sale of the Securities.

8. Indemnification and Contribution.

(a) The Company agrees to indemnify and hold harmless each Underwriter, the directors, officers, employees and agents of each Underwriter and each person who controls any Underwriter within the meaning of either the 1933 Act or the 1934 Act against any and all losses, claims, damages or liabilities, joint or several, to which they or any of them may become subject under the 1933 Act, the 1934 Act or other Federal or state statutory law or regulation, at common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereof) arise out of or are based upon any untrue statement or alleged untrue statement of a material fact contained in the registration statement for the registration of the Securities as originally filed or in any amendment thereof, or in any preliminary prospectus or the Prospectus, or in any amendment thereof or supplement thereto, or arise out of or are based upon the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and agrees to reimburse each such indemnified party, as incurred, for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the Company will not be liable in any such case to the extent that any such loss, claim, damage or liability arises out of or is based upon any such untrue statement or alleged untrue statement or omission or alleged omission made therein in reliance upon and in

conformity with written information furnished to the Company by or on behalf of any Underwriter through the Representatives specifically for inclusion therein. This indemnity agreement will be in addition to any liability which the Company may otherwise have.

(b) Each Underwriter severally and not jointly agrees to indemnify and hold harmless the Company, each of its directors, each of its officers who signs the Registration Statement, and each person who controls the Company within the meaning of either the 1933 Act or the 1934 Act, to the same extent as the foregoing indemnity from the Company to each Underwriter, but only with reference to written information relating to such Underwriter furnished to the Company by or on behalf of such Underwriter through the Representatives specifically for inclusion in the documents referred to in the foregoing indemnity. This indemnity agreement will be in addition to any liability which any Underwriter may otherwise have. The Company acknowledges that the statements set forth in the last paragraph of the cover page regarding delivery of the Securities and, under the heading "Underwriting or Plan of Distribution", (i) the list of Underwriters and their respective participation in the sale of the Securities, (ii) the sentences related to concessions and reallowances and (iii) the paragraph related to stabilization, syndicate covering transactions and penalty bids in any preliminary prospectus and the Prospectus constitute the only information furnished in writing by or on behalf of the several Underwriters for inclusion in any preliminary prospectus or the Prospectus.

(c) Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action, such indemnified party will, if a claim in respect thereof is to be made against the indemnifying party under this Section 8, notify the indemnifying party in writing of the commencement thereof; but the failure so to notify the indemnifying party (i) will not relieve it from liability under paragraph (a) or (b) above unless and to the extent it did not otherwise learn of such action and such failure results in the forfeiture by the indemnifying party of substantial rights and defenses and (ii) will not, in any event, relieve the indemnifying party from any obligations to any indemnified party other than the indemnification obligation provided in paragraph (a) or (b) above. The indemnifying party shall be entitled to appoint counsel of the indemnifying party's choice at the indemnifying party's expense to represent the indemnified party in any action for which indemnification is sought (in which case the indemnifying party shall not thereafter be responsible for the fees and expenses of any separate counsel retained by the indemnified party or parties except as set forth below); provided, however, that such counsel shall be satisfactory to the indemnified party. Notwithstanding the indemnifying party's election to appoint counsel to represent the indemnified party in an action, the indemnified party shall have the right to employ separate counsel (including local counsel), and the indemnifying party shall bear the reasonable fees, costs and expenses of such separate counsel if (i) the use of counsel chosen by the indemnifying party to represent the indemnified party would present such counsel with a conflict of interest, (ii) the actual or potential defendants in, or targets of, any such action include both the indemnified party and the indemnifying party and the indemnified party shall have reasonably concluded that there may be legal defenses available to it and/or other indemnified parties which are different from or additional to those available to the indemnifying party, (iii) the indemnifying party shall not have employed counsel satisfactory to the indemnified party to represent the indemnified party within a reasonable time after notice of the institution of such action or (iv) the indemnifying party shall authorize the indemnified party to employ separate counsel at the expense of the indemnifying party. An indemnifying party will not, without the prior written consent of the indemnified parties, settle or compromise or consent to the entry of any judgment with respect to any pending or threatened claim, action, suit or proceeding in respect of which

indemnification or contribution may be sought hereunder (whether or not the indemnified parties are actual or potential parties to such claim or action) unless such settlement, compromise or consent includes an unconditional release of each indemnified party from all liability arising out of such claim, action, suit or proceeding.

12

(d) In the event that the indemnity provided in paragraph (a) or (b) of this Section 8 is unavailable to or insufficient to hold harmless an indemnified party for any reason, the Company and the Underwriters severally agree to contribute to the aggregate losses, claims, damages and liabilities (including legal or other expenses reasonably incurred in connection with investigating or defending same) (collectively Losses) to which the Company and one or more of the Underwriters may be subject in such proportion as is appropriate to reflect the relative benefits received by the Company on the one hand and by the Underwriters on the other from the offering of the Securities; provided, however, that in no case shall any Underwriter (except as may be provided in any agreement among underwriters relating to the offering of the Securities) be responsible for any amount in excess of the underwriting discount or commission applicable to the Securities purchased by such Underwriter hereunder. If the allocation provided by the immediately preceding sentence is unavailable for any reason, the Company and the Underwriters severally shall contribute in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the Company on the one hand and of the Underwriters on the other in connection with the statements or omissions which resulted in such Losses as well as any other relevant equitable considerations. Benefits received by the Company shall be deemed to be equal to the total net proceeds from the offering (before deducting expenses) received by it, and benefits received by the Underwriters shall be deemed to be equal to the total underwriting discounts and commissions, in each case as set forth on the cover page of the Prospectus. Relative fault shall be determined by reference to, among other things, whether any untrue or any alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information provided by the Company on the one hand or the Underwriters on the other, the intent of the parties and their relative knowledge, access to information and opportunity to correct or prevent such untrue statement or omission. The Company and the Underwriters agree that it would not be just and equitable if contribution were determined by pro rata allocation or any other method of allocation which does not take account of the equitable considerations referred to above. Notwithstanding the provisions of this paragraph (d), no person guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the 1933 Act) shall be entitled to contribution from any person who was not guilty of such fraudulent misrepresentation. For purposes of this Section 8, each person who controls an Underwriter within the meaning of either the 1933 Act or the 1934 Act and each director, officer, employee and agent of an Underwriter shall have the same rights to contribution as such Underwriter, and each person who controls the Company within the meaning of either the 1933 Act or the 1934 Act, each officer of the Company who shall have signed the Registration Statement and each director of the Company shall have the same rights to contribution as the Company, subject in each case to the applicable terms and conditions of this paragraph (d).

9. Default by an Underwriter. If any one or more Underwriters shall fail to purchase and pay for any of the Securities agreed to be purchased by such Underwriter or Underwriters hereunder and such failure to purchase shall constitute a default in the performance of its or their obligations under this Agreement, the remaining Underwriters shall be obligated severally to take up and pay for (in the respective proportions which the amount of Securities set forth opposite their names in Schedule II hereto bears to the aggregate amount of Securities set forth opposite the

names of all the remaining Underwriters) the Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase; provided, however, that in the event that the aggregate amount of Securities which the defaulting Underwriter or Underwriters agreed but failed to purchase shall exceed 10% of the aggregate amount of Securities set forth in Schedule II hereto, the remaining Underwriters shall have the right to purchase all, but shall not be under any obligation to purchase any, of the Securities, and if such nondefaulting Underwriters do not purchase all the Securities, this Agreement will terminate without liability to any nondefaulting Underwriter or the Company. In the event of a default by any Underwriter as set forth in this Section 9, the Closing Date shall be postponed for such period, not exceeding five Business Days, as the Representatives shall determine in order that the required changes in the Registration Statement and the Prospectus or in any other documents or arrangements may be effected. Nothing contained in this Agreement shall relieve any defaulting Underwriter of its liability, if any, to the Company and any nondefaulting Underwriter for damages occasioned by its default hereunder.

10. Termination. This Agreement shall be subject to termination in the absolute discretion of the Representatives, by notice given to the Company prior to delivery of and payment for the Securities, if at any time prior to such time (i) trading in the Company's Common Stock shall have been suspended by the Commission or the New York Stock Exchange or trading in securities generally on the New York Stock Exchange shall have been suspended or limited or minimum prices shall have been established on such Exchange, (ii) a banking moratorium shall have been declared either by Federal or New York State authorities or (iii) there shall have occurred any outbreak or escalation of hostilities, declaration by the United States of a national emergency or war, or other calamity or crisis the effect of which on financial markets is such as to make it, in the sole judgment of the Representatives, impractical or inadvisable to proceed with the offering or delivery of the Securities as contemplated by the Prospectus (exclusive of any supplement thereto).

11. Representations and Indemnities to Survive. The respective agreements, representations, warranties, indemnities and other statements of the Company or its officers and of the Underwriters set forth in or made pursuant to this Agreement will remain in full force and effect, regardless of any investigation made by or on behalf of any Underwriter or the Company or any of the officers, directors, employees, agents or controlling persons referred to in Section 8 hereof, and will survive delivery of and payment for the Securities. The provisions of Sections 7 and 8 hereof shall survive the termination or cancellation of this Agreement.

12. Notices. All communications hereunder will be in writing and effective only on receipt, and, if sent to the Representatives, will be mailed, delivered or telefaxed to _____; or, if sent to the Company, will be mailed, delivered or telefaxed to _____.

13. Successors. This Agreement will inure to the benefit of and be binding upon the parties hereto and their respective successors and the officers, directors, employees, agents and controlling persons referred to in Section 8 hereof, and no other person will have any right or obligation hereunder.

14. Applicable Law. This Agreement will be governed by and construed in accordance with the laws of the State of New York applicable to contracts made and to be performed within the State of New York.

15. Counterparts. This Agreement may be signed in one or more counterparts, each of which shall constitute an original and all of which together shall constitute one and the same agreement.

**FORM OF OPINION OF COMPANY S COUNSEL
TO BE DELIVERED PURSUANT TO
SECTION 6(b)**

- (1) The Company is a corporation in existence under the laws of the State of North Carolina.
- (2) The Company has the corporate power to execute, deliver and perform its obligations under the Underwriting Agreement and to carry on its business as described in the Prospectus.
- (3) The Company is duly registered as a financial holding company under the Bank Holding Company Act of 1956, as amended.
- (4) Each material subsidiary of the Company (each, a Subsidiary) is a corporation in existence under the laws of the jurisdiction of its incorporation and has the corporate power to carry on its business as described in the Prospectus.
- (5) The Underwriting Agreement has been duly authorized, executed and delivered by the Company.
- (6) The Securities have been duly authorized by the Company for issuance and sale pursuant to the Underwriting Agreement. The Securities, when issued and delivered against payment of the consideration therefor as specified in the Underwriting Agreement, will be validly issued, fully paid and non-assessable; and the certificates for the Securities are in valid and sufficient form; and the holders of outstanding shares of capital stock of the Company are not entitled to preemptive or other rights to subscribe for the Securities.
- (7) The Securities being sold pursuant to the Underwriting Agreement conform, in all material respects, to the statements relating thereto contained in the Prospectus and are in substantially the form filed or incorporated by reference, as the case may be, as an exhibit to the Registration Statement.
- (8) The information in the Prospectus under Description of the Common Stock or any caption purporting to describe any such Securities and Certain Regulatory Considerations, to the extent that it constitutes matters of law, summaries of legal matters, the Company s charter and bylaws or legal proceedings, or legal conclusions, has been reviewed by us and is correct in all material respects.

- (9) The execution and delivery of the Underwriting Agreement by the Company and the consummation by the Company of the transactions provided for in the Underwriting Agreement do not, whether with or without the

giving of notice or passage of time or both, violate or constitute a breach of, or default or Repayment Event under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of the Company or any Subsidiary pursuant to, any contract, indenture, mortgage, deed of trust, loan or credit agreement, note, lease or any other agreement or instrument to which the Company or any subsidiary is a party or by which it or any of them may be bound, or to which any of the assets, properties or operations of the Company or any subsidiary is subject, and that is filed as an exhibit to the Company's Annual Report on Form 10-K for the year ended December 31, 20__ or to the Registration Statement except for such violations, breaches, defaults, events or liens, charges or encumbrances that would not result in a material adverse change in the business, financial condition or results of operations of the Company and its subsidiaries, taken as a whole, whether or not arising from transactions in the ordinary course of business, except as set forth in or contemplated in the Prospectus (exclusive of any supplement thereto) (a "Material Adverse Effect"), nor will such action violate or constitute a breach of any provision of the charter or bylaws of the Company or any Subsidiary or, to our knowledge, any applicable law or any judgment or order of any government, government instrumentality or court, domestic or foreign, that is binding on the Company or any Subsidiary or any of their assets, properties or operations (provided that we are not rendering any opinion in this paragraph 9 with respect to state securities or blue sky laws or the disclosure provisions of the 1933 Act or the 1934 Act). As used herein, a "Repayment Event" means any event or condition which gives the holder of any note, debenture or other evidence of indebtedness (or any person acting on such holder's behalf) the right to require the repurchase, redemption or repayment of all or a portion of such indebtedness by the Company or any subsidiary.

(10) To our knowledge, there is no action, suit, proceeding, inquiry or investigation before or by any court or governmental agency or body, domestic or foreign, now pending or threatened, against the Company or any Subsidiary which is required to be disclosed in the Registration Statement and the Prospectus (other than as stated therein) or which might reasonably be expected to materially and adversely affect the consummation of the Underwriting Agreement or the transactions provided for therein.

(11) All descriptions in the Prospectus of contracts and other documents to which the Company or the Subsidiaries are a party are accurate in all material respects. To our knowledge, there are no contracts, indentures, mortgages, loan agreements, notes, leases or other instruments required to be described or referred to in the Registration Statement or to be filed as exhibits thereto other than those described or referred to therein or filed or incorporated by reference as exhibits thereto, and the descriptions thereof or references thereto are correct in all material respects.

(12) To our knowledge, there are no statutes or regulations that are required to be described in the Prospectus that are not described as required.

(13) The Registration Statement has been declared effective under the 1933 Act. Any required filing of the Prospectus pursuant to Rule 424(b) has been made in the manner and within the time period required by Rule 424(b). To our knowledge, no stop order suspending the effectiveness of the Registration Statement has been issued under the 1933 Act or proceedings therefor initiated or threatened by the Commission.

A-2

(14) The Registration Statement, [the Rule 430A Information,] [the Rule 434 Information,] the Prospectus,

excluding the documents incorporated by reference therein, and each amendment or supplement to the Registration Statement and Prospectus, excluding the documents incorporated by reference therein, as of their respective effective or issue dates (other than the financial statements and supporting schedules included therein and each Trustee's Statement of Eligibility on Form T-1 (the Form T-1s), as to which no opinion need be rendered) complied as to form in all material respects with the requirements of the 1933 Act and the 1933 Act Regulations.

(15) No filing with, or authorization, approval, consent, license, order, registration, qualification or decree of, any court or governmental authority or agency is necessary or required for the performance by the Company of its obligations under the Underwriting Agreement or in connection with the transactions contemplated under the Underwriting Agreement other than under the 1933 Act and the 1933 Act Regulations, which have been obtained, or as may be required under state securities or blue sky laws.

Nothing has come to our attention that would lead us to believe that the Registration Statement (except for financial statements and schedules and other financial and statistical data included therein and the Form T-1, as to which we make no statement), at the time the Registration Statement or any post-effective amendment thereto (including the filing of the Company's Annual Report on Form 10-K with the Commission) became effective or at the date of the Underwriting Agreement, contained an untrue statement of a material fact or omitted to state a material fact required to be stated therein or necessary to make the statements therein not misleading or that the Prospectus or any amendment or supplement thereto (except for financial statements and schedules and other financial and statistical data included therein as to which we make no statement), at the time the Prospectus was issued, at the time any such amended or supplemented prospectus was issued or at the Closing Date [or any settlement date], included or includes an untrue statement of a material fact or omitted or omits to state a material fact necessary in order to make the statements therein, in the light of the circumstances under which they were made, not misleading.

In rendering such opinion, such counsel may rely as to matters of fact (but not as to legal conclusions), to the extent they deem proper, on certificates of responsible officers of the Company and public officials. In rendering the opinion set forth in paragraphs (1) and (3) and the first clause of paragraph (4) above, such counsel may rely exclusively upon certificates of appropriate officials of each such jurisdiction. Such opinion shall not state that it is to be governed or qualified by, or that it is otherwise subject to, any treatise, written policy or other document relating to legal opinions, including, without limitation, the Legal Opinion Accord of the ABA Section of Business Law (1991).

In rendering such opinion, such counsel may rely, as to all matters governed by the laws of jurisdictions other than the law of the State of North Carolina, the federal law of the United States and the General Corporation Law of the State of Delaware, upon the opinions of counsel satisfactory to the Representatives. Without limiting the generality of the foregoing, such counsel may rely upon the opinion of counsel for the Underwriters with respect to all matters governed by the laws of the State of New York. Such counsel may also state that, insofar as such opinion involves factual matters, they have relied, to the extent they deem proper, upon certificates of officers of the Company and its subsidiaries and certificates of public officials.

**FORM OF ACCOUNTANTS COMFORT LETTER
PURSUANT TO SECTION 6(e)**

We are independent public accountants with respect to the Company within the meaning of the 1933 Act and the applicable published 1933 Act Regulations,

(i) in our opinion, the audited financial statements [and the related financial statement schedules] included or incorporated by reference in the Registration Statement and the Prospectus comply as to form in all material respects with the applicable accounting requirements of the 1933 Act and the 1933 Act Regulations;

(ii) on the basis of procedures (but not an examination in accordance with generally accepted auditing standards) consisting of a reading of the unaudited interim consolidated financial statements of the Company for the [three month periods ended _____, 20__ and _____, 20__, the three and six month periods ended _____, 20__ and _____, 20__, and the three and nine month periods ended _____, 20__ and _____, 20__, included or incorporated by reference in the Registration Statement and the Prospectus (collectively, the 10-Q Financials)] [, a reading of the unaudited interim consolidated financial statements of the Company for the _____-month periods ended _____, 20__ and _____, 20__, included in the Registration Statement and the Prospectus (the _____-month financials)] [, a reading of the latest available unaudited interim consolidated financial statements of the Company], a reading of the minutes of all meetings of the stockholders and directors of the Company and its subsidiaries and the _____ and _____ Committees of the Company's Board of Directors and any subsidiary committees since [day after end of last audited period], inquiries of certain officials of the Company and its subsidiaries responsible for financial and accounting matters, a review of interim financial information in accordance with standards established by the American Institute of Certified Public Accountants in Statement on Auditing Standards No. 71, Interim Financial Information (SAS 71), with respect to the [description of relevant periods] including all interim unaudited condensed consolidated financial statements included or incorporated by reference in the Registration Statement and the Prospectus and such other inquiries and procedures as may be specified in such letter, nothing came to our attention that caused us to believe that:

[(A) the 10-Q Financials incorporated by reference in the Registration Statement and the Prospectus do not comply as to form in all material respects with the applicable accounting requirements of the 1934 Act and the 1934 Act Regulations applicable to unaudited financial statements included in Form 10-Q or any material modifications should be made to the 10-Q Financials incorporated by reference in the Registration Statement and the Prospectus for them to be in conformity with generally accepted accounting principles;]

[() the _____-month financials included in the Registration Statement and the Prospectus do not comply as to form in all material respects with the applicable accounting requirements of the 1933 Act and the 1933 Act Regulations applicable to unaudited interim financial statements included in registration statements or any material modifications should be made to the _____-month financials included in the Registration Statement and the Prospectus for them to be in conformity with generally accepted accounting principles;]

() at [the most recent balance sheet date and at] a specified date not more than five days prior to the date of the Underwriting Agreement, there was any change in the _____ of the Company and its subsidiaries or any decrease in the _____ of the Company and its subsidiaries or any increase in the _____ of

the Company and its subsidiaries, in each case as compared with amounts shown in the latest balance sheet included in the Registration Statement and the Prospectus, except in each case for changes, decreases or increases that the Registration Statement and the Prospectus disclose have occurred or may occur; or

() [for the period from _____, 20__ to _____, 20__ and] for the period from _____, 20__ to a specified date not more than five days prior to the date of the Underwriting Agreement, there was any decrease in _____, _____ or _____, in each case as compared with the comparable period in the preceding year, except in each case for any decreases that the Registration Statement and the Prospectus disclose have occurred or may occur;

(iii) based upon the procedures set forth in clause (ii) above and a reading of the [Selected Financial Data] included in the Registration Statement and the Prospectus [and a reading of the financial statements from which such data were derived], nothing came to our attention that caused us to believe that the [Selected Financial Data] included in the Registration Statement and the Prospectus do not comply as to form in all material respects with the disclosure requirements of Item 301 of Regulation S-K [, that the amounts included in the [Selected Financial Data] are not in agreement with the corresponding amounts in the audited consolidated financial statements for the respective periods or that the financial statements not included in the Registration Statement and the Prospectus from which certain of such data were derived are not in conformity with generally accepted accounting principles];

(iv) we have compared the information in the Registration Statement and the Prospectus under selected captions with the disclosure requirements of Regulation S-K and on the basis of limited procedures specified herein, nothing came to our attention that caused us to believe that this information does not comply as to form in all material respects with the disclosure requirements of Items 302, 402 and 503(d), respectively, of Regulation S-K;

[(v) based upon the procedures set forth in clause (ii) above, a reading of the unaudited financial statements of the Company for [the most recent period] that have not been included in the Registration Statement and the Prospectus and a review of such financial statements in accordance with SAS 71, nothing came to our attention that caused us to believe that the unaudited amounts for _____ for the [most recent period] do not agree with the amounts set forth in the unaudited consolidated financial statements for those periods or that such unaudited amounts were not determined on a basis substantially consistent with that of the corresponding amounts in the audited consolidated financial statements;]

I-2

[(vi) [Include only if pro forma financial statements are included or incorporated by reference in the Registration Statement] we are unable to and do not express any opinion on the [Pro Forma Combining Statement of Operations] (the Pro Forma Statement) included in the Registration Statement and the Prospectus or on the pro forma adjustments applied to the historical amounts included in the Pro Forma Statement; however, for purposes of this letter we have:

(A) read the Pro Forma Statement;

(B) performed [an audit] [a review in accordance with SAS 71] of the financial statements to which the pro forma adjustments were applied;

(C) made inquiries of certain officials of the Company who have responsibility for financial and accounting matters about the basis for their determination of the pro forma adjustments and whether the Pro Forma Statement complies as to form in all material respects with the applicable accounting requirements of Rule 11-02 of Regulation S-X; and

(D) proved the arithmetic accuracy of the application of the pro forma adjustments to the historical amounts in the Pro Forma Statement; and

on the basis of such procedures and such other inquiries and procedures as specified herein, nothing came to our attention that caused us to believe that the Pro Forma Statement included in the Registration Statement does not comply as to form in all material respects with the applicable requirements of Rule 11-02 of Regulation S-X or that the pro forma adjustments have not been properly applied to the historical amounts in the compilation of those statements; and

[(vii)] in addition to the procedures referred to in clause (ii) above, we have performed other procedures, not constituting an audit, with respect to certain amounts, percentages, numerical data and financial information appearing in the Registration Statement and the Prospectus, which are specified herein, and have compared certain of such items with, and have found such items to be in agreement with, the accounting and financial records of the Company; and

[(viii)] [Include only if financial forecasts are included in the Registration Statement] in addition, we [comfort on a financial forecast that is included in the Registration Statement and the Prospectus].
