**Section 2 □ Financial Information**

**Item 2.06 Material Impairments**

Public Service Enterprise Group Incorporated (PSEG) announced today that its subsidiary, PSEG Power LLC (Power), has reached agreement to sell its Lawrenceburg Energy Center located in Lawrenceburg, Indiana, to AEP Generating Company, a subsidiary of American Electric Power Company, Inc. (AEP). The facility is a 1,096-megawatt, gas-fired combined cycle electric generating plant that entered commercial operation in the summer of 2004.

The sale price for the facility and inventory is \$325 million. The proceeds, together with anticipated reduction in tax liability, will be approximately \$425 million and will be used to retire debt. PSEG and Power have determined that as of the date of this report, the transaction will result in an after-tax charge to PSEG and Power earnings of approximately \$210 million, or about \$0.83 cents per share of PSEG common stock and will be reflected as a charge to discontinued operations in the fourth quarter of 2006.

The sale is subject to approval by the Federal Energy Regulatory Commission, the U.S. Securities and Exchange Commission, compliance with the Hart Scott Rodino act, and may also require certain state regulatory approvals in Indiana. It is anticipated that the transaction will close in the second quarter of 2007.
