### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Cash and Equivalent

Cash and cash equivalents include cash and cash in banks. The Company maintains cash and cash equivalent balances at a financial institution that is insured by the Federal Deposit Insurance Corporation up to \$100,000.

#### Organization Costs

The Company has incurred various expenditures in the formation of its corporate and organizational structure. In accordance with SOP98-5 these costs will be expenses as incurred.

#### Development Stage

## Edgar Filing: WEBTRONICS INC - Form 10QSB

### Net Earnings (Losses) Per Share

WEBTRONICS, INC.  
(A DEVELOPMENT STAGE COMPANY)  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2002

#### NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Diluted earnings (losses) per share is computed similar to basic earnings (losses) per share except that the denominator is increased to include the number of additional common shares that would have been outstanding. As of June 30, 2002, there are no outstanding stock options or stock warrants that would have affected our computation.

#### NOTE 2 - INCOME TAX

In February 1992, the Financial Standards Board issued Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Under SFAS No. 109, deferred assets and liabilities are recognized for the estimated future tax consequences between the financial statement carrying amounts of the existing assets and their respective basis.

Deferred assets and liabilities are measured using enacted tax rates in effect for the year in which temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred assets and liabilities of a change in tax rates is recognized in the period that includes the enactment date.

#### NOTE 3 - CAPITAL TRANSACTIONS

On March 15, 2002, certain shareholders entered into a Stock Purchase Agreement with Callisto Pharmaceuticals, Inc. In agreement, "Callisto" purchased approximately 99.7% of its issued and outstanding stock. A Form 8-K was filed on March 19, 2002 reporting the change in control of the registrant. No change to the capital position of the Company occurred due to this transaction.

## PART 1

ITEM 2 - Management's Discussion and Analysis or Plan of Operation.

### Plan of Operation

We anticipate that we will meet our cash requirements for the foreseeable future with current cash and through the financial support of our current shareholders. However, during the next twelve months, we plan to satisfy our cash requirement by additional equity financing.

In order to conserve available cash, the Company has removed its temporary website. Additional website construction is needed and will include but not be limited to indexing with numerous search engines, addition of mortgage payment calculators, mortgage amortization calculators and other related mortgage analysis tools. Our plan to focus on developing and executing our interactive e commerce website that will offer our visitors a 24 hour access to mortgage and foreclosure information.

The Company plans on contacting mortgage broker, mortgage bankers, and other lenders to provide referrals to consumers accessing the Company's website.
