Item 7.01. Regulation FD Disclosure

Set forth below is presentation material of Great Southern Bancorp, Inc., the holding company for Great Southern Bank, to be presented at an investor conference.

Forward-Looking Statements 2 When used in documents filed or furnished by Great Southern Bancorp, Inc. (the "Company") with the Securities and Exchange Commission (the "SEC"), in this presentation, press releases or other public or stockholder communications, and in oral statements made with the approval of an authorized executive officer, the words or phrases "will likely result," "are expected to," "will continue," "is anticipated," "estimate," "project," "intends" or similar expressions are intended to identify "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are subject to certain risks and uncertainties, including, among other things, (i) non-interest expense reductions from Great Southern's banking center consolidations might be less than anticipated and the costs of the consolidation and impairment of the value of the affected premises might be greater than expected; (ii) expected revenues, cost savings, earnings accretion, synergies and other benefits from the banking center consolidations and the Company's merger and acquisition activities might not be realized within the anticipated time frames or at all, and costs or difficulties relating to integration matters, including but not limited to customer and employee retention, might be greater than expected; (iii) changes in economic conditions, either nationally or in the Company's market areas; (iv) fluctuations in interest rates; (v) the risks of lending and investing activities, including changes in the level and direction of loan delinquencies and write-offs and changes in estimates of the adequacy of the allowance for loan losses; (vi) the possibility of other-than-temporary impairments of securities held in the Company's securities portfolio; (vii) the Company's ability to access cost-effective funding; (viii) fluctuations in real estate values and both residential and commercial real estate market conditions; (ix) demand for loans and deposits in the Company's market areas; (x) legislative or regulatory changes that adversely affect the Company's business, including, without limitation, the Dodd-Frank Wall Street Reform and Consumer Protection Act and its implementing regulations, and the overdraft protection regulations and customers' responses thereto; (xi) monetary and fiscal policies of the Federal Reserve Board and the U.S. Government and other governmental initiatives affecting the financial services industry; (xii) results of examinations of the Company and Great Southern by their regulators, including the possibility that the regulators may, among other things, require the Company to increase its allowance for loan losses or to write-down assets; (xiii) the uncertainties arising from the Company's participation in the Small Business Lending Fund program, including uncertainties concerning the potential future redemption by us of the U.S. Treasury's preferred stock investment under the program, including the timing of, regulatory approvals for, and conditions placed upon, any such redemption; (xiv) costs and effects of litigation, including settlements and judgments; and (xv) competition. The factors listed above and other risks described from time to time in documents filed or furnished by the Company with the SEC could affect the Company's financial performance and could cause the Company's actual results for future periods to differ materially from any opinions or statements expressed with respect to future periods in any current statements. The Company does not undertake-and specifically declines any obligation- to publicly release the result of any revisions which may be made to any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

Edgar Filing: GREAT SOUTHERN BANCORP INC - Form 8-K

Great Southern Bank Branch Closings Announced September 24, 2015 Consolidating 16 branches – 11 in Missouri, four in Iowa and one in Kansas Closures were determined as a result of the Bank’s ongoing evaluation of the banking center network Expected closing date of branches – January 8, 2016 16 branches represent approximately \$172 million in deposits Great Southern ATMs will remain operational at each of the affected banking center sites 6

Banking Center Closures Financial Considerations Beginning in 2016, expect annual positive pre-tax income statement impact of approximately \$3.2 million to \$3.5 million primarily due to reduction in non-interest expenses. During the third and fourth quarters of 2015, anticipate recording one-time expenses totaling approximately \$500,000 to \$900,000 in connection with severance costs, shortened useful lives of certain leases and furniture and equipment and other costs related to the consolidations. Affected premises will be marketed for sale. The carrying value of affected premises (totaling approx. \$7.5 million) is under evaluation to determine if any impairment is necessary at this time. 8

Non-GAAP Reconciliation Non-GAAP Reconciliation: Core Net Interest Margin This presentation contains certain financial information determined by methods other than in accordance with accounting principles generally accepted in the United States (“GAAP”). These non-GAAP financial measures include core net interest income and core net interest margin. We calculate core net interest income and core net interest margin by subtracting the impact of adjustments regarding changes in expected cash flows related to our pools of loans we acquired through FDIC-assisted transactions from reported net interest income and net interest margin. Management believes that the core net interest income and core net interest margin are useful in assessing the Company’s core performance and trends, in light of the fluctuations that can occur related to updated estimates of the fair value of the loan pools acquired in the 2009, 2011, 2012 and 2014 FDIC-assisted transactions. These non-GAAP financial measures are supplemental and are not a substitute for any analysis based on GAAP financial measures. Because not all companies use the same calculation of non-GAAP measures, this presentation may not be comparable to other similarly titled measures as calculated by other companies.
